Mission
Chestnut Hill College, an inclusive Catholic community rooted in and animated by the Mission of the Sisters of Saint Joseph, is committed to transformative holistic education, just relationships, innovative thinking and responsible action toward a more unified global society and sustainable Earth.

Grounded in our strong liberal arts tradition and attentive to the need for informed professional education, Chestnut Hill College, founded in 1924, offers academic degree programs of excellence in undergraduate, graduate, and continuing studies.

Faithful to our Catholic heritage and intellectual tradition, Chestnut Hill College espouses the beliefs and values inherent to the Abrahamic faith traditions, and welcomes and respects the contributions made by our faiths in the development of the whole person. We nurture integrity, spirituality, and dedication to justice in and for all. We value and commit to engage in the work of diversity, equity, and inclusion.

Approved by the Chestnut Hill College Board of Directors March 15, 2021
Core Values

We Value Personal and Professional Growth throughout the Community.
We Strive to Live This Value by:
- maintaining a lively forum for intellectual and artistic pursuits on campus;
- promoting intellectual sharing and development through inter-disciplinary programs and the encouragement of mentoring relationships;
- exploring avenues for growth and learning outside the campus boundaries.

We Value Academic Excellence.
We Strive to Live This Value by:
- offering a rigorous and challenging academic program with a global emphasis;
- expecting students to take active responsibility for their education;
- fostering close student-teacher bonds;
- ongoing assessment of academic programs.

We Value Ethical Principles.
We Strive to Live This Value by:
- including ethics across the curriculum;
- practicing fairness to all;
- living according to ethical standards and codes of behavior;
- addressing appropriately breaches of ethical standards.

We Value Catholic Intellectual Tradition, History, and Legacy.
We Strive to Live This Value by:
- keeping alive the mission and charisma of the Sisters of Saint Joseph*;
- offering sacramental preparation through campus ministry;
- providing opportunities to participate in Catholic liturgy;
- inviting dialogue on issues pertaining to human dignity, social, and economic justice, and stewardship of the environment;
- promoting on-going interpretations of core theological values and contemporary needs.

We Value Spirituality.
We Strive to Live This Value by:
- embracing the ideal of spiritual growth and expression;
- exploring the spiritual domain of human existence and integrating this into the totality of our experience;
- seeking to explore and to understand the world's religious traditions.

We Value Service.
We Strive to Live This Value by:
- fostering an attitude of generosity in service;
- providing opportunities for experiential and holistic community service on campus and in the broader community.

We Value Concern for the Earth.
We Strive to Live This Value by:
- keeping informed and educated about environmental issues;
- being mindful of the impact that we, as individuals and as a community, have on the environment;
- continuing to work to preserve and enhance the natural environment of the campus;
- accepting our responsibility as stewards of the earth and its resources.

We Value Holistic Pursuit of Truth, Integrity, and Justice.
We Strive to Live This Value by:
- reflecting these virtues in our everyday lives;
- applying these virtues as guides to our decision-making individually and as a community.

We Value Inclusive Community.
We Strive to Live This Value by:
- affirming human dignity as an absolute value;
- celebrating one another's potential and achievements, both great and small;
- fostering a friendly and open atmosphere, where all are welcome;
- exhibiting respect for all members of the global community.

*We live and work so that all people may be united with God and with one another. The mission of unity rests on the charism of reconciliation.
Student Learning Outcomes
In the spirit of our Mission and Core Values, and with a commitment to lifelong learning, the Chestnut Hill College community has adopted these learning outcomes to promote, guide, and assess learning in all the College’s programs. Believing, as did our founder Sister Maria Kostka Logue, that our students are “here to learn to make a living because [they] must, but [they] are here to learn to live,” we set forth these outcomes as standards in all academic and co-curricular areas.

Information Literacy: Students will demonstrate the ability to know when there is a need for information and to access, organize, interpret, evaluate and utilize information from a variety of sources in an ethically appropriate manner.

Communication: Students will demonstrate clear and effective communication in a variety of modes and styles in and out of the classroom, specifically the ability to read, write, speak, listen and employ various media effectively, and use quantitative data to communicate. Students will be encouraged to use critical and creative forms of expression.

Critical and Creative Inquiry: Students will demonstrate an understanding of and an ability to use critical analysis to develop innovative and imaginative methods of inquiry and problem-solving. Students will be encouraged to use critical thinking skills as a guide to multiple modes of inquiry, challenging conventional wisdom and stereotypes.

Leadership and Collaboration: Students will demonstrate the ability to communicate, cooperate, and collaborate in a range of situations, such as goal-setting, team building, leadership development, and group facilitation.

Integrative Learning: Students will demonstrate the ability to transform information and experience into knowledge and knowledge into judgment resulting in action. Students will be encouraged to make connections within and among academic disciplines, co-curricular activities, and pursuits beyond the campus boundaries.

Civic Engagement: Students will demonstrate knowledge of societal issues in the analysis of contemporary and historical challenges. Students will be provided with opportunities to engage issues of social justice, to serve with and for others, to engage in reflection and to participate in their roles as citizens in local and global contexts.

Ethical Reasoning: Students will be provided with opportunities to develop ethical awareness of societal issues, to exercise moral, intellectual, and personal responsibility, and to recognize that ethical decision making and reflection on various consequences are the elements of an ongoing discernment process. Students will demonstrate ethical reasoning skills based on critical analysis that is grounded in reason and governed by diverse values.

Knowledge of Self and Others: Students will be provided with opportunities to reflect on their strengths, explore their assumptions, develop their athletic/physical potential and foster an understanding of their complex identities (connecting habits of mind, heart, and body). They will be encouraged to explore a diversity of individuals, groups, and cultures so that they may grow in empathy and respect for the values of others. Students will demonstrate knowledge of the breadth of human diversity as well as the ability to examine and challenge their own beliefs when confronted with the views of others.

Intentional Learning: Students will be provided with opportunities to cultivate intellectual agility and creativity, purposeful learning, self-assessment, health awareness, self-confidence, and the ability to manage change. Students will be encouraged to continue lifelong holistic development personally, professionally, aesthetically, and physically through self-reflection, feedback from others, and new learning experiences.

Spiritual Growth: Students will be guided to explore their own spiritual tradition, to understand the commitment involved in the practice of a faith, to engage in the common search for wisdom and to appreciate their place and role in a context larger than themselves. They will be encouraged to explore the meaning of a spiritual perspective on life, including an understanding of how this perspective shapes and guides decisions. They will be provided with opportunities to gain knowledge of world religions, to experience inclusive Catholic tradition, and to absorb the legacy of the Sisters of St. Joseph, all within the context of the diversity of human beliefs.

Ratified by the Chestnut Hill College Community in 2010.
Academic Integrity Policy

Academic integrity, which is essential to the mission of Chestnut Hill College, consists of responsibility and honesty in the fulfillment of academic duties and is vital to the College community of scholars. Academic integrity promotes trust, mutual respect, cooperation, and the advancement of learning. Academic integrity requires:

- Careful and thorough preparation for courses, including reading, completion of assignments, finding required background material, and reflecting on relevant issues.
- Regular and prompt attendance for the entire course session unless there is a serious reason for absence.
- Effort to maintain careful and focused attention during class.
- Participation in course discussion by both speaking and listening.
- Consistent attendance at lectures, events, study groups, and/or conferences with the Instructor, as required or suggested by the Instructor.
- Asking questions and seeking appropriate assistance from peers, academic support staff, and Instructors, as needed.
- Respect for Instructors and students.
- Careful and thorough preparation for and complete honesty in fulfilling assignments, writing papers, citing sources, and taking tests and examinations.
- Speaking to any student observed in violation of academic integrity, to discourage such violation. If this is not successful, reporting the violation to the instructor.

Cheating and Plagiarism

Cheating and plagiarism destroy the trust and mutual respect that are essential to a community of learning. These behaviors violate the deepest convictions of the College community and are infractions of Academic Integrity.

The following acts are examples of cheating, though the list is not exhaustive:

- Using material or data not specifically allowed by the Instructor during the taking of an examination, test or quiz, such as:
  - material written by another student with or without his or her knowledge
  - cheat sheets whether on paper or electronic
  - textbooks and/or notes
  - unauthorized use of calculators, phones, watches or any other unauthorized aid.
- Collaborating during an in-class or on-line examination, test or quiz, either in the giving or receiving of information or improper collaboration.
- Using textbooks, materials or assistance outside the directions of the Instructor on a take-home examination or laboratory report.
- Stealing, using or transmitting verbally, electronically, or otherwise, examinations, tests, quizzes or portions thereof, or other likewise confidential information before or during the time of the exam.
- Stealing, receiving, or transmitting verbally, electronically, or otherwise, assignments to/from other students.
- Submitting for a grade in one course any material previously or simultaneously submitted for a grade in another course without documented authorization from both Instructors.
- Substituting for another student or permitting any other person to substitute for oneself to take a test or examination.
- Falsifying laboratory or research data or results.
- Falsifying or inventing bibliographical entries.
- Withholding knowledge of cheating or plagiarism.
- Knowingly participating in another student’s act of cheating or plagiarism.
- Willfully committing, aiding, or abetting any act of cheating.

Plagiarism is defined as the submission of work (written work, art work, musical composition, oral presentation, software program, experimental design, etc.) that incorporates ideas from another individual (student, teacher, author, etc.) and presents these ideas as one’s own without adequate acknowledgement of the source.

The following acts will be deemed acts of plagiarism, though this list is not exhaustive:

- Presenting published or unpublished work prepared by others, or dictated by others, as one's own, including papers purchased or borrowed from any person or organization.
• Presenting, as one’s own, reports, assignments, or exercises copied from or dictated by others.

• Incorporating formal lecture notes, on-line course material, or information from textbooks into one’s own work without acknowledgement and thus presenting them as original.

• Presenting, as one’s own, computer solutions, multi-media projects, or computer programs developed by someone else.

• Copying multimedia objects (videos, audio files, animations, presentations, websites, blogs, wikis, discussion posts, e-publications, e-portfolios, etc.) without appropriate citation, and presenting this as one’s own original work.

• Copying the ideas and/or language of any other person or persons, without appropriate citation or acknowledgement, and presenting this as one’s own original work.

• Willfully committing, aiding or abetting any act of plagiarism.

Penalties
Instructors are responsible for determining when a violation of academic integrity has occurred, as well as for reporting and providing penalties for this violation. Because consequences may differ when multiple infractions have occurred, all violations must be reported to the Dean of the School of Undergraduate Studies. The Dean’s Office is responsible for keeping track of the number of times a student is reported. Penalty levels:

- A: Remediation/written warning
- B: Assignment of additional work
- C: No credit for the test or assignment
- D: Failure of the course
- E: Suspension from participating in optional College activities such as SGA, athletics, honor societies and programs, etc.
- F: Dismissal from the College

An Instructor may impose any of the penalties A through D at his/her discretion; however, the Instructor should first check with the Dean to determine whether the student has previous infractions of Academic Integrity. When imposing a penalty, the Instructor must complete the Violation of Academic Integrity Form, available in the Office of the Dean.

Penalty E is enacted by the Dean of the School of Undergraduate Studies when the violation is severe or when the student has multiple infractions. Penalty F can only be enacted by the President in consultation with the Dean. Even a first offense, if severe, may incur these penalties. No student held responsible for violations of Academic Integrity during a given semester or academic year will be eligible for inclusion on the Dean’s list.

Students found responsible for an academic integrity violation may lose other honors.

Appeals
A student reported to the Dean of the School of Undergraduate Studies for a violation of Academic Integrity may appeal the charge according to the following procedure:

- Academic Integrity cases should first be addressed between the faculty member and the student in an effort to reconcile their differences. If the faculty member determines that a violation of Academic Integrity has occurred, he or she will complete the appropriate form and submit the form to the Dean.

- If the student disagrees with the charge, he or she will have three weeks from receipt of notification to present an appeal in a signed letter to the Dean. It is the charge that is in question, not the penalty. All participants in the hearing must have three working days’ notice of the hearing.

- The Appeals Board for the School of Undergraduate Studies will be composed of four members: the Chair of the Academic Standards Committee, the SGA Vice-President for Academic Affairs or another student appointed by the Dean, one other faculty member appointed ad hoc by the Dean, and the Dean of the School of Undergraduate Studies. If either the Chair of the Academic Standards Committee or the student representative has a conflict of interest, the Dean will appoint a replacement. The first three members are voting members. The Dean will moderate the discussion but will not vote.

- If the case is brought to the Appeals Board, both student and faculty member will submit relevant evidence (including a list of witnesses) to the office of the Dean three working days before the hearing. If more than one student is involved, each will have a separate hearing. No attorneys or parents/guardians are to be present at this hearing. Only individuals approved by the Dean may be present at the hearing.

- The Appeals Board will pronounce on the charge, not the penalty. If the student is found innocent, the sanction is lifted. Otherwise it remains as imposed. The decision of the Board is final. The Dean will communicate the decision to the student within ten working days of the hearing.
Accreditation and Memberships
Chestnut Hill College holds institutional accreditation by the Commission on Higher Education of the Middle States Association of Colleges and Schools, 3624 Market Street, Philadelphia, PA 19104; Telephone: 267.284.3000. Accreditation was reaffirmed on June 27, 2013. Institutional accreditation does not imply specialized accreditation of the programs offered.

Admissions
Chestnut Hill College welcomes students of all ages whose aptitudes and academic records demonstrate the ability and motivation to accept an academic challenge and who give promise of making a positive contribution to the College community. Students are challenged by high academic standards and supported by rich resources, excellent facilities, and dedicated faculty to achieve personal goals. Graduates are well prepared to successfully enter a competitive job market or distinguished graduate program. Chestnut Hill College reserves the right to refuse admission or require the withdrawal of admission for any reason deemed sufficient to the College. Denial of admission to the School of Undergraduate Studies may be deemed denial of admission to the School of Continuing and Professional Studies.

Non-Discrimination Statement
Chestnut Hill College does not discriminate on the basis of race, color, sex, age, religion, national origin, or disability in any admissions, education program, activities or employment practices. This policy is in accordance with state and federal laws, including Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990.

Community Standards Review Committee
The safety of all members of the College community is of utmost importance; therefore, the purpose of this committee is to review admissions applications from students applying to the School of Undergraduate Studies who have confirmed/self-identified disciplinary/criminal backgrounds. This committee reviews any reported behaviors involving, but not limited to: violence with or without a weapon, sexual offenses, drug and/or alcohol incidents, sexual/racial harassment, intimidation, theft, vandalism, suspensions/dismissals, hate crime, and intellectual dishonesty. The committee has the right to request additional information. The failure to provide the information requested will be deemed a withdrawal of the application.

Admission Options

Early Decision is an option available for students with strong qualifications who have selected Chestnut Hill College as their first choice. Candidates for Early Decision may initiate applications to other colleges, but if accepted under Early Decision, a candidate must withdraw all other college applications and may not make any further applications. Offers of admission are made with the understanding that the high school record continues to be of high quality throughout the Senior year. The deadline for applying for early decision is December 15th of any year.

Regular Decision is designed for students who wish to keep open several college options during the application process. Candidates may apply at any time, but it is recommended that applications be submitted as soon as possible after the completion of the Junior year, and not later than January 15th, for priority consideration. Students who wish to enter for the spring semester should have application materials completed no later than December 15th.

Early Admission is an option for a student judged to be ready for college after his/her Junior year of high school. The candidate must be mature, exceptionally academically prepared, recommended by his/her high school counselor and have the approval of his/her principal. Successful candidates are classified as first-year students and use the regular admission procedures. An admission interview is required of all early admission applicants.

First-Time College Freshman Application Process
Each year, the School of Undergraduate Studies enrolls a first-year class of motivated, diverse students whose records show academic achievement, intellectual curiosity, and potential for growth. We recommend that a student prepare for Chestnut Hill College by taking the strongest course of study offered by his/her high school. Specifically, this should include the following:

- four years of English composition and literature
- four years of social science/history
- three years of science
- three years of mathematics
- two years of a foreign language

Chestnut Hill College will accept college-level course work completed prior to matriculation provided the relevant courses were completed successfully at an accredited college or university.

Credit may also be given for performance on Advanced Placement examinations and completed International Baccalaureate Diplomas.

Application
Application for admission should be made after the completion of the Junior year of high school. Chestnut Hill College subscribes to a rolling admissions policy that strives to notify the applicant of the Admissions Committee's decision within two weeks after a complete application is received. The following credentials are required or preferred for a complete basic application:

- Completed Chestnut Hill College Application or Common Application
- Score results from the Scholastic Aptitude Test (SAT I) or American College Test (ACT) (Optional)
- Official high school transcript(s)
- An essay/personal statement and letter(s) of recommendation are optional but strongly recommended. The Admissions Committee reserves the right to request additional documentation and/or a personal interview with a member of the Admissions staff.
Transfer Students Application Process
Chestnut Hill College welcomes transfer students and maintains articulation and/or course equivalency agreements with several two-year institutions. Students who have completed an associate's degree at an accredited institution may be eligible, depending on their GPA and anticipated major, for admission to Chestnut Hill College and Junior status.

Students who transfer will have their transcripts evaluated on a course-by-course basis. A Career/Cumulative GPA of 2.00 or higher is required to be considered for acceptance to Chestnut Hill College. At least 45 credits must be earned at Chestnut Hill College to be awarded a degree.

Transfer applicants must submit the following credentials to be considered for admission:
- Completed Chestnut Hill College Application (preferred) or Common Application
- Official transcript(s) from all colleges previously attended

If fewer than 24 college credits have been completed the application must also include:
- Official high school transcript(s)
- Score results from the Scholastic Aptitude Test (SAT I) or American College Test (ACT)

Transfer Credit Information
Regardless of the number of credits transferred to the College, students must earn a minimum of 45 academic credits in residence at Chestnut Hill College and a minimum of 120 career academic credits in order to be awarded a degree. Students must also meet all applicable Core and Major Requirements as outlined in this catalog, which may require them to complete more than 45 academic credits in residence and more than the 120 total number of academic credits.

In order for a course to be accepted in transfer, it must meet the following criteria:
- Course completed at a regionally accredited college or university,
- student earned a grade of C (2.0) or better, *
- the Office of Admissions has received official transcripts from all colleges/universities attended and,
- the course was completed within 10 years prior to Chestnut Hill College admission or readmission. †

All courses to be accepted in transfer will be evaluated by the Office of the Registrar prior to registration and decisions regarding transfer course evaluations, including Chestnut Hill College equivalencies, are final. Please contact the Office of the Registrar to report courses that may be eligible and to confirm that a final, official copy of all transcripts and/or score reports have been received. No credit will be given for any course or exam unless all official transcripts and/or score reports are received. All courses accepted in transfer are recorded on the student’s Academic Transcript with a grade of TR.

Transfer credits may not be earned during the Fall and Spring semesters by matriculated students. Although transfer credits are added to the total number of credits earned, they are not included in the student’s Career GPA unless they are earned at LaSalle University or at a SEPCHE institution during the Fall or Spring semesters. Summer courses taken at La Salle University or at SEPCHE institutions are recorded with a grade of TR.

Courses completed at non-regionally accredited institutions, and which have not been evaluated by ACE are subject to the following conditions:
- A sub-committee of the Articulation Committee, composed of the faculty members and a representative of the Registrar's Office, will determine whether or not the course is on the required level for college credit.
- The appropriate program will then determine the equivalency and applicability of the course for its program, or its qualification as a free elective.
- If the course does not belong in any Chestnut Hill College program, the committee will make the final decision.

Credits earned while studying abroad are not included in the Career GPA except when part of an official program sponsored by the College. See the Study Abroad section for details.

To be considered for transfer evaluation, college level academic coursework completed outside of the United States and not completed as part of an approved study abroad experience must be evaluated by an educational credential evaluation service that is a member of the National Association of Credential Evaluation Services (NACES). For a list of current NACES members, visit http://www.naces.org/members.htm.

A maximum of 15 credits accepted in transfer may come from Challenge Exams and/or the College-Level Examination Program (CLEP)

In order for AP, Challenge or CLEP credit to be accepted in transfer, it must meet the following criteria:
- the grade/score received meets the program's guidelines, and
- an official score report has been received by the Office of the Registrar (if applicable.)
Transfer Articulation Agreements
Chestnut Hill College has curricular and transfer partnerships with several two-year institutions, including but not limited to the Community College of Philadelphia, Delaware County Community College, Manor College, Montgomery County Community College, Bucks County Community College, and Harcum College. Contact the Office of Admissions for information on transfer partnerships, and for detailed information about dual admissions, Core-to-Core transfer opportunities, and transfer scholarships. Telephone: 800.248.0052 (out-of-state) 215.248.7001 (in Pennsylvania.) Email: chcapply@chc.edu.

Placement Testing
All incoming transfer students must take a Mathematics Placement Test administered by the Mathematics Program. Results of this test determine where a student places in the Mathematics course progression. A Foreign Language placement interview is also available. All prospective Music majors complete a Theory Placement Test at the time of their auditions; this test determines the theory course(s) required.

Transfer of Mathematics Courses
Although all incoming students take a Mathematics Placement test, the Mathematics Program has identified certain courses that meet the Graduation requirement when accepted in transfer:

- MATH-115: Understanding/Quantitative World
- MATH-121: Precalculus I
- MATH-122: Precalculus II
- MATH-202: Math for Management II/Applied Calculus
- MATH-203: Analytic Geometry and Calculus I
- MATH-204: Analytic Geometry and Calculus II
- MATH-211: Calculus and Modern Analysis I
- MATH-212: Calculus and Modern Analysis II

Transferred courses equivalent to those not on this list do not meet the Graduation requirement and will be brought in as Elective credit. Students transferring mathematics courses not on the list who do not successfully complete the Proficiency Test will need to register for appropriate mathematics course(s) to fulfill the Graduation requirement (see Core Curriculum section.) A representative from the Office of the Registrar will evaluate all transferred courses and, if necessary, will assist the student with registration for mathematics courses at the College.

International Student Application Process
Chestnut Hill College welcomes applications from qualified international students. International students must satisfy all admissions requirements and procedures, should submit a complete set of academic credentials in English translation, must hold the equivalent of a U.S. high school diploma, and must demonstrate proficiency in the English language. Chestnut Hill College requires students who have not taken the SAT or ACT to submit results from either the Test of English as a Foreign Language (TOEFL), the International English Language Testing System (IELTS), or Advanced Language Certification from one of our ESL partners. An affidavit of financial responsibility and enrollment deposit must be submitted to secure an I-20 form.

Returning to the College

After an Approved Leave of Absence
Office of the Registrar
St. Joseph Hall, 3rd Floor East Wing.
Telephone: 215.248.7005. Fax: 215.242.7714. Email: registrar@chc.edu.
Students returning to the College following an approved Leave of Absence of one- or two-semesters should contact the Office of the Registrar for reinstatement. Students may schedule a return to the College at any time; however, they must adhere to the Academic Calendar's deadline for Adding Courses. Students returning to the College following Active Military Service should contact the Office of the Registrar for more assistance.

After an Unapproved Absence or After More than One Year
Office of Admissions
Telephone: 215.248.7007. Fax: 215.248.7082. Email: chcapply@chc.edu
Students returning to the College following an unapproved absence, or after an approved Leave of Absence has expired, must submit the following to be considered for readmission:

- Completed Chestnut Hill College Application
- Official transcript(s) from all institutions attended

Readmission is not guaranteed. Candidates may reapply at any time, but it is recommended that students desiring to be readmitted follow the standard application deadlines. Readmitted students must adhere to the Academic Calendar's deadline for Adding/Dropping Courses.
**Military Students**
Chestnut Hill College limits academic residency requirements for active-duty service members (including full-time active-duty Reservists and National Guardsmen) to no more than twenty-five percent of the degree requirements for all undergraduate degrees. Academic residency can be completed at any time while active-duty service members are enrolled.

**Academic Amnesty Policy**
Undergraduate students who have been readmitted may petition the Dean of the School of Undergraduate Studies for Academic Amnesty if they have been away from Chestnut Hill College for a minimum of four consecutive years. If Academic Amnesty is granted, the Office of the Registrar will update all courses taken prior to readmission to remove their grades from the Career Grade Point Average calculation (CGPA). This resets the CGPA to 0.00; only grades earned following readmission will comprise the CGPA.

The courses updated for Academic Amnesty and their respective grades remain on the academic transcript with a # notation indicating they are not included in the CGPA. The Term GPA is not affected. Readmitted/Academic Amnesty is indicated on the transcript in the readmission semester. Once granted, Academic Amnesty cannot be reversed. Students may be granted Academic Amnesty only once in their Chestnut Hill College undergraduate career.

Students granted Academic Amnesty must complete a minimum of 45 additional credits at the College and must meet all academic requirements and obligations indicated in the catalog from the year of readmission. Courses over 10 years old, as well as courses no longer offered, will be evaluated by the program for application in the current programs.

**Taking Courses as a Non-Matriculated Student**
A non-matriculated student is one who is not actively working towards completion of a degree or certificate at the College. Registration as a non-matriculated student neither implies nor guarantees official admissions acceptance to the College when approved to register for a course, or at any time in the future, regardless of the number of credits earned at the College.

Students may be permitted to take courses in the School of Undergraduate Studies on a non-matriculating basis if the course is open for registration and they have met any/all pre-requisite requirements, which may require the submission of an official transcript indicating prior coursework and/or the completion of a Placement test at the College.

Non-matriculated students are responsible for all course-associated financial obligations to the College including any applicable fees. Non-matriculated students must comply with the information that appears on the academic calendar including deadlines for Adding or Dropping and Withdrawing.

All student-related policies as described in the Academic Catalog and the Student Handbook are applicable to non-matriculated students. Non-matriculated students will be issued a College photo ID card and an @chc email address and are subject to all relevant ID and email policies.

Non-matriculated students will be issued an appropriate grade for the course according to the grading scale indicated in the course description – Letter grade or Pass/Fail only. Students choosing to audit a course will receive a grade of AU; however, no credit will be awarded for the course. Audited courses are billed at the same rates as courses taken to earn credit.

If the credits earned at the College are to be transferred to another institution, the student is responsible for checking to ensure the course or courses meet that institution’s requirements before requesting to be registered. In addition, the student must request an official transcript be sent to the home institution by completing the Transcript Request Form available online at www.chc.edu/registrar. There is a fee associated with that service.

Interested students should complete the Non-matriculated Student Registration Form available at www.chc.edu/registrar, or in the Office of the Registrar, 3rd Floor St. Joseph Hall. Students under the age of 18 must have a parent or legal guardian sign the Registration Form. Completed forms may be mailed or faxed to Michael Reig, Registrar, in the Office of the Registrar. Telephone: 215.248.7005. Fax: 215.242.7714.
Financial Information

Enrollment Deposit
When accepted to the College, students are required to make an enrollment deposit. The enrollment deposit reserves the student’s place for the upcoming year. Enrollment deposits will be refunded if the student notifies the Admissions Office in writing by May 1st that he/she intends to withdraw from the College; after May 1st, the deposit is non-refundable. The enrollment deposit is applied to the student’s account during the first semester of enrollment.

Students planning to attend full-time must submit a $300 enrollment deposit; part-time students must submit a $35 enrollment deposit. Full-time students planning to reside in Chestnut Hill College’s residence halls are required to send an additional $200 non-refundable room reservation deposit.

Tuition for the Standard Academic Year
A Standard Academic Year spans two semesters, beginning with the first day of Fall semester and ending the last day of the Spring semester, and includes a minimum of 30 weeks of instruction. Therefore, the 2020-2021 Standard Academic Year begins on August 31, 2020 and ends May 3, 2021. The tuition amount is uniform for all students in the School of Undergraduate Studies, regardless of the major or minor pursued.

Full-Time Tuition
A student is full-time if he/she is enrolled for 12 or more credit hours for the semester. The full-time tuition charge remains the same for all full-time students enrolled up to 18 academic* credits.

- $37,950 annually
- $18,975 per semester

A student enrolled in 19 or more academic credit hours during a semester will be assessed an additional charge of $775 for each credit hour over 18. Please note: There are courses designated Non-Academic that count only for full-time status reporting but are not charged tuition. These courses are noted as such and credits earned do not count towards the minimum required for graduation.

Part-Time Tuition
A student is part-time if he/she is enrolled for fewer than 12 credit hours for the semester. There is no distinction between academic and Non-Academic courses for billing for part-time students; the per-credit hour rate is charged for each credit enrolled regardless.

- $775 per credit hour enrolled

Please note: There are courses designated Non-Academic that count only for full-time status reporting. These courses are noted as such and do not count towards graduation. For students enrolled as less than full-time, these courses are billed at the part-time rate.

Fees
Fees automatically applied to all part- and full-time School of Undergraduate Studies students each semester enrolled at the College:

- Activity Fee: $100 per semester
- Health Services Fee: $60 per semester

Course fees are included in the tuition rate; however, these optional fees are incurred if/when applicable:

- Private Music Lessons (MUSL courses): $520 per semester
- Challenge Exam: $225 per credit
- Portfolio Assessment: $225 per credit

Miscellaneous fees/costs incurred if/when applicable:

- Residential Housing: $9,800 to $12,000 per academic year
- Returned Check Fee: $35 per occurrence
- Late Payment Fee: 1.5% of balance (charged if semester bill is not paid by the payment due date)
- Late Payment for Deferred Plan Fee: $30 per occurrence
- Late Registration Fee: $65 per occurrence
- Enrollment in Monthly Payment Plan Fee: $85 per semester
- Withdrawal From Course(s) Fee: $30 per occurrence
- Matriculation/Orientation Fee: $480 (one-time fee)
- Residence Hall deposit for incoming students: $250 (one-time fee, non-refundable)
- Residence Hall Damage deposit: $250 (refundable if/when criteria are met)
Residential Living
The College’s four residence halls, each with a distinct personality, offer single-, double- and triple-bed rooms, as well as suites. Each student will have a standard twin bed, a desk with chair, a dresser and a closet or wardrobe. Each room is equipped with a phone jack with a campus extension. The halls are wireless so a laptop or PC is usable from most locations in the hall. Floors are tiled in Fontbonne and Fournier, Fitzsimmons Hall and SugarLoaf Lodge have carpeted floors.

Fontbonne Hall was built in 1961. It was named after Mother Saint John Fontbonne, who restored the Congregation of the Sisters of Saint Joseph in Lyon, France in 1808, after their dispersal during the French Revolution. Fontbonne Hall is a co-educational residence hall for first-year students. Rooms are mostly double occupancy with common hall bathrooms on each floor. A few single rooms are available.

Fournier Hall is named in honor of Mother Saint John Fournier, the foundress of the Philadelphia Congregation of the Sisters of Saint Joseph in 1847. It was originally the Mount Saint Joseph College, founded in 1928, and then became The College in 1938. Fournier Hall is a co-educational first-year and upper-class building. Transfer students are also housed here. There are many room options, including single rooms, double rooms and triples, as well as suited rooms (bedrooms connected by a bathroom).

Fitzsimmons Hall opened in the Fall of 2006. It is suite-style, with two bedrooms connected by a common room and bathroom. The first floor of Fitzsimmons Hall is a 24-hour student center, equipped with a recreation room and TV lounges. Fitzsimmons Hall is a co-educational upper-class building with four- and six-person suites.

SugarLoaf Lodge opened in the Fall of 2006. Recently renovated for student residency, this building is part of the SugarLoaf Hill Campus across Germantown Avenue. SugarLoaf Lodge is a co-educational building reserved for upper-class students, with double rooms each equipped with private bathrooms. The newly renovated Pool House at SugarLoaf contains a large TV lounge and pool table area for use by SugarLoaf residents.

Lincoln Woods Apartments are located across the street from the campus. The college leases several apartments for juniors and seniors in which to live. They are fully furnished and equipped with laundry. Students are responsible for their own internet. The room rate does not include a meal plan for LW residents.

Costs
Chestnut Hill College offers several options for residential living. All options, except Lincoln Woods Apartments, include a Board Plan of 19 meals or 14 meals per week during the academic year (excluding breaks, holidays, etc.). Prices vary by type of room and residence hall location and range from $9,800 to $12,000 per academic year.

Veterans’ Benefits/School Certifying Official (SCO)
Marie Scheetz, Associate Registrar – Fournier Hall, Room 124
Telephone: 215.248.7064. Email:scheetzm@chc.edu.

The Pennsylvania State Approving Agency has determined that Chestnut Hill College meets all of the criteria for approval for Veterans Education under the provisions of Title 38, United States Code, Section 3675.

The Post-9/11 GI Bill reimburses your tuition & fees to your school and makes housing and other payments directly to you. Chestnut Hill will receive a percentage, as determined by your length of active duty service.

Through Chestnut Hill’s Yellow Ribbon Program, fully qualified veterans/dependents can attend tuition free each year. The Department of Veterans Affairs (VA) matches dollar-for-dollar the contributions a participating institution (i.e. CHC) makes toward your costs (tuition, mandatory fees). Therefore, qualified college students can attend Chestnut Hill College for little to no cost. You must have 100% eligibility to qualify for the Yellow Ribbon Program. To be considered, qualifying students must be accepted for enrollment to a degree program or be currently enrolled in that degree program at the College as verified in the submitted Certificate of Eligibility provided by the College’s SCO. In lieu of a Certificate of Eligibility, students can currently print the eBenefits, page as proof of eligibility. In Vets.gov the user will be able to view and print a “Post-9/11 GI Bill Statement of Benefits.” This will contain the same information.

Questions about eligibility for the Post 9/11 GI Bill or the Yellow Ribbon Program should be addressed at either the local VA Regional Office or the Department of Veterans Affairs at www.gibill.va.gov.

Refund Policy
Full-time undergraduate students who officially withdraw from courses at the College (see Withdrawal Procedures in Academic Section) are eligible for refunds of tuition and room charges as indicated in the schedule below. Residential students must request approval for cancellation of their housing agreement. If approved, a $500 cancellation fee will be applied and only the portion of the residential living charge associated with board costs is refundable per the dates below. Fees, parking permit, health insurance and other charges are non-refundable after the first day of classes.

Gibill Statement of Benefits
Students who withdraw from the College may also have to return a portion of the Federal Financial (Title IV) Aid received. For purposes of calculating refunds, the calendar week begins as of the first scheduled class time of each session, and these exact dates are indicated on the Academic Calendar:

- Prior to the first day of classes: 100% refund
- Within the first calendar week: 80% refund
- Within the second calendar week: 60% refund
- Within the third calendar week: 40% refund
- Weeks thereafter: No refund

Part-time students who withdraw from an individual course after the drop/add date and full-time students who drop to part-time status by dropping or withdrawing from a course after the drop/add date will not be eligible for any refund.

There are no refunds for MONC-Montessori and other Professional Enrichment courses. Before registering for any of these courses, please contact the Student Accounts Office for details.
Students may make payments and receive information about their accounts at the Student Financial Services office. Chestnut Hill College accepts cash payments; checks; money orders; and Visa, MasterCard, American Express, and Discover.

### Student Financial Services
St. Joseph Hall, 1st floor, End of the Music Corridor
Telephone: 215.248.7116. Fax: 215.248.7703. Email: accounts@chc.edu

Students in this category cannot register for the following semester, participate in the residence hall room lottery, receive grades or transcripts and may be prevented from taking tests, attending classes or graduating. Students should contact Student Financial Services immediately if they have not met their financial obligation as agreed upon at the beginning of the semester.

### Payment Schedule and Mailing Address
By act of registration, the student accepts responsibility to pay the charge for the entire semester, regardless of the method or source of payment. In general, all monies due to Chestnut Hill College for a specific semester must be paid according to the following schedule:

- **Fall Semester:** August 1
- **Spring Semester:** January 2
- **Summer Semester:** Within seven (7) days of registration

All students who have not fully satisfied their tuition and fees by the stated due date, including those who have applied for financial aid which has not as yet been credited to their accounts, are asked to complete a Student Financial Responsibility Agreement. This agreement defines various payment options that may be used by the students to settle their full balances in a timely manner.

The College reserves the right to withhold registration, transcripts, diplomas and all other information regarding the record of any student who is in arrears in the payment of tuition, fees or any other amounts due to the College. A student may be prevented from reenrolling at the College for continued delinquency of financial obligations. Unpaid bills may be turned over to a collection agency. Collection costs and/or finance charges must be paid by the student in addition to the unpaid amount before the College will release information as described in the preceding paragraph.

Payments may be mailed to Chestnut Hill College/P.O. Box 12536, Newark, NJ 07101-3556. The student’s ID number must be included on all payments.

### Payment Plans
Chestnut Hill College offers an interest free Monthly Payment Plan (MPP) through Nelnet Business Solutions. There is an $80 enrollment fee for the MPP. Students may use the MPP to pay their combined Fall and Spring balances in either twelve, eleven, ten, nine, or eight monthly installments starting with a due date of May 17th for the twelve month plan. The other plans due dates are on the 20th of the succeeding months, and all plans end with final payment due on April 20th.

Students should contact the Student Financial Services office at 215.248.7116 or accounts@chc.edu for more information regarding the MPP, or log on to the My CHC Portal at [https://my.chc.edu](https://my.chc.edu), click on the Student tab and then the School of Undergraduate Studies. From there students can view the Monthly Payment Plan Portal, which includes a link to the Nelnet Monthly Payment Plan site.

### Business Office Hold
Students who do not pay, or do not make suitable payment arrangements, for their semester bills will be placed on Business Hold and will not be allowed to attend class until payment or arrangements have been made at the Student Financial Services office. A late payment fee and/or a service charge will be charged for all past due accounts. Students placed on Business Hold are prevented from graduating, obtaining transcripts, viewing final grades, and registering for future courses until the balance is paid in full. Students placed on Business Hold should contact the Student Financial Services office immediately to pay their remaining balance. A student may be placed on Business Hold at any time.

**Beginning of the Semester:** For failure to make payment in full or to make satisfactory arrangements to pay the semester bill. Students in this category cannot obtain their room key, dining hall pass or attend classes until Student Financial Services approves their financial arrangements for the semester.

**During the Semester:** For failure to make payment and/or for defaulted or late payment on terms arranged at the beginning of the semester. Students in this category cannot register for the following semester, participate in the residence hall room lottery, receive grades or transcripts and may be prevented from taking tests, attending classes or graduating. Students should contact Student Financial Services immediately if they have not met their financial obligation as agreed upon at the beginning of the semester.

Students will be removed from Business Hold only when the bill is either paid in full or addressed in a satisfactory manner as approved by Student Financial Services. Students should contact the Office at 215.248.7116 or accounts@chc.edu for more information.

A Chestnut Hill College education is one of the best investments one can make for the future. In fact, a college degree puts a graduate on the path to both a more satisfying career and, as numerous studies have shown, a more lucrative pay scale. The College offers many institutional aid and scholarships, as well as federal grants, federal direct loans, and other payment options, to help our students reach their educational goals. The College prides itself on striving to be affordable for all academically qualified students who wish to attend. Student Financial Services offers individualized guidance, so that each student understands all of the financial options available to them.

Although the primary responsibility for meeting college costs rests with the student and their family, Student Financial Services can help design a financial strategy that will make a degree from Chestnut Hill College affordable. Student Financial Services will develop a personalized financial aid package that will offer assistance with educational expenses. The financial aid package may consist of grants, scholarships, loans and student employment. With a combination of financial aid from federal, state, and institutional sources, we hope to help all eligible students take advantage of the College’s high quality academic experience.

The professional staff in the Student Financial Services is ready to assist with the financial aid process and is open to students during the following hours:

Lending Code of Conduct
Chestnut Hill College is committed to providing students and their families with the best information and processing alternatives available regarding student borrowing. In support of this, and in an effort to rule out any perceived or actual conflict of interest between College officers, employees or agents and education loan lenders, Chestnut Hill College has adopted the following:

- Chestnut Hill College does not participate in any revenue-sharing arrangements with any lender.
- Chestnut Hill College does not permit any officer, employee or agent of the school who is employed in Student Financial Services or is otherwise involved in the administration of education loans to accept any gifts of greater than a nominal value from any lender, guarantor or servicer.
- Chestnut Hill College does not permit any officer, employee or agent of the school who is employed in Student Financial Services or is otherwise involved in the administration of education loans to accept any fee, payment or other financial benefit (including a stock purchase option) from a lender or affiliate of a lender as compensation for any type of consulting arrangement or contract to provide services to a lender or on behalf of a lender relating to education loans.
- Chestnut Hill College does not permit any officer, employee or agent of the school who is employed in Student Financial Services or is otherwise involved in the administration of education loans to accept anything of value from a lender, guarantor, or group of lenders and/or guarantors in exchange for service on an advisory board, commission or other group established by such a lender, guarantor group of lenders and/or guarantors.
- Chestnut Hill College does allow for the reasonable reimbursement of expenses associated with participation in such boards, commissions or groups by lenders, guarantors, or groups of lenders and/or guarantors.
- Chestnut Hill College does not assign a lender to any first-time borrower through financial aid packaging or any other means.
- Chestnut Hill College recognizes that a borrower has the right to choose any lender from which to borrow to finance their education. Chestnut Hill College will not refuse to certify or otherwise deny or delay certification of a loan based on the borrower’s selection of a lender and/or guarantor.
- Chestnut Hill College will not request or accept any offer of funds to be used for private education loans to students from any lender in exchange for providing the lender with a specified number or volume of Title IV loans, or a preferred lender arrangement for Title IV loans.
- Chestnut Hill College will not request or accept any assistance with call center or Student Financial Services staffing.

Applying for Aid/Federal School Code
Applying for financial aid is easy at Chestnut Hill College. All students complete the online Free Application for Federal Student Aid (FAFSA) The FAFSA is available online on October 1st for the next academic year. A completed FAFSA is due each academic year by June 1st and is available by going to https://studentaid.gov/. Be sure to include Chestnut Hill College's Federal School Code of 003245 on your application. Chestnut Hill College's priority deadline for filing your FAFSA is March 15th. Filing after this day may delay packaging.
Types of Available Aid

Grants: This is money given to a student to supplement their educational costs that does not have to be paid back. Grants are usually determined based on demonstrated financial need.

Scholarships: Another form of a grant is often referred to as a scholarship. Scholarships are usually awarded either on a competitive basis and reflect academic and athletic achievement, or are based on financial need.

Loans: This is money borrowed by a student (Direct Loan) or parent (PLUS Loan) to help pay for educational expenses. Like any other loan, it is an obligation that must be repaid with interest over a period of time.

Student Employment: The Federal College Work-Study program provides jobs for students with financial need. It allows a student to earn money to help pay for education-related expenses. The money that a student earns will be paid directly to them via monthly paycheck throughout the academic year, as it is earned. Since the Federal Work-Study Grant is an earning potential, it will not be deducted from the tuition invoice.

Sources

Federal: Federal financial aid, also known as Title IV aid, includes Pell Grants, Supplemental Educational Opportunity Grants (SEOG), Federal Work-Study, Federal Direct Loans and Federal PLUS Loans. Students must complete a Free Application for Federal Student Aid (FAFSA) to determine eligibility for federal financial aid. For more information regarding Federal aid programs, please visit https://studentaid.ed.gov/

State: Pennsylvania Higher Education Assistance Authority (PHEAA) sponsors a need based state grant program for undergraduate Pennsylvania residents who will be enrolled at least half time. Pennsylvania residents who complete the FAFSA will automatically have their FAFSA information forwarded to PHEAA for determination of award eligibility. PA residents are also required to complete the State Grant form by visiting https://www.pheaa.org/. PHEAA’s deadline for first-time and renewal applicants is May 1st. The summer-term applicant deadline is August 15th. Some students from outside of Pennsylvania may receive funds from their state scholarship programs that can be used at the College. Students living in the following states may use their state scholarship at Chestnut Hill College: Connecticut, Delaware, District of Columbia, Maine, Massachusetts, New Hampshire, Ohio, Rhode Island, Vermont and West Virginia.

For more information regarding PHEAA, please visit https://www.pheaa.org/

Private: Many private and local organizations have grants and scholarships available to students who meet certain criteria. We encourage all students to perform their own scholarship search. The library is an excellent source for information on scholarships. The Internet has also become a good place to search for additional funding to help with educational costs. Any outside scholarship or grant that a student receives must be reported to the Financial Aid Office.

Standard Academic Year

A Standard Academic Year for Financial Aid spans two semesters, beginning with the first day of Fall semester and ending the last day of the Spring semester, and includes a minimum of 30 weeks of instruction. Therefore, the 2020-2021 Standard Academic Year begins on August 31, 2020 and ends May 5, 2021.

Summer sessions immediately following a Spring semester may be included in the Standard Academic Year if necessary; consult with the Student Financial Services office for more information. A full-time student in the School of Undergraduate Studies is expected to complete at least 24 academic credits during the Standard Academic Year.

Verification

Verification is a random selection by the Federal Department of Education by which some students/families are required to provide certain documentation to support data elements on the FAFSA, primarily income and family size.

Required documentation for verification will be listed on the students MyCHC under Financial Aid Required Documents.

Students selected for verification will be notified by Student Financial Services. Students will have 45 days from the time of notification to submit all appropriate documents to Student Financial Services or risk losing all federal financial aid.

No funds will be credited until the verification process is completed. Should verification result in a change in financial aid, the student will be notified via a revised award letter.

Please Note: For the 2020-2021 academic year, institutions may accept, as acceptable documentation, a signed copy of the 2018 income tax return that the tax filer submitted to the IRS or other tax authorities. Non-Tax Filers: For independent students, and parents of dependent students, who did not file and are not required to file an income tax return, you are required to obtain a Verification of Non-Filing (VONF) from the IRS or other tax authorities.

No awarded Federal Financial Aid funds can be credited to the account until the verification process is complete. Should verification result in a change of awarded financial aid, the student will be notified via a revised award letter.
Adjustments to Financial Aid
All financial aid awards are subject to change. A change may be due to, among other reasons, a change of the student’s enrollment status including withdrawal, non-attendance, or dismissal from the College; housing status; educational cost; or inclusion of additional financial aid from any source. Students are obligated to notify Student Financial Services of any educational funding that is not listed on their award notice. The inclusion of such aid could cause a current financial aid award to be revised.

Overawards
An overaward of financial aid occurs when all of the financial aid received by a student exceeds the student’s cost of attendance (COA). Federal regulations require institutions to consider all financial resources when calculating a student’s eligibility. All financial resources that are received must be reviewed to ensure that it fits within the established budget for the student and does not exceed the cost of attendance (COA). Financial resources include but are not limited to:
- Grants
- Loans
- Scholarships
- Tuition discounts and waivers
- Fellowships/assistantships
- Work study
- Specific Veteran educational benefits
- Similar programs used to cover postsecondary educational expenses

How does an overaward occur?
A student may be overawarded if the Financial Aid Office is not made aware of additional financial resources at the time of packaging, or if a student’s class load or housing status changes after packaging. Students are responsible for notifying the Financial Aid Office of any additional aid they may receive. In order to resolve overawards, the Financial Aid Office is required by federal regulation to determine if any aid needs to be reduced. Any student account balance that may result from these adjustments is the responsibility of the student.

Students planning to study abroad should meet with a financial aid counselor during the study abroad application period to determine if participation in a study abroad program will affect their financial aid package.

Statute of Limitations/Payment Period
Student Financial Services cannot guarantee the receipt of any financial aid from a FAFSA that is submitted within the last month of a payment period. A payment period is defined as the period of time during the school year when a student can receive a disbursement of financial aid funds; typically this is a semester.

Satisfactory Academic Progress Policy (Effective Beginning 2015-2016 Academic Year)

Satisfactory Academic Progress

Statement of Purpose: Undergraduate students are required to maintain satisfactory academic progress and to remain in academic good standing to retain eligibility for financial aid. Both full-time and part-time students are subject to the Satisfactory Academic Progress policy. Students enrolled less than full-time must notify the Office of Financial Aid and may be subject to reductions in financial aid.

Federal regulations require a College’s Standards of Academic Progress (SAP) to include the following 2 components for students to receive Federal, State, and Institutional Financial Aid:

1. Quantitative Measure:
   a. To remain in good academic standing and retain eligibility for financial aid, students must successfully complete at least two-thirds of all hours attempted (or 67%) including Pass/Fail, repeated courses, incompletes, and courses dropped after the last day to drop a course without penalty (as published in the academic calendar).
   b. For undergraduate programs of study, the maximum time frame for receipt of federal financial aid must be no longer than 150% of the published length of an educational program. At Chestnut Hill College, it typically takes 120 credits hours to receive a degree; therefore, students are allowed up to 180 attempted hours (including all transfer hours accepted toward completion of a student’s program) to be considered for federal financial aid. The maximum time limits include all hours attempted regardless of whether or not financial aid was received.
   c. Courses which are being repeated are counted as attempted hours for financial aid purposes, but only one passing grade is counted towards the Career Earned Credits. Enrollment status for any semester (i.e. full-time, half-time) as it relates to Financial Aid eligibility may be impacted as a result of repeating courses. Please check with Financial Aid before repeating a course for which you have already received a passing grade and only wish to improve the grade.
d. Please note that grades of W (Withdrawal), WF (Withdraw Failing), and Grade+N are not considered satisfactory completion of a course and, therefore, are not earned hours. They will, however, count as attempted hours. Courses with a grade of P, I, PI, W, AU, or NR, and are not calculated in either the Term or Career GPAs, nor are any credits passed calculated in Earned Credits. The credits are, however, calculated in the Attempted Credits total. Courses with a grade of Grade+ # are not calculated in either the Term or Career GPAs; however, credits are calculated in the Attempted Credits total and, if the course was completed successfully, the Earned Credits total. Courses with a grade of TR are not calculated in either the Term or Career GPAs but are counted in both Attempted and Earned Credits. Incompletes (I) are counted as attempted if the final grade has not yet posted, and earned hours once final grade has been assigned to the course in question.

The following chart demonstrates examples of a student’s required ratio of attempted hours to earned hours to be considered as progressing toward degree completion within the maximum 150% limit. It is imperative that students who receive Federal Direct Student Loans understand that there is a maximum aggregate amount they may borrow in their undergraduate career. Students who are enrolled for more than four years or eight semesters, and who receive federal loans during that time, are in jeopardy of meeting their aggregate loan limit for federal student loans.

</tr>
</tbody>
</table>

e. **Transfer Students:** Transfer students are evaluated based on the number of hours accepted by Chestnut Hill College. Once transfer credit has been evaluated by the College and the student has been awarded credit hours, then that student will fall under the same quantitative and qualitative requirements as previously mentioned based on that designated classification. Transfer grades are not factored into the student’s cumulative GPA for SAP proposes, but the overall hours attempted and hours earned (quantitative measures) do fall under the standards for SAP. The maximum time limits for eligibility for federal financial aid also apply to transfer students based on the number of credits accepted by Chestnut Hill College.

2. **Qualitative Measure:** Students must maintain the following minimum cumulative grade-point average (GPA) on all earned hours:

<table>
<thead>
<tr>
<th>For hours earned:</th>
<th>A minimum GPA must be maintained:</th>

</thead>
<tbody>
<tr>
<td>24 credits or less</td>

SATISFACTORY ACADEMIC PROGRESS PROCEDURES

Grades and progress will be evaluated at the end of every Fall, Spring, and Summer semesters once final grades are posted for the term.

Note: If a student does not meet these standards, the financial aid administrator may approve financial aid to be given under a formal ‘warning’ for one semester. The student’s career G.P.A. would then be reviewed for the next academic progress evaluation period. Students will receive one formal warning notice of failing to meet Satisfactory Academic Progress, where they will have one full semester to improve their academic standing with Chestnut Hill College.

If the student has received one warning notification and at the end of the next they are still not meeting Satisfactory Academic Progress, the student will be formally notified in writing regarding the loss of financial aid. Financial Aid at this point will be suspended. Students have an opportunity to appeal the suspension of aid. This policy outlines the process in the section below entitled ‘Formal Appeal Process’. Students also can reclaim eligibility by attending one academic term or summer school [at minimum] at Chestnut Hill College without financial aid and significantly improving their career grade point average or percentage of credits earned. When eligibility is restored, financial aid will be awarded provided funds are available, as they are not guaranteed. Students may not improve their cumulative grade point average by attending another college.

Students who formally withdraw from Chestnut Hill and are afterwards re-admitted will have their Satisfactory Academic Progress status continued at the same status from when they left the College.

Formal Appeal Process: A student may submit a signed statement of appeal for reinstatement of financial aid if he or she feels that special circumstances prevented him/her from meeting the minimum standards of Satisfactory Academic Progress. Acceptable appeal requests (in accordance with Federal Regulations) are allowable based on: illness or injury, death of a relative, or other special circumstances. Any supporting documents or statements should also be submitted that will provide the Appeals Committee with additional information pertinent to its review. The student must complete and submit the Chestnut Hill College Satisfactory Academic Progress Appeal Request (this form is provided with revocation letter) along with a signed statement from the student to the Office of Financial Aid. An appeal must include an explanation as to why the student was unable to make Satisfactory Academic Progress and also provide an explanation of what has changed that will allow the student to make Satisfactory Academic Progress by the next evaluation. These documents are due to the Financial Aid Office within 3 weeks of being notified but no later than 10 days before the first day of classes of the upcoming semester or term. The Satisfactory Academic Progress Appeals Committee will review the request form, the written statement, and any other submitted documentation to determine if the student can meet satisfactory academic progress standards by the end of the next term, get back on track to graduate, and thereby have their Financial Aid reinstated. All students will be notified in writing of the Appeals Committee’s decisions. If an appeal is approved, the student’s academic progress will be placed on “Probation” and reviewed again at the end of each term to ensure that satisfactory academic progress and the Academic Plan for Improvement is being met. Additional information on the Academic Plan for Improvement is provided below.

If a student regains financial aid eligibility and then, in a subsequent semester, falls below the Satisfactory Academic Progress measures, a second Financial Aid Warning status of one semester will be applied. The student will have one full semester to meet the Satisfactory Academic Progress measures detailed above. If the student succeeds in bringing their standing to the appropriate level, they will regain eligibility for Federal Financial Aid; however, if the student fails to meet the Satisfactory Academic Progress measures the end of the one-semester Warning Period, they will be placed on a second Financial Aid Probation and may no longer be eligible for Federal Financial Aid.

Students may not appeal more than once for the same reason.

If a student falls below Standard Academic Progress measures for a third time or more, the student may be denied Federal Financial Aid for any future enrollment period until Satisfactory Academic Progress has been made. A student may be placed on Financial Aid Warning status two separate, nonconsecutive times while completing a degree.

Academic Plan for Improvement: If a student’s financial aid is suspended, and the student chooses to appeal the suspension, they are required to complete an Academic Plan for Improvement as part of the appeal process. The student should contact the Office of Academic Advising to set up an appointment to develop the academic plan for meeting the minimum standards of academic progress. The academic plan is a strategy that presents the student’s goal to “get back on track” and meet the standards of Satisfactory Academic Progress (SAP) while completing degree requirements. The plan will have strict conditions that the student must follow in order to retain eligibility for financial aid. This Academic Plan for Improvement must be endorsed by the Office of Academic Advising.

It is imperative that any student not making Satisfactory Academic Progress understands that failure to submit a successful appeal for Financial Aid Probation or an Academic Plan for Improvement to the Appeals Committee will mean that no additional financial aid will be awarded to that student for future semesters of enrollment unless the student regains good academic status without financial aid. It is necessary that immediate action be taken upon a student’s receipt of the notification that he or she is not making Satisfactory Academic Progress.

**Students are not guaranteed replacement of any previously awarded financial aid package if an appeal is approved.**
Students should be prepared to pay tuition, fees, and other educational expenses until they have been approved to receive financial aid. Students seeking to re-establish financial aid eligibility remain ineligible to receive financial aid/or deferment of payment until the appeal process is complete and a decision has been made by the Satisfactory Academic Progress Appeals Committee. ***

If you have any questions regarding this policy or the appeal process, please contact the Financial Aid Office.
Financial Aid Refund Policy

Return of Title IV Funds Policy (Effective Beginning 2015-2016 Academic Year)

Overview
Federal financial aid ("Title IV funds") is awarded to a student under the assumption that the student will attend school for the entire period for which the assistance is awarded. When a student withdraws, the student may no longer be eligible for the full amount of Title IV funds that the student was originally scheduled to receive. According to federal regulations, the Financial Aid Office must recalculate Federal Title IV financial aid eligibility for students who withdraw from all courses, drop out, are dismissed, or take a leave of absence prior to completing more than 60% of a quarter/semester. Federal Title IV financial aid and all other aid are viewed as 100% earned after that point in time. Recalculation is based on the percentage of earned aid using the following Federal formula: Financial Aid determines the length of the scheduled term dates as defined by the Academic Calendar beginning from the first day of classes and ending on the last day of scheduled final exams for that term. The percentage of the payment period is the number of calendar days completed up to the student’s withdrawal date. The number of calendar days completed is divided by the total calendar days in the payment period or term. Any break of five consecutive calendar days or more is not counted as part of the total days in the term. Calendar days are inclusive of weekend days.

Withdrawal date is defined as the actual date the student began the institution’s withdrawal process, the student’s last date of recorded attendance, or the midpoint of the quarter/semester for a student who leaves without notifying the institution. Chestnut Hill College is required to perform a Return to Title IV Calculation within 30 days of a student’s official withdrawal date. The Federal Title IV programs covered under this policy include Federal TEACH Grant, Federal Pell Grant, SEOG, Federal Perkins Loans, Federal Stafford Loans, and Federal PLUS Loan (Graduate Student or Parent).

Also, all Chestnut Hill College institutional funds are subject to return based on the tuition refund percentage amount as published in the Academic Calendar. For example: if a student withdraws and owes 40% of the semester's tuition, 40% of the Chestnut Hill funding will be retained to help pay the student’s remaining tuition bill. These funds are inclusive of [but not limited to] merit scholarships, CHC scholarships/grants, endowed scholarships, departmental scholarships, and athletic scholarships. Returns of institutional funds are required for all withdrawals (voluntary or administrative).

The school returns ‘unearned’ Title IV funds that have been paid to the school to cover the student’s institutional charges received from Title IV grant and/or loan programs. No additional disbursements may be made to the student for the payment period.

Return of Funds
Federal Title IV financial aid is returned in the order mandated by the U.S. Department of Education. No program can receive a refund if the student did not receive aid from that program. Funds must be returned within 45 days after the date of withdrawal determination. Return of funds required by the student for unearned aid is returned (repaid) in accordance to the terms of the loan on the promissory note. The order is as follows based on aid offered at Chestnut Hill College:

1. Unsubsidized Direct Stafford Loan
2. Subsidized Direct Stafford Loans
3. Perkins Loan
4. Direct PLUS (Graduate Student or Parent)
5. Pell Grant
6. FSEOG
7. TEACH

Post-Withdrawal Disbursements
If it is determined that a student is eligible for Federal Title IV financial aid funds that have not been disbursed, grant funds that the student is eligible for will be disbursed first. Federal aid that the student is eligible for will be credited to the student’s account for outstanding charges. If the student has no outstanding charges or if there is a balance due the student after disbursement, Chestnut Hill College will notify the student of their eligibility for the loans [if applicable] in writing. The student must respond within 14 days of the date of the letter as to whether they want all, part, or none of the loan(s). If the student fails to respond within 14 days, no post-withdrawal disbursement of the loan will be made.

Before calculating the amount of financial aid that must be cancelled, the following is taken into consideration:

- If a promissory note for a Direct Loan has not been signed and submitted by the student prior to the withdrawal date, the loan (s) is automatically cancelled.
- If an entrance loan interview has not been completed by the student prior to the withdrawal date, the Direct Loan is automatically cancelled.
- Students who have not completed verification prior to the withdrawal date are not eligible for financial aid and are not included under this policy.
Determination of Withdraw Date
The withdrawal date used in the return calculation of a student’s federal financial aid is the actual date of the student’s formal withdraw from the College or the date that the student initiates the withdraw process, whichever occurs first. If a student stops attending courses without notifying the College, the withdrawal date will be the midpoint of the semester or the last date of academic activity determined. Additional documentation supporting the last date of academic activity may be provided by the student if they verify a later date of attendance than determined by the College. If a student receives financial aid, but never attends classes, the Financial Aid Office must return all disbursed funds to the respective federal and institutional aid programs.

Return of Funds Due to Non-Attendance & Administrative Withdrawal
In accordance with the School of Undergraduate Studies policy on Administrative withdrawals, if it is discovered that a student never began attendance for any of their classes, the College will retroactively drop the student from all of their courses. If it is determined the student never began attendance, the Financial Aid Office is required to return any Title IV funds that have been disbursed to the student’s account for the payment period or period of enrollment. The College is required to return disbursed funds no later than 30 days after the we are made aware that the student never began attendance.

If it is discovered that a student has stopped attending all of their courses at any point in the payment period or period of enrollment, they may be administratively withdrawn from all of their courses based off of their last date of attendance. Financial aid may be required to perform a Return of Title IV calculation if it is determined that the student’s last date of attendance occurred prior to them completing 60% of the semester.

Students Who Receive All Failing Grades at the End of a Term (Semester)
Financial aid is awarded under the assumption that the student will attend Chestnut Hill College for the entire term for which financial assistance was disbursed. When the student has a combination of fail and withdraw grades for the term, Chestnut Hill College must consider the student an unofficial withdraw until determined otherwise. When the student has failed to earn a passing grade in at least one class for the term, federal regulations require the school to determine whether the student established eligibility for funds disbursed by attending at least one class or participating in any College academic-related activity. If the student cannot verify that the student attended Chestnut Hill, all financial aid must be repaid to the federal, state and institutional programs. The student’s account will be charged and the student will be responsible for any balance due.

Chestnut Hill will automatically determine the unofficial withdraw date as mid-point date in the semester or the last date of academic activity that the College can confirm for the student (whichever is the latter), and perform a Return to Title IV (R2T4) Calculation. Any relevant federal, state, and institutional funds will be returned to the respective programs, and the student will be responsible for any balance due to Chestnut Hill.

If the student can prove to have participated in a Chestnut Hill College class or academic-related activity past the 60% date, the student will not be required to return any disbursed financial aid. Students who are able to verify attendance beyond the College’s records may submit supporting documentation to the Financial Aid Office. The student must submit supporting documentation within 30 days from the last date of the term. Recalculations for aid eligibility will not be performed for documentation received after that date.

