Mission

The mission of Chestnut Hill College is to provide students with holistic education in an inclusive Catholic community marked by academic excellence, shared responsibility, personal and professional growth, service to one another and to the global community, and concern for the earth. Chestnut Hill College, founded by the Sisters of Saint Joseph in 1924, is an independent, Catholic institution that fosters equality through education. Faithful to its strong liberal arts tradition, Chestnut Hill College offers academic programs of excellence in the areas of undergraduate, graduate, and continuing studies. True to its Catholic heritage, Chestnut Hill College espouses the beliefs and values inherent in the Judeo-Christian tradition while it respects the contributions made by other faith traditions in the development of the whole person. The College nurtures a sense of integrity, spirituality, and social justice in all. The College community dedicates itself to four purposes in fulfilling this mission.

It seeks:

~ To provide avenues for students to achieve academic excellence and to pursue research in their major field or in interdisciplinary studies. The College encourages students to explore and experience diverse curricula and to participate in exchange programs with other institutions of higher education.

~ To initiate links between the world of learning and the world of work through curricular planning, technological opportunities, and career preparation. The College guides students in applying theoretical learning through experiential education designed collaboratively by faculty and students.

~ To uphold an atmosphere of communal respect in which all may clarify and articulate personal values and beliefs while exploring the ethical and moral dimensions underlying all relationships. The College encourages inter-faith opportunities by acquainting all students with Catholicism, its theology and its Judeo-Christian roots, and by engaging in dialogue with women and men of other beliefs.

~ To create local and global connections that enable students to respond to the needs of others through service-oriented enterprises. The College educates students to identify and to address issues of social justice and to work toward systemic change.

Approved by the Chestnut Hill College Board of Directors October 7, 2002.

Core Values

We Value Personal and Professional Growth throughout the Community.
We Strive To Live This Value By:
~ maintaining a lively forum for intellectual and artistic pursuits on campus;
~ promoting intellectual sharing and development through inter-disciplinary programs and the encouragement of mentoring relationships;
~ exploring avenues for growth and learning outside the campus boundaries.

We Value Academic Excellence.
We Strive To Live This Value By:
~ offering a rigorous and challenging academic program with a global emphasis;
~ expecting students to take active responsibility for their education;
~ fostering close student-teacher bonds;
~ ongoing assessment of academic programs.

We Value Ethical Principles.
We Strive To Live This Value By:
~ including ethics across the curriculum;
~ practicing fairness to all;
~ living according to ethical standards and codes of behavior;
~ addressing appropriately breaches of ethical standards.

We Value Catholic Intellectual Tradition, History, and Legacy.
We Strive To Live This Value By:
~ keeping alive the mission and charisma of the Sisters of Saint Joseph*;
~ offering sacramental preparation through campus ministry;
~ providing opportunities to participate in Catholic liturgy;
~ inviting dialogue on issues pertaining to human dignity, social, and economic justice, and stewardship of the environment;
~ promoting on-going interpretations of core theological values and contemporary needs.
We Value Spirituality.
We strive to live this value by:
~ embracing the ideal of spiritual growth and expression;
~ exploring the spiritual domain of human existence and integrating this into the totality of our experience;
~ seeking to explore and to understand the world’s religious traditions.

We Value Service.
We strive to live this value by:
~ fostering an attitude of generosity in service;
~ providing opportunities for experiential and holistic community service on campus and in the broader community.

We Value Concern for the Earth.
We strive to live this value by:
~ keeping informed and educated about environmental issues;
~ being mindful of the impact that we, as individuals and as a community, have on the environment;
~ continuing to work to preserve and enhance the natural environment of the campus;
~ accepting our responsibility as stewards of the earth and its resources.

We Value Holistic Pursuit of Truth, Integrity, and Justice.
We strive to live this value by:
~ reflecting these virtues in our everyday lives;
~ applying these virtues as guides to our decision-making individually and as a community.

We Value Inclusive Community.
We strive to live this value by:
~ affirming human dignity as an absolute value;
~ celebrating one another’s potential and achievements, both great and small;
~ fostering a friendly and open atmosphere, where all are welcome;
~ exhibiting respect for all members of the global community.

*We live and work so that all people may be united with God and with one another.
The mission of unity rests on the charism of reconciliation.

Student Learning Outcomes
In the spirit of our Mission and Core Values, and with a commitment to life-long learning, the Chestnut Hill College community has adopted these learning outcomes to promote, guide and assess learning in all the College’s programs. Believing, as did our founder Sister Maria Kostka Logue, that our students are “here to learn to make a living because [they] must, but [they] are here to learn to live,” we set forth these outcomes as standards in all academic and co-curricular areas.

Information Literacy: Students will demonstrate the ability to know when there is a need for information and to access, organize, interpret, evaluate and utilize information from a variety of sources in an ethically appropriate manner.

Communication: Students will demonstrate clear and effective communication in a variety of modes and styles in and out of the classroom, specifically the ability to read, write, speak, listen and employ various media effectively, and use quantitative data to communicate. Students will be encouraged to use critical and creative forms of expression.

Critical and Creative Inquiry: Students will demonstrate an understanding of and an ability to use critical analysis to develop innovative and imaginative methods of inquiry and problem-solving. Students will be encouraged to use critical thinking skills as a guide to multiple modes of inquiry, challenging conventional wisdom and stereotypes.

Leadership and Collaboration: Students will demonstrate the ability to communicate, cooperate and collaborate in a range of situations, such as goal-setting, team building, leadership development, and group facilitation.

Integrative Learning: Students will demonstrate the ability to transform information and experience into knowledge and knowledge into judgment resulting in action. Students will be encouraged to make connections within and among academic disciplines, co-curricular activities and pursuits beyond the campus boundaries.
**Civic Engagement:** Students will demonstrate knowledge of societal issues in the analysis of contemporary and historical challenges. Students will be provided with opportunities to engage issues of social justice, to serve with and for others, to engage in reflection and to participate in their roles as citizens in local and global contexts.

**Ethical Reasoning:** Students will be provided with opportunities to develop ethical awareness of societal issues, to exercise moral, intellectual and personal responsibility and to recognize that ethical decision making and reflection on various consequences are the elements of an on-going discernment process. Students will demonstrate ethical reasoning skills based on critical analysis that is grounded in reason and governed by diverse values.

**Knowledge of Self and Others:** Students will be provided with opportunities to reflect on their strengths, explore their assumptions, develop their athletic/physical potential and foster an understanding of their complex identities (connecting habits of mind, heart and body). They will be encouraged to explore a diversity of individuals, groups, and cultures so that they may grow in empathy and respect for the values of others. Students will demonstrate knowledge of the breadth of human diversity as well as the ability to examine and challenge their own beliefs when confronted with the views of others.

**Intentional Learning:** Students will be provided with opportunities to cultivate intellectual agility and creativity, purposeful learning, self-assessment, health awareness, self-confidence and the ability to manage change. Students will be encouraged to continue lifelong holistic development personally, professionally, aesthetically and physically through self-reflection, feedback from others and new learning experiences.

**Spiritual Growth:** Students will be guided to explore their own spiritual tradition, to understand the commitment involved in the practice of a faith, to engage in the common search for wisdom and to appreciate their place and role in a context larger than themselves. They will be encouraged to explore the meaning of a spiritual perspective on life, including an understanding of how this perspective shapes and guides decisions. They will be provided with opportunities to gain knowledge of world religions, to experience inclusive Catholic tradition, and to absorb the legacy of the Sisters of St. Joseph, all within the context of the diversity of human beliefs.

*Ratified by the Chestnut Hill College Community in 2010.*

School of Graduate Studies
Admissions
Chestnut Hill College welcomes students of all ages whose aptitudes and academic records demonstrate the ability and motivation to accept an academic challenge and who give promise of making a positive contribution to the College community. Students are challenged by high academic standards and supported by rich resources, excellent facilities, and dedicated faculty to achieve personal goals. Graduates are well prepared to successfully enter a competitive job market or distinguished graduate program.

Non-Discrimination Statement
Chestnut Hill College does not discriminate on the basis of race, color, sex, age, religion, national origin, or disability in any admissions, education program, activities or employment practices. This policy is in accordance with state and federal laws, including Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990.

Community Standards Review Committee
The safety of all members of the College community is of utmost importance; therefore, the purpose of this committee is to review admissions applications from students applying to the School of Undergraduate Studies who have confirmed/self-identified disciplinary/criminal backgrounds. This committee reviews any reported behaviors involving, but not limited to: violence with or without a weapon, sexual offenses, drug and/or alcohol incidents, sexual/racial harassment, intimidation, theft, vandalism, suspensions/dismissals, hate crime, and intellectual dishonesty. The committee has the right to request additional information. The failure to provide the information requested will be deemed a withdrawal of the application.

Admission Options
Early Decision is an option available for students with strong qualifications who have selected Chestnut Hill College as their first choice. Candidates for Early Decision may initiate applications to other colleges, but if accepted under Early Decision, a candidate must withdraw all other college applications and may not make any further applications. Offers of admission are made with the understanding that the high school record continues to be of high quality throughout the Senior year. The deadline for applying for early decision is December 15th of any year.

Regular Decision is designed for students who wish to keep open several college options during the application process. Candidates may apply at any time, but it is recommended that applications be submitted as soon as possible after the completion of the Junior year, and not later than January 15th, for priority consideration. Students who wish to enter for the spring semester should have application materials completed no later than December 15th.

Early Admission is an option for a student judged to be ready for college after his/her Junior year of high school. The candidate must be mature, exceptionally academically prepared, recommended by his/her high school counselor and have the approval of his/her principal. Successful candidates are classified as first-year students and use the regular admission procedures. An admission interview is required of all early admission applicants.

First-Time College Freshman Application Process
Preparation
Each year, the School of Undergraduate Studies enrolls a first-year class of motivated, diverse students whose records show academic achievement, intellectual curiosity, and potential for growth. We recommend that a student prepare for Chestnut Hill College by taking the strongest course of study offered by his/her high school. Specifically, this should include the following where possible:

- four years of English composition and literature
- four years of social science/history
- three years of science
- three years of mathematics
- two years of foreign language

Chestnut Hill College will accept college-level course work completed prior to matriculation provided the relevant courses were completed successfully at an accredited college or university and were not applied to the requirements for high school graduation. Credit may also be given for performance on Advanced Placement examinations and completed International Baccalaureate Diplomas.
Application

Application for admission should be made as early as possible after the completion of the junior year of high school. Chestnut Hill College subscribes to a rolling admissions policy that strives to notify the applicant of the Admissions Committee’s decision within two weeks after a complete application is received. The following credentials are required for a complete basic application:

- Completed Chestnut Hill College Application (preferred) or Common Application
- $35 non-refundable application fee
- Score results from the Scholastic Aptitude Test (SAT I) or American College Test (ACT)
- Official high school transcript(s)

An essay/personal statement and letter(s) of recommendation are optional but strongly recommended. The Admissions Committee reserves the right to request additional information, such as a personal interview with a member of the Admissions staff.

Transfer Students Application Process

Chestnut Hill College welcomes transfer students and maintains articulation and/or course equivalency agreements with several two-year institutions. Students who have completed an associate’s degree at an accredited institution may be eligible, depending on their GPA and anticipated major, for admission to Chestnut Hill College with full transfer of up to 75 college credits and junior status. Students who transfer will have their transcripts evaluated on a course-by-course basis. A Career GPA of 2.00 or higher is required to be considered for acceptance to Chestnut Hill College. At least 45 credits must be earned at Chestnut Hill College in order to be awarded a bachelor’s degree.

Transfer applicants must submit the following credentials to be considered for admission:

- Completed Chestnut Hill College Application (preferred) or Common Application
- $35 non-refundable application fee
- Official transcript(s) from all colleges previously attended

If fewer than 24 college credits have been completed the application must also include:

- Official high school transcript(s)
- Score results from the Scholastic Aptitude Test (SAT I) or American College Test (ACT)

Transfer Credit Information

Chestnut Hill College will accept up to 75 academic credits in which a grade of C or better was earned that were completed at an accredited institution and earned within ten years prior to Chestnut Hill College admission or readmission. An additional review will be conducted for any course taken more than ten years prior to admission or readmission. Some departments require a review even if the courses were taken fewer than ten years prior to admission. Decisions regarding transfer course evaluations, including Chestnut Hill College equivalencies, are final.

