2017-2018 Total & Permanent Disability Discharge Statement

Your Free Application for Federal Student Aid (FAFSA) has indicated that you have received Total and Permanent Disability (TPD) discharge, you have applied for TPD discharge, or you will be applying for TPD Discharge. If a student receives a Title IV loan or TEACH Grant, it may affect the student's eligibility for discharge or may cause the student's loan or grant obligation to be reinstated. If the student has already received a TPD discharge, there are additional student eligibility criteria that the student must meet before receiving additional Title IV loans or TEACH Grants. Please carefully read the information below.

- If you have applied for or are in the process of applying for a TPD discharge, but the application has neither been approved nor rejected, any disbursements of a Title IV loan or TEACH Grant that are made may cause your application for TPD discharge to be suspended until the disbursement is returned or may cause your TPD application to be rejected. Please contact your TPD Servicer specifically for more information on how this will impact your ability to receive Title IV loan or TEACH Grant funding.
- If you have received a TPD discharge, you are not eligible to receive further Title IV loans or TEACH Grants unless you provide:
 1. A statement from your physician certifying that you are able to engage in substantial gainful activity.
 2. A statement acknowledging that the new Title IV loan or TEACH Grant service obligation cannot be discharged in the future on the basis of any impairment present when the new loan or TEACH Grant is made, unless that impairment substantially deteriorates so you are once again totally and permanently disabled. (Please see below.)
- This requirement applies to all students who received a TPD discharge, regardless of whether they were subject to a post-discharge monitoring period (see below) or whether they have completed their post-discharge monitoring period (if any).

If you have been granted a TPD discharge and the discharge was granted on the basis of a physician's certification or documentation from the Social Security Administration, the student is subject to a post-discharge monitoring period that starts on the date that the Department granted the discharge. During this period, the receipt of a new Title IV loan or TEACH Grant or a subsequent disbursement of a Title IV loan or TEACH Grant that was initially received prior to the date that the Department granted discharge may cause the student's obligation to repay the Title IV loan or fulfill the TEACH Grant service obligation to be reinstated. Note that if you received a TPD discharge on the basis of documentation from the Veterans Administration (VA), that it is not subject to a post-discharge monitoring period. Contact the TPD Servicer for specific information on the status of your TPD discharge. You may contact the Department's TPD Servicer, from 8:00 a.m. -8:00 p.m. (ET), Monday through Sunday, using the information below:

Nelnet, U.S. Department of Education,
P.O Box 87130