Return of Title IV Funds — Modular Programs
Overview
These regulations aim to provide for more consistent and equitable treatment of students who withdraw from a program measured in credit hours, regardless of whether courses in the program span the entire term or consist of shorter modules or ‘sessions.’ Students in the following programs will be impacted:

- Students in the School of Continuing & Professional Studies program
- Graduate Students who are enrolled in coursework that fall under the Accelerated Schedule as defined in the Graduate Catalog

Regulatory Requirements:
A student is considered to have withdrawn from a semester in which the student began enrollment if the student withdraws from any scheduled courses or ‘sessions’ without completing:

- All of the days the student was scheduled to complete in the semester, in a credit-hour program.
- However, if a student provides written confirmation (Confirmation of Future Enrollment Form) through Chestnut Hill College’s Financial Aid Office at the time of withdrawing from a session stating that the student plans to attend another session later in the same semester, that student is not considered to have withdrawn.
- If a student does not resume attendance within the scheduled timeframe, the student is considered to have withdrawn as of the date on which attendance ceased.
- If a student does not provide written confirmation of plans to return to school later in the same term (semester), Chestnut Hill College’s Financial Aid Office must consider that student to have withdrawn and will perform a Return to Title IV (R2T4)
calculation to determine if any funds must be returned. However, if the student does return to school in the same semester —
even if the student did not provide written confirmation of plans to do so — the student is not considered to have withdrawn
and the school must reverse the R2T4 process and provide any additional funds the student is eligible to receive at the time of
return.

**PHEAA State Grant**
PHEAA State Grants are retained at the same percentage rate that tuition is retained, similar to Chestnut Hill funds.
Safety and Campus Security
Emergencies: 7777 (on-campus) or 215.242.7777 (off-campus).

The safety and security of all who live, work, and visit Chestnut Hill College is of paramount importance to the entire College Community. The Department of Safety and Campus Security is primarily concerned with providing the highest reasonable level of security on the 75-acre campus. Members of the community share this responsibility. This shared responsibility is a very important element of an overall safe learning environment. The Department of Safety and Campus Security reports to the Dean of Student Life, and consists of a Director, Assistant Director and over 40 full-time Security Officers. The Director of Safety and Campus Security also assists in managing the on-campus parking.

Chestnut Hill College Security Officers are both CPR- and AED-certified and have undergone training in specialized course offerings for higher education. Security Officers do not carry firearms. Criminal investigations are conducted by the Philadelphia Police Department, which is responsible for coverage at the College. Victims of campus crimes and other criminal activity are encouraged to, and readily assisted in, reporting incidents to the local police.

Buildings and residence halls are monitored by security personnel on a 24-hour basis. The buildings and residence halls are equipped with state of the art security and fire alarm systems. Fire safety drills are conducted in compliance with Philadelphia Fire Department regulations. Alarms, sensors and fire equipment are cleaned, inspected and certified annually in compliance with the Philadelphia Fire Code.

Several patrol areas are included in the security operation including vehicle as well as foot patrols. Officers utilize an electronic tour watch device that provides accurate documenting times and locations of their patrols. During these patrols, unsafe conditions are promptly reported and the appropriate campus department is notified for corrective actions to be undertaken. Emergency lighting and phones are surveyed on a regularly scheduled basis.

Chestnut Hill College’s Department of Safety and Campus Security lives by its Mission Statement, and is committed to the high standards of quality in promoting a safe and problem free educational environment. The College is a charter member of the Delaware Valley Campus Security Director’s Association. This institution meets the Commonwealth of Pennsylvania Act 73, the College and University Security Information Act and the Federal Crime Awareness and Campus Security Act of 1990.

Identification Cards
Photo ID cards are available through Campus Security at the Security Operations Center, Lower Level of Fontbonne Hall. In an effort to provide adequate security, students must carry their ID cards at all times. ID cards are non-transferable and, upon request, must be surrendered to authorized personnel, e.g., security officers in the performance of their duties. An ID card is required to take books out of the library, to use the computer center, to use the pool and fitness center, to participate in the meal plan, and obtain a parking permit. ID cards are also required for entry/exit documentation via the Access Control Systems installed in every residence hall. There is a fee to replace lost or damaged ID cards.

Visitors
All visitors to campus must be registered with the Security Desk at the entrance of Fournier Hall. Visitors must be with their sponsoring member of the College community at all times. Visitors are not permitted to be alone on campus at any time and infractions of this instruction will be treated seriously.

*Chestnut Hill College does not provide childcare services.* Children may not be left unattended on campus at any time, for any reason. Children brought as visitors to campus must be signed in at the Security Desk and must remain with their sponsoring member of the College community at all times.

Student Life and Resources
Chestnut Hill College has the unique advantage of being an urban school in a suburban setting and the College and the city share a vibrant and varied cultural and social life. The campus comprises 75 acres of trees, groves, and buildings. The Chestnut Hill shopping area is less than a 10-minute walk from campus.

The local community supports an orchestra, the Woodmere Art Gallery, many smaller galleries, the renowned Morris Arboretum and the extensive greenery and open space of Fairmount Park. The varied shops and restaurants of Chestnut Hill attract visitors from throughout the region. Center City Philadelphia, with its many museums, historical places and award-winning restaurants, is easily reached by train.

Health Insurance
Students are responsible for providing their own health insurance, whether by parent/guardian’s health coverage or their own election into a plan. The College does not require students to provide proof of health insurance coverage regardless of whether students are living on campus or commuting. Additionally, the College does not provide health insurance coverage to students. The Health Office on campus is equipped to treat minor illnesses and injuries and is available to undergraduate students through the Health Services Fee.

Please review healthcare.gov for more information about health insurance resources. When deciding whether or not to purchase health insurance, students should consider the potential costs of an unexpected visit to the ER or a doctor. Pulling information from a Medical Expenditures Panel Survey, done by the National Institutes of Health, data shows that an average charge for a
“simple” ER visit is $1,233. When making an important financial decision such as purchasing health insurance, students are encouraged to consider possible long and short term consequences. Students should consider consulting with family and/or trusted individuals when making this important decision.

**Athletic Programs**
*Lower Level, Fournier Hall*
Telephone: 215.248.7080; Fax: 215.248.7047; Website: griffinathletics.com

Chestnut Hill College’s athletic programs are an ideal complement to the students’ academic experience. **Office of Mission and Ministry**
The mission of Chestnut Hill College is to provide students with holistic education in an inclusive Catholic community marked by academic excellence, shared responsibility, personal and professional growth, service to one another and to the global community, and concern for the earth. The College nurtures a sense of integrity, spirituality and social justice in all.

St. Joseph Hall, 3rd Floor

Animated by the mission of the Sisters of Saint Joseph, Campus Ministry empowers students, faculty, and staff to create an inclusive community of belonging, rooted in faith that is integrated into their daily life through experience, discernment, and the promotion of justice. Offering opportunities to engage both heart and mind, Campus Ministry seeks to give students a ground-work to discover who they are and who they’re becoming through opportunities for spiritual formation and justice education.

**Student Government Association**
All Chestnut Hill College School of Undergraduate Studies students are members of the Student Government Association, which elects a representative student government. Students also serve with Chestnut Hill faculty and administrators on numerous College committees in the areas of curriculum and student activities, among others.

**Emergency Cancellation of Classes (Weather)**
As Chestnut Hill College is a residential campus, every effort will be made to keep the business of the College running as close to a normal schedule as possible; however, if weather factors are unfavorable and not expected to improve, classes normally will be cancelled for the day. If there is a good chance that conditions will be acceptable by mid-morning, the opening of the College will be delayed.

**Daytime Operations**
If weather conditions are unfavorable, classes and offices may move to remote delivery or be cancelled/closed for the day.
Announcement of Weather Delays

Weather related delays will be announced using the College's Emergency Notification System. In order to sign up for notifications please go to: https://www.chc.edu/safety-and-security/emergency-and-closing-notifications. Information will also be announced on the College's website, and on the KYW School Closing website. The KYW number for daytime classes (before 5p.m.) is 126.

Delays will be coordinated with day class schedule. Classes scheduled to begin at or after the delayed opening time will meet as scheduled. Faculty teaching classes that extend over more than one block in the schedule should take care to announce these guidelines at the beginning of the semester and if and when there is advance warning of a storm. In the case of an announced delayed opening, if the situation should worsen and if a subsequent decision is made to cancel classes or close the College, an announcement will be made as soon as possible. Chestnut Hill College faculty, staff and students are therefore advised to check announcements frequently, prior to departing for school or work and while in transit. Should a weather event occur in the middle of a work day and class sessions, early closings will be announced using the same notification procedures. However, due to regional differences in weather conditions, your safety and welfare are paramount. Please take appropriate precautions, when necessary.

Students should consult their faculty members and/or review the announcements on their course site on Canvas for information regarding any in-person class that has been cancelled.

Evening Classes (after 5p.m.)

When adverse weather conditions develop during the day, the College will make a decision to move to remote delivery or cancel in-person evening classes no later than 3p.m. This information will be made available through the College's Emergency Notification System, via e-mail, and will also be announced on the College's website, and on the KYW School Closing website. The KYW number for evening classes is 1094. Closing information for Saturday classes will be reported in a similar manner.

Evening classes scheduled in-person at off-site locations will be cancelled if CHC and/or the off-site locations close. If the College is open, faculty, staff and students are expected to report to campus. However, due to regional differences in weather conditions, your safety and welfare are paramount. Please take appropriate precautions, when necessary.

Staff Information

In the case of a delayed opening, employees are expected to arrive at work as soon as the College is open or at the beginning of their normal work shift, whichever is later.

When the College is open, all students and employees are expected to report to campus. Appropriate precautions should be taken, such as an earlier than usual departure from home to compensate for travel delays. Please refer to the Inclement Weather Policy found in the Employee Handbook.

Campus Student Activities Programming

At times, previously scheduled on-campus student life activities and events will continue to be held even when the College is closed. Chestnut Hill College students, faculty and staff should check the Calendar for campus programming updates.

Academic Computer Center

St. Joseph Hall, Lower Level, down the ramp to the right of the Commuter Lounge.
Telephone: 215.242.7195. Email: helpdesk@chc.edu.

The Academic Computer Center is open to Chestnut Hill College students only. Once enrolled, students are given a personal account on the College network, giving them a CHC email address and access to the Internet. All students must agree to abide by the College’s rules and policies regulating the use of College computer resources.

Microsoft Windows-based computers are available for student use on a walk-in basis during posted day and evening hours. Students may take advantage of the state-of-the-art software for purposes such as word processing, statistical analysis, graphics, desktop publication, database manipulation, web page editing and web browsing over the Internet. Laser printers are available for high-quality printed work.
The Academic Computer Center also manages three Teaching Labs: two with Microsoft Windows-based PCs, and one with Macintosh PCs. The Teaching Labs are available for classroom instruction ranging from computer software application basics to sophisticated programming languages.

The Devlin Video Production Suite in Martino Hall is an extension of the Academic Computer Center. This facility houses a video editing laboratory, a television production studio and control room, a video production classroom and office. Students may also sign out camcorders and tripods for various classes as needed. Several laptop computers are also available for students to borrow for editing projects.

**Counseling Center**

St. Joseph Hall, 3rd Floor, Room 345
Telephone: 215.248.7104. Email: kennedyd@chc.edu
The Counseling Center offers free, short-term individual therapy to students in the Schools of Undergraduate, Graduate and Continuing Studies during the fall and spring semesters. Counseling staff can also consult with students, staff, and faculty. Workshops are offered to address students’ interests and needs. Students may use the Counseling Center at all times they are enrolled at the College.

In general, counselors see students once a week for a fifty-minute session. In addition, counselors reserve time every day to see any student in crisis needing immediate attention. The College also provides 24-hour emergency coverage when the School of Undergraduate Studies is in session.

The Counseling Center is completely confidential, except in cases of life-threatening emergency (the threat or attempt of suicide, and the threat of seriously injuring another person, for example) or when we are legally required to report abuse of a minor. Except in these extraordinary circumstances, neither what is discussed nor any of the required written records are shared with anyone - including roommates, parents, friends, faculty, and staff - without the student’s written permission.

To schedule an appointment, please call 215.248.7104, or email kennedys@chc.edu or counselingcenter@chc.edu or stop by and fill out the blue form, Request to See a Counselor. In the event of a mental health emergency, call 911 or go to the nearest hospital emergency room, or call the National Suicide Prevention Hotline at 1.800.273.TALK (8255).

International Student Services
Telephone: 215.248.7090. Email: perryw@chc.edu

Chestnut Hill College is authorized under federal law to enroll F-1 nonimmigrant students. The Office of Global Education advises international students and provides information on American academic procedures as well as on U.S. immigration and visa requirements. International students maintaining F-1 visa status are required by law to be enrolled full-time throughout the duration of their programs of study. Exceptions to the full-time requirement are rare and must be authorized by the Global Education Office prior to the change in enrollment status.

Career Development Office
Third Floor, St. Joseph Hall
Telephone: 215.248.7109, Fax: 215.247.7991. Email: careerhelp@chc.edu.

The Office of Career Development at Chestnut Hill College provides information and guidance on careers, professions, employment, and graduate school opportunities for current and prospective students as well as alumni. Career Development also coordinates the College’s Experiential Education program. Workshops are offered on resume writing, interviewing and job-search skills. The Office is open weekdays from 8:30am until 4:30pm; other hours are available by appointment.

Staff

Andrea Deering, Assistant Director of Career Development. Telephone: 215.248.7109. Email: deeringa@chc.edu

Programs
Experiential Education Program provides opportunities for students to gain academic credit for real-world work experience, through internships and cooperative education. Additionally, in collaboration with faculty and community partners, students can participate in service-learning courses that put coursework into action through relevant volunteer service to the community. These experiences also serve as foundations for classroom discussion and synthesis of academic theory. These programs are monitored by Ryan Murphy.

FOCUS is a self-paced, online career and education planning tool for use by college students. It will enable the student to self-assess career-relevant personal qualities and explore career fields and major areas of study that are most compatible with the assessment results. Students who use FOCUS make better decisions about their goals and plans and learn how to self-manage their careers.

Career Readiness is offered throughout the course of the student’s college life by way of workshops. Each workshop is 60 minutes in length and is instructed by Career Development staff. The certificate addresses interviewing, resume building, and other career topics.

Students can access the Career Development virtual site on the College’s From Hill To Home webpage. This site offers information about career planning, job/internship searching, resume writing, graduate school applications and upcoming events.

Library Services
Logue Library, Main Campus on the Circle.
Telephone: 215.248.7050. Email: Librarians@chc.edu.
Chestnut Hill College’s Logue Library tailors its collection to serve students, faculty, staff, and visitors. Using the library’s resources and services, patrons conduct academic research online or onsite, search for personal enrichment or enjoy popular books and films. The library building offers an environment where patrons can learn, discover, and meet their academic and personal goals. Librarians are ready to assist on site or through virtual reference.

Logue Library houses 120,000 titles in print format, as well as over 200,000 electronic titles. In addition to the circulating materials, there are numerous research opportunities using electronic databases such as PsycINFO, Westlaw, JSTOR, Ebscohost and Project Muse. Registered patrons may access the catalog and Ebsco Discovery Service https://library.chc.edu.

Along with a rare books collection that features British literary works and early Catholic liturgical music, Logue Library boasts an Irish Collection specializing in history and literature, while the Brimmer Collection houses books for children. Books in the main collection are classified according to the Library of Congress Classification System, while the Brimmer Collection uses the Dewey Decimal System.

To borrow books or reserve materials, all students MUST show a current College ID.

Grade Reports
Reports for either Mid-term or Final grades are available to current students without Holds on the My CHC Portal - https://my.chc.edu. No unsolicited grade reports are mailed. Requests for mailed grades must be made in writing within 2 calendar weeks of the end of the semester. Former students and alumni wishing to view their grades must request an official transcript. Parents wishing to have grades mailed to them must make the request in writing and must be listed on the student’s account as a FERPA waived-contact. Mail requests to: Office of the Registrar, 9601 Germantown Avenue, Philadelphia, PA 19118 or fax to 215.242.7714. Requests should include the student’s name and ID number and must be signed by the parent. Please allow 7 - 10 days for processing via US mail. Grade reports will not be emailed or faxed.

Transcripts and Diplomas
The Office of the Registrar prints official transcripts for students in any division, and diplomas for undergraduate and graduate alumni. Transcripts and diploma reprints or duplicates must be requested in writing and there is a fee associated with either request. The Office of the Registrar does not issue unofficial transcripts. A business, health services, library, or athletic hold will prevent the release of either document. These obligations must be satisfied before transcripts or a diploma will be issued. To make a request, print the applicable request from www.chc.edu/registrar and either bring it to the office, fax it, or mail in with required payment as outlined on the request form. Transcripts usually take 5 – 7 days for processing; diplomas take 3 - 4 weeks.

Enrollment/GPA Verification
Chestnut Hill College is a member of the National Student Clearinghouse, a non-profit organization that updates federal loan agencies with Full- or Part-time status information for all currently enrolled students. However, if a paper enrollment or GPA verification is needed, it may be obtained in the office. There is no fee for this service but a signature is required for the release of the information and processing will take 2 - 3 days. Requests for letters may be made online at www.chc.edu/registrar.

Academic Programs, Policies, and Procedures

Minor Studies
- Students must earn a minimum grade of C- in all classes in a minor in order to be awarded the minor.
- A minor chosen by a student must include at least two courses not already applied to his/her major, other minors, or core requirements.
- The only courses that may be graded pass/fail are practicum, internship, or courses deemed eligible at the discretion of the Center.
- Students may declare up to three minors. A student may use a maximum of two transfer courses toward the requirements for a minor.

Experiential Education
- Students must be in satisfactory standing with a minimum GPA of 2.0 overall for internship.
- Students may complete up to 12 credits of experiential education (internship and/or co-op) as part of the 120 credit graduation requirement.

CORE Curriculum
Chestnut Hill College’s CORE Curriculum, approved by the faculty and revised in 2013, is designed to provide students with a meaningful education that is rooted in the College’s Mission. Steeped in the liberal arts, the curriculum recognizes the impact of the information-age revolution and addresses career demands of the twenty-first century. The Student Learning Outcomes adopted by the Chestnut Hill College community are addressed and assessed across CORE requirements. Students also take a variety of Non-Academic credits as part of the CORE requirements in addition to fulfilling all of the requirements specified in a major program of study as outlined in this catalog.

CORE Curriculum for Associate of Arts in Liberal Arts, and Associate of Science with a concentration in Life Sciences
This CORE curriculum will be required for all Associate’s degrees offered in the School of Undergraduate Studies. It is composed of 27 credits; nine courses are required for the CORE and the additional courses are taken in the area of concentration.

Every course taken for the Associate of Arts (AA) or Associate of Science (AS) CORE completes a requirement in the CORE for the Bachelor's degrees.

CORE Curriculum for Bachelor of Arts, Bachelor of Science, and Bachelor of Music
The CORE Curriculum as it appears here applies to students who matriculated in August of 2013 and to all future classes unless noted in the Catalog for the matriculation year. This includes first-year students and transfer students who do not have ‘CORE-to-CORE’ status. Students currently enrolled as of August 2013 also follow the CORE Curriculum in this catalog; however, these
students may substitute CORE requirements from the catalog of their matriculation year with approval of their advisor. Outcomes in technology, public speaking and career connections are addressed and assessed in the Major program.

At the discretion of the Registrar working with the IDHP Program director and student advisors, IDHP seminars may fulfill certain core requirements for students who have left the IDHP or others who have received permission to take an IDHP seminar.

**Writing Requirement:**
Students take a minimum of four courses that focus on developing vital writing and communication skills:

1. LADS-120: Liberal Arts Discovery Seminar or IDHP-210: Writing in the Disciplines I. This first Writing course is an introduction to critical and creative inquiry from various disciplinary perspectives.
   a. LADS emphasizes the CHC Student Learning Outcomes of Critical and Creative Inquiry, Communication, Integrative learning and Knowledge of Self and Others.

2. ENGL-101: College Writing (earning a grade of C- or better); ENGL-105: Advanced College Writing; or IDHP-220: Writing in the Disciplines II. These courses are designed to introduce students to college-level writing and research. Students must earn a C- or higher in the course to fulfill this requirement. LADS-120 is the Pre-Requisite for ENGL-101 and ENGL-105.

3. The Writing Intensive course, which is the third part of the writing sequence, is meant to build on the skills of both the first- and second-level courses and prepare students for academic writing within a specific discipline. Students must take at least one writing intensive course before graduation. Students are encouraged to take the writing intensive course in their major and may be required to do so. A C- or higher in ENGL-101, ENGL-105, or IDHP-220 is the standard Prerequisite for all Writing Intensive courses; however, certain WI courses may have additional Prerequisites. Check the Course Description for information. Senior Seminar may not be used to satisfy this requirement. For a course to qualify as writing intensive, the syllabus must demonstrate that CHC writing intensive goals (adopted 2016) are taught in the course. These goals cover the CHC Student Learning Outcomes of Written Communication and Information Literacy. Students participating in IDHP fulfill this requirement by successfully completing an IDHP seminar.

4. All students complete a Senior Seminar in the major (number -498). The Senior Seminar is the capstone experience for the CORE and the major, and it is usually taken in either the Fall or Spring of the student’s Senior year. A Writing Intensive course is the standard prerequisite for Senior Seminar; however, programs may have additional requirements. See the Course Description section for specific prerequisites.

All students write a Writing Placement Essay before registering for first semester courses. Students participating in IDHP will write an IDHP placement essay. For information about how AP credit might be applied, see Advanced Placement Credits.

Based on the results of the assessment, ENGL-100 may be required of first-time, first-year students and strongly encouraged for some transfer students. ENGL 100 is generally taken in the same semester as the first part of the writing requirement (LADS 120). Students required to take ENGL-100 must earn a C- or better to advance to ENGL-101. The Coordinator of the Writing Program, or a designee, will make determinations regarding placement in and requirement of ENGL-100 as well as the application of ENGL-100 to second writing courses taken at other institutions.

Students who elect not to complete the IDH Program and do not pass IDHP-210 must take LADS-120 to complete the CORE Reading/Writing Requirement. The grade earned in LADS-120 will replace the IDHP-210 grade in the Career GPA.

Officially declared Core-to-Core students are not required to fulfill the Core Writing Requirement although they may elect to take ENGL-101 if they have not completed a second writing course elsewhere. The Coordinator of the Writing Program, or a designee, will make determinations regarding the application of ENGL-101/ENGL-105 to second writing courses taken at other institutions. Transfer students must either be officially declared Core-to-Core by the Office of the Registrar (student must have provided the Office of the Registrar a final transcript indicating conferral of AA, AS, or an approved AAS); bring in a transfer course equivalent to a “second writing course;” or take an appropriate course at the College. Students who elect not to complete the IDH Program and do not pass IDHP-220 must take ENGL-101 to complete the Core Writing Requirement. The grade earned in ENGL-101 will replace the IDHP-220 grade in the Career GPA. As with all repeated courses, all grades earned appear on the transcript but only the highest calculates into the Career GPA.

Officially declared Core-to-Core students are not required to take a Writing Intensive course, however many courses required in the major and/or prerequisites to Senior Seminar are Writing Intensive. These are required of all students.

**ENGN Policy**
Students who are placed in ENGN 101 and/or ENGN 102 must pass with a C- or better before they are allowed to register for English 101, College Writing. Students for whom English is not a first language may be advised to wait to take LADS 120 until they have more English-intense courses completed.
Foreign Language Requirement*:
The Foreign Languages CORE Requirement enables students to appreciate the language and culture of other peoples and to communicate with them on a basic level or better. As students negotiate meaning, analyze the structure of the language, and make connections with other disciplines, they will learn critical thinking and integrative skills. By studying the culture of other peoples, they become familiar with different ways of looking at the world and thus grow in the CHC Student Learning Outcome of Knowledge of Self and Others. Students fulfill the CORE Foreign Language Requirement by successfully completing two courses in a modern or classical language or one course if they are on the intermediate level or beyond. The Foreign Language Faculty provides placement in an appropriate level.

- If student elects to begin a language not previously studied – two courses at the College are required.
- If placed at the 102-level – two courses at the College are required.
- If placed at 103-level or higher – one course at the College is required.

Course(s) taken at another institution after matriculation at or above the 103-level may be approved if the language is not offered at the College. Students receiving accommodation from the Office of Disability Resources may fulfill the Foreign Language CORE Requirement through an individualized course, Experiences in Language and Culture. Enrollment in this course is based on the approval of the Chair of the Foreign Languages Program, the Director of Student Disabilities, and the student’s advisor.

Transfer students must either be officially declared Core-To-Core; or bring in an equivalent to either 3 credits of a foreign language at the 103 level, or 6 credits of a foreign language at the 101- and 102-level; or take appropriate course/course(s) at the College. Officially declared Core-To-Core students are not required to complete the Foreign Language requirement; however, if they choose to continue with language courses at the College they will require placement by the Foreign Language Program. If they choose to start over in a new language, they do not require placement.

If placed at 103-level or higher – one course at the College is required, which may be chosen from:

- **ENGN-103**: Inter/English Skills for Non-Native
- **FREN-103**: Intermediate French I
- **FREN-214**: Intermediate French II
- **FREN-221**: Grammaire et Composition Avancée

- **FREN-353**: Romantisme et Réalisme
- **FREN-354**: Le Vingtième Siècle
- **FREN-355**: Le Classicisme Éternel
- **FREN-361**: Le Monde Francophone
- **GERM-103**: Intermediate German I
- **GERM-214**: Intermediate German II
- **ITAL-103**: Intermediate Italian I
- **ITAL-214**: Intermediate Italian II
- **LATN-103**: Intermediate Latin I
- **LATN-214**: Intermediate Latin II
- **RUSS-103**: Intermediate Russian I
- **RUSS-104**: Intermediate Russian II
- **SPAN-103**: Intermediate Spanish I
- **SPAN-214**: Intermediate Spanish II
- **SPAN-220**: Spanish for Heritage Speakers
- **SPAN-221**: Adv Grammar/Composition
- **SPAN-222**: Advanced Conversation
- **SPAN-228**: Commercial Spanish
- **SPAN-231**: Introduction to Hispanic Culture/Spain
- **SPAN-232**: Introduction to Hispanic Culture/Latin America

- **SPAN-361**: Literary Works and the Movies They Inspired
- **SPAN-362**: Hispanic Women Writers
- **SPAN-365**: Literature of the Caribbean
- Any Language Special Topics 281 or 481 (when offered)

If placed at the 102-level – two courses at the College are required:

- **ENGN-102**: Basic Engl Skills/Non-Native II
- **AND ENGN-103**: Inter/English Skills for Non-Native Speakers of ENGL 100
- **FREN-102**: Elementary French II
- **AND FREN-103**: Intermediate French I
- **GERM-102**: Elementary German II
- **AND GERM-103**: Intermediate German I
- **ITAL-102**: Elementary Italian II
- **AND ITAL-103**: Intermediate Italian I
- **LATN-102**: Elementary Latin II
- **AND LATN-103**: Intermediate Latin I
- **RUSS-102**: Elementary Russian II
- **AND RUSS-103**: Intermediate Russian I

If student begins a language with 101 – two courses at the College are required:

- **ENGN-101**: Basic Engl Skills/Non-Native I
- **AND ENGN-102**: Basic Engl Skills/Non-Native II
Students receiving accommodation from the Office of Disability Resources may fulfill the Mathematics CORE Requirement through an individualized course, SKLS-100 Experiences in Language and Culture. Enrollment in this course is based on the approval of the Chair of the Foreign Language Program, the Director of Student Disabilities, and the student’s advisor. This course carries three credits and fulfills the language requirement.

**Global Awareness Requirement:**
The Global Awareness CORE Requirement provides students with insight into the process of globalization and how it affects technological, political, cultural and economic issues in the global community. This interdisciplinary seminar challenges students to make connections across multiple disciplines in order to analyze globalizing trends and their relation to cultural understanding and awareness. Students in this course will explore diverse cultural and ethnic perspectives on globalizing trends and issues. Courses meeting the Global Awareness Seminar Requirement address the Student Learning Outcomes of Integrated Learning, Civic Responsibility & Practice, and Knowledge of Self & Others.

Transfer students must bring in an equivalent to GLST-201; or take it at the College. The Coordinator of the Global Awareness Program, or a designee, will make determinations regarding the application of GLST-201 to courses taken at other institutions.

The CORE Global Awareness requirement is fulfilled by successfully completing:
- GLST-201: Global Studies Seminar; or GLST-281: Special Topics in Global Studies; or GLST-481: Advanced Special Topics in Global Studies (when offered); or completing the Inter-Disciplinary Honors Program.

Transfer students must bring in an equivalent to GLST-201; or take it at the College. The Coordinator of the Global Awareness Program, or a designee, will make determinations regarding the application of GLST-201 to courses taken at other institutions.

**Mathematics Requirement:**
The Mathematics CORE Requirement develops in students the ability to reason logically, to analyze and solve problems, to think abstractly, and to express thoughts clearly and precisely. Courses in Mathematics address the CHC Student Learning Outcomes of Critical Thinking and Communication. All students fulfill the Mathematics Requirement, either by achieving LEVEL 1 or LEVEL 2 on the Accuplacer Placement Exam, or by taking an appropriate course or courses according to their placements. Students receiving accommodation from the Office of Disability Resources may fulfill the Mathematics CORE Requirement through an individualized course, SKLS-099 Practical Mathematics. Enrollment in this course is based on the approval of the Chair of the Mathematics Program, the Director of Student Disabilities, and the student’s advisor. This course does not provide credit towards graduation.

**Ethics Requirement:**
The Ethics CORE Requirement provides students not only with an understanding of the content of ethical theories such as utilitarianism, deontology, and virtue ethics, but also with an understanding of how to apply these ethical theories to their daily lives and to social issues. This CORE requirement supports the mission of Chestnut Hill College by upholding ‘an atmosphere of communal respect in which all may clarify and articulate personal values and beliefs while exploring the ethical and moral dimensions underlying all relationships.’ Courses meeting the Ethics CORE requirement address the CHC Student Learning Outcome of Ethical Responsibility and Communication. The CORE Ethics Requirement is fulfilled at the College by successfully completing ETHS-201; or any program-specific course with an “E” designation.

**Religious Studies Requirement:**
The Religious Studies CORE Requirements are met by taking Religious Studies 104: The Religious Imagination or Religious Studies 105: Christianity in Global Context, and one 200-level course or an IDHP seminar with an indicated Religious Studies component. Religious Studies provide valuable insights into individuals as well as entire societies across the world. RLST-104: The Religious Imagination and RLST-105: Christianity in Global Context focus on the relationships among religious belief, community, faith, and reason in global cultural contexts but through different conceptual and historical lenses. Both courses address the CHC Student Learning Outcome of Self and Others.

RLST 200-level courses encourage students to explore the meaning of a spiritual perspective on life, including an understanding of how this perspective shapes and guides decisions. RLST 200 level courses engage the CHC Student Learning Outcome of Spiritual Growth.

**Artistic Requirement:**
The Artistic CORE Requirement is fulfilled by successfully completing a course with an Artistic designation, or by completing the Inter-Disciplinary Honors Program. Courses in this category (Music, Art History, Art Studio and Film) enable students to become aware of, experience, develop, analyze, and/or interpret works of art as the products of the human imagination.

In CORE Artistic courses students will engage in studying, analyzing, interpreting and contextualizing works of art throughout various historical and stylistic periods. Some specific courses engage students in the production of original works in a variety of media to express and interpret their unique human experiences of the world. The methodology employed in these courses develops skills of aesthetic response, the study of elements and principles of form, language and content, critical analysis, interpretation, and reflection, the study of the historical context, music and art making and performance experience. Courses that fulfill the Artistic requirement address Student Learning Outcomes of Intentional Learning, Knowledge of Self and Others, and Critical and Creative Inquiry.

Officially declared CORE-To-CORE students are not required to fulfill the CORE Artistic Requirement. The Chair of the Music, Art Studio, and Art History Programs, or a designee, will make determinations regarding Arts courses taken at other institutions. Transferred Art or Music courses without an equivalent course at the College may be deemed as fulfilling the CORE Artistic Requirement at the discretion of the Chairperson. Transferred courses deemed equivalent may also fulfill the CORE Artistic Requirement even if the student has not completed the College’s pre-requisite for the course.

History Requirement:
The History CORE Requirement is an excellent introduction to the studia humanitas. It provides students with a holistic base from which to explore other humanities disciplines. Courses meeting this requirement evoke an awareness of the development of human societies, examining their political, social, economic, and cultural evolution through the ages. Sustained focused attention will be given to those aspects of the past that have exerted a significant influence on the course of human history. Students will become acquainted with major schools of historical interpretation and writing in relation to course content and will be called upon to form and test historical hypotheses. Courses meeting the History CORE Requirement address Student Learning Outcomes of Critical and Creative Inquiry and Information Literacy. The Core History Requirement is fulfilled at the College by successfully completing one course with a History designation, or by completing the Interdisciplinary Honors Program.

Literary Requirement:
Courses fulfilling the Literary CORE Requirement will introduce students to a range of literary genres and periods, teach them to perform literary critical analysis of primary texts, and foster an appreciation of literature as an aesthetic experience. These courses will focus on the analysis and interpretation of literary texts within their cultural, historical and aesthetic context. Students will develop research skill and practice multiple critical approaches to literary analysis. Courses fulfilling this requirement address the Student Learning Outcomes of Critical and Creative Inquiry and Communication. The Literary CORE Requirement is fulfilled at the College by successfully completing one course with a literary designation or by completing the Interdisciplinary Honors Program.

Officially declared CORE-To-CORE students are not required to fulfill the CORE Literary Requirement. The Chairs of the English, Communication, and Foreign Language and Literature Programs, or a designee, will make determinations regarding Literary courses taken at other institutions. Transferred Literary courses without an equivalent course at the College may be deemed as fulfilling the Literary requirement at the discretion of the Chairperson. Transferred courses deemed equivalent may also fulfill the Literary requirement even if the student has not completed the College’s prerequisite for the course.

**Natural Sciences Requirement:**

The Natural Science CORE Requirement provides students with insight into the key methodological approaches appropriate to science and an appreciation of the relevance of science to daily life. Courses will examine how scientific knowledge is gained as well as the implications and applications of that knowledge. Emphasis is on how scientists perceive and attempt to understand the natural world. Courses meeting the Natural Science CORE Requirement address the CHC Student Learning Outcomes of Critical and Creative Inquiry and Information Literacy. The CORE Natural Sciences Requirement is fulfilled at the College by successfully completing a course with a Natural Science designation.

Officially declared CORE-To-CORE students are not required to fulfill the CORE Natural Sciences Requirement. Transferred Natural Sciences courses without an equivalent course at the College may be deemed as fulfilling the Natural Sciences requirement at the discretion of the Chairperson. Transferred courses deemed equivalent may also fulfill the Natural Sciences requirement even if the student has not completed the College's pre-requisite for the course.

**Social Sciences Requirement:**

The Social Sciences CORE Requirement exposes students to the diversity of human behavior, societies and cultures and prepares students to apply theory and analysis to problems of human behavior and social institutions. Students are challenged to devise solutions to the 21st century problems all while keeping in mind ethical and moral considerations. Courses meeting the Social Science CORE Requirement address the CHC Student Learning Outcomes of Critical and Creative Inquiry and Information Literacy. The CORE Social Sciences Requirement is fulfilled at the College by successfully completing a course with a Social Science designation, or by completing the Inter-Disciplinary Honors Program.

Requirements
Students must complete their Career Connections, Public Speaking and Technology requirements as indicated by their major. Please refer to your major’s program pages for further information.

WCHC-101: Welcome to CHC - taken by students in their first semester, this three credit academic course immerses students in the CHC community. Through weekly study and experiential activities, students become active and engaged members of the campus community, learning the mission by doing and easing their transition to college by making it an object of study, exploring the college, its mission, history, and resources with purpose.

Non-Academic Credits and Requirements:
Non-Academic credits are earned for courses that may be required for graduation, but the credit earned for them is not included in the Academic Credit minimum required for graduation (varies by major). These courses are graded Pass/Fail only. Failures in a P/F course lower the semester GPA and the Career GPA; a grade of P Pass is not calculated as part of the semester GPA or the Career GPA. The following Non-Academic course is required for students in the IDHP program:

FYIN-120: First-Year Initiative - taken in the student’s first semester at the College. (Formerly FYIN-100.) Transitioning from high school to college can be a challenging experience, which is why CHC, like the majority of colleges and universities around the country, requires you to participate in a special first-year course/seminar as an extension of the orientation process you began during your first days here on campus. Your first-year course is called FYI, and it is designed to help you become an engaged and comfortable member of the Chestnut Hill College community, both academically and personally. This course will help you develop essential academic and communication skills. Your FYI team will help you understand the expectations of your professors, options within your major, possible career avenues, and the values of the College. We will also help increase your awareness of the many academic opportunities, resources and support services CHC has to offer. Our commitment to you is to make the time we spend together in this course stimulating, rewarding, and productive in helping you make the transition to college life. Required for all First Year students. Graded pass/fail only. Credits earned not applicable towards graduation.

Degrees
Chestnut Hill College awards the following undergraduate degrees: the Associate of Arts in Liberal Arts (AA), the Associate of Science with a concentration in Life Science (AS), the Bachelor of Arts (BA), the Bachelor of Science (BS), and the Bachelor of Music (BM). Only one undergraduate degree may be earned at a time. Students who pursue a double major that crosses degree programs will need to choose a primary program for which the diploma is issued. Transcripts reflect a second major or minor, however, only one diploma is issued.

Second Baccalaureate Degree
Chestnut Hill College will grant a second baccalaureate degree to students with a baccalaureate degree from Chestnut Hill College or another (regionally) accredited institution who wish to earn a degree in a different major. The student must satisfy the (current) requirements for the SUS core curriculum and the major. For students who have already earned a baccalaureate degree

Some courses with a “B” designation may be restricted to students in a specific Major/minor.

( ) - Program prerequisites vary.

(M) - Core Mathematics Requirement must be fulfilled.
at Chestnut Hill College, at least 30 new credits beyond the original degree and toward the second degree must be completed at Chestnut Hill College; at least 15 of these credits must be in the major field of study. For students who have already earned a baccalaureate degree elsewhere, a minimum of 45 credits toward the second degree must be completed at Chestnut Hill College; at least 15 of these credits must be in the major field of study. Moreover, all Chestnut Hill College graduation requirements (e.g., GPA requirements) must be met.

**Graduation Requirements**

In addition to meeting all of the stated Core Curriculum Requirements (Academic and Non-Academic), a student must apply for graduation with the Office of the Registrar and pay the graduation fee. Although not required, a Degree Audit with the Office of the Registrar is recommended in the Junior year.

A candidate for graduation must hold a minimum Career Grade Point Average of 2.00 and a minimum Major GPA of 2.00. The minimum grade requirement in courses required for a major or a minor (including those courses outside of the major program) is C- (1.70). All courses for a major or a minor are indicated in the Degrees and Programs section. This policy applies to all courses taken by all students in the School of Undergraduate Studies from Fall 2007 forward.

**Major Studies**

The minimum number of academic credits required for graduation is 120; however, majors may differ in that requirement. The major may comprise no more than 60% of the total number of academic credits required for graduation, unless otherwise mandated by an official governing body (e.g., PDE). The remaining 40% includes core requirements and non-major electives. Read the major descriptions carefully to determine the number of credits and specific courses needed for graduation. Students may major in one, or two, of the following areas:

- Accounting
- Biochemistry
- Biology
- Business Administration/Management
- Chemistry
- Computer and Information Sciences
- Computer and Information Technology
- Computer Systems Management
- Criminal Justice
- Cybersecurity
- Digital Forensics
- Early Education (Pre-K to 4)
- Early Education Dual (Pre-K to 4) and Special Education (Pre-K to 8)*
- English Literature
- Environmental Science
- Exercise Science
- Forensic Biology
- Forensic Chemistry
- French
- Health Sciences
- History
- Human Services Leadership and Policy Studies
- International Affairs
- Internl Business, Language and Culture
- Law and Legal Studies
- Marketing
- Mathematical and Computer Sciences
- Mathematics
- Media & Communication
- Molecular Biology
- Political Science
- Psychology
- Secondary Education**
- Special Education
- Spanish

*Students electing to study Early Education Dual (Pre-K to 4) and Special Education (Pre-K to 8) must apply to the Education Program for formal acceptance in the Junior year. Students will be in “Preliminary” status until formally accepted. Consult the Education section for more information.

** Available only as a Co-Major to a Primary Content Area Major. See the Education program section for more information.

**Double Major**

Students may be permitted to pursue a double major if they have earned a Career GPA of 3.20 or better with a minimum of 24 academic credits earned, and make their application before the completion of 75 academic credits.* Students who double major need to fulfill the requirements of each program; Core Requirements need only be completed once. Since additional time may be required to meet the requirements of both programs, it is highly recommended that students discuss any financial concerns with the Offices of Student Accounts and Financial Aid before deciding to pursue a double major.

To declare a double major, the student needs the permission of the Chair(s) of the two programs, and the Dean of the School of Undergraduate Studies. The student must provide evidence of the intellectual aptitude and commitment necessary to complete both programs, and must provide rationale for the request. The Application for a Double Major form may be obtained from the Office of the Registrar, St. Joseph Hall, 3rd Floor. Completed applications are submitted to the Dean of the School of Undergraduate Studies.

Transcripts reflect a second major or minor, however, only one diploma is issued. Students who pursue a double major that crosses degree programs will need to choose a primary program for which the diploma is issued. For example, students who double major in Mathematics and Psychology will need to choose either the BS in Mathematics or the BA in Psychology as the primary program for the degree will be conferred.

* Exceptions may be granted by the Dean of the School of Undergraduate Studies.

**Individualized Major Program**

A student who desires an individualized major designs a program combining at least two disciplines, at least one of which is an existing major. An individualized major is not a double major. In consultation with a Faculty Advisor and with the support of the appropriate Center Chairs, the student prepares a program and submits it to the Dean of the School of Undergraduate Studies for approval.
To be eligible, the student must have a Career GPA of 3.20 or above; to remain in the program, the student must maintain a CGPA of 3.20 or above. The Faculty Advisor will monitor progress in the program. Criteria for acceptance include the coherence of the program, its rationale, and the rigor of its curriculum. Application should be made by the second semester of the Sophomore year or upon completion of 45 credit hours. Requirements for the individualized major will include a minimum of 12 courses relevant to the area of study, with no more than 25% at the 100 level. This will include a Senior Seminar supervised by a program with an existing major determined by the student's advisor and approved by the Dean of the School of Undergraduate Studies. The title of the major will be determined in consultation with the Dean and the student’s Faculty Advisor. Application forms and assistance with the process may be obtained in the Office of the Dean, St. Joseph Hall, 3rd Floor.

Minor Studies and Certificate Programs

Discipline specific and Interdisciplinary Minors

Students who wish to pursue a minor in any discipline must obtain a form from the Office of the Registrar. This form should be taken to the chair of the program in which the student wishes to minor. A student may not have more than three minors. A student may choose to minor in one, two or three of the following areas:

Minor Studies

Students must earn a minimum grade of C- in all classes in a minor in order to be awarded the minor. A minor chosen by a student must include at least two courses not already applied to his/her major, other minors, or core requirements. The only courses that may be graded pass/fail are practicum, internship, or courses deemed eligible at the discretion of the Center. Students may declare up to three minors. Students may use a maximum of two transfer courses toward the requirements for a minor.

Certificates

Certificates may be earned in several areas:
- Certificate in Montessori Education
- Certificate in Religious Education
- Certificate in Intercultural Foundations

Interdisciplinary Honors Program

The College’s Interdisciplinary Honors Program (IDHP) is designed to challenge students to pursue a creatively different approach to the liberal arts. Please refer to the Interdisciplinary Honors Program section of the catalog for more information and to the Handbook available from the Director. Interested students may apply for the complete Interdisciplinary Honors Program or for a single Honors seminar. (Please note that registration for seminars is limited and preference is given to students pursuing the complete program.) For more information, please see the Interdisciplinary Honors Program section or contact the program director, Dr. Marie Grogan, Room 207, St. Joseph Hall. Telephone: 215.753.3654. Email: groganm@chc.edu.

Special Degree Programs

Combined Programs

The BA in Psychology/MS in Counseling Psychology provides the opportunity for exceptionally qualified students to work on a bachelor's degree and a master's degree simultaneously. This program allows study at undergraduate and
Students are permitted to withdraw from a course with the approval of a Faculty Advisor. A student who wishes to withdraw from a course or courses must complete the Change of Registration Form. If a student completes a Change of Registration Form before the deadline indicated on the Academic Calendar a non-punitive grade of “W-Withdrawal” is recorded on the transcript; the GPA is not affected. After the deadline, a grade of “WF- Withdrawal/Failing” is assigned and the GPA is affected. Students are responsible for all outstanding debts to the College regardless of the grade assigned. Students should understand that withdrawing from a course may jeopardize financial aid, student related benefits, and/or athletic eligibility for that term or a subsequent term, and should speak with appropriate offices for information on the impact of a withdrawal before making that decision with the Faculty Advisor. Once a course has been withdrawn, it cannot be reinstated without the permission of the Dean of the School of Undergraduate Studies via the Petition to Add/Drop/Withdraw Retroactively (see below.)

The combined BS in Human Services Leadership and Policy Studies/MS in Administration of Human Services provides an excellent opportunity for qualified Human Services Leadership and Policy Studies majors in the School of Undergraduate Studies to complete the MS degree in Administration of Human Services in the School of Graduate Studies. Students majoring in Human Services Leadership and Policy Studies are eligible to apply to the program once they have achieved Senior status. Transfer students must take a minimum of 15 credits at Chestnut Hill College and earn a Career 3.20 GPA in these courses before making application to the program. Each student will be expected to meet the admissions requirements of the School of Graduate Studies and be provisionally accepted into the program before registering for any graduate courses. Formal acceptance will be granted upon receipt of a transcript verifying successful completion of the undergraduate degree program. For more information, please contact Lauren Barrow, Room 211, St. Joseph Hall, 215.248.7719, barrowl@chc.edu.

Repeated Courses

To Earn a Better Grade
A student may repeat a course in an effort to earn a better grade but the student must repeat the exact course and must do so at Chestnut Hill College. Academic credits for a course may be earned only once unless the course is designated Repeatable for Credit. There is no limit to the number of times a student may repeat a course to earn a better grade.

If a student repeats a course, only the highest grade earned by the student will be used to calculate the student’s GPA. The lower grade(s) will be forgiven in the calculation of the student’s GPA. However, all instances of a course and all grades earned will appear on the student’s transcript. If a grade is replaced in the calculation of a student’s GPA, the forgiven grade will be marked with an asterisk (*) on the student’s transcript and the higher grade will be marked with an “R” for Repeated.

Courses that are repeated to improve a grade are counted in Attempted Credits but only one passing grade is counted towards the Career Earned Credits. Enrollment status for any semester (e.g. full-time, half-time) as it relates to Financial Aid eligibility may be impacted as a result of repeating courses. Please check with Student Financial Services before repeating a course for which you have already received a passing grade and only need to improve the grade.

Accumulated Credit
Certain courses may be repeated but the academic credits accumulate towards the minimum required for graduation. The course description indicates courses that are Repeatable for Credit. Program Special Topics courses (number 281 or 481) are, in most cases, repeatable for credit when topics are different. Courses that are repeated and the academic credits accumulated towards the minimum required for graduation are counted in both Attempted Credits and, if an appropriate grade is earned, in the Career Earned Credits total. No symbols appear next to courses repeated to earn accumulated credits.

Completed Change of Registration Forms should be returned to the Office of the Registrar, St. Joseph Hall, 3rd Floor East Wing. Telephone: 215.248.7005. Fax: 215.242.7714. Email: registrar@chc.edu. Forms may be obtained on the My CHC Portal or in the Office of the Registrar.
From the College Completely

A student who wishes to withdraw from all courses in the School of Undergraduate Studies, and effectively from Chestnut Hill College, must complete the Withdraw from the College form. Students should understand that withdrawing from all courses, and the College, may jeopardize financial aid or athletic eligibility for that term or a subsequent term, and should speak with appropriate offices for information on the impact of a withdrawal before making their decision.

A non-punitive grade of “W- Withdrawal” is recorded on the transcript if the student withdraws before the deadline indicated on the Academic Calendar. The GPA is not affected. After the deadline, a grade of “WF- Withdrawal/Failing” is assigned and the GPA is affected. Students are responsible for all outstanding debts to the College regardless of the grade assigned.

Completed Withdraw from the College forms should be returned to the Office of Academic Advising, St. Joseph Hall, 3rd Floor. Telephone: 215.242.7735. Fax: 215.753.3661. Email: success@chc.edu. Forms may be obtained on the My CHC Portal or in the Office of Academic Advising, St. Joseph Hall, 3rd Floor.

Administrative Withdrawal Based on Attendance for the School of Undergraduate Studies

The Office of Academic Advising in conjunction with the Registrar's Office has the authority to withdraw a student who is not attending any of his or her courses.

Administrative withdrawals based on Attendance occur under two circumstances:

- A student never attended any of his or her courses: The Office of Academic Advising and the Registrar’s Office may initiate the Administrative Withdrawal when notified that a student never attended any of his or her courses during the first two weeks of the semester. Any student reported by an instructor to the Office of Academic Advising as not attending courses will be investigated. The Academic Advising Office will contact the student about his or her registration status. If contact cannot be made in a week’s time of the non-attendance report, the student will be withdrawn from all courses. The Office of Academic Advising will e-mail the student notifying him or her of this action. The students’ courses will be retroactively dropped.

- A student stopped attending all of his or her courses: The Office of Academic Advising and the Registrar’s Office may initiate the Administrative Withdrawal when they are notified by individual instructors that a student has not attended his or her course for two consecutive weeks. The Academic Advising Office will contact the student about his or her registration status. If contact cannot be made in a week’s time of the report, the student will be withdrawn from all courses. The Office of Academic Advising will e-mail the student notifying him or her of this action.

Any student receiving financial aid who is thus withdrawn from the College will have his/her financial aid award for the respective semester cancelled or adjusted, based on the date the Office of Academic Advising and the Registrar's Office initiated the Administrative Withdrawal. The student will be responsible for any applicable charges. Any student living in the residence halls will be required to move out within 24 hours of the withdrawal date. The College refund policy applies to administrative withdrawals. Please note if a student’s official withdraw date is after the Withdrawal without Failure deadline, the student will receive WFs on his or her transcript.

Students who wish to appeal their administrative withdrawal may do so within the semester in which the withdrawal occurs. Appeals are made in writing to the Dean of the School of Undergraduate Studies before the end of the semester. Students must present appropriate documentation sufficient to establish grounds for the appeal. The Dean’s decision is final.

NOTE: If a student decides to discontinue one or more courses, but not all, he or she is responsible for following the normal withdrawal procedures through the Registrar’s Office. The Administrative Withdrawal process is only applicable to students who do not attend any of their courses.

Leave of Absence Policy

At times, students may encounter circumstances that require time away from the College. In these situations, a student may request a leave of absence (LOA). A leave of absence may be requested for a variety of reasons. This policy specifically speaks to the following categories:

- Short-Term Leave of Absence
- Personal Leave of Absence
- Medical Leave of Absence
- Involuntary Medical Leave of Absence
- Compassionate Leave of Absence
A LOA provides students with the opportunity to remain in standing with the College and eliminate the need to apply for readmission. In each case described below, the student is responsible for completing the necessary paperwork and providing appropriate documentation.

In general, a LOA is designed to allow a student to completely step away from the institution. Students needing to change their status from full-time to part-time, who need to request an incomplete, or who need accommodations in order to stay successfully enrolled should contact the Dean of the appropriate school (Undergraduate, Continuing and Professional Studies, or Graduate), the Disability Resource Center, or consult the appropriate policy in their respective Academic Catalog.

Please note that any leave from the institution may have financial aid implications. Students are encouraged to review the Return of Title IV Funds Policy found in the Academic Catalog and to meet with Student Financial Services prior to finalizing a LOA.

**Short-Term Leave of Absence**

In the event of an immediate and significant personal or medical emergency, a student may request a Short-Term Leave of Absence (SLOA). A SLOA is intended to allow the student to fully focus on the issue. A SLOA provides for excused absences from classes but students are responsible for learning and making arrangements with their faculty for making up academic work. A SLOA may be granted for up to 10 business days. If, after 10 business days, the student is unable to return to classes, a Personal, Medical, or Compassionate Leave of Absence will be considered. Requests for a SLOA will be made to the Dean of the appropriate school (Undergraduate, Continuing and Professional Studies, or Graduate). While each request will be handled using an individualized assessment, common reasons to request a SLOA include accident, injury, illness requiring hospitalization, surgery, or bereavement (death of a parent, sibling, child, significant other, partner, or other close family member). Upon approval, the Dean's office will communicate the SLOA to the student's faculty. In general, a student will not be permitted to remain in the residence halls or participate in any activities during a SLOA; exceptions to this will be made collaboratively by the Dean, the Director of Residence Life, and other appropriate staff.

A SLOA cannot be granted retroactively but can be processed while the student is off campus, and may be initiated by proxy if the student is unable to request it themselves. Students are encouraged, at all times, to remain in close communication with their faculty, advisor, and other support personnel on campus.

Upon returning from a SLOA, a student will be asked to meet with a member of the Dean's Office, Academic Advising, or Student Life staff (as appropriate) to discuss proper support to ensure a successful return to campus. The student is responsible for working individually with faculty to complete missed course assignments.

**Personal Leave of Absence**

While enrolled at the College, students may encounter situations that require them to take a longer time away than that covered by a SLOA. While there are widely varying reasons that a student may request a Personal Leave of Absence (PLOA), common grounds include financial, military service, and other personal reasons. In order to request a PLOA, a student must:

· Submit a written request for a PLOA to the Dean of the appropriate school (Undergraduate, Continuing and Professional Studies, or Graduate), including documentation to verify the circumstances precipitating the need for a PLOA.

· Upon receipt of the written request, the Dean will request a meeting with the student; every effort will be made to hold a meeting within 5 business days, including having a telephone meeting, with the goal of approving or denying the request within an additional 5 business days.

A student may request a SLOA while applying for a PLOA. A student may not request a PLOA in order to avoid student conduct, academic misconduct, or other disciplinary proceedings. In cases of alleged policy violation, a student may choose to withdraw from the College but would be placed on a Dean’s Hold and would need to resolve the pending issue prior to be considered for readmission.

**Medical Leave of Absence**

While enrolled at the College, students may encounter physical and/or mental health issues that interfere with their ability to fully and safely engage in the academic and campus life of the institution. A Medical Leave of Absence (MLOA) allows a student to step away from their studies to receive the appropriate treatment. A MLOA is designed to support students when treatment for a physical and/or mental health issues requires more time than that afforded under a SLOA. Common reasons for a MLOA may include major accident, injury, significant illness requiring extended treatment, addiction and substance use disorders, and/or mental health reasons. In order to request a MLOA, a student must:

· Have a documented major physical or mental health issues that cannot be mitigated in a short period of time.
· Provide documentation from a licensed health professional that supports the specific physical or mental health issues. This documentation must be typed and submitted on official letterhead. This documentation should specify the reasons for the leave and the anticipated length of time needed for the leave.

· Depending upon the condition of the student, the Dean may request a meeting with the student. However, when in the best interest of the student, a decision may also be made based on the provided written documentation.

A student may request a SLOA while applying for a MLOA. The Dean’s office will make the final determination on a MLOA.

**Involuntary Leave of Absence**

In most cases the College will work with the student to create a mutually agreeable and voluntary leave. In rare cases, Chestnut Hill College may determine that an involuntary Medical Leave of Absence (IMLOA) is necessary. An IMLOA will be considered when a student is unable to participate in campus and academic life due to medical issues and/or when a student’s behaviors are disruptive to the educational or co-curricular experience on campus. While any IMLOA will be handled using an individualized assessment, acute danger to self or others, an inability to manage daily tasks, and/or an inability to follow a prescribed behavior plan (including use of appropriate support services) may result in the College initiating the IMLOA process. The decision to mandate an involuntary Medical Leave of Absence will be made following an individualized assessment; this individualized assessment may include members of the College’s Wellness Team and/or Threat Assessment Team. An IMLOA may be short-term (10 business days or less) or long-term (e.g. the remainder of the semester or academic year).

A student who disagrees with the College’s decision to impose an involuntary MLOA may submit an appeal. Appeals will be reviewed jointly by the Vice President for Academic Affairs and Vice President for Student Life; the involuntary MLOA will remain in effect while the appeal is pending. Appeals must be received within 5 business days of being placed on an Involuntary Leave, must be made in writing and include appropriate documentation to support the appeal. The Vice President for Academic Affairs and Vice President for Student Life may request to meet with the student (as appropriate) and consult with other staff members who have knowledge about the original decision. An appeal decision will be issued within 5 business days. This decision will be communicated in writing and will be final.

During an IMLOA, a student may be subject to restrictions including, but not limited to, temporarily being banned from campus, removal from College housing, and/or restriction from participating in any curricular or co-curricular educational experiences or activities.

**Compassionate Leave of Absence**

While enrolled at the College, students may encounter situations that require them to take leave to care for a sick parent, partner, or dependent, or following the birth or adoption of a child. In these cases, a student may request a Compassionate Leave of Absence (CLOA). In order to request a CLOA, a student must:

· Submit a written request for a CLOA to the Dean of the appropriate school (Undergraduate, Continuing and Professional Studies, or Graduate), including documentation to verify the circumstances precipitating the need for a CLOA.

· Upon receipt of the written request, the Dean will request a meeting with the student; every effort will be made to hold a meeting within 5 business days, including having a telephone meeting, with the goal of approving or denying the request within an additional 5 business days.

A student may request a SLOA while applying for a CLOA.

**Returning From a Leave of Absence**

The request to return from a LOA, including the required documentation if returning from a MLOA, must be submitted to the Dean of the appropriate school (Undergraduate, Continuing and Professional Studies, or Graduate) utilizing the instructions provided at the time of the leave. The College and the student may mutually agree to extend this deadline when appropriate. Return from a LOA will not be permitted following the drop/add period for the specific semester during which the student is attempting to return. This policy is designed to support the success of students as they reenter into their education at the College.

Returning from any type of LOA can be simultaneously rewarding, exciting, stressful, and demanding. To help ensure a successful reentry, students returning from any type of voluntary LOA are required to meet with a member of the Dean’s Office, Academic Advising, Student Life, and/or other appropriate staff. In order to return from a MLOA, the student must submit documentation (typed and submitted on official letterhead) from a licensed health professional addressing the student’s current health status and ability to return to his or her studies.
Depending upon the reasons for the original leave, the student may decide to request support from a number of offices on campus. As appropriate, the College strongly encourages students to utilize the Counseling Center, Student Health, the Disability Resource Center, Academic Advising, Residence Life, and the respective Dean’s offices upon return from a LOA.

Returning from an IMLOA requires a student to fulfill all conditions set forth in the written notification of the IMLOA. In order to return from an IMLOA, the student must submit documentation (typed and submitted on official letterhead) from a licensed health professional addressing the student’s current health status and ability to return to his or her studies. The request to return from an IMLOA must be submitted utilizing the instructions provided at the time of the leave. Working in collaboration with the Wellness Team and Threat Assessment Team, the Dean of the appropriate school (Undergraduate, Continuing and Professional Studies, or Graduate) and/or the Dean of Student Life may place conditions upon the student’s continued enrollment at the College. Failure to comply with these conditions may result in another IMLOA or Administrative Withdrawal from the College.

In all types of LOA, a student who fails to contact the College within the determined time period, and who subsequently fails to establish communication with the College, may be withdrawn from the institution per the College’s Administrative Withdrawal Policy.

Military Students
Chestnut Hill College requires all students to adhere to the same academic policies and procedures. However, the College does recognize the unique circumstances involved in military service. Please contact the Office of the Registrar at 215-248-7005 or email at registrar@chc.edu for specific questions regarding disruption of your academic program (e.g., deployment), change of registration, course withdrawal or incompletes.

Chestnut Hill College limits academic residency requirements for active-duty service members (including full-time active-duty Reservists and National Guardsmen) to no more than twenty-five percent of the degree requirements for all undergraduate degrees. Academic residency can be completed at any time while active-duty service members are enrolled.

Requests to Change Registration Retroactively
Students must complete all course registration changes and/or requests within the timeframe indicated on the Academic Calendar. Requests to change course registration after a deadline has passed may be made to the Dean of the School of Undergraduate Studies via the Petition to Add/Drop/Withdraw Retroactively. Examples of such changes include dropping a course after the deadline; adding a course after the deadline; changing WF to W or an F to W.

Completing the petition and submitting the required documentation does not guarantee that a change will be made to the registration. All documentation and information regarding the situation will be considered; however, the decision to change a course registration retroactively is solely at the Dean’s discretion. All decisions are final; there is no appeal process. The Petition to Add/Drop/Withdraw Retroactively is available in the Office of the Registrar, 3rd Floor, St. Joseph Hall.

Grades and Grading

Grading System
Chestnut Hill College uses an unweighted 4.00-scale grading system.

Courses with a grade of F, WF, or Grade + N are calculated in the Term and Career GPAs as well as Attempted Credits, but any credits passed are not calculated in Earned Credits.

Grades that DO NOT affect the Term or Career GPA:

Courses with a grade of P, I, PI, W, AU, or NR, and are not calculated in either the Term or Career GPAs, nor are any credits passed calculated in Earned Credits. Courses with a grade of Grade + # are not calculated in either the Term or Career GPAs, however, credits are calculated in the Attempted Credits total and, if the course was completed successfully, the Earned Credits total. Courses with a grade of TR are not calculated in either the Term or Career GPAs but are counted in both Attempted and Earned Credits.

**Pass/Fail Grading Option**

Students having earned at least 24 academic credits may take up to 4 credits per semester of electives on a Pass/Fail (P/F) basis. The total number of P/F courses taken may not exceed 18 credits. Electives are defined as any course not required for a major or minor or the core curriculum. A course may be taken P/F (even a course in the major program), but it will count as an elective and will therefore not be counted toward the requirements for the major or the minor. The only P/F credits that may be counted towards a major or minor requirement are those earned for fieldwork, internships or practica at the discretion of the program.

Requests to change the grading option must be received in the Office of the Registrar by the deadline published in the Academic Calendar. The Instructor’s permission is required to change the grading option of a course after the drop/add deadline as published in the Academic Calendar.