Students must earn a minimum of 45 credits at Chestnut Hill College to be awarded a degree. A maximum total of 15 credits in any combination of Advanced Placement Tests, Challenge Exams, or CLEP may be included among the 75 credits transferred to the College.

Transfer Articulation Agreements

Chestnut Hill College has curricular and transfer partnerships with several two-year institutions, including but not limited to the Community College of Philadelphia, Delaware County Community College, Manor College, Montgomery County Community College, and Salem Community College. Contact the Office of Admissions for information on transfer partnerships, and for detailed information about dual admissions, Core-to-Core transfer opportunities, and transfer scholarships. Telephone: 800.248.0052 (out-of-state) 215.248.7001 (in Pennsylvania.) Email: chcapply@chc.edu.

International Student Application Process

Chestnut Hill College welcomes applications from qualified international students. International students must satisfy all admissions requirements and procedures, should submit a complete set of academic credentials in English translation, and must demonstrate proficiency in the English language. Chestnut Hill College requires international students who have not taken the SAT I and/or ACT to submit the results of the National Examination administered by the Ministry of Education in the home country in addition to the results of Test of English as a Foreign Language (TOEFL). An affidavit of financial responsibility and enrollment deposit must be submitted to secure an I-20 form.
Readmission Application Process
Chestnut Hill College welcomes applications from students who have previously attended Chestnut Hill College and have not attended classes for a full calendar year prior to their application for readmission. Readmission is not guaranteed. Readmit applicants must submit the following to be considered for admission:

- Completed Chestnut Hill College Readmission Application
- $35 non-refundable application fee
- Official transcript(s) from all colleges attended since leaving Chestnut Hill College

Candidates may apply at any time, but it is recommended that applications be submitted as soon as possible after the completion of the Junior year, and not later than January 15th, for priority consideration. Students who wish to enter for the spring semester should have application materials completed no later than December 15th.

Academic Amnesty Policy
Undergraduate students who seek readmission to the School of Undergraduate Studies or the School of Continuing and Professional Studies following a four-year consecutive absence from Chestnut Hill College may petition their respective Dean to have their Career GPA reset at the time of readmission. Students are afforded one opportunity for Academic Amnesty. Upon successful petition, the Career GPA will be reset to 0.00 and the notation of “Academic Amnesty” will be recorded on the student’s transcript. Once enacted, the reset GPA cannot be reversed. All prior courses and grades will remain on the student’s academic record and transcript. Just as Chestnut Hill College reviews transfer courses in which a grade of C or higher has been earned for application towards the degree, Chestnut Hill College courses completed prior to readmission with a grade of C- or above will be reviewed by the appropriate department to determine if and how the credits should be applied. Grades earned in these courses will not be calculated into the Career GPA. Students must complete a minimum of 45 credits post Academic Amnesty to be eligible for graduation.

Proficiency/Placement Testing
All incoming first-year students and accepted transfer students must take a Writing Placement test administered by the English Department, and a Math Proficiency test administered by the Mathematics Department. Results of these tests determine where a student places in the English and Mathematics course progression. A Foreign Language placement interview is also available. All prospective Music and Music Education majors complete a Theory Placement Test at the time of their auditions; this test determines the beginning theory class for the first semester.
Financial Information

Expenses

Enrollment Deposit
When accepted, all new students are required to make an enrollment deposit. The enrollment deposit reserves the new student’s place for the upcoming academic year. Enrollment deposits will be refunded if the new student notifies the Admissions Office in writing by May 1st that he/she intends to withdraw from the upcoming year; after May 1st, the deposit is non-refundable. The enrollment deposit is applied to the student’s account during the first semester of enrollment. Students planning to attend full-time should submit a $300 enrollment deposit.

Students planning to reside in Chestnut Hill College’s residence halls are required to send an additional $200 non-refundable room reservation deposit, for a total of $500. Part-time students should submit a $35 enrollment deposit.

Tuition
The tuition amount remains uniform for all students in the School of Undergraduate Studies, regardless of the major or minor being pursued.

Full-Time Tuition 2011-2012 Academic Year
(September to August)
~ $29,100 annually
~ $14,550 per semester
A student is full-time if he/she is enrolled for 12 or more credit hours for the semester. The full-time tuition charge remains the same for all full-time students enrolled up to 18 academic* credits. A student enrolled in 19 or more academic credit hours during a semester will be assessed an additional charge of $620 for each credit hour over 18.

Part-Time Tuition 2011-2012 Academic Year
(September to August)
~ $620 per credit hour enrolled
A student is part-time if he/she is enrolled for fewer than 12 credit hours for the semester. There is no distinction between academic and non-academic courses for billing for part-time students; the per credit hour rate is charged for each credit enrolled regardless.

* There are courses designated Non-Academic that count only for full-time status reporting but that are not charged tuition. These courses are noted as such and do not count towards graduation. For students enrolled as less than full-time, these courses are billed at the part-time rate.

Fees
Course fees are included in the tuition rate however; the items listed below are billed separately:
~ Private Music Lessons taken by non-majors (MUSL-courses): $465 per semester (optional)
~ Challenge Exam: $210 per credit (optional)
~ Activity Fee: $50 per semester (automatic charge for full- and part-time students)

Residential Living
Our four residence halls, each with a distinct personality, offer single-, double- and triple-bed rooms, as well as suites. Each student will have a standard twin bed, a desk with chair, a dresser and a closet or wardrobe. Each room is equipped with a phone jack with a campus extension. The halls are wireless so a laptop or PC is good to go from most locations in the hall. Floors are tiled in Fontbonne and Fournier; Fitzsimmons Hall and SugarLoaf Lodge have carpeted floors.

Fontbonne Hall was built in 1961. It was named after Mother Saint John Fontbonne, who restored the Congregation of the Sisters of Saint Joseph in Lyon, France in 1808, after their dispersal during the French Revolution. Fontbonne Hall is a co-educational residence hall for first-year students. Rooms are mostly double occupancy with common hall bathrooms on each floor. A few single rooms are available.

Fournier Hall is named in honor of Mother Saint John Fournier, the foundress of the Philadelphia Congregation of the Sisters of Saint Joseph in 1847. It was originally the Mount Saint Joseph College, founded in 1928, and then became The College in 1938. Fournier Hall is a co-educational first-year and upper-class building. Transfer students
are also housed here. There are many room options, including single rooms, double rooms and triples, as well as suited rooms (bedrooms connected by a bathroom).

Fitzsimmons Hall opened in the Fall of 2006. It is suite-style, with two bedrooms connected by a common room and bathroom. The first floor of Fitzsimmons Hall is a 24-hour student center, equipped with a recreation room and TV lounges. Fitzsimmons Hall is a co-educational upper-class building with four- and six-person suites.

SugarLoaf Lodge opened in the Fall of 2008. Recently renovated into student residency, this building is part of the SugarLoaf Hill Campus across Germantown Avenue. SugarLoaf Lodge is a co-educational building reserved for upper-class students, with double rooms each equipped with private bathrooms. The newly renovated Pool House at SugarLoaf contains a large TV lounge and pool table area for use by SugarLoaf residents.

Costs
Chestnut Hill College offers several options for residential living. All options include a Board Plan of 19 meals per week during the academic year (excluding breaks, holidays, etc.). Prices vary by type of room and residence hall location and range from $8,290 to $10,220 per academic year.

Students residing in the Chestnut Hill College’s residence halls are charged a $250 room damage deposit in the first semester in College housing. The deposit will be refunded, less any charges for damages to their room or residence hall common areas, when they move out of College housing. More information regarding the room types and residential living is available from the Office of Residence Life, Room 101 Fitzsimmons Hall. Telephone: 215.248.7118. Fax: 215.248.7074. Email: housing@chc.edu.

Health Insurance
Chestnut Hill College requires that all full-time students be covered by health insurance. The College has made arrangements for a health insurance plan for all students in the School of Undergraduate Studies who do not have coverage under any health insurance policy.

Each student’s account will be charged $325 for the cost of the College health insurance plan provided. If the student is covered under another plan they may waive this charge. Information about the Student Health Plan and the waiver can be found online at www.BollingerInsurance.com/chestnuthill. Contact the Student Accounts Office for more information. Telephone: 215.248.7116. Fax: 215.242.7705. Email: Accounts@chc.edu.

Miscellaneous Charges
- Returned Check Fee: $35 per occurrence
- Late Payment Charge: 1.5% of balance (Automatically charged if semester bill is not paid by the payment due date)
- Late Payment for Deferred Plan: $20
- Late Registration: $60
- Withdrawal Fee: $40
- Orientation (Griffin Day) Fee: $130
- Graduation Fee: $250 one-time only non-refundable fee (Note: does NOT include regalia rental fee.)

Refund Policy
Full-time undergraduate students who officially withdraw from classes at the College (see Withdrawal Procedures in Academic Section) are eligible for refunds of tuition and room charges as indicated in the schedule below. Only the portion of the residential living charge associated with board costs is refundable. Fees, parking permit, health insurance and other charges are non-refundable after the first day of classes.

Students who withdraw from the College may also have to return a portion of the Federal Financial (Title IV) Aid received. For purposes of calculating refunds, the calendar week begins as of the first scheduled class time of each session:
- Prior to the first day of classes: 100% refund
- Within the first calendar week: 80% refund
- Within the second calendar week: 60% refund
- Within the third calendar week: 40% refund
- Weeks thereafter: No refund
Part-time students who withdraw from an individual course after the drop/add date and full-time students who drop to part-time status by dropping or withdrawing from a course after the drop/add date will not be eligible for any refund. There are no refunds for MONC- Montessori and other Professional Enrichment courses. Before registering for any of these courses, please contact the Student Accounts Office for details.

**Student Accounts Office**

*St. Joseph Hall, 1st floor, End of the Music Corridor*

*Telephone: 215.248.7116. Fax: 215.242.7705. Email: accounts@chc.edu*

Students may make payments and receive information about their accounts at the Student Accounts Office. Chestnut Hill College accepts cash payments; checks; money orders; and Visa, MasterCard, American Express, and Discover.

**Regular Hours:**

- Monday - 9:00am to 5:00pm
- Tuesday - 9:00am to 7:00pm
- Wednesday - 9:00am to 7:00pm
- Thursday - 9:00am to 5:00pm
- Friday - 9:00am to 4:00pm

**Summer Hours:**

- Monday - 9:00am to 5:00pm
- Tuesday - 9:00am to 6:00pm
- Wednesday - 9:00am to 6:00pm
- Thursday - 9:00am to 5:00pm
- Friday - 9:00am to 1:00pm

**Payment Schedule and Mailing Address**

By act of registration, the student accepts responsibility to pay the charge for the entire semester, regardless of the method or source of payment. In general, all monies due to Chestnut Hill College for a specific semester must be paid according to the following schedule:

- **Fall Semester:** August 1
- **Spring Semester:** January 1
- **Summer:** May 1

All students who have not fully satisfied their tuition and fees by the stated due date, including those who have applied for financial aid, which has not as yet been credited to their accounts, are asked to complete a Student Financial Responsibility Agreement. This agreement defines various payment options that may be used by the students to settle their full balances in a timely manner.

The College reserves the right to withhold registration, transcripts, diplomas and all other information regarding the record of any student who is in arrears in the payment of tuition, fees or any other amounts due the College. A student may be prevented from reenrolling at the College for continued delinquency of financial obligations. Unpaid bills will be turned over to a collection agency. Collection costs and/or finance charges must be paid by the student in addition to the unpaid amount before the College will release information as described in the preceding paragraph.

Payments may be mailed to Chestnut Hill College/P.O. Box 8500 #9986/Philadelphia, PA 19178-9986. The student’s ID number must be included on all payments.

**Payment Plans**

Chestnut Hill College offers an interest free Monthly Payment Plan (MPP) through a third party called Nelnet Business Solutions (NBS). There is a $65 enrollment fee for the MPP. Students may use the MPP to pay their combined Fall and Spring balances in either eleven, ten or nine monthly installments starting with a due date of June 20th for the eleven month plan. The other plans due dates are on the 20th of the succeeding months, and all plans end with final payment due on April 20th.

