

Childcare Management

The Accelerated Bachelor of Science in Childcare Management

This program is designed to teach you the administrative skills needed to manage a day care center. It will prepare you to work with children, creating and maintaining a healthful, safe learning environment. The learning process will help to foster your intellectual, social, and emotional development while it enhances your ability to communicate effectively with parents and the community. This program can also prepare you for graduate studies in the field of education.

In addition to your core Liberal Arts requirements, 57 credits are required in the major. This program by itself does not fulfill the requirements for any state teaching certification.

The following courses are major requirements:

- Psychology of Child Development
- Designing an Early Childhood Environment I
- Designing an Early Childhood Environment II
- Administration of Children's Programs
- Early Literacy
- Introduction to Special Education
- Family, School and Community
- Principles of Management
- Principles of Marketing
- Human Resources Management
- Math for Business I
- Principles of Microeconomics
- Financial Accounting
- Financial Management
- Supervised Practicum
- Senior Seminar

Any three (3) of the following courses are required as major electives:

- Child Advocacy and U.S. Policy
- Educational Psychology
- Foundations of Education
- Grant Writing
- Introduction to Psychology
- Introduction to Human Services
- Managing for Non-Profit Organizations
- Principles of Macroeconomics
- Special Topics

Get Ahead. Faster.

The Chestnut Hill College ACCELERATED Degree Program is designed specifically for the adult learner. It provides a holistic approach to education that balances the insights of the liberal arts tradition with the practical challenges of today's world. Most importantly, we offer a learning experience that's geared to the real-life career goals of our students. ACCELERATED has more adult degree programs than any other college in the region. And each one of our programs is a path to a future of promise and opportunity.

The Learning Experience

The ACCELERATED Degree Program is conducted on the beautifully landscaped campus of Chestnut Hill College. We provide state-of-the-art learning facilities. Computers with Internet access are available in the computer labs and in the Logue Library, and most classrooms have computer hookups and Internet connections.

Transferring Credit

Students can transfer up to 75 credits from another accredited college or university. Our experiential Portfolio Assessment service can also help you earn credits for on-the-job experience and training programs.

Career Services

In addition to job search assistance, Internship programs are available for students who are changing careers. Supervised and facilitated by the Coordinator of Experiential Learning these programs offer valuable real-world experience. Many students are frequently hired upon completion of their internship.

Study Tours

ACCELERATED students can earn six credits by traveling abroad or within the U.S. on study tours. Foreign tours to London, Paris, Russia, Italy, or Ireland last 7 to 10 days. They provide a valuable opportunity to socialize with other adult students and see the world—while earning college credits at the same time.

Our local and regional study tours include interdisciplinary classes that introduce you to the theater and arts in the Philadelphia, New York, and Washington, D.C. areas.