Academic credits earned P/F count towards the minimum 120 credits required for graduation. Failures in a P/F course lower the GPA; a grade of P is not calculated as part of the Career GPA. Students may change their status from a standard letter grade to P/F only with permission of the Instructor.

**Auditing**

Students with Senior status may audit (AU) a course if enrollment permits. The credit hours are counted for billing purposes; however, they are not counted towards graduation. A grade of AU appears on the official transcript; credits do not count towards the Career Earned nor does the AU affect the GPA.

Requests to change the grading option must be received in the Office of the Registrar by the deadline published in the Academic Calendar. Instructor’s permission is required to change the grading option of a course after the drop/add deadline as published in the Academic Calendar.

**Incomplete Grades**

A student may request a grade of Incomplete (“I”) from the faculty member of a given course, however Incomplete grades are granted for serious reasons only (e.g., sickness requiring medical intervention and care, a death in the family, or other unexpected
and unavoidable circumstances which preclude the completion of work on time). The granting of an Incomplete is at the discretion of the faculty member and Center Chair. Requests for an Incomplete made after the last class or final exam meeting will not be accepted or approved.

If the faculty member agrees that the reason for the Incomplete is justified, the faculty member and student discuss the requirements for the completion of the course including a time-line for the submission of required materials/assignments. The time-line must not exceed beyond 6 weeks after the final exam meeting.

The student then obtains a “Course Incomplete” form from the My CHC Portal. The student completes the form and then presents it to the faculty member for review and for his/her signature. After the faculty member signs the form, the student takes the form to the Center Chair for his/her signature and then returns the form to the Office of the Registrar.

The student assumes full responsibility to make sure that all the requirements are fulfilled and submitted to the faculty member in a timely manner. The faculty member will grade all the material and submit the grade to the Registrar via CHC email by the deadline. If the work is not completed and submitted at the end of the day designated by the faculty member, then the student will automatically receive a grade of “F”.

The maximum time frame for completion of incomplete work is 6 weeks after the final exam meeting. For exceptional circumstances that are fully documented, the deadline may be extended with written approval of the Dean of the School of Undergraduate Studies. To obtain this special approval, the student must submit the request, including reasons for the extension, in writing to the faculty member. If the faculty member is willing to grant an extension, he/she will forward the request to the Dean for final approval.

**Mid-Term Grades**

Mid-term Grades are issued to all First-year students, transfer students who have not earned/transferred more than 24 academic credits, student athletes, and students on Academic Warning or Probation. Mid-term Grades may be issued to other students at the Instructor’s discretion.

Mid-term Grades are for informational purposes only; they are not part of the student’s academic history and do not “automatically” calculate into the Final Grade. All grades may be viewed on the My CHC Portal; no unsolicited mailers are ever sent regarding grades.

**Final Grades**

After a Final Grade has been submitted to the Office of the Registrar, it may not be changed unless the Instructor has made an error in the calculation or submission. An Instructor may neither assign nor accept any additional work after submitting the Final Grade. The possibility of having a Final Grade changed is not a substitute for requesting an Incomplete.

It is imperative that students verify all Final Grades on the My CHC Portal as soon as possible following the completion of the course. Any grade inconsistencies must be brought to the Instructor’s attention within the following timeframe:

- Within 30 calendar days from the grade submission deadline for courses in the School of Undergraduate Studies
- Within 10 calendar days from the grade submission deadline for courses in the School of Continuing Studies
- Within 30 calendar days from the grade submission deadline for courses in the School of Graduate Studies

Consult the School’s Academic Calendar for deadline information. After that time, all Final Grades will be regarded as accurate and will not be changed.

**Grading Issues**

**Appeal Process**

After a Mid-term or Final Grade has been submitted to the Office of the Registrar it may not be changed unless the Instructor has made an error in the calculation or an error in submission. Grade discrepancies in School of Undergraduate Studies courses must be identified within 30 calendar days of the grade submission deadline indicated on the Academic Calendar. After that time, a grade may not be changed for any reason.

Students who feel there has been an error in grading may request a review by following the steps outlined on the Request for Final Grade Review/Appeal form available in the Office of the Registrar. If the Instructor of the course is no longer employed at the College, or is otherwise incapacitated, the student should contact the Chairperson of the Center.

First, the student should ask the Instructor to review the grade issued in case an error has been made. Very often a grade issue can be resolved without any further action. If there was indeed a miscalculation or submission error, the Instructor should refer to the Grade Change Following Submission policy to have the correct grade posted.
If the issue cannot be resolved by conversation, the student should complete a Request For Final Grade Review form and submit it to the Instructor with any relevant materials (papers, tests, assignments, etc.) supporting a request for a grade review. The Instructor must respond in writing within 5 business days of receipt of the request indicating either that there was indeed a miscalculation or submission error, or presenting a detailed explanation supporting the grade issued.

The student then has 10 business days from receipt of the Instructor’s written response to contact the Chairperson of the Center for additional review. The student forwards the completed form, all of the documentation submitted to the Instructor, the Instructor’s reply, and a detailed rationale for a review beyond the Instructor.

The Chairperson will respond to the student in writing within 10 business days of receipt of the written appeal indicating either that there was indeed a miscalculation or submission error, or presenting a detailed explanation supporting the grade issued.

If the issue still remains unresolved, the student has 10 business days to appeal to the Dean of the School of Undergraduate Studies by forwarding the completed form, all of the documentation submitted to the Instructor and Chairperson, the replies received, and an additional detailed rationale for review beyond the Chairperson.

A committee consisting of the Dean and three faculty members chosen by the Dean will be formed. The committee will convene as soon as possible and the Dean will forward all relevant materials to the members in sufficient time to review. A meeting will be scheduled where the student and the Instructor will present their arguments in one another’s presence. Both will answer questions from the committee who will then review the evidence and testimony in private and reach a decision. The Dean will notify the student of the final decision in writing. The committee’s decision is absolute and concludes the Final Grade Review/Appeal Process.

**Good Academic Standing**
A student with a Career GPA of 2.00 or above is considered to be in “Good Academic Standing.” Letters affirming Good Academic Standing are available from the Office of the Registrar and must be requested in writing. Email registrar@chc.edu for assistance.

**Satisfactory Academic Progress for Graduation**
A full-time student in the School of Undergraduate Studies whose Career Grade Point Average (CGPA) or semester GPA falls below 2.00 will be subject to Academic and Financial Aid Review and possible Warning, Probation, or Dismissal. Students attending less than full-time should speak with the Office of Academic Advising and Student Financial Services to determine their benchmarks for Satisfactory Academic Progress.

**Semester Grade Point Average Benchmarks**
Any continuing student, regardless of Career Academic Credits Earned, whose semester GPA is below 2.00 will be contacted by the Office of Academic Advising via their CHC email accounts.

**Career Grade Point Average Benchmarks**

**Warning**
Students not meeting the required minimum CGPA indicated on the chart below during the Fall or Spring semester will be placed on both Academic and Financial Aid Warning. Warning status is noted on the official transcript. Students then have the next full semester to reach the minimum CGPA indicated:

<table>
<thead>
<tr>
<th>Career Academic Credits Earned</th>

<td>2.00</td>
</tr>
</tbody>
</table>

Students on Academic and Financial Aid Warning who reach the minimum CGPA after the following semester will be considered to be making Satisfactory Academic Progress for Graduation and for Financial Aid. Students must continue to make progress or they risk additional Warning, Probation, or Dismissal. Although there is no limit to the number of times a student may be placed on Academic and Financial Aid Warning, regularly not meeting the minimum CGPA puts the student in jeopardy of passing the 6-year/180 attempted credit period of Financial Aid eligibility.

Students placed on Academic and Financial Aid Warning are contacted in writing by Student Financial Services and via CHC email by the Office of Academic Advising.
Probation
Students on Academic and Financial Aid Warning who DO NOT reach the minimum CGPA after the following semester are NOT making Satisfactory Academic Progress for Graduation or for Financial Aid and will be placed on both Academic and Financial Aid Probation for the following semester. Students on Financial Aid Probation are NOT eligible for Federal Financial Aid. Probation status is noted on the official transcript and students placed on Academic and Financial Aid Probation are contacted in writing by Student Financial Services and via CHC email by the Office of Academic Advising.

Students on Academic and Financial Aid Probation are permitted to register online for the following semester, albeit without access to Federal Financial Aid, and must meet with the Office of Academic Advising on a routine basis to discuss progress.

Students on Academic and Financial Aid Probation who reach the minimum CGPA after the following semester will be considered to be making Satisfactory Academic Progress for Graduation and for Financial Aid. Registration in the following semester is not restricted and Financial Aid eligibility is restored.

Students on Academic and Financial Aid Probation who DO NOT reach the minimum CGPA after the following semester are NOT making Satisfactory Academic Progress for Financial Aid and will not be eligible for any future Federal Financial Aid until they reach the minimum CGPA. Students are permitted to register online for the following semester, albeit without access to Federal Financial Aid, and must meet with the Office of Academic Advising on a routine basis to discuss progress.

Dismissal
Students on Academic Probation for the second consecutive semester who DO NOT reach the minimum CGPA are NOT making Satisfactory Academic Progress for Graduation and shall be dismissed from the College. A Registrar’s Office hold is placed on all dismissed students and the dismissal is noted on the official transcript. Dismissal letters are emailed, as well as sent via expedited mail to the student’s Permanent Address on file.

Students dismissed from the College may file an Appeal by following the details in the dismissal letter. The decision to reinstate and the criteria for reinstatement are at the discretion of the Academic Review Committee. The decisions of the Committee are final; there is no further appeals process.

Reinstatement Following Appeal
Dismissed students who file an Appeal may be allowed to return to the College under certain circumstances. Students who are reinstated return to the College on Academic and Financial Aid Probation and must meet all specified criteria or risk dismissal.

Students who are dismissed and have not been away from the College for more than one year do not need to reapply. Students who are dismissed and have been away from the College for more than one year must reapply.

Students who are dismissed and have been away from the College for a minimum of four consecutive years may petition for Academic Amnesty. If Amnesty is granted, the Office of the Registrar will update all courses taken prior to readmission to remove their grades from the Career Grade Point Average calculation (CGPA). This resets the CGPA to 0.00; only grades earned following readmission will comprise the CGPA. Students are then restored to Good Academic Standing and are eligible for Federal Financial Aid.

Credit Load/Overload
An undergraduate student enrolled for 12 or more academic and/or Non-Academic credits is considered a Full-time student. A normal credit load is 15 academic credits; however, students in special programs and those on Academic Probation may have additional limitations.

To enroll for more than 17 academic hours in a semester, the student must have a term GPA of 3.20 or above for the most recent full-time semester completed. In cases where the demands of a program’s schedule require a student to enroll for more than 17 hours, an exception to the minimum GPA of 3.20 may be made. Please note that such an exception requires the permission of the Faculty Advisor. Additional tuition, at the current per credit rate, will be charged for all academic credits beyond 18.

Class Level (First Year/Sophomore/Junior/Senior)
Undergraduate class level is determined by the number of academic credit hours earned by the student. Level is calculated using credits earned at the College or transferred in to date. Please note that currently enrolled courses are not included in that calculation. For Sophomore status, a student must have completed 24 academic credits; for Junior status, 54 academic credits; for Senior status, 84 academic credits.

Online registration is opened for students by class: Seniors have first choice, followed the next day by Juniors, Sophomores, then First Year/unverified transfer students. Transfer students are considered Freshman for registration purposes until an official and/or final transcript has been received and evaluated.
Advanced Placement Credits
Chestnut Hill College accepts Advanced Placement credits* with a score of 3, 4, or 5. A student may receive up to 4 credits per exam, depending on the equivalent college course and contingent on Center approval. A student may receive credit for a General Education or Elective course with a score of 3. A score of 4 or 5 may be applied to courses required for the major. The respective program will determine course equivalents. Programs may waive certain courses based on the AP score, but the student is responsible for the total required number of hours in the major and the Core Curriculum. Exceptions/Information may be found in the Center pages in this catalog.

Graduate-Level Courses
A student may begin work in the Chestnut Hill College School of Graduate Studies while fulfilling the requirements for an undergraduate degree if the student's academic performance justifies such action. Graduate-level credits earned in excess of those required for the undergraduate degree may be applied towards an advanced degree when the credits earned are not applied towards the undergraduate degree. The student must have Senior status, a Career GPA of 3.00, and permission of the Center Chair and Dean of the School of Graduate Studies.

The combined number of graduate and undergraduate credits may not exceed 15 per semester. Registration is on a space-available basis; the student must comply with any required course sequencing and must fulfill all prerequisites. Full-time undergraduates who register for both undergraduate and graduate courses pay no additional tuition or fees. Part-time undergraduates, and those taking graduate-level Summer courses, must pay the graduate tuition rate.

Course Agreements with Other Institutions

The cooperative agreement with La Salle University enables full-time undergraduate students to take courses at La Salle University during the Fall and Spring semesters at no extra charge. Students receive full credit for these courses, which are included in the Chestnut Hill College GPA. Students need the permission of their academic adviser to take courses at LaSalle University and should register for these courses through the Office of the Registrar.

The Association of Colleges of Sisters of Saint Joseph Student Exchange Program offers Chestnut Hill College students the opportunity to enrich their educational experience by studying for a semester or a year at one of seven other colleges founded and/or operated by the Sisters of St. Joseph: Avila College (Kansas City, MO); Elms College (Chicopee, MA); Fontbonne College (St. Louis, MO); Mount St. Mary's College (Los Angeles, CA); Regis College (Weston, MA); The College of St. Catherine (St. Paul, MN); and The College of St. Rose (Albany, NY).

Full-time students in the School of Undergraduate Studies may register for up to two undergraduate courses per Standard Academic Year at any other Southeastern Pennsylvania Consortium for Higher Education (SEPCHE) member institution. SEPCHE institutions include Cabrini College, Gwynedd-Mercy College, Holy Family University, Immaculata University, Neumann College, and Rosemont College. The SEPCHE Cross Registration program is designed to provide increased educational opportunities for students of any member institution. Through this program, students have the option to take courses that are not being offered at their home campus and to experience the varied and diverse resources on member campuses across the Delaware Valley.

Students must have completed at least one year as a full-time student at Chestnut Hill College before taking courses through the Cross Registration program. Courses may not be taken at a member institution if that course or its equivalent is offered at the home institution in the same semester. No tuition or fees will be charged by the host institution, except for special or extra fees that are part of the courses taken, such as lab fees. The Cross Registration is available only for Fall and Spring semesters. The Program does not apply to Summer, accelerated or weekend courses, independent study, study abroad, tutorials, internships, practicum field experience, student teaching, private music lessons, or per credit hour or graduate students.

Permission to Take Courses at Another Institution
Students who wish to take courses at other colleges or universities during the summer must have the courses approved by the Faculty Advisor. Permission to Take a Course at Another Institution forms are available from the Office of the Registrar. Transfer credits will be awarded for only those courses in which a grade of C (2.00) or better has been earned. All transferred courses are recorded with a grade of TR-Transfer. It is the student’s responsibility to ensure that a final, official copy of the transcript is received in the Office of the Registrar. No credit will be given for any course unless the final, official transcript is received. Students also have the opportunity to take courses at Academium College Consortium. If interested, students should contact their advisor.

Before registering at another institution, please consult the Office of the Registrar for guidance.
Restrictions
Students are ordinarily required to complete the last 24 credits of any course work at Chestnut Hill College.

Once matriculated, students are ordinarily required to complete major courses at Chestnut Hill College. Courses taken through our agreements with ACSSJ Consortium, SEPCHE, Jefferson, and LaSalle are considered Chestnut Hill College courses. Credits earned through study abroad may be applied to the major with the approval of the program.

Transfer credits may not be earned during the Fall and Spring semesters by matriculated students. Although transfer credits are added to the total number of credits earned, they are not included in the student’s Career GPA unless they are earned at LaSalle University or at a SEPCHE institution during the Fall or Spring semesters. Summer courses taken at La Salle University or at SEPCHE institutions are recorded with a grade of TR.

Courses completed at non-regionally accredited institutions, and which have not been evaluated by ACE are subject to the following conditions:

- A sub-committee of the Articulation Committee, composed of the faculty members and a representative of the Registrar’s Office, will determine whether or not the course is on the required level for college credit.
- The appropriate program will then determine the equivalency and applicability of the course for its program, or its qualification as a free elective.
- If the course does not belong in any Chestnut Hill College program, the committee will make the final decision.

Credits earned while studying abroad are not included in the Career GPA except when part of an official program sponsored by the College. See the Study Abroad section for details.

Alternative Assessments
There are several alternate ways by which matriculated, full-time students may earn credit for courses at Chestnut Hill College, namely, through Challenge Examinations, College Level Examination Placement (CLEP), and Portfolio Assessment. Application for any of these experiences must be made through the Office of the Registrar and approved by the Dean of the School of Undergraduate Studies, after consultation with the program involved. The deadline for such application is the same as the deadline for dropping or adding courses in a given semester. An evaluation equivalent to a grade of “B” is required for credit to be given for Challenge Examinations and Portfolio Assessments; acceptable CLEP score information is available in the Office of the Registrar.

Challenge Examinations
A matriculated, full-time student, who, by virtue of academic or professional background, can demonstrate mastery of certain courses without formal enrollment in such courses, may choose to challenge the course and obtain academic credit. A student may challenge up to 15 credits, but may not challenge a course previously failed. All Challenge Examinations must be completed prior to registration for the final 15 credits required for the degree. A maximum of 15 credits in any combination of Challenge, and CLEP will be accepted towards a Chestnut Hill College degree. Challenge Examination credits earned appear on the Academic Transcript as a letter grade in the appropriate course, and credits earned are calculated in both Attempted and Earned. A fee is charged for this service. Assistance is available in the Office of the Registrar.

College Level Examination Placement (CLEP)
Each academic program determines which CLEP examinations will be accepted and the course equivalents. Credit for CLEP may be requested after the student has earned 15 credits at the College and must be made prior to registration for the final 15 credits for graduation from the College. A student may receive up to 15 CLEP credits, but may not apply CLEP credit for a course previously failed. CLEP credits are indicated with a grade of TR. Transfer on the Academic Transcript and credits earned are calculated in both Attempted and Earned. A maximum of 15 credits in any combination of Challenge, and CLEP may be accepted towards a Chestnut Hill College degree. The College does not charge a fee for the application of CLEP credits. Assistance is available in the Office of the Registrar.

Portfolio Assessment
A matriculated, full-time student may present, in a portfolio, a compilation of data organized in an approved format to demonstrate college-level knowledge sufficient to be awarded academic credit for a course in the current college catalog. There is no limit to the number of credits that may be applied, but credits will not be applied for any course previously failed. A fee is charged for this service. Portfolio credits earned appear on the Academic Transcript as a letter grade in the appropriate course and the course is counted in both Attempted and Earned. Assistance is available in the Office of the Registrar.

Conferral, Graduation, and Diplomas
Degrees are conferred three times per year: August, December, and May. A student is not considered to be graduated until the Office of the Registrar has recorded a transcript notation. August and December conferrals are scheduled four business days following the Final Grade due date in the School of Undergraduate Studies; May conferral is scheduled for the Saturday following Exam Week.
There is one graduation ceremony (Commencement) per academic year held in May. Students who graduated the prior August or December are welcome to participate in Commencement. No student who has graduation requirements yet to complete is permitted to participate in Commencement, including the Commencement Ceremony. No student with any type of Hold on their account, including a financial hold, is permitted to participate in Commencement.

The Chestnut Hill College undergraduate diploma is written in Latin; features the signatures of the President, the Vice President for Academic Affairs, the Dean of the School, and the Registrar; and bears the official school seal. Diplomas are issued at Commencement in May or sent via the US Mail following conferral. Latin Honors earned are printed on the diploma.

**Honors, Distinctions and Societies**

**Dean’s List**
The Dean’s List for full-time students is published three times each academic year following the Fall, Spring, and Summer semesters. Eligibility for inclusion on the Dean’s List is based upon two criteria: the student must earn at least 12 academic credits in the semester with a GPA of 3.60 or higher; and the student must not have been held responsible for violations of academic integrity during that semester.

The Dean’s List for part-time students is published once every September. To be eligible, part-time students must have earned a minimum of 12 academic credits during the preceding Standard Academic Year. Eligibility for inclusion is based upon two criteria: a Career GPA for the preceding Standard Academic Year of 3.60 or higher, and the student was not held responsible for violations of academic integrity during that period.

**Departmental Honors**
Eligibility is determined by mastery of the major field and by general ability. To be eligible a student must have declared a major, completed 54 semester hours toward his/her degree (12 of which must be credits in the major), achieved a grade point average of 3.6 or higher in the major and an overall grade point average of 3.5 or higher. In addition, the student must have the recommendation of the faculty in the major program. Transfer students may be considered after the successful completion of fifteen credits at Chestnut Hill College (at least 3 of these in the major) if all other requirements have been met. Students not meeting these criteria might be recommended for the program by the major program.

**Latin Honors**
Students graduate with distinction if their final Career GPA is: 3.60, *cum laude*; 3.75, *magna cum laude*; 3.90, *summa cum laude*. Latin Honors are indicated on diplomas in addition to the official transcript.

**Honor Societies**

**Alpha Lambda Delta** is the national society that honors high scholastic achievement during the first year in college. The Chestnut Hill College chapter of this society received national affiliation in 1993. Students with a Career GPA of 3.50 at the end of their first or second semester and who are in the top 20% of their class are eligible for election to the College’s chapter of Alpha Lambda Delta. Students inducted into the chapter who maintain a Career GPA of 3.50 are honored by membership into the Alpha Lambda Delta Circle of Excellence during their graduation year.

**Delta Epsilon Sigma,** the national scholastic honor society for students of Catholic colleges and universities, established its Alpha Upsilon Chapter at Chestnut Hill College in 1941. Eligibility for election to membership is limited to Juniors and Seniors with a Career GPA of 3.50 or above who have earned 50% of the credits necessary for graduation. Nomination is limited to the top 20% of the class. Once designated as eligible, the student must submit an application to the Honors Committee.

**Kappa Gamma Pi** is the national Catholic college graduate honor society. Membership is based on scholarship, leadership, and service. To be eligible for membership, an individual must graduate from a regionally accredited four year college which has established an affiliation with Kappa Gamma Pi. Members are selected in recognition of past accomplishments and also in anticipation of future service. Nominees must meet the following requirements:

- By the end of seven semesters or equivalent, they have attained a Career Grade Point Average of 3.60 or above.
- They have demonstrated a good record of service activities.
- They have shown outstanding leadership in extracurricular activities.
- They are currently matriculated students of the college.
- They desire to be members of the Society.
- They willingly accept the responsibility for individual leadership in church, civic and/or Kappa activities.

Once nominated, the student must submit an application to the Honors Committee. Members are selected in recognition of past accomplishments and also in anticipation of future service. In addition, no more than 10% of the graduating class may be elected to membership.
Alpha Phi Sigma recognizes the academic excellence of undergraduate criminal justice students. Its mission is to promote analytical thinking, rigorous scholarship and lifelong learning; to keep abreast of the advances in scientific research; to elevate the ethical standards of the criminal justice professions and to sustain in the public mind the benefit and necessity of education and professional training. Members must be enrolled in undergraduate programs of a regionally accredited institution at the time of initiation and must have declared a major or minor in Criminal Justice or a related field. Students must have completed at least four courses in the major/minor, have a minimum Career GPA of 3.20; have a GPA of 3.20 in Criminal Justice or related field courses; and also be in the top 35% of their class. Eligible students must be approved by the Program.

Alpha Sigma Lambda - National Honor Society recognizes adult students (24 years of age or older) in higher education who have achieved academic excellence and leadership while fulfilling the many responsibilities of family, work, and community services. In 1987, the College received approval to establish a chapter (Epsilon Sigma). Potential inductees must be matriculated at Chestnut Hill College and have earned a minimum of thirty graded credits. Members shall be selected only from the highest 10% of the senior class and must have a minimum Career GPA of 3.60.

Chi Alpha Sigma exists to encourage and reward high academic achievement of collegiate student athletes. Chi Alpha Sigma promotes good citizenship, moral character, and friendship among high academic achievers in college athletics. Eligible students must have achieved junior standing, a minimum career GPA of 3.50, and also earned a letter in a varsity intercollegiate sport sponsored by the NCAA.

Epsilon Pi Tau is the International Honor Society for Technology. The Society recognizes academic excellence of students in fields devoted to the study of technology and the preparation of practitioners for the technology professions. Students need to complete at least 18 credits in any of the following areas: Computer Science, Computer Technology, Digital Forensics and/or Cyber Security and maintain a Career GPA of 3.00, and a GPA of 3.25 in the major. Eligible students must be ranked in the top 35% of their class and must be approved by program faculty.

Kappa Delta Epsilon is an honorary educational fraternity which supports the cause of education by fostering a spirit of fellowship, high standards of scholastic attainment and professional ideals among its members. This is an active group engaged in preparing members for the teaching profession. Requirements are an overall GPA of 3.00 or higher and formal acceptance into the Education Program. Eligible students must be approved by the Program.

Lambda Pi Eta is the official national honor society for outstanding students in Communication. The Phi Delta Chapter of Lambda Pi Eta at Chestnut Hill College has been chartered since 2006. To be eligible for membership, students must have completed 60 credits in undergraduate courses; have a cumulative Grade Point Average of at least 3.0; have a minimum Grade Point Average of 3.25 for all Communication courses; have completed the equivalent of 12 credits in Communication courses; and must be currently enrolled as a full-time student in good standing. Eligible students must be approved by the Program. All inducted members shall exhibit high standards of personal and professional character, and serve as examples for the achievement of excellence in the field of Communication.

Phi Alpha Theta, the History Honor Society, requires a Career GPA of 3.00 and a 3.10 GPA in History courses. Eligible candidates must have completed a minimum of 12 credits in History and must be in the top 35% of their class. Eligible students must be approved by the Program.

Phi Beta Delta promotes and recognizes scholarly achievement of international students and scholars, U.S. students who have studied abroad, and faculty and staff who are involved in international activities at Chestnut Hill College. The goals are to advance development of academic-based international programming and to provide a network on campus of faculty, staff, and students involved in international endeavors. Criteria for eligibility of election to membership requires a minimum Career GPA of 3.2 for undergraduates.

Phi Sigma Iota is the International Foreign Language Honor Society; it recognizes outstanding accomplishment in the study or teaching of any of the academic fields related to foreign language, literature, or culture. Undergraduate students enrolled in the institution represented by the chapter shall have completed at least one course in a foreign language at the third-year level or its equivalent (fifth semester or seventh quarter), have completed 45 credits, have a minimum Career GPA 3.00, and rank in the top 35% of their class. Eligible students must be approved by the Program.

Pi Sigma Alpha, the National Political Science Honor Society, is an affiliate of the American Political Science Association and is the only honor society for college and university students of government in the United States. The mission of Pi Sigma Alpha is to stimulate scholarship and intelligent interest in political science as well as to promote the ideals of integrity and citizenship in local, national and global contexts. Student membership in the Alpha Theta Tau chapter of Pi Sigma Alpha at Chestnut Hill College requires a major or minor in political science, a ranking in the top third of the class, a minimum of junior status, a political science GPA of 3.2, and the completion of four or more political science courses. Faculty members who are trained political scientists in good standing with the profession may also be initiated. Eligible students must be approved by the Program.

Psi Chi the national honor society in Psychology, is an affiliate of both the American Psychological Association and the American Psychological Society. Membership in the local chapter requires a major or minor in Psychology, a ranking in the top 35% of
the class, a Career GPA of 3.20 or higher, a Psychology GPA of 3.50 or higher, Junior standing, and the completion of at least four Psychology courses. Eligible students must be approved by the Program.

Rho Alpha Sigma, recognizes the outstanding efforts of Resident Assistants around the country. Rho Alpha Sigma offers that opportunity to promote excellence, leadership, community and service within the Resident Assistant cadre, campus, and community. It was founded in 2002 and currently has 39 chapters across the United States. Each year, a designated percentage of the total Resident Assistant population on each campus may be selected for induction into Rho Alpha Sigma. While being a true honorory, each chapter is also encouraged to engage in service activities that benefit the student staff community, the residence life community, the institutional community, and the community at large.

Sigma Beta Delta, the International Honor Society for Business, Management, and Administration, encourages and recognizes scholarship and accomplishment among students of business, management and administration, established its Chapter at the College in 2006. Eligibility for election to membership is limited to students that rank in the upper 20% of their class who have achieved a minimum Career GPA of 3.50 at the time of invitation to membership following completion of at least one-half of the degree program in which they are enrolled. Transfer students who meet the qualifications for membership may be inducted after they have completed a minimum of one term of academic work. Eligible students must be approved by the Program.

Sigma Iota Rho is the honor society for international studies. It promotes and rewards scholarship and service among students and practitioners of international studies, international affairs, and global studies to foster integrity and creative performance in the conduct of world affairs. Eligible students must have achieved junior standing, completed at least twenty-one (21) hours of international affairs-related course work, attained a cumulative grade point average of 3.3 or higher in all courses, and a grade point average of at least 3.4 in international affairs-related courses.

Sigma Tau Delta is the international honor society for students of English language and literature. Membership in the local chapter requires a major or minor in English Literature or English Literature and Writing, a ranking in the top 33% of the class, a minimum GPA of 3.00 in the major or minor, completion of three semesters of coursework at the College, and completion of two courses in English (not including ENGL 101: College Writing). Eligible students must be approved by the Program.

Sigma Zeta is the National Science and Mathematics Honor Society whose goal is to encourage and foster the attainment of knowledge in the Natural and Computer Sciences and Mathematics and to recognize the attainment of high scholarship among society members. Eligible students must be approved by the Program.

Tau Upsilon Alpha, the National Honor Society for Human Services, is an affiliate of the National Organization of Human Services. Membership in The Tau Alpha Chapter at Chestnut Hill College requires a major or minor in Human Services, a ranking in the top 35% of the class, a cumulative GPA of 3.25, Junior standing and the completion of three fulltime semesters. Recipients must exemplify the leadership and ethical characteristics of the Ethical Standards of Human Services Professionals. Eligible students must be approved by the Program.

Theta Alpha Kappa, the National Honor Society for Religious Studies and Theology, was established in 1976 for the purpose of recognizing the academic achievements of religion and theology students, and the academic excellence of scholars in these fields. Induction into Theta Alpha Kappa requires nomination by the local chapter, a minimum 3.50 GPA in Religious Studies courses, and a minimum 3.00 Career GPA. Eligible students must be approved by the Program.

Additional Awards and Honors
The Saint Catherine Medal, sponsored by Kappa Gamma Pi, is presented annually to one Sophomore or Junior School of Undergraduate Studies student who represents the high ideals of a Catholic college education. Faculty, staff, and students submit names of nominees. The Honors Committee determines the recipient based on evidence of leadership and service to the College.

The Dorothy E. Fenton, Class of 1928, Memorial Medal is presented annually to a Senior nominated by faculty, staff, and students “in recognition of eager pursuit of all that pertains to the higher life of the spirit and gracious courtesy in the contacts of life.” The medal bears the inscription, “The fruit of the Spirit is charity.” The Honors Committee determines the recipient.

The Lynnette S. Bishop Medal of Valor, presented to the late Lynnette S. Bishop in 2010 and named in her honor, is presented to a member of Chestnut Hill College who has demonstrated extraordinary valor in the pursuit of the goals of a Higher Education.

Special Programs and Services
Office of Academic Advising
Nicole Hallowell, Director of Academic Advising
The Office of Academic Advising offers guidance and assistance to help students successfully navigate their college experience through individual attention and support. The staff of the office assists students in the academic advising process, works with students to develop a college success plan, supports students in the process of exploring, evaluating, and choosing an academic program of study, and connects students to valuable campus resources.

The Tichenor-Greer Scholars Program
Jody Markley, M.Ed, Director
St Joseph Hall, Room 340
Telephone: 215.242.7199. Email: markleyj@chc.edu
The Tichenor-Greer Scholars Program provides a scholarship, book stipend, and support to students of color, students with financial need, and first-generation students who are majoring in one of Chestnut Hill College’s STEM (Science, Technology, Engineering or Math) programs. Support services include mentoring, tutoring, service learning, workshops and extracurricular activities to support students in transitioning to college and developing the skills necessary to complete challenging STEM degrees and to be employed in STEM fields and/or continue their education beyond the Bachelor’s Degree level.

Global Education Office
Ann Liberona, Director of Global Education
Fourier Hall, Room 136
Telephone: 215.242.7989. Fax: 215.248.7082. Email: LiberonaA@chc.edu
The Global Education Office (GEO) at Chestnut Hill College is a comprehensive administrative center to support the development of strategic programs and global partnerships at the College and encourages dialogue in regard to Chestnut Hill College’s global activities. The Global Education Office serves as the College’s official liaison and simplifies individual and institutional connections between Chestnut Hill College faculty, researchers, staff, students, alumni, and the world in regard to study abroad, international programming and activities, and service learning and faculty endeavors abroad. The office provides a multifaceted support system for these activities, as well as serves as the College’s official issuing site for the International Student Insurance Card.

Chestnut Hill College is authorized under federal law to enroll F-1 nonimmigrant students. The Global Education Office advises international students and provides information on American academic procedures, U.S. immigration, and visa requirements, as well as providing American students information on international visa procedures, documentation, and travel assistance. International students maintaining F-1 visa status, and American students abroad, are required to be enrolled full-time throughout the duration of their programs of study.

Study Abroad /Consortium Agreements/Affiliation Agreements
Chestnut Hill College has a Study Abroad Affiliation Agreement with Regent’s College that provides students an opportunity to study in London for a semester. To be eligible for an Affiliation Agreement program, students must be currently enrolled as a full-time student with at least sophomore status (24 academic credits or more) and hold a Career GPA of 3.00 or above. Courses taken at an Affiliation Agreement school are applied to the Chestnut Hill College transcript with the grades and applicable credits earned calculated into the Career GPA. Students must speak with the Global Education Office before registering for courses. For a list of participating Study Abroad Affiliation Agreement schools, please contact Ann Liberona in the Global Education Office. Telephone: 215.242.7980. Email: LiberonaA@chc.edu

In addition to the Affiliation Agreement with Regent’s College in London, Chestnut Hill College maintains partnerships with over 20 academic institutions for programs abroad. To be eligible for study abroad, students must be a currently enrolled fulltime student with at least sophomore status (24 academic credits or more), and hold a Career GPA of 3.00 or above, or approval from the academic dean. Students should be aware that a semester abroad may affect their conferral date. For programs not under an Affiliation Agreement, students register for courses at the Institution sponsoring the program and credits are brought in as transferred credits upon receipt of the final, official transcript. Students must speak with the Global Education Office before registering for courses abroad.

The Foreign Language and Literature, English, History, Education and Art Programs routinely sponsor Inter-sessions abroad during semester breaks. Students earn academic credit through these Inter-sessions; an additional fee is charged.

Internships
Nancy Dachille, Director of Career Development. Telephone: 215.248.7048. Email: ndachille@chc.edu
An internship is a supervised work-learning experience that takes place outside the classroom and preferably at an off-campus site. The internship may be a part of a full- or part-time course load. It may be paid or volunteer. Internships are offered in both major and minor fields of study (course - 401) and are graded on a Pass/Fail basis only.

The credit value of internships is determined by the number of hours completed: 42 hours minimum for 1 credit; 84 hours minimum for 2 credits; 126 hours minimum for 3 credits; 168 hours minimum for 4 credits. Major requirements are determined by the Program. Internships default to 3 academic credits, unless the student requests a change prior to beginning the internship. No changes may be made to the number of internship credits per semester after the add/drop period ends. Students may not register for more than 4 credits of internship per semester.

All Experiential Education experiences are recorded as pass/fail except in cases where programs require more than a work experience and wish to award a letter grade. In order to qualify for the program, the student must have completed 60 credits (at least one semester or 12 credits at Chestnut Hill College for transfer students), must be in satisfactory standing (a GPA of 2.0 overall), have program approval, and meet the requirements of the employing organization.

Students may complete up to 12 credits of experiential education (internship and/or co-op) as part of the 120-credit graduation requirement.

**Summer Internships**

In compliance with Federal regulations, students must register for internships completed during the summer months in either Summer I or Summer II. Students may not receive academic credit in the fall for summer internships, and credit for summer internships will not be awarded retroactively. Please contact the Office of the Registrar, Student Financial Services or the Office of the Undergraduate Dean if you have any questions.

**Cooperative Education**

Nancy Dachille, Director of Career Development. Telephone: 215.248.7048. Email: ndachille@chc.edu

The Cooperative Education Program enables students to explore the practical applications of their major areas of study by working in salaried jobs in business, industry, or government. It is a full-time paid work experience, usually for 35-40 hours per week over a four to six month period. Students enrolled in a co-op may register for up to two 4-credit experiential education courses in the major area of study during the semester they complete the experience (i.e. 401 and 402). Ordinarily no more than one additional 3 credit course is taken while participating in Cooperative Education.

**Class Attendance Policy**

There is a relationship between the academic success of the student and class attendance. The School of Undergraduate Studies expects its students to accept their responsibility to attend class regularly and promptly. An Instructor may lower a student’s grade because of absences from class. It is the responsibility of the Instructor to set forth in writing at the beginning of a course any special conditions regarding absence in the course.

A student who finds it necessary to be absent from class should, if possible, inform the Instructor in advance of the absence. If absences occur, it is the student’s responsibility to make up whatever work has been missed. Permission to make up laboratory assignments, studies, quizzes, and examinations may be granted at the discretion of the Instructor. When an Instructor determines that a student’s progress is being seriously impeded by excessive absences from class or by other difficulties, the Instructor will refer the student to the Office of Academic Advising.

**First-Year Students**

To reinforce the importance of regular class attendance, and in the interest of maximizing success for students as they begin their college experience, First-year students are limited to as many absences as the class meets per week (one 3 hour class, two 75 minute classes, or three 50 minute classes). A first-year student who does not adhere to this policy will be referred to the Office of Academic Advising. Faculty members have the right to reduce the number of excused absences at their discretion and this will be written into syllabi. Excessive absences may result in a reduced grade or failure in the course.

**Athletes**

Recognizing the importance of regular class attendance and the contribution made by student-athletes, a special attendance policy has been established for student-athletes. The Athletic Department will do everything possible to minimize a conflict with scheduled games and class times and students should seek to schedule their courses so there is minimal overlap with academic classes. When conflicts occur despite these efforts, students who officially represent Chestnut Hill College in intercollegiate athletics may be excused from classes for participation in athletic contests. A student-athlete, in making the decision to miss class for a scheduled game, does so knowing that what is lost from the classroom experience cannot be retrieved, nor is it the responsibility of the professor to inform the student concerning that which transpired. The student, however, will not be penalized for the absence beyond the lost classroom experience. These excused absences apply only to officially scheduled games.
and not practice sessions. Student-athletes may be excused from classes that conflict with scheduled contests under the following conditions:

1) The student is currently maintaining a cumulative Grade Point Average of 1.75 (first-year students – up to 24 credits) or 2.0.
2) The student has demonstrated regular attendance outside of athletic events.
3) The student is accountable for all work missed and is responsible for obtaining all lecture notes, handouts, and assignments from another student in the class. The student is also responsible to make arrangements with faculty regarding missed tests, exams, presentations, etc...
4) If the student needs additional help with the work, she or he must obtain a tutor and be willing to commit a certain number of hours to tutoring. Tutors can be paid for their services through the Director of Student Learning Resource Center and by abiding by the stipulations set forth by the director.
5) The student must discuss and review missed class time with each faculty member during the first two weeks of the semester as found on MyCHC.
6) MyCHC will be updated with any rescheduled or adjusted game schedules.

This agreement can be revoked under the following conditions:

1) In the judgment of the professor the student’s class performance and academic progress is being seriously jeopardized.

Exceptions to the above policy may have to be made during post-season tournament games.

Athletic Participation Policy
Any athlete whose Career GPA falls below 2.00 after a semester may request Provisional Status if there are extenuating circumstances that do not include needs of the team. The request for Provisional Status must be accompanied by statements of support from the Director of Athletics and/or the appropriate coach, the student’s Faculty Advisor, and all Instructors in whose courses she/he earned a grade of C- or lower in the previous semester.

Requests will be reviewed by a committee consisting of the Director of Athletics, the Dean of the School of Undergraduate Studies, the Dean for Student Affairs, and the Faculty Athletic Representative. In general, provisional status is not granted for consecutive semesters; this decision will rest with the committee who will consider the student’s situation and calculate the term GPA required to achieve a Career GPA of 2.00. Further details may be found in the Student Athlete Handbook.

Final Exam Policy
Final exams are scheduled by the Office of the Registrar according to a matrix based on the day/time of the first class meeting. Final Exams must take place during Exam Week. The Final Exam Matrix appears at the back of the catalog and Exam Week dates appear on the Academic Calendar. For courses beginning after 5:15pm, exams begin at the regular time on the first scheduled class day during Exam Week. Final exam information is published on the Course Listing and on the syllabus for every course; exams take place in the regularly scheduled classroom unless other arrangements are made in advance.

With few exceptions,* all courses must meet at the designated exam time even if an actual exam is not being given. Unless excused in advance by the Dean of the School of Undergraduate Studies, a student not reporting for a scheduled exam will receive an automatic failure for the exam missed.

* Certain types of courses do not have a final exam scheduled - these include FYIN 120, CARE 101, PHED or VARS courses, private music lessons and performance ensembles, lab experiences connected to a lecture, internships, fieldwork, practicum, and student teaching courses. Check with the Instructor if there are any questions.

Policy on Sexual Discrimination, Sexual Harassment and Sexual Violence
Chestnut Hill College values appropriate relationships, respect for all and shared responsibility. Therefore, Chestnut Hill College is committed to fostering an educational and working environment that is free from sexual harassment and sexual violence. In recognition of and respect for the dignity of all at Chestnut Hill College, sexual misconduct in any form, cannot, and will not, be tolerated. Additionally, discrimination or harassment on the basis of sex is a violation of Section 703 of Title VII of the 1964 Civil Rights Action and Title IX of the Educational Amendments of 1972. The College’s full policy on Sex Discrimination, Sexual Harassment, and Sexual Violence is regularly updated and reviewed, and can be found online at https://www.chc.edu/safety-and-security/title ix.

Minors on Campus Policy
Part I. Purpose and Scope of Policy
Purpose: This statement sets forth Chestnut Hill College’s policy regarding children under the age of 18 (Minors) who participate in the College’s programs and activities, taking place on campus and in facilities or under the direction of the College at other locations. The College makes every effort to conduct its operations and maintain facilities consistent with its Mission.
While there may be occasion when the presence of Minors on campus may be appropriate, Minors are not permitted to be unsupervised or unescorted on the College’s campus at any time. To promote the protection of Minors, this policy describes the requirements of administrators, faculty, staff, students, volunteers and others who interact with Minors. Any College employee who suspects that a Minor, who is on the College’s campus for any reason or is participating in a College-sponsored activity at another location, has been the victim of child abuse shall immediately report the suspected abuse consistent with the College’s Child Protective Services Policy which can be found in our Staff Handbook and Faculty Handbook.

**Scope:** This policy applies to all administration, staff, faculty, and students of the College; campus visitors; volunteers; and individuals or organizations engaging in or conducting activities associated with the College or doing business at or with the College in which Minors will be physically present and participating. Regardless of their physical location, College programs, including but not limited to athletic camps, academic programs, and student organizations that involve Minors, fall within the scope of this policy. All College Programs that involve Minors, whether they are limited to daily activities or involve the housing of Minors in residence halls, fall within the scope of this policy. This policy does not apply to enrolled College students who are Minors.

**DEFINITIONS**

The following words and phrases when used herein shall have the meanings given to them in this section unless clearly indicated otherwise:

“**Adult.**” Any individual who is not a Minor as defined herein.

“**Applicant.**” An individual who applies for a position as an Employee (as defined herein).

“**Campus.**” The property owned by Chestnut Hill College located generally at 9601 Germantown Avenue and 9220-9250 Germantown Avenue, Philadelphia, PA 19118.

“**College.**” Chestnut Hill College.

“**Employee.**” Any individual who is employed by Chestnut Hill College. The term includes an independent contractor that has been hired or retained by Chestnut Hill College.

“**Minor.**” Any individual who is not registered as a student at Chestnut Hill College and who is under the age of eighteen (18).

“**Sponsored Programs.**” Programs, activities, and events conducted by or on behalf of the College, whether for academic, athletic, recreational, or other purposes and whether on or off College premises, that serve Minors.

Sponsored Programs do not include any College undergraduate or graduate academic programs in which Minors are enrolled for academic credit, including but not limited to high school students enrolled in undergraduate academic programs, as well as events on campus that are open to the general public and which Minors may attend at the discretion of their parent(s) or guardian(s). Outside entities that conduct or provide Sponsored Programs are required to comply with this Policy, and to demonstrate that appropriate screening and training in accordance with Parts II, III, IV and V of this Policy have been conducted prior to commencing services. Contracts with outside entities for such Sponsored Programs should make reference to this Policy.

“**Program Leader.**” The College’s point person for the Program who manages or coordinates the Program. This person is responsible for ensuring all the items on the check-list are carried out appropriately.

“**Supervising Adult.**” An Adult who interacts with, supervises, chaperones, accompanies (other than a parent or legal guardian) or otherwise oversees Minors in programs or activities and/or residential facilities and who is responsible for that Minor’s conduct and safety while on Campus, paid or unpaid.

**Part II. General Requirements for Sponsored Programs**

A. **Notice and Registration**

All Sponsored Programs must be registered with The Human Resources Office by submitting a Minors on Campus Registration Form (See example attached as Appendix A to this Policy) at least 60 days prior to the first scheduled date of participation by Minors.

In the event the Sponsored Program involves the housing of Minors in College residence halls overnight, the Program Leader of the Sponsored Program must provide participating Minors with personal safety information including how to contact Campus Safety Services while on campus. Additionally, Residence Life must be notified to ensure that all required forms are completed before Minors are permitted to remain in the residence halls.
If any program involves the transportation of a Minor, the Program Leader must contact in writing the Senior Vice President for Financial Affairs and Chief of Staff for prior approval. Such authorization will include, but may not be limited to, the written permission of a parent or legal guardian.

B. Screening Requirements

All persons who will have contact with Minors in a Sponsored Program are subject to the following screening requirements: Pennsylvania Criminal Record Search and Pennsylvania Child Abuse Clearance. The Director of the Program or Activity in consultation with the Director of Human Resources will determine which persons will be subject to additional fingerprinting, FBI and other clearances.

Any person who is subject to screening requirements by this Policy is under a continuing obligation, as long as he/she continues to participate in a Sponsored Program, to disclose immediately any new felony or misdemeanor conviction to the College. The College may accept successful documented background clearances from the governmental agencies (e.g., School Districts) that may have been completed within one (1) years of the start date of employment or participation with the program or activity.

Persons who have a break in service or enrollment will be subject to re-screening to reengage in a Sponsored Program and would otherwise be subject to screening pursuant to this Policy.

It is the responsibility of the Program Leader to ensure that each Supervising and Participating Adult (including the College’s students involved in the Sponsored Program) has submitted the required background check request form and has received clearance to participate. The Office of Human Resources will maintain a list of adults who have been cleared to participate. The failure of the Supervising Adult to fulfill his or her obligations under this section of the Policy shall be subject to discipline, up to and including removal from the Sponsored Program.

Should any screening indicate a criminal record, the Director of Human Resources in consultation with legal counsel if necessary, will determine whether the person may participate in a Sponsored Program. All screening will be conducted, and all information and results will be used, in accordance with applicable laws, regulations, and College policies and procedures. The College reserves the right to take appropriate action with respect to employees or students whose falsification or failure to disclose information on employment or admission applications or other College documents is revealed as a result of screening pursuant to this Policy, up to and including immediate termination of employment or expulsion.

C. Training Requirements

All program staff (paid and volunteers, including the College’s student staff members) must receive training on the conduct requirements of this Policy and on protecting Minors from any form of abuse and on mandatory reporting of suspected child abuse. Human Resources will coordinate and facilitate training at the request of a Sponsored Program.

Part III. Unaffiliated Minors

A. General Rules for Unaffiliated Minors

Minors are not allowed to visit the classrooms, labs, offices, resource centers, or the library unless they are accompanied by a Supervising Adult and are on an official tour or official program or activity of the College. At no time other than the above cases are Minors allowed in classrooms, labs, offices, resource centers, or the library during, before, or after regularly scheduled class time, even when attended by a parent or guardian.

Even when accompanied by a Supervising Adult, pre-high school age Minors are prohibited from laboratories and other areas where significant potential safety hazards may exist.

Persons over the age of eighteen (18) who are not registered as students of Chestnut Hill College and who, because of certain developmental disabilities, require Adult supervision for purposes of their own safety, are considered Minors for purposes of this Policy.

Childcare is not provided on Campus for the Minor children of administration, staff, faculty, students, volunteers, or visitors. Minor children may not be left unattended in any College building or anywhere on Campus. No facility or office on campus is to be used in lieu of paid child care or for unsupervised recreation for children.

Minors may not use the swimming pool facilities, fitness center, playing fields or any sport equipment unless their parents or legal guardians have signed the required Waiver and Release and the Minor is using the facilities as part of a Sponsored Program or Organized Approved Program by a third party at the College. Any Minor using these facilities must be accompanied at all times by a Supervising Adult.
The College will require any Minor and Supervising Adult who is causing a disturbance on Campus or who is in violation of this Policy to leave the Campus immediately.

B. Residence Halls

The rules regarding overnight stays by Minors in connection with third party programs or camps/clinics are more fully described below in Part IV. and V.

The College permits Overnight visits by prospective students, and therefore the prospective student must comply with all College rules and regulations including the policies contained in the sections entitled “Overnight Guests” and “Visitation” in our Student Handbook. In addition to the policies referenced in the Student Handbook, a prospective student on an Official Athletic Visit must also comply with the Athletics Department’s policy on Official Visits by prospective students.

Minors who are not participating in a Sponsored Program, including siblings, relatives, and friends, who visit with a matriculated College student in a residence hall must also abide by all College rules and regulations including the all the policies contained in the sections entitled “Overnight Guests” and “Visitation” in our Student Handbook.

Children are not allowed in high-risk areas under any circumstances such as: laboratories, studios, mechanical rooms, garages, food preparation areas, or any areas containing power tools or machinery with exposed moving parts.

C. Minor Children of Employees

Chestnut Hill College values family life and has worked to develop employment policies and benefits that are supportive of families. Children are welcome on campus when the purpose of their visit is to attend classes or to participate in activities specifically scheduled and designed for their benefit or for any public event held at the College. While we seek to provide an environment open to work and family issues, the College cannot allow the presence of children (defined as persons below the age of eighteen years old) in the workplace for the following reasons: (1) the potential for interruption of work; (2) health and safety concerns; and (3) liability to the College (4) confidentiality. Please note that this section of the policy does not apply to minor children of employees attending any Sponsored Program or Organized Approved Program by a third party at the College, or attending any public events, held at the College.

The College does not accept liability for injuries to children or visitors on College premises in violation of this policy.

Part IV. Minors Attending Camps/Clincs by Other Entities Approved by the College

Parts IV and V of this Policy applies to organized programs such as, camps, clinics, and any other variety of organized programs offered by third parties who rent the College’s Campus facilities (hereinafter, “Camps/Clincs”).

The Camp/Clinic personnel are responsible for the safety and conduct of the Minors while on Campus.

The Camp/Clinic personnel must follow the following guidelines for the ratio of Supervising Adults to Minors.

<table>
<thead>
<tr>
<th>Standard for resident camps/activities are:</th>
<th>Standard for day camps/activities are:</th>
</tr>
</thead>
<tbody>
<tr>
<td>- One authorized adult for every five campers ages 4 and 5</td>
<td>- One authorized adult for every six campers ages 4 and 5</td>
</tr>
<tr>
<td>- One authorized adult for every six campers ages 6 to 8</td>
<td>- One authorized adult for every eight campers ages 6 to 8</td>
</tr>
<tr>
<td>- One authorized adult for every eight campers ages 9 to 14</td>
<td>- One authorized adult for every ten campers ages 9 to 14</td>
</tr>
<tr>
<td>- One authorized adult for every ten campers ages 15 to 17</td>
<td>- One authorized adult for every twelve campers ages 15 to 17</td>
</tr>
</tbody>
</table>

Minors may not enter or use areas of the Campus which are not made available to the Camp/Clinic. Minors may not use College equipment unless the use has been pre-arranged by the Camp/Clinic and approved by the College prior to the Camp/Clinic.

If a Minor stays overnight as part of a Camp/Clinic, the Adult supervision must follow the guidelines for ratio of Supervising Adults versus Minors for resident camps described above.

When the College leases space to a Camp/Clinic for an overnight event, the Camp/Clinic must obtain signed permission from the parent or legal guardian of each Minor attending the Camp/Clinic which acknowledges that the College has no responsibility for the safety of their children during this event. The permission must be in a form acceptable to the College and it must release and hold harmless the College from any liability for injuries to the Minor while he or she is participating in the Camp/Clinic.
Part V. Requirements for Camp/Clinic Personnel

All Camp/Clinic personnel who have direct contact with Minors as part of their duties in connection with the Camp/Clinic, Adults who stay overnight with Minors as part of a Camp/Clinic, and/or volunteers at the Camp/Clinic (hereinafter collectively referred to as “Camp Personnel”), are required to have successful criminal background checks including Pennsylvania Criminal Record Search, FBI Fingerprinting Check, and Pennsylvania Child Abuse Clearance.

The foregoing requirements apply to all Camp Personnel, whether they are employed by a Camp/Clinic which leases space from the College or whether they are employed by the College to work at a Camp/Clinic sponsored by the College.

A successful criminal and child abuse background check will be required of all Camp Personnel, prior to their direct participation with Minors in a Camp/Clinic and at least once every five (5) years thereafter. Background checks may be conducted by an outside contractor, though certain background requests may be accessed directly by the individual (e.g., Pennsylvania Child Abuse History Clearance, http://www.dpw.state.pa.us/resources/documents/pdf/fillinforms/dpwchildabuse.pdf).

It is the responsibility of the person in charge of the Camp/Clinic to assure that all Camp Personnel have submitted the required background check request forms, have applied for an official clearance statement, and have subsequently obtained the necessary clearances, prior to any participation in the Camp/Clinic.

Any Camp/Clinic renting space from the College must warrant and represent that it has conducted criminal background checks as stated above and obtained official child abuse clearance statements for each of its Camp Personnel and that it has no reason to believe that any of its Camp Personnel is a potential danger to Minors. The criminal background check will be limited to criminal offenses, including, but not limited to, child abuse, for which an individual has been convicted, has pled guilty to a felony or misdemeanor, or where such charges are currently pending. The College may accept successful documented background clearances from the governmental agencies (e.g., School Districts) that may have been completed within one (1) year of the start date of employment or participation with the Camp/Clinic.

A decision not to permit an individual to participate in a Camp/Clinic will be made by the College. Copies of all background check reports and clearance statements will be retained in the College’s Department of Human Resources.

Any Camp/Clinic renting space from the College must carry sufficient insurance to indemnify and hold the College harmless from any claims which may result from an injury to those attending the camp/clinic, including Minors. The amount of the insurance will be established at the time the contracts are signed. The insurance coverage must be sufficient to cover negligence and intentional torts including sexual misconduct toward a Minor.

Part VI. Adult Code Of Conduct

While participating in Sponsored Programs, participating in or representing the College in connection with third party Programs, Camps/Clinics,

NO ADULT SHALL:

- Have one-on-one private contact with a Minor. If an Adult is interacting one-on-one with a Minor, it shall be within view of other Adults.
- Participate in a sleep-over under the auspices of a Camp/Clinic except under the following limited circumstances:
  - where a parent or legal guardian of the Minor is present; or
  - where a parent or legal guardian of the Minor has given written consent, and there is at least one other Adult present at all times, and the two Adults remain in each other’s presence at all times.
- Engage in abusive conduct, of any kind toward, or in the presence of, a Minor.
- Strike, hit, administer corporal punishment to, or touch in an inappropriate or illegal manner any Minor.
- Engage in the use of alcohol or illegal drugs, or be under the influence of alcohol or drugs.
- Make pornography, in any form, available to Minors or assist Minors in any way in gaining access to pornography.
- Take photographs of Minors unless prior written permission to do so has been obtained from the Minor’s parent or legal guardian.
- Engage in any illegal conduct.
- Engage in any sexual activity, make sexual comments, tell sexual jokes or share sexually explicit material with Minors.
- Meet with Minors outside established times and locations for Program activities.
- Engage or communicate with Minors through email, text messages, social networking websites, internet chat rooms, or other forms of social media at any time except and unless there is an educational or programmatic purpose and the content of communication is consistent with the mission and goals of the program and the College.
While participating in Sponsored Programs, participating in or representing the College in connection with third party Programs, Camps/Clinics,

**EACH ADULT SHALL:**
- Act in a manner that reflects positively on the College.
- Entertain in age-appropriate forums and in places where Minors will not be exposed to or pressured to engage in any illegal activity, including without limitation use of drugs and alcohol or sexual activity.
- Abide by and enforce any applicable curfew.
- Immediately notify Campus Security if a Minor is injured, missing or engaged in illegal or prohibited activity. (215) 242-7777.
-  
- **REPORT CONCERNS AND SUSPICIONS:** During your contact with Minors, you may notice signs of possible abuse or neglect. A Minor may tell you something suggesting that he or she has been abused. You may witness someone engaging in behavior listed above under the subsection of “No Adult Shall” under Part VI. You should take action and make a report if you reasonably suspect a minor may have been abused or neglected. You do not need definite proof. Resolve any doubts about reporting in favor of making a report.
-  
  - To make a report, take the following steps:
  - First, immediately report the information to the Department of Human Services (“DHS”) toll-free ChildLine at (800) 932-0313. Within 48 hours of your oral report, you must follow up with a written report to DHS or the county agency assigned to the case. The written report should contain the information set forth on the attached reporting form, to the extent known. For your report, you are not expected to investigate or gather any information you do not already know. The role of investigation lies with DHS and/or law enforcement. Please follow the instructions provided to you by Child-Line for submitting a written report. If you need further information, contact information for DHS is available via http://www.dhs.state/pa.us and for county agencies in Pennsylvania via http://www.pcya.org/Pages/ContactYourAgency.aspx.
  - Second, immediately after your first notification to DHS, you must report the suspected child abuse to College's Director of Security. Contact Information: Phone: (215) 242-7777; email: tetip@chc.edu.
-  
- Immediately discontinue additional and further activities on Campus if and when any allegation of inappropriate conduct or other misbehavior has been made against said Adult at such time that the allegation has been satisfactorily resolved.

**If you see something, say something. Every member of the College community has an obligation to report immediately instances or suspected instances of the abuse of or inappropriate interactions with Minors.**

The College reserves the right to take any action it believes is reasonably necessary to protect Minors who are on the Campus for any reason.

The Director of Human Resources is authorized to ensure that the policy is applied in a consistent manner throughout the College.

**Chestnut Hill College Photography and Videography Policy**

At Chestnut Hill College, photography and videography (including capturing audio) are a regular part of how we communicate to the world and to our own College community. College personnel photograph and take videos in the classroom, at public events and in a wide range of other venues. Photos and videos are used for various purposes such as education, news and feature stories as well as for promotional or commercial purposes. As questions of rights, permissions and privacy have been raised in connection with photography and videography practices at CHC, we are providing this guidance to the College community.

In general, authorized College personnel (and the contractors they hire) may videotape and photograph events and people in public areas on CHC’s campus. How such materials may be used or distributed however is highly context sensitive, usually requiring an understanding and evaluation of how public or private the environment is (for example, a locker room or dormitory versus a street corner), the individuals involved (for example, students versus administrators), how identifiable those individuals are, and the intended use.

There are no “one size fits all” rules regarding use of photographs or video. Instead, it is important for College personnel to understand and consider the following principles, applying (1) a respect for individual's privacy, (2) an understanding of CHC’s legal rights in the photos and videos, and (3) best professional judgment:

**I. PUBLIC SPACES, PUBLIC FIGURES AND NEWSWORTHY USES**
In general, permissions or photo releases are not required to take a photograph or videotape of individuals in public spaces because there is a minimal expectation of privacy in such spaces. Without a full release, however, the use of the materials may be limited. Examples of public spaces at CHC are sporting events, the College campus, Commencement and even at times non-sensitive invited events. The interior of a dorm room would generally not be considered a public space.

Newsworthy or informational uses of photos or videos in general do not require permissions or photo releases from subjects depicted.

Public figures, such as elected officials, celebrities, and prominent speakers have a more limited expectation of privacy than members of the general public, providing even greater latitude in using photographs or video recording of such individuals for news reporting or informational purposes.

Even in newsworthy photographs, care should be used in describing those depicted to avoid creating a misleading impression. For example, the caption of a photograph of a crowd at a demonstration should probably not describe those depicted as “participants” in the demonstration.

II. PERMISSION AND RELEASES

There are a number of scenarios where it is appropriate and often required to obtain permission and/or photo authorization releases to take and use photographs and videography. There are many forms and methods for obtaining agreement from an individual to take and use a photograph or video. One may announce to a group verbally that photos or videos will be taken and how they will be used. One may post a sign indicating the same. One may obtain a written signature on an approved consent form. One may simply ask a subject and get his or her verbal “OK.” The best approach will usually depend on circumstances, context, practicability and risk.

- **Students and FERPA.** Certain photos of students are considered “education records” under the Federal Student Privacy Law (FERPA), and cannot be shared publicly without the written consent of the student. Consent is particularly important where:
  - Photos prominently show one or a few students, and/or
  - Photo images are part of CHC’s official functions (such as CHC photo IDs) and/or depict students in their educational or academic environment.

- **Commercial Use.** Because liability risks tend to be higher with commercial and/or advertising use, it is advisable to obtain written consent when photos or videos may be used to promote a product or service – and sometimes the College itself. If there is potential commercial use of photos or videos of public figures, there is even greater exposure to liability. The issue of what constitutes “commercial use” is often not clear. The following distinctions may be helpful. Using the image of an individual to market or sell a product, such as a college academic degree program, would likely qualify as a “commercial use.” However, a program website showing photos of activities undertaken by people in that program, would likely qualify as an informative, non-commercial use.