Please contact the Student Accounts Office at 215-248-7116 or accounts@chc.edu for more information regarding the MPP, or go to my.chc.edu and click on the Student tab and then the School of Undergraduate Studies. From there you can view the Monthly Payment Plan portal which includes a link to the Nelnet Monthly Payment Plan site.

**Business Office Hold**

Students who do not pay, or do not make suitable payment arrangements, for their semester bills will be placed on Business Hold and will not be allowed to attend class until payment or arrangements have been made at the Student Accounts Office. A late payment fee and/or a service charge will be charged for all past due accounts. Students placed on Business Hold are prevented from graduating, obtaining transcripts, viewing final grades, and registering
for future classes until the balance is paid in full. Students placed on Business Hold should contact the Student Accounts Office immediately to pay their remaining balance. A student may be placed on Business Hold at any time.

**Beginning of the Semester:** For failure to make payment in full or to make satisfactory arrangements to pay the semester bill. Students in this category cannot obtain their room key, dining hall pass or attend classes until the Student Accounts Office approves their financial arrangements for the semester.

**During the Semester:** For failure to make payment and/or for defaulted or late payment on terms arranged at the beginning of the semester. Students in this category cannot register for the following semester, participate in the residence hall room lottery, receive grades or transcripts and may be prevented from taking tests, attending classes or graduating. Students should contact the Student Accounts Office immediately if they have not met their financial obligation as agreed upon at the beginning of the semester. Students will be removed from Business Hold only when the bill is either paid in full or addressed in a satisfactory manner as approved by the Student Accounts Office.

A Chestnut Hill College education is one of the best investments one can make in the future. In fact, a college degree puts a graduate on both the path to a more satisfying career and, as numerous studies have shown, a more lucrative pay scale. We offer abundant financial aid and scholarship opportunities, as well as federal student loans and other payment options, to help our students reach their educational goals. Chestnut Hill College prides itself on striving to be affordable for all academically qualified students who wish to attend. Our Financial Aid office offers individualized guidance, so that each student understands all of the financial options.

Although the primary responsibility for meeting college costs rests with the student and his/her family, the Financial Aid Office can help design a financial strategy that will make a degree from Chestnut Hill College affordable. The Financial Aid Office will develop a personalized financial aid package that will offer assistance with educational expenses. The financial aid package may consist of grants, scholarships, loans and student employment. With a combination of financial aid from federal, state, and institutional sources, we hope to help all eligible students take advantage of the College’s high quality academic experience.

The professional staff in the Financial Aid Office is ready to assist with the financial aid process and is open to students during the following hours:

**Regular Hours:**
- Monday - 9:00am to 5:00pm
- Tuesday - 9:00am to 7:00pm
- Wednesday - 9:00am to 7:00pm
- Thursday - 9:00am to 3:00pm
- Friday - 9:00am to 4:00pm

**Summer Hours:**
- Monday - 9:00am to 5:00pm
- Tuesday - 9:00am to 6:00pm
- Wednesday - 9:00am to 6:00pm
- Thursday - 9:00am to 3:00pm
- Friday - 9:00am to 1:00pm

**Lending Code of Conduct**

Chestnut Hill College is committed to providing students and their families with the best information and processing alternatives available regarding student borrowing. In support of this and in an effort to rule out any perceived or actual conflict of interest between Chestnut Hill College officers, employees or agents and education loan lenders, Chestnut Hill College has adopted the following:

- Chestnut Hill College does not participate in any revenue-sharing arrangements with any lender.
- Chestnut Hill College does not permit any officer, employee or agent of the school who is employed in the financial aid office or is otherwise involved in the administration of education loans to accept any gifts of greater than a nominal value from any lender, guarantor or servicer.
- Chestnut Hill College does not permit any officer, employee or agent of the school who is employed in the financial aid office or is otherwise involved in the administration of education loans to accept any fee, payment or other financial benefit (including a stock purchase option) from a lender or affiliate of a lender as compensation for any type of consulting arrangement or contract to provide services to a lender or on behalf of a lender relating to education loans.
Chestnut Hill College does not permit any officer, employee or agent of the school who is employed in the financial aid office or is otherwise involved in the administration of education loans to accept anything of value from a lender, guarantor, or group of lenders and/or guarantors in exchange for service on an advisory board, commission or other group established by such a lender, guarantor group of lenders and/or guarantors.

Chestnut Hill College does allow for the reasonable reimbursement of expenses associated with participation in such boards, commissions or groups by lenders, guarantors, or groups of lenders and/or guarantors.

Chestnut Hill College does not assign a lender to any first-time borrower through financial aid packaging or any other means.

Chestnut Hill College recognizes that a borrower has the right to choose any lender from which to borrow to finance his/her education. Chestnut Hill College will not refuse to certify or otherwise deny or delay certification of a loan based on the borrower’s selection of a lender and/or guarantor.

Chestnut Hill College will not request or accept any offer of funds to be used for private education loans to students from any lender in exchange for providing the lender with a specified number or volume of Title IV loans, or a preferred lender arrangement for Title IV loans.

Chestnut Hill College will not request or accept any assistance with call center or financial aid office staffing.

Applying for Aid/Federal School Code
Applying for financial aid is easy at Chestnut Hill College. Students interested in applying for financial aid must complete the Free Application for Federal Student Aid (FAFSA) each academic year by April 15. The student should complete either a paper or online FAFSA or FAFSA Renewal Application (www.fafsa.ed.gov). Chestnut Hill College’s federal school code is 003245 and ensuring that this appears on the FAFSA will facilitate the proper disclosure of information to the Financial Aid Office.

Types of Available Aid

Grants: This is money given to a student to supplement their educational costs that does not have to be paid back. Grants are usually determined based on demonstrated financial need.

Scholarships: Another form of a grant is often referred to as a scholarship. Scholarships are usually awarded either on a competitive basis and reflect academic achievement, or are based on financial need.

Loans: This is money borrowed by a student (Direct Loan) or parent (PLUS Loan) to help pay for educational expenses. Like any other loan, it is an obligation that must be repaid with interest over a period of time.

Student Employment: The Federal College Work-Study program provides jobs for students with financial need. It allows a student to earn money to help pay for education-related expenses. The money that a student earns will be paid directly to them via a bi-weekly paycheck throughout the academic year, as it is earned. Since the Federal Work-Study Grant is an earning potential, it should not be deducted from the tuition invoice.

Sources

Federal: Federal financial aid, also known as Title IV aid, includes Pell Grants, Supplemental Educational Opportunity Grants (SEOG), Federal College Work-Study, Perkins Loans, Federal Direct Loans and Federal PLUS Loans. Students must complete a Free Application for Federal Student Aid (FAFSA) to determine eligibility for federal financial aid.

State: Pennsylvania Higher Education Assistance Authority (PHEAA) sponsors a need based state grant program for undergraduate Pennsylvania residents who will be enrolled at least half time. No separate application is required. Pennsylvania residents who complete the FAFSA will automatically have their FAFSA information forwarded to PHEAA for determination of award eligibility. Some students from outside of Pennsylvania may receive funds from their state scholarship programs that can be used at the College. Students living in the following states may use their state scholarship at Chestnut Hill College: Connecticut, Delaware, District of Columbia, Maine, Massachusetts, New Hampshire, Ohio, Rhode Island, Vermont and West Virginia.

Private: Many private and local organizations have grants and scholarships available to students who meet certain criteria. We encourage all students to perform their own scholarship search. The library is an excellent source for information on scholarships. The Internet has also become a good place to search for additional funding to help with educational costs. Any outside scholarship that a student receives must be reported to the Financial Aid Office.

Marie Scheetz, Assistant to the Registrar
Fournier Hall, Room 15
Telephone: 215.248.7064. Fax: 215.242.7707. Email: ScheetzM@chc.edu
Chestnut Hill College’s Yellow Ribbon Program funds will be awarded to qualifying students. To be considered, qualifying students must be accepted for enrollment to a degree program to be currently enrolled in that degree program at the College as verified in the submitted Certificate of Eligibility provided by the College’s SCO.

Satisfactory Academic Progress for Financial Aid
To be eligible for Federal and Institutional financial aid, a student must make satisfactory academic progress each year. This means that a student must complete a certain number of credits each year and maintain a minimum Career Grade Point Average (GPA) once he/she has completed 24 academic credits. This policy ensures the student’s intention of completing his/her program of study and moving towards the goal of graduation.

Standards of Academic Progress
In order to continue to receive Federal and Institutional financial aid, all students must successfully complete 66% of all credits attempted. In addition, all students are required to achieve a minimum Career GPA:
- Students with 1 to 24 earned academic credits must achieve a Career GPA of 1.65
- Students with 25 to 59 earned academic credits must achieve a Career GPA of 1.85

Standards of Academic Progress for the PHEAA State Grant
Pennsylvania Higher Education Assistance Authority (PHEAA) requires recipients of the PHEAA State Grant to complete a minimum of 24 credits for every two semesters of full-time grant assistance received or a minimum of 12 credits for every two semesters of half-time grant assistance received. No academic waivers will be granted for the PHEAA state grant program by Chestnut Hill College. A student may appeal directly to PHEAA concerning extenuating circumstances.

Maximum Time Frame
The maximum time frame for completion of undergraduate programs cannot exceed 150% of the published program length for a full-time student. For undergraduate students, the minimum credits needed for graduation is 120. Therefore, a student would have a maximum time frame of 180 attempted credits to complete the program before the student would lose eligibility for financial aid.

Measurement of Progress
Academic progress for each student will be measured at the end of each academic year. If a student does not meet the satisfactory standards of academic progress, he/she will be notified in writing regarding the cancellation of financial aid funding.

Appeals
Appeals may be based on extenuating circumstances. The student must be able to demonstrate that the extenuating circumstance had a direct impact on the student’s academic performance. The student must put the request in writing and submit it to the Director of Financial Aid. The student may be asked to provide supporting documentation of the situation. If an appeal is approved, an academic waiver will be granted. This will allow the student’s financial aid to be reinstated for one academic year only (except the PHEAA State Grant). The student must comply with any and all conditions attached to the waiver of the academic policy.

Title IV Financial Aid Refund Policy
A student who received federal Title IV financial aid, as defined previously, and who withdraws from all classes at Chestnut Hill College, will be required to return some or all of the federal Title IV funds. The amount of federal financial aid to be returned will be the largest amount as determined by using the Federal Refund Policy (except for first-time students who use the Pro-Rata Refund Policy which follows), which is calculated by dividing the total Title IV funds (less work-study earnings) by the student’s total aid package and applying this fraction to the Chestnut Hill College refund. The resulting amount is the amount of funds to be returned to the Title IV programs.
The Pro Rata Refund Policy is used only for the first-time students withdrawing before 60% of the term is completed. Charges are pro-rated depending on the student’s date of withdrawal.

Returning money to the Title IV programs will be made in the following order: 1) Federal Direct Unsubsidized Loan, 2) Federal Direct Subsidized Loan, 3) Federal PLUS Loan, 4) Federal Perkins Loan, 5) Federal Pell Grant, 6) Federal SEOG, 7) Other Title IV programs, 8) Other federal sources of aid, 9) Other state, private or institutional aid, and 10) the student.
Safety and Campus Security

Emergencies: 7777 (on-campus) or 215.242.7777 (off-campus).

The safety and security of all who live, work, and visit Chestnut Hill College is of paramount importance to the entire College Community. The Department of Safety and Campus Security is primarily concerned with providing the highest reasonable level of security on the 75-acre campus. Members of the community share this responsibility. This shared responsibility is a very important element of an overall safe learning environment. The Department of Safety and Campus Security reports to the Acting Dean of Student Life, and consists of a Director and 40 full-time Security Officers. Of these 40 officers, one is designated as the Patrol and Training Manager, one is designated as the Crime Prevention Officer, and six are Shift Supervisors. The Director of Safety and Campus Security also manages on campus parking.

Chestnut Hill College Security Officers are both CPR-and AED-certified and have undergone training in specialized course offerings for higher education. Security Officers do not carry firearms. Criminal investigations are conducted by the Philadelphia Police Department, which is responsible for coverage at the College. Victims of campus crimes and other criminal activity are encouraged to, and readily assisted in, reporting incidents to the local police.

