

Human Resources Management

The Accelerated Bachelor of Science in Human Resources Management

This program teaches you how companies and organizations can achieve success through strategically managing human resources functions. The curriculum presents current issues and practices that focus on state-of-the-art human resources management, organizational research, and staff training and development. You will build the skills and competencies necessary to pursue and advance your HR career as well as prepare yourself for graduate studies in business.

In addition to your core Liberal Arts requirements, 54 credits are required in the major.

The following courses are major requirements:

- Principles of Management
- Principles of Marketing
- Principles of Microeconomics
- Math for Business I
- Probability and Statistics
- Financial Accounting
- Managerial Accounting
- Financial Management
- Legal Environment of Business
- Psychology of Leadership
- Human Resources Management
- Employee Training and Development
- Compensation Benefits
- Employer Relations
- Senior Seminar

Any three (3) of the following courses are required as major electives:

- Principles of Macroeconomics
- Diversity Issues
- Business Writing and Communications
- Risk and Insurance
- Government and Business
- Special Topics
- Internship

Get Ahead. Faster.

The Chestnut Hill College ACCELERATED Degree Program is designed specifically for the adult learner. It provides a holistic approach to education that balances the insights of the liberal arts tradition with the practical challenges of today's world. Most importantly, we offer a learning experience that's geared to the real-life career goals of our students. ACCELERATED has more adult degree programs than any other college in the region. And each one of our programs is a path to a future of promise and opportunity.

The Learning Experience

The ACCELERATED Degree Program is conducted on the beautifully landscaped campus of Chestnut Hill College. We provide state-of-the-art learning facilities. Computers with Internet access are available in the computer labs and in the Logue Library, and most classrooms have computer hookups and Internet connections.

Transferring Credit

Students can transfer up to 75 credits from another accredited college or university. Our experiential Portfolio Assessment service can also help you earn credits for on-the-job experience and training programs.

Career Services

In addition to job search assistance, Internship programs are available for students who are changing careers. Supervised and facilitated by the Coordinator of Experiential Learning these programs offer valuable real-world experience. Many students are frequently hired upon completion of their internship.

Study Tours

ACCELERATED students can earn six credits by traveling abroad or within the U.S. on study tours. Foreign tours to London, Paris, Russia, Italy, or Ireland last 7 to 10 days. They provide a valuable opportunity to socialize with other adult students and see the world—while earning college credits at the same time.

Our local and regional study tours include interdisciplinary classes that introduce you to the theater and arts in the Philadelphia, New York, and Washington, D.C. areas.