- **Minor Children and Other Special Circumstances.** It is always important to use professional judgment in taking and using photographs and videos. If the image captured is of a minor child, it is very important to obtain a written photo release of a parent, particularly if the photo is of only a few children (as compared to a very large crowd), and particularly if the photo will be displayed or published broadly. Use judgment and obtain photo releases with other vulnerable populations. Further, obtain photo releases in highly sensitive contexts, such as events where political, identity, or health concerns are central.

- **Sensitive Topic Large Gatherings.** In most cases, attendance at large gatherings is not controversial and privacy interests are low. In such cases, permission may not be needed at all. However, if the event is about a topic that may raise privacy issues (for example relating to substance abuse, mental health, identity issues) it is recommended to post a sign or otherwise announce that photos or video will be taken and provide participants an area where they may be without being photographed or video recorded.

III. TEACHING, CLASSROOMS, AND STUDENTS

Class recordings may raise concerns about freedom of expression, academic freedom, copyright and privacy and FERPA. All recordings of classes must comply with College policies and should follow the guidelines below:

- **Class Recordings with Limited (Class) Availability.** In cases where the videos are made accessible only to the students and instructors in the class and academic administrators, students should be informed of the video recording in advance.

- **Public Posting of Class Recordings.** If photos or videos will be posted publicly, or otherwise made available beyond the individuals in the class and academic administrators, the College must inform students of that fact and should make available areas of the classroom where students who do not wish to appear will not be photographed or video recorded. Pursuant to FERPA, in this situation the College may not condition enrollment in the class on the student’s agreement that photos or video recordings of them may be publicly distributed.

- **Students in Other Environments.** As described above, even outside of the classroom, if a student or students are identifiable in a photograph or video, FERPA may apply and require that permission be obtained before the photo or video is shared publicly.
IV. EMPLOYMENT USES, FACULTY AND STAFF

Communications officials often take photographs of faculty and staff in their work settings. While there is greater latitude to photograph CHC personnel than students in many contexts, it is still important to be respectful of privacy concerns. Inform faculty and staff that photos or videos are being taken and ensure there are no significant, unaddressed privacy concerns. Further, get permission before using images of identifiable employees for explicit marketing or expressly commercial purposes. In the case of photos or videography of faculty in the classroom, as described in Section III, ensure this is being conducted in accordance with College policies.

V. SOCIAL MEDIA

In keeping with the Guidelines on the Use of Social Media at CHC, it is important to recognize that when conducting CHC business – online and off – one must comply with CHC policies. Because of the powerful ability of social media to broadcast information worldwide, make sure to protect all confidential personal information – only posting what you have permission to post by law, policy, or explicitly by the person(s) in the photo.

VI. COPYRIGHT AND DIGITAL PHOTO MANAGEMENT SYSTEMS

In addition to privacy issues relating to the individuals depicted in photos and videos, communications professionals need to be mindful of potential copyright issues related to the images. Typically, CHC owns the copyright in photos and videos taken by CHC employees as part of their employment duties. Absent a written agreement, however, CHC may not own the copyright to images taken by independent photographers who have been hired to shoot events or campus scenes. Payment to the photographer is not sufficient in itself to convey all rights to CHC. Without a written contract, CHC’s use rights may be limited to those purposes CHC can prove were specifically communicated at the time the photographer was hired. For this reason, it is important to have a written agreement with the contractor that states what ownership or use rights CHC will have with respect to the photos or videos produced by the contractor and what rights, if any, the contractor will retain.

Because digital photos and videos may readily be used repeatedly and for different purposes, it is important at the time the material is acquired to understand and document CHC’s right in the photos and videos themselves and the nature and scope of releases or permissions from those depicted. It is a best practice to have a digital photo management system that records at a minimum: (1) basic information about the photo (2) any restrictions on publication and (3) any consents or permissions obtained.

Cancellation of Scheduled Classes/Notification Process
The School of Undergraduate Studies reserves the right to cancel any course with insufficient enrollment and to restrict certain courses to special populations. The Office of the Registrar will do its best to notify students of a cancellation so that an alternative choice can be made. All cancellation notices are sent to the student’s official @CHC email address.

Participation in Assessment Research Policy
Ongoing assessment of student learning is expected of all colleges and universities. Assessment projects search for evidence of the effectiveness of various instructional techniques and educational experiences by using such tools as surveys, interviews, focus groups, and/or samples of student work. Student participation in assessment surveys, interviews, and/or focus groups is voluntary. All work submitted by a student in fulfillment of course and/or program requirements is considered available for assessment research purposes, unless the student specifically requests otherwise. Written notice of this request must be submitted to the Instructor along with the work. Students will never be individually identifiable in any assessment report.

Syllabi Policy
Every Instructor will provide a syllabus for each course he/she is teaching. These may be printed or provided electronically. It is in the student’s best interest to retain the syllabus for each course as it contains information that may be needed in the future – ordinarily, Chestnut Hill College does not release syllabi for courses. Syllabi are not retained for public request. Keep all course syllabi in a safe place for future reference.

Policies Outlined in the Chestnut Hill College Student Handbook
Please see the current academic year’s Chestnut Hill College Student Handbook for details on the following policies, which are applicable to all Chestnut Hill College students: Student Code of Conduct, various Student Life Policies, Missing Student Notification, and Substance Abuse Policies.

Notification of Rights under FERPA
A copy of this information is emailed to every student’s @CHC email account at the beginning of the semester and is always available online and in the Office of the Registrar. The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

1) The right to inspect and review the student’s education records within 45 days of the day the College receives a request for access. A student should submit to the Registrar, a written request that identifies the record(s) the student wishes to inspect. The Registrar will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the Registrar, she/he shall advise the student of the correct official to whom the request should be addressed.

2) The right to request the amendment of the student’s education records that the student believes are inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA. A student who wishes to ask the College to amend a record should write
the College official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed. If the College decides not to amend the record as requested, the College will notify the student in writing of the decision and the student’s right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

(3) The right to provide written consent before the College discloses personally identifiable information from the student’s education records, except to the extent that FERPA authorizes disclosure without consent. The College discloses education records without a student’s prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the College in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the College has contracted as its agent to provide a service instead of using College employees or officials (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record to fulfill his or her professional responsibilities for the College.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is Family Policy Compliance Office/U.S. Department of Education/400 Maryland Avenue, SW/Washington, DC 20202.

FERPA Waiver Request
Students who wish to authorize release of their academic information to parents, guardians, spouses or any other individual may do so by signing a FERPA Waiver Request and submitting it to the Office of the Registrar. A sample Waiver may be found at the end of the catalog.

By signing a FERPA Waiver Request, the student is waiving his/her rights under the Family Education Rights and Privacy Act and is asking that grades, grade point averages, course schedules, or academic standing be released to the named person(s) indicated on the waiver. The requested information will be released to the named person(s), either by mail or in person with photo identification, when the named person makes a written request for the information.

Please note that absolutely no non-directory information relating to academic status (e.g., grades and/or grade point average) will be released by telephone or email whether or not a waiver is submitted. Also, please note that the submission of a Waiver does not include the release of student CHC email or Portal passwords.

Financial Aid
FERPA provides an exception regarding the release of education records information without the consent of the student when the release is related to financial aid. The disclosure is permitted if the information is necessary to determine eligibility for the aid; determine the amount of aid; determine the conditions for the aid; and/or enforce the terms and conditions of the aid.

Release of Information via Telephone
Although FERPA does not preclude an institution from disclosing Non-Directory Information via telephone to the student or a FERPA Waiver contact, it is the College’s policy that no Non-Directory Information relating to academic status (e.g., grades and/or grade point average) will be released by telephone, whether or not a waiver is submitted.

Billing information, including tuition and fee charges, outstanding balances, and financial aid information, will be communicated via telephone providing the student or FERPA Waiver can correctly answer personally identifiable questions that only the student or FERPA Waiver contact would be able to answer. These questions may include, but are not limited to, CHC Id Number, Permanent address on file, High School or previous College attended, and currently enrolled courses.

Statement Regarding Dependent Students
Institutions are not required to disclose information from the student’s education records to a parent of a dependent student. Chestnut Hill College does not accept proof of dependency status in lieu of a FERPA Waiver Request.

School Officials
School officials with a legitimate educational interest may access student education records within the scope of performing their job duties. A school official is deemed to have legitimate educational interest if the information requested is necessary for that official to (a) perform appropriate tasks that are specified in his/her position description of by contact agreement; (b) perform a task related to a student’s education; (c) perform a task related to the discipline of a student; (d) provides a service of benefit relating to the student or student’s family. Disclosure to a school official having a legitimate educational interest does not constitute authorization to share that information with a third party without written consent.

Statement Regarding Transfer of Education Records
Chestnut Hill College does not release education records to any external third-party, including disciplinary records, without a signed request.
Campus Security/Police Records
To remain exempt from FERPA, law enforcement records are created by the College’s law enforcement unit, for a law enforcement purpose, and are maintained separately from education records.

Statement Regarding Reissuing Academic Documents
Chestnut Hill College does not re-release official copies of documents submitted for admission, scholarship application, or any other academic reason. Requested copies of materials in a student’s academic file will bear a “FILE COPY” watermark.

Release of Information under Special Circumstances
Records may be released to parents without a signed FERPA Waiver Request from the student under certain exceptions. These include: health or safety emergency; or where the student has been found in violation of the College’s code of conduct relating to the use of alcohol and/or another controlled substance if the student is under the age of 21.

Notification of Student’s Right to Non-Disclosure of Directory Information
FERPA requires institutions to give public notice to students in attendance of the categories of personally identifiable information which the institution has designated as Directory Information.

Institutions may disclose Directory Information about former students without meeting the notification requirement; however, if a student has requested, at his or her last opportunity as a student, that Directory Information not be disclosed, the institution must continue to honor that request until informed to the contrary by the former student. If requested to withhold directory information by a student after he or she has left the institution, institutions may, but are not required to, comply with the request.

Types of Information Which May be Designated as Directory Information
Chestnut Hill College hereby designates the following information as public or ‘Directory Information.’ Such information may be disclosed without a student’s previous consent by the College for any purpose, at its discretion:

▪ Student Name(s)
▪ Address (local, permanent, and email)*
▪ Telephone number (local and permanent)
▪ Date and place of birth
▪ Program major(s)/concentration(s), and minor(s)
▪ Student activities including athletics
▪ Dates of attendance
▪ Date of graduation, degrees sought/conferred, and other academic awards
▪ Most recent previous school attended and/or High School
▪ Academic awards and scholarships, including Dean’s List
▪ Full or Part-time status

* Address information is not provided without a request indicating a reason for the information.

Procedure to Withhold Directory Information
Chestnut Hill College will not partially withhold Directory Information, so students are advised to think carefully before withholding disclosure as this may prevent third-parties from obtaining critical information in a timely manner, including degree conferral and enrollment verification.

To withhold disclosure of Directory Information, written notification must be provided. Chestnut Hill College assumes that failure on the part of any student to specifically request the withholding of Directory Information indicates individual approval for disclosures. If you wish to restrict the release of Directory Information, please contact Michael Reig, Interim Registrar, who will explain the ramifications and provide a statement for you to sign as indication you do not want Directory Information released. INTERDISCIPLINARY STUDIES

Chestnut Hill College offers several majors and minors that incorporate two or more disciplines. The following are majors, minors and certificates offered from the interdisciplinary perspective.

Minor in Women’s Studies ~ 18 credits

Chestnut Hill College offers a number of courses that focus on women in a variety of disciplines including Art History, Communication, English, Foreign Language, History, Political Science, Psychology, Religious Studies, and Sociology. Contact Dr. Lorraine Coons, Room 377, Fournier Hall, Telephone: 215.248.7184, Email: lcoons@chc.edu or Dr. Nora Madison, Room 476 SHJ, Telephone: 215.753.3601, Email: MadisonN@chc.edu for assistance with this minor. Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the minor. Courses are 3 credits unless indicated and may not be offered every semester.

Certificate in Intercultural Foundations

The Certificate in Intercultural Foundations is available to students in any major. This interdisciplinary program fosters an understanding and appreciation of cultural difference in both domestic and international contexts. The Certificate in Intercultural Foundations responds to the growing need to prepare our students to live and work in an increasingly diverse and globally interconnected world. This program is designed to challenge students at Chestnut Hill College to engage in a wide variety of educational, service, and experiential learning opportunities. These diverse courses and activities invite students to step outside of their “comfort zone” and immerse themselves in varied cultural realities in order to deepen their intellectual and empathic understanding of others. In addition, this Certificate program offers students the opportunity to gain knowledge and skills to identify and address many forms of social injustice. Greater mobility and diversity are now the hallmarks of nearly every workplace and community on the globe. Thus, earning a Certificate in Intercultural Foundations enhances every student’s character and professional career.

Interested students may contact Sr. Mary Kay Flannery, SSJ, D.Min., Coordinator and Faculty Advisor for the Intercultural Foundations Certificate, at flannerym@chc.edu or at 215-248-7087.

Certificate in Intercultural Foundations (18 credits, plus non-academic requirements)

Required Courses (9 credits):
- GLST 201: Global Studies (any topic)
- 100-Level Religious Studies Course
- Capstone Essay

Three additional courses (9 credits)
The choice of courses should be interdisciplinary in nature and may also be used to fulfill major and core requirements. These courses are to be selected and approved with the assistance of the Coordinator/Faculty Advisor for this Certificate program.

Non-Academic Requirements:
Three workshops or lectures on relevant topics, such as intercultural communication, empathy, conflict mediation, or topics related to diversity issues. A student may choose to replace one or more of these requirements with fieldwork – service or experiential learning – to be approved in advance by the Coordinator of the Certificate program.

Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the Certificate. Courses are 3 credits unless indicated and may not be offered every semester.
Requirements for the Certificate in Intercultural Foundations

100-Level Religious Studies Course (Fulfills the First Core Religious Studies Requirement)
GLST-201: Global Studies/any topic (Fulfills the Core Global Studies Requirement)
Seminar in Intercultural Foundations
Three Intercultural Electives (9 credits)

Multidisciplinary Minor in Peace and Justice Studies ~ 18 credits

The Religious Studies and Philosophy, Sociology, Criminal Justice and Human Services Programs work together to offer students an Interdisciplinary Minor in Peace and Justice. The goal of the minor is to ground students in issues of peace and justice through increased knowledge in areas such as non-violent social change, conflict resolution, and economic justice. Formal application must be made for the minor.

Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the minor. Courses are 3 credits unless indicated and may not be offered every semester. The requirements include six (6) courses total which equal 18 academic credit hours. Four (4) of the courses are required courses and equal 12 academic credit hours. Two (2) of the courses are electives and equal 6 academic credit hours.

Requirements for the Multidisciplinary Minor in Peace and Justice Studies

RLST-244: Global Theology and the Cry for Justice
RLST-245: Christian Social Ethics

INTERDISCIPLINARY HONORS PROGRAM
Marie Grogan, Ph.D., Program Director

The Interdisciplinary Honors Program (IDHP) challenges highly qualified students to pursue a creatively different approach to the liberal arts. The Program offers seminars that promote liberal education by stressing interconnections among different fields of study and by challenging students and faculty alike to learn and to teach. These seminars are reading- and writing-intensive and emphasize discussion, intellectual independence, and integration of knowledge.

Applying to the Program
Participants in the Interdisciplinary Honors Program are selected from among qualified and interested applicants to the College. Selection is based on the applicant's interest in the Program, test scores, high school record, writing sample, and personal interview. Only a limited number of students can be accepted each year, and because special enthusiasm and a variety of viewpoints are needed to facilitate learning through discussion, it is not necessarily applicants who rank highest academically who are admitted.

Interested students may apply for the Interdisciplinary Honors Program online at www.chc.edu/honors. Applications received by early April will be given first consideration. For assistance and information please contact Dr. Marie Grogan, Room 207, St. Joseph Hall. Telephone: 215.753.3654. Email: groganm@chc.edu.

IDHP Seminars
IDHP seminars are co-taught by two faculty members from different disciplines and are conducted primarily by group discussion. To ensure fresh and appealing choices, seminars are rotated on a regular basis, and each seminar is offered for a maximum of three years. Since faculty from different academic programs cooperate in teaching, the Program offers a learning experience that crosses program lines and exemplifies the unifying and integrating experience that is a liberal arts education.

Most IDHP seminars meet for a two-hour session once a week and there are no formal tests or examinations; evaluation of the students’ work in each seminar is communicated through interviews scheduled twice a semester where the student and both Seminar Instructors discuss the student’s participation, level of performance, and progress. Class meetings are conducted primarily by group discussion, but all types of experience and activity are included as appropriate - lectures, demonstrations, field trips, audiovisual experiences, and more - and are oriented toward growth in interdisciplinary understanding, discussion, and writing. Seminars are limited to approximately 12 students and registration is by invitation only.

Any student in the School of Undergraduate Studies may request permission to enroll in an Honors seminar; enrollment in a single seminar is limited and preference is given to students pursuing the complete program. Contact the Director for assistance.

Requirements
The Interdisciplinary Honors Program consists of 24 credits: two 3-credit introductory courses fulfill the Reading/Writing and Writing Core Requirements (IDHP-210: Writing in the Disciplines I and IDHP-220: Writing in the Disciplines II), and three team-taught interdisciplinary year-long seminars fulfill the Core Requirements and Core Global Studies requirements. Students must complete all other Core Requirements (including Religious Studies - unless the seminar has a religion component; and Ethics; as well as the Foreign Language and Mathematics requirements.)

Expectations
The IDHP and Faculty Advisors work closely with students to ensure that program, major, and Core requirements are met and that they maintain good academic standing (Career Grade Point Average of 2.0 or above.) Students earning a grade lower than B in one or more IDHP seminars may be reviewed for continued participation in the program and, if agreed-upon expectations are not met, the student may be dismissed from IDHP.

*Students dismissed from IDHP, and those who elect to discontinue must follow the Core Curriculum. To that end, IDHP-210 will be considered equivalent to LADS-120 and IDHP-220 will be considered equivalent to ENGL-101. IDHP seminars may meet additional Core Requirements; the Office of the Registrar will be able to assist with the appropriate equivalencies.

General Course Options

There are business courses available to undergraduates looking to fulfill a Core Requirement or expand on interests without pursuing a minor. The following courses are open to students in any Major; however, they may not be offered every semester and may have Prerequisites. Courses are 3 credits unless indicated. Check the Course Descriptions section for information on the following courses for information on the following courses:

- ACCT-103: Financial Accounting
- BUSN-101: International Business
- BUSN-102: Business Ethics (Fulfills the Core Ethics Requirement)
- BUSN-104: Introduction to Business
- BUSN-120: Law and the Business Enterprise
- ECON-101: Principles of Macroeconomics (Fulfills the Core Social Science Requirement)
- MKTG-203: Principles of Marketing

Advanced Placement Test Information

Generally, a score of 3 or above on an Advanced Placement Test earns academic credit at the College. Scores on the following tests are equivalent to the courses/credits indicated:

Career Connections, Public Speaking and Technology Requirements

Majors in the Business Program fulfill the Career Connections requirement by completing BUSN-498: Senior Seminar, which include presentations conducted by the Office of Career Development. Business majors are also encouraged to attend presentations during the academic year that are sponsored by the Business program. The Public Speaking requirement is fulfilled by completing BUSN-498: Senior Seminar, which provide training in public speaking and require students to make oral presentations based on written research projects. The Technology requirement is fulfilled by Business majors by completing CMSM-285: Management Information Systems and CMTC-203: Data Analysis using Excel.

Honors

Eligibility is determined by mastery of the major field and by general ability. To be eligible a student must have declared a major, have achieved a grade point average of 3.6 or higher in the major and an overall grade point average of 3.5 or higher, and completed 60 semester hours toward his/her degree (12 of which must be credits in the major). In addition, the student must have the recommendation of the faculty in the major program. Students not meeting this criteria might be recommended for the program by the major. In most instances, students will receive a formal, written invitation early in the Fall semester of their Junior year. The Honors program provides an opportunity for independent study and research culminating in an Honors thesis submitted in the spring of Senior year. All students who have successfully completed the Honors Program will be recognized with Honors in their Major at the annual Honors Convocation and on their academic transcripts. In addition, the title of the completed Honors Thesis will appear on the academic transcript.

Honors Societies

Established at the College in 2006, Sigma Beta Delta, the International Honor Society for Business, Management, and Administration, encourages and recognizes scholarship and accomplishment among students of business, management, and administration. Eligibility for election to membership is limited to those students that rank in the upper 20% of their class and have achieved a Career GPA of 3.50 at the time of invitation to membership following completion of at least one-half of the degree program in which they are enrolled. Transfer students who meet the qualifications for membership may be inducted after they have completed a minimum of one semester of academic work in the Business Program. Eligible students must be approved by the Program.

Phi Beta Lambda is part of the oldest and largest national student business organization in the United States where a quarter of a million students develop their skills for successfully competing in the business world and in the global economy. It is a student-run organization in which career development, ethical leadership, and collaborative teamwork skills are the main focus.
ACCOUNTING

Chestnut Hill College offers a Bachelor of Science (BS) in Accounting and a minor in Accounting. The study of accounting prepares the student for graduate or professional school, or for careers in public, private, or non-profit accounting. Students planning to sit for the Uniform Certified Public Accounting (CPA) examination are advised to contact the State Board of Accountancy in the state in which they plan to qualify for specific educational and experience requirements mandated by that state. The Major in Accounting provides students with both the theoretical background and application of the concepts, technology, and procedures of accounting. Students also study the basic areas of economics, finance, marketing, and management.

Major in Accounting
A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the Major. An Independent Study may be available with appropriate permissions. Courses are 3 credits unless indicated and may not be offered every semester.

Minor in Sports Management
New minor introduced Fall 2013. Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the minor. Courses are 3 credits and may not be offered every semester. Requirements are developed on case-by-case basis at the discretion of the Business Program.

**Requirements for the Minor in Sports Management**

Six Sports Management Minor Electives *(18 credits)*
INTERNATIONAL BUSINESS, LANGUAGE & CULTURE

Chestnut Hill College offers a Bachelor of Science (BS) in International Business, Language, and Culture (IBLC) with a Concentration in French, Spanish, German, or another approved language (may require additional study at other institutions at home or abroad), and a minor in International Business.

IBLC is an interdisciplinary, globally oriented program that includes a strong language component. It will provide solid preparation for a career in international business, in profit and not-for-profit organizations, competence in French, Spanish, or another language and culture, and a foundation for graduate study. Supporting courses in other programs complement the Major requirements. Students should discuss any plans for a second Major or minor with an advisor as soon as possible. Also offered is the minor in International Business, Language and Culture.

Seven courses (21 credits) are required in the same foreign language. At least five of these must be on the 200 level or above. At the Faculty Adviser’s discretion, a native speaker of a foreign language may be permitted to substitute a maximum of four courses (12 credits) in a non-native language to fulfill four of the language courses required in the major. For example, a native Spanish speaker maybe permitted, at the Faculty Adviser’s discretion, to take four courses in French to fulfill the Spanish language courses required in the major.

For assistance with the Major or Minor, please contact Sr. Mary Helen Kashuba, Room 25B, Fournier Hall. Telephone: 215.248.7124. Email: kashubam@chc.edu.

Honors
Eligibility is determined by mastery of the major field and by general ability. To be eligible a student must have declared a major, have achieved a grade point average of 3.6 or higher in the major and an overall grade point average of 3.5 or higher, and completed 60 semester hours toward his/her degree (12 of which must be credits in the major). In addition, the student must have the recommendation of the faculty in the major. Students not meeting this criteria might be recommended for the program by the major. In most instances, students will receive a formal, written invitation early in the Fall semester of their Junior year. The Honors program provides an opportunity for independent study and research culminating in an Honors thesis submitted in the spring of Senior year. All students who have successfully completed the Honors Program will be recognized with Honors in their Major at the annual Honors Convocation and on their academic transcripts. In addition, the title of the completed Honors Thesis will appear on the academic transcript.

International Experience Abroad
The International Experience Abroad is required of all IBLC majors. It is optional for international students (not American citizens or residents). Students may fulfill this requirement by one or a combination of the following:

- Study abroad at an approved institution in a country where the target language is spoken. Students must take at least one course in the target language. The Study Program must extend for a minimum of one month. A semester is recommended.
- An approved internship abroad in a country where the target language is spoken. The student must demonstrate some use of the language.
- An approved work-study tour of three to five companies in a country where the target language is spoken. The student must demonstrate some use of the language.

In order to participate in any of these options, students must have the approval of the Chairs of Business and Foreign Language as well as the Internship Coordinator and Study Abroad Director where appropriate. The student is expected to earn academic credits for study abroad, internships, or a work-study tour. Credits earned in any of these activities with a C or better will be accepted by Chestnut Hill College provided that all the College regulations for Study Abroad and Internships have been observed. Some options for study abroad are the University of Salamanca, Spain, the American Business School in Paris, France and CEFAM in Lyon, France. Consult the Office of Study Abroad for further information and other possibilities.

An internship in United States is highly recommended for all IBLC students, in addition to the required International Experience. Students are expected to fulfill all the Internship requirements and earn academic credit.

Major in International Business, Language and Culture with a Concentration in French
A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the Major. An Independent Study may be available with appropriate permissions; Special Topics courses are repeatable for credit, as is FREN 401: Internship in French.

At the Faculty Advisor’s discretion, a native speaker of a foreign language may be permitted to substitute a maximum of four courses (12 credits) in a non-native language to fulfill four of language courses required in the major. For example, a native French speaker may be permitted, at the Faculty Advisor’s discretion, to take four courses in Spanish to fulfill the French language courses required in the major.

One semester abroad is highly recommended and students work with a Faculty Advisor to determine which semester is the most appropriate for that experience. Enrollment in Summer Session courses may be necessary to complete the program in four years. Courses are 3 credits unless indicated and may not be offered every semester.

Minor in International Business, Language and Culture

The International Business, Language and Culture Minor is designed to provide students with an understanding of the theory, structure and process of international economics, business practices, and cultures. Students will gain a working knowledge of the analytical aspects of the international economic system, global economic theory, an understanding of international politics and economic effects of international economic policies on culture. Cultural differences that underlie today's global structure of production and overall business environment will also be explored.

Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the minor. An Independent Study may be available with appropriate permissions; Special Topics courses are repeatable for credit. Courses are 3 credits and may not be offered every semester.

### Minor in Business (Music Majors)

The minor in Business will give the student pursuing a music major the opportunity to gain the skills needed to work in a business setting, obtain sales knowledge and experience, and/or work in the retail music business. Students must earn a grade of C- (1.70) or better in courses required to successfully complete the requirements for the minor. Students must be pursuing a Bachelor of Arts in Music in order to add a minor in Business for Music Majors. For information, contact Kathleen McCloskey, SSJ, Room 133, St. Joseph Hall, Music Corridor; Telephone: 215.248.7194; Email: kmcclosk@chc.edu. Courses are 3 credits each and 18 academic credits total are required for the successful completion of the minor.

Advanced Placement Test Information
Generally, a score of 3 or above on an Advanced Placement Test earns academic credit at the College. Scores on the following test is equivalent to the course/credit indicated:

<table>

</tbody>
</table>

Honors
Eligibility is determined by mastery of the major field and by general ability. To be eligible a student must have declared a major, have achieved a grade point average of 3.6 or higher in the major and an overall grade point average of 3.5 or higher, and completed 60 semester hours toward his/her degree (12 of which must be credits in the major). In addition, the student must have the recommendation of the faculty in the major. Students not meeting this criteria might be recommended for the program by the major. In most instances, students will receive a formal, written invitation early in the Fall semester of their Junior year. The Honors program provides an opportunity for independent study and research culminating in an Honors thesis submitted in the spring of Senior year. All students who have successfully completed the Honors Program will be recognized with Honors in their Major at the annual Honors Convocation and on their academic transcripts. In addition, the title of the completed Honors Thesis will appear on the academic transcript.

Honor Societies
Qualified students may be invited to join Epsilon Pi Tau, the International Honor Society for Technology. Students need to complete at least 18 credits of computer science, computer technology, digital forensics, and/or cyber security courses and maintain a Career GPA of 3.25 and a GPA of 3.25 in the Major. Eligible students are also required to be in the top 35% of their class and have approval of the Program.

Students majoring in Computer and Information Science may be invited by the program to join Sigma Zeta, the natural science and mathematics honor society founded in 1925. The society is dedicated to encouraging and fostering the attainment of knowledge in mathematics, computer science, and the natural sciences. Criteria for eligibility for membership include a minimum of 15 credits in the Major, a grade point average of 3.00 in the Major, and a 3.00 Career GPA, plus Program approval.

Career Connections, Public Speaking and Technology Requirements
Completion of the courses required for majors in Computer Science and Information Technology fulfills the technological proficiency requirement. CMSC-279: History, Trends, and Ethical Issues provide students with instruction and experience in public speaking. The Internship or Simulated Workplace Lab course required for each major fulfills the career connections requirement.

Clubs and Teams
Programming Team
Students who enjoy programming and have taken Programming in Java (CMSC-201) are welcome to become members of the Programming Team. The team competes in Programming Contests sponsored by the Consortium for Computing Sciences in Colleges. The team holds weekly practices in preparation for the Programming Contests. Students interested in becoming a member of the Programming Team should contact Susan Ceklosky at cekloskys@chc.edu.

High Technology Crime Investigators Association (HTCIA) Student Chapter & Club
The Chestnut Hill College Chapter of High Technology Crime Investigators Association (HTCIA) provides students with professional training and collaboration with professionals working in their fields of study. This collaboration provides both internship and career opportunities. The Chestnut Hill College Chapter is sponsored by the Delaware Valley Chapter of HTCIA. Interested students should contact Pamela King at KingP@chc.edu or a member.

Internship Opportunities
All qualified students in the Program may participate in an internship that enables them to apply their academic knowledge and gain experience in the workplace. Students work closely with the Director of Experiential Learning in Career Services and a Program internship advisor to complete the internship process. Students with a GPA of at least 2.5 normally complete a 3 credit internship after their junior year. A 3 credit internship requires a minimum of 126 hours. With permission of the program, students may complete a 2 credit internship (84 hours) or a 4 credit internship (168 hours) in its place. Students with a GPA lower than 2.5 will complete an alternative course: Simulated Workplace Lab. Students with a GPA of 2.5 or above may elect to take this alternative course in place of completing an internship, although they are encouraged to complete an internship when possible.

General Course Options
In addition to courses for majors and minors, the program offers several courses for students of any Major interested in pursuing an interest without completing a minor. Courses are three credits unless indicated. Courses are open to students of any Major meeting the indicated Prerequisites and may not be offered every semester. Check the Course Descriptions for information on the following courses:

Computer and Information Sciences:
CMSC-190: Introduction to Python Programming
CMSC-205: Systems Analysis and Design
CMSC-200: Programming in Java 1
CMSC-279: Computer Science: History, Trends, and Ethical Issues
CMTC-284: Introduction to Database Design and Development

**Computer and Information Technology:**
- CMTC-190: Introduction to Computer Hardware and Peripherals
- CMTC-195: Introduction to Computer Art
- CMTC-200: Introduction to Web Development and Design

**Digital Forensics:**
- CMDF-105: Digital Forensics I
- CMDF-140: Legal Issues in Digital Forensics I

**Cybersecurity:**
- CSEC-140: Legal Issues in Cybersecurity
The Bachelor of Science (BS) in Computer and Information Sciences is designed to prepare students for graduate study and/or careers in computer science and related fields. Students take a variety of courses that introduce them to programming concepts, data structures, computer algorithms, computer architecture, networking, and cyber security. Students participate in an internship that enables them to apply their academic knowledge and gain experience in the workplace.

Students declaring a Major in Computer and Information Sciences should schedule an initial placement interview with a member of the faculty either at orientation or at another convenient time. Based on the student’s prior experience, CMSC-200: Introduction to Java Programming I and CMTC-190: Introduction to Computer Hardware and Peripherals may not be required; students will be advised to register for the next level of appropriate coursework.

**Major in Computer and Information Sciences**

A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the Major unless an exception is noted. An Independent Study may be available with appropriate permissions; Special Topics courses are repeatable for credit, as is CMSC-401: Internship in Computer and Information Sciences. Courses are 3 credits unless indicated and may not be offered every semester.

COMPUTER AND INFORMATION TECHNOLOGY

The Bachelor of Science (BS) in Computer and Information Technology prepares students for the field of computer and information technology by introducing them to a variety of current hardware and software technologies. The Major presents sufficient background and experience in problem solving to enable students to learn and adapt to new technologies they will meet in the workplace. These programs provide a solid preparation for students interested in pursuing graduate study in the area of web and software development.

Students majoring in Computer and Information Technology select a Concentration in one of three areas: Software Development, Web Design or Web Development. Students declaring this Major schedule an initial placement interview with a member of the faculty either at the formal orientation or at another convenient time. Based on the student's prior experience, CMTC 190: Introduction to Computer Hardware and Peripherals may not be required; students will be advised to register for the next level of appropriate coursework.

**Major in Computer and Information Technology with Concentration in Software Development**

A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the Major unless an exception is noted. An Independent Study may be available with appropriate permissions; Special Topics courses are repeatable for credit, as is CMTC 401: Internship in Computer and Information Technology. Courses are 3 credits unless indicated and may not be offered every semester.

CYBERSECURITY

The Bachelor of Science (BS) in Cybersecurity is designed to prepare students for careers in Cybersecurity and/or graduate study. The program offers a number of computer science and information technology foundational courses. The specialized courses in cybersecurity are designed by industry subject matter experts and include practical work with hardware and software to develop useful skills. Students learn ethical hacking, incident response, as well as the detection and prevention of security incidents. In addition to practical skills, the program incorporates experiential learning by including an internship requirement, which enables students to apply their academic knowledge and gain experience in the workplace.

Students declaring a Major in Cybersecurity should schedule an initial placement interview with a member of the faculty either at orientation or at another convenient time. Based on the student’s prior experience, CMTC-190: Introduction to Computer Hardware and Peripherals may not be required; students will be advised to register for the next level of appropriate coursework.

Major in Cybersecurity

A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the Major unless an exception is noted. An Independent Study may be available with appropriate permissions; Special Topics courses are repeatable for credit, as is CSEC-401: Internship in Cybersecurity. Courses are 3 credits unless indicated and may not be offered every semester.

Minor #2 or General Elective
Minors in Cybersecurity and Cybersecurity Studies

There are two minors offered in the area of Cybersecurity: Cybersecurity and Cybersecurity Studies. Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the minor. An Independent Study may be available with appropriate permissions; Special Topics courses are repeatable for credit. Courses are 3 credits unless indicated and may not be offered every semester.

Requirements for the Minor in Cybersecurity

The minor in Cybersecurity provides students with the opportunity to gain the basic skills in the area of cybersecurity. It is designed for students enrolled in a major within the Computer Science and Information Technology Program or permission of the Center Chair.

DIGITAL FORENSICS

The courses required for the Bachelor of Science (BS) in Digital Forensics prepare students for the ACE certification in Digital Forensics. Students declaring this Major schedule an initial placement interview with a member of the faculty either at the formal orientation or at another convenient time. Based on the student's prior experience, CMTC-190: Introduction to Computer Hardware and Peripherals may not be required; students will be advised to register for the next level of appropriate coursework. Students should be able to pass a criminal background check (Federal and State) as most positions require a background check or security clearances for employment. Students are expected to participate in the CHC High Technology Crime Investigator's Association Chapter, which requires a student membership fee per year.

Major in Digital Forensics

A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the Major unless an exception is noted. An Independent Study may be available with appropriate permissions; Special Topics courses are repeatable for credit, as is CMDF-401: Internship in Digital Forensics. Courses are 3 credits unless indicated and may not be offered every semester.

**INTERNATIONAL AFFAIRS**

Chestnut Hill College offers a Bachelor of Arts (BA) in International Affairs, as well as a minor in International Affairs. Interested students should contact Dr. Jacqueline Reich, Room 375, Fournier Hall. Telephone: 215.753.3630. Email: reichj@chc.edu.

**Advanced Placement Test Information**

Generally, a score of 3 or above on an Advanced Placement Test earns academic credit at the College. Scores on the following test is equivalent to the course/credit indicated:

</tbody>
</table>

**Honors**

Eligibility is determined by mastery of the major field and by general ability. To be eligible a student must have declared a major, have achieved a grade point average of 3.6 or higher in the major and an overall grade point average of 3.5 or higher, and completed 60 semester hours toward his/her degree (12 of which must be credits in the major). In addition, the student must have the recommendation of the faculty in the major. Students not meeting this criteria might be recommended for the program by the major. In most instances, students will receive a formal, written invitation early in the Fall semester of their Junior year. The Honors program provides an opportunity for independent study and research culminating in an Honors thesis submitted in the spring of Senior year. All students who...
have successfully completed the Honors Program will be recognized with Honors in their Major at the annual Honors Convocation and on their academic transcripts. In addition, the title of the completed Honors Thesis will appear on the academic transcript.

**Association**

Any student, regardless of Major, who is interested in politics, national affairs, and global controversies, is invited to join the Students' Political Science Association (SPSA). Given the content of their major, International Affairs students are a natural fit for many SPSA activities. SPSA sponsors movies, fieldtrips to places such as Washington, D.C. or the Constitution Center here in Philadelphia, speakers on current events such as the status of the European Union and the Hong Kong protests, and the campus mock Presidential election.

**Honor Societies**

Sigma Iota Rho is the honor society for international studies. It promotes and rewards scholarship and service among students and practitioners of international studies, international affairs, and global studies to foster integrity and creative performance in the conduct of world affairs. Eligible students must have achieved junior standing, completed at least twenty-one (21) hours of international affairs-related course work, attained a cumulative grade point average of 3.3 or higher in all courses, and a grade point average of at least 3.4 in International Affairs-related courses.

**Career Development, Public Speaking and Technology Requirements**

Students majoring in International Affairs fulfill their career development requirement through internship completion. The public speaking requirement is fulfilled by taking MCOM-160. Public speaking skills are reinforced in PSCI-498: Senior Seminar. International Affairs majors fulfill the technology requirement by taking CMTC-203: Data Analysis Using Microsoft Excel and MCOM-160 where they acquire proficiency in Excel and PowerPoint, respectively. Students may substitute CSEC-140: Legal Issues in Cyber Security or CMDF-281: Introduction to GIS Mapping for CMTC-203: Data Analysis Using Microsoft Excel to satisfy the technology proficiency requirement. Excel and PowerPoint are Microsoft Office Suite skills in which graduates are expected to be proficient for the 21st century workplace.

**Major in International Affairs**

A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the Major. Courses are 3 credits unless indicated and may not be offered every semester.

Minor in International Affairs – 18 credits

The International Affairs minor is an excellent addition to any field of study. It can add an international dimension to degrees earned in the humanities, social sciences, or the natural sciences. The minor will deepen a student’s understanding of global processes begun in the general education graduation requirement GLST 201 Global Studies. It will enhance international engagement and global learning competencies that can make the difference in securing employment in today’s globalizing world. The accompanying Capstone Essay is designed for a student to demonstrate advanced milestone or mastery of various facets of global learning as advocated by the American Association of Colleges and Universities (AAC&U).

The minor is multi-disciplinary and is made up of four parts: one Global Awareness Seminar, one Core International Relations course, one Foundational Core course, and three Electives. Courses taken in the program may be used to satisfy major, minor, other credential and general education requirements. No more than 9 credits may be in the candidate’s major. No more than 9 credits may be in a candidate’s second minor.

GLST-398 Capstone Essay (0 credits) is required upon completion of course work. The capstone essay will assess the student’s global awareness and engagement along six indicators according to advanced benchmark levels 3 or 4 of the AAC&U Global Learning VALUE Rubric. The Capstone Essay will be designed and carried out under supervision of the International Affairs minor advisor.

Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the minor. Courses are 3 credits unless indicated and may not be offered every semester.

Minor in Legal Studies

The Legal Studies Minor aims to provide students with a broad conceptual framework for understanding the institutions and practices of the law in society. It is not designed to provide legal or paralegal training as found in law schools or paralegal institutes. Instead, the Legal Studies minor encourages students to think about how the law works for individuals as well as how our legal system supports and is affected by other civil institutions. The Legal Studies minor gives students a chance to explore major legal issues from a multidisciplinary perspective, drawing on courses offered in political science, history, criminal justice, digital forensics, business, psychology, and religious studies/philosophy. The Minor can help students decide about future career paths as well as alert them to the responsibilities of being an American citizen in the 21st century.

Courses taken in the program may be used to satisfy major, minor, other credential or general education requirements. No more than 9 credits may be in the candidate’s major. No more than 9 credits may be in a candidate’s second minor.

Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the minor. An Independent Study may be available with appropriate permissions; Special Topics courses are repeatable for credit. Courses are 3 credits unless indicated and may not be offered every semester.

**MATHEMATICAL SCIENCES**

Chestnut Hill College offers a Bachelor of Science (BS) in Mathematics, and a Bachelor of Science (BS) in Mathematical and Computer Sciences. A minor in Mathematics is also available. Interested students should contact Merilyn Ryan, SSJ, Room 474, St. Joseph Hall. Telephone: 215.753.3620. Email: ryanm@chc.edu.

The Secondary Education Co-Major and Special Education Minor are available to Mathematics and Mathematical and Computer Sciences Majors as part of the Secondary Education Certification Preparation Program in Mathematics (Grades 7 to 12.) Students interested in the Co-Major/Minor should contact Rev. Robert Mulligan at 215.248.7058 or the Education Office at 215.248.7129.

**Core Mathematics Requirement**
The Mathematical Sciences Program offers courses designed to equip students in other majors with the mathematical knowledge necessary for their chosen fields of study, courses for liberal arts students who wish to develop their understanding and appreciation of Mathematics, and a developmental program.

All students take a Math Placement Test; scores at LEVEL 1 or 2 fulfill the Core Mathematics Requirement. Scores at LEVEL 3 require one of the following courses:

- MATH-115: Understanding Our Quantitative World
- MATH-121: Precalculus I
- MATH-122: Precalculus II

- LEVEL 1 or 2

- LEVEL 3
Scores at LEVEL 4 require MATH-103: Integrated Arithmetic and Basic Algebra, followed by one of the courses required at LEVEL 3. Selected students may be placed in MATH-117: Enriched Precalculus, which combines Precalculus I with topics from Integrated Arithmetic and Basic Algebra. See Course Descriptions for information and Prerequisites.

Advanced Placement Test Information
Generally, a score of 3 or above on an Advanced Placement Test earns academic credit at the College. Scores on the following tests are equivalent to the courses indicated:

Career Development, Public Speaking and Technology Requirements
Majors in Mathematics and in Mathematical and Computer Sciences fulfill the Career Development and Public Speaking requirements by completing MATH-497: Modern Mathematical Theory, which includes presentations by the Office of Career Development and instruction and feedback in public speaking. The Technology requirement is fulfilled by completing two courses in Computer Science.

Honors
Eligibility is determined by mastery of the major field and by general ability. To be eligible a student must have declared a major, have achieved a grade point average of 3.6 or higher in the major and an overall grade point average of 3.5 or higher, and completed 60 semester hours toward his/her degree (12 of which must be credits in the major). In addition, the student must have the recommendation of the faculty in the major. Students not meeting this criteria might be recommended for the program by the major. In most instances, students will receive a formal, written invitation early in the Fall semester of their Junior year. The Honors program provides an opportunity for independent study and research culminating in an Honors thesis submitted in the spring of Senior year. All students who have successfully completed the Honors Program will be recognized with Honors in their Major at the annual Honors Convocation and on their academic transcripts. In addition, the title of the completed Honors Thesis will appear on the academic transcript.

Honor Society
Sigma Zeta is a national science and mathematics honor society founded in 1925. The society is dedicated to encouraging and fostering the attainment of knowledge in Mathematics, Computer Science, and the Natural Sciences. Membership in the society recognizes and honors scholarly achievement in the Major. Criteria for eligibility for membership include completion of 25 credits towards the degree, with a minimum of 15 credits in the Major, a grade point average of 3.00 in the Major, and a 3.00 grade point average overall. Students majoring in Mathematics or in Mathematical and Computer Sciences may be invited by the program to join Sigma Zeta. Eligible students must be approved.

Accomodations
Students receiving accommodation from the Office of Disability Resources may fulfill the Mathematics CORE Requirement through an individualized course, SKLS-099 Practical Mathematics. Enrollment in this course is based on the approval of the Chair of the Mathematics Program, the Director of Student Disabilities, and the student’s advisor. This course does not provide credit towards graduation.

MATHEMATICS

Major in Mathematics
A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Unless indicated, students must earn a grade of C- (1.70) or better to successfully complete the requirements for the Major. An Independent Study may be available with appropriate permissions; Special Topics courses are repeatable for credit, as is MATH-401: Internship in Mathematics. Courses are 3 credits unless indicated and may not be offered every semester.

Requirements for the Major in Mathematics

CMSC-200: Programming in Java I and CMSC-201: Introduction to Java Programming II
MATH-211: Calculus and Modern Analysis I
MATH-212: Calculus and Modern Analysis II
MATH-215: Calculus and Linear Algebra
MATH-251: Calculus and Modern Analysis III
MATH-261: Discrete Methods in Mathematics
MATH-262: Probability and Statistics
MATH-305: Abstract Algebra I
Mathematics Electives:

**Major in Mathematics with Co-Major in Secondary Education and Minor in Special Education**

The Secondary Education Certification Preparation Program in Mathematics (Grades 7-12) is available to Mathematics Majors seeking Pennsylvania Department of Education (PDE) Certification. The Program integrates educational theory and practice with field experiences that include practicum and student teaching, as well as opportunities to develop teaching competence through innovative and effective approaches to the educational process with focus on students at the Secondary Level. Students interested in the Co-Major/Minor should contact Rev. Robert Mulligan at 215.248.7058 or the Education Office at 215.248.7129.

The PDE requires that all Secondary Education Certification Preparation Program participants have 9 credits of Special Education and 3 credits of Teaching English as a Second Language. After 20 credits, students must complete field experience before Student Teaching; EDSC-201 provides 20 hours, EDSC-329 provides 75, and Student Teaching, EDSC-420, is 14 weeks in duration.

**Stage I and Stage II Portfolios are completed in the following courses:**
- EDUC-201: Child and Adolescent Development (FE I)
- EDUC-203: Foundations of Education (FE II)

**Stage IIIA Portfolio is completed in the following courses:**
- EDSC-329: Special Methods in Math/Field Experience IIIA

**Stage IV Portfolio is completed in the following courses:**
- EDUC-420: Clinical Field Experience/Student Teaching
- EDSC-421: Clinical/Student Teaching Seminar

By 60 credits candidates must pass a basic skills test (PAPA or CORE) if not SAT/ACT exempt as required by PDE. An overall GPA of 3.0 or above is required for formal acceptance into the Education Program and for graduation. Students must successfully complete all required coursework, clinical field experiences, and student teaching.

Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the Major unless an exception is noted. Majors may need to re-take courses with C- grades if their Career GPA is less than the Career GPA required by the PDE for Certification or if a higher grade is required to demonstrate competency as identified by the program. Special Topics courses are repeatable for credit. Courses are 3 credits unless indicated and may not be offered every semester.

Minor in Mathematics for Business Program Majors

Students pursuing a Major in Accounting, Business Administration, Marketing, Management, or International Business, Language, and Culture must complete the following courses. Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the minor. An Independent Study may be available with appropriate permissions; Special Topics courses are repeatable for credit. Courses are 3 credits unless indicated and may not be offered every semester.

**Requirements for the Minor in Mathematics for Business Majors**

- MATH-201: Math for Management I/Finite Mathematics*
- MATH-202: Math for Management II/Applied Calculus*
- MATH-227: Introduction to Probability and Statistics
- or MATH-262: Probability and Statistics*
- Three Mathematics Electives (9 credits)

* MATH-203 and MATH-204: Analytic Geometry and Calculus I & II OR MATH-211 and MATH-212: Calculus and Modern Analysis I & II may substitute for these requirements

**Mathematics Electives:**

- MATH-204: Analytic Geometry and Calculus II
- or MATH-212: Calculus and Modern Analysis II
- MATH-251: Calculus and Linear Algebra
- MATH-261: Discrete Methods in Mathematics
Minor in Mathematics for Education Program Majors

Students pursuing a Major in Early Education Dual (Pre-K to Grade 4) and Special Education (Pre-K to Grade 8) or Elementary/Middle-Level Education (Grades 4 to 8) must complete the following courses. Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the minor. An Independent Study may be available with appropriate permissions; Special Topics courses are repeatable for credit. Courses are 3 credits unless indicated and may not be offered every semester.

**Requirements for the Minor in Mathematics for Education Majors**

- MATH-231: Basic Mathematical Theory and Applications I
- MATH-232: Basic Mathematical Theory and Applications II
- MATH-202: Math for Management II/Applied Calculus
  or MATH-203: Analytic Geometry and Calculus I and MATH-204: Analytic Geometry and Calculus II
- Two or Three Mathematics Electives (6-9 credits; for a total of 6 courses in the minor)

**Mathematics Electives:**

- MATH-233: Basic Mathematical Theory and Applications III
- MATH-251: Calculus and Linear Algebra
- MATH-252: Calculus and Modern Analysis III
- MATH-261: Discrete Methods in Mathematics
- MATH-272: Number Theory
- MATH-273: Advanced Probability and Statistics
- MATH-281: Special Topics in Mathematics
- MATH-285: Special Topics in Mathematics
- MATH-286: Abstract Algebra I
- MATH-305: Abstract Algebra II
- MATH-307: Differential Equations
- MATH-342: Fundamentals of Geometry

Minor in Mathematics for all other majors

Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the minor. An Independent Study may be available with appropriate permissions; Special Topics courses are repeatable for credit. Courses are 3 credits unless indicated and may not be offered every semester.

**Requirements for the Minor in Mathematics**

- MATH-203: Analytic Geometry and Calculus I
  or MATH-211: Calculus and Modern Analysis I
- MATH-204: Analytic Geometry and Calculus II
  or MATH-212: Calculus and Modern Analysis II
- Four Mathematics Electives (12 credits)

**Mathematics Electives:**

- MATH-251: Calculus and Linear Algebra
- MATH-252: Calculus and Modern Analysis III
- MATH-261: Discrete Methods in Mathematics
- MATH-262: Probability and Statistics
- MATH-272: Number Theory
- MATH-273: Advanced Probability and Statistics

- MATH-307: Differential Equations
- MATH-331: Mathematical Modeling
- MATH-341: Introduction to Operations Research
- MATH-342: Fundamentals of Geometry
- MATH-481: Advanced Special Topics in Mathematics

**Mathematical and Computer Sciences**

**Major in Mathematical and Computer Sciences**

A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Unless indicated, students must earn a grade of C- (1.70) or better to successfully complete the requirements for the Major. An Independent Study may be available with appropriate permissions; Special Topics courses are repeatable for credit; as are CMSC-401: Internship in Computer and Information Sciences and MATH-401: Internship in Mathematics. Courses are 3 credits unless indicated and may not be offered every semester.

**Requirements for the Major in Mathematical and Computer Sciences**

- CMSC-200: Programming in Java I and CMSC-201: Introduction to Java Programming II
- CMSC-251: Data Structures in Java (4 credits)
- CMSC-350: Computer Architecture and Logic Design (4 credits)
- CMSC-211: Calculus and Modern Analysis I
- CMSC-212: Calculus and Modern Analysis II
- CMSC-281: Computer Architecture and Logic Design (4 credits)

**Honors**

Eligibility is determined by mastery of the major field and by general ability. To be eligible a student must have declared a major, have achieved a grade point average of 3.6 or higher in the major and an overall grade point average of 3.5 or higher, and completed 60 semester hours toward his/her degree (12 of which must be credits in the major). In addition, the student must have the recommendation of the faculty in the major. Students not meeting this criteria might be recommended for the program by the major. In most instances, students will receive a formal, written invitation early in the Fall semester of their Junior year. The Honors program provides an opportunity for independent study and research culminating in an Honors thesis submitted in the spring of Senior year. All students who have successfully completed the Honors Program will be recognized with Honors in their Major at the annual Honors Convocation and on their academic transcripts. In addition, the title of the completed *Honors Thesis* will appear on the academic transcript.

**Association**

Any student, regardless of Major, who is interested in politics, national affairs, and global controversies, is invited to join the Students’ Political Science Association (SPSA). This very active campus organization sponsors movies, fieldtrips to places like the U.S. Congress in Washington D.C. and the Constitution Center here in Philadelphia, speakers in current events such as nuclear proliferation and women’s development in Afghanistan, and the campus mock Presidential election.

**Honor Societies**

Pi Sigma Alpha, the national honor society in Political Science, is an affiliate of the American Political Science Association and is the only honor society for college and university students of government in the United States. Membership in the local chapter requires a major or minor in political science, a ranking in the top 33% of the class, a minimum of junior status, a political science GPA of 3.2, and the completion of 12 semester hours of coursework in Political Science. Eligible students must be approved.

**Political Science Career Connections, Public Speaking and Technology Requirements**

Students majoring in Political Science fulfill their career connections requirement through internship completion. The public speaking requirement is fulfilled by taking MCOM-160. Public speaking skills are reinforced in PSCI-498. Senior Seminar. Political Science majors fulfill the technology requirement by taking CMTC-203: Data Analysis Using Microsoft Excel and MCOM-160 where they acquire proficiency in Excel and PowerPoint respectively. Students may substitute CSEC-140: Legal Issues in Cyber Security or CMDF-281: Intro to GIS Mapping for CMTC-203: Data Analysis Using Microsoft Excel to satisfy the technology proficiency requirement. Excel and PowerPoint are Microsoft Office Suite skills in which graduates are expected to be proficient for the 21st century workplace.

**General Course Options/ Core Social Sciences Requirement:**

In addition to courses for Majors and Minors, the program offers several courses for students of any major interested in fulfilling the Core Social Sciences Requirement; a Writing Intensive requirement; or pursuing an interest in completing a minor. Check the Course Descriptions beginning on page 233 for any Prerequisites. Courses are 3 credits unless indicated and may not be offered every semester.

MISSION STATEMENT
The Center for Education, Advocacy & Social Justice (EASJ) capitalizes on the intersection of key disciplines (Human Services, Education, Criminal Justice and Law) to the benefit of our students. Through inter- and intra- Center collaborative learning environments, EASJ students will be empowered with knowledge and confidence necessary to meet the challenges of modern society.

Chestnut Hill College offers a Bachelor of Science in Criminal Justice, Law and Legal Studies, Human Services Leadership and Policy Studies, and a combined MS/BS Human Services Program. Minors are also offered in Restorative Justice, Sociology, Human Services and Criminal Justice. A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Unless indicated, students must earn a grade of C- (1.70) or better to successfully complete the requirements for the Major. An Independent Study may be available with appropriate permissions and Special Topics courses are repeatable for credit; as is CRJU-401: Internship in Criminal Justice. Courses are 3 credits unless indicated and may not be offered every semester.

Honor Societies and Memberships
Alpha Phi Sigma recognizes the academic excellence of criminal justice students. Its mission is to promote analytical thinking, rigorous scholarship and lifelong learning, to keep abreast of the advances in scientific research, to elevate the ethical standards of the criminal justice professions and to sustain in the public mind the benefit and necessity of education and professional training. Members must be enrolled in undergraduate programs of a regionally accredited institution at the time of initiation and must have declared a major or minor in criminal justice or a related field. Students must have completed at least four required courses in the major/minor, have a minimum Career GPA of 3.2 and a GPA of 3.4 in Criminal Justice or related field courses. Eligible students must be approved.

Tau Upsilon Alpha The National Honor Society of Human Services, is an affiliate of the National Organization of Human Services. Membership at CHC requires a major or minor in Human Services, a ranking in the top 35% of the class, a cumulative GPA of 3.23, Junior status, and the completion of three full time semesters. Recipients must exemplify the leadership and ethical characteristics of the Ethical Standards of Human Services Professionals. Eligible students must be approved.

Career Development, Public Speaking and Technology Requirements
All majors in the Social Justice and Advocacy center fulfill their career development requirement through external learning completion, for example, CRJU-401, and/or during the Senior Seminar, for example, HSVC-498. The public speaking and technology proficiency are satisfied through completing the required Research Methods courses and are reinforced in the Senior Seminar.

EDUCATION

Chestnut Hill College offers a Bachelor of Science (BS) in four teacher education preparation programs. Upon successful completion of all requirements, students may apply to the Pennsylvania Department of Education (PDE) for Certification. In addition, teacher candidates must pass the appropriate PA Education Certification Tests (PECT/PRAXIS) before applying for PDE Certification. The programs are listed below. More information on each program is found under the specific subject area in this catalog. Chestnut Hill College also offers minors in Education and Special Education and certification in Montessori Education (ages 3 to 6).

Please note, CHC is no longer accepting applicants to the Music Education program.

Early Education (PreK to 4) with a minor in Special Education
This program leads to Pennsylvania Department of Education certification in Early Education. A minor in Special Education does not lead to Pennsylvania Department of Education certification in Special Education.

Special Education (PreK to 12)
This program leads to Pennsylvania Department of Education certification in Special Education.

Early Education Dual (PreK to 4) and Special Education (PreK to 12)
This is a combined program leading to Pennsylvania Department of Education certification in both Early Education and Special Education.

Co-Major in Secondary Education (grades 7 to 12) with a minor in Special Education
Students may pursue a Co-Major in Secondary Education while majoring in:
- Biology
- Chemistry
- English Literature
- English Literature and Writing
- French
- History
- Mathematics
- Mathematics and Computer Science
- Spanish
A minor in special education is part of each Secondary Education program. A minor in Special Education does not lead to Pennsylvania Department of Education certification in Special Education.

Montessori Education Certificate Program
Chestnut Hill College also offers Montessori Education Certificate Program (3 to 6 year-olds) accredited by the Montessori Accreditation Council for Education and affiliated by the American Montessori Society. Students interested in becoming Montessori teachers may take coursework in the College’s Montessori Teacher Education Program as electives for credit or as part of a noncredit program. Students taking the Montessori courses for noncredit will not, upon completion nor in the future, receive any undergraduate or graduate college credit for the noncredit coursework. Successful completion of this program leads to the American Montessori Society credential. Students interested in Montessori Education should contact the Montessori Program Director at 215.248.7123.

Honors
Eligibility is determined by mastery of the major field and by general ability. To be eligible a student must have declared a major, have achieved a grade point average of 3.6 or higher in the major and an overall grade point average of 3.5 or higher, and completed 60 semester hours toward his/her degree (12 of which must be credits in the major). In addition, the student must have the recommendation of the faculty in the major. Students not meeting this criteria might be recommended for the program by the major. In most instances, students will receive a formal, written invitation early in the fall semester of their Junior year. The Honors program provides an opportunity for independent study and research culminating in an Honors thesis submitted in the spring of Senior year. All students who have successfully completed the Honors Program will be recognized with Honors in their Major at the annual Honors Convocation and on their academic transcripts. In addition, the title of the completed Honors Thesis will appear on the academic transcript.

Honor Societies and Memberships
Kappa Delta Epsilon is an honorary professional society, the purpose of which is to promote the cause of Education by fostering a spirit of fellowship, high standards of scholastic attainment, service, and professional ideals among its members. Requirements include an overall GPA of 3.00 or higher, Junior status, and formal acceptance into the Education Program. Eligible students must be approved by the Program.

Membership in the Council for Exceptional Children is open to all Education majors and minors. The Council provides students with opportunities to become knowledgeable with the latest research on the educational needs of children with disabilities, to foster a spirit of educational fellowship and to provide service to students, schools, and organizations working in the areas of special education.
Career Connections, Public Speaking and Technology Requirements

Students majoring in Education fulfill their career connections requirement through Fieldwork, Clinical/Student Teaching and Student Teaching Seminar experiences. The public speaking requirement is fulfilled in EDUC-498: Senior Seminar in Education and reinforced in Fieldwork, Clinical/Student Teaching as well as methods and writing courses. Education majors fulfill the technology requirement as part of field experience portfolios, student teaching, and courses in teaching methods and assessment.

Qualifications for all Pre-Service Teacher Preparation Programs

A student will be classified as an education/preliminary major upon acceptance into the College. However, formal acceptance into the Education Division occurs between 48 and 60 credit hours upon completion of Pre-Professional benchmarks including passing a basic skills test or submitting qualifying SAT/ACT scores. An overall GPA of 3.0 or above is required for formal admission into the Education Program and for graduation. Students must successfully complete all required coursework, field experiences, and student teaching. A passing grade for student teaching does not guarantee recommendation for PDE certification. Students must earn a grade of C or better in all Pennsylvania Department of Education required courses (ENGL-101, Eng. Lit, and two math courses). Students must earn a grade of C- or better (1.70) to successfully complete the requirements for the major. Candidates may need to retake courses with C- grades.

Competencies and Portfolio Development

All Education majors must meet specific competencies as defined by the Pennsylvania Department of Education. Pre-service candidates meet these competencies by successfully completing coursework, field experiences, portfolio development, and student teaching. (See the Education Handbook for details.)

Pre-Professional Benchmark Requirements

Stage I and Stage II Portfolios are completed in the following courses:
- EDUC-201: Child and Adolescent Development (FE I)
- EDUC-203: Foundations of Education (FE II)

Professional Benchmark Requirements

Stage IIIA and Stage IIIB Portfolios are completed in the following courses:
- EDP4 IIIA: EDP4-321: Classroom Mgmt/App Instr Field Exp IIIA
- EDP4 IIIB: EDSP-355: Instruction in Inclusive Environments

Student Teaching Benchmark Requirements

Stage IV Portfolio is completed in the following courses:
- EDP4-420: Clinical Field Exp/St Tch
- EDP4-421: Clinical St Tch Seminar
- EDSC-420: Clinical Field Exp/St Tch
- EDSC-421: Clinical St Tch Seminar

Formal Admission to Education

The following requirements are mandated by the Pennsylvania Department of Education for formal acceptance:

- Pass a basic skills assessment (PAPA or CORE or SAT/ACT exempt or qualifying combinations)
- Minimum of 48 credits with a GPA of 2.8 (conditional acceptance until 60 credits with GPA of 3.0 req’d)
- Maximum of 60 credits with a GPA of 3.0
- Other requirements as listed in Education Handbook found on the portal

Professional Benchmark Requirements

Progression through the education program

- Pre-Professional Requirements met
- Formal Acceptance into the Education program
- Meet with advisor for enrollment in the required education courses (See Education Handbook for details)

Student Teaching Benchmark Requirements

Progression through Clinical Student Teaching and Exiting Program

- Professional Benchmark Requirements met
- Application for Student Teaching submitted
- Meet with advisor for enrollment in required courses including Student Teaching and Seminar (See Education Handbook for details)
- After completion of all college requirements, teacher candidates may be eligible to be recommended for PDE Teacher Certification by the Education Program (See Education Handbook for details)
- Teacher candidates must pass the appropriate PA Education Certification Tests before applying for PDE Certification (See information on PDE website)

### SECONDARY EDUCATION

**Major in English Literature with Secondary Education Co-Major and Special Education Minor**

The Secondary Education Certification Preparation Program in English (Grades 7-12) is available to English Literature Majors seeking Pennsylvania Department of Education (PDE) Certification. The Program integrates educational theory and practice with field experiences that include practicum and student teaching, as well as opportunities to develop teaching competence through innovative and effective approaches to the educational process with focus on students at the Secondary Level. Students interested in the Co-Major/Minor should contact the Education Office at 215.248.7129.