Buildings and residence halls are monitored by security personnel on a 24-hour basis. The buildings and residence halls are equipped with state of the art security and fire alarm systems. Fire safety drills are conducted in compliance with Philadelphia Fire Department regulations. Alarms, sensors and fire equipment are cleaned, inspected and certified annually in compliance with the Philadelphia Fire Code.

Several patrol areas are included in the security operation including vehicle as well as foot and bicycle patrols. Officers utilize an electronic tour watch device that provides accurate documenting times and locations of their patrols. During these patrols, unsafe conditions are promptly reported and the appropriate campus department is notified for corrective actions to be undertaken. Emergency lighting and phones are surveyed on a scheduled basis.

Chestnut Hill College’s Department of Safety and Campus Security lives by its Mission Statement, and is committed to the high standards of quality in promoting a safe and problem free educational environment. The College is an institutional member of IACLEA and a charter member of the Delaware Valley Campus Security Director’s Association. This information meets the Commonwealth of Pennsylvania Act 73, College and University Security Information Act and the Federal Crime Awareness and Campus Security Act of 1990.

Identification Cards

Photo ID cards are available through Campus Security on the 2nd Floor of St. Joseph Hall. In an effort to provide adequate security, students must carry their ID cards at all times. ID cards are non-transferable and, upon request, must be surrendered to authorized personnel, e.g., security officers in the performance of their duties. An ID card is required to take books out of the library, to use the computer center, to use the pool and fitness center, to participate in the meal plan, and obtain a parking permit. There is a fee to replace lost or damaged ID cards.

Visitors

All visitors to campus must be registered with the Security Desk at the entrance of Fournier Hall. Visitors must be with their sponsoring member of the College community at all times. Visitors are not permitted to be alone on campus at any time and infractions of this instruction will be treated seriously.

*Chestnut Hill College does not provide childcare services.* Children may not be left unattended on campus at any time, for any reason. Children brought as visitors to campus must be signed in at the Security Desk and must remain with their sponsoring member of the College community at all times.

Campus Ministry

St. Joseph Hall, 3rd Floor

Telephone: 215.248.7095. Fax: 215.242.7155. Email: weldingm@chc.edu

Campus Ministry affirms and supports the values, mission and ministry of the Sisters of St. Joseph of Philadelphia enabling students to grow spiritually and to provide the welcoming atmosphere that promotes discovery of an adult faith life. The values promoted are unity, forgiveness and reconciliation, right relationships that are holy and healthy, to be ready for any and all good work for the dear neighbor without distinction and finding God in all things. Campus
Ministry welcomes students of all faiths. Events are planned so that any one may feel comfortable becoming involved in service, spiritual offerings, miscellaneous events, offerings and retreats.

Teams will gather at appointed times to create community, share a meal, process the service, event or retreat and its meaning in the greater Mission of the College and the Gospel Message.

**Student Life and Resources**
Chestnut Hill College has the unique advantage of being an urban school in a suburban setting. The campus comprises 75 acres of trees, groves, and buildings. The Chestnut Hill shopping area is less than a 10-minute walk from the campus. The College and the city share a vibrant and varied cultural and social life.

The local community supports an orchestra, the Woodmere Art Gallery, many smaller galleries, the renowned Morris Arboretum and the extensive greenery and open space of Fairmount Park. The varied shops and restaurants of Chestnut Hill attract visitors from throughout the region. Center City Philadelphia, with its many museums, historical places and award-winning restaurants, is easily reached by commuter train.

**Athletic Programs**

Official CHC Email
Every student is entitled to an “@chc.edu” email account. As part of the College’s Mission to respect our resources, many previously paper-based processes are now conducted electronically. It is the student’s responsibility to make sure all messages sent to the official @chc.edu email account are read in a timely manner.

Snow/Emergency Closing
Should weather or other circumstances force the cancellation of classes an announcement will be made on KYW News Radio (1060AM). The School of Undergraduate Studies snow number is 126 for day classes and 2126 for evening classes (beginning at 4:00pm). Closing messages will be recorded on the College’s information line (215.248.7009) and published on the homepage at www.chc.edu.

Academic Computer Center
St. Joseph Hall, Lower Level, down the ramp to the right of the Commuter Lounge.
Telephone: 215.242.7195. Email: helpdesk@chc.edu.
The Academic Computer Center is only open to Chestnut Hill College students. Once enrolled, students are given a personal account on the College network, giving them an Internet email address and access to the Internet. All students must agree to abide by the College’s rules and policies regulating the use of College computer resources.

Microsoft Windows-based computers are available for student use on a walk-in basis during posted day and evening hours. Students may take advantage of the state-of-the-art software for purposes such as word processing, statistical analysis, graphics, desktop publication, database manipulation, web page editing and web browsing over the Internet. Laser printers are available for high-quality printed work.

The Academic Computer Center also manages four Teaching Labs: three for Microsoft Windows-based PCs, and one for Macintosh. The Teaching Labs are available for classroom instruction ranging from computer software application basics to sophisticated programming languages. The Teaching Labs are also available for use by faculty for the integration of technology in education.

The Devlin Video Production Suite in Martino Hall is an extension of the Academic Computer Center. This facility houses a state-of-the-art video editing laboratory, a television production studio and control room, a video production classroom and office. Students may also sign out camcorders and tripods for various classes as needed. Several laptop computers are also available for students to borrow.

Rotunda: The ninety-five foot high Rotunda, built in 1903, is unusually breathtaking in design. The ceiling features a stained glass mural. The appointments are neoclassical with marble facing, white Corinthian pillars, aged oak molding and staircase. This lovely open area is conducive to a variety of events, and combined with the East Parlor, has the capacity to comfortably accommodate meeting groups of twenty and a reception of over two hundred guests.

East Parlor and Redmond Room: These classic Edwardian rooms feature original chandeliers in the center of the room, marble fireplaces, aged oak moldings, and finished hardwood floors. Either room is the perfect setting for a two-hour meeting, an all-day workshop, or a special event. Combined with the Rotunda, the parlors can accommodate a seated reception for more than 200 guests.

Social Room: Built to entertain visitors, this gracious room features beautiful hardwood floors, aged oak molding and attractive arch windows. Recently refurbished with colonial chandeliers and comfortable furnishings, this neoclassical room offers a perfect setting for a day or evening affair. This special room includes a conference table that seats twenty, and comfortably accommodates a conference or reception for up to two hundred guests.

Counseling Center
St. Joseph Hall, 3rd Floor, Room 56.
Telephone: 215.242.7104. Email: kennedys@chc.edu

The Counseling Center offers free, short- and long-term therapy to students in the Schools of Undergraduate, Graduate and Continuing Studies during the academic year. Counseling staff can also consult with students and members of their families. Workshops are offered to address students' interests and needs. Students may use the Counseling Center at all times they are enrolled at the College.

In general, counselors see students once a week for a fifty-minute session. In addition, counselors reserve time every day to see any student in crisis needing immediate attention. The College also provides 24-hour emergency coverage when school is in session.

The Counseling Center is completely confidential, except in cases of life-threatening emergency (the threat or attempt of suicide, and the threat of seriously injuring another person, for example) or when we are legally required to report abuse of a minor. Except in these extraordinary circumstances, neither what is discussed nor any of the required written records are shared with anyone - including roommates, parents, friends, faculty, and staff – without the student’s written permission.

Disabilities Resources
Leslie E. Wilson, M.Ed., Director of Learning Services
St. Joseph Hall, 3rd Floor.
Telephone: 215.248.7013. Fax: 215.248.7019. Email: wilsonL4@chc.edu

Consistent with Section 504 of the Rehabilitation Act of 1973 and Title II of the American with Disabilities Act of 1990, students with documented disabilities may seek relevant, reasonable, academic or housing accommodations or auxiliary aids. Chestnut Hill College is committed to providing equal educational opportunities for qualified students. The College is in compliance with applicable federal and state laws. Disclosure of a disability is voluntary and confidential. To access services, students must submit documentation to verify eligibility under Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act (ADA) of 1990.

Documentation must state the nature and duration of the disability and provide adequate information to support accommodations. Accommodations will be determined on a case-by-case basis. The College reserves the right to request additional information, if necessary, especially in cases where recertification of a disability is warranted. Please contact Leslie Wilson with any questions or concerns.

Academic Service Centers
Centers are open during the Fall and Spring semesters as defined by the School of Undergraduate Studies Academic Calendar and are available at no charge to currently enrolled Undergraduate students. To make an appointment, please contact the Center directly.

Chesnut Hill College is authorized under federal law to enroll nonimmigrant students. The Office of International Student Services advises international students and provides information on American academic procedures as well as on U.S. immigration and visa requirements. International students maintaining F-1 visa status are required by law to be enrolled full-time throughout the duration of their programs of study. Exceptions to the full-time requirement are rare and must be authorized by the Office of International Student Services prior to the change in enrollment status.

**Career Development Office**
*Third Floor, St. Joseph Hall*

The Office of Career Development at Chestnut Hill College provides information and guidance on careers, professions, employment, and graduate school opportunities for current and prospective students as well as alumni. Career Development also coordinates the College’s Experiential Education program. Workshops are offered on resume writing, interviewing and job-search skills.

**Staff and Hours**
*Nancy Dachille, Director of Career Development.* Telephone: 215.248.7048. Email: ndachill@chc.edu
*Ryan Murphy, Director of Service-Learning.* Telephone: 215.248.7032. Email: murphyr@chc.edu
*Ashley Reichenbach, Assistant Director of Career Development.* Telephone: 215.248.7109. Email: reichenbacha@chc.edu

The Office is open weekdays from 8:30am until 4:30pm; other hours are available by appointment.

**Programs**
*Experiential Education Program* provides opportunities for students to gain academic credit for real-world work experience, through internships and cooperative education. Additionally, in collaboration with faculty and community partners, students can participate in service-learning courses that put coursework into action through relevant volunteer service to the community. These experiences also serve as foundations for classroom discussion and synthesis of academic theory. These programs are monitored by Ryan Murphy, Director of Service-Learning. Telephone: 215.248.7032. Email: murphyr@chc.edu.

*FOCUS* is a self-paced, online career and education planning tool for use by college students. It will enable the student to self-assess career-relevant personal qualities and explore career fields and major areas of study that are most compatible with the assessment results. Students who use FOCUS make better decisions about their goals and plans and learn how to self-manage their careers. Career planning with FOCUS leads to the following advantages for students: While in college: More goal focused and motivated - Higher academic achievement - Fewer transfers and
switching of majors - Graduate on time; After Graduation: Better entry job with higher income - More satisfied, more productive in their career - Less career change, faster advancement.

**Career Connections (FYIN-101)** began as an innovative mentor program linking students with successful alumni to learn more about potential professions and careers. It is a non-academic credit required for graduation. The program has expanded to include other career-related opportunities such as internships, part-time positions, and other relevant experiences.

To complete this requirement, students can also register for the *Career Success Seminar*. This course is offered twice a semester for five weeks. Each class period is 50 minutes in length and is instructed by Career Development staff. The course addresses interviewing, résumé building, and other career topics. Please see Career Development staff to discuss how your experience might fulfill this graduation requirement.

Students with Blackboard accounts can access the Career Development virtual site on Blackboard. This site offers information about career planning, job/internship searching, resume writing, graduate school applications, and upcoming events.

Chestnut Hill College's Logue Library is contemporary in style and was completed in 1961. The Library tailors its collection to best serve students, faculty and staff, and neighbors. Our resources and services, which are available in a wide variety of media, enable our members to accomplish everything from conducting academic research, searching for fulfilling careers to enjoying entertaining and enriching popular books and films. We urge all members to take full advantage of Logue Library's offerings, as it is an environment where they can learn, discover, and meet their academic and personal goals.
The Logue Library houses 130,000 volumes on three floors of open stacks. In addition to the circulating materials, there are periodicals and a reference collection in the Alumnae Reference Room on the main floor, as well as an extensive electronic research center. Among the electronic the resources are ERIC, PsychINFO, Lexis-Nexis, JSTOR, Ebscohost Elite, and Project Muse. Students may access the catalog and electronic resources via internet at www.chc.edu/library. Passwords for databases are available to registered students in the library.

Along with a rare books collection that features British literary works and early Catholic liturgical music, Logue Library houses an Irish Collection specializing in Irish history; and The Brimmer Collection, a Curriculum Library holding children’s literature and curriculum materials for grades K-12. The main collection is classified according to the Library of Congress Classification System, while the Curriculum Library uses the Dewey Decimal System.