The PDE requires that all Secondary Education Certification Preparation Program participants have 9 credits of Special Education and 3 credits of Teaching English as a Second Language, in addition, students must meet field experience competencies before Student Teaching: EDUC 201 provides 20 hours; EDUC 203 provides 20 hours; EDSC 317 provides 75; and Student Teaching, EDSC 420, is 14 weeks in duration.

**Stage I and Stage II Portfolios are completed in the following courses:**

<table>

</tr>
</tbody>
</table>

**Stage IIIA Portfolio is completed in the following course:**

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>EDSC 317:</td>
<td>Special Methods in English /Field Experience IIIA</td>

</thead>
<tbody>
<tr>
<td>EDSC 420:</td>
<td>Clinical Field Experience/Student Teaching</td>
</tr>
<tr>
<td>EDSC 421:</td>

</tr>
</tbody>
</table>

By 60 credits, candidates must pass a basic skills test (PAPA or CORE) if not SAT/ACT exempt as required by PDE. An overall GPA of 3.0 or above is required for formal admission into the Education Program and for graduation. Students must successfully complete all required coursework, clinical field experiences and student teaching.

Students must earn a grade of C+ (1.70) or better to successfully complete the requirements for the Major unless an exception is noted. Majors may need to re-take courses with C- grades if their Career GPA is less than the Career GPA required by the PDE for Certification or if a higher grade is required to demonstrate competency as identified by the program. Special Topics courses are repeatable for credit, as are ENGL 340: American Literature Seminar and ENGL 342: British Literature Seminar. Courses are 3 credits unless indicated and may not be offered every semester.

## Major in French with Secondary Education Co-Major and Minor in Special Education

The **Secondary Education Certification Preparation Program in Foreign Language (Grades 7 to 12)** is available to French Majors seeking Pennsylvania Department of Education (PDE) Certification. The Program integrates educational theory and practice with field experiences that include practicum and student teaching, as well as opportunities to develop teaching competence through innovative and effective approaches to the educational process with focus on students at the Secondary Level. Students interested in the Co-Major/Minor should contact the Education Office at 215.248.7129.

The PDE requires that all **Secondary Education Certification Preparation Program** participants have 9 credits of Special Education and 3 credits of Teaching English as a Second Language, in addition, students must meet field experience competencies before Student Teaching: EDUC-201 provides 20 hours; EDUC-203 provides 20 hours; EDSC-328 provides 75; and Student Teaching, EDSC-420, is 14 weeks in duration.

**Stage I and Stage II Portfolios are completed in the following courses:**
- EDUC-201: Child and Adolescent Development (FE I)
- EDUC-203: Foundations of Education (FE II)

**Stage IIIA Portfolio is completed in the following course:**
- EDSC-328: Special Methods in Foreign Language
**Stage IV Portfolio is completed in the following courses:**

EDSC-420: Clinical Field Experience/Student Teaching  
EDSC-421: Clinical/Student Teaching Seminar

By 60 credits candidates must pass a basic skills test (PAPA or CORE) if not SAT/ACT exempt as required by PDE. An overall GPA of 3.0 or above is required for formal acceptance into the Education Program and for graduation. Students must successfully complete all required coursework, clinical field experiences, and student teaching.

Students must earn a grade of C- (1.70) or better in courses required to successfully complete the requirements for the Major unless an exception is noted. Majors may need to re-take courses with C- grades if their Career GPA is less than the Career GPA required by the PDE for Certification or if a higher grade is required to demonstrate competency as identified by the program. Special Topics courses are repeatable for credit, as is FREN-401: Internship in French. Courses are 3 credits unless indicated and may not be offered every semester.

**Major in History with Secondary Education Co-Major and Minor in Special Education**

The Secondary Education Certification Preparation Program in Social Studies (Grades 7-12) is available to History Majors seeking Pennsylvania Department of Education (PDE) Certification. The Program integrates educational theory and practice with field experiences that include practicum and student teaching, as well as opportunities to develop teaching competence through innovative and effective approaches to the educational process with focus on students at the Secondary Level. Students interested in the Co-Major/Minor should contact the Education Office at 215.248.7129.

The PDE requires that all Secondary Education Certification Preparation Program participants have 9 credits of Special Education and 3 credits of Teaching English as a Second Language. In addition, students must meet field experience competencies before Student Teaching. EDUC-201 provides 20 hours; EDUC-203 provides 20 hours; EDSC-318 provides 75; and Student Teaching, EDSC-420, is 14 weeks in duration.

**Stage I and Stage II Portfolios are completed in the following courses:**
- EDUC-201: Child and Adolescent Development (FE I)
- EDUC-203: Foundations of Education (FE II)

**Stage IIIA Portfolio is completed in the following course:**
- EDSC-318: Special Methods/Social Studies/Field Experience IIIA

**Stage IV Portfolio is completed in the following courses:**
- EDSC-420: Clinical Field Experience/Student Teaching
- EDSC-421: Clinical/Student Teaching Seminar
By 60 credits candidates must pass a basic skills test (PAPA or CORE) if not SAT/ACT exempt as required by PDE. An overall GPA of 3.0 or above is required for formal acceptance into the Education Program and for graduation. Students must successfully complete all required coursework, clinical field experiences, and student teaching.

Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the Major unless an exception is noted. Majors may need to re-take courses with C- grades if their Career GPA is less than the Career GPA required by the PDE for Certification or if a higher grade is required to demonstrate competency as identified by the program. Special Topics courses are repeatable for credit. Courses are 3 credits unless indicated and may not be offered every semester.

Major in Mathematics with Co-Major in Secondary Education and Minor in Special Education

The Secondary Education Certification Preparation Program in Mathematics (Grades 7-12) is available to Mathematics Majors seeking Pennsylvania Department of Education (PDE) Certification. The Program integrates educational theory and practice with field experiences that include practicum and student teaching, as well as opportunities to develop teaching competence through innovative and effective approaches to the educational process with focus on students at the Secondary Level. Students interested in the Co-Major/Minor should contact Rev. Robert Mulligan at 215.248.7058 or the Education Office at 215.248.7129.
The PDE requires that all Secondary Education Certification Preparation Program participants have 9 credits of Special Education and 3 credits of Teaching English as a Second Language, in addition, students must meet field experience before Student Teaching: EDUC-201 provides 20 hours; EDUC-203 provides 20 hours; EDSC-329 provides 75; and Student Teaching, EDSC-420, is 14 weeks in duration.

**Stage I and Stage II Portfolios are completed in the following courses:**
EDUC-201: Child and Adolescent Development (FE I)  EDUC-203: Foundations of Education (FE II)

**Stage IIIA Portfolio is completed in the following courses:**
EDSC-329: Special Methods in Mathematics/Field Experience IIIA

**Stage IV Portfolio is completed in the following courses:**
EDSC-420: Clinical Field Experience/Student Teaching  EDSC-421: Clinical/Student Teaching Seminar

By 60 credits candidates must pass a basic skills test (PAPA or CORE) if not SAT/ACT exempt as required by PDE. An overall GPA of 3.0 or above is required for formal acceptance into the Education Program and for graduation. Students must successfully complete all required coursework, clinical field experiences, and student teaching.

Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the Major unless an exception is noted. Majors may need to re-take courses with C- grades if their Career GPA is less than the Career GPA required by the PDE for Certification or if a higher grade is required to demonstrate competency as identified by the program. Special Topics courses are repeatable for credit. Courses are 3 credits unless indicated and may not be offered every semester.

Major in Chemistry with Co-Major in Secondary Education and Minor in Special Education
The Secondary Education Certification Preparation Program in Chemistry (Grades 7-12) is available to Chemistry Majors seeking Pennsylvania Department of Education (PDE) Certification. The Program integrates educational theory and practice with field experiences that include practice and student teaching, as well as opportunities to develop teaching competence through innovative and effective approaches to the educational process with focus on students at the Secondary Level. Students interested in the Co-Major/Minor should contact the Education Office at 215.248.7129.

The PDE requires that all Secondary Education Certification Preparation Program participants have 9 credits of Special Education and 3 credits of Teaching English as a Second Language, in addition, students must meet field experience before Student Teaching. EDUC-201 provides 20 hours; EDUC-203 provides 20 hours; EDSC-327 provides 75; and Student Teaching, EDSC-420, is 14 weeks in duration.

Stage I and Stage II Portfolios are completed in the following courses:
**Stage IIIA Portfolio is completed in the following course:**
EDSC-327: Special Methods in Chemistry/Field Experience IIIA

**Stage IV Portfolio is completed in the following courses:**
EDSC-420: Clinical Field Experience/Student Teaching

By 60 credits candidates must pass a basic skills test (PAPA or CORE) if not SAT/ACT exempt as required by PDE. An overall GPA of 3.0 or above is required for formal acceptance into the Education Program and for graduation. Students must successfully complete all required coursework, clinical field experiences, and student teaching.

Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the Major unless an exception is noted. Majors may need to re-take courses with C- grades if their Career GPA is less than the Career GPA required by the PDE for Certification or if a higher grade is required to demonstrate competency as identified by the program. Special Topics courses are repeatable for credit. Courses are 3 credits unless indicated and may not be offered every semester.

Combined Program: BS Human Services/MS Administration of Human Services
Chestnut Hill College offers a combined BS in Human Services and MS in Human Service Management program. The combined program provides an excellent opportunity for qualified Human Services majors in the School of Undergraduate Studies or the School of Continuing and Professional Studies to complete a master’s degree in Administration of Human Services in the School of Graduate Studies.

Students majoring in Human Services Leadership and Policy Studies at Chestnut Hill College are eligible to apply to the program once they have achieved senior status (completion of 84 credits). Transfer students must take a minimum of 15 credits at Chestnut Hill College. Students must earn an overall 3.2 GPA in undergraduate courses taken at Chestnut Hill College.

Approved students will be advised that two courses can be selected from the following three (3) graduate course options:
- HSVC 510 Organization Management in Human Services (replacing HSVC 399/Administration of Human Services)
- HSVC 550 Public Policy (replacing HSVC 356 Public Policy)
- HSVC 570 Human Diversity in Human Services (replacing SOCI 127 Diversity Issues)

Students who wish to enroll in graduate Human Service Management courses and be admitted into the Combined Program must complete all admissions requirements of the School of Graduate Studies as listed in the admissions section of the SGS catalog (i.e., completed application, transcripts, statement of professional goals, two professional or academic letters of recommendation, GRE or MAT scores or on-site writing sample, interview with Graduate Program Coordinator) prior to enrollment in graduate courses. In addition, international students must interview with the Director of Global Education and earn acceptable TOEFL scores. Prior or current volunteer or work-related experience in a human services setting is valued but not required.

Upon submission of the complete admissions requirements, the Admissions Committee will determine if applicants are provisionally accepted into the Combined Program. Formal acceptance into the Human Service Management Master’s Program will be granted to provisionally accepted students upon receipt of a transcript verifying successful completion of the undergraduate degree program with at least a 3.2 overall GPA.

Successful completion of courses taken as a pre-matriculating student does not guarantee acceptance into the Combined Program. If a student is not accepted into the Combined Program at the end of the first semester of enrollment in graduate courses, graduate coursework will count toward their current undergraduate degree only. NOTE: Students who receive a C+ or lower in a graduate level class while seeking full admission to the Human Service Management combined program will be ineligible for admission consideration.

For more information about this combined program, please contact Graduate Admissions, 215.248.7170, GradAdmissions@chc.edu

Procedures
For initial enrollment in HSMG courses
- Treat student similar to a MS AHSG applicant
- Student must have achieved senior status (at least 84 credits, a minimum of 15 for transfer students) and an overall GPA of at least 3.2 to be able to submit application to the combined program.
- Student must submit complete application requirements and go through the normal graduate admissions process in the Graduate Office where an admissions file will be created.
- The Admissions Committee will review the completed file and determine whether the student is approved to take up to 6 graduate credits (two classes, one class per session).
• Student Completes ‘Course in Another Division’ form with their SCPS or SUS advisor, who submits the approved form to the School of Graduate Studies.
• Assistant Registrar confirms eligibility with the HSMG Graduate Program Coordinator, and if eligible, registers student for up to two classes (6 credits one class per session).
• Formal acceptance into the Administration of Human Services Master’s Program will be granted to provisionally accepted students upon receipt of a transcript verifying successful completion of the undergraduate degree program with at least a 3.2 overall GPA.

NOTE: Students who receive a C+ or lower in a graduate level class while seeking full admission to the Administration of Human Service combined program will be ineligible for admission consideration.

General Course Options
In addition to courses for majors, there are many courses open to students of any major wishing to fulfill the Core Social Sciences Requirement or who are interested in exploring personal interests without committing to a minor. Courses are 3 credits unless indicated and may not be offered every semester. The following courses are open to any undergraduate student. Check the Course Descriptions section for any Prerequisites.

Sociology/Core Social Sciences Requirements:

| SOCI-101: Introduction to Sociology | SOCI-127: Diversity Issues |
| SOCI-103: Social Problems | SOCI-200: World Justice and Care for Children |
| SOCI-104: Major Global Problems | SOCI-210: Gender and the Law |

Human Services:

| HSVC-105: Introduction to Human Services | HSVC-281: Special Topics in Human Services |
| HSVC-257: Human Behavior and the Social Environment | HSVC-322: Disability and Society Seminar |

Honors
Eligibility is determined by mastery of the major field and by general ability. To be eligible a student must have declared a major, have achieved a grade point average of 3.6 or higher in the major and an overall grade point average of 3.5 or higher, and completed 60 semester hours toward his/her degree (12 of which must be credits in the major). In addition, the student must have the recommendation of the faculty in the major. Students not meeting this criteria might be recommended for the program by the major. In most instances, students will receive a formal, written invitation early in the Fall semester of their junior year. The Honors program provides an opportunity for independent study and research culminating in an Honors thesis submitted in the spring of Senior year. All students who have successfully completed the Honors Program will be recognized with Honors in their Major at the annual Honors Convocation and on their academic transcripts. In addition, the title of the completed Honors Thesis will appear on the academic transcript.

Honor Societies

Alpha Phi Sigma recognizes the academic excellence of undergraduate criminal justice students. Its mission is to promote analytical thinking, rigorous scholarship and lifelong learning; to keep abreast of the advances in scientific research; to elevate the ethical standards of the criminal justice professions and to sustain in the public mind the benefit and necessity of education and professional training. Members must be enrolled in undergraduate programs of a regionally accredited institution at the time of initiation and must have declared a major or minor in Criminal Justice or a related field. Students must have completed at least four required courses in the major/minor; have a minimum Career GPA of 3.20; and a GPA of 3.40 in Criminal Justice or related field courses. Eligible students must be approved.

Tau Upsilon Alpha, the National Honor Society for Human Services, is an affiliate of the National Organization of Human Services. Membership in The Tau Alpha Chapter at Chestnut Hill College requires a major or minor in Human Services, a ranking in the top 33% of the class, a cumulative GPA of 3.25, Junior standing and the completion of three fulltime semesters. Recipients must exemplify the leadership and ethical characteristics of the Ethical Standards of Human Services Professionals. Eligible students must be approved.

Career Development, Public Speaking and Technology Requirements
All majors in the program fulfill their career development requirement through Internship completion (CRJU/SOCI-401: Internship in Criminal Justice/Sociology or HSVC-303 & 403: Human Services Field Experience) and/or during the Senior Seminar (SOCI-
The public speaking and technology proficiency requirements are satisfied through completing the required Research Methods courses and are reinforced in the Senior Seminar.

**LAW & LEGAL STUDIES**

The Law and Legal Studies major is designed to prepare graduates to enter a variety of fields requiring legal knowledge, critical thinking, information technology and digital forensics. Through an integrated approach to the study of law, students acquire cutting-edge skills enabling them to enter a variety of careers upon graduation or to continue their legal studies in law school. Embedded throughout the curriculum is the value of using legal knowledge as a powerful tool to serve others and ameliorate societal inequities.

**Major in Law & Legal Studies**

A minimum Career GPA of 2.50 and a minimum Major GPA of 2.50 are required for graduation. Unless indicated, students must earn a grade of C- (1.70) or better to successfully complete the requirements for the Major. An Independent Study may be available with appropriate permissions and Special Topics courses are repeatable for credit. Courses are 3 credits unless indicated and may not be offered every semester. Internships are also repeatable for credit, such as LEGL-401: Internship in Law and Legal Studies.

Departmental Honors
Eligibility is determined by mastery of the major field and by general ability. To be eligible a student must have declared a major, have achieved a grade point average of 3.6 or higher in the major and an overall grade point average of 3.5 or higher, and completed 60 semester hours toward his/her degree (12 of which must be credits in the major). In addition, the student must have the recommendation of the faculty in the major. Students not meeting this criteria might be recommended for the program by the major. In most instances, students will receive a formal, written invitation early in the Fall semester of their Junior year. The Honors program provides an opportunity for independent study and research culminating in an Honors thesis submitted in the spring of Senior year. All students who have successfully completed the Honors Program will be recognized with Honors in their Major at the annual Honors Convocation and on their academic transcripts. In addition, the title of the completed Honors Thesis will appear on the academic transcript.

Honor Societies
Membership in the local chapter of Sigma Tau Delta, the International English Honor Society, requires a major or minor in English Literature or English Literature and Communication. Eligible students rank in the top 35% of the class, have a minimum GPA of 3.00 in the major or minor, completion of three semesters of coursework at the college, and completion of two courses in English (not including ENGL-101), and receive program approval.
**Extra-Curricular Activities and Clubs**
The college newspaper and literary magazine offer English Literature and Writing Majors opportunities to develop their writing interests and skills while the TV, Radio, and Poetry Clubs offer opportunities for all students to participate in, prepare, and edit campus media programs.

**Career Connections, Public Speaking and Technology Requirements**
English Literature and English Literature and Writing Majors can fulfill the Public Speaking Proficiency by taking Public Speaking (MCOM-160) and/or offering presentations in 300 level courses and ENGL-495, HUMN-496, and HUMN-300. The Career Connections requirement is addressed through HUMAN-300 courses. Proficiency with Technology appropriate to the study of literature or writing tracks is addressed in ENGL-495, HUMN-496, and HUMN-300.

**Major in English Literature**
The major in English Literature is a Liberal Arts degree that allows students to develop advanced critical reading and writing skills and effective communication skills through deep engagement with literary texts. Students become expert close readers of text and develop awareness of literary criticism and theory as well as the interconnection between literature and its cultural, social, and historical contexts. Students with a degree in English Literature possess the high-level reading, writing, thinking, and communication skills that are transferable to nearly any career path and are invaluable in life.

A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the Major. An Independent Study may be available with appropriate permissions; Special Topics courses are repeatable for credit as are ENGL 340: American Literature Seminar; ENGL 342: British Literature Seminar; and ENGL 401: Internship in English Literature. Courses are 3 credits unless indicated and may not be offered every semester.

## Major Requirements in English Literature and Writing

The degree in English Literature and Writing powerfully combines the study of literature with the focused development of writing skills across a variety of genres and for a range of audiences. Through their study of literature, students become strong close readers of text and develop awareness of literary criticism and theory as well as the interconnectedness between literature and its cultural, social, and historical contexts. They also focus actively on developing their writing skills in creative writing genres and various forms of professional writing. Students with a degree in English Literature and Writing possess the high-level reading, writing, thinking, and communication skills that are transferrable to nearly any career path and are invaluable in life.

A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the Major. An Independent Study may be available with appropriate permissions. **Major in English Literature with Secondary Education Co-Major and Special Education Minor**

The Secondary Education Certification Preparation Program in English (Grades 7-12) is available to English Literature Majors seeking Pennsylvania Department of Education (PDE) Certification. The Program integrates educational theory and practice with field experiences that include practicum and student teaching, as well as opportunities to develop teaching competence through innovative and effective approaches to the educational process with focus on students at the Secondary Level. Students interested in the Co-Major/Minor should contact the Education Office at 215.248.7129.

The PDE requires that all Secondary Education Certification Preparation Program participants have 9 credits of Special Education and 3 credits of Teaching English as a Second Language, in addition, students must meet field experience competencies before Student Teaching: EDSC-203 provides 20 hours; EDSC-201 provides 20 hours; EDSC-317 provides 75; and Student Teaching, EDSC-420, is 14 weeks in duration.
Stage IIIA Portfolio is completed in the following course:
EDSC-317: Special Methods in English /Field Experience IIA

Stage IV Portfolio is completed in the following courses:
EDSC-420: Clinical Field Experience/Student Teaching
EDSC-421: Clinical/Student Teaching Seminar

By 60 credits, candidates must pass a basic skills test (PAPA or CORE) if not SAT/ACT exempt as required by PDE. An overall GPA of 3.0 or above is required for formal admission into the Education Program and for graduation. Students must successfully complete all required coursework, clinical field experiences and student teaching.

Students must earn a grade of C- (L70) or better to successfully complete the requirements for the Major unless an exception is noted. Majors may need to re-take courses with C- grades if their Career GPA is less than the Career GPA required by the PDE for Certification or if a higher grade is required to demonstrate competency as identified by the program. Special Topics courses are repeatable for credit, as are ENGL-340: American Literature Seminar and ENGL-342: British Literature Seminar. Courses are 3 credits unless indicated and may not be offered every semester.

FOREIGN LANGUAGE AND LITERATURE

Core Foreign Language Requirements
A student beginning a foreign language must successfully complete 101 and 102 in the same language. A student placed in 102 must also successfully complete 103 in the same language. For a student placed at the 103 level or above, only one course is required. Course(s) in a language not offered at the College taken at another institution after matriculation may be approved as meeting the Core Foreign Language Requirement at the discretion of the Foreign Language Major Chair.

Advanced Placement Test Information
Generally, a score of 3 or above on an Advanced Placement Test earns academic credit at the College. Scores on the following test is equivalent to the course/credit indicated:

Departmental Honors
Eligibility is determined by mastery of the major field and by general ability. To be eligible a student must have declared a major, have achieved a grade point average of 3.6 or higher in the major and an overall grade point average of 3.5 or higher, and completed 60 semester hours toward his/her degree (12 of which must be credits in the major). In addition, the student must have the recommendation of the faculty in the major. Students not meeting these criteria might be recommended for the program by the major. In most instances, students will receive a formal, written invitation early in the Fall semester of their Junior year. The Honors program provides an opportunity for independent study and research culminating in an Honors thesis submitted in the spring of Senior year. All students who have successfully completed the Honors Program will be recognized with Honors in their Major at the annual Honors Convocation and on their academic transcripts. In addition, the title of the completed Honors Thesis will appear on the academic transcript.

Honor Societies
Outstanding majors and minors, and students whose majors include a concentration in Foreign Languages, such as International Business, Language, and Culture, and Global studies, are invited to join the International Foreign Language Honor Society Phi Sigma Iota. These majors or minors must have a minimum overall GPA of 3.00, with at least one 200-level or above course completed. They must also rank in the top 35% of their class and have completed 75 earned academic credits. Eligible students must be approved by the program.

Career Connections, Public Speaking and Technology Requirements
Majors in French and Spanish fulfill the public speaking requirement and the technology requirement through FREN/SPAN 231 or 232. Majors fulfill the Career Connections requirement by attending presentations given by Career Services and by taking HUMN 300 courses.

Study Abroad
The Foreign Language Chair provides opportunities for internships and study abroad and strongly recommends an immersion experience (stateside or abroad) in the major language. Students who wish to study abroad must have a GPA of 3.00. Students who wish to study in Paris, France may enroll in the Cours de Civilisation Française de la Sorbonne. This program is designed especially for non-Francophone students with courses given in French. Similar programs exist in conjunction with the University of Salamanca in Spain. Students pursuing a business degree can attend the American Business School in Paris or CEFAM (Centre d’études franco-américain de management) in Lyon, France. These institutions offer business courses in English. For further information consult the Global Education Office.

Accommodations
Students receiving accommodation from the Office of Disability Resources may fulfill the Foreign Language CORE Requirement through an individualized course, SKLS 100 Experiences in Language and Culture. Enrollment in this course is based on the approval of the Chair of the Foreign Languages Program, the Director of Student Disabilities, and the student’s advisor. This course provides three credits towards graduation.

**Major in French**

Chestnut Hill College offers a Bachelor of Arts (BA) in French and the Bachelor of Arts (BA) in French with a Secondary Education Co-Major and Special Education Minor as part of the Secondary Education Certification Preparation Program in a Foreign Language (Grades K to 12). A Minor in French is also offered.

The Major in French aims to provide students with knowledge and appreciation of the French language and French and Francophone culture and literature. Students learn to understand, speak, read, and write the language and to acquire practical skills that will equip them for careers in business, government, communications, education, and other areas in which language skills and cultural background are assets. Students learn to analyze through studying the structure of the language. They also develop an ability to interpret literature and thus bring a humanizing dimension to their own lives and to modern society.

Students completing a Major in French must demonstrate oral and written proficiency at the level of Intermediate High or above, through the Oral Proficiency Interview according to the ACTFL Proficiency Guidelines. French majors are also required to study a second language for at least two semesters and should be able to demonstrate knowledge of that language at the intermediate level or above, according to the ACTFL Proficiency Guidelines. At the Program’s discretion, students approved to major in another discipline in addition to French may not be required to complete the second language courses. A Faculty Advisor will assist double majors in this area.

A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Students must earn a grade of C- (1.70) or better in courses to successfully complete the requirements for the Major. Students pursuing a major in French must complete 12 courses (36 credits) in French at the 200-level or above, and 2 courses (6 credits) in a second language and demonstrate intermediate proficiency according to the ACTFL guidelines. An Independent Study may be available with appropriate permissions; Special Topics courses are repeatable for credit, as is FREN 401: Internship in French.

**Major in French with Secondary Education Co-Major and Minor in Special Education**

The Secondary Education Certification Preparation Program in Foreign Language (Grades K to 12) is available to French Majors seeking Pennsylvania Department of Education (PDE) Certification. The Program integrates educational theory and practice with field experiences that include practicum and student teaching, as well as opportunities to develop teaching competence through innovative and effective approaches to the educational process with focus on students at the Secondary Level. Students interested in the Co-Major/Minor should contact the Education Office at 215.248.7129.

The PDE requires that all Secondary Education Certification Preparation Program participants have 9 credits of Special Education and 3 credits of Teaching English as a Second Language, in addition, students must meet field experience competencies before Student Teaching: EDUC-201 provides 20 hours; EDUC-203 provides 20 hours; EDSC-328 provides 75, and Student Teaching, EDSC-420, is 14 weeks in duration.

**Stage I and Stage II Portfolios are completed in the following courses:**
EDUC-201: Child and Adolescent Development (FE I)  EDUC-203: Foundations of Education (FE II)

**Stage IIIA Portfolio is completed in the following course:**
EDSC-328: Special Methods in Foreign Language

**Stage IV Portfolio is completed in the following courses:**
EDSC-420: Clinical Field Experience/Student Teaching  EDSC-421: Clinical/Student Teaching Seminar

By 60 credits candidates must pass a basic skills test (PAPA or CORE) if not SAT/ACT exempt as required by PDE. An overall GPA of 3.0 or above is required for formal acceptance into the Education Program and for graduation. Students must successfully complete all required coursework, clinical field experiences, and student teaching.

Students must earn a grade of C- (1.70) or better in courses required to successfully complete the requirements for the Major unless an exception is noted. Majors may need to re-take courses with C- grades if their Career GPA is less than the Career GPA required by the PDE for Certification or if a higher grade is required to demonstrate competency as identified by the program. Special Topics courses are repeatable for credit, as is FREN-403: Internship in French. Courses are 3 credits unless indicated and may not be offered every semester.

Major in Spanish

Chestnut Hill College offers a Bachelor of Arts (BA) in Spanish and a Bachelor of Arts (BA) in Spanish with a Secondary Education Co-Major and Special Education Minor as part of the Secondary Education Certification Preparation Program in a Foreign Language (Grades K to 12).

The Major in Spanish offers opportunities to develop an appreciation and understanding of the literature and culture of Spain and Latin America, as well as to develop fluency in oral and written Spanish. Students learn to understand, speak, read, and write the language and acquire practical skills that will equip them for careers in business, government, communications, education, and other areas in which language skills and cultural background are assets. Students learn to analyze through studying the structure of the language and develop an ability to interpret literature and thus bring a humanizing dimension to their own lives and to modern society.

Students completing a Major in Spanish must demonstrate oral and written proficiency at the level of Intermediate High or above, through the Oral Proficiency Interview according to the ACTFL Proficiency Guidelines. Majors are also required to study a second language for at least two semesters and should be able to demonstrate knowledge of that language at the intermediate level or above, according to the ACTFL Proficiency Guidelines. At the Program’s discretion, students approved to major in another discipline in addition to Spanish may not be required to complete the second language courses. A Faculty Advisor will assist double majors in this area.
A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Students must earn a grade of C- (1.70) or better in courses required to successfully complete the requirements for the Major. Students pursuing a major in Spanish must complete 12 courses (36 credits) in Spanish at the 200-level or above, and 2 courses (6 credits) in a second language and demonstrate intermediate proficiency according to the ACTFL guidelines. An Independent Study may be available with appropriate permissions; Special Topics courses are repeatable for credit, as is SPAN-403: Internship in Spanish.

**Major in Spanish**

This is a suggested academic plan only; it is not meant to address each student’s individual requirements or interests. Students will develop a personalized plan with a Faculty Advisor; however, it is the student’s responsibility to be aware of, register for, and successfully complete all of the requirements for graduation in the Major. The minimum number of Academic Credits required for graduation is 120.
Major in Spanish with Secondary Education Co-Major in Spanish and Minor in Special Education
The Secondary Education Certification Preparation Program in Foreign Language (Grades 7 to 12) is available to Spanish Majors seeking Pennsylvania Department of Education (PDE) Certification. The Program integrates educational theory and practice with field experiences that include practicum and student teaching, as well as opportunities to develop teaching competence through innovative and effective approaches to the educational process with focus on students at the Secondary Level. Students interested in the Co-Major/Minor should contact the Education Office at 215.248.7129.

The PDE requires that all Secondary Education Certification Preparation Program participants have 9 credits of Special Education and 3 credits of Teaching English as a Second Language. In addition, students must meet field experience competencies before Student Teaching. EDSC-203 provides 20 hours, EDSC-201 provides 20 hours, EDSC-328 provides 75, and Student Teaching, EDSC-420, is 14 weeks in duration.

Stage I and Stage II Portfolios are completed in the following courses:
- EDUC-201: Child and Adolescent Development (FE I)
- EDUC-203: Foundations of Education (FE II)

Stage IIIA Portfolio is completed in the following course:
- EDSC-328: Special Methods in Foreign Language

Stage IV Portfolio is completed in the following courses:
- EDSC-420: Clinical Field Experience/Student Teaching
- EDSC-421: Clinical/Student Teaching Seminar

By 60 credits candidates must pass a basic skills test (PAPA or CORE) if not SAT/ACT exempt as required by PDE. An overall GPA of 3.0 or above is required for formal acceptance into the Education Program and for graduation. Students must successfully complete all required coursework, clinical field experiences, and student teaching.

Students must earn a grade of C- (L70) or better to successfully complete the requirements for the Major unless an exception is noted. Majors may need to re-take courses with C- grades if their Career GPA is less than the Career GPA required by the PDE for Certification or if a higher grade is required to demonstrate competency as identified by the program. Special Topics courses are repeatable for credit, as is SPAN-401: Internship in Spanish. Courses are 3 credits unless indicated and may not be offered every semester.

**Minor in International Studies**

The International Studies Minor enables students in any Major to become more aware of the growing interdependence of nations. Courses with a multi-cultural dimension and an international focus, as well as the study of languages, broaden horizons and prepare participants to be agents in solving problems in a positive and peaceful way. An internship with an international dimension provides realistic experience and enhances career opportunities in the United States and abroad.

The choice of courses should be interdisciplinary in nature and may be used to fulfill Major, Core, and/or Core requirements. A Faculty Advisor will assist with course choices. Courses are 3 credits unless indicated and may not be offered every semester. Although the course plan and focus should be finalized by the first semester of Junior year, it is recommended that students begin their program in their first year. Interested students should contact Mary Helen Kashuba, SSJ - Telephone: 215.248.7124. Email: kashubam@chc.edu.

Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the minor. An Independent Study may be available with appropriate permissions; Special Topic courses are repeatable for credit. Courses are 3 credits unless indicated and may not be offered every semester.

Requirements include:

- **GLST 201:** Global Studies Seminar
- **One foreign language course** on an intermediate level or above, or a course on any level in a language ordinarily not available at Chestnut Hill College but spoken in a country where the student is studying abroad.
- **Four additional courses** with an international dimension focusing on a special topic or courses taken in a study-abroad program. They may include an additional foreign language course, an internship with an international dimension, either in the United States or abroad, or an interdisciplinary course with an international focus. No more than two courses may be in the same area. Examples of topics with an international dimension might include: Ecology and Environment in an International context, Multinational Corporations and International Business, Children and the Family in an International context, Multiculturalism in the Arts, Experiences in an International Program abroad, or other similar topics chosen in consultation with the faculty advisor.

All courses must be approved by the International Studies advisor.

**Minor in Latin**

Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the minor. Departmental Honors
Eligibility is determined by mastery of the major field and by general ability. To be eligible a student must have declared a major, have achieved a grade point average of 3.6 or higher in the major and an overall grade point average of 3.5 or higher, and completed 60 semester hours toward his/her degree (12 of which must be credits in the major). In addition, the student must have the recommendation of the faculty in the major. Students not meeting this criteria might be recommended for the program by the major. In most instances, students will receive a formal, written invitation early in the Fall semester of their Junior year. The Honors program provides an opportunity for independent study and research culminating in an Honors thesis submitted in the spring of Senior year. All students who have successfully completed the Honors Program will be recognized with Honors in their Major at the annual Honors Convocation and on their academic transcripts. In addition, the title of the completed Honors Thesis will appear on the academic transcript.

Association
Both majors and minors are invited to join the History Club which organizes field trips, lectures, film series, and other activities throughout the year. Students are also encouraged to participate in the international Legacy Conferences sponsored by the program. The Legacy Conference series was launched in 2003 with an intensive, two-day look at the Kennedy years. The Kennedy Legacy was

**Honor Societies**

Phi Alpha Theta, the national honor society in History, requires a minimum Career GPA of 3.00 and a 3.10 GPA in History. Eligible candidates must also rank in the top 35% of their class. Both majors and minors are eligible for nominations into the society upon completion of 12 semester hours of coursework in History. Eligible students must be approved by the Program. History majors fulfill the Career Connections requirement through taking a HUMN 300 course.

**History Career Connections, Public Speaking and Technology Requirements**

Students majoring in History fulfill their career connections requirement through completion of student teaching or an internship (where applicable) and/or during HIST 397: Research Methods. The public speaking requirement is fulfilled by taking PSPK 101: Fundamentals of Public Speaking (1 credit). History/Secondary Education Co-Majors fulfill the public speaking requirement by clinical/student teaching. History majors fulfill the technology requirement in HIST 397: Research Methods, HIST 497: History and Historiography, and HIST 498: Capstone Seminar where they become familiar with using digital archives and databases as research tools in identifying relevant primary and secondary sources for their senior thesis.

**Major in History**

A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the Major. An Independent Study may be available with appropriate permissions; Special Topics courses are repeatable for credit.

**Major in History with Secondary Education Co-Major and Minor in Special Education**

The Secondary Education Certification Preparation Program in Social Studies (Grades 7-12) is available to History Majors seeking Pennsylvania Department of Education (PDE) Certification. The Program integrates educational theory and practice with field experiences that include practicum and student teaching, as well as opportunities to develop teaching competence through innovative and effective approaches to the educational process with focus on students at the Secondary Level. Students interested in the Co-Major/Minor should contact the Education Office at 215.248.7219.

The PDE requires that all Secondary Education Certification Preparation Program participants have 9 credits of Special Education and 3 credits of Teaching English as a Second Language. In addition, students must meet field experience competencies before Student Teaching: EDSC-203 provides 20 hours, EDSC-201 provides 20 hours, EDSC-318 provides 75; and Student Teaching, EDSC-420, is 14 weeks in duration.

**Stage I and Stage II Portfolios are completed in the following courses:**

EDUC-201: Child and Adolescent Development (FE I)  
EDUC-203: Foundations of Education (FE II)

**Stage IIIA Portfolio is completed in the following course:**

EDSC-318: Special Methods/Social Studies/Field Experience IIIA

**Stage IV Portfolio is completed in the following courses:**

EDSC-420: Clinical Field Experience/Student Teaching  
EDSC-421: Clinical/Student Teaching Seminar

By 60 credits candidates must pass a basic skills test (PAPA or CORE) if not SAT/ACT exempt as required by PDE. An overall GPA of 3.0 or above is required for formal acceptance into the Education Program and for graduation. Students must successfully complete all required coursework, clinical field experiences, and student teaching.
Students must earn a grade of C- (L70) or better to successfully complete the requirements for the Major unless an exception is noted. Majors may need to re-take courses with C- grades if their Career GPA is less than the Career GPA required by the PDE for Certification or if a higher grade is required to demonstrate competency as identified by the program. Special Topics courses are repeatable for credit. Courses are 3 credits unless indicated and may not be offered every semester.

MEDIA & COMMUNICATION

Chestnut Hill College offers the Bachelor of Arts (BA) in Media & Communication as well as minors in Media & Communication and Film Production & Studies. The program integrates research, analysis, and creative production.

Major in Media & Communication

A minimum Career GPA of 2.00 and a minimum major GPA of 2.00 are required for graduation. Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the major. Special Topics courses are repeatable for credit, as are Workshop courses and Internships. An Independent Study may be available with appropriate permissions. Courses are 3 credits unless indicated and may not be offered every semester.

All Media & Communication majors are required to complete a minimum of 3 credits of experiential learning by completing either an Internship or Practicum in Media & Communication. Details are provided to all majors, but students may also contact the Discipline Chair, Dr. Nora Madison (MadisonN@chc.edu) with any questions.

Specializations in Media & Communication

Students can focus on developing specific skills within Media & Communication: Digital Journalism, Media Production, and Public Relations, or creating their tailored specialization. Specializations are elective and not required for the degree.

- Three Media & Communication Workshops (3 credits)
- Seven Media & Communication Electives (21 credits) – recommended at least five within a specialization

### Media & Communication Workshops:

- MCOM-102: The Griffin Newspaper Production Workshop (1 cr)
- MCOM-103: Griffin Media Production Workshop (1 cr)
- MCOM-104: Griffin PR Production Workshop (1 cr)
- MCOM-106: Literary Magazine Workshop (1 cr)
- MCOM-202: Advanced The Griffin Newspaper Production Workshop (3 credits)
- MCOM-203: Advanced Griffin Media Production Workshop (3 credits)
- MCOM-204: Advanced Griffin PR Production Workshop (3 credits)

### Specialization in Digital Journalism:

The specialization in Digital Journalism trains students in the practice of journalism across media, with a focus on digital news writing. Courses and workshops develop essential skills in gathering and organizing information and telling engaging stories. Students gain practical experience in digital journalism through participation in the student-run publication, The Griffin.

The following courses are recommended for establishing proficiency in the field of Digital Journalism. A minimum of 15 credits is expected.

- MCOM 223: Audio Production
- MCOM 224: Digital Photography
- MCOM 240: Journalism Writing (WI)
- MCOM 245: Sports Media Communication
- MCOM 262: Public Relations Writing (WI)
- MCOM 340: Advanced Journalism Writing (WI)

At least 2 semesters of MCOM-102 or MCOM-202

### Specialization in Media Production:

The specialization in Media Production prepares students in the craft of creative narrative and nonfiction storytelling strategies across diverse multimedia platforms including web, radio, television, and film. Students learn best practices and professional skills while harnessing the tools of audio-visual language to hone their voice as media makers. Students gain practical experience in media production through participation in CHCTV, Chestnut Hill College's television channel featuring original student-generated content.

The following courses are recommended for establishing proficiency in the field of Media Production. A minimum of 15 credits is expected.
Specilization in Public Relations:
The specialization in Public Relations provides students with a foundational knowledge in the field of public relations. Students learn the key theories of communication to target audiences using traditional media, digital and social media techniques. Students also focus on building skills in critical thinking, speaking, and writing, which form the foundations for public relations. The following courses are recommended for establishing proficiency in the field of Public Relations. A minimum of 15 credits is expected.

MCOM 160: Public Speaking
MCOM 240: Journalism Writing (WI)
MCOM 260: Persuasion & Propaganda
MCOM 261: Public Relations
MCOM 262: Public Relations Writing (WI)
MCOM 368: Media Crime and Justice
At least 2 semesters of MCOM 103 or MCOM 203

Individualized Specializations:
Students are encouraged to work with their primary academic advisor within Media & Communication to build an individualized specialization. Ideas include, but are not limited to: Health Communication, International Communication, Media and International Affairs, Media Science & Technology, Political Communication, Sports Media and others based on individual student interest. A minimum of 15 credits is expected to gain proficiency.

Honors
Eligibility is determined by mastery of the field and general ability. To be eligible a student must have declared a major, have achieved a grade point average of 3.6 or higher in the major and an overall grade point average of 3.5 or higher, and completed 60 semester hours towards their degree, 12 of which must be credits in the major. Additionally, students must have the recommendation of the faculty in the major. In most instances, students will receive a formal, written invitation early in the Fall semester of their Junior year. The Honors program provides an opportunity for independent study and research culminating in an Honors thesis submitted in the spring of Senior year. All students who have successfully completed the Honors Program will be recognized with Honors in their Major at the annual Honors Convocation and on their academic transcripts. In addition, the title of the completed Honors Thesis will appear on the academic transcript.

Honor Societies
Lambda Pi Eta is the official Communication Studies honor society of the National Communication Association (NCA). The Phi Delta chapter of Lambda Pi Eta was chartered at Chestnut Hill College in 2006. Membership in the society is designed to recognize undergraduate Communication students who consistently achieve distinction in their studies. Membership in the society is open to both Communication and English & Writing majors. Students must have 3.0 cumulative GPA and a 3.25 GPA in communication studies, must have completed 60 hours of semesters coursework, and must rank within the highest 35% of their class in general scholarship.

Awards
The Maryanne Walsh Award in Communication is given to one graduating senior from the Media & Communication program at Chestnut Hill College. The recipient must have at least a 3.0 or higher overall GPA, have completed an Internship, and truly exemplify the mission and live out the core values of the institution.

Extra-Curricular Activities and Clubs
The Griffin, student newspaper
Griffin Media, student multimedia programming
Griffin PR, student public relations club
**Sample Academic Plan**

**Major in Media & Communication**

This is a suggested academic plan only; it is not meant to address each student's individual requirements or interests. Students will develop a personalized plan with a Faculty Advisor; however, it is the student’s responsibility to be aware of, register for, and successfully complete all of the requirements for graduation in the Major. The minimum number of Academic Credits required for graduation is 120.

MUSIC AND MUSIC PERFORMANCE

Core Arts Requirement and General Course Options

A wide variety of Music courses are available to students looking to fulfill the Core Arts Requirement or expand on interests without pursuing a minor. These courses are open to students in any Major; however, they may not be offered every semester and may have a Prerequisite. Courses are 3 credits unless indicated. See the Course Descriptions section for information on the following courses:

- MUSC-101: Music in Western Culture
- MUSC-103: Introduction to Music Theory
- MUSC-120: Introduction to Western Music (non-majors with permission)
- MUSC-124: Music in the 20th Century America A
- MUSC-203: Global Music A
- MUSC-281: Computer and Music Creation

Music Lessons for Non-Majors

Private music instruction in voice or on selected instruments in the form of weekly lessons are provided to any interested students regardless of Major or ability. All MULS courses earn 1.0 academic credit each, are repeatable for credit, and are graded Pass/Fail only. Lesson times and days are arranged with the Instructor. Please note that there is an additional fee of $500 per semester for each MULS lesson that is assessed at the time of registration.

Performance Opportunities

The music department offers students a variety of performance opportunities, regardless of program. All MUPE courses are 0.5 Non-Academic credit and are graded Pass/Fail. MUPE courses are not included in the maximum 18 credits per semester. Some previous experience or audition may be required. See the Course Descriptions section for information on the following courses:

- MUPE-110: Hill Singers
- MUPE-130: String Ensemble
- MUPE-150: Wind Ensemble
- MUPE-170: Jazz Ensemble

Minor in Music

Students can complement their major course of study with a minor in music, where they will explore music’s expressive and communicative powers. Music minors learn about music from technical, historical, and practical perspectives. Students who pursue this minor may take private lessons or perform in ensembles which give regular public performances including seasonal concerts and the annual Carol Night.

Students must earn a grade of C- (1.70) or better in courses required to successfully complete the requirements for the minor. An individualized minor may be developed in consultation with the Chair of the Major in Music. Courses are 3 credits unless indicated and may not be offered every semester.

Minor in Sonic Arts

The minor is situated at the intersection of music, art, and technology, and is built on the premise that any sound has the potential for communication and expression. Sonic Arts is a highly creative and diverse subject; its parameters expand and evolve according to the ideas of its creators, advancements in technology, and changes in cultural aesthetics. Students in Sonic Arts learn to manipulate speech, music, and natural sounds using industry software to create art that provokes thought, emotion, and conversation.

Students must earn a grade of C- (1.70) or better in courses required to successfully complete the requirements for the minor. An individualized minor may be developed in consultation with the Chair of Music. Courses are 3 credits unless indicated and may not be offered every semester.

RELIGIOUS STUDIES AND PHILOSOPHY

Core Religious Studies Requirement
An undergraduate student fulfills the Religious Studies requirement of the Core by successfully completing two Religious Studies courses. The first is a 100-Level Religious Studies course and the second course is any Religious Studies course at the 200-level, or an IDHP seminar with an indicated Religious Studies component. Students of all religious traditions and those who are unaffiliated with a particular tradition are welcome in any class. All courses seek to give students the opportunity to explore the nature of belief as they seek to find meaning in their lives. Students explore human history in its unfolding, the needs of the world’s peoples, the tenets of Catholic Social Tradition, and the demands of moral decision-making. A welcoming environment is created where students feel safe to explore their own questions, admit to doubts, and develop the spiritual dimension of life. Courses fulfilling the 200-level requirement:

Religious Studies/Core Second Religious Studies Requirement:
RLST-206: World Religions
RLST-207: Contemporary Christian Living
RLST-208: What Catholics Believe
RLST-209: Old Testament Studies
RLST-211: Women in the Bible
RLST-216: Fundamental Moral Theology
RLST-217: Contemporary Moral Issues
RLST-218: Biomedical Moral Issues
RLST-219: A God Beyond All Names
RLST-220: Forgiveness and Reconciliation
RLST-222: Marriage and Family
RLST-226: The Meaning of Death and Dying
RLST-234: Sacraments and Spirituality
RLST-235: Spirituality: A Life Journey
RLST-240: Introduction to Social Justice

Certificate in Religious Studies (Non-matriculated students)
The Certificate in Religious Studies, designed for teachers and religious educators in parishes or parochial schools, in addition to being issued to students completing the Minor in Religious Studies, is also available to any non-matriculated students wishing to earn the Certificate for personal or professional reasons.

Non-matriculated students should contact the Office of the Registrar for registration assistance. Phone: 215.248.7005. Fax: 215.242.7714. Email: registrar@chc.edu. Students must earn a grade of C- (1.70) or better in courses required to successfully complete the requirements for the Certificate. An Independent Study (RLST-490) may be available with appropriate permissions. Courses are 3 credits unless indicated and may not be offered every semester.

MULTIDISCIPLINARY MINORS

Multidisciplinary Minor in Health Humanities

This interdisciplinary minor targeted at students who are preparing to work in health-related or social service-related fields is composed of courses that developing personal and professional skills that will make you more effective when interacting with patients and clients by helping develop interpersonal and communication skills that acknowledge and honor the fact that they will work with human beings.

The courses focus on understanding stories and narration, honing listening skills, developing and managing empathy, appreciating the complexity of ethical issues, and understanding the importance of social and cultural contexts when delivering care or services. This minor may also be desirable for students in the Humanities, particularly in English or Communication, who may wish to develop a specialization related the Health communication.

The minor consists of six courses, one of which must be an internship. Students choose from a wide variety of courses from a range of disciplines:

Multidisciplinary Minor in Peace and Justice Studies

The Religious Studies and Philosophy, Sociology, Criminal Justice and Human Services programs work together to offer students an Interdisciplinary Minor in Peace and Justice. The goal of the minor is to ground students in issues of peace and justice through increased knowledge in areas such as non-violent social change, conflict resolution, and economic justice. Formal application must be made for the minor. Please contact Dr. Marie Conn, ext. 7044, or mconn@chc.edu.

Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the minor. Courses are 3 credits unless indicated and may not be offered every semester. The requirements include six (6) courses total which equal 18 academic credit hours. Four (4) of the courses are required courses and equal 12 academic credit hours. Two (2) of the courses are electives and equal 6 academic credit hours.

**Multidisciplinary Minor in Sonic Arts**

The minor in Sonic Arts is situated at the intersection of music, art, and technology, and is built on the premise that any sound has the potential for communication and expression. Sonic Arts is a highly creative and diverse subject; its parameters expand and evolve according to the ideas of its creators, advancement in technology, and changes in cultural aesthetics. Students in Sonic Arts learn to manipulate speech, music, and natural sounds using industry software to create art that provokes thought, emotion, and communication.

MISSION STATEMENT
The Center for Natural and Behavioral Sciences supports the liberal arts tradition of Chestnut Hill College by providing students with a wide range of course offerings related to the scientific and behavioral aspects of human wellness within the local and global ecosystem. Courses in the Center focus on fostering strong communication skills, problem solving abilities, analytical reasoning, critical thinking, and ethical decision making. As part of this interdisciplinary Center, students are individually mentored to prepare them for competitive careers following graduation.

Chestnut Hill College offers an Associate of Science with a concentration in Life Sciences (AS), a Bachelor of Science (BS) in Biology, a Bachelor of Arts (BA) in Biology, a Bachelor of Science (BS) in Forensic Biology, a Bachelor of Science (BS) in Molecular Biology, and a Bachelor of Science (BS) in Environmental Science. In addition, the Center offers minors in Biology, Environmental Science, and Molecular Biology. Interested students should contact Dr. Joseph Kulkosky, Room 522, St. Joseph Hall. Telephone: 215.248.7157. Email: kulkoskyj@chc.edu.

The Secondary Education Co-Major and Special Education Minor are available to Biology Majors as part of the Secondary Education Certification Preparation Program in Biology (Grades 7-12). Students interested in the Co-Major/Minor should contact the Education Office at 215.248.7129.

Advanced Placement Test Information

Generally, a score of 3 or above on an Advanced Placement Test earns academic credit at the College. Scores on the following tests are equivalent to the course/credit indicated however; the Program reserves the right to require the student to demonstrate sufficient laboratory skills to award credit. Evidence of such skills may consist of a detailed description of the laboratory exercises performed or a detailed laboratory notebook signed by the High School Instructor.

General Course Options

In addition to courses for majors, there are many Biology, Chemistry and Physics courses that are open to students of any major wishing to fulfill the Natural Science Core Requirement, or are interested in exploring personal interests without committing to a minor. The following are open to any undergraduate student; however, they may not be offered every semester and may have a Prerequisite. Check the Course Descriptions section for additional information on the following:

**Biology/Core Natural Science Requirement**

- BIOL-101: General Biology I (4 credits)
- BIOL-103: Human Biology (4 credits)
- BIOL-106: Ecology and Environmental Issues (4 credits)
- BIOL-111: Principles in Biology (4 credits)
- BIOL-125: Ponds and Streams (4 credits)
- BIOL-126: The Biology of Cancer
- BIOL-145: Forests and Fields
- BIOL-215: Biological and Medical Ethics (Fulfills Core Ethics Req)
- BIOL-206: General Zoology (4 credits)
- BIOL-210: Nutrition (3 credits)

**Chemistry/Core Natural Science Requirement:**

- CHEM-106: Introduction to Forensic Science
- CHEM-131: Principles of Chemistry I (4 credits)

**Physics/Core Natural Science Requirement:**

- PHYS-104: Astronomy
- PHYS-107: The Science of Music
PHYS-105: Physical/Earth/Space Science
PHYS-121: Principles of Physics I (4 credits)

Psychology/Core Social Science Requirement:
PSYC-101: Introduction to Psychology

Awards and Scholarships
The Biology Program offers majors 50% reimbursement through the Amelia Kulkosky Scholarship Award for expenses relating to courses taken in advance of, and in preparation for, standardized professional school entry exams if the student has a GPA of 3.40 at the time of course enrollment. These preparatory courses methodically prepare students for the Medical College Admissions Test (MCAT), the Graduate Record Exam (GRE), and the Dental School Admissions Test (DAT), but the award is not necessarily limited to these specific testing areas. Any biology departmental major is eligible for this award. For information, please contact Dr. Joseph Kulkosky, Room 522, St. Joseph Hall, Telephone: 215.248.7157. Email: kulkoskyj@chc.edu.

The endowed Amelia Kulkosky Scholarship Award in the Biological Sciences at Chestnut Hill College funds an exceptional student who has dual interests in the biological sciences and music. The award is granted to an incoming First-year in the Biology major’s program. Only candidates declaring a major in Biology, Forensic Biology, Molecular Biology, or Environmental Sciences are eligible to apply. The candidate is to have a SAT score of 1150 or better (1600 scale) or 1725 or better (2400 scale). The candidate is expected to pursue either a Major or minor in Music, or participate in the College’s Ensemble programs to the satisfaction of the scholarship committee, concurrently with a Major in the biological sciences. The award total over four years is $2500. For information, please contact Dr. Joseph Kulkosky, Room 522, St. Joseph Hall, Telephone: 215.248.7157. Email: kulkoskyj@chc.edu.

Career Connections, Public Speaking and Technology Requirements
 Majors in Biology, Forensic Biology, Molecular Biology, or Environmental Sciences fulfill the Career Connections requirement by engaging with nationally and internationally acclaimed scientists and health professionals through the Biomedical Seminar Series and by participating in the Science Career Day, which includes representatives from scientific research and health professional programs. The Public Speaking requirement is fulfilled by completing BIOL 300, BIOL 481, and BIOL 498, where students receive public speaking training and are required to make oral presentations on written research projects. The Technology requirement is completed by completing science lab sessions which require students to become proficient in Microsoft Excel, Microsoft Word, and other statistical-based software programs. Students also receive instruction in the use of various statistical programs.

Honors
Eligibility is determined by mastery of the major field and by general ability. To be eligible a student must have declared a major, have achieved a grade point average of 3.6 or higher in the major and an overall grade point average of 3.5 or higher, and completed 60 semester hours toward his/her degree (12 of which must be credits in the major). In addition, the student must have the recommendation of the faculty in the major. Students not meeting this criteria might be recommended for the program by the major. In most instances, students will receive a formal, written invitation early in the Fall semester of their Junior year. The Departmental Honors program provides an opportunity for independent study and research culminating in an Honors thesis submitted in the spring of Senior year. All students who have successfully completed the Honors Program will be recognized with Honors in their Major at the annual Honors Convocation and on their academic transcripts. In addition, the title of the completed Honors Thesis will appear on the academic transcript.

Honor Societies
**Sigma Zeta** is a national science and mathematics honor society founded in 1925. The society is dedicated to encouraging and fostering the attainment of knowledge in Mathematics, Computer Science, and the Natural Sciences. Membership in the society recognizes and honors scholarly achievement in the Major. Criteria for eligibility for membership include completion of 25 credits towards the degree, with a minimum of 15 credits in the Major, a grade point average of 3.00 in the Major, and a 3.00 grade point average overall. Students majoring in Biochemistry, Biology, Chemistry, Exercise Science, Forensic Biology, Forensic Chemistry, Health Sciences, Molecular Biology, or Environmental Science may be invited by the program to join Sigma Zeta. Eligible students must be approved.

**Psi Chi** is the national honor society in Psychology, is an affiliate of both the American Psychological Association and the American Psychological Society. Membership in the local chapter requires a major or minor in Psychology, a ranking in the top 35% of the class, a Career GPA of 3.20 or higher, a Psychology GPA of 3.50 or higher, Junior standing, and the completion of at least four Psychology courses. Eligible students must be approved by the Program.

Post-Baccalaureate Study
Most medical schools require the MCAT exam. Non-science majors are advised to consider taking another year of Biology to be well prepared for the MCAT. Most veterinary schools require the GRE general exam, as well as one semester each of Biochemistry and Microbiology. Most graduate schools in Biological/Biomedical areas require the GRE general exam. Some require the writing test and/or one of two subject tests (Biochemistry, Cell and Molecular Biology, or Biology). Graduate programs of all three types can vary in their requirements. Students should consult the catalogs of the schools of their choice early in their undergraduate years to plan an appropriate course of study. Please note that most graduate programs of the types listed require:

- Two semesters of Biology
- Two semesters of General Chemistry
- Two semesters of Organic Chemistry
- Two semesters of Physics
- Two semesters of English Composition
**Seminar Series**
The Biology Program sponsors two annual seminar series events: The Biomedical Seminar Series, initiated in 1994, sponsors prominent speakers in the biomedical field and in basic research; and The Environmental Sciences Seminar Series, started in 2000, provides students with an opportunity to learn about the unique activities in environmental research, issues and policies.

These seminars provide a forum for learning about recent advances in basic research, biomedicine, and environmental science and expose students and faculty to prominent scientific and medical professionals. The meetings foster collaboration, interaction, and career contacts for students pursuing careers in basic research, health, medicine, as well as environmental issues and policy.

**Articulation Agreements**
Chestnut Hill College and Arcadia University have entered into an articulation agreement concerning the early consideration for acceptance of Chestnut Hill College graduates into Arcadia’s Master’s program in Forensic Science and early consideration for financial aid in this program. Certain requirements must be met by the Chestnut Hill College graduate including, but not limited to: certain course requirements, a minimum GPA, and a minimum GRE combined total score. Please note that the course requirements of this articulation agreement are met by successful graduates majoring in the Forensic Chemistry program at Chestnut Hill College. Further details of this agreement can be obtained from the Chemistry Program.

**3+2 Exercise Science/Athletic Training Program**
Students can earn both a Bachelor of Science in Exercise Science and a Master of Science in Athletic Training as part of a cooperative agreement between Chestnut Hill College and Jefferson School of Health Professions of Thomas Jefferson University (TJU). Students will spend the first three years at Chestnut Hill College and then proceed to TJU for the final two years of coursework. A Bachelor of Science in Exercise Science will be awarded by the College after successful completion of the first year at TJU. A Master of Science in Athletic Training will be awarded by Thomas Jefferson University after successful completion of the second year. In order to participate in Chestnut Hill College’s annual Commencement ceremony and receive your diploma from Chestnut Hill College, students in the 3+2 Athletic Training program must send their official transcripts to the Office of the Registrar, 3rd Floor Saint Joseph Hall, 9601 Germantown Avenue, Philadelphia, PA 19128 after the successful completion of their first year at TJU (at least 18 academic credits must be transferred). Students who do not provide an official transcript prior to the annual commencement ceremony will be unable to receive their diploma and participate in the commencement ceremony.

**Career Connections, Public Speaking and Technology Requirements**
**Biology, Forensic Biology, Molecular Biology and Environmental Sciences:** Majors in Biology, Forensic Biology, Molecular Biology, or Environmental Sciences fulfill the Career Connections requirement by engaging with nationally and internationally acclaimed scientists and health professionals through the Biomedical Seminar Series and by participating in the Science Career Day, which includes representatives from scientific research and health professional programs. The Public Speaking requirement is fulfilled by completing BIOL 300, BIOL 481, and BIOL 498, where students receive public speaking training and are required to make oral presentations on written research projects. The Technology requirement is completed by completing science lab sessions, which require students to become proficient in Microsoft Excel and Microsoft Word. Students also receive instruction in the use of various statistical programs.

**Chemistry, Biochemistry, and Forensic Chemistry:** In the field of chemistry, technology is used in three fundamental ways: to locate chemical information, to acquire data using analytical instrumentation, and to analyze acquired data. Students are taught to locate chemical information using discipline-specific search engines in CHEM 301: Analytical Chemistry. Students are taught to acquire chemical data using a variety of analytical instrumentation throughout the chemistry curriculum. (Specific instruction is provided in CHEM 132L, CHEM 215L, CHEM 216L, CHEM 301L, CHEM 307L, CHEM 314L, CHEM 340L.) Similarly, students are instructed to analyze and graph data throughout the curriculum using MS Excel. Initial training is provided in CHEM 131L and 132L, while advanced training is provided in CHEM 301L. Students majoring in Chemistry, Biochemistry or Forensic Chemistry are required to take MCOM 160: Public Speaking to fulfill this core requirement. Career Connections is fulfilled by students completing internships or research projects, which become the basis for their senior seminar presentations.

**Exercise Science:** A degree in Exercise Science will provide a high quality education to develop professionals that have a strong understanding of the scientific and behavioral aspects of fitness and wellness that can be used to promote health and wellness throughout the community and the world.

**Health Science:** A degree in Health Science will provide students an interdisciplinary educational program with the goal of helping prepare students to be leaders, advocates, and role models in the health professions. The program allows for students with diverse academic and professional interests to explore and analyze the scientific, ethical, sociological, and structural components of the health sciences and the health system. Both programs will provide students the opportunity to explore the many career options in the health and exercise sciences and decide on what best fits their interests, skill, and abilities.

**Psychology:** Students majoring in Psychology fulfill their career development requirement through internship completion (where applicable) and/or during PSYC 498: Senior Seminar. The public speaking requirement is fulfilled by Psychology majors in PSYC 320: Psychological Measurement and this skill is reinforced in PSYC 498: Senior Seminar. Psychology majors fulfill the technology requirement through PSYC 216: Quantitative Methods where they are be exposed to software for analyzing and interpreting data and data sets.
**Attendance Modification:**
Since Chemistry, Biochemistry, and Forensic Chemistry are lab-based programs, many courses in these majors are not open to attendance modification. Please see the Chemistry Program Chair for specific information.

**BIOCHEMISTRY**

**Major in Biochemistry**
A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Unless indicated, students must earn a grade of C- (1.70) or better to successfully complete the requirements for the Major. An Independent Study may be available with appropriate permissions. Courses are 3 credits unless indicated and may not be offered every semester.

BIOLOGY

The curriculum leading to a Major in Biology (B.S. & B.A.) are designed to help the student understand the unifying concepts of the nature of life and to develop the laboratory skills needed for the study of organisms and the pursuit of sound scientific methodology. Students participate in various intercollegiate scientific seminars and often earn distinction and the Internship Program provides Biology majors with the opportunity to integrate academic learning with practical experience.

Major students who meet academic qualifications are encouraged to participate in the Biology Program Honors program, which provides greater levels of challenge. Students may perform independent study (BIOL 490: Independent Study in Biology) during the Junior or Senior year under the direction of a program member, an established scientist, or a physician at a graduate school or major research center.

Sample Academic Plan

Major in Biology – Bachelor of Arts in Biology (B.A.)
This is a suggested academic plan only for a Bachelor of Arts (B.A.) in Biology; it is not meant to address each student’s individual requirements or interests. Students will develop a personalized plan with a Faculty Advisor; however, it is the student’s responsibility to be aware of, register for, and successfully complete all of the requirements for graduation in the Major. The minimum number of Academic Credits required for graduation is 120.

### Bachelor of Science (B.S.) in Biology

A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the Major. An Independent Study may be available with appropriate permissions; Special Topics courses are repeatable for credit; as is BIOL-403: Internship in Biology. Courses are 3 or 4 credits unless indicated and may not be offered every semester.

**Major in Biology with Secondary Education Co-Major and Minor in Special Education**

The Secondary Education Certification Preparation Program in Biology (Grades 7-12) is available to Biology Majors seeking Pennsylvania Department of Education (PDE) Certification. The Program integrates educational theory and practice with field experiences that include practicum and student teaching, as well as opportunities to develop teaching competence through innovative and effective approaches to the educational process with focus on students at the Secondary Level. Students interested in the Co-Major/Minor should contact the Education Office at 215.248.7129.

The PDE requires that all Secondary Education Certification Preparation Program participants have 9 credits of Special Education and 3 credits of Teaching English as a Second Language, in addition, students must meet field experience competencies before Student Teaching: EDUC-201 provides 20 hours; EDUC-203 provides 20 hours; EDSC-326 provides 75, and Student Teaching, EDSC-420, is 14 weeks in duration.

**Stage I and Stage II Portfolios are completed in the following courses:**
EDUC-201: Child and Adolescent Development (FE I)
EDUC-203: Foundations of Education (FE II)

**Stage IIIA Portfolio is completed in the following course:**
EDSC-326: Special Methods in Biology/Field Experience IIIA

**Stage IV Portfolio is completed in the following courses:**
EDSC-420: Clinical Field Experience/Student Teaching
EDSC-421: Clinical/Student Teaching Seminar

By 60 credits candidates must pass a basic skills test (PAPA or CORE) if not SAT/ACT exempt as required by PDE. An overall GPA of 3.0 or above is required for formal acceptance into the Education Dept. and for graduation. Students must successfully complete all required coursework, clinical field experiences, and student teaching.

Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the Major unless an exception is noted. Majors may need to re-take courses with C- grades if their Career GPA is less than the Career GPA required by the PDE for Certification or if a higher grade is required to demonstrate competency as identified by the program. Special Topics courses are repeatable for credit. Courses are 3 credits unless indicated and may not be offered every semester.

*Student must earn grade of C or better*
or better to successfully complete the requirements for the Major.

A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the minor. An Independent Study may be available with appropriate permissions; Special Topics courses are repeatable for credit. Courses are 3 credits unless indicated and may not be offered every semester.

### Minor in Biology

Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the minor. An Independent Study may be available with appropriate permissions; Special Topics courses are repeatable for credit. Courses are 3 credits unless indicated and may not be offered every semester.

#### Requirements for the Minor in Biology

**At Least Six Biology courses with Four at the 200-Level or above**

**200-level Biology Electives:**
- BIOL-201: Cell Biology (4 credits)
- BIOL-203: Human Anatomy and Physiology I (4 credits)
- BIOL-206: General Zoology (4 credits)
- BIOL-210: Nutrition (3 credits)

**300- and 400-level Biology Electives:**
- BIOL-301: Experimental Methods and Design (Writing Intensive) (4 credits)
- BIOL-303: Human Anatomy and Physiology II (4 credits)
- BIOL-312: Watershed and Freshwater Ecology (4 credits)
- BIOL-322: Terrestrial Ecology (4 credits)
- BIOL-324: Microbiology (4 credits)
- BIOL-325: Marine Biology (4 credits)
- BIOL-333: Evolution

**Associate of Science with a Concentration in Life Sciences**

The Associate of Science (AS) with a concentration in Life Sciences degree is designed to fulfill the prerequisite requirements of most Nursing Programs, in particular Thomas Jefferson University's College of Health Profession for Nursing.

The SUS Core for an AS degree includes:

- FYIN-120, LADS-120, ENGL-101, GLST-201, RLST-104, and an Ethics course plus four additional courses from the following six disciplines: Artistic, Foreign Language, Literary, History, Natural Science, Mathematics and Social Sciences. No more than one course from the same discipline can be applied to meet the requirements of the CORE.

A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the Major. A minimum of 60 academic credits is required for the AS degree.

#### Requirements for the Associate of Science with a Concentration in Life Sciences

**200-Level Biology Elective/Core Ethics Requirement (BIOL-215)**
- BIOL-215: Biological and Medical Ethics (Fulfills Core Ethics Req)
- BIOL-217: Genetics (4 credits)
- BIOL-233: Ecology and Evolutionary Biology (4 credits)
- BIOL-281: Special Topics in Biology

**300-Level Biology Electives**
- BIOL-301: Experimental Methods and Design (Writing Intensive) (4 credits)
- BIOL-303: Human Anatomy and Physiology II (4 credits)
- BIOL-312: Watershed and Freshwater Ecology (4 credits)
- BIOL-322: Terrestrial Ecology (4 credits)
- BIOL-324: Microbiology (4 credits)
- BIOL-325: Marine Biology (4 credits)
- BIOL-333: Evolution

**Chemistry Electives**
- CHEM-131: Principles of Chemistry I (4 credits)
- CHEM-132: Principles of Chemistry II (4 credits) or CHEM-250: Introduction to Biochemistry (3 credits)

**Mathematics Electives**
- MATH-117: Enriched Precalculus or above
- MATH-227: Introduction to Statistics or MATH-262: Probability and Statistics

**Psychology Electives**
- PSYC-101: General Psychology
- PSYC-203: Psychology of Child Development
- PSYC-217: Abnormal Psychology
- SOCI-101: Introduction to Sociology

Courses are 3 credits unless indicated and may not be offered every semester. If a higher grade is required to demonstrate competency as identified by the Majors may need to re-
required coursework, clinical field experiences, and student teaching.

By 60 credits candidates must pass a basic skills test (PAPA or CORE) if not SAT/ACT exempt as required by PDE. An overall GPA of 3.0 or above is required for formal acceptance into the Education Program and for graduation. Students must successfully complete all required coursework, clinical field experiences, and student teaching.

Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the Major unless an exception is noted. Majors may need to re-take courses with C- grades if their Career GPA is less than the Career GPA required by the PDE for Certification or if a higher grade is required to demonstrate competency as identified by the program. **Major in Chemistry with Co-Major in Secondary Education and Minor in Special Education**

The Secondary Education Certification Preparation Program in Chemistry (Grades 7-12) is available to Chemistry Majors seeking Pennsylvania Department of Education (PDE) Certification. The Program integrates educational theory and practice with field experiences that include practicum and student teaching, as well as opportunities to develop teaching competence through innovative and effective approaches to the educational process with focus on students at the Secondary Level. Students interested in the Co-Major/Minor should contact the Education Office at 215.248.7129.

The PDE requires that all Secondary Education Certification Preparation Program participants have 9 credits of Special Education and 3 credits of Teaching English as a Second Language, in addition, students must meet field experience before Student Teaching. EDSC-203 provides 20 hours; EDSC-201 provides 20 hours; EDSC-327 provides 75; and Student Teaching, EDSC-420, is 14 weeks in duration.

**Stage I and Stage II Portfolios are completed in the following courses:**

- EDUC-201: Child and Adolescent Development (FE I)
- EDUC-203: Foundations of Education (FE II)

**Stage IIIA Portfolio is completed in the following course:**

- EDSC-327: Special Methods in Chemistry/Field Experience IIIA

**Stage IV Portfolio is completed in the following courses:**

- EDSC-420: Clinical Field Experience/Student Teaching
- EDSC-421: Clinical/Student Teaching Seminar

By 60 credits candidates must pass a basic skills test (PAPA or CORE) if not SAT/ACT exempt as required by PDE. An overall GPA of 3.0 or above is required for formal acceptance into the Education Program and for graduation. Students must successfully complete all required coursework, clinical field experiences, and student teaching.

ENVIROMENTAL SCIENCE

The Major in Environmental Sciences provides an in-depth foundation in environmental concepts as well as an appreciation of the interdisciplinary nature of the field. Students may perform independent study (BIOL-490: Independent Study in Biology) during the Junior or Senior year under the direction of a program member, an established scientist, or a physician at a graduate school or major research center. Major students who meet academic qualifications are encouraged to participate in the Biology Program Honors program, which provides greater levels of challenge.

Major in Environmental Science

A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the Major. An Independent Study may be available with appropriate permissions; Special Topics courses are repeatable for credit; as is BIOL-401: Internship in Biology. Courses are 3 credits unless indicated and may not be offered every semester.

Sample Academic Plan

Major in Environmental Science

This is a suggested academic plan only; it is not meant to address each student’s individual requirements or interests. Students will develop a personalized plan with a Faculty Advisor; however, it is the student’s responsibility to be aware of, register for, and successfully complete all of the requirements for graduation in the Major. The minimum number of Academic Credits required for graduation is 120.

Year One/Fall  17 academic credits  Year One/Spring  14 academic credits
BIOL-111: Principles of Biology I (4 credits)  CHEM/CHEM Elective
CHEM-131: Principles of Chemistry I (4 credits)  CHEM-132: Principles of Chemistry II (4 credits)
Foreign Language Requirement  ENGL-101: College Writing

Minor in Environmental Science

Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the minor. Courses are 3 credits unless indicated and may not be offered every semester.

Requirements for the Minor in Environmental Science

BIOL-101: Inquiry into Life I  or BIOL-111: Principles of Biology I (4 credits; Fulfills the Core Natural Science Requirement)

BIOL-106: Ecology and Environmental Issues

Four Biology Electives (at least two courses not included in the Major)

Biology Electives:

BIOL-125: Ponds and Streams (4 credits)  BIOL-322: Terrestrial Ecology (4 credits)
BIOL-143: Forests and Fields  BIOL-325: Marine Biology (4 credits)
BIOL-206: General Zoology (4 credits)  BIOL-333: Evolution
BIOL-215: Biological and Medical Ethics (Fulfills Core Ethics Req)  BIOL-413: Conservation/Restoration Biology
BIOL-233: Ecology and Evolutionary Biology (4 credits)
BIOL-312: Watersheds and Freshwater Ecology (4 credits)
EXERCISE SCIENCE

Chestnut Hill College offers a Bachelor of Science (B.S.) in Exercise Science. After successful completion of the Exercise Science program, students will be prepared to sit for the American College of Sports Medicine Personal Training and/or Exercise Physiologist Certifications as well as the National Strength and Conditioning Certified Strength and Conditioning Specialist Certification. Students interested in these majors should contact Dr. Carolyn Albright for more information. Email: albrightc@chc.edu. Telephone: 215-248-7136.

Program Mission
The Exercise Science degree will provide a high quality education to develop professionals that have a strong understanding of the scientific and behavioral aspects of fitness and wellness that can be used to promote health and wellness throughout the community and the world. The program will provide students the opportunity to explore the many career options in the health and exercise sciences and decide on what best fits their interests, skill, and abilities.

Major in Exercise Science
A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the Major. Courses are 3 credits unless indicated and may not be offered every semester.

**FORENSIC BIOLOGY**

The Major in Forensic Biology prepares students for entry into the field of forensics with an emphasis on the analysis of evidence of biological origin. Students may perform independent study (Biol 490: Independent Study in Biology) during the Junior or Senior year under the direction of a program member, an established scientist, or a physician at a graduate school or major research center.

**Major in Forensic Biology**

A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the Major. Courses are 3 credits unless indicated and may not be offered every semester.

HEALTH SCIENCES

Program Mission
The Health Sciences degree will provide students an interdisciplinary educational program with the goal of helping prepare students to be leaders, advocates, and role models in the health professions. The program allows for students with diverse academic and professional interests to explore and analyze the scientific, ethical, sociological, and structural components of the health sciences and the health system. The program will provide students the opportunity to explore the many career options in the health and exercise sciences and decide on what best fits their interests, skill, and abilities.

Major in Health Sciences
A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the Major. Courses are 3 credits unless indicated and may not be offered every semester.

MOLECULAR BIOLOGY

The Major in Molecular Biology places a strong emphasis on the study of life processes at the molecular and biochemical level. A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Students may perform independent study (BIOL 490: Independent Study in Biology) during the Junior or Senior year under the direction of a program member, an established scientist, or a physician at a graduate school or major research center.

Major in Molecular Biology

A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the Major. An Independent Study may be available with appropriate permissions; Special Topics courses are repeatable for credit; as is BIOL 401: Internship in Biology. Courses are 3 credits unless indicated and may not be offered every semester.

PSYCHOLOGY

Chestnut Hill College offers a Bachelor of Arts (BA) in Psychology, a combined degree program in Counseling Psychology (BA/MS), and a minor in Psychology. Students interested in these programs should contact Dr. Ian Sharp, Room D12, DeSales Building. Telephone: 215.248.7166. Email: sharpi@chc.edu.

Advanced Placement Test Information

Generally, a score of 3 or above on an Advanced Placement Test earns academic credit at the College. Scores on the following tests are equivalent to the courses indicated:

General Course Options

Courses open to students of any major to fulfill a Core Social Science Requirement, to meet a requirement in another major, or to pursue an interest in Psychology without declaring a minor include the following, which may not be offered every semester. Check the Course Descriptions beginning on page 233 for any Prerequisites. Courses are 3 credits unless indicated.

PSYCHOLOGY/ Core Social Sciences Requirements:

- PSYC-101: General Psychology
- PSYC-109: Psychology of Women
- PSYC-210: Physiology of Behavior
- PSYC-211: Sensation and Perception
- PSYC-213: Industrial/Organizational Psychology
- PSYC-301: Group Process and Leadership

Program Mission

The Psychology Program offers courses that encompass the breadth of factors that shape human behavior. The influences related to Biology, particularly the workings of the brain, from individual psychological processes such as cognitions and emotions, and the effects of sociocultural surroundings are all considered as students are exposed to the great breadth of the field. In addition, rigorous training in research methods prepares the students well for individual investigation and graduate study. Students can also receive course credit for supervised field experiences through internships in their Junior and Senior years.

Honors

Eligibility is determined by mastery of the major field and by general ability. To be eligible a student must have declared a major, have achieved a grade point average of 3.6 or higher in the major and an overall grade point average of 3.5 or higher, and completed 60 semester hours toward his/her degree (12 of which must be credits in the major). In addition, the student must have the recommendation of the faculty in the major. Students not meeting this criteria might be recommended for the program by the major. In most instances, students will receive a formal, written invitation early in the Fall semester of their Junior year. The Honors program provides an opportunity for independent study and research culminating in an Honors thesis submitted in the spring of Senior year. All students who have successfully completed the Honors Program will be recognized with Honors in their Major at the annual Honors Convocation and on their academic transcripts. In addition, the title of the completed Honors Thesis will appear on the academic transcript.

Program Sponsored Organizations

The Psychology program sponsors Psi Chi, the Psychology Honors Society, and the Psychology Club. Members of both organizations jointly sponsor and partake in activities such as guest speakers, demonstrations, and academic events.

Honor Society

Psi Chi, the national honor society in Psychology, is an affiliate of both the American Psychological Association and the American Psychological Society. Membership in the local chapter requires a major or minor in Psychology, a ranking in the top 35% of the class, a Career GPA of 3.20 or higher, a Psychology GPA of 3.50 or higher, Junior standing, and the completion of at least four Psychology courses. Eligible students must be approved by the Program.

Career Development, Public Speaking and Technology Requirements

Students majoring in Psychology fulfill their career development requirement through internship completion (where applicable) and/or during PSYC-498: Senior Seminar. The public speaking requirement is fulfilled by Psychology majors in PSYC-320: Psychological Measurement and this skill is reinforced in PSYC-498: Senior Seminar. Psychology majors fulfill the technology requirement through PSYC-216: Quantitative Methods where they are be exposed to software for analyzing and interpreting data and data sets.

The College to discuss their interest in pursuing the BA/MS program. Psychology majors interested in the program should set up an agreement may take graduate courses after completing 90 academic credits on the undergraduate level.

Students accepted into the program may be formally admitted to the program:

- Completion of at least 90 academic credits (a minimum of 15 academic credits completed at Chestnut Hill College)
- Career GPA of 3.20 or above
- Completion of at least 24 credits in Psychology courses, including PSYC-101, PSYC-206, and PSYC-217
- GPA of 3.50 or above in Psychology courses (PSYC-XXX) with no Psychology course grade lower than B-
- Formal acceptance into the Chestnut Hill College School of Graduate Studies

**Minor in Psychology**

The minor in Psychology is designed for students interested in becoming aware of issues in Psychology or in preparing for careers in human services or other mental health-related fields while pursuing another major. There is considerable flexibility in designing a minor that fits the student's needs and desires. An Independent Study may be available with appropriate permissions and Special Topics courses are repeatable for credit; as is PSYC-401: Internship in Psychology. Students must earn a grade of C- (1.70) or better to successfully complete the requirements for the Minor. Courses are 3 credits unless indicated and may not be offered every semester.

**Combined Program in Counseling Psychology**

The combined BA in Psychology/MS Program in Counseling Psychology provides the opportunity for exceptionally qualified students to work on a bachelor's degree and a master's degree simultaneously. This program allows study at undergraduate and graduate levels in a parallel format, creating a rewarding and challenging program to focused, qualified students. Students accepted into the program may take graduate courses after completing 90 academic credits on the undergraduate level. To earn the 90 credits, students will most likely need to take summer courses and/or an overload of credits during the academic year.

Psychology majors interested in the program should set up an appointment no later than the end of their second semester of enrollment at the College to discuss their interest in pursuing the BA/MS program. Email: psychcombined@chc.edu.

Students meeting the following criteria may be formally admitted to the program:

- Completion of at least 90 academic credits (a minimum of 15 academic credits completed at Chestnut Hill College)
- Career GPA of 3.20 or above
- Completion of at least 24 credits in Psychology courses, including PSYC-101, PSYC-206, and PSYC-217
- GPA of 3.50 or above in Psychology courses (PSYC-XXX) with no Psychology course grade lower than B-
- Formal acceptance into the Chestnut Hill College School of Graduate Studies

Formal acceptance to the program requires a minimum Career GPA of 3.50 and Formal acceptance to the program requires a minimum Career GPA of 3.20. Students who have met these criteria may be admitted to the program.
Due to the nature of the program, a specialized course plan will be developed with each student on an individual basis. Students who appear to be qualified to pursue application to the program will be advised of appropriate course scheduling and admission requirements by the Coordinator. Students who do not appear to be on track to meet the admission requirements will be so advised. Minimum Academic Credits required for the BA: 120, Minimum Academic Credits required for the MS: 60
Course Descriptions

**ACCT – ACCOUNTING**

ACCT 103: Financial Accounting  
**Credits:** 3  
Letter Grade  
A study of the basic accounting cycle and financial statement preparation as applied to service and merchandising enterprises. Analyzes the accounting system of a small business. 

ACCT 104: Managerial Accounting  
**Credits:** 3  
Letter Grade  
Interpretation and use of accounting data for management decisions; financial statement analysis, the statement of cash flows and manufacturing costs. The accounting systems of partnerships and corporations are compared and contrasted. Prerequisite: ACCT 103

ACCT 113: Computerized Accounting  
**Credits:** 3  
Letter Grade  
Designed to highlight the usefulness of computers in accounting. Students use the computer in recording transactions for a small business. Prerequisite: ACCT 103

ACCT 213: Intermediate Accounting Theory I  
**Credits:** 3  
Letter Grade  
An in-depth study of the theory and application of accounting topics including the accounting cycle, financial statements, assets, and liabilities. Prerequisite: ACCT 104

ACCT 214: Intermediate Accounting Theory II  
**Credits:** 3  
Letter Grade  
A continuation of ACCT 213. Topics include stockholders' equity, revenue recognition, leases, pensions, cash flows, and financial statement analysis. Prerequisite: ACCT 213

ACCT 216: Taxes  
**Credits:** 3  
Letter Grade  
A study of the Federal Income Tax Law concentrating on taxes relating to individuals and corporations. Topics include income, deductions, tax credits, and property transactions. Prerequisite: ACCT 104

ACCT 223: Cost Accounting  
**Credits:** 3  
Letter Grade  
An examination of the principles of cost accounting, concentrating on the use of cost data for management planning and control. Examines job order and process cost systems along with budgeting procedures, standard cost systems, and various managerial applications of cost accounting information. Prerequisite: ACCT 104

ACCT 281: Special Topics in Accounting  
**Credits:** 3  
Letter Grade  
Topics vary by semester. Repeatable for credit. Prerequisite: ACCT 213

ACCT 333: Auditing  
**Credits:** 3  
Letter Grade  
An introduction to auditing theory and application with emphasis on specific procedures used when examining financial statements. Examines professional ethics, types of audits, internal control, statistical sampling, and reporting obligations. Prerequisite: ACCT 214

ACCT 363: Advanced Accounting Theory I  
**Credits:** 3  
Letter Grade  
A detailed study of accounting topics including business combinations, consolidated financial statements, and intercompany transactions. Prerequisite: ACCT 214

ACCT 364: Advanced Accounting Theory II  
**Credits:** 3  
Letter Grade  
A continuation of ACCT 363: Advanced Accounting Theory I. Discusses the theory and application of accounting topics including partnerships, governmental units, nonprofit organizations, estates and trusts, multinational enterprises and liquidations. Prerequisite: ACCT 214

ACCT 401: Internship in Accounting  
**Credits:** 3  
Pass/Fail Grades: Pass/Fail only. Repeatable for credit. Includes Career Connections requirement for graduation. Prerequisite: Junior Status

ACCT 481: Adv Special Topics in Accounting  
**Credits:** 3  
Letter Grade  
Topics vary by semester. Repeatable for credit. Prerequisite: ACCT 214

ACCT 490: Independent Study in Accounting  
**Credits:** 3  
Letter Grade  
An Independent Study provides a motivated student with the opportunity to pursue research on a topic not covered in courses offered in a given department. Independent Studies are completed with a faculty member at the discretion of the faculty member. Independent Study courses are numbered 490 and are repeatable for credit. The selected instructor will assist with completing the Independent Study Registration Form available in the Office of the Registrar. All Independent Study courses require the permission of the Department Chair and the Dean of Undergraduate Studies. Independent Study courses are subject to all tuition and fees schedules. Variable from 1 to 4 credits. Prerequisite: Permission of the Instructor required.

ACCT 498: Senior Seminar in Accounting  
**Credits:** 3  
Letter Grade  
Capstone course designed to engage the student in a research project culminating in an oral and written presentation. The Senior Seminar is usually taken in either the Fall or Spring of the student’s Senior year. Students register for this course upon approval of the Faculty Advisor. Prerequisite: A Writing Intensive course, usually MGMT 204.

**ARTH - ART HISTORY**

ARTH 101: Western Art-Prehistoric to Gothic  
**Credits:** 3  
Letter Grade  
A chronological survey of the development of western art from the prehistoric era to the gothic period set within the context of the religious beliefs, political and philosophical ideas and economic environment of the society for which it was made. Core: Art/Music requirement.

ARTH 102: Western Art-Early Ren to Modern  
**Credits:** 3  
Letter Grade  
A chronological survey of the development of western art from the 14th century to the modern period set within the context of the religious beliefs, political and philosophical ideas and economic environment of the society for which it was made. Core: Art/Music requirement.

ARTH 185: 17th Century Art  
**Credits:** 3  
Letter Grade  
A study of the painting, sculpture, and architecture of the seventeen century in Europe, with emphasis on the great masters, e.g., Bernini, Caravaggio, Rembrandt, Poussin, and Velasquez, and the relationship between patronage and the arts. Core: Art/Music requirement.

ARTH 186: 18th Century Art  
**Credits:** 3  
Letter Grade  
A study of painting in France and England in the eighteenth century seen in the context of the Enlightenment and the political and social radicalism that led to the French Revolution. Core: Art/Music requirement.

ARTH 190: American Art  
**Credits:** 3  
Letter Grade  
Survey of three centuries of American art. Students concentrate on leading painters and sculptors and examine the major stylistic movements. Core: Art/Music requirement.

ARTH 191: Romanticism to Post-Impressionism  
**Credits:** 3  
Letter Grade  
A study of the radical defiance of the accepted academic style by such French artists as Delacroix, Manet, Monet, Morisot, van Gogh and Cézanne within the context of the rapid social, political, and economic changes of the nineteenth century. Core: Art/Music requirement.

ARTH 192: 20th Century Art  
**Credits:** 3  
Letter Grade  
An investigation of art in the twentieth-century. Explores connections between the arts (painting, sculpture, architecture and design) and historical events, issues and beliefs of the period. Core: Art/Music requirement.

ARTH 193: American Architecture  
**Credits:** 3  
Letter Grade  
Traces the evolution of American
architecture from the colonial period to the present day. Treats developments in styles and highlights prominent American architects past and present. Core: Art/Music requirement.

ARTH 201: Historical Survey of Women Artists
(A) Credits: 3 Letter Grade
Introduction to the role of women in the history of Western painting. ARTH-102 recommended as a prerequisite, but not required. Core: Art/Music requirement.

ARTH 212: Looking at Landscape Design
(A) Credits: 3 Letter Grade
An exploration of the intellectual, social, and political reasons for the persistent passion for garden-making from the Middle Ages to the twenty-first century in Europe and the United States. Core: Art/Music requirement.

ARTH 230: Paris: An Urban History
(A) Credits: 3 Letter Grade
An inve-stiga-tion of the reasons Paris is considered one of the most beautiful and livable cities of the world, featuring such famous and not-so-famous landmarks as the Eiffel Tower, Louvre, Champs-Elysées, and Place des Vosges. Core: Art/Music requirement.

ARTH 261: Early Italian Renaissance Art
(A) Credits: 3 Letter Grade
A study of Italian painting, sculpture and architecture from the thirteenth century through the fifteenth centuries. Emphasizes new understandings of the self and of the world and their effects on the arts. Core: Art/Music requirement.

ARTH 281: Special Topics in Art History
(A) Credits: 3 Letter Grade
Topics vary by semester. Repeatable for credit. This class is a history class in relation to art, not a studio art class. Core: Art/Music requirement.

ARTH 282: Michelangelo and His Times
(A) Credits: 3 Letter Grade
An analysis of the work of Michelangelo within the context of his rivals for greatness, real and imagined, as well as the intellectual, political, and economic environment of the sixteenth century in Italy. Core: Art/Music requirement.

ARTH 481: Adv Special Topics in Art History
(A) Credits: 3 Letter Grade
Topics vary by semester. Repeatable for credit. Core: Art/Music requirement.

ARTH 490: Independent Study in Art History
(A) Credits: 3 Letter Grade
An Independent Study provides a motivated student with the opportunity to pursue research on a topic not covered in courses offered in a given department. Independent Studies are completed with a faculty member at the discretion of the faculty member. Independent Study courses are numbered 490 and are repeatable for credit. The selected Instructor will assist with completing the Independent Study Registration Form available in the Office of the Registrar. All Independent Study courses require the permission of the Department Chair and the Dean of Undergraduate Studies. Independent Study courses are subject to all tuition and fee schedules. Variable from 1.0 to 3.0 credits. Core: Art/Music requirement. Prerequisite: Permission of the Department Chair required.

ARTS – ART STUDIO

ARTS 100: Portfolio Review
Credits: 0 Non-Academic Pass/Fail
Required of students who are Art Studio majors in every semester in which they are enrolled in an Art Studio course (may be repeated as needed); open to others. Students will present work in progress, discuss work in light of formal issues, i.e., elements and principles of design, choice of subject matter, and aesthetics, culminating in a final critique. Goals for the course include integration of aesthetic theory and studio work, increasing the level of skill and challenge, and developing visual and verbal language in the presentation of one’s work. The final portfolio will be critiqued and graded and may be presented as the portfolio required for formal admission into the Art Studio major.

ARTS 102: Introduction to Ceramics
(A) Credits: 3 Letter Grade
An introductory course developing a variety of hand building techniques in clay. Explores both functional and sculptural forms and covers fundamentals of glazing and kiln operation. Core: Arts requirement.

ARTS 120: Art By Heart: Mixed Media Design/Cul
(A) Credits: 3 Letter Grade
Design and Culture from the Global Village. An Art Studio course that studies art and artifacts from diverse cultures from around the world examining creativity and innovative use of media to express the desires of the human spirit. Inspired by these forms, the students then make their own art work expressing their unique experience of life. Develops skills and concepts learned in the introductory level. Core: Arts requirement. Cross-listed: ARTS-120.

ARTS 212: Intermediate Drawing Techniques
(A) Credits: 3 Letter Grade
Explores a variety of drawing techniques with an emphasis on experimental design, skill in choice, and use of media for personal visual expression. In addition to working on instructor directed drawing
ARTS 231: Intermediate Painting
(A) Credits: 3 Letter Grade
Explores a variety of painting ideas and techniques with an emphasis on design, skill in choice and use of media for self-expression. In addition to working on teacher-directed projects, students propose and pursue more complex assignments of special interest to them individually. Core: Arts requirement. Prerequisite: ARTS 131. Cross-listed: ARTS 131 and ARTS 331, or permission of the Instructor.

ARTS 234: Intermediate Watercolor Painting
(A) Credits: 3 Letter Grade
Explores watercolor painting beyond the introductory level. Experimentation with media and development of skills to achieve goals and develop a personal style will be emphasized. Core: Arts requirement. Prerequisite: ARTS 134. Cross-listed: ARTS 134 and ARTS 334, or permission of the Instructor.

ARTS 272: Color My World
(A) Credits: 3 Letter Grade
Color and Design from the Global Village. An art studio course that studies color theory and its use in the art and artifacts from diverse cultures around the world, examining their creativity and innovative use of color to express the desires of the human spirit. Inspired by these forms, the students then make their own artworks with a special emphasis on color theory. Develops skills and concepts learned in the introductory level. Core: Arts requirement. Prerequisite: ARTS 172.

ARTS 281: Special Topics in Art Studio
(A) Credits: 3 Letter Grade
Explores the foundations of modernism, its development through the twentieth century, and its manifestation in the present day. Twentieth-century developments in painting will be investigated in detail. Students will investigate how art is a reflection of the society in which it is produced, and how contemporary artists (artists living and working today) may represent their respective cultures. Students will study the many and various art movements of the twentieth century, analyzing the artistic, political, and social elements inherent within them. Upon completion of this course, the successful student will have acquired a strong critical vocabulary necessary for interpreting and evaluating modern art. Repeatable for credit. Core: Arts requirement.

ARTS 320: Advanced Art by Heart
(A) Credits: 3 Letter Grade
Design and culture from the Global Village. An Art Studio course that studies art and artifacts from diverse cultures from around the world examining creativity and innovative use of media to express the
normal functioning of the body. Emphasis will be made on how the body maintains its internal environment and homeostasis. Core: Natural Sciences with Lab requirement. Corequisite: BIOL 103L.

BIOL 103L: Human Biology Lab Credits: 0 Letter Grade Taken in the same semester as BIOL 103. Lab is graded as part of the lecture. Corequisite: BIOL 103.

BIOL 106: Ecology and Environmental Issues (S) Credits: 3 Letter Grade Specifically designed for the non-science major. Emphasizes the interdisciplinary nature of environmental issues. Basic scientific concepts of ecological theory are related to economic, political, and philosophical factors that influence environmental problems and their solutions. Core: Natural Sciences with embedded lab requirement.

BIOL 111: Principles of Biology I (S) Credits: 4 Letter Grade A two-semester foundation course of the Biological sciences introducing students to the process of science and addresses the major disciplines of Biology: cell and molecular biology, genetics, evolution, ecology, comparative anatomy and physiology, zoology, and botany. Core: Natural Sciences with Lab requirement. Corequisite: BIOL 111L.

BIOL 111L: Principles of Biology I Lab Credits: 0 Letter Grade Taken in the same semester as BIOL 111. Lab is graded as part of the lecture. Corequisite: BIOL 111.

BIOL 125: Ponds and Streams (S) Credits: 4 Letter Grade Specifically designed for the non-science major. Introduces students to freshwater habitats of the mid-Atlantic region. Focuses on familiarity with the ecology and inhabitants of the different habitats. Considers environmental problems and solutions for freshwater habitats. Field trips required. Core: Natural Sciences with Lab requirement. Corequisite: BIOL 125L.

BIOL 125L: Ponds and Streams Lab Credits: 0 Letter Grade Taken in the same semester as BIOL 125. Lab is graded as part of the lecture. Corequisite: BIOL 125.

BIOL 126: The Biology of Cancer (S) Credits: 3 Letter Grade An overview and perspective of both the scientific and clinical aspects of cancer. Emphasizes cellular and molecular/genetic models of cancer development in humans. Topics include: cancer epidemiology, basic concepts of malignant process, TNM classification, modern advances in tumor biology and molecular biology including the effects of a variety of agents (chemical, radiation, viruses, oncogenes) that cause human cancer. Examines major types of cancer as well as presents methods of cancer prevention and treatment. Core: Natural Sciences with embedded lab requirement.

BIOL 131: Environmental Seminar Series Credits: 1 Letter Grade A series of environmental topics designed to provide science and non-science students with an introduction to different environmental concerns or techniques. One hour lecture or two hours laboratory depending on topic. Repeatable for credit.

BIOL 145: Forests and Fields (S) Credits: 3 Letter Grade Specifically designed for the non-science major. Serves as a field introduction to the ecology of the natural terrestrial habitats of the Northeast. Features an interdisciplinary focus on environmental pressures on different forest types and "old fields." Stresses familiarity with plants and animals from these habitats. Two hours lecture and three hours lab. Field trips required. Core: Natural Sciences with Lab requirement. Corequisite: BIOL 145L.

BIOL 145L: Forests and Fields Lab Credits: 0 Letter Grade Taken in the same semester as BIOL 145. Lab is graded as part of the lecture. Corequisite: BIOL 145.

BIOL 201: Cell Biology (S) Credits: 4 Letter Grade Examines cellular structure, function, and metabolism. Topics include biogenetics, protein structure and function, enzymes, cellular organelles and metabolism, nucleic acids, chromosomes, cellular communication and transport. Laboratory techniques microscopic methods, electrophoresis of proteins and DNA. Core: Natural Sciences with Lab requirement. Corequisite: BIOL 201L. Prerequisite: BIOL 111L, or permission of the Instructor.

BIOL 201L: Cell Biology Lab Credits: 0 Letter Grade Taken in the same semester as BIOL 201. Lab is graded as part of the lecture. Corequisite: BIOL 201.

BIOL 203: Human Anatomy/Physiology I (S) Credits: 4 Letter Grade Coves the cardiovascular, lymphatic, respiratory, digestive, urinary, reproductive and endocrine systems. In considering each system, structure and function are studied concurrently. It is essential that as study of the human body progresses, parts will be integrated into the whole. Clinical considerations and unifying themes, such as homeostasis, will be emphasized throughout in both semesters. Core: Natural Sciences with Lab requirement. Corequisite: BIOL 203L. Prerequisite: BIOL 103L or permission of the instructor.

BIOL 203L: Human Anatomy Lab 1 Credits: 0 Letter Grade Weekly three-hour lab taken in the same semester as BIOL 203. Lab is graded as part of the lecture. Corequisite BIOL 203.

BIOL 206: General Zoology (S) Credits: 3 Letter Grade An introduction to the processes of life, the concepts of biological study, the relationships of the physical/chemical/biological world, and an overview of the anatomy and physiology of representatives of the zoological groups. Core: Natural Sciences with Lab requirement. Corequisite: BIOL 206L. Prerequisite: BIOL 103L, BIOL 106L, or BIOL 111L; or permission of the Department Chair.

BIOL 206L: General Zoology Lab Credits: 0 Letter Grade Taken in the same semester as BIOL 206. Field trips may be required. Lab is graded as part of the lecture. Corequisite: BIOL 206.

BIOL 210: Nutrition (S) Credits: 3 Letter Grade An overview of the science of nutrition and its relationship to health will be taught with an emphasis on the functions of nutrients in the human organism, nutrient needs at various stages of life, and the effect nutrient inadequacies and excesses on health. An embedded laboratory experience will fortify these concepts. Other related issues such as contemporary controversies in diet plans, American trends in food consumption, the effects of famine physically, economically and socially, developing self sustaining agricultural programs to feed people in underdeveloped countries; meal programs, and providing meals to low income families in the US will also be addressed. Course has an embedded lab experience. Course satisfies Core Natural Sciences.

BIOL 215: Biological and Medical Ethics (E) Credits: 3 Letter Grade Lectures and discussion will focus on two major areas: Ethical Theory and Applied Ethics. The Ethical Theory portion of the course will cover: (A) utilitarianism (or, more generally consequentialism), (B) Kant's ethical theory (or, more generally, deontology), and (C) Aristotle's ethical theory (or, more generally, virtue ethics). The Applied Ethics portion of the course will follow topics such as: Ethical Problems of Death and Dying; Abortion and Maternal-Fetal Conflict; New Methods of Reproduction (IVF, cloning), The Ethics of Transplants; The Ethics of Testing and Screening; The Ethics of Biomedical Research (Scientific Integrity, IRBs and Informed Consent, Conflict of Interest, Animal Experimentation, Human Stem Cells, Genetic Research, and Gene Therapy). Core: Ethics requirement.

BIOL 217: Genetics (S) Credits: 4 Letter Grade Introduces genetics at classical, molecular, and population levels. Topics include Mendelian genetics, linkage analysis, mutation, dominance relationships, quantitative genetics, the structure and properties of DNA, transcription and translation, recombination, DNA synthesis, and population genetics models. Core: Natural Sciences with Lab requirement. Corequisite: BIOL 217L. Prerequisite: BIOL 111L, or permission of the Department Chair.

BIOL 217L: Genetics Lab Credits: 0 Letter Grade Laboratory exercises illustrate principles discussed in the BIOL 217 lecture, which is taken in the same semester. Lab is graded
as part of the lecture. Corequisite: BIOL-217.

BIOL 233: Ecology and Evolutionary Biology
(5) Credits: 4 Letter Grade
Weaves together the broader disciplines of ecology and evolution by introducing the student to a spectrum of sub-disciplines including population genetics, population ecology, community ecology, physiological ecology, macroevolution, systematics and functional morphology. The general theme is the interconnectedness of organism, environment and evolution and the mutual dependence of the two disciplines. The interrelationships of organisms with their environment (ecology) are the very basis for the selection pressure of evolution that leads to adaptation to that same environment. Field trips required. Core: Natural Sciences with Lab requirement. Corequisite: BIOL-233L. Prerequisite: BIOL-300L, or permission of the Department Chair.

BIOL 233L: Ecology and Evolutionary Biol Lab
Credits: 0 Letter Grade
The laboratory is oriented to field research and is taken in the same semester as BIOL-233. Field trips required. Lab is graded as part of the lecture. Corequisite: BIOL-233.

BIOL 281: Special Topics in Biology
(5) Credits: 3 Letter Grade
Topics vary by semester. Repeatable for credit. Core: Natural Sciences with Lab requirement. Corequisite: BIOL-281L.

BIOL 281L: Special Topics Lab
Credits: 0 Letter Grade
Corequisite with BIOL-281 when required.

BIOL 300: Experimental Methods and Design
(9) Credits: 4 Letter Grade
Considers the philosophy and sociology of science, their interaction and impact on the methodology of experimental design, implementation, data analysis and ethical issues in Biological research. Student teams design and implement small experiments, statistically analyze their data, perform peer reviews, write short research papers, give in-class presentations, keep lab notebooks, and prepare an end-of-semester research proposal. Course is Writing Intensive. Corequisite: BIOL 300L. Prerequisites: MATH-262, MATH-227, or PSYC-216; and ILAR-101 for students starting prior to Fall 2012. ENGL-101 or 105 for students starting Fall 2012 and beyond. Officially verified Core-to-Core transfer students and IDHP participants do not have a prerequisite.

BIOL 300L: Experimental Methods and Design Lab
Credits: 0 Letter Grade
Taken in the same semester as BIOL-300. Lab is graded as part of the lecture. Corequisite: BIOL 300.

BIOL 303: Human Anatomy and Physiology II
Credits: 4 Letter Grade
Covers the cardiovascular, lymphatic, respiratory, digestive, urinary, reproductive and endocrine systems. In considering each system, structure and function are studied concurrently. It is essential that as study of the human body progresses, parts will be integrated into the whole. Clinical considerations and unifying themes, such as homeostasis will be emphasized throughout. Corequisite: BIOL-303L. Prerequisite: Grade of C- or better in BIOL-203.

BIOL 303L: Human Anatomy and Physiology II Lab
Credits: 0 Letter Grade
Taken in the same semester as BIOL-303. Lab is graded as part of the lecture. Corequisite: BIOL-303.

BIOL 312: Watersheds/Freshwater Ecology
Credits: 4 Letter Grade
Considers the interactive nature of watersheds as they affect chemical, physical, and biological processes of lakes, wetlands and streams. A research approach is used with active participation on a stream research or monitoring project. Corequisite: BIOL-312L. Prerequisites: CHEM-132 and BIOL-233, or with permission of the Department Chair. CHEM-242 is recommended but not required.

BIOL 312L: Watersheds/Freshwater Ecology Lab
Credits: 0 Letter Grade
Taken in the same semester as BIOL-312. Field trips required. Lab is graded as part of the lecture. Corequisite: BIOL-312.

BIOL 322: Terrestrial Ecology
(5) Credits: 4 Letter Grade
Considers the interactive nature of the terrestrial habitats, as they affect the chemical, physical and biological properties of the land. Scope includes urban and natural systems, and explores the open fields and their transition to forested land. A research approach is used with active participation on a forest research or monitoring project. Core: Natural Sciences with Lab requirement. Corequisite: BIOL-322L. Prerequisites: BIOL 233, or permission of the Department Chair.

BIOL 322L: Terrestrial Ecology Lab
Credits: 0 Letter Grade
Taken in the same semester as BIOL-322. Field trips required. Lab is graded as part of the lecture. Corequisite: BIOL-322.

BIOL 324: Microbiology
(5) Credits: 4 Letter Grade
Stresses the fundamentals of discipline in this laboratory oriented course. Studies the structure and function of prokaryotic and eukaryotic microorganisms with respect to metabolism, growth and development, and genetics. Core: Natural Sciences with Lab requirement. Corequisite: BIOL-324L. Prerequisite: BIOL-311.

BIOL 324L: Microbiology Lab
Credits: 0 Letter Grade
Taken in the same semester as BIOL-324. Lab is graded as part of the lecture. Corequisite: BIOL-324.

BIOL 325: Marine Biology
(5) Credits: 4 Letter Grade
Surveys different marine ecosystems with their biotic and abiotic factors. Concentrates on near-shore habitats. Emphasizes community interactions and current or projected environmental pressures. Core: Natural Sciences with Lab requirement. Corequisite: BIOL-325L. Prerequisite: BIOL-233, or permission of the Instructor.

BIOL 325L: Marine Biology Lab
Credits: 0 Letter Grade
Taken in the same semester as BIOL-325. Field trips required. Lab is graded as part of the lecture. Corequisite: BIOL-325.

BIOL 332: Medical Terminology
Credits: 3 Letter Grade
Designed to develop medical vocabulary associated with body systems and diseases, laboratory safety and infection control. This course will also provide students with the basic principles of medical word building including medical prefixes, suffixes and word roots used in medical nomenclature. Spelling, medical definitions and abbreviations will also be emphasized. No lab experience is associated with this course. Prerequisite: BIOL-311.

BIOL 333: Evolution
Credits: 3 Letter Grade
An introductory course on the theories and mechanisms of evolution – evolution of the universe, solar system, planets, geology of Earth, biochemical and molecular evolution, and the evolutionary history of life on Earth. Examines the evolution of cells, differentiation, developmental processes, the evolutionary relationships among organisms, speciation and the diversity of life. Prerequisites: BIOL-201 and BIOL-217.

BIOL 351: Molecular Biology
(5) Credits: 3 Letter Grade
An introduction to Molecular Biology. Topics include DNA replication, transcription, translation, regulation of gene expression, molecular evolution and recombinant DNA technology. Interspersed laboratory sessions include isolation and characterization of DNA and RNA, cDNA cloning, gene expression and bioinformatics. Core: Natural Sciences with Lab requirement. Corequisite: BIOL-351L. Prerequisites: BIOL-201 and BIOL-217, or permission of the Instructor. If a student is planning to pursue a graduate track in the future, please consult with Faculty Advisor/Program Coordinator for specific required courses for select graduate degree programs in Forensic Science.

BIOL 351L: Molecular Biology Lab
Credits: 0 Letter Grade
Taken in the same semester as BIOL-351. Lab is graded as part of the lecture. Corequisite: BIOL-351.

BIOL 360: Biotechnology
(W) Credits: 3 Letter Grade
Biotechnological advances are revolutionizing our lives but, as with most scientific breakthroughs, controversy about their application soon follows. Mechanistic
BIOL 401: Internship in Biology
Credits: 3 Pass/Fail
Provides the Biology major an opportunity to integrate academic learning with practical experience. Students should begin to explore their internship prospects by the end of their sophomore year. Internship credit can be obtained for any Department approved research experience. Graded Pass/Fail only. Repeatable for credit. Includes Career Connections requirement for graduation. Prerequisite: Permission of the Department Chair required.

BIOL 410: Immunology
Credits: 4 Letter Grade
An introduction to immunology. Topics include humoral and cellular immunology, immunogenetics, immune regulation, hyper-sensitivity, autoimmunity and immune diseases. Laboratory techniques include cellular assays, immunodiffusion assays, ELISA, and antibody isolation. Corequisite: BIOL 410L. Prerequisite: BIOL 201, or permission of the Department Chair.

BIOL 410L: Immunology Lab
Credits: 0 Letter Grade
Lab taken in the same semester as BIOL 410. Lab is graded as part of the lecture. Corequisite: BIOL 410.

BIOL 413: Conservation/Restoration Biology
Credits: 3 Letter Grade
Teaches the concept of conservation as applied to ecosystems such as forests, watersheds, and estuaries relative to the entire wildlife as well as the threatened plants and animals. Introduces the ideas of sustained use, limited use, and protected use. Incorporates the emerging field of restoration. Teaches the ideals behind cleaning up spills, rebuilding eroded banks, and recreating an environment where the natural and native plants and animals can flourish again. Corequisite: BIOL 413L. Prerequisite: BIOL 201, or permission of the Department Chair.

BIOL 413L: Conservation/Restoration Bio Lab
Credits: 0 Letter Grade
Lab taken in the same semester as BIOL 413. Field trips required. Lab is graded as part of the lecture. Corequisite: BIOL 413.

BIOL 430: Forensic Medicine
Credits: 3 Letter Grade
Designed to present the basic concepts in forensic medicine and pathology particularly as it relates to crime scene investigations. Topics will include medicolegal processes, cause of death, homicide, drug overdoses, unexpected or accidental deaths, natural deaths, deaths from poison, motor vehicle deaths, asphyxia, fire deaths and child deaths. Additional material that discusses the involvement of environmental factors (temperature, insects, post-mortem processes) will also be discussed as they relate to crime scene investigations. Students will learn to diagnose, determine cause of death, and evaluate other types of biological evidence. No lab is required. Prerequisite: BIOL 11.

BIOL 440: Medical and Molecular Virology
Credits: 3 Letter Grade
Examines the structure and properties of viruses, viral replication, immune responses to viral infections, and antiviral drugs and vaccines. Special attention will be given to medically important viruses, such as smallpox, influenza, HIV and AIDS, HPV, and measles. Students will also conduct three medical case history conferences on Influenza, Hepatitis, and AIDS. Prerequisite: BIOL 217.

BIOL 445: The Cure: From Bench to Bedside
(V) Credits: 3 Letter Grade
Cancer is the leading cause of death in the developed world, and extensive research has been performed over many years to develop therapies to combat cancer. This 400-level writing intensive course, taught by research scientists from Fox Chase Cancer Center, will explore the differences between normal cells and cancer cells, and how these differences are exploited to develop therapies. The process of therapy design and testing in the laboratory and the clinic will be discussed. How clinical trials are designed, and the ethics and disparities of clinical trials, will be reviewed. Finally, important skills including problem solving, critical thinking, and written and oral science communication will be addressed and practiced. The course will be partially lecture-based, and will include learning through in-class activities and student presentations. This course will use a variety of sources, including problem solving, critical thinking, and written and oral science communication will be addressed and practiced. The course will be partially lecture-based, and will include learning through in-class activities and student presentations. This course should translate knowledge from molecular biology, cellular biology, and genetics to human disease and familiarize students with the current state of cancer therapy.

BIOL 481: Advanced Special Topics in Biology
Credits: 3 Letter Grade
An in-depth study of selected topical areas in biology. Course is 3 or 4 credits depending upon the topic; a lab may also be required. Past topics have included human disease, human nutrition, cell and cancer medicine, animal nutrition, and biochemistry of inherited diseases. May include a laboratory depending on the area covered. Prerequisite: BIOL 112 or with permission of the Department Chair.

BIOL 481L: Advanced Special Topics in Bio Lab
Credits: 0 Letter Grade
Weekly three-hour lab taken in the same semester as BIOL 481, if required. Lab is graded as part of the lecture.

BIOL 490: Independent Study in Biology
Credits: 3 Letter Grade
An Independent Study provides a motivated student with the opportunity to pursue research on a topic not covered in courses offered in a given department. Independent Studies are completed with a faculty member at the discretion of the faculty member. Independent Study courses are numbered 490 and are repeatable for credit. The selected Instructor will assist with completing the Independent Study Registration Form available in the Office of the Registrar. All Independent Study courses require the permission of the Department Chair and the Dean of Undergraduate Studies.

BUSN – BUSINESS ADMIN

BUSN 101: International Business
Credits: 3 Letter Grade
An overview of international business and the globalization process. Topics covered include national differences in political economy; differences in national cultures, international trade theories, the political economy of international trade, foreign direct investment, regional economic integration, the foreign exchange market, the global capital market, and the strategy and structure of international business.

BUSN 102: Business Ethics
Credits: 3 Letter Grade
An in-depth analysis of complex ethical dilemmas in business organizations, focusing on managing ethical decisions, establishing an ethical culture, and whistle blowing. Evaluates a firm’s fiscal and social obligations to its employees, stockholders,
customers, creditors, suppliers, and neighbors. Employs role playing and case analysis. Core: Ethics requirement.

**BUSN 104: Introduction to Business**
Credits: 3 Letter Grade
A program designed to provide qualified Junior or Senior Business Majors with an opportunity for direct experience in a profit or non-profit business activity. Student writes a short paper integrating their academic and internship experience. Graded Pass/Fail only. Repeatable for credit. Includes Career Connections requirement for graduation.

**BUSN 252: Business of Music**
Credits: 3 Letter Grade
An introduction to business fundamentals of the music entertainment industry. Topics vary by semester. Repeatable for credit. Includes Career Connections requirement for graduation.

**BUSN 402: Internship in Business**
Credits: 3 Pass/Fail
A program designed to provide qualified Junior or Senior Business Majors with an opportunity for direct experience in a profit or non-profit business activity. Student writes a short paper integrating their academic and internship experience. Graded Pass/Fail only. Repeatable for credit. Includes Career Connections requirement for graduation. The chemical basis of environmental issues, nutrition, and genetic engineering will be discussed in their socioeconomic and political context. Laboratory exercises are designed to give students knowledge of scientific measurements and the reasoning required for interpreting experimental data. Emphasis will be on applying knowledge of chemistry to current public policy issues. Core: Natural Sciences With Lab requirement. Corequisite: CHEM-103L.

**CHEM 103L: Science and Public Policy Lab**
Credits: 0 Letter Grade
Laboratory exercises are designed to give students knowledge of scientific measurements and the reasoning required for interpreting experimental data. Lab is graded as part of CHEM-103. Two hours per week. Corequisite: CHEM-103.

**CHEM 106: Introduction to Forensic Science**
(S) Credits: 3 Letter Grade
Introductory course for non-science majors who have little or no background in biology or chemistry and a minimal mathematical background. The course introduces basic chemical principles and their application to the collection, preservation, and analysis of physical evidence. Provides an overview of crime science investigation, physical and biological evidence, and courtroom procedures with embedded labs. Course satisfies Core Natural Sciences with Lab requirement.

**CHEM 131: Principles of Chemistry I**
(S) Credits: 3 Letter Grade
Examines the principles and concepts underlying chemical behavior. Topics covered include the periodic table of the elements, the gas laws, chemical reactions, molecular structure, acids and bases, kinetics, and thermodynamics. 3 hours per week. Core: Natural Sciences requirement. Corequisite: CHEM-131L. Prerequisite: Score of 1 or 2 on the Math PlacementTest or a corequisite of MATH-117, MATH-121 or MATH-122. 1 credit: 10 to 3.0. Repeatable for credit. Prerequisite: Permission of the Instructor required.

**BUSN 720: Business Communication**
Credits: 3 Letter Grade
Focuses on developing oral and written communication skills in the context of the contemporary business environment. Students learn how to create documents specific to transactions within and across businesses entities. Students apply skills in planning, composing, and revising a variety of messages delivered orally and through writing. In addition, students will learn to prepare for an employment interview including researching potential organizations, writing a cover letter/resume and planning for the interview. Students develop the competencies necessary to communicate effectively in a variety of professional situations that involve speaking, listening and writing.

**BUSN 281: Special Topics in Business**
Credits: 3 Letter Grade
Topics vary by semester. Repeatable for credit.

**BUSN 401: Internship in Business**
Credits: 3 Pass/Fail
A program designed to provide qualified Junior or Senior Business Majors with an opportunity for direct experience in a profit or non-profit business activity. Student writes a short paper integrating their academic and internship experience. Graded Pass/Fail only. Repeatable for credit. Includes Career Connections requirement for graduation.

**BUSN 481: Advanced Special Topics in Business**
Credits: 3 Letter Grade
Topics vary by semester. Repeatable for credit.

**BUSN 490: Independent Study in Business**
Credits: 3 Letter Grade
An Independent Study provides a motivated student with the opportunity to pursue research on a topic not covered in courses offered in a given department. Independent Study courses are numbered 490 and are repeatable for credit. The selected Instructor will assist with completing the Independent Study Registration Form available in the Office of the Registrar. All Independent Study courses require the permission of the Department Chair and the Dean of Undergraduate Studies. Independent Study courses are subject to all tuition and fee schedules. Variable credit: 1.0 to 3.0. Repeatable for credit. Prerequisite: Permission of the Instructor required.

**BUSN 498: Senior Seminar in Business**
Credits: 3 Letter Grade
A capstone course designed to engage the student in a research project culminating in an oral and written presentation. The Senior Seminar is usually taken in either the Fall or Spring of the student's Senior year. Students register for this course upon approval of the Faculty Advisor. Prerequisite: A Writing Intensive course, usually MGMT 204.

**CHEM 103: Science and Public Policy**
(S) Credits: 4 Letter Grade
An introductory course for non-science majors who have little or no background in chemistry and minimal mathematical background.
CHEM 132L: Principles of Chemistry II Lab
Credits: 1 Letter Grade
Lab work includes qualitative and quantitative analysis as well as validation of lecture principles. Problem solving skills are emphasized throughout. Three hours per week. Corequisite: CHEM-132.

CHEM 215: Organic Chemistry I
(S) Credits: 3 Letter Grade
The first semester of a two-semester introduction to the principles of organic chemistry. Focuses on the structure of organic compounds and how that structure determines reactivity. Analytical methods include gas chromatography/mass spectrometry and infrared spectroscopy. Three hours per week. Corequisite: CHEM-215L.

CHEM 215L: Organic Chemistry I Lab
Credits: 1 Letter Grade
Laboratory work includes an introduction to basic techniques used in Organic Chemistry. A survey of the scope and modern aspects of organic chemistry, focusing on the principles of organic chemistry and the structure of organic compounds. Three hours per week. Corequisite: CHEM-215.

CHEM 216: Organic Chemistry II
(S) Credits: 3 Letter Grade
The second semester of a two-semester sequence of introductory Organic Chemistry. This course continues to examine the structure and reactivity of carbon compounds, with an emphasis on applying learned reactions to the synthesis of a range of organic compounds. Analytical methods include nuclear magnetic resonance spectroscopy. Three hours per week. Corequisite: CHEM-216L. Prerequisite: CHEM-215 with a grade of C- or better.

CHEM 216L: Organic Chemistry II Lab
Credits: 1 Letter Grade
Laboratory work includes an introduction to basic techniques used in Organic Chemistry as well as investigations into the properties and reactions of organic compounds. Three hours per week. Corequisite: CHEM-216.

CHEM 222: Toxicology
Credits: 3 Letter Grade
A survey of the scope and modern aspects of toxicology. Emphasizes clinical manifestations (symptoms and treatment) of acute, subacute, and chronic intoxication, and current analytical methodology. Each type of toxin and toxicant studies is supported by actual case histories and analytical data. No lab is required. Prerequisite: CHEM-215 with a grade of C- or better.

CHEM 230: Internship Seminar
Credits: 1 Letter Grade
A one-credit course designed for students interested in applying for competitive internships in the sciences. Students will learn how to search for competitive internships and identify internships of interest. Students will locate primary literature articles (using academic search engines such as SciFinder Scholar) published from their laboratories of interest. Students will then work to write statements of interest/research to apply for their programs of interest. While writing, there will be several class periods devoted to topics of interest relating to laboratory research, including presentations by guest speakers. Three hours per week for five weeks.

CHEM 242: Environmental Chemistry
Credits: 3 Letter Grade
The application of analytical chemistry principles and techniques to the study of environmental contaminants. Spectroscopic methods are studied to track aqueous pollutants (visible and fluorescence spectroscopy) and understand the mechanism behind global warming (infrared spectroscopy). Separation techniques (liquid-liquid extraction, liquid chromatography, and gas chromatography) are studied to better understand the fate of aqueous/air pollutants and their current detection methods. Three hours per week. No lab is required. Prerequisite: CHEM-215 with a grade of C- or better.

CHEM 250: Introduction to Biochemistry
Credits: 3 Letter Grade
A one-semester course covering the principles of Biochemistry. Topics include but are not limited to: structure and function of carbohydrates and lipids; protein structure, function and regulation; enzyme kinetics and mechanisms; membrane structure and function; and intermediary metabolism. Three hours per week. Prerequisite: CHEM-215 with a grade of C- or better, or by permission of the Instructor.

CHEM 301: Analytical Chemistry
(SW) Credits: 5 Letter Grade
An introduction to the field of analytical chemistry. Topics to be included are: advanced acid/base chemistry, molecular and atomic spectroscopy, and separation techniques. Core: Natural Sciences With Lab requirement. Corequisite: CHEM-301L. Course is Writing Intensive. Prerequisite: ENGL-101; CHEM-215 with a grade of C- or better.

CHEM 301L: Analytical Chemistry Lab
Credits: 0 Letter Grade
Lab is graded as part of CHEM-301. Four hours per week. Corequisite: CHEM-301.

CHEM 303: Instrumental Analysis
Credits: 3 Letter Grade
An advanced study of spectroscopy, mass spectrometry, and nuclear magnetic resonance spectrometry. Three hours per week. Corequisite: CHEM-303L. Prerequisite: CHEM-301 with a grade of C- or better.

CHEM 303L: Instrumental Analysis Lab
Credits: 0 Letter Grade
An advanced laboratory study of spectroscopy, mass spectrometry and nuclear magnetic resonance spectrometry.
course. Topics covered by this course include bomb calorimetry, electrochemistry, computational chemistry, vibrational and rotational spectroscopy, photochemistry, and kinetics. Four hours per week. Corequisite or prerequisite: CHEM 314.

CHEM 340: Inorganic Chemistry
Credits: 5 Letter Grade
Topics include: structure and bonding, solid-state Chemistry, spectroscopy, and catalysis. Three hours per week. Core: Natural Sciences With Lab requirement. Corequisite: CHEM 340L. Prerequisite: CHEM 216 with a grade of C- or better.

CHEM 340L: Inorganic Chemistry Lab
Credits: 0 Letter Grade
Lab is graded as part of CHEM 340. Four hours per week. Corequisite: CHEM 340.

CHEM 401: Internship in Chemistry
Credits: 3 Pass/Fail
A research experience to help the student to relate theories and skills to the practical aspects of a laboratory. Repeatable for up to 6 credits. Graded Pass/Fail only. Includes Career Connections requirement for graduation. Number of credits earned determined by number of hours spent at internship. Prerequisite: Permission of the Department Chair.

CHEM 405: Advanced Organic Chemistry
Credits: 3 Letter Grade
An introduction to the field of Physical Organic Chemistry with an emphasis on qualitative molecular orbital theory, pericyclic reactions, stereochemistry, and linear free energy relationships. Three hours per week. Offered as needed. Prerequisite: CHEM 216 with a grade of C- or better.