To borrow books or reserve materials all students MUST have a current College ID with a library bar code sticker attached. Bar codes may be obtained at the circulation desk.

Academic Programs, Policies, and Procedures
Core Curriculum

Chestnut Hill College’s Core Curriculum, approved by the faculty in 1999 and revised in 2010, is designed to provide students with a meaningful education that is rooted in the College’s Mission. Steeped in the liberal arts, the curriculum recognizes the impact of the information-age revolution and addresses career demands of the twenty-first century. The Core Curriculum consists of Fundamental Requirements; Ways of Knowing Perspectives; and Proficiencies. Students also take a variety of non-academic credits as part of the core requirements at the College. In addition, students fulfill all of the requirements specified in a major program of study as outlined in this catalog.

The Core Curriculum as it appears here applies to students who matriculate in August of 2011, and to all future classes unless noted in the Catalog for the matriculation year. This includes first-year students; transfer students with fewer than 60 credits; and transfer students with more than 60 credits who do not have “Core-to-Core” status. Interdisciplinary Honors Program (IDHP) students should consult with their IDHP and Faculty Advisors for assistance.

Fundamental Requirements

All students* must complete courses in these Fundamental Requirement areas: Core Seminars; Writing; Religious Studies; Public Speaking; Ethics; and Foreign Language.

* Students participating in the Interdisciplinary Honors Program (IDHP) fulfill some of these requirements in their seminars. Advisors will assist students in this area.

Core Seminars:

These seminars are interdisciplinary and provide opportunities for experiential learning. Topics vary by semester:

ILAR-101: Introduction to the Liberal Arts

This 3-credit course, usually taken in the student’s first year, serves both as a second-level writing course and as an introduction to various disciplines within the Liberal Arts. The course helps students to develop the skills introduced in the first-level writing course, with a focus on research and the techniques associated with academic writing. While it is offered in sections with unique emphases, the general writing requirements and grading policy are universal. ILAR-101 takes advantage of our location in Philadelphia by using museums and other sites in the city as part of the overall course experience. Students are expected to make at least two site visits during the semester. Pre-Requisite: ENGL-101 or ENGL-105. ILAR-101 is a Pre-Requisite for all Writing Intensive courses as well as for GLST-201. Not required for IDHP students.

GLST-201: Global Awareness Seminar

This 3-credit course taken after the first year explores the phenomenon of globalization, the economic, political, social, environmental, and cultural roots of global conflicts, the risk of catastrophic confrontations, and the potential of peaceful resolutions. Topics in this course vary depending on the expertise of the teaching faculty and the world situation. Students read world press and literature, are introduced to global theorists and scholars, and communicate with other students and organizations through global communications available through emerging technologies. Experiential learning is incorporated. Also includes a United Nations component and a service learning project. Pre-Requisite: ILAR-101. Not required for IDHP students.

Writing:

Students take up to four courses that focus on developing vital writing and communication skills:

ENGL-101: College Writing or ENGL-105: Advanced College Writing or, if participating in the Interdisciplinary Honors Program, IDHP-200: Writing in the Disciplines. These courses are designed to introduce students to college-level writing and research. Students must earn a C- or higher to fulfill this requirement.

ILAR-101: Introduction to the Liberal Arts (See above)

One course designated as Writing Intensive (designated by a “W” in the course listings). This course may also fulfill a Ways of Knowing and/or a course required for the major or minor. ILAR-101 is a Pre-Requisite for all Writing Intensive courses however courses may have additional Pre-Requisites. Check the Course Description for
information. A Writing Intensive course is a Pre-Requisite for all Senior Seminars. (A listing of Writing Intensive courses can be found in the FAQ section of the Catalog.) Not required for IDHP students.

A **Senior Seminar** in the major (course number 498.) The Senior Seminar is the capstone experience for the major and it is usually taken in either the Fall or Spring of the student’s Senior year. Students register for this course upon approval of the Faculty Advisor. A Writing Intensive course is the standard Pre-Requisite for Senior Seminar however, departments may have additional requirements. See the course description for specific Pre-Requisites.

**Religious Studies:**
Every student* will take two courses in Religious Studies including RLST-104: The Religious Imagination followed by an RLST-Religious Studies course at the 200-level of the student’s choosing.

* Students who wish to apply an IDHP seminar that contains a Religious Studies component towards their Religious Studies requirement will need to take another course in the Ways of Knowing.

**Public Speaking:**
All students take at least one credit in public speaking, usually PSPK-101: Fundamentals of Public Speaking. Additional options may be available; check with a Faculty Advisor for registration assistance. Not required for IDHP students.

**Ethics:**
All students take a course in ethics, usually ETHS-201: Ethics. Additional options may be available; check with a Faculty Advisor for registration assistance.

**Foreign Language:**
Students are required to take one foreign language course at the 103-level or above according to their placement by the Foreign Language Department.

**Ways of Knowing Perspectives (WOKs)**
Focused on six perspectives, the *Ways of Knowing* component of the Core Curriculum is designed to introduce students to different learning methodologies and strategies for interpreting and understanding the world in which we live. A student may fulfill one *Ways of Knowing* category by virtue of course indicated as *Required in the Major*. A student may use no more than two courses with the same course prefix to fulfill additional *Ways of Knowing* Perspective. Students must complete at least one course in each of the following areas and one additional course in any one area of their choice, for a total of seven courses*:

*Artistic* (designated by an *A* in the Course Listing): Courses in this category enable students to become aware of, experience, develop, analyze and/or interpret the products of the human imagination in the fine arts.

*Behavioral (B)*: Courses in this category provide students with an understanding of the psychological, sociological, economic, political, and cultural dimensions of human behavior.

*Historical (H)*: Courses in this category evoke an awareness of the development of human societies, examining their political, social, economic, and cultural evolution through the ages.

*Literary (L)*: Courses in this category may cover any of the literary genres and periods and teach students to perform literary/critical analysis of primary texts.

*Problem-Solving/Analytical (P)*: Courses in this category focus primarily on developing skills in systematic analysis. Courses will provide students with the basic ability to reason with conceptual and/or quantitative data to assess the basic conceptual and/or statistical aspects of an argument.

*Scientific (S)*: Courses in this category examine how scientific knowledge is obtained as well as the implications and applications of that knowledge. Emphasis is on how scientists perceive and attempt to understand the natural world.
* IDHP students fulfill all but the Scientific Ways of Knowing Perspectives by virtue of completing the IDHP program. Students who take an IDHP seminar that contains a science component will need to complete a 1.0 credit lab experience in addition to the IDHP seminar. The IDHP and Faculty Advisor will assist students with choosing the right courses to meet the requirements.

**Proficiencies**

Students are required to demonstrate established proficiency levels either by exam or coursework in Excel; PowerPoint; Researching and Formatting Academic Papers; and Mathematics, in addition to successfully passing a survival skill Swim Test. Students who do not demonstrate proficiency in any of these areas will be required to follow a specified program until the required proficiency level is achieved.

**Computer Proficiencies:**

Students must demonstrate proficiency in the following areas:

- Microsoft Excel – Introductory level (CMTC-103: Introduction to Microsoft Excel)
- Microsoft PowerPoint – Intermediate level (CMTC-185: Intermediate PowerPoint)
- Researching and Formatting Academic Papers (CMTC-120: Research and Formatting Academic Papers)

If students have sufficient background in any of these areas, they should take a Proficiency Test administered by the Computer Sciences department; if the results are not successful, they register for the 1-credit course indicated above. Courses taken to fulfill a Computer Proficiency must be passed with a grade of C or better to satisfy the requirement. Proficiency Test schedules are sent via CHC email several times a semester.

Students completing EDUC-346: Technology In Education with a grade of C or better fulfill the Computer Proficiency requirements for Microsoft Excel and Microsoft PowerPoint however they must either take the Researching and Formatting Academic Papers Proficiency Test or pass CMTC-120: Research and Formatting Academic Papers with a grade of C or better.

**Mathematics Proficiency:**

All students* take a Mathematics Proficiency Test as part of the Orientation process. Detailed results of the test are available in Blackboard; a composite score is available on the My CHC Portal. The composite score is used to place students into the appropriate Math course:

<table>
<thead>
<tr>
<th>Composite: 1</th>
<th>Level 1 Proficient</th>
<th>may take any upper-level Math course for which s/he has the appropriate Pre-Requisite; may not take MATH-121 or MATH-122 for credit.</th>

</tr>
</tbody>
</table>

* Students with a transferred course equivalent to MATH-203: Calculus and Analytic Geometry I or MATH-211: Calculus and Modern Analysis I or above do not need to take the test. The Office of Advising will assist those students with registration.

**MATH-100 is non-academic credit.

**Swim Test:**

All students in the School of Undergraduate Studies are required to pass a Swim Test. The test consists of a head-first entry into the pool; swimming two lengths; three minutes of floating; and two minutes of treading water. **The test is strictly a survival swimming test and not a stroke proficiency test.** Students who cannot swim should
register for PHED-115: Beginner Swimming where they will learn the skills necessary to survive in the water. Students with Lifesaving Certification are exempt from the Swim Test if they provide their identification card for verification.

Non-Academic Requirements
Non-academic credits are earned for courses that may be required for graduation, but the credit earned for them is not included in the 120 Academic Credit minimum required for graduation. These courses are graded Pass/Fail only. Failures in a P/F course lower the GPA; a grade of P is not calculated as part of the Career Grade Point Average.

The following non-academic courses are required for all students in the School of Undergraduate Studies:

FYIN-100: First-Year Initiative – taken in the student’s first semester.

FYIN-101: Career Connections – students may meet this requirement in a variety of ways including registering for and successfully completing an internship, fieldwork, practicum, or student teaching course. The Career Services Office will advise students on the options available.

Physical Education: Each student must successfully complete two credits of Physical Education (PHED) courses, or participate in a Varsity sport (VARS) for a minimum of two semesters.

Core-to-Core Transfer Student Requirements
Please note that Core-to-Core requirements may vary depending on the transferring institution. Information presented here is a general overview and not meant to encompass every facet of the Core-to-Core agreements with every institution. An Admissions or Advising representative at the College will be able to assist students in understanding the exact requirements for the Core-to-Core agreement pertaining to them.

An official transcript noting the conferral date from the approved transfer institution must be received in order for a student be reviewed for Core-to-Core status.

Approved Core-to-Core students entering in the Fall of 2011 or Spring/Summer of 2012 follow an alternative Core Curriculum as follows:

Fundamental Requirements
Core Seminars:
Most Core-to-Core students are not required to take ILAR-101 or GLST-201 however they may be taken as electives if the student desires. Note - students graduating from the Community College of Philadelphia must take GLST-201.

Writing:
All transfer students, including Core-to-Core candidates, are required to take the Writing Placement Exam and may be strongly encouraged to complete additional English courses before continuing on with their studies. The English Department will recommend appropriate courses based on the results of the Writing Placement Exam.

Religious Studies:
Unless transferring in equivalent courses, Core-to-Core students must take two courses in Religious Studies including RLST-104: The Religious Imagination followed by an RLST-Religious Studies course at the 200-level of the student’s choosing.

Public Speaking:
Core-to-Core students are not required to fulfill the Public Speaking requirement.

Ethics:
Core-to-Core students are not required to fulfill the Ethics requirement.

Foreign Language:
Core-to-Core students are not required to fulfill the Foreign Language requirement.

Ways of Knowing Perspectives (WOKs)
Core-to-Core students are not required to fulfill the Ways of Knowing Perspectives.
Proficiencies

Computer Proficiencies:
Core-to-Core students are not required to fulfill the Computer Proficiencies.

Mathematics Proficiency:
Core-to-Core students are considered Math Proficient for graduation however they not permitted to take any additional Math courses at the College without first passing the Math Proficiency Test with a score of 1 or 2.

Swim Test:
All transfer students including Core-to-Core students are required to pass the Swim Test.

Non-Academic Requirements
Core-to-Core students are not required to fulfill the Non-Academic Requirements.

Courses to Promote Academic Success
Some students are required to enroll in courses designed to help them prepare for a successful undergraduate experience. Credits for these courses do NOT count towards the minimum credits required for graduation however the grade received is factored into the GPA.