CHEM 481: Special Topics in Chemistry
Credits: 3 Letter Grade
An in-depth study of selected topic areas in Chemistry. Topics vary, offered as interest permits. May include a laboratory depending on the topic chosen. Repeatable for credit. Three hours per week. Prerequisite: Permission of the Instructor.

CHEM 490: Independent Study in Chemistry
Credits: 3 Letter Grade
An Independent Study provides a motivated student with the opportunity to pursue research on a topic not covered in courses offered in a given department. Independent Studies are approved by the faculty member at the discretion of the faculty member. Independent Study courses are numbered 490 and are repeatable for credit. The selected Instructor will assist with completing the Independent Study Registration Form available in the Office of the Registrar. All Independent Study courses require the permission of the Department Chair and the Dean of Undergraduate Studies. Independent Study courses are subject to all tuition and fee schedules. Variable from 1.0 to 3.0 credits. Prerequisite: Permission of the Instructor required.

CHEM 498: Senior Seminar/Chem-Biochem-For Sci
Credits: 3 Letter Grade
Capstone course of the Chemistry, Biochemistry, and Forensic Chemistry majors. The emphasis of this course is three-fold: areas of significant research in the field of Chemistry through reading of the current literature; ethics in scientific research; and a research paper, poster, and oral presentation of previously completed research. This research will have been done on or off campus, during summer internships or during the academic year, in an advisor-approved area of Chemistry. Three hours per week. The Senior Seminar is usually taken in either the Fall or Spring of the student's Senior year. Students register for this course upon approval of the academic advisor. Prerequisite: A Writing Intensive course and Senior status.

CLCV – CLASSICAL CIV

CLCV 151: Quests and Adventures
Credits: 3 Letter Grade
Students accompany Greek mythological heroes and heroines on their quests, adventures, and acceptance of fate. Homer's works and those of the Greek dramatists reveal the characteristics of ancient literary figures and provide the basis for their modern counterparts. Core: Literature requirement.

CLCV 153: Mythology as a Living Tradition
Credits: 3 Letter Grade
A study of the great myths of the ancient world in connection with the religious and literary traditions and the evidence of ancient art. Persistent mythological themes, such as that of Oedipus, seen in a modern context. Core: Literature requirement.

CLCV 281: Sp Topics/Classical Civilization
Credits: 3 Letter Grade
Repeatable for credit. Topics vary by semester.

CMDF – DIGITAL FORENSICS

CMDF 105: Digital Forensics I
Credits: 3 Letter Grade
Covers cyber crimes and includes best practices for preserving and collecting digital evidence. Instructs students in use of hardware and software to preserve, acquire and verify forensic copies of digital media for analysis. The course will address a variety of digital evidence sources such as hard drives, storage media, networks, servers and memory. Prerequisite: Grade of C- or better in CMTC 190.

CMDF 140: Legal Issues I (Digital Forensics)
Credits: 3 Letter Grade
Examines civil and criminal cases involving digital evidence. Explores the legal authority necessary to possess and examine digital media and data for use in a courtroom presentation. Students will learn to draft subpoenas, search warrants and preservation orders. Students will analyze a number of state and federal statutes involving digital evidence such as ECPA, PPA and the Federal Rules of Civil Procedure. Students will research or read and analyze case law relevant to those statutes.

CMDF 205: Digital Forensics II
Credits: 3 Letter Grade
Provides a practical application of digital forensics knowledge in the analysis of data acquired from digital media. The course will cover disk structures and analysis of data from file systems, application and operating system artifacts, as well as searching for relevant data and reconstructing files. Prerequisite: Grade of C- or better in CMTC-190 and CMDF-105.

CMDF 240: Legal Issues II (Digital Forensics)
Credits: 3 Letter Grade
Students will examine complex legal issues regarding the collection, analysis, and presentation of digital evidence in the courtroom by studying actual criminal and civil court cases, legal motions, and case law. This course will build on the legal issues presented in Legal Issues I, but will require students to apply this knowledge and critical thinking to the analysis of real court cases pertaining to digital evidence. Prerequisite: Grade of C- or better in CMDF-140 or permission of the Instructor.

CMDF 281: Special Topics in Digital Forensics
Credits: 3 Letter Grade
Covers current topics in digital forensics. Repeatable for credit. Topics vary by semester.

CMDF 300: Advanced Digital Forensics
Credits: 3 Letter Grade
Provides a range of laboratory assignments that teach both theory and practical application of tools in digital forensic investigations. This course will cover the recovery of data from advance file systems, encrypted files and hash analysis. Prerequisite: Grade of C- or better in CMDF-205.

CMDF 311: Research Methods/Digital Forensics
Credits: 3 Letter Grade
Provides and examination of research methods in digital forensics. Students select a possible seminar topic and complete a literature search and review. Usually completed second semester of Junior year. A grade of C- or better is required to successfully complete this course. Course is Writing Intensive. Prerequisite: Junior Status and ENGL-101. Officially verified Core- to Core transfer students and IDHP participants do not have a prerequisite. Must be a Digital Forensics major.

CMDF 320: Laboratory/Technical Writing in DF
Credits: 3 Letter Grade
Involves a number of writing assignments typical of digital forensic operations, such as analysis findings. Students will focus on topics relevant to the establishment of
professional digital forensic laboratory operations and laboratory accreditation. Students will complete assignments which include laboratory standard operating procedures, test and validation of digital forensic tools, laboratory examination notes, and expert witness reports. Prerequisite: Grade of C- or better in CMDF 205.

CMDF 375: Simulated Workplace Lab
Credits: 3 Letter Grade
Students explore current work positions in their field of study through online research and activities that will enable the students to engage professionally in the field. Students will also teach themselves the skills necessary to complete a semester-long project. Students will report their progress to the instructor as they would to their employer in the workplace. Learning independently, as professionals in this field need to do throughout their lifetime is a critical component of this course. Students whose GPA is not sufficient to complete an internship are required to take this course in its place. Although other Digital Forensics majors may also enroll in this course, they are highly encouraged to complete an internship instead. Prerequisite: CMDF 311 or permission of the instructor.

CMDF 401: Internship in Digital Forensics
Credits: 3 Pass/Fail
Open to students with Junior or Senior status only. Students must have a GPA of at least 2.5. Graded Pass/Fail only. Repeatable for credit. Includes Career Connections requirement for graduation.

CMDF 481: Adv Spl Topics in Digital Forensics
Credits: 3 Letter Grade
Covers current topics in digital forensics, not covered in another class. Topics vary by semester. Repeatable for credit.

CMDF 490: Independent Study in Dig Forensics
Credits: 3 Letter Grade
An Independent Study provides a motivated student with the opportunity to pursue research on a topic not covered in courses offered in a given program. Independent Studies are completed with a faculty member at the discretion of the faculty member. Independent Study courses are numbered 490 and are repeatable for credit. The selected instructor will assist with completing the Independent Study Registration Form available in the Office of the Registrar. All Independent Study courses require the permission of the Program Chair and the Dean of Undergraduate Studies. Independent Study courses are subject to all tuition and fee schedules. Variable from 1.0 to 3.0 credits. Prerequisite: Permission of the Instructor require.

CMDF 498: Senior Seminar in Digital Forensics
Credits: 3 Letter Grade
Students further develop the area of research that was started in CMDF 311. Students design and implement a research project and presentation. Students also review research in Digital Forensics not covered in other courses. The Senior Seminar is usually taken in Fall of Senior year. Students register for this course upon approval of the academic advisor. Prerequisite: CMDF 311 with a grade of C- or better.

CMSC – COMPUTER SCIENCE

CMSC 190: Introduction to Python Programming
Credits: 3 Letter Grade
Students are introduced to programming concepts through the Python programming language. Students focus on variables, assignment statements, branches, loops, functions, procedures and lists. Some assignments and examples will focus on the use of Python in Data Science & Computer Science. Prerequisite: Math Placement of level 3 or higher.

CMSC 200: Introduction to Java Programming I
Credits: 3 Letter Grade
Provides experience in computer programming in the Java programming language and prepares the student for further study in the field. Fundamental concepts and the elements of programming form the central themes of the course. Students develop proper programming techniques while learning basic programming structures including but not limited to: Input/output, variables, decision statements, loops, arrays, methods and use of pre-defined classes. Prerequisite: Math Proficiency of at least level 3 or completion of Math requirement.

CMSC 201: Introduction to Java Programming II
Credits: 3 Letter Grade
Students continue the development of programming skills learned in CMSC 200, with emphasis on objects, classes, algorithms, data organization, files, lists and exceptions. Prerequisite: A grade of C- or better in CMSC 200 is required.

CMSC 205: Systems Analysis and Design
Credits: 3 Letter Grade
Students learn about the Systems Development Lifecycle (SDLC). Students learn about and execute two of the most popular Systems Analysis and Design methodologies: the Waterfall methodology and the Scrum methodology. Students also learn about the role of a systems Analyst and how to use the tools and techniques employed by a systems analyst.

CMSC 250: Mobile Application Development
Credits: 3 Letter Grade
Introduces students to the fundamentals of mobile application development. Students develop mobile Applications using the Android and iOS technologies. Students learn how to develop interfaces, handle events, and use gestures and flows. Students also develop mobile applications that interact with a database. Students
learn how to implement notifications and use styles and themes. Prerequisite: Grade of C- or better in CMSC-25I.

CMSC 311: Research Methods/Comp and Info Sci
(W) Credits: 3 Letter Grade
Provides an examination of research methods in computer science. Students select a possible seminar topic and complete a literature search and review. Usually completed second semester of Junior year. A grade of C or better is required to successfully complete this course. Course is Writing Intensive. Prerequisite: Junior Status and ENGL-101. Officially verified Core-to-Core transfer students and IDHP participants do not have a prerequisite. Students must be a Computer & Information Science major.

CMSC 350: Computer Architecture/Logic Design
Credits: 4 Letter Grade
Students examine the organization and architecture of computer systems through study of the logical and engineering principles governing the internal operations of the computer. Topics include gates, circuits, combinational logic, sequential logic, computer arithmetic, control unit and arithmetic logic unit, CPU performance, and an introduction to assembly language. Prerequisites: Grade of C- or better in CMSC-25I.

CMSC 375: Simulated Workplace Lab
Credits: 3 Letter Grade
Students explore current work positions in their field of study through online research and activities that will enable the students to engage professionals in the field. Throughout this course, students will teach themselves the skills necessary to complete a semester-long project. Students will report their progress to the instructor as they would to their employer in the workplace. Learning independently, as professionals in this field need to do throughout their lifetime is a critical component of this course. Students whose GPA is not sufficient to complete an internship are required to take this course in its place. Although other Computer and Information Sciences majors may also enroll in this course, they are highly encouraged to complete an internship instead. Prerequisite: CMTC 311 or permission of the Instructor.

CMSC 401: Internship in Comp and Info Sci
Credits: 3 Pass/Fail
An internship provides the computer and information sciences major with the opportunity to experience the role of a systems analyst, junior programmer, or other related position. Open to students with Junior or Senior status only. Students must have a GPA of at least 2.5. Graded Pass/Fail only. Repeatable for credit. Includes Career Connections requirement for graduation.

CMSC 405: Programming Languages
Credits: 3 Letter Grade
Examines the practical and theoretical aspects of various programming languages.

CMSC 481: Special Topics in Comp/Info Sci
Credits: 3 Letter Grade
Covers current topics in computer science, not covered in another class. Topics vary by semester. Repeatable for credit.

CMSC 482: Adv Special Topics in Comp/Info Sci
Credits: 3 Letter Grade
Covers current topics in computer science, not covered in another class. Topics vary by semester. Repeatable for credit.

CMSC 490: Independent Study in Comp Science
Credits: 3 Letter Grade
An Independent Study provides a motivated student with the opportunity to pursue research on a topic not covered in courses offered in a given department. Independent Studies are completed with a faculty member at the discretion of the faculty member. Independent Study courses are numbered 490 and are repeatable for credit. The selected Instructor will assist with completing the Independent Study Registration Form available in the Office of the Registrar. All Independent Study courses require the permission of the Instructor. Prerequisite: CMSC-311 with a grade of C- or better.

CMSC 498: Senior Seminar: Comp and Info Sci
Credits: 3 Letter Grade
Students further develop the area of research that was begun in CMSC-311 to design and implement a research project and presentation. Students also discuss current topics in Computer Science which were not covered in structured courses. The Senior Seminar is usually taken in the Fall of the student’s Senior year. Students register for this course upon approval of the academic advisor. Prerequisite: CMSC-311 with a grade of C- or better.

CMSC 499: Adv Special Topics in Comp Syst Mgmt
(W) Credits: 1 Letter Grade
Provides an examination of research methods in computer systems management. Students select a possible seminar topic and complete a literature search and review. Usually completed second semester of junior year. A grade of C or better is required to successfully complete this course. Fulfills the Writing Intensive Core Curriculum requirement for graduation. Prerequisite: Junior Status and ENGL-101. Officially verified Core-to-Core transfer students and IDHP participants do not have a prerequisite. Students must be a Computer Systems Management major.

CMSC 499: Simulated Workplace Lab
Credits: 3 Letter Grade
Students explore current work positions in their field of study through online research and activities that will enable the students to engage professionals in the field. Throughout this course, students will also teach themselves the skills necessary to complete a semester-long project. Students will report their progress to the instructor as they would to their employer in the workplace. Learning independently, as professionals in this field need to do throughout their lifetime is a critical component of this course. Students whose GPA is not sufficient to complete an internship are required to take this course in its place. Although other Computer Systems Management majors may also enroll in this course, they are highly encouraged to complete an internship instead. Prerequisite: CMSC 311 or permission of the Instructor.

CMSC 499: Internship in Computer Sys Mgmt
Credits: 3 Pass/Fail
Students experience fieldwork in the area of information management, computer systems management, computer hardware, computer software, technology troubleshooter, or another technology related area. Open to students with Junior or Senior status only. Students must have a GPA of at least 2.5. Graded Pass/Fail only. Repeatable for credit.

CMSC 499: Adv Special Topics in Comp Sys Mgmt
Credits: 3 Letter Grade
Covers current topics in computer systems management. Repeatable for credit. Topics vary by semester.

CMSC 499: Independent Study in Comp Sys Mgmt
Credits: 3 Letter Grade
An Independent Study provides a motivated student with the opportunity to pursue research on a topic not covered in courses offered in a given department. Independent Studies are completed with a faculty member at the discretion of the faculty member. Independent Study courses are numbered 490 and are repeatable for credit. The selected Instructor will assist with completing the Independent Study Registration Form available in the Office of the Registrar. All Independent Study courses require the
permission of the Department Chair and the Dean of Undergraduate Studies. Independent Study courses are subject to all tuition and fee schedules. Variable from 1.0 to 3.0 credits. Prerequisite: Permission of the Instructor required.

CMSM 498: Senior Seminar in Computer Sys Mgmt Credits: 3 Letter Grade Students further develop the area of research that was begun in CMSM 311 to design and implement a research project and presentation. Students also discuss current topics in computing not covered in structured courses. The Senior Seminar is usually taken in either the Fall of the student’s Senior year. Students register for this course upon approval of the Faculty Advisor. Prerequisite: CMSM 311 with a grade of C or better.

**CMTC – COMPUTER TECHNOLOGY**

CMTC 103: Introduction to Microsoft Excel Credits: 3 Letter Grade Introduces the student to Microsoft Excel. The student learns the basic components of creating a spreadsheet as well as some advanced features. Fulfills the spreadsheet module of the computer proficiency. This is a 5-week course. Suggested Prerequisite: Math Placement Level 3 or higher.

CMTC 190: Intro to Comp Hardware/Peripherals Credits: 3 Letter Grade Provides a challenging introduction to technology for students interested in a major or minor in computer and information technology or related fields. Topics include elements of computer architecture and peripherals. Upon the completion of this course students should be prepared to take part of the A+ Certification Examination.

CMTC 195: Introduction to Computer Art Credits: 3 Letter Grade Introduction to two industry standard graphics programs: Adobe Photoshop and Adobe Illustrator, as well as an introduction to video editing using Adobe After Effects. Students will learn how to integrate their work from one program into another.

CMTC 200: Intro to Web Development and Design Credits: 3 Letter Grade Students examine current web design techniques and learn how to create effective web pages using the web-authoring suite, Adobe Dreamweaver. The course also includes an ongoing discussion regarding site composition, acceptable color use, font use and viewer friendly graphics. Suggested Prerequisite: CMTC-195.

CMTC 201: Designing Websites Credits: 3 Letter Grade Focuses on the design of websites rather than on web development. In particular, the course examines the importance of layout and composition, color, typography, imagery, and texture. Students also examine how to implement Universal Design and discuss Search Engine Optimization. Prerequisite: Grade of C- or better in CMTC-200.

CMTC 203: Data Analysis Using Microsoft Excel Credits: 3 Letter Grade Provides students with in-depth understanding of the use of Microsoft Excel, especially with respect to its ability to support data analysis and specialized business and statistical functions. Topics covered include: an overview of the basic functionality of Excel, sorting & filtering data, grouping data, creating a data model, what-if analysis, analyzing statistics, using the Analysis ToolPak, formula audits and data validation. Prereq: Level 3 or higher. Math Placement score.

CMTC 210: Comp Graphics Design/Photoshop Credits: 3 Letter Grade Students learn the essentials of image enhancement and develop the skills needed to edit raster/bitmapped graphics. Students explore the basic concepts of color correction, photo retouching, compositing (photo montages), photographic manipulation, and the preparation of images for use on the World Wide Web. Image resolution, color models and printing issues are also covered. Upon the completion of this course students should be prepared to take the Adobe ACA examination for Photoshop. CMTC 195 recommended but not required.

CMTC 230: Introduction to Data Communications Credits: 3 Letter Grade Provides an introduction to computer networks and data communications, data and signals, using conducted and wireless signals. This course covers basic OSI model, TCP/IP networking, services, protocols and ports. Prerequisite: Grade of C- or better in CMTC 190 or permission from the Department.

CMTC 255: Web Content Management Systems Credits: 3 Letter Grade Introduces the concept of Content Management Systems through the use of WordPress and Drupal in building and maintaining blogs and websites. Students will be introduced to WordPress via their use of WordPress.com in building WordPress sites working with WordPress themes. Students build a basic Drupal site based on their familiarity with the conventions of WordPress. Suggested Prerequisites: Grade of C- or better in CMTC 200 and CMTC 275.

CMTC 260: Applied Operating Systems Credits: 3 Letter Grade Provides a hands-on introduction to various operating systems such as Windows, Linux, and Macintosh. Students are introduced to the fundamental concepts underlying all operating systems and learn how to implement these concepts on each system. Suggested Prerequisite: Grade of C- or better in CMTC-190.

CMTC 275: HTML and CSS Credits: 3 Letter Grade Introduces students to creating interactive web pages using HTML and CSS. Students will also incorporate design techniques developed in CMTC 200. Suggested Prerequisite: Grade of C- or better in CMTC 200.

CMTC 281: Special Topics in Comp/Info Tech Credits: 3 Letter Grade Covers current topics in computer technology, such as graphics animation, web programming or development. Repeatable for credit. Topics vary by semester.

CMTC 284: Intro/Database Design & Development Credits: 4 Letter Grade Introduces students to the fundamentals of database design and implementation using a relational and a NoSQL database management system. Topics covered include data modeling, normalization and query languages. Prerequisite: Math proficiency of Level 3 or higher. Recommended CMSC 190 or CMSC 200.

CMTC 295: Web Programming Credits: 3 Letter Grade An in-depth study of how to develop a dynamic web application using various client and server side scripting languages and a relational database. Students will demonstrate an understanding of client side form validation and how to dynamically update web pages. Students will demonstrate an understanding of server side database access. Prerequisites: Grade of C- or better in CMSC 201 and CMTC 284.

CMTC 311: Research Methods/Comp and Info Tech (W) Credits: 3 Letter Grade Provides an examination of research methods in computer science. Students select a possible seminar topic and complete a literature search and review. Usually completed first semester of senior year. A grade of C or better is required to successfully complete this course. Course is Writing Intensive. Prerequisite: Junior Status and ENGL 101. Officially verified Core-to-Core transfer students and IDHP participants do not have a prerequisite. Student must be a Computer and Information Technology major.

CMTC 335: Responsive Design Credits: 3 Letter Grade This course will look at what responsive web design is, why it’s necessary, and the basic concepts in building responsive websites. It will examine different responsive web design frameworks. Students will use the frameworks to create responsive navigation menus and page layouts, to provide collapsible and expandable page content, to make images, videos, and forms responsive. Prerequisite: CMTC 275 or permission of the instructor.
CMTC 375: Simulated Workplace Lab
Credits: 3 Letter Grade
Students explore current work positions in their field of study through online research and activities that will enable the students to engage professionally in the field. Throughout this course, students will also teach themselves the skills necessary to complete a semester-long project. Students will report their progress to the instructor as they would to their employer in the workplace. Learning independently, as professionals in this field need to do throughout their lifetime is a critical component of this course. Students whose GPA is not sufficient to complete an internship are required to take this course in its place. Although other Computer and Information Technology majors may also enroll in this course, they are highly encouraged to complete an internship instead. Prerequisite: CMTC 311 or permission of the Instructor.

CMTC 401: Internship in Comp and Info Tech
Credits: 3 Pass/Fail
Students experience fieldwork in the area of information management, webmaster assistant, web development, computer hardware, computer software, technology troubleshooter, or another technology-related area. Open to students with Junior or Senior status only. Student must have GPA of at least 2.5. Graded Pass/Fail only. Repeatable for credit. Includes Career Connections requirement for graduation.

CMTC 481: Adv Spec Topics in Comp/Info Tech
Credits: 3 Letter Grade
Covers current topics in computer technology, involving web development, computer graphics or programming. Repeatable for credit.

CMTC 490: Independent Study in Info Tech
Credits: 3 Letter Grade
An Independent Study provides a motivated student with the opportunity to pursue research on a topic not covered in courses offered in a given department. Independent Studies are completed with a faculty member at the discretion of the faculty member. Independent Study courses are numbered 490 and are repeatable for credit. The selected Instructor will assist with completing the Independent Study Registration Form available in the Office of the Registrar. All Independent Study courses require the permission of the Department Chair and the Dean of Undergraduate Studies. Independent Study courses are subject to all tuition and fee schedules. Variable from 1.0 to 3.0 credits. Prerequisite: Permission of the Instructor required.

CMTC 498: Senior Seminar in Comp/Info Tech
Credits: 3 Letter Grade
Students further develop the area of research that was begun in CMTC 311 to design and implement a research project and presentation. Students also discuss current topics in Computer Technology not covered in structured courses. The Senior Seminar is usually taken in either the Fall or Spring of the student’s Senior year. Students register for this course upon approval of the Faculty Advisor. Prerequisite: CMTC 311 with a grade of C or better.

CRJU – CRIMINAL JUSTICE

CRJU 120: Intro to Restorative Practices
Credits: 3 Letter Grade
Introduces students to the field of restorative justice. The history, philosophy, practices, research and future potential of restorative justice will be explored through readings, research, videos, guest speakers, workshops and role play. Local, national and global perspectives will be included.

CRJU 122: Introduction to Criminal Justice
Credits: 3 Letter Grade
Provides a general understanding of the Criminal Justice system and how it operates, including specific information about police, prosecution, courts (including prosecution and defense, and judge/jury) and corrections (both custodial and community supervision).

CRJU 175: US Constitution Immersion Exp
Credits: 3 Letter Grade
Offers students an opportunity to actively engage in their environment and to take full advantage of the Philadelphia area in developing an understanding of the United States Constitution and the Bill of Rights (focusing on the 4th, 5th, 6th, and 8th Amendments) as they pertain to the criminal justice system. Uses the Philadelphia community (CJRC and CFCF) and its deep history (Constitution Center and Eastern State Penitentiary) to introduce students to an interactive method of learning that encourages intellectual curiosity, holistic education, and community engagement in the learning process.

CRJU 200: World Justice and Care for Children
Credits: 3 Letter Grade
A global study of human rights for children including an examination of historical and contemporary conditions, international development programs, and current social and moral issues within the framework of the UN Convention on the Rights of the Child. Core: Social Sciences requirement. Cross-listed: SOCI 200.

CRJU 201: Crime and Punishment Through Film
Credits: 3 Letter Grade
Makes use of classic films as well as contemporary writings to explore the deeper functions and meaning of crime and punishment in our society. Topics include examination of the failure of our prison system to deter crime, exploration of the root causes of different types of crimes, and consideration of questions of fairness and social justice as they relate to punishment.

CRJU 210: Gender and the Law
Credits: 3 Letter Grade
An historical-sociological treatment of the gender issues in the American legal system. Explores the successful and sometimes failed challenges mounted by advocates in the areas of political and civil rights, domestic and reproductive issues, employment opportunities, criminal justice and education. Some international gender issues will also be considered. Core: Social Sciences requirement. Cross-listed: SOCI 210.

CRJU 225: Ethics in Criminal Justice
Credits: 3 Letter Grade
An exploration of the many difficult decisions that criminal justice professionals face in an environment of competing interests. Emphasis is placed on addressing moral issues and concerns involved in the justice process and the impact on individuals and society at large. Core: Ethics requirement.

CRJU 220: Juvenile Justice
Credits: 3 Letter Grade
A study of the American juvenile justice system from historical, legal and policy perspectives. Topics will include juvenile court, United States Supreme Court cases, juvenile probation, restorative justice, and rehabilitation and prevention programs. Some international juvenile justice issues will also be considered.

CRJU 223: Criminal Law
Credits: 3 Letter Grade
An exploration of the basic concepts and issues in substantive criminal law. Appellate case analysis will include definitions of crime, defenses to crime and contemporary controversial issues.

CRJU 224: Criminal Investigation
Credits: 3 Letter Grade
Principles and practices of solving a crime. Proper procedure in the handling of witnesses, informants, suspects and surveillants. Methods for discovering, interpreting and preserving the physical evidence left at the crime scene, will be discussed and explored.

CRJU 225: Criminal Procedure
Credits: 3 Letter Grade
An exploration of the constitutional areas of the criminal procedure. Appellate case analysis will explore such issues as search and seizure, arrest, confessions, right to counsel. Recent Supreme Court decisions will be considered.

CRJU 226: Deviance and Social Control
Credits: 3 Letter Grade

CRJU 227: Corrections
Credits: 3 Letter Grade
Examines prisons and punishment. Topics to be covered include: philosophies of corrections, the development of prisons, institutional issues, penal reform and alternatives to incarceration.
CRJU 230: Juvenile Delinquency
Credits: 3 Letter Grade
An historical and contemporary study of youth crime. Topics will include: theoretical analysis, programs and policy, and current problems such as youth violence, drugs and gangs.

CRJU 235: White Collar Crime
Credits: 3 Letter Grade
Explores the definition of white collar crime as well as specific topics that fall within that definition. Examines the differences between White Collar Crime and "street" crime. Questions how we develop our understanding of what White Collar Crime is? Also examines White Collar Crime from a legal perspective. Reviews statutes used to prosecute and defend White Collar Crime. Considers case studies using legal principles derived from the statutes and cases. Investigates how administrative/government agencies, criminal investigation/prosecution and civil litigation impact the prevention, detection and prosecution/litigation of White Collar Crime.

CRJU 237: Victimology
Credits: 3 Letter Grade

CRJU 245: Inside-Out
Credits: 3 Letter Grade
The Inside-Out Prison Exchange is a unique experiential education class where students learn about the criminal justice system through dialogue. The class will meet inside a prison. Half of the students will be CHC-students; half will be individuals incarcerated at the prison. Students will read, discuss, and solve problems together. Weekly and cumulative writings are required. Prerequisite: CRJU-122 and permission of the Department Chair. Corequisite: CRJU-245L.

CRJU 245L: Inside-Out Lab
Credits: 1 Pass/Fail
Prerequisite: CRJU-122 and permission of the Department Chair. Corequisite: CRJU-245.

CRJU 281: Special Topics in Criminal Justice
Credits: 3 Letter Grade
Topics vary by semester. Repeatable for credit.

CRJU 302: Social Science Research Methods
(W) Credits: 3 Letter Grade
Focuses on the methods and process of social scientific inquiry. Students will perform a social experiment through which methodological concepts are introduced. Course outcomes include familiarity with SPSS and an 8-10 page research report. Open only to Sociology, Human Services, and Criminal Justice majors. Course is Writing Intensive. Prerequisite: ENGL-101 for students. Officially verified Core- to-Core transfer students and IDHP participants do not have a prerequisite.

CRJU 321: Criminology
Credits: 3 Letter Grade
Students will gain a general understanding of the nature of criminal behavior from both the classical and the deterministic schools. Theories and research focusing on the individual causes and social and environmental determinants will also be explored. The theories are placed against a backdrop of the pendulum swing between punishment and rehabilitation that has guided policy and procedures in criminal justice penal philosophy since inception. Prerequisite: CRJU-122.

CRJU 322: Sex Crimes
Credits: 3 Letter Grade
Explores the nature and history of sex crimes. Topics will include how the criminal justice system deals with sexual offenses and community response to sex crime, such as Megan's laws and sexually violent predator laws. Particular attention will be paid to the elements of rape, most notably consent. The course will also study important case law and inquiry into sex crimes against children.

CRJU 325: Restorative Justice
Credits: 3 Letter Grade
A seminar introducing the student to the philosophy, history, theory and practice of restorative justice in the criminal justice system in the United States as well as international experiences. Restorative justice is an emerging movement for reform that emphasizes repairing harm to the victims and reintegration of offenders in the community. Many jurisdictions have incorporated aspects of restorative justice in their juvenile justice and adult criminal justice systems and nations such as South Africa, Rwanda, and Peru have embraced restorative justice as a means of healing communities affected by crimes against humanity. Examines the practices, programs, realities and controversies of restorative justice. Suggested Prerequisite: CRJU-122 and permission of the Department Chair.

CRJU 401: Internship in Criminal Justice
Credits: 3 Pass/Fail
Field placement in law enforcement, juvenile or adult courts, and community programs related to the student's interest. Supervision by a field supervisor employed by the agency and a liaison from the College faculty. Graded Pass/Fail only. Repeatable for credit. Includes Career Connections requirement for graduation. Corequisite: CRJU-403.

CRJU 402: Internship in Criminal Justice
Credits: 3 Pass/Fail
Field placement in law enforcement, juvenile or adult courts, and community programs related to the student's interest. Supervision by a field supervisor employed by the agency and a liaison from the College faculty. Graded Pass/Fail only. Repeatable for credit. Includes Career Connections requirement for graduation. Corequisite: CRJU-403.

CRJU 403: Professional Internship Seminar
Credits: 3 Letter Grade
Accompanies and complements the Criminal Justice Internship. This class allows students to clarify career interest, synthesize knowledge from the classroom with direct experience, and examine different agencies in the Criminal Justice System. There will be an emphasis on career crystallization and development using the Field Work portion of the Internship process. There will also be an emphasis on writing about the Internship experience in a coherent manner. Each student will do an oral presentation about their Internship Experience. Prerequisite: Declared Criminal Justice major or minor. Pre or Corequisite: CRJU-401.

CRJU 481: Adv Special Topics/Criminal Justice
Credits: 3 Letter Grade
An in-depth investigation of a topic chosen by the instructor. Topics vary by semester. Repeatable for credit.

CRJU 490: Independent Study in Crim Justice
Credits: 3 Letter Grade
An Independent Study provides a motivated student with the opportunity to pursue research on a topic not covered in courses offered in a given department. Independent Studies are completed with a faculty member at the discretion of the faculty member. Independent Study courses are numbered 490 and are repeatable for credit. The selected Instructor will assist with completing the Independent Study Registration Form available in the Office of the Registrar. All Independent Study courses require the permission of the Department Chair and the Dean of Undergraduate Studies. Independent Study courses are subject to all tuition and fee schedules. Variable from 1.0 to 3.0 credits. Prerequisite: Permission of the Department Chair required.

CRJU 498: Senior Seminar in Criminal Justice
Credits: 3 Letter Grade
An in-depth exploration and social analysis of an approved issue in contemporary criminal justice. Each student will engage in independent research, write a scholarly paper, and give a professional presentation to the department and the college community. Senior Seminar courses are taken in the Fall of the student's Senior year. Students register for this course upon approval of the academic advisor. Prerequisite: A Research Methods course; or IDHP-200.

CSEC – Cyber Security

CSEC 140: Legal Issues in Cyber Security
Credits: 3 Letter Grade
Provides students with an introduction to national and international laws and regulations pertaining to cyber security and the collection of personal data. Students will examine case law, statutes, and regulations related cyber security, online financial transactions, crypto-currencies, and other topics.

CSEC 235: Introduction to Cybersecurity
Credits: 3 Letter Grade
Students will build on their previous skills and knowledge of networks and expand it
into security specific concerns. Students will use various software tools to detect network vulnerabilities. Students will learn how to investigate and gather evidence of security breaches, as well as better secure networks from attack. The course prepares students for COMPTIA’s Security+ certification test. Students who have taken CMDF 350 may not enroll in this course. Prerequisite: CMTC 230.

CSEC 270: Linux Operating System in Security
Credits: 3 Letter Grade
Students will learn applied fundamentals of the Linux Operating System, including program execution from a terminal window, basic file structure, drive management, networking, and access controls. Students will use a number of security programs on the Linux platform to assess data security, and conduct basic penetration testing, and execute vulnerability detection. This course will include both theoretical knowledge and hands-on practical exercises. Prerequisite: CMTC 190, CMTC 230 and CMTC 260. A grade of C- is required in each of the prerequisites.

CSEC 275: IPv6 / Networking and Security
Credits: 3 Letter Grade
Explores the TCP/IP network architecture. IPv6 networks can run concurrently with, and have been replacing, IPv4 networks. Considers implementing and managing IPv6 networks such as address construction, protocols, host and router configuration, DNS records, network transition, and cybersecurity. Includes practical exercises. Prerequisite: CMTC-230.

CSEC 280: Investigating Network Artifacts
Credits: 3 Letter Grade
Students will learn how to extract network artifacts from network hosts and devices to identify then trace the origin and owner of Internet Protocol and Domain Name addresses. Students will look at network artifacts stored in log files, browser history, email headers, and the Windows Registry, among others. Course will stress proper evidence handling, preservation, and documentation of network data. Prerequisites: CMTC-190 & CMTC-230 with grades of C- or higher.

CSEC 285: Applied Cryptography
Credits: 3 Letter Grade
Examines fundamentals of cryptographic systems. Students will be able to recognize the differences between symmetric and asymmetric algorithms. They will be able to select the appropriate cryptographic protocols, tools and techniques that are appropriate for a given technology. This course will explore the strengths and weaknesses, modes, and issues that need to be addressed in implementation. Prerequisite: MATH-115.

CSEC 311: Research Methods
(W) Credits: 3 Letter Grade
Provides an examination of research methods in cybersecurity. Students select a possible seminar topic and complete a literature search and review. Usually completed second semester of Junior year. A grade of C or better is required to successfully complete this course. Course is Writing Intensive. Prerequisite: Junior Status and ENGL-101. Officially verified Core-to-Core transfer students and IDPH participants do not have a prerequisite. Students must be a Cybersecurity major.

CSEC 361: Security & Defense I
Credits: 3 Letter Grade
Students will learn networking mapping and enumeration. Students, in practical exercises, will learn to find and exploit vulnerability on a network. This course focuses on ethical hacking and attacking the network. Prerequisite: CSEC-233.

CSEC 362: Security & Defense II
Credits: 3 Letter Grade
Students will learn about network attack and how to defend infrastructure. They will monitor networks for breaches and respond to intrusion incidents. They will practice improving network defenses based on attack anatomy. CSEC-361 and CSEC-362 collectively prepare students for several industry certifications, including CEH. Prerequisites: CSEC-235 and CSEC-361.

CSEC 375: Simulated Workplace Lab
Credits: 3 Pass/Fail
Students experience fieldwork in cybersecurity-related area. Open to students with Junior or Senior status only. Student must have GPA of at least 2.5. Graded Pass/Fail only. Repeatable for credit. Includes Career Connections requirement for graduation.

CSEC 384: Database Security
Credits: 3 Letter Grade
Database security requires knowledge of database implementation and management and computer security. Topics covered in the course are database basics, access control policies, database vulnerabilities with an emphasis on inference and SQL injection, and application security models. The assignments and labs included in the course are designed to integrate the topics, be hands-on, and be used with relational database. Prerequisite: CMTC-284.

CSEC 401: Internship in Cybersecurity
Credits: 3 Pass/Fail
Students experience fieldwork in cybersecurity-related area. Open to students with Junior or Senior status only. Student must have GPA of at least 2.5. Graded Pass/Fail only. Repeatable for credit. Includes Career Connections requirement for graduation.

CSEC 481: Adv Spl Topics in Cybersecurity
Credits: 3 Letter Grade
Covers current topics in cybersecurity, not covered in another class. Topics vary by semester. Repeatable for credit.

CSEC 490: Independent Study in Cybersecurity
Credits: 3 Letter Grade
An Independent Study provides a possible seminar topic and complete a literature search and review. Usually completed second semester of Junior year. A grade of C or better is required to successfully complete this course. Course is Writing Intensive. Prerequisite: Junior Status and ENGL-101. Officially verified Core-to-Core transfer students and IDPH participants do not have a prerequisite. Students must be a Cybersecurity major.

DSSG 490: Senior Seminar in Cybersecurity
Credits: 3 Letter Grade
Students further develop the area of research that was begun in CSEC-311 to design and implement a research project and presentation. Students also discuss current topics in cybersecurity not covered in structured courses. The Senior Seminar is usually taken in either the Fall or Spring of the student’s Senior year. Students register for this course upon approval of the Faculty Advisor. Prerequisite: CSEC-311 with a grade of C or better.

DSSG – DATA STUDIES FOR THE SOCIAL GOOD

DSSG 110: Introduction to Data Studies
Credits: 1.5 Letter Grade
Sets out introductory concepts and skills for the Data Science for the Social Good minor and will give students 1) an overview of the concept of “data” and modern applications in the 21st century, 2) explore the nature of the concept of the “social good” in the 21st century, and 3) introduce students to interdisciplinary nature of the DSSG minor so that they will be able to make connections across their course work.

DSSG 398: Capstone in Data Studies
Credits: 1.5 Letter Grade
The Capstone is the final course to be taken for the Data Science for the Social Good minor and will guide students to identify how their coursework has improved their proficiency in utilizing data and how this proficiency can be used in the service of some project or application for "the social good." The Capstone will be tailored to the student’s interest in some real-world problem with the aim of exploring and demonstrating how data can be utilized to shed light on that problem.

ECON – ECONOMICS

ECON 101: Macroeconomic Principles (B)
Credits: 3 Letter Grade
A study of the fundamental determinants of economic activity, measurement and determination of national output and income, employment, inflation, interest
rates, money supply, and growth of output and income. Monetary, banking and fiscal institutions are considered in relation to their role in contemporary public policies designed to cope with problems on a macroeconomic level. Core: Social Sciences requirement.

ECON 102: Microeconomic Principles
Credits: 3 Letter Grade
A study of the principles underlying the functioning of individual economic units such as consumers, households, firms and industries. Focuses on the determination of the price of products and productive inputs in the framework of a capitalist economy. Core: Social Sciences requirement. Prerequisite: MATH 122 or Level 1 on the Math Proficiency test; and ECON 101. MATH 201 is recommended, but not required.

ECON 201: Principles/Finance: Money/ Banking
Credits: 3 Letter Grade
An investigation of the role played by money and financial institutions, such as the Federal Reserve System, in the functioning of the US economy. Emphasizes the implementation of monetary policy via the financial system to achieve economic stabilization. Core: Social Sciences requirement. Prerequisite: ECON 101.

ECON 211: Introduction to Global Economics
Credits: 3 Letter Grade
An introduction to the international economy. Topics include international trade theories, trade policies and their effects, regionalism and multilateralism, an introduction to international finance, balance of payments and foreign exchange markets, exchange-rate systems, arbitrage, purchasing power and interest rate parities, international financial institutions, and contemporary global economic issues. Core: Social Sciences requirement. Prerequisites: BUSN 101 or BUSN 104, and ECON 101. MATH 201 is recommended, but not required.

EDMN 220: Montessori Philosophy/Edu Theory
Credits: 3 Letter Grade
Students explore the educational philosophy that influenced Maria Montessori. A second trend, emanating from science and the scientific method, forms a comparative study of her predecessors in the fields of child development, medicine, anthropology and pedagogy. Background relates the pedagogical principles of the Montessori method to today’s educational philosophies and methods. Cross-listed: EDMN 320, MONC 020.

EDMN 221: Montessori Everyday Living/Art
Credits: 3 Letter Grade
A study of the child’s environment and culture dictates the exercises that aid inner discipline, self-esteem, a sense of order, and muscular control. Montessori pedagogical principles provide the rationale for demonstration of techniques appropriate for the very young child. Prerequisite: EDMN 220 or permission from the Montessori Program Director. Cross-listed: EDMN 521, MONC 021.

EDMN 222: Montessori Sensorial/Music
Credits: 3 Letter Grade
Provides the rationale and technique undergirding the refinement of sense perceptions as a means of acquiring classified, detailed and accurate knowledge from the environment. Students receive practical insight into the role of movement. Prerequisite: EDMN 220. Cross-listed: EDMN 522, MONC 022.

EDMN 223: Montessori Mathematics
Credits: 3 Letter Grade
Enables the student to assess a child’s mathematical readiness, to introduce number with its properties of cardinality and ordinality, to develop the mathematical experience to include the basic operations with the didactic apparatus. This course provides preparation for the intern experience. Prerequisite: EDMN 220. Cross-listed: EDMN 523, MONC 023.

EDMN 224: Montessori Language
Credits: 3 Letter Grade
Students learn how to design language programs within the prepared Montessori environment. Discussion includes the responsibility of the teacher in the different levels of development that lead to writing and reading, in the sequencing of materials, and in adaptations to specific language needs of children with special emphasis on the urban minority child. Prerequisite: EDMN 220. Cross-listed: EDMN 524, MONC 024.

EDMN 225: Montessori Natural/Social Sciences
Credits: 3 Letter Grade
Provides the student with material for the study of natural and social sciences used in the Montessori classroom. Appropriate to the age and development of the young child. Students explore the wonders of nature, and the inter-action of human beings and nature. Suggestions are included for developing parent/teacher partnerships and mutual responsibilities. Prerequisite: EDMN 220. Cross-listed: EDMN 525, MONC 025.

EDMN 226: Montessori Education for Peace
Credits: 1 Letter Grade
Focuses on the essentials of education for peace, which are built into the Montessori curriculum at every level. Emphasis will be on role modeling, conflict resolution, and the teacher’s role in creating a peaceful environment. Cross-listed: EDMN 526, MONC 026.

EDMN 430: Montessori Fall Internship
Credits: 3 Letter Grade
A year’s internship taken in the student’s senior year which brings together the theory, practice and curriculum of Montessori Education. Corequisite: EDMN 431. Cross-listed: EDMN 630, MONC 030.

EDMN 431: Montessori Fall Seminar
Credits: 2 Letter Grade
Regularly scheduled biweekly seminars to correlate methods and student teaching run concurrently with the Internship for both fall and spring semesters. Seminar consists of bi-weekly meetings that discuss and evaluate observation and participation experiences of seminar students working in Montessori classrooms. Problems and challenges facing student interns, parents and administrators are addressed. Corequisite: EDMN 430. Cross-listed: EDMN 631, MONC 031.

EDMN 432: Montessori Spring Internship
Credits: 3 Letter Grade
A year’s internship taken in the student’s senior year which brings together the theory, practice and curriculum of Montessori Education. Corequisite: EDMN 433. Cross-listed: EDMN 632, MONC 032.

EDMN 433: Montessori Spring Seminar
Credits: 2 Letter Grade
Regularly scheduled biweekly seminars to correlate methods and student teaching run concurrently with the Internship for both fall and spring semesters. Seminar consists of bi-weekly meetings that discuss and evaluate observation and participation experiences of seminar students working in Montessori classrooms. Corequisite: EDMN 432. Cross-listed: EDMN 633, MONC 033.
EDP4 - PRE K-4 EDUCATION

EDP4 204: Early Education
Methods/Techniques
Credits: 3 Letter Grade
Focuses on the roles and practices of working with Pre-K-4 children and families. This course provides the building blocks for understanding effective instructional practices in PreK-4 classrooms with a framework for preparing pre-service teachers to support young children's oral language development and content understanding across content areas in PreK-4 classrooms. Emphasis is placed on PA Early Childhood Education Standards and PA Core Academic Standards.

EDP4 207: Reading Methods and Assessment
Credits: 3 Letter Grade
Establishes the foundations of early literacy development of children Pre-K - 4 with specific attention to the reading blocks of print concepts, phonological awareness, phonics, vocabulary, comprehension and fluency. Students explore reading research and methods with informational texts and multicultural literature. Emphasis is placed on using a Balanced Literacy Framework that scaffolds instruction through teacher read aloud, shared, guided, and independent reading. Lesson planning is linked to PA Core English Language Arts Standards for children Pre-K - 4.

EDP4 281: Special Topics in Education
Credits: 3 Letter Grade
Special topics in Education. Topics vary by semester. Course is repeatable for credit.

EDP4 301: Health and Safety Methods
Credits: 3 Letter Grade
Presents an analysis of the content, methods, and materials in the design and implementation of health and safety standards in PreK-4 education. Topics in this course include: child care health advocacy, quality in early care and education, preventive health care, cultural competence and health, preventing and managing infectious diseases in early learning and school age children, communication, problem solving, and professional development. Course assignments are aligned to PDE competency standards related to embedding health and safety instruction in PreK-4 classrooms.

EDP4 318: Family and Community Partners
Credits: 3 Letter Grade
Focuses on the roles and practices of working with Pre-K-4 children and families. This course provides the building blocks for understanding effective instructional practices in PreK-4 classrooms with a framework for preparing pre-service teachers to support young children's oral language development and content understanding across content areas in PreK-4 classrooms. Emphasis is placed on PA Early Childhood Education Standards and PA Core Academic Standards.

EDP4 316: Social Studies
Methods/Assessment
Credits: 3 Letter Grade
Addresses the needs of PreK-4 learners in understanding across content areas in language development and content understanding. There is an emphasis on the design and implementation of effective instructional practices in PreK-4 classrooms with a specific focus on engaging parents and assessing student learning for PreK-4 learners. Prerequisite: Formal Admission to the Education Department.

EDP4 317: Science Methods/Assessment
Credits: 3 Letter Grade
Addresses the analysis and application of methodology and instructional techniques in the content area of PreK-4 science. Developmental, constructive, and process skills approaches will be emphasized. Students will experience hands-on, inquiry based format with direct application for teaching PreK-4 science. This course provides an overview of the teaching techniques and materials used in contemporary elementary school science programs with a focus on inquiry skills and inductive and deductive reasoning through hands-on and minds-on investigations. This course includes the major strands of science including life science, physical science, earth and space science, and crosses curricula to integrate literacy learning, social sciences, and the arts. Students will develop age-appropriate lesson plans linked to PA Academic Standards/Anchors for Science, Technology, and Engineering as well as Environment and Ecology. Prerequisite: Formal Admission to the Education Department.

EDP4 321: Clinical Field Exp/Student Teaching
Credits: 9 Letter Grade
Clinical Field Experience IV /Student Teaching provides qualified students with a semester of practical teaching experience in a PreK-4 classroom. The student teacher will work under the guidance of a mentor teacher and the college supervisor. It is
expected that students will integrate and apply the knowledge, skills, and dispositions gained in Education courses to the design and implementation of effective instruction and assessment. Students will spend each day of the 14 week semester at the school site. Performance-based assignments in the Stage IV field experience are linked to PDE field competencies and evidenced in students' portfolio completion. Students must have current PA clearances to begin the student teaching experience. Corequisite: EDPS 421. Prerequisites: Completion of coursework in Education: approval of the Department: an overall GPA of 3.0 or higher is required.

EDPS 421: Clinical/Student Teaching Seminar
Credits: 3 Letter Grade
Gives students the opportunity to share teaching insights, concerns, and research with peers and supervisors. Students will synthesize theories learned with what is occurring in actual practice. Students will make critical judgments about theory application into practice. The Stage IV portfolio will be finalized and evaluated. Corequisite: EDPS 420. Prerequisites: Completion of coursework in Education; Approval of the Department: an overall GPA of 3.0 or higher is required.

EDPS 490: Independent Study in Education
Credits: 3 Letter Grade
An Independent Study provides a motivated student the opportunity to pursue research on a topic not covered in courses offered in a given department. Independent Studies are completed with a faculty member at the discretion of the faculty member. Independent Study courses are numbered 490 and are repeatable for credit. The selected instructor will assist with completing the Independent Study Registration Form available in the Office of the Registrar. All Independent Study courses require the permission of the Department Chair and the Dean of Undergraduate Studies. Independent study courses are subject to all tuition and fee schedules. Variable from 1.0 to 3.0 credits. Prerequisite: Formal Admission to the Education Department. Permission of the instructor is required.

EDSC – SECONDARY EDU

EDSC 315: General Methods in Secondary Ed
Credits: 3 Letter Grade
Provides secondary Education co-majors across disciplinary areas with foundational knowledge of applicable national standards, content-specific PA Academic and PA Core Standards, and secondary curricula. Issues related to inclusion, tracking, grading and adolescents' physical, emotional, and mental health issues are explored. Emphasis is placed on research-based pedagogical practices applicable to teaching and learning in diverse secondary classrooms. Reading and writing strategies for teaching secondary students are utilized in designing lessons that support literacy across the curriculum.

EDSC 317: 5p Methods/English/Field Exp IIIA
Credits: 3 Letter Grade
For secondary Education co-majors only. Teacher candidates will spend 75 hours actively engaged in a secondary English classroom with support from a mentor teacher and a college supervisor. Stage IIIA field experiences comprise a combination of individual tutorials, small group, and whole-class instruction and are aligned to PDE field competencies. Portfolios reflecting evidence of PDE field competencies are developed. Students apply the standards and goals of the National Council of Teachers of English as well as the PA Core English Language Arts Standards for grades 7 – 12 to lesson design and implementation. Weekly seminars address the four domains of effective teaching: Planning and Preparation, The Classroom Environment, Instruction, and Professional Responsibilities. An emphasis is placed on synthesizing theories learned with what is occurring in actual practice. Students are required to have current PA clearances on the first day of class. Prerequisite: Formal Admission to the Education Department.

EDSC 327: 5p Methods/Chemistry/Field Exp IIIA
Credits: 3 Letter Grade
For secondary Education co-majors only. Teacher candidates will spend 75 hours actively engaged in a secondary chemistry classroom with support from a mentor teacher and a college supervisor. Stage IIIA field experiences comprise a combination of individual tutorials, small group, and whole-class instruction and are aligned to PDE field competencies. Portfolios reflecting evidence of PDE field competencies are developed. Students apply the Next Generation Science Standards (NGSS), PA Academic Standards for Science, Technology, and Engineering Education and PA Core Standards for Reading and Writing for Science and Technical Subjects applicable to learners in grades 7 – 12 to lesson design and implementation. Weekly seminars address the four domains of effective teaching: Planning and Preparation, The Classroom Environment, Instruction, and Professional Responsibilities. An emphasis is placed on synthesizing theories learned with what is occurring in actual practice. Students are required to have current PA clearances on the first day of class. Prerequisite: Formal Admission to the Education Department.

EDSC 328: 5p Methods/For Lang/Field Exp IIIA
Credits: 3 Letter Grade
For secondary Education co-majors only. Teacher candidates will spend 75 hours actively engaged in a secondary world language classroom with support from a mentor teacher and a college supervisor. Stage IIIA field experiences comprise a combination of individual tutorials, small group, and whole-class instruction and are aligned to PDE field competencies. Portfolios reflecting evidence of PDE field competencies are developed. Students apply ACTFL's World Readiness Standards for Learning Languages and PA Core Academic Standards for reading, writing, speaking, listening, and language applicable to learners in grades 7 – 12 to lesson design and implementation. Weekly seminars address the four domains of
EDSC 329: Sp Methods/Math/Field Exp IIA
Credits: 3 Letter Grade
For secondary Education co-majors only. Teacher candidates will spend 75 hours actively engaged in a secondary mathematics classroom with support from a mentor teacher and a college supervisor. Stage IIA field experiences comprise a combination of individual tutorials, small group, and whole-class instruction and are aligned to PDE field competencies. Portfolios reflecting evidence of PDE field competencies are developed. Students apply the standards and goals of the National Council of Teachers of Mathematics and PA Core Mathematics Standards applicable to learners in grades 7-12 to lesson design and implementation. EDSC 421: Clinical/Student Teaching Seminar
Credits: 3 Letter Grade
Gives students the opportunity to share teaching insights, concerns, and research with peers and supervisors. Students must be able to synthesize theories learned with what is occurring in actual practice. Students will demonstrate the ability to make critical judgments about theory application into practice as well. The Stage IV portfolio will be finalized and evaluated. Corequisite: EDSC 420. Prerequisites: completion of coursework in Education; approval of the Department: an overall GPA of 3.0 or higher is required.

EDSP - SPECIAL EDUCATION

EDSP 215: Early Intervention/Children w/Disab
Credits: 3 Letter Grade
For students who are completing the PreK-4/PreK 8 Special Education Dual Program. Students are introduced to the characteristics of young children with disabilities, how to determine early diagnosis, and how to access appropriate services. Emphasis is placed on understanding how to gather and interpret assessment data in order to develop and implement an Individual Family Service Plan (IFSP). Community agencies that serve young children with disabilities will be explored.

EDSP 216: Transitions in Special Education
Credits: 3 Letter Grade
Addresses competencies for students who are working toward certification in Special Education PK – 12. Students are introduced to the characteristics of young children with disabilities, determination of early diagnosis, and how to access appropriate services. The family as a dynamic system is stressed. Emphasis is placed on understanding how to gather and interpret assessment data in order to develop and implement an Individual Family Service Plan (IFSP) and an Individualized Education Plan (IEP), including Transition Plans. Community agencies that serve individuals with disabilities, from birth through transition to adulthood will be explored.

EDSP 245: Assistive Tech/Std w/Disabilities
Credits: 3 Letter Grade
Introduces and provides experience with various computer-based and other assistive technologies for students with disabilities. The technologies such as electric wheelchairs, standing tables, adaptive battery and non-battery operated toys, to more sophisticated augmentative communication (voice synthesizers, communication boards, computerized communication devices), and infra red devices for computer and software access and use will be explored. In addition, students will examine federal entitlements that relate to the provision of specialized equipment and materials, the design of IEP and ITP goals related to instructional and/or assistive technology, local, state and/or community assistive technology resources, and the selection and use of various technologies for students with disabilities in inclusive and separate educational settings.

EDSP 327: Physical/Health/Comm Disabilities
Credits: 3 Letter Grade
Current research and practice regarding the needs of students with physical/health and communication disabilities, including visual and hearing deficits, are examined in this course. Methods for including these students in the regular classroom and examination of the range of differences and similarities of this student group provide content for the course, including the development of IFSPs, IEPs, and ITPs. Students develop lesson plans that either specify adaptations to existing curriculum or special curriculum needs, such as life skills. This course includes sensory aspects of disability across the lifespan. Prerequisite: EDUC 330. Cross-Listed with EDSP 527.

EDSP 340: Introduction to Special Education
Credits: 3 Letter Grade
Focuses on the foundation of special education and provides a comprehensive review of what has been called “Special Education.” Pre-service teachers will understand the history of special education, including how PreK-4 children and adolescents in grades 4-12 are assessed, labeled, and provided services under existing federal and state laws. Emphasis is placed on what constitutes general patterns of learning and behavior of children needing special services and intervention strategies both within an inclusive classroom setting and separate from the regular classroom. The course includes a focus on the way that cognitive, physical, social, and behavioral development affects the way that children acquire and process information. Course topics also include how past and present laws and litigation have influenced services for children with learning differences as well as how community, state, and federal programs interact to support schools and families of children with learning differences.

EDSP 347: Assessments/Instrv for all Learners
Credits: 3 Letter Grade
Prepares teacher candidates with the knowledge and skills to analyze and interpret multiple types of assessment data about student learning in order to adapt and modify instruction and curriculum in response to individual learner needs as well as to appropriately integrate technology. Students are introduced to developmental, sequenced approaches and research-based methodologies of curricular assessments. The teacher candidate will distinguish among the types of assessment and their purpose, develop evaluation reporting skills, and demonstrate the use of ethical practices. Emphasis will be placed on PA Academic Standards and Assessment Anchor Content Standards for grades PreK 4, 4 grades 4 & 8, and PA Academic Standards and Assessment Anchor Content Standards related to content areas in the secondary grades.

EDSP 355: Instr/Inclusive Env/Field Exp IIB
Credits: 3 Letter Grade
Teacher candidates spend 75 hours actively engaged in a fully inclusive classroom or a special education classroom. This field
edsp 362: teaching reading for all learners
credits: 3 letter grade
provides students with a foundation in the theory, pedagogies, methods, and assessments related to reading, writing and literacy instruction for all children including students with disabilities in inclusive and separate educational settings. literacy acquisition of both typical and atypical learners will be explored, including children who have learning differences and/or reading difficulties. focus includes evidence-based instructional practices in the area of literacy and reading skills acquisition.

EDSP 374: Educ Practices Stud w/Disabilities
Credits: 3 Letter Grade
Current research and practice regarding the needs of students across all 13 disability categories recognized by IDEA will be explored, including orthopedic and communication disabilities, sensory deficits, learning disabilities, attention deficit disorders and emotional/behavioral disorders. Methods for including these students in the regular classroom and examination of the range of differences and similarities of these student groups provide content for the course; including the development of IFSPs, IEPs, and Behavior Management plans. Students develop lesson plans that address adaptations to existing curriculum or special curriculum needs, such as life skills instruction.

EDSP 390: ELL Foundations and Methods
Credits: 3 Letter Grade
Students build the professional knowledge, skills, and dispositions for creating culturally responsive teaching and learning environments with PK-12 English Language Learners (ELLs) across disciplinary areas. Emphasis is placed on accounting for ELLs' differences in terms of cultural, linguistic, and educational backgrounds when designing, scaffolding, and differentiating instruction and assessments. A primary focus is on culturally responsive teaching (CRT) practices that honor ELLs' funds of knowledge and allow for the integration of social, instructional, and academic language development with learning standards-aligned content across grade levels and disciplinary areas. Lesson design is linked to PA/WIDA English Language Proficiency Standards and PA Core Academic Standards for reading, writing, listening, speaking, and language. Other key topics include major laws and policies related to educating ELLs and important considerations for distinguishing language learning from learning differences. Students will also explore communicating positively with culturally and linguistically diverse families, and community and online resources for school personnel, parents, and ELLs.

EDSP 420: Clinical Field Exp/Student Teaching
Credits: 9 Letter Grade
Clinical Field Experience IV /Student Teaching provides qualified students with a semester of practical teaching experience in an inclusive classroom K-4 or in a self-contained and a general education classroom K-4. The student teacher will work under the guidance of a mentor teacher and the college supervisor. It is expected that students will integrate and apply the knowledge, skills, and dispositions gained in Education courses to the design and implementation of effective instruction and assessment. Students will spend each day of the 14 week semester at the school site. Performance-based assignments in the Stage IV field experience are linked to PDE field competencies and evidenced in students' portfolio completion. Students must have current PA clearances to begin the student teaching experience. Corequisite: EDSP 421. Prerequisites: Completion of coursework in Education. Approval of the Department: an overall GPA of 3.0 or higher is required.

EDSP 421: Clinical/Student Teaching Seminar
Credits: 3 Letter Grade

Students will make critical judgements about theory application into practice. The Stage IV portfolio will be finalized and evaluated. Corequisite: EDSP 420. Prerequisites: Completion of coursework in Education. Approval of the Department: an overall GPA of 3.0 or higher is required.

EDUC – GENERAL EDUCATION

EDUC 201: Child & Adolescent Development FE 1
Credits: 3 Letter Grade
Presents future teachers with the study of child development into adolescence and young adulthood. Students will learn about all aspects of child and adolescent development: physical, emotional, social, cognitive, and cultural. The course goals, components, topics, and assignments are designed to promote pre-service teachers' awareness of and sensitivity to the many factors that influence individual development including identity development. The course presents theories of child and adolescent development. Particular emphasis is placed on the aspects of healthy psychological child development which are relevant in teaching and learning. Stage I field experiences are embedded in this course and are linked to PDE field competencies. Evidence of field competencies are demonstrated in unit and lesson planning, and reflected through initial portfolio development. Students must have current PA clearances on the first day of class.

Core: Social Sciences requirement.

EDUC 203: Foundations of Education (FE II)
Credits: 3 Letter Grade
This course is an introduction to the field of education with particular emphasis on providing students an overview of the functions of the educational profession. Historical and philosophical development of educational theory and practice in the United States will support the student in examining current issues in education. Issues affecting the role of the teacher, including school governance and finance, legal foundations, social influences, and educational reform will also be explored. The Stage II field experiences are aligned to PDE field competencies and are demonstrated in the continued development of a portfolio. Students are required to have current PA clearances on the first day of class.

EDUC 360: Educational Research and Analysis
(W) Credits: 3 Letter Grade
Education majors will analyze a variety of Education journal articles related to teaching and learning in the PreK-12 context. Article types include research based on quantitative, mixed methods, and qualitative methodologies. This writing intensive course focuses on CHC’s student learning outcomes for Written Communication and Information Literacy. Students will determine reliable and relevant research sources for exploring an Education-related topic of personal interest and work through the research and writing process to draft, revise, edit and finalize a coherent, well-synthesized research paper on the selected topic. Focus will be on American Psychological Association (APA) 6-style, appropriate for academic writing in the social sciences. IDHP Education students do not need this course. Prerequisite: ENGL 101

EDUC 481: Advanced Special Topics/Education
Credits: 3 Letter Grade
Repeatable for credit. Topic varies by semester. Prerequisite: Formal admission to the Education Department.

EDUC 490: Independent Study in Education
Credits: 3 Letter Grade
An Independent Study provides a motivated student with the opportunity to
pursue research on a topic not covered in courses offered in a given department. Independent Studies are completed with a faculty member at the discretion of the faculty member. Independent Study courses are numbered 490 and are repeatable for credit. The selected Instructor will assist with completing the Independent Study Registration Form available in the Office of the Registrar. All Independent Study courses require the permission of the Department Chair and the Dean of Undergraduate Studies. Independent study courses are subject to all tuition and fee schedules. Variable from 1.0 to 3.0 credits. Prerequisite: Formal Admission to the Education Department. Permission of the instructor is required.

**EDUC 498: Senior Seminar in Education**
Credits: 3 Letter Grade
In seminar format, students explore areas of current interest and research not included in structured courses. This course is designed to facilitate group discussions around educational research as well as to support independent research and develop a formal research paper. Students will present their research in a professional oral presentation as well as in the formal written paper. Senior Seminar is usually taken in either the fall or spring of the student’s senior year. Students register for this course upon approval of their Education advisor. Prerequisites: Formal Admission to the Education Department and completing of a Writing Intensive Course.

**ENGL – ENGLISH LITERATURE & WRITING**

**ENGL 100: Essay Writing**
Credits: 3 Letter Grade
Develops fundamental writing skills such as grammar, paragraph development, and organization. Students learn to see writing as a process that includes planning, drafting, revising, and editing. This course does not address research but does introduce students to incorporating outside voices into an essay (through quoting, paraphrasing and summarizing).

This course does not satisfy the core requirement in college writing. The credits earned for this course may be used as elective credits. Students who successfully complete this course with a C- or better register for ENGL 101: College Writing the following semester.

**ENGL 101: College Writing**
Credits: 3 Letter Grade
Teaches key research and communication skills. Students write multiple papers on the same topic, each time for a different purpose and a different audience in order to develop and deepen a topic and to write for different situations.

Students must earn a C- or better in ENGL 101. Education majors must earn a C- or better.

Prerequisite: LADS 120.

**ENGL 105: Advanced College Writing**
Credits: 3 Letter Grade
Students hone skills in academic writing, critical analysis, and research techniques common to all disciplines. This course fulfills the general education requirement in college writing. By instructor approval only.

**ENGL 106: Magazine Workshop**
Credits: 1 Pass/Fail
Provides students with hands-on experience in print publishing. Students plan layout and production, using the art/literary magazine, *The Grackle*, as the material and end product. This workshop covers editing (grammar and punctuation included), editorial decisions, ethical decision making, and layout and design choices. Offered spring semester only. ENGL 106 can count as a Media and Communication workshop and can be taken up to 3 times. Cross-listed with MCOM 106.

**ENGL 110: Research Review**
Credits: 1.5 Letter Grade
Reviews the fundamentals of the research process (locating and evaluating sources) and, primarily, integrating sources into one’s own writing (interpreting research; ethically summarizing, paraphrasing, and quoting sources; properly documenting sources). To engage in these processes, students will compile an annotated bibliography of reputable sources and will participate in peer workshops. Prerequisite: ENGL 101.

**ENGL 150: Introduction to Literature**

Hours must be completed under a certified exercise fitness professional or a licensed clinical professional. Graded Pass/Fail Only. Prerequisite: Department permission.

EXSC 402: Fitness & Wellness/Spl Populations
Credits: 3 Letter Grade
Designed to increase the understanding of practical application of exercise to special populations. Students will learn and apply knowledge on how to modify exercise for individuals and groups based on age, medical conditions, and special needs. Areas covered include: pregnancy, youth, elderly, obesity, diabetes, heart disease, and mentally challenged. Prerequisite: EXSC 305

EXSC 403: Foundations/Strength & Conditioning
Credits: 3 Letter Grade
Provides students a comprehensive overview of the principles of strength and conditioning for sport performance. Emphasis is placed on the exercise sciences (including anatomy, exercise physiology, and biomechanics), nutrition, exercise technique, program design, organization and administration, and testing and evaluation. Additionally, this course is designed to prepare students for the nationally accredited Certified Strength and Conditioning Specialist (CSCS) certification exam. Prerequisite: EXSC 302

EXSC 498: Senior Sem in Health & Exercise Sc.
Credits: 3 Letter Grade
Through inquiry and analysis students will explore the latest research in the field of exercise science. A closer look at the current literature and research methods will also be accomplished by having students complete their own research capstone projects. Topics such as professionalism in a clinical setting and professional development will also be discussed in this course. Prerequisite: EXSC 303

HIST 276: War and Cinema
(H) Credits: 3 Letter Grade
A study of the perspectives of modern warfare and its effects as seen through the lens of film. We will view some of the noteworthy films about war (both about the battlefield and the home front) and examine the political, social, and cultural views evident in each. This course will offer a means by which students can obtain an understanding of the cinematic view of war as it developed from the period of the First World War to the present. Core: History requirement.

HIST 278: History of Warfare
(H) Credits: 3 Letter Grade
Examines the history of war as well as military history and the interaction between society and military institutions, technology, and techniques. The course will study the inter-relationships of warfare, technology, and society in world history. It will also consider the transformation of military technology and how that has impacted upon the state and society. Conversely, the course will investigate how political and societal changes have influenced the nature of warfare in world history. Core: History requirement.

HIST 280: History of Native Americans
(H) Credits: 3 Letter Grade
Examines the history of Native Americans and their lethal encounters with European settlers beginning in the colonial era to expansion in early America and then present. It will consider whether or not the definition of genocide should be applied to our understanding of the Native American experience in the United States. Core: History requirement.

HIST 281: Special Topics in History
(H) Credits: 3 Letter Grade
Topics vary by semester. Core: History requirement. Repeatable for credit.

HIST 322: Genocide in the Modern World
(HW) Credits: 3 Letter Grade
Concentrates on the nature of genocide in the 20th century. Students examine the definition and meaning of genocide in the modern world, focusing on five case studies: Armenia (1915-23), the Nazi Holocaust (1933-45), Cambodia (1975-79), Rwanda (1994), and Bosnia (1992-95). It will look at the historical forces and trends at work leading to each genocide and its long-range impact on the victim population. Course is Writing Intensive. Core: History requirement. Prerequisite: ENGL-101. Officially verified Core-to-Core transfer students and IDHP participants do not have a prerequisite.

HIST 325: Women in Global Society
(H) Credits: 3 Letter Grade
Examines the condition and experience of women from both a global and an historical perspective. We will consider the “woman’s story” in terms of continuity and change and look at ways in which individual activists and organizations are working to achieve social and political equality for women, who, in many areas of the world, remain disenfranchised citizens and are treated as “minors” before the law. Core: History requirement.

HIST 330: Revolution, War & Peace:
(H) Credits: 3 Letter Grade
Focuses on the public role of women in terms of their activism in key events shaping their world from the French and American Revolutions to the present. The clash between society’s perceptions of women’s “proper sphere” and the reality of women’s experiences will be examined. Topics include collective action and the revolutionary crowd, war and women’s work, women in totalitarian societies, resistance and retribution, the Nazi Holocaust, pacifism and the Women’s International League for Peace and Freedom. Course is Writing Intensive. Core: History requirement. Prerequisite: ENGL-101. Officially verified Core-to-Core transfer students and IDHP participants do not have a prerequisite.

HIST 334: The American Presidency: A History
(H) Credits: 3 Letter Grade
Considers the evolving scope of the American presidency from the Constitutional Convention of 1787 to the present day. Stresses the growing power of the presidency, the shifting contours of presidential elections, and the lives of important presidents within the wider context of American and world history. Core: History requirement.

HIST 343: The Civil War and American Life
(H) Credits: 3 Letter Grade
Examines the great, tragic epic of American life, the Civil War of 1861-1865. Students examine the roots of the Civil War, the major issues of the conflict, life during the war (in the military as well as on the home front), the reasons for the northern victory and southern defeat, and the many important legacies of this seminal time in the nation’s history. Core: History requirement.

HIST 397: History Research Methods Seminar
Credits: 3 Letter Grade
An introduction to the historical method through research of both primary and secondary sources on a selected topic, and resulting in the writing of a paper with a clearly defined thesis. Open only to History majors with 45 or more earned academic credits.

HIST 401: Internship in History

Core: Social Sciences requirement. Cross-listed: SOCI 200.

HSVC 201: Social Inequality  
Credits: 3 Letter Grade  
Open to SOCI, CRJU, and HSVC majors and minors only. An examination of structured social inequality. Among the major forms discussed will be class-based, racial and ethnic, and gender inequalities. Course emphasizes basic tools available to social scientists for exploring the social world.

HSVC 219: Child Welfare  
Credits: 3 Letter Grade  
Intended to develop an understanding of the child welfare system, with special attention to its history in the United States, its policies, current societal problems and their impact on children and their families. The course prepares students to work in the child welfare and criminal justice fields of service with special attention given to foster care, adoption, residential care and the court system. Ethical issues will be addressed.

HSVC 250: Heart of the City/Human Services  
Credits: 3 Letter Grade  
This collaborative six-credit course – 3 credits in Human Services and 3 credits in Religious Studies - examines the human person and the human condition from the academic disciplines of sociology, human services and religion. Provides opportunities for first-hand experiences to enable the student to reflect more deeply on the human struggle for meaning, existence, and even survival. Through service learning the student is given a unique point for observing and sharing in the journey of life through the eyes, ears and hearts of those who find themselves on the fringe of life in the heart of the city. Must also register for RIST 250. Required minimum of 3 hours of service per week.

HSVC 257: Human Behavior and the Social Env  
Credits: 3 Letter Grade  
Explores human behavior in the social environment through the lens of a systems theory framework and practice. Students will assess and evaluate how individuals function within families, groups, organizations, institutions and communities during the key stages of the human lifespan. Developmental milestone and environmental issues will be explored. Particular attention will be given to human diversity and populations at risk through the use of vignettes and case examples.

HSVC 281: Special Topics in Human Services  
Credits: 3 Letter Grade  
An in-depth investigation of a topic chosen by the instructor. Subjects and possible prerequisites vary by semester. Repeatable for credit.

HSVC 302: Social Science Research Methods  
(W) Credits: 3 Letter Grade  
Focuses on the methods of scientific inquiry. Students are expected to build a capacity to interpret research and apply research findings to practical situations in their field of study, critically review other research, formulate and design an original scholarly research proposal, analyze and interpret data from research studies and understand the role of professional ethics in social research. Open only to Sociology, Human Services, and Criminal Justice majors. Course is Writing Intensive. Prerequisite: ENGL 101; Officially verified Core-to-Core transfer students and IDHP participants do not have a prerequisite.

HSVC 303: Human Services Fieldwork/Seminar I  
Credits: 3 Letter Grade  
Field placement for Human Services Majors at social welfare agencies, public interest groups, community health centers, programs for older adults or governmental organizations. Supervision by a field supervisor employed by the agency and a liaison from the College faculty. Open only to Human Services Majors with 34 or more earned credits. Course repeatable up to 6 credits. Prerequisite: HSVC 302. Students
may not complete their hours at their place of employment.

**HSVC 308: Theory/Pract of Counseling in HSVC**
Credits: 3 Letter Grade
Provides an introduction to and overview of the practice and profession of counseling. It will emphasize the counseling process, professional preparation, ethical and legal issues, assessment and diagnosis, counseling from a multicultural perspective, research and evaluation, major theories, as well as counseling with families, children and adolescents and groups. Approaches with families, married couples, and those working directly with the mentally ill are explored. Double majors who have taken PSYC 223 should not take this course. Prerequisite: PSYC 101.

**HSVC 315: Life After War: The New Mission**
Credits: 3 Letter Grade
Since October 2001, more than 2 million U.S. troops have been deployed to Iraq (Operation Iraq Freedom, 2001) and Afghanistan (Operation Enduring Freedom, 2008). Post deployment evidence suggests that there are major psychological, physiological, moral and spiritual wounds from combat related stress, multiple and prolonged deployments, war trauma and transitions back into civilian life. This course will explore the latest innovations in treating battlefield injuries including Post Trauma Stress, Traumatic Brain Injury and general combat stress and provide practical steps and resources for working with veterans and their family members.

**HSVC 322: Disability and Society/Se minar**
Credits: 3 Letter Grade
Designed for persons entering the fields of rehabilitation, education, social work, human services, psychology, and other fields requiring a greater understanding of disability-related issues. All Independent Study courses require the permission of the Department Chair and the Dean of Undergraduate Studies. Independent Study courses are subject to all tuition and fee schedules. Variable from 1.0 to 3.0 credits. Prerequisite: Permission of the Instructor required.

**HSVC 498: Senior Seminar in Human Services**
Credits: 3 Letter Grade
Each student will engage in independent research, and write a scholarly paper, and give a professional presentation to the department and college community. Topics are approved by the instructor and provide an opportunity to carefully examine a current issue in Human Services. The Senior Seminar is usually taken in either the Fall or Spring of the student’s Senior year. Students register for this course upon approval of the academic advisor. Prerequisites: HSVC 105, SOCI 201; and a Research Methods course.

**HUMN -- HUMANITIES**

**HUMN 300: Telling Your Story**
Credits: 1 Pass/Fail
Students need to hone a “best-self” story about who they are and what they have studied and accomplished during their years in college to share with employers, admissions committees, and others in their broader networks of professional contacts and mentors. This course will offer students the dedicated time and personal coaching needed to reflect on their own stories, to see the themes and through lines that make these stories coherent and compelling, and to practice sharing their “best-selves” with others in a variety of ways. Students will read about the power of personal narratives, research story-telling techniques, keep journals, write personal statements, and practice “pitching” themselves and their experiences to others.

**HUMN 301: Well-Being and Work**
Credits: 1 Pass/Fail
Examines well-being as it relates to work by focusing on the following kinds of questions. How might a person balance the need to make money with the need to find meaning in work? How important is money to happiness? How important is meaningful work to happiness? How much stress is a person’s working life is healthy and normal, and how much is not? What role do interpersonal skills play in people’s working lives? And how much do interpersonal skills matter for a happy work life? Finally, what is a healthy work-life balance, and to what extent can people achieve a healthy work-life balance in today’s world? In examining these kinds of questions, we will draw from different disciplines, including psychology, public health, and philosophy.

Prerequisite: IDHP-210.

IDHP 303: Material Imagination/Medieval Art I
(A) Credits: 3 Letter Grade
Recent scholarship on the cultural life and production of the Middle Ages employs the lens of "materiality" to explore the "significance of things" for medieval people. What do the crafted objects of their daily life—the cloth, the pilgrim's badge, the armor, the Domesday book, the moat of a castle—and the created expressions of their highest literary and artistic ideals—the tapestry, the Ellesmere Chaucer manuscript, the jewelry, the illuminated Book of Hours, the stained glass windows of a cathedral—tell us about medieval people and their worldviews? We will pay special attention to the manuscripts of this period both as physical objects themselves and as repositories for the highly-wrought poetry, tales, treatises, and dramas that imaginatively represent both the material world as their creators experienced it and the spiritual realities it revealed to them. Meets Core Literature/Art Requirement.

IDHP 304: Material Imagination/Medieval Art II

IDHP 305: Scrn Mmry: Storytelling/Spiritual I
(I) Credits: 3 Letter Grade
Explores the integral spirituality of the human condition through the power of story and cinema. What does it mean to shape and project our stories on screen? How does the cinema respond to our changing world through the matrix of seeing and being seen? Central questions include the power of cinema to frame and reframe histories and social memories, raising further questions about representation and identity, emergence and transformation, fragmentation and wholeness. Readings, screenings, and interactive exercises will serve as the primary source material for our exploration of these issues. (Communication/Religious Studies)

IDHP 306: Screen Mmry: Story/Spirituality II
Credits: 3 Letter Grade
Explores the integral spirituality of the human condition through the power of story and cinema. What does it mean to shape and project our stories on screen? How does the cinema respond to our changing world through the matrix of seeing and being seen? Central questions include the power of cinema to frame and reframe histories and social memories, raising further questions about representation and identity, emergence and transformation, fragmentation and wholeness. Readings, screenings, and interactive exercises will serve as the primary source material for our exploration of these issues. (Communication/Religious Studies)

IDHP 326: Emergence of the Hero I
(S) Credits: 3 Letter Grade
This course uses the hero’s search for personal excellence (eudemonia) as a conduit for the study of modern works of fantasy/science fiction by tracing an arc from universal principles to specific individual identity. At base, this course asks the question of “what is truth?” from both the scientific and religious perspectives. While exploring works of fiction, students will be challenged to analyze the philosophical and religious foundations established in the novels/films and analyze their own personal responses to the ideas presented. The course also explores the competition between science and religion for the interpretation of human meaning and purpose. The course intends to awaken students to a subjective and spontaneous discovery of their own concern for reflective moral integrity. It also intends to inspire students to an acknowledgement and acceptance of their own heroic call to individual and fulfilling excellence. This course requires students to read Tolkien’s Lord of the Rings and Rowling’s complete Harry Potter Series. (Philosophy/Natural Science)

IDHP 327: Emergence of the Hero II (5) Credits: 3 Letter Grade

IDHP 490: Independent Study in IDHP
Credits: 3 Letter Grade
An Independent Study provides a motivated student with the opportunity to pursue research on a topic not covered in courses offered in a given department. Independent Studies are completed with a faculty member at the discretion of the faculty member. Independent Study courses are numbered 490 and are repeatable for credit. The selected Instructor will assist with completing the Independent Study Registration Form available in the Office of the Registrar. All Independent Study courses require the permission of the Department Chair and the Dean of Undergraduate Studies. Independent Study courses are subject to all tuition and fee schedules. Variable from .5 to 4.0 credits. Prerequisite: Permission of the Instructor required.

ITAL – ITALIAN
ITAL 101: Elementary Italian I
Credits: 3 Letter Grade
Introduction to the Italian language for students with little or no previous experience. Focuses on the four skills of reading, writing, speaking, and understanding and the World Readiness Standards for Language Learning and incorporates the ACTFL proficiency guidelines. Includes audio-visual materials and Internet resources.

ITAL 102: Elementary Italian II
Credits: 3 Letter Grade
Continues the basics of the Italian language for students with at least one semester of preparation or the equivalent. It focuses on the four skills of reading, writing, speaking, and understanding and the World Readiness Standards for Language Learning. It also incorporates the ACTFL proficiency guidelines and includes audio-visual materials and internet resources.

ITAL 103: Intermediate Italian I
Credits: 3 Letter Grade
A continuation of the basics of Italian for students with some experience in the language, along with the development of more advanced reading, writing, speaking and listening skills. Focuses on the World Readiness Standards for Language Learning and incorporates the ACTFL proficiency guidelines. Includes audio-visual materials and Internet resources.

ITAL 214: Introductory Italian Culture/Language I
Credits: 3 Letter Grade
Completes the basic structures of the Italian language. It will also address cultural issues and introduce the student to literary works. It prepares the student to enter more advanced courses, and aims for proficiency at the intermediate level. It incorporates the World Readiness Standards for Learning Languages and the ACTFL Proficiency Guidelines.

LADS – LIBERAL ARTS
LADS 120: Liberal Arts Discovery Seminar
Credits: 4 Letter Grade
The first writing course that all students take in their first semester. It also serves as an introduction to the various disciplines within the Liberal Arts tradition as well as an opportunity to strengthen college level learning skills. Students will read and analyze important texts, participate in discussions, listen to and engage each other in discussions about ideas that have shaped our world as a preparation for the rest of their academic experiences. Assignments will emphasize the development of critical thinking, reading and writing skills.

LATN – LATIN
LATN 101: Elementary Latin I
Credits: 3 Letter Grade
Students master Latin vocabulary and the fundamentals of grammar and syntax. They become aware of the impact of Roman heritage in literature, art, architecture, and law.

LATN 102: Elementary Latin II
Credits: 3 Letter Grade
Students continue to expand mastery of Latin vocabulary and grammar and the comprehension of the language by listening, speaking, reading, and writing. Excerpts from the works of Roman authors acquaint students with the life and customs of the Roman people.

LATN 103: Intermediate Latin Culture/Language I
Credits: 3 Letter Grade
After a brief review of the basics, students pursue advanced Latin grammar, syntax, and etymology. Students expand their knowledge of Roman literature, history, and culture through the writings of Roman authors.

LATN 214: Intermediate Latin Culture/Language II
Credits: 3 Letter Grade
Students become familiar with a wide variety of Latin literature via original works
and adaptations of the writings of famous Roman authors. Topics regarding Roman civilization and culture and their influence on Western civilization are discussed.

LATN 281: Special Topics in Latin
Credits: 3 Letter Grade
Study of a specific period or topic in Latin literature arranged with a view to student interest. Repeatable for credit. Topic varies by semester.

LATN 481: Advanced Special Topics in Latin
Credits: 3 Letter Grade
An intensive study of a specific period or topic in Latin literature arranged with a view to student interest. Repeatable for credit.

**LEGL – LEGAL STUDIES**

LEGL 101: Intro/Law, Legal Studies & Ethics
Credits: 3 Letter Grade
Introduction to legal ethics, legal careers and the development of legal analytical skills through reading court opinions, U.S. Constitutional provisions and statutes. Cultivation of a legal mentor.

LEGL 102: Legal Research
Credits: 3 Letter Grade
Introduction to the formulation of legal research queries, developing legal research plans and conducting and updating researching using statutes, regulations, and case law.

LEGL 103: Civil Litigation
Credits: 3 Letter Grade
Introduction to jurisdiction, civil litigation process, client interviewing and drafting of legal documents including consideration of relevant legal ethics considerations.

LEGL 104: Practical Legal Office/Career Skills
Credits: 3 Letter Grade
Consideration of legal employment environments, structures, practices and organization and the refinement of effective paralegal skills.

LEGL 201: Legal Technology
Credits: 3 Letter Grade
Hands-on training in legal platforms that offer time-keeping, litigation management and litigation support; introduction to e-discovery and consideration of related legal ethics.

LEGL 203: Legal Research
Credits: 3 Letter Grade
Development of research issues, application of precedent and updating of legal authorities and reporting on legal research. Learn how to utilize legal database.

LEGL 281: Special Topics in Legal Studies
Credits: 3 Letter Grade
Topics vary by semester. Repeatable for credit.

LEGL 301: Trial and Advocacy Practice
Credits: 3 Letter Grade
The nuts and bolts of preparing for trial including drafting of selected pre-trial documents and demonstration of oral advocacy skills. Introduction to the rules of evidence. Prerequisite: LEGL 103 or permission of Program Coordinator.

LEGL 302: Legal Service and Society
Credits: 3 Letter Grade
Students will perform legal service and through a weekly seminar reflect on the meaning of legal service and its relation to the legal system and the effectuation of effective systems change in the legal system.

LEGL 303: Pract Paralegal Skls & Law Off Mgmt
Credits: 3 Letter Grade
Consideration of legal employment environments, structures, practices and organization and the refinement of effective paralegal skills.

LEGL 401: Internship/Law & Legal Studies
Credits: 3 Pass/Fail
Student will perform an internship where skills acquired in the program are put to use in a professional environment. Students must complete a reflection paper including a consideration of legal ethics in the professional legal environment. Open to students with Junior or Senior status only. Students must have a GPA of at least 2.5.

LEGL 498: Senior Seminar/Law & Legal Studies
Credits: 3 Letter Grade
Students will perform in-depth exploration and analysis of an approved issue in law. Each student will engage in independent research, write a scholarly paper, and give a professional oral presentation to the program and the college community. The Senior Seminar is usually taken in either the Fall or Spring of the student's Senior year.

**MATH – MATHEMATICS**

MATH 103: Integrated Arithmetic/Basic Algebra
Credits: 3.5 Letter Grade
A fundamental course in basic mathematical skills, designed for students who are, for any reason, inadequately prepared for college level mathematics. Includes a study of the real number system and basic concepts of algebra. This course may be required as a result of the Mathematics Placement Exam. The course meets 3.5 hours a week.

MATH 111: Understanding/Quantitative World
Credits: 3 Letter Grade
An approach to quantitative literacy in the 21st century. Intended to help students become comfortable using and interpreting mathematics outside the classroom. A variety of topics is approached from the perspective of mathematical modeling. Students who earn a grade of C- or better fulfill the Core Mathematics requirement. Not intended for students whose major requires additional mathematics, since it does not fulfill the Prerequisite for MATH 201, 203, 211, 227, and other 200-level courses. Education majors placed in this course may take MATH 225. Prerequisite: Grade of C- or better in MATH 103 or Math Placement Level 3.

MATH 121: Precalculus I
Credits: 3 Letter Grade
First course in a two-course review and development of topics needed for the further study of mathematics, including calculus and mathematics for management. Includes algebraic operations, equations and inequalities, algebraic functions, analytic geometry and graphing. Topics from Developmental Mathematics are presented as they relate directly to precalculus topics. Registration is by placement only. Students who earn a grade of C- or better in MATH 117 fulfill the core mathematics requirement for graduation.

MATH 122: Precalculus II
Credits: 3 Letter Grade
Second course in a two-course review and development of topics needed for the further study of mathematics, including calculus and mathematics for management. Includes functions and inverse functions, exponential, logarithmic and trigonometric functions, analytic geometry and graphing. MATH 121 is not open to students who have successfully completed a mathematics course beyond the 103 level or whose mathematics proficiency level is I. Students who earn a grade of C- or better fulfill the Core Mathematics requirement. Students who successfully complete MATH 121 and who are planning a major in business or science are advised to take MATH 122 before enrolling in mathematics courses required for their major. Prerequisite: Grade of D or better in MATH 103 or Math Placement Level 3.

MATH 211: Math for Mgmt I/Finite Mathematics
Credits: 3 Letter Grade
A study of functions and modeling, including polynomial, rational, exponential and logarithmic functions; mathematics of finance; linear systems and matrices, linear programming. Emphasis on applications to business, management, and the life
interested in an introductory statistics
taken by other students who need or are
MATH confidence intervals, hypothesis testing.
include summarizing data, elements of
MATH 212 and MATH 204.
Credit may not be given for both MATH
MATH 211 concepts of calculus. Prerequisite: MATH
Uses technology to reinforce the basic
indeterminate forms, Taylor's Formula.
integration, improper integrals,
MATH 202.
Credit may not be given for more than one of MATH
Math Placement Level 1 or 2. Credit will not be given for more than one of MATH 202, MATH 211, or MATH 203.
MATH 203: Analytic Geometry and
Credits: 3 Letter Grade
Elements of analytic geometry, functions, limits, differentiation, applications of the
derivative. Prerequisite: Math Placement level 1 or 2, or successful completion of
MATH 122. Credit will not be given for more than one of MATH 202, MATH 211, or MATH 203.
MATH 204: Analytic Geometry and
Credits: 3 Letter Grade
Integration, applications of the integral, integration of exponential, logarithmic,
trigonometric and inverse trigonometric functions, methods of integration.
Prerequisite: MATH 211 or MATH 203 or MATH 202 with permission of the
Department Chair. Credit may not be given for both MATH 204 and MATH 212.
MATH 211: Calculus and Modern
Analysis I
Credits: 3 Letter Grade
Functions, differentiation, applications of the derivative, Fundamental Theorem of the Calculus, integration. Uses technology to reinforce the basic concepts of calculus. Students will not receive credit for more than one of MATH 211, MATH 202, or MATH 203. Prerequisite: Math Placement Score of 1, or permission of the Instructor/Department Chair.
MATH 212: Calculus and Modern
Analysis II
Credits: 3 Letter Grade
Applications of the integral, integration of transcendental functions, methods of integration, improper integrals, indeterminate forms, Taylor's Formula. Uses technology to reinforce the basic concepts of calculus. Prerequisite: MATH 211 or permission of the Department Chair. Credit may not be given for both MATH 212 and MATH 204.
MATH 227: Intro to Probability and
Statistics
Credits: 3 Letter Grade
Provides an overview of descriptive and inferential statistics with applications to business and other areas of study. Topics include summarizing data, elements of probability, discrete and continuous distributions, sampling, linear regression, confidence intervals, hypothesis testing. MATH 227 serves as the required statistics course for business majors, and may also be taken by other students who need or are interested in an introductory statistics course. Credit may not be given for both MATH 227 and MATH 262. Prerequisite: Math Placement Level 1 or 2.
MATH 231: Basic Math
Theory/Applications I
Credits: 3 Letter Grade
A development of basic mathematical concepts and skills needed by students in education and related fields. Emphasis on mathematical reasoning, problem solving, and connecting mathematics, its ideas, and its applications. Topics include: real number system, sets and logic, patterns, relations and functions, elementary number theory. Emphasis on communicating mathematics effectively. Prerequisite: Math Placement Level 1 or 2.
MATH 232: Basic Math
Theory/Applications II
Credits: 3 Letter Grade
A second course in the development of basic mathematical concepts and skills needed by students in education and related fields. Emphasis on mathematical reasoning, problem solving, and connecting mathematics, its ideas, and its applications. Topics include: field properties of the real numbers, patterns, relations and functions, geometry, measurement, probability and statistics. Prerequisites: A grade of C or better in MATH 231 or MATH 215, or permission of the Department Chair.
MATH 233: Basic Math
Theory/Applications III
Credits: 3 Letter Grade
Third course in the development of basic mathematical concepts and skills needed by students in education and related fields. Emphasis on mathematical reasoning, problem solving, and connecting mathematics, its ideas, and its applications. Topics taken from geometry, algebra, trigonometry, and discrete mathematics. Includes use of technology where appropriate. Prerequisite: grade of C or better in MATH 232, or permission of the Department Chair.
MATH 251: Calculus and Linear Algebra
Credits: 3 Letter Grade
Systems of linear equations, matrices and determinants, vectors in 2-space and 3-space, vector spaces, linear transformations, eigenvalues and eigenvectors. Prerequisite: MATH 204, or MATH 212, or permission of the Department Chair.
MATH 252: Calculus and Modern
Analysis III
Credits: 3 Letter Grade
Infinite series, plane curves, parametric equations, vectors and the geometry of space, differential calculus of functions of several variables and applications, multiple integration with applications. Prerequisite: MATH 204 or MATH 212.
MATH 261: Discrete Methods in
Mathematics
Credits: 3 Letter Grade
Introduction to basic techniques and modes of reasoning of combinatorial problem solving. Topics chosen from logic, graph theory and combinatorics: graphs as models, trees, graph coloring, Eulerian and Hamiltonian circuits, elementary counting principles, permutations and combinations, inclusion/exclusion principle, recurrence relations. Prerequisite: MATH 212, 204, or 202 or permission of the Department Chair.
MATH 262: Probability and Statistics
Credits: 3 Letter Grade
Organizing and describing data, general probability theory, standard distributions, significance tests, confidence intervals, regression, and correlation. Statistical analyses will be conducted using Excel. Credit may not be given for both MATH 227 and MATH 262. Prerequisite: MATH 204 or MATH 212, or permission of the Department Chair.
MATH 272: Number Theory With
Applications
Credits: 3 Letter Grade
Introduction to a variety of topics and applications in number theory, such as
calendar computations, congruences, Diophantine equations and the RSA
algorithm in cryptography. Prerequisites: MATH 212 or MATH 204, or with
permission of the Department Chair.
MATH 273: Advanced Probability and
Statistics
Credits: 3 Letter Grade
Topics include probability theory, discrete and continuous random variables and
distributions, conditional distributions, bivariate distributions, regressions, and
advanced statistical tests. Statistical analyses will be conducted using R.
Prerequisites: MATH 227 or MATH 262.
MATH 281: Special Topics in
Mathematics
Credits: 1 Letter Grade
An in-depth investigation of a particular area of mathematics. Requires permission of the Department Chair since the topic and its Prerequisites may vary. Repeatable for credit.
MATH 305: Abstract Algebra I
Credits: 3 Letter Grade
Introduction to an axiomatic treatment of mathematics, including proofs, and to
algebraic structures. Topics include sets and mappings; binary operations;
congruence classes and equivalence relations. Group Theory topics include
permutation groups; normal subgroups; quotient groups; homomorphisms.
Prerequisite: MATH 251, or permission of the Department Chair.
MATH 306: Abstract Algebra II
Credits: 3 Letter Grade
A continuation of the study of algebraic structures. Ring Theory is introduced.
Topics include ideals, homomorphisms, integral domains, polynomial rings; fields; and selected applications. Prerequisite: MATH 305.
MATH 307: Differential Equations
Credits: 3 Letter Grade
Theory and methods of solving first order, first degree differential equations, linear
differential equations, equations of higher degree; selection from Laplace
transformations, systems of equations,
series solutions. Applications of differential equations. Prerequisite: MATH 204 or MATH 212.

**MATH 321: Real Analysis**
Credits: 3 Letter Grade
Sets and functions, topological terminology, sequences, continuity and its implications, differentiation, integration, series and uniform convergence, selected topics. Prerequisite: MATH 252, or permission of the Department Chair.

**MATH 331: Mathematical Modeling**
Credits: 3 Letter Grade
Major techniques in developing basic models. Creative and empirical model construction, model analysis, and model research. These are studied by examples as well as by experiential projects incorporating the modeling process. Prerequisites: MATH 202, MATH 204 or MATH 212.

**MATH 341: Introduction to Operations Research**
Credits: 3 Letter Grade
Basics of operations research: applied linear programming, the simplex method, the dual problem and postoptimality analysis, the transportation and assignment problems. Prerequisite: MATH 251.

**MATH 342: Fundamentals of Geometry**
Credits: 3 Letter Grade
The study of axiomatic systems, Euclidean, non-Euclidean and transformation geometries. Required for Secondary Certification. Prerequisite: MATH 204 or MATH 212, or permission of the Department Chair.

**MATH 401: Internship in Mathematics**
Credits: 3 Pass/Fail
Variable credit 1.0 to 3.0. Graded Pass/Fail only. Repeatable for credit. Permission of instructor/department required. Fullfills Career Connections requirement for graduation.

**MATH 481: Adv Special Topics in Mathematics**
Credits: 3 Letter Grade
An in depth investigation of a particular area of mathematics. Requires permission of the Department Chair, since the topic and its prerequisites may vary. Repeatable for credit.

**MATH 490: Independent Study in Mathematics**
Credits: 3 Letter Grade
An Independent Study provides a motivated student with the opportunity to pursue research on a topic not covered in courses offered in a given department. Independent Studies are completed with a faculty member at the discretion of the faculty member. Independent Study courses are numbered 490 and are repeatable for credit. The selected Instructor will assist with completing the Independent Study Registration Form available in the Office of the Registrar. All Independent Study courses require the permission of the Department Chair and the Dean of Undergraduate Studies. Independent Study courses are subject to all tuition and fee schedules. Variable from 1.0 to 3.0 credits. Prerequisite: Permission of the Instructor required.

**MATH 497: Modern Mathematical Theory**
(W) Credits: 3 Letter Grade
A seminar designed to help students gain a broad context for understanding mathematics through the study of its history and selected topics, e.g., cryptography, fractals, and famous problems. Focus on writing includes the solution of problems and proofs as well as descriptive writing. Course is Writing Intensive and fulfills graduation requirement in career preparation and public speaking. Prerequisite: MATH 305 and ENGL 101. Officially verified Core-to-Core transfer students and IDHP participants do not have a writing prerequisite.

**MATH 498: Senior Seminar in Mathematics**
Credits: 3 Letter Grade
A capstone seminar in selected topics such as cardinal numbers and ordering of infinite sets, axiomatic systems, symbolic logic, number theory, others according to interests of students. Mathematics majors complete and present a research project in mathematics. Mathematics and computer science majors complete and present a research project that incorporates mathematics and computer science. The Senior Seminar is usually taken in either the Fall or Spring of the student’s Senior year. Students register for this course upon approval of the Faculty Advisor. Prerequisite: MATH 497.

**MCOM – MEDIA AND COMMUNICATION**

**MCOM 100: Intro to Media & Communication**
Credits: 3 Letter Grade
Students are introduced to the foundational concepts that explain how media and communication shape our perspective of ourselves, others, and the world. Students will explore factors that enhance and inhibit effective communication in a variety of settings. Communication principles will be covered, as well as how to apply the principles within various media industries and storytelling, enhancing students understanding of storytelling and media relations.

**MCOM 102: The Griffin Production Workshop**
Credits: 1 Pass/Fail
This workshop involves participation in The Griffin, the student news publication. Students will have staff positions and will make regular contributions to The Griffin. The workshop meeting time will serve as a staff meeting and a time for trainings and discussions. Students will work collaboratively in small teams to identify clients, pitch ideas, build campaigns, and deliver final products. Students who are new to media production will learn basic skills in the field. Students with experience will have leadership positions. Repeatable up to 3 credits. Prerequisite: ENGL 101 or instructor permission. MCOM 102 strongly recommended.

**MCOM 104: Griffin Public Relations Production Workshop**
Credits: 1 Pass/Fail
This workshop involves participation in the staff of Griffin PR, the student public relations outlet. Students will have staff positions and will make regular contributions to campaign content. The workshop meeting time will serve as a staff meeting and a time for trainings and discussions. Students will work collaboratively in small teams to identify clients, pitch ideas, build campaigns, and deliver final products. Students who are new to public relations will learn basic skills in the field. Students with experience will have leadership positions. Repeatable up to 3 credits. Prerequisite: ENGL 101 or instructor permission. MCOM 120 strongly recommended.

**MCOM 106: Magazine Workshop**
Credits: 1 Pass/Fail
Provides students with hands on experience in print publishing. Takes students through the process of planning, layout and production, using the art/ literary magazine, The Grackle, as the material and end product. Covers editing (grammar and punctuation included), editorial decisions, ethical decision making, and layout and design choices. Readings each week on these topics and examination of other publications. Offered spring semester only. Can count as a Media & Communication workshop. Required for Grackle staff. Repeatable up to 3 credits.

**MCOM 120: Introduction to Media Arts**
Credits: 3 Letter Grade
This course examines the visual and media arts through a theoretical, aesthetic and practical framework. Students explore the history, theory and practice of image making, sound production, and new technologies through collaborative and individual projects, readings, interactive exercises and written assignments. Students will develop critical thinking and visual literacy proficiency through
MCOM 150: Media & Society
Credits: 3 Letter Grade
This course surveys the development of media technologies, media industries, and media practices in the U.S. Provides a historical context for understanding ongoing developments in digital media. Considers the way society shapes media and what that reveals about the society, as well as the power of media in society.

MCOM 160: Public Speaking
Credits: 3 Letter Grade
This course focuses on the practical skill of public speaking, including how to research, analyze, organize and select appropriate subject matter, techniques to lessen speaker anxiety, and the use of visual aids to enhance speaker presentations. Students will develop effective presentational skills, critical thinking and astute listening. Explores the psychology of audience response and appeal. Students develop skills in using visual and digital presentation software. Fulfills the Public Speaking Core Curriculum Requirement for graduation.

MCOM 170: Interpersonal Communication
Credits: 3 Letter Grade
Examines the theory and research behind interpersonal communication. Studies how people generate meaning in interpersonal transactions through the use of language, space, gesture, and time. Explores communication processes in dyads, small groups, and teams, and in organizational settings. Teaches skills to improve students' communication competence in both personal and professional environments.

MCOM 200: Writing for Digital Media (W)
Credits: 3 Letter Grade
Introduces the form and style of writing in three contexts: conveying information, storytelling, and cultural analysis. Students develop basic writing skills that are important to media fields such as journalism, public relations, film, podcasting, and media criticism. The course will focus on the writing process, including conception, research, organization, initial draft, and revising. Students will also read and analyze examples of published digital writing. Prerequisite: ENGL 101. Cross-listed: MKTG 200.

MCOM 202: Advanced Newspaper Prod Workshop
Credits: 3 Pass/Fail
This 3-credit version of the workshop involves greater participation in The Griffin, the student news publication. Students will have leadership positions and will make and oversee regular contributions to The Griffin. The Advanced workshop will meet at the same time as the regular Workshop, and will serve as a staff meeting and a time for trainings and discussions. Prerequisite: MCOM 102 & MCOM 240, or instructor permission.

MCOM 203: Advanced Media Production Workshop
Credits: 3 Pass/Fail
This 3-credit version of the workshop involves greater participation in Griffin Media, the student multimedia production outlet. Students will have leadership positions and will make and oversee regular contributions to Griffin Media. The Advanced workshop will meet at the same time as the regular Workshop, and will serve as a staff meeting and a time for trainings and discussions. Prerequisite: MCOM 103 & MCOM 220, or instructor permission.

MCOM 204: Advanced Griffin Public Relations Production Workshop
Credits: 3 Pass/Fail
This 3-credit version of the workshop involves greater participation in Griffin PR, the student run public relations outlet. Students will have leadership positions and will make and oversee regular contributions to Griffin PR. The Advanced workshop will meet at the same time as the regular Workshop, and will serve as a staff meeting and a time for trainings and discussions. Prerequisite: MCOM 104 and MCOM 262, or instructor permission.

MCOM 215: Media Ethics (E)
Credits: 3 Letter Grade
The course introduces key ethical frameworks and codes of ethics to address the distinct ethical problems, practices, and norms of digital media. Topics include social media, online journalism, digital privacy and surveillance, file sharing, and artificial intelligence. This course involves case studies, discussion, and deliberation, as well as reading and listening to fundamentals of ethical thought. Moral philosophy is a basis for the exploration of issues.

MCOM 220: Multimedia Production
Credits: 3 Letter Grade
This course serves as an introduction to the world of digital media production. Students explore The Adobe Creative Cloud suite of applications and learn how to construct visual portfolios (eg, images, web sites, interactive materials), audio pieces, and videos. Students learn independently and collaboratively on digital projects. Skills across multimedia production will serve students in a variety of settings, including the broadcast, corporate, educational, and the nonprofit field. Prerequisite: MCOM 120 or instructor permission.

MCOM 221: Videography
Credits: 3 Letter Grade
A basic "hands on" introduction to video production, with emphasis on learning how to use the camera and related equipment, developing visual stories, writing a treatment and pre-production organizing and planning. Students will focus on understanding light, becoming familiar with production terms and equipment, improving shot design, planning for camera movement and placement, "shooting to edit" and harnessing the power of sound. Various aesthetic as well as ethical concerns are covered. Prerequisite: MCOM 120 or instructor permission.

MCOM 222: Video Editing
Credits: 3 Letter Grade
This course combines theory with practice by introducing students to the history of film editing, practical editing techniques, traditions and conventions, as well as a basic overview of HD (high-definition) post production workflow. Lectures, in-class exercises, projects and homework assignments provide a framework for understanding fundamental language and visual grammar, the fundamentals of shot sequencing, narrative structure, edit progression and digital post production technique in Adobe Premiere Pro. In addition to basic narrative structure, other modes of filmmaking will be explored including documentary, experimental and commercial video editing. The skills and techniques learned in this course are invaluable across diverse media platforms and communication industries. MCOM 120 strongly recommended.

MCOM 223: Audio Production
Credits: 3 Letter Grade
The skills and techniques learned in this course will have direct application to audio needs in many industries: radio and television broadcasting, movies, music, and the web. Teaches students to prepare and write a script for recording, record sounds correctly, edit digital audio information, and create exciting audio environments. Students learn to manipulate sounds - narration, music, and sound effects - to create dynamic productions. MCOM 120 strongly recommended.

MCOM 224: Digital Photography
Credits: 3 Letter Grade
This class is designed to give students the basic creative skills, techniques and knowledge needed to produce compelling digital images. Students will develop an understanding of the elements of a compelling photograph, critically look at photography in an objective manner, gain proficiency with a digital camera and photo editing programs, and build a digital portfolio of work.

MCOM 227: TV Production
Credits: 3 Letter Grade
Students learn to work collaboratively in small teams to write, shoot, narrate, edit and broadcast a complete spot or story in a subject of their choice in the TV studio. Skills include keying for green screen compositing, and conventions of multicamera shooting for episodic TV and talk show formats. Students learn the basics of fundamental interview, camera and audio skills necessary to create original shows. MCOM 120 strongly recommended.

MCOM 228: Screenwriting
Credits: 3 Letter Grade
Introduces students to the conventions and essential elements of writing clear, concise, and dynamic short scripts for film and video productions. Through writing exercises, close readings and scene analysis, students will learn to format their scripts to write realistic dialogue, visually
compelling scenes, and narrative arcs. The course focuses on peer collaboration workshops, providing communication skills for successful team-building. Course is Writing Intensive. Prerequisite: ENGL-101. Officially verified Core to Core transfer students and IDHP participants do not have a prerequisite.

MCOM 230: Media Literacy
Credits: 3 Letter Grade
This is a course about developing the ability to critically analyze media power. The course is designed to enable students to develop a deeper understanding of the forces that shape our media environment and to share that understanding with the public. Students will examine media through frameworks that accounts for historical, cultural, political and pragmatic contexts, and learn to critically analyze media. Through a critical analysis of media power, students will also gain an understanding of media that will enable them to become more conscious and intentional media users.

MCOM 231: American Cinema
(A) Credits: 3 Letter Grade
Traces the historical foundations of film production and progresses to current trends. An overview of film history, narrative, genre, aesthetics and production guidelines will be covered. Students register for this course upon approval of the academic advisor. Prerequisite: A Writing Intensive course.

MUVO – VOCAL PERFORMANCE

MUVO 201: Diction I
Credits: 1 Letter Grade
Introduces and develops skills for the achievement of lyric diction in English. The International Phonetic Alphabet (IPA) is the standard tool for correct pronunciation in all languages and is the basis of study for this course.

MUVO 202: Diction II
Credits: 1 Letter Grade
Introduces vocalists to the International Phonetic Alphabet and helps students develop proper technique in pronunciation of text for singing. This level of the course will focus on diction of foreign languages including Italian, Latin, German and French. Prerequisite: MUVO 201.

MUVO 211: Vocal Pedagogy
Credits: 1 Letter Grade
Introduces students to various methods in teaching private voice lessons. It is designed as a methods course for students in the Bachelor of Music Vocal Performance program.

MUVO 221: Vocal Literature
Credits: 1 Letter Grade
A survey of operatic solo works for all voice classifications from all major historical eras (Renaissance to the present). Emphasis will be placed on style, interpretation, historical context and poetry.

PHIL – PHILOSOPHY

PHIL 108: Introduction to Philosophy
Credits: 3 Letter Grade
A study of various ways in which philosophers structure their views of the experienced world. Emphasizes historical context, critical analysis, the nature of philosophical thinking, and the relation between philosophy and other aspects of culture.
PHIL 109: Philosophical Thinking
Credits: 3 Letter Grade
Introduces the student to the study of reasoning, emphasizing the structure of arguments. It is a basic introductory course that explores Philosophy as a human activity. It focuses upon the processes used by philosophers as they examine questions such as: What is reason? What is real? What ought we to do? Is there a God? Students not only experience major philosophers at work on human issues, but also participate in the activity by developing their own skills for creative thinking, rational agreement and responsible judgment. The course is designed to help students develop analytical skills for understanding how arguments work, how they are structured, and how they are to be evaluated. This course will also help students develop composition skills for constructing arguments and defending claims which will help develop and enhance their ability to express themselves articulately and persuasively. These skills are crucial for both making a civilized impact on the world and for serious and honest internal reflection.

PHIL 120: 19th and 20th Century Philosophers
Credits: 3 Letter Grade
Historical development of 19th and 20th century philosophers from Kant through Hegel, Nietzsche, and Sartre, to the linguistic turn.

PHIL 124: Introduction to American Philosophy
Credits: 3 Letter Grade
A study of major issues in American philosophy as developing out of the western philosophical tradition. Emphasizes understanding fundamental questions and analyses, historical context, and the relation between philosophy and characteristically American modes of thought and culture.

PHIL 128: Introduction to Symbolic Logic
Credits: 3 Letter Grade
An introduction to modern logical symbolism, the relation between modern and traditional formal logic, a brief history of logic, its relation to everyday language, methods of deduction in propositional, predicate, and relational logic.

PHIL 131: Philosophy of Science & Religion
Credits: 3 Letter Grade
Is there an inherent conflict between religion and science? From the communication of Galileo to the attempt to include intelligent design in the biology curriculum by the school board of Dover, Pennsylvania, it seems as if science and religion have been on opposite sides of an intense and serious debate. How ought the spiritual and religious individual respond to science? How ought the scientist respond to religion? We will be exploring the very structures of truth and assent in both science and religion. Team teaching will occur only during summer sessions. Each semester the instructor may choose from any number of topics for example, focusing on J.K. Rowling’s Harry Potter series or Metaphor in Science and Religion. When offered, the particular course topic will be noted in that semester’s course listings.

PHIL 201: Existence
Credits: 3 Letter Grade
Historical development of 19th and 20th century philosophers from Kant through Hegel, Nietzsche, and Sartre, to the linguistic turn.

PHIL 203: Philosophy and Literature
Credits: 3 Letter Grade
Philosophy, theology and literature are all dedicated to a search for human meaning, relevance and truth. However each of these disciplines approaches these questions in different ways and from different perspectives. It will be the intention of this class to use these disciplines together in an effort to allow each to assist the others so as to help us achieve some insight into the nature of the human condition. Literature will give us specific scenarios and detailed characters so as to flesh out certain remote and esoteric philosophical concepts. Philosophy will give use organizational patterns and direct assertions that may serve to grant us a deeper and more subtle understanding of our literary characters. Theology will grant us a focus on the interpretation of meaning that will serve as the center of our inquiry. The directing questions of the semester will be as follows: What matters and how do we know?

PHIL 207: History and Philosophy of Science
Credits: 3 Letter Grade
An investigation into the nature and scientific inquiry through study of the development of science and of the concept of science from the pre-Socratics to the twentieth century. Major issues of scientific methodology, such as discovery, validation, explanation, the nature of theories, causality, the nature of scientific revolutions, and the nature of feminist critique of science are presented in the context of the relation between science and culture.

PHIL 209: History/Ancient/Medieval Philosophy
Credits: 3 Letter Grade
Focuses on both the historical continuity and the dialectical tensions in the development of western thought. Content includes the pre-Socratics, Socrates, Plato, Aristotle, the Stoics, the Neo-Platonists, St. Augustine and his influence on later medieval thought, Thomas Aquinas and Duns Scotus.

PHIL 212: History of Modern Philosophy
Credits: 3 Letter Grade

Credits: 3 Letter Grade
An introduction to some of the main traditions of India and Asia through a reading of a central primary text in each. Focus is on the Hindu, Buddhist, and Taoist traditions as an attempt to appreciate the range and thematic unity of these perspectives. Cross-listed with RLST 315. Prerequisite: 200-Level RLST course.

PHIL 490: Independent Study in Philosophy
Credits: 3 Letter Grade
An Independent Study provides a motivated student with the opportunity to pursue research on a topic not covered in courses offered in a given department. Independent Studies are completed with a faculty member at the discretion of the faculty member. Independent Study courses are numbered 490 and are repeatable for credit. The selected Instructor will assist with completing the Independent Study Registration Form available in the Office of the Registrar. All Independent Study courses require the permission of the Department Chairperson and the Dean of Undergraduate Studies. Independent Study courses are subject to all tuition and fee schedules. Variable from 1.0 to 3.0 credits.

PHYS – PHYSICS

PHYS 100: Physics in Action
Credits: 1 Letter Grade
An activity-based course for the non-
PHYS 104: Astronomy
(5) Credits: 3 Letter Grade
An introduction to the sky, the solar system, stellar evolution, deep space objects and cosmology as well as the tools used by astronomers to study the universe. Laboratory activities as well as the use of a 12” Celestron telescope and a planetarium instrument enhance the course material. Freshman may not enroll in this course if it is scheduled one day per week. Has embedded lab. Core: Natural Sciences with Lab requirement. Corequisite: PHYS 104L.

PHYS 105: Physical/Earth/Space Science
(5) Credits: 3 Letter Grade
Introduces students to the basics of the physical sciences including Earth Science (geochemistry, the cycles of matter, and energetics) and Astronomy. Examines how scientific knowledge in these areas is obtained as well as the implications and applications of that knowledge. Emphasis is on how scientists perceive and attempt to understand the natural world. The approach is conceptual, with emphasis on understanding the way things work, rather than deeply theoretical. Laboratory activities provide hands on investigation of these concepts. For education majors, this course provides content specific to earth and physical sciences to meet specific PA Department of Education competences. Has embedded lab. Core: Natural Sciences with Lab requirement.

PHYS 107: The Science of Music
(5) Credits: 3 Letter Grade
An introduction to the science of musical sound. Topics include the production, reproduction, and transmission of sound, the structure of the human voice and ear, the acoustical foundations of musical scales and instrument tuning, the design of listening rooms and musical instruments. Laboratory activities provide hands on investigation of these concepts. Has embedded lab. Core: Natural Sciences with Lab requirement.

PHYS 121: Principles of Physics I
(5) Credits: 4 Letter Grade
Introduction to the ideas of classical physics. Topics include mechanics, wave motion and sound. Core: Natural Sciences With Lab requirement. Corequisite: PHYS-121L. Prerequisite: Math Placement Level I or 2, or C- or better in MATH-121.

PHYS 121L: Principles of Physics I Lab Credits: 0 Pass/Fail
Taken in the same semester as PHYS-121. Lab is graded as part of the lecture. Corequisite: PHYS 121.

PHYS 122: Principles of Physics II
(5) Credits: 4 Letter Grade
A calculus based introduction to the ideas of classical physics. Topics include electromagnetism, basic electronics, light and associated phenomena. Corequisite: PHYS-122L. Core: Natural Sciences With Lab requirement. Prerequisite: PHYS 121.

PHYS 122L: Principles of Physics II Lab Credits: 0 Letter Grade
Taken in the same semester as PHYS-122. Lab is graded as part of the lecture. Corequisite: PHYS 122.

PHYS 490: Independent Study in Physics
Credits: 3 Letter Grade
An Independent Study provides a motivated student with the opportunity to pursue research on a topic not covered in courses offered in a given department. Independent Studies are completed with a faculty member at the discretion of the faculty member. Independent Study courses are numbered 490 and are repeatable for credit. The selected Instructor will assist with completing the Independent Study Registration Form available in the Office of the Registrar. All Independent Study courses require the permission of the Department Chair and the Dean of Undergraduate Studies. Independent Study courses are subject to all tuition and fee schedules. Variable from 5 to 4.0 credits. Prerequisite: Permission of the Instructor required.

SPMA 210: Introduction to Sports Management Credits: 3 Letter Grade
Introduces the student to the sport management profession. Primary focus is on the sports industry, including professional sports entertainment, amateur sport entertainment, for-profit sports participation, nonprofit sports participation, sporting goods, sports tourism and sports services.

SPMA 220: Event Planning Credits: 3 Letter Grade
Introduction to event planning, with an emphasis on managing an event planning business, budget development, and income generation. The purpose of this course is to acquire an in-depth knowledge about the specialized field of event management and to become familiar with management techniques and strategies required for successful planning, promotion, implementation and evaluation of special events within a sport context.

SPMA 230: Facilities Management Credits: 3 Letter Grade
A comprehensive study of the planning, maintenance, operations, financial considerations, customer engagement, and human resources management of sporting events and the facilities that host the events. This course exposes students to the many elements and dynamics associated with managing a sports or fitness facility. Students will discuss a variety of structures, arenas, and facilities and will gain an understanding of what is required to develop and successfully administer and market such facilities. This class will cover numerous issues from construction-related
concerns to marketing facilities, naming rights, and concession concerns.

SPMA 281: Special Topics in Sports Management
Credits: 3 Letter Grade
Examines the current trends and issues in the sports industry. Extensive research of current texts and journal articles will be addressed. In addition, this course is designed to raise awareness with regard to the social, economic, and political implications involved with sports management. Discussion and research should give future sports managers a broader understanding of how sports impacts diverse groups of people in different ways throughout the US and abroad. Topics vary by semester.

SPMA 285: Sports Media Communication
Credits: 3 Letter Grade
Designed to teach all aspects of media interaction with sports. Students will explore the roles of media reporter, web-based blogger, broadcaster, communication specialist, social media poster, and in-house talent. Students will also examine sports media as a career, utilizing journalism skills like interviewing, reporting, blogging, working with coaches and the athletic department, staging and covering press conferences, statistics, etc. The course will also focus on issues related to sports coverage, including race and gender, hero worship and the ethics of what sports journalists do and why they do it.

SPMA 320: Sports Law
Credits: 3 Letter Grade
Deals with the major legal issues in professional team sports. The primary focus will be on league operations, labor matters, league wide broadcast issues and related problems. Sports Law deals with the relationships between competitors arranged in leagues who employ members of some of the most powerful unions in America. The resulting conflicts and their resolution in the subject matter of the course. A class will be devoted to Title IX, Education Amendments of 1972, the most important civil rights law passed in the last fifty years and its impact on sports.

SPMA 330: Sports Marketing

Q: How many foreign language courses must I take?

A: It depends on where you placed during orientation or if you decided to start over with a new language. Students typically need one foreign language course at the 103-level or above to meet the Core Requirement (major requirements vary). If you placed in/decided to take a 101- or 102-level course, you will need to take at least one more language course to fulfill the 103-or above requirement.
Q: Who is my Faculty Advisor?
A: A Faculty Advisor is a program faculty member that is assigned to you based on your major/minor and you can view the name of your assigned Advisor(s) on the My CHC Portal.

Q: How do I drop or add a course?
A: As long as Registration is open for the semester you may drop and add courses on the My CHC Portal; however, it is recommended that you speak with your Faculty Advisor before making any changes to your roster. If you encounter any issues when attempting to drop or add, please send an email to registrar@chc.edu indicating the error message and what you were trying to change.

Q: How do I withdraw from a course?
A: You MUST speak with your Faculty Advisor before you stop attending a course. It may not be in your best interest to withdraw; and only your Faculty Advisor will be able to approve a withdrawal after ensuring that you understand any academic and financial aid consequences.

Q: How do I get my grades? How do I get my grades mailed to me?
A: Grades are viewable on the My CHC Portal at https://my.chc.edu. Grades are not sent to students unless requested in writing within two weeks of the end of the semester. Please see the section on Grade Reports for information on how you or your parents may request a grade mailer.

Q: How can my parents see my grades?
A: First you must designate them on your account by filling out the FERPA Waiver, which is available online at www.chc.edu/registrar. Then they must make a request in writing. Please see the section on Grade Reports for information on how your parents may request your grades. Grade mailers will not be emailed or faxed, and must be requested in writing.

Q: I filled out the FERPA waiver, does this mean my parents get my online passwords?
A: No. The FERPA waiver designates someone that the College may share information with as if it were you, the student, in our offices. It does not mean that your parents get passwords to the Portal, Blackboard, or email. Nor does it mean that a FERPA contact can call or email the College to get information protected by FERPA, such as grades or classes registered. No one - not even you, the student - can call or email and request grades be provided. If you’d like your parents to have access, please complete the FERPA Waiver as described above.

Q: How do I get my course schedule?
A: Your course schedule is available to you on the myCHC Portal. Course schedules are not mailed to students; please log on to myCHC and view your courses at least the day before each course begins to see if there have been any last minute room changes.

Q: What is a Non-Academic credit?
A: Non-Academic credits are earned for courses that are often required for graduation, but the credits earned for them are not included in the 120 Academic Credit minimum required for graduation. The following Non-Academic courses are required for graduation of all students in the School of Undergraduate Studies:

- **FYIN-120**: First-Year Initiative
- **PHED/VARS**: Physical Education: Each student must successfully complete two credits of Physical Education (PHED) courses or participate in a Varsity sport (VARS) for two semesters.

Other Non-Academic courses include:
- **LSTR-100**: Creating Success: Skills for Success in College and Life
- **LSTR-102**: Creating Success: Reading and Writing Across the College Curriculum

Certain music courses are also Non-Academic credit. You can identify these courses on your academic record as those with a “Grade+N.” That means the course is counted in the Term Credits but NOT in the Career Credits. Please check with your advisor if you have any questions.

Q: I want to sing with one of the Music Performance groups. What do I do?
A: Just register for the course and go to rehearsal! As long as there is no audition required, any student can participate in the performance groups. Performance groups all begin with the course prefix MUSP-Music Performance. Sister Kathleen McCloskey would be happy to talk to you about joining one of the groups. Her office is located in St. Joseph Hall, Room M-27, 1st floor Music Corridor.

Q: I want to play a Varsity sport. What do I do?
A: Students may use participation in a Varsity sport to fulfill the two PHED Physical Education requirements for graduation. All team members register for a Non-Academic course for their sport; all sports team courses begin with the prefix VARS-Varsity Sport. Contact Denise Wisniewski at wisniewski@chc.edu.

Q: How do I get notices from the Office of the Registrar?
A: A majority of communication from the Office of the Registrar is done via your @chc email. It is your responsibility to get your @chc email on a regular basis; no exceptions will be made to policies/deadlines for students who simply do not check their email accounts. Contact helpdesk@chc.edu if you have any questions about your email account. And please remember to check it every day. You could be anyone@yahoo.com but we would rather you be someone@chc.edu!
Q: What courses are designated Writing Intensive?

A: The Prerequisite for all Writing Intensive courses is a grade of C- or higher in ENGL 101, 105 or IDHP-220, in addition to any program requirements. Check the Course Descriptions for details on Prerequisites and any requirements that may also be fulfilled. Writing Intensive courses are designated by a (W) in the Course Descriptions section. Please contact your advisor if you have any questions.
College Song
We love thee in the sunset.
We love thee in the dawn.
Thy walls to us are hallowed,
With memory of days agone.

Oh, college and teachers and we:
A loyal trinity.
Our hearts’ deep fealty
Is pledged unto thee.
Is pledged unto thee,
Our loved Chestnut Hill.

Oh, through life’s hurt or heal;
In the going of the years;
Thy Wisdom shine aloft
To banish doubts and fears.

Oh, college and teachers and we:
A loyal trinity.
Our hearts’ deep fealty
Is pledged unto thee.
Is pledged unto thee,
Our loved Chestnut Hill.

College Seal
The College Seal, chosen May 1928, was adapted from the ancient family coat-of-arms of Henri de Maupus, Bishop of LePuy, France, the first ecclesiastical superior of the Sisters of Saint Joseph, who canonically approved the order March 10, 1651. To the Maupas shield, a gold griffin on a scarlet background, have been added a silver carpenter’s square, a symbol of St. Joseph, and a heraldic mount to symbolize the consecration of the Congregation of the Sisters of Saint Joseph to the Most Holy Trinity. In the “chief” (upper portion) are the lilies of Our Lady and St. Joseph, and in the center, a book and a traditional heraldic emblem of a seat of learning. On its open pages is the college motto: Fides-Caritas-Scientia. The griffin is a fabulous heraldic animal, a combination of eagle and lion. In ecclesiastical heraldry, the eagle is a symbol of St. John; the lion, a symbol of St. Mark.