LSTR-100: Creating Success: Skills for Success in College and Life
The student will learn many proven strategies for creating greater academic, professional, and personal success. Topics that promote student success include: personal responsibility, self-motivation, time (self) management, interdependence, self-awareness and emotional intelligence. Any student may register to take this class. LSTR-100 is required of some students as determined by SAT scores, placement scores and/or GPA. Credits earned are not applicable towards graduation.

LSTR-102: Creating Success: Reading and Writing Across the College Curriculum
The student will learn many proven strategies for creating greater academic success, through a variety of reading and study skills, specifically reading and understanding college level materials effectively. Any student may register to take this class. LSTR-102 is required of some students as determined by SAT Critical Reading scores, placement scores and/or GPA. Credits earned are not applicable towards graduation.

MATH-100: Developmental Math: Basic Skills and Principles
May be required following Math Proficiency testing. Credits earned do not apply towards the total required for graduation.

Degrees
Chestnut Hill College awards the following undergraduate degrees: Associate of Arts (AA); the Bachelor of Arts (BA); the Bachelor of Science (BS); and the Bachelor of Music (BM). Only one undergraduate degree may be earned at a time. Students who pursue a double major that crosses degree programs will need to choose a primary program for which the diploma is issued. Transcripts reflect a second major or minor, however, only one diploma is issued.

Graduation Requirements
In addition to meeting all of the stated Core Curriculum Requirements (academic and non-academic), a student must apply for graduation with the Office of the Registrar, and pay the graduation fee. A candidate for graduation must hold a minimum Career Grade Point Average of 2.00 and a minimum Major GPA of 2.00. Although not required, a Degree Audit (Exit Interview) with the Office of the Registrar is recommended in the Junior year.

Major Studies
Departments may require a maximum of fifteen courses in the major. Courses in the major above the fifteen course limit may be counted as electives. The minimum number of academic credits required for graduation is 120, however; majors may differ in that requirement. Read the major descriptions carefully to determine the number of credits needed for graduation for a specific major. Students may major in one, or two, of the following areas:

Accounting
Biology
Biochemistry

History
Human Services
International Business, Language and Culture
Individualized Major
A student who desires an individualized major designs a program combining at least two disciplines, at least one of which is an existing major. An individualized major is not a double major. In consultation with a faculty advisor and with the support of the involved department chairs, the student prepares a program and submits it to the Dean of the School of Undergraduate Studies for approval. Criteria for acceptance include the coherence of the program, its rationale, and the rigor of its curriculum. Application should be made by the second semester of the Sophomore year or upon completion of 45 credit hours.

The student must work with an academic advisor. With the support of the involved department chairs, the student and the advisor will develop a plan of study to be approved by the Dean of the School of Undergraduate Studies. Application forms may be obtained from the Office of the Dean, School of Undergraduate Studies, St. Joseph Hall, 3rd Floor.

In order to be eligible, the student must have and maintain a career GPA of 3.2. Requirements for the individualized major will include a minimum of 12 courses relevant to the area of study, with no more than 25% at the 100 level. This will include a Senior Seminar supervised by a department with an existing major determined by the student’s advisor and approved by the Dean of the School of Undergraduate Studies. Title of the major will be determined in consultation with the Dean and the student’s advisor.

Double Major
Students are permitted to major in two disciplines if they have earned a career GPA of 3.20 or better with a minimum of 24 academic credits earned, and make their application before the completion of 75 academic credits*. Students who major in two disciplines need to fulfill the requirements of each department; Core Requirements need to be completed only once. To double major, the student needs the permission of the Chairs of both departments and must submit a proposal to the Dean of the School of Undergraduate Studies for final approval. Forms for the double major may be obtained from the Office of the Registrar, St. Joseph Hall, 3rd Floor.

* Exceptions may be granted by the Dean of the School of Undergraduate Studies.

Minor Studies and Certificate Programs
Departmental and Inter-Departmental Minors
Students who wish to pursue a minor in any discipline must obtain a form from the Office of the Registrar. This form should be taken to the chair of the department in which the student wishes to minor. A student may not have more than two minors. A student may choose to minor in one, or two, of the following areas:

Interdisciplinary Honors Program
The Chestnut Hill College Interdisciplinary Honors Program (IDHP) is designed to challenge students to pursue a creatively different approach to the liberal arts. Please refer to the Interdisciplinary Honors Program section of the catalog for more information. Interested students may apply for the complete Interdisciplinary Honors Program, or for a single Honors seminar (please note that registration is limited and preference is given to students pursuing the complete program.) For more information, please contact Kathleen Duffy, SSJ, Room 4 St. Joseph Hall. Telephone: 215.248.7197. Email: kduffy@chc.edu.

Special Degree Programs
Combined Programs
The BA in Psychology/MS Program in Counseling Psychology provides the opportunity for exceptionally qualified students to work on a bachelor’s degree and a master’s degree simultaneously. This program allows study at undergraduate and graduate levels in a parallel format, creating a rewarding and challenging program to focused, qualified students. This offers a financial benefit in that tuition is paid at the undergraduate rate in the Fall and Spring semesters, even while the student is enrolled in graduate courses. This results in a substantial savings in tuition costs. (Graduate courses taken in the Summer are billed at the graduate rate.) The BA/MS program is a professionally-oriented program that will admit only those applicants who are committed to a career in counseling psychology. Admission interviews conducted by members of the BA/MS program are required to assess the applicant’s readiness to pursue a successful professional career in counseling psychology. To obtain more information about admission to the program, please see the Psychology section or contact Dr. Lynn Brandsma, Room 3, St. Joseph Hall. Telephone: 215.248.7049. Email: brandsmal@chc.edu.

The Chestnut Hill College Department of Education’s combined BS in Education/MEd Program with Special Education Certification will enable students to earn certification in Early Education (Pre-K-4) and a master’s degree in Education with Special Education Certification in a single program of approximately five years. Applicants will need to maintain a 3.00 GPA throughout their program in order to be approved for certification. In the beginning of the fifth year students will have additional course work and practicum experiences involving exceptional children in the regular school setting as well as programs in the community serving children who require more extensive academic and/or behavioral supports. The Senior year incorporates beginning course work in special education while completing the elementary certification program. The overall goal of this program is to prepare teachers to teach in a classroom with children who have exceptional educational needs while at the same time providing them with experiences working with children in separate community-based settings. To obtain more information about admission to the combined BS/MEd in Elementary Education with Special Education Certification, please contact Carol Pate, 4th Floor St. Joseph Hall. Telephone: 215.248.7155. Email: cmpate@chc.edu.

Chestnut Hill College offers a combined BS in Computer and Information Sciences or a BS in Computer and Information Technology and an MS in Instructional Technology in approximately five years. Qualified students have the opportunity to complement a rigorous undergraduate computer science curriculum or a multi-strand undergraduate technology curriculum with a master’s program that provides a strong technical and theoretical foundation for teachers, members of the academic community, and e-learning professionals. This program will prepare graduates to assume positions in such challenging areas as web page technology and multimedia design and production, and gain access to leadership opportunities in both the corporate and academic worlds. Qualified students
enrolled in this program begin taking graduate courses after their Sophomore year as they continue to pursue their undergraduate studies. Students are charged undergraduate rate tuition for both undergraduate and graduate courses during the regular academic year for the first four years. Students who are considering this program should have a high school GPA of at least 3.00, and minimum combined SAT scores (Critical Reading and Math) of 1000. In addition, admissions interviews conducted by members of the undergraduate and the graduate programs are required. To obtain more information about admission to the combined BS/MS in Computer Information Sciences/Technology and Instructional Technology, please contact Lisa Olivieri, SSJ, Room 201 St. Joseph Hall. Telephone: 215.248.7155. Email: lolivier@chc.edu or Yefim Kats. Email: katsy@chc.edu.

The combined BS in Human Services/MS in Administration of Human Services provides an excellent opportunity for qualified Human Services majors in the School of Undergraduate Studies to complete the MS degree in Administration of Human Services in the School of Graduate Studies. Students majoring in Human Services are eligible to apply to the program once they have achieved Senior status. Transfer students must take a minimum of 15 credits at Chestnut Hill College and earn a Career 3.00 GPA in these courses before making application to the program. Each student will be expected to meet the admissions requirements of the School of Graduate Studies and be provisionally accepted into the program before registering for any graduate courses. Formal acceptance will be granted upon receipt of a transcript verifying successful completion of the undergraduate degree program. For more information, please contact Nancy DeCesare, SSJ, Room 202, St. Joseph Hall. Telephone: 215.248-7028. Email: decesaren@chc.edu.

Dual-Degree Programs
Chestnut Hill College and Arcadia University cooperate in offering a dual-degree program leading to a Bachelor of Science in Biology, Bachelor of Science in Molecular Biology, or Bachelor of Science in Chemistry at Chestnut Hill College and the Master of Medical Science: Physician Assistant Program (MMS) at Arcadia University. This is a ‘4+2’ agreement in which qualified Chestnut Hill College students meeting the criteria will be admitted to the Physician Assistant Program at Arcadia University. Students interested in this program should contact the Chair of Biology or the Chair of Chemistry.

The College of Health Professions of Thomas Jefferson University cooperates with Chestnut Hill College in offering dual-degree programs leading to the Bachelor of Science in Biology or Chemistry, or the Bachelor of Science in Medical Technology, Biotechnology, Cytotechnology, or Cytogenetic Technology. After four to six semesters at Chestnut Hill, students who meet established criteria will be admitted to upper division courses in the College of Health Professions at Thomas Jefferson University. The program may require summer study in addition to regular sessions. The College of Health Professions also offers a 12 month Post-baccalaureate Certificate Program for students who wish to complete their undergraduate degrees in Biology or Chemistry entirely at Chestnut Hill College.

### Pass/Fail Grading Option

Students having earned at least 24 academic credits may take up to 4 credits per semester of electives on a Pass/Fail (P/F) basis. The total number of P/F courses taken may not exceed 18 credits. Electives are defined as any course not required for a major or minor or the core curriculum. A course may be taken P/F (even a course in the major department), but it will count as an elective and will therefore not be counted toward the requirements for the major or the minor. The only P/F credits that may be counted towards a major or minor requirement are those earned for fieldwork, internships or practica at the discretion of the department.

Requests to change the grading option must be received in the Office of the Registrar by the deadline published in the Academic Calendar. Instructor's permission is required to change the grading option of a course after the drop/add deadline as published in the Academic Calendar.

Academic credits earned P/F count towards the minimum 120 credits required for graduation. Failures in a P/F course lower the GPA; a grade of P is not calculated as part of the Career GPA. Students may change their status from a standard letter grade to P/F only with permission of the instructor.

### Auditing

Students with Senior status may audit (AU) a course if enrollment permits. The credit hours are counted for billing purposes; however they are not counted towards graduation. A grade of AU appears on the official transcript.

Requests to change the grading option must be received in the Office of the Registrar by the deadline published in the Academic Calendar. Instructor’s permission is required to change the grading option of a course after the drop/add deadline as published in the Academic Calendar.

### Incomplete Grades

A student may request a grade of Incomplete ("I") from the faculty member of a given course. However, Incomplete grades are discouraged and are granted for serious reasons only (e.g., sickness requiring medical intervention and care, a death in the family, unexpected and unavoidable circumstances which preclude the completion of work on time). Requests made after the last class or final exam meeting will not be accepted or approved. The granting of an "I" is left to the discretion of the faculty member, department chair and Director of Academic Advising. The following procedure must be observed:

1) The student approaches the faculty member to discuss the reasons for the request. Reasons for such a request must be serious and/or unforeseen, and cannot be remedied in another way within the time frame of the semester. Requests should normally be made prior to the last week of classes. If the faculty member discerns that the reason(s) for the request is reasonable and justified, the faculty member and student discuss the requirements for the completion of the course including a time-line for the submission of required materials/assignments. The time-line must not exceed beyond 6 weeks after the final exam meeting.

2) The student then obtains a “Course Incomplete” form from the My CHC Portal or the Office of Academic Advising. The student completes the form and then presents it to the faculty member for review and for his/her signature. After the faculty member signs the form, the student then takes the form to the Department Chair for his/her signature and then returns the form to the Office of Academic Advising.

3) The Office of Academic Advising will sign the form, retain a copy and then return copies to the following individuals: 1) the faculty member; 2) the Department Chair; 3) the student requesting the Incomplete, 4) the Office of the Registrar.

The student assumes full responsibility to make sure that all the requirements are fulfilled and submitted to the Instructor in a timely manner. **If the work is not completed and submitted at the end of the day designated by the Instructor, then the student will automatically receive a grade of “F”**. The faculty member will grade all the material and submit the grade to the Registrar via CHC email by the deadline. If the course
is a pre-requisite, the Incomplete grade must be finalized before the student can register for the next course in the sequence.

The **maximum time frame** for completion of incomplete work is **6 weeks after the final exam meeting**. The time line cannot be extended once it is agreed to and submitted to the Office of Academic Advising. For exceptional circumstances that are fully documented, the deadline may be extended with written approval of the Dean of the School of Undergraduate Studies. To obtain this special approval the student must submit the reasons for the extension in writing to the Dean after having received approval from the Instructor for the extension.

**Repeated Courses**

**To Earn a Better Grade**
A student may repeat a course in an effort to earn a better grade. The student must repeat the exact course and do so at Chestnut Hill College. Academic credits for a course may be earned only once unless the course is designated repeatable for credit. There is no limit to the number of times a student may repeat a course to earn a better grade. If a student repeats a course, only the highest grade earned by the student will be used to calculate the student’s GPA. The lower grade(s) will be forgiven in the calculation of the student’s GPA. However, all instances of a course and all grades earned will appear on the student’s transcript. If a grade is replaced in the calculation of a student’s GPA, the forgiven grade will be marked with an asterisk (*) on the student’s transcript and the **higher** grade will be marked with an “R” for Repeated.

**Accumulated Credit**
Certain courses may be repeated and the credits accumulate towards graduation. The course description indicates courses that are “repeatable for credit.” Special Topics courses are, in most cases, repeatable for credit.

**Courses Required for a Major or Minor**
The minimum grade requirement in courses required for a major or a minor (including those courses outside of the major department) is C- (1.70). All courses for a major or a minor are indicated in the Degrees and Programs section. This policy applies to all courses taken by all students in the School of Undergraduate Studies from Fall 2007 forward.

**Withdrawal Guidelines**

**From a Course**
Students are permitted to withdraw from a course or courses with permission of a Faculty Advisor until the date indicated on the Academic Calendar. The student must speak with a Faculty Advisor before deciding to stop attending a course. Students should also speak with Financial Aid, Athletics, and International Student Services, as appropriate, before meeting with the Faculty Advisor to discuss withdrawing. Withdrawing may not be ideal; the Faculty Advisor will approve a withdrawal only after ensuring the possible academic and financial consequences are understood. Once a course has been withdrawn, it cannot be reinstated without the permission of the Dean of the School of Undergraduate Studies. The Change of Registration Form is available on the My CHC Portal in the Handouts section or in the Office of the Registrar. Emailed requests are not accepted.

**From the College Completely**
A student who wishes to withdraw from all current courses in the School of Undergraduate Studies, and effectively from Chestnut Hill College, must notify the Office of Academic Advising in writing. The Change of Enrollment form may be obtained from the Office of Academic Advising, St. Joseph Hall, 3rd Floor. Telephone: 215.248-7199. Fax: 215/753-3661. Email: advising@chc.edu.

**Leave of Absence**
A student in may interrupt his/her college program by requesting a Leave of Absence for up to two consecutive semesters. A student who does not re-enroll by the end of the Leave of Absence, a maximum of one year, must reapply for admission to the School of Undergraduate Studies if he/she wishes to return to the College. Students on Academic Warning or Probation at the time of the Leave of Absence maintain that status upon their return even if they must reapply to the College.

There is no limit to the number of Leaves a student may take. During a Leave of Absence the student is not considered to be enrolled at the College, which may affect the continuation of student-related benefits such as loan deferment or health insurance eligibility. Before making the decision to take a Leave of Absence, students are strongly encouraged to speak with a Faculty Advisor.
advised to contact Financial Aid, Academic Advising, and any third-parties providing status-dependant services to discuss the possible ramifications. A Change of Enrollment form may be obtained from the Office of Academic Advising, who will also be able to assist with registration once the Leave has ended.

**Grade Reports**

Reports for either Mid-term or Final Grades are available to current students via the My CHC Portal – [https://my.chc.edu](https://my.chc.edu); no grade reports are mailed unless requested in writing within 2 weeks of the end of the semester. Former students and alumni wishing to view their grades must request an official transcript. Parents wishing to have grades mailed to them must make the request in writing and must be listed on the student’s account as a FERPA waivered-contact. Mail requests to: Office of the Registrar, 9601 Germantown Avenue, Philadelphia, PA 19118 or fax to 215.242.7714. Requests should include the student’s name and ID number and must be signed by the parent. Please allow 7 – 10 days for processing via US mail. Grade reports will not be emailed or faxed.

**Grade Appeals**

After a grade, either mid-term or final, has been submitted to the Office of the Registrar, it may not be changed unless the instructor has made an error in the calculation. A change of submitted grade must be requested within the appropriate time frame by following the official process. A student who wishes to appeal a grade should proceed in the following steps. Keep a written record of the relevant dates. Consult the catalog of the school in which the course was taken. **NOTE:** In cases where the appeal decision will determine whether or not the student may register for the next sequential course, the process may be expedited appropriately. In such cases, the student should arrange the schedule of deadlines with the appropriate Dean at the time of initiating the appeal.

1) The student should contact the faculty member within thirty days (School of Undergraduate Studies – SUS and School of Graduate Studies -SGS) or ten days (School of Continuing Studies/ACCELERATED -SCPS) of the grade submission deadline (see Academic Calendar).
2) The student is encouraged to try to resolve the issue through conversation with the faculty member who has given the grade.
3) If the issue cannot be resolved by conversation, the student may submit a written appeal to the faculty member, along with any relevant materials (papers, tests, assignments, etc.), within ten days (SUS and SGS) or five days (SCPS). The faculty member should respond within one week of receiving the request with a written statement to the student detailing the reasons for the grade.
4) If the issue remains unresolved by the consultation with the faculty member, the student may, within ten days (SUS and SGS) or five days (SCPS) of receiving the faculty member’s written response, appeal in writing to the chair of the appropriate department, stating the reasons for the disagreement and presenting evidence in support of the appeal. The chair will respond in writing within two weeks of receiving the written appeal. If the written appeal is received by the chair between June 1 and the beginning of the Fall semester, the deadline is postponed to September 15. The appropriate Dean will forward all relevant materials to the ad hoc committee in sufficient time for them to be reviewed prior to the meeting. The student and the faculty member will present their arguments before the ad hoc committee in one another’s presence and will both answer questions from the committee. The committee will then review the evidence in private and reach a decision.
5) The Dean will form an ad hoc committee to review the issue. This committee will consist of the Dean and three faculty members chosen in the best interest of the matter at hand. The ad hoc committee will convene as soon as possible. The appropriate Dean will forward all relevant materials to the ad hoc committee in sufficient time for them to be reviewed prior to the meeting. The student and the faculty member will present their arguments before the ad hoc committee in one another’s presence and will both answer questions from the committee. The committee will then review the evidence in private and reach a decision.
6) The committee will immediately communicate its decision to the appropriate Dean, who will notify the student of the final decision in writing.

**Grade Changes After Submission**

An Instructor may neither assign nor accept any additional work after submitting the final grade. The possibility of having a final grade changed is not a substitute for requesting an Incomplete. If the Instructor is no longer employed at the College, or is otherwise incapacitated, the Chairperson of the Department is permitted to assign a grade and/or change a submitted grade to rectify a calculation error.

**Mid-Term Grades**

Mid-term grades are issued to all First-year students, transfer students who have not earned/transferred more than 24 academic credits; student athletes; and students on Academic Warning or Probation. Mid-term grades are for informational purposes only – they are not part of the student’s academic history and do not “automatically” calculate into the Final Grade. Grades may be viewed on the My CHC Portal; no unsolicited mailers are sent regarding grades.
Transfer students are considered First-year for registration purposes until an official and final transcript has been received and evaluated. Mid-term grades may be issued to other students at the Instructor’s discretion.

**Academic Actions**

**Academic Warning**
An Academic Warning serves as a caution to the student that she/he is in danger of not attaining the necessary Career GPA (2.00) to graduate from Chestnut Hill College. The student may be placed on Academic Warning if his/her cumulative GPA falls below:

- ~ 1.75 prior to the completion of 30 credit hours
- ~ 2.00 prior to the completion of 60 credit hours

**Academic Probation**
A student is automatically placed on Academic Probation if his/her Career GPA falls below:

- ~ 1.75 at the completion of 30 credit hours
- ~ 2.00 at the completion of 60 credit hours

Students on Academic Probation are limited to a 12 academic credit course load. This may affect a student’s graduation date. **A student who falls below the required GPA or fails to complete 66% of attempted credits is also in danger of losing his/her financial aid.**

Students on Academic Probation are required to meet with the Office of Academic Advising on a routine basis to discuss academic progress. Failure to attend these meetings may factor into the decision to continue Academic Probation into the next semester.

**Academic Dismissal**
A student on Academic Probation is expected to raise his/her level of performance after one semester. A student on Academic Probation for two consecutive semesters (maximum) who fails to demonstrate the ability to achieve a minimum Career GPA of 2.00 shall be dismissed from the College. Students who are academically dismissed from the College will receive a certified letter detailing the reason(s) for the dismissal.

To be considered for re-instatement after Academic Dismissal, a student must:

- Complete at least 12 credits, usually 24, at another accredited institution with a grade of C or better
- Hold a cumulative GPA of 2.0 or above at that institution
- Write the Academic Review Board (in care of the Director of Academic Advising) an official request for readmission detailing the coursework completed and the steps that will be taken to ensure academic success at Chestnut Hill College

Once those criteria have been met the student may reapply to the College following the standard Readmission Guidelines.

Students reinstated from Academic Dismissal will be placed on Academic Probation and will be limited to a 12 academic credit course load. Students on Academic Probation are required to meet with the Office of Academic Advising on a routine basis to discuss academic progress. Failure to attend these meetings may factor into the decision to continue Academic Probation into the next semester.

**Good Academic Standing**
A student with a Career GPA of 2.00 or above is considered to be in “good academic standing.” Letters affirming good academic standing are available from the Office of the Registrar and must be requested in writing.

**Credit Load/Overload**
An undergraduate student enrolled for 12 or more academic and/or non-academic credits is considered a Full-time student. A normal credit load is 15 academic credits however, students in special programs and those on Academic Probation may have additional limitations. The Office of Advising will work with those students to ensure guidelines are met.

To enroll for more than 17 hours in a semester, the student must have a term GPA of 3.20 or above for the most recent full-time semester completed. In cases where the demands of a department’s schedule require a student to
enroll for more than 17 hours, an exception to the minimum GPA of 3.20 may be made. Please note that such an exception requires the permission of both the advisor and the Office of Academic Advising.

Additional tuition, at the current per credit rate, will be charged for all academic credits beyond 18. Please contact the Office of Advising for assistance and information. St. Joseph Hall, 3rd Floor. Telephone: 215.248-7199. Fax: 215/753-3661. Email: advising@chc.edu.

Class Level
Undergraduate class level is determined by the number of academic credit hours earned by the student. Level is calculated using credits earned at the College or transferred in to date, currently enrolled courses are not included in that calculation. For Sophomore status, a student must have completed 24 academic credits; for Junior status, 54 academic credits; for Senior status, 84 academic credits.

Online registration is opened for students by class: Seniors have first choice, followed the next day by Juniors, Sophomores, then Freshman/unverified transfer students. Transfer students are considered Freshman for registration purposes until an official and/or final transcript has been received and evaluated.

Advanced Placement Credits
Chestnut Hill College accepts Advanced Placement credits* with a score of 3, 4, or 5. A student may receive up to 4 credits per exam, depending on the equivalent college course and contingent on departmental approval. A student may receive credit for a General Education or Elective course with a score of 3. A score of 4 or 5 may be applied to courses required for the major. The individual department will make all final decisions regarding the allocation of AP credits. Departments may waive certain courses based on the AP score, but the student is responsible for the total required number of hours in the major and the Core Curriculum.

*Exceptions/Information:
BIOL-111: Principles of Biology I, which fulfills the Scientific Ways of Knowing. Students with a score of 4 or 5 will receive 4 credits equivalent to BIOL-112: Principles of Biology II, which also fulfills the Scientific Ways of Knowing. A maximum of 4 credits may be applied based on the qualifying Biology test score.

BUSINESS: Students who receive a score of 3, 4, or 5 in Microeconomics will receive 3 credits equivalent to ECON-102: Principles of Microeconomics. Students who receive a score of 3, 4, or 5 in Macroeconomics will receive 3 credits equivalent to ECON-101: Principles of Macroeconomics.

CHEMISTRY: A grade of 5 will be considered equivalent to completion of CHEM-132: Principles of Chemistry II and the student will receive 4 credits. A grade of 4 will be considered equivalent to completion of CHEM-131: Principles of Chemistry I and the student will receive 4 credits. For a grade of 3 the student will be awarded 4 credits that will fulfill the Scientific Ways of Knowing requirement. A maximum of 4 credits may be applied based on the qualifying Chemistry test score.

ENGLISH: For a score of 4 or 5 on the English Language and Composition Exam the student will receive 3 credits equivalent to ENGL-101: College Writing. The student may be invited to enroll in ENGL-105: Advanced College Writing based on the results of the English Placement Exam. A score of 4 or 5 on the English Literature Exam will be accepted as three elective credits in English at the discretion of the department.

ENVIRONMENTAL SCIENCE: A score of 3, 4 or 5 will be considered equivalent to completion of BIOL-106: Ecology and Environmental Issues. 4 credits, which fulfill the Scientific Ways of Knowing requirement, are applied.

HISTORY (American/European/World): 3 credits are given to those students who have attained a score of 3 or better on the test(s). Each test is equivalent to 3 credits; a total of 9 credits may be awarded. The credits are counted as electives; they do not replace courses required for graduation in the History major nor do they fulfill the Historical Ways of Knowing.

LANGUAGES: A score of 3 in Language or Literature is equivalent to the 103 course in the respective language, worth 3 credits. This satisfies the Core Foreign Language requirement. A score of 4 or 5 in Language is equivalent to any Language-221: Advanced Grammar and Composition, which also satisfies the requirement. A score of 4 or 5 in
Literature is equivalent to an introductory course in literature, assigned at the discretion of the Department, and is worth 3 credits. This also satisfies the requirement.

MATHEMATICS: Students who earn a score of 3 in Calculus AB will receive 3 credits for MATH-203: Analytic Geometry and Calculus I. Students who earn a score of 4 or 5 in Calculus AB or a score of 3 in Calculus BC will receive 3 credits for MATH-204: Analytic Geometry and Calculus II. Students who earn a score of 4 or 5 in Calculus BC will receive 3 credits for MATH-212: Calculus and Modern Analysis II. Students who earn a 3 in Statistics will receive 3 credits for MATH-227: Introduction to Statistics. Students who earn a score of 4 or 5 in Statistics will receive 3 credits for MATH-262: Probability and Statistics. A maximum of 6 credits may be applied based on the qualifying Mathematics test score. Any of the above fulfills the Problem Solving Ways of Knowing requirement.

MUSIC: The College does not accept scores from the Advanced Placement Music Theory examination as an equivalent.

PHYSICS: A grade of 4 or higher in Physics B: Mechanics will be considered equivalent to PHYS-121: Principles of Physics I and the student will be awarded 4 credits. A grade of 4 or higher in Physics B: Electricity and Magnetism will be considered equivalent to PHYS-122: Principles of Physics II will be awarded 4 credits. A student with a grade of 3 or higher in Physics B: Mechanics and/or Physics B: Electricity and Magnetism awarded either 3 or 4 credits (depending on whether the course had a laboratory component) that will count towards fulfilling the Scientific Ways of Knowing requirement. For a grade of 3 or higher on the Physics C exam the student will be awarded either 3 or 4 credits (depending on whether the course had a laboratory component) that will count towards fulfilling the Scientific Ways of Knowing requirement.

POLITICAL SCIENCE/GOVERNMENT: For a grade of 4 or 5 on the American Government the student will be awarded 3 credits equivalent to PSCI 113: American Political Process, which fulfills the Behavioral Ways of Knowing. For a grade of 4 or 5 on the American Government the student will be awarded 3 credits equivalent to PSCI-230: Introduction to Comparative Politics, which also fulfills the Behavioral Ways of Knowing. A student who has earned a score of 3 on the American Government test and/or the Comparative Government test will be awarded 3 elective credits for each. Electives do not fulfill Ways of Knowing or major requirements.

PSYCHOLOGY: An Advanced Placement test scores of 3 or higher will be accepted as 3 credits equivalent to PSYC-101: General Psychology

Graduate-Level Courses
A student may begin work in the School of Graduate Studies while fulfilling the requirements for an undergraduate degree if the student’s academic performance justifies such action. Graduate-level credits earned in excess of those required for the undergraduate degree may be applied towards an advanced degree when the credits earned are not applied towards the undergraduate degree. The student must have Senior status, a Career GPA of 3.00, and permission of the department chair and Dean of the School of Graduate Studies. The combined number of graduate and undergraduate credits may not exceed 15 per semester. Registration is on a space-available basis; the student must comply with any required course sequencing and must fulfill all prerequisites. Full-time undergraduates who register for both undergraduate and graduate courses pay no additional tuition or fees. Part-time undergraduates, and those taking graduate-level Summer courses, must pay the graduate tuition rate.

Course Agreements With Other Institutions
Office of the Registrar, St. Joseph Hall, 3rd floor
Telephone: 215.248.7005. Fax: 215.242.7714. Email: registrar@chc.edu

The cooperative agreement with LaSalle University enables full-time undergraduate students to take courses at LaSalle during the Fall and Spring semesters at no extra charge. Students receive full credit for these courses which are included in the Chestnut Hill College GPA. Students need the permission of their academic adviser to take courses at LaSalle University and should register for these courses through the Office of the Registrar.

The Sisters of St. Joseph Association of Colleges Student Exchange Program offers Chestnut Hill College students the opportunity to enrich their educational experience by studying for a semester or a year at one of seven other colleges founded and/or operated by the Sisters of St. Joseph: Avila College (Kansas City, MO); Elms College (Chicopee, MA); Fontbonne College (St. Louis, MO); Mount St. Mary’s College (Los Angeles, CA); Regis College
Chestnut Hill College full-time undergraduate matriculated students paying full-time tuition may register for up to two undergraduate courses a year at any other Southeastern Pennsylvania Consortium for Higher Education (SEPCHE) member institution. The Southeastern Pennsylvania Consortium for Higher Education (SEPCHE) includes Arcadia University, Cabrini College, Chestnut Hill College, Gwynedd-Mercy College, Holy Family University, Immaculata University, Neumann College, and Rosemont College.

The Cross Registration program is designed to provide increased educational opportunities for students of any member institution. Through this program, students have the option to take courses that are not being offered at their home campus and to experience the varied and diverse resources on member campuses across the Delaware Valley. Students must have completed at least one year as a full-time student at their home campus before taking courses through the Cross Registration program. Courses may not be taken at a member institution if that course or its equivalent is offered at the home institution in the same semester. No tuition or fees will be charged by the host institution, except for special or extra fees that are part of the courses taken, such as lab fees. The Cross registration functions only in Fall and Spring semesters, and does not apply to accelerated or weekend courses, independent study, study abroad, tutorials, internships, practicum field experience, student teaching, private music lessons, or per credit hour or graduate students.

Permission to Take Courses at Another Institution
Students who wish to take courses at other colleges or universities during the summer must have the courses approved by the Faculty Advisor and by the Office of Academic Advising. Permission to Study Off Campus forms are available from the Office of Academic Advising. Transfer credits will be awarded for only those courses in which a grade of C (2.0) or better has been earned. All transferred courses are recorded with a grade of TR-Transfer. It is the student’s responsibility to ensure that a final, official copy of the transcript is received in the Office of the Registrar. No credit will be given for any course unless the final, official transcript is received.

Restrictions
All students are required to take the last year (Senior year) of course work at Chestnut Hill College. Transfer credits are not accepted from a Community or two-year College once a student has achieved Senior status (earned 84 academic credits).

Under ordinary circumstances, matriculating students are not permitted to take courses in the major field at other institutions. Exceptions are permitted for study abroad and for attendance at SSJ/CSJ Consortium Schools.

Transfer credits, other than those earned at LaSalle University or at a SEPCHE institution, may not be earned during the Fall and Spring semesters. Although transfer credits are added to the total number of credits earned, they are not included in the student’s Career GPA unless they are earned at LaSalle University or at a SEPCHE institution during the Fall or Spring semesters. Summer courses taken at SEPCHE institutions are recorded with a grade of TR. Students register and pay for the course at the SEPCHE institution with approval of the the Faculty Advisor and by the Office of Academic Advising.

Credits earned while studying abroad are not included in the Career GPA except when part of an official program sponsored by the College. See the Study Abroad section for details.

Alternative Assessments
There are several alternate ways by which matriculated, full-time students may earn credit for courses at Chestnut Hill College; namely, through challenge examinations and portfolio assessment. Application for each of these experiences must be made through the Office of Academic Advising and approved by the Dean of the School of Undergraduate Studies, after consultation with the department involved. The deadline for such application is the same as the deadline for dropping or adding courses. An evaluation equivalent to a grade of “B” is required for credit to be given for these alternative methods of assessment. A non-refundable fee equal to one-third the cost of the
course is payable upon application. A maximum of 15 credits in AP, Challenge, and CLEP combined will be accepted towards a Chestnut Hill College degree. These credits will also be included among those transferred into the College.

**Challenge Examinations**
A matriculated, full-time student, who, by virtue of academic or professional background, can demonstrate mastery of certain courses without formal enrollment in such courses, may choose to challenge the course and obtain academic credit. A student may challenge up to 12 credits, but may not challenge a course previously failed. All challenge examinations must be completed prior to registration for the final fifteen credits required for the degree. A fee is charged for this service.

**Portfolio Assessment**
A matriculated, full-time student may present, in a portfolio, a compilation of data organized in an approved format to demonstrate college-level knowledge sufficient to be awarded credit for a course in the current college catalog. A complete description of the process involved in proposing, fulfilling, and submitting a portfolio may be obtained in the Office of the Director of Academic Advising. A fee is charged for this service.

**College Level Examination Placement (CLEP)**
Each academic department determines which CLEP examinations will be accepted. Credit for CLEP will be given after the student has earned 15 credits at the College but prior to registration for the final 15 hours of credit for graduation from the College.

**Conferral, Graduation and Diplomas**
Degrees are conferred three times per year: August, December, and May. A student is not considered to be graduated until the Office of the Registrar has recorded a transcript notation, which may take some time following the official conferral date. August and December conferrals are scheduled four business-days following the Final Grade due date in the School of Undergraduate Studies; May conferral is scheduled for the Saturday following Exam Week.

There is one graduation ceremony (Commencement) per academic year held in May. Students who graduated the prior August or December are welcome to participate in Commencement. No student who has coursework yet to complete is permitted to participate in the graduation ceremony. No student with any type of Hold on their account is permitted to participate in the graduation ceremony.

The Chestnut Hill College undergraduate diploma is written in Latin; features the signatures of the President, the Vice President for Academic Affairs, the Dean of the school, the Registrar; and bears the official school seal. Diplomas are issued at Commencement in May or via the US Mail following conferral. Latin Honors earned are printed on diplomas.

**Honors: Distinctions and Societies**

**Dean’s List**
Effective in the Fall semester of 2011, the Dean’s List for full-time students (those taking a minimum of 12 credits that earn quality points) is published three times each academic year following the fall, spring, and summer semesters. Eligibility for inclusion is based upon two criteria: the completion of at least 12 academic credits for the semester with a GPA of 3.60 or higher, and the student’s not being held responsible for violations of academic integrity during that semester.

The Dean’s List for part-time students is published once every September. To be eligible, part-time students must have completed a minimum of 12 credit hours during the preceding 12 months. Eligibility for inclusion is based upon two criteria: a GPA for the 12 months of 3.6 or higher, and the student’s not being held responsible for violations of academic integrity during that 12-month period.

**Departmental Honors**
Sophomores of high scholastic standing (a Career GPA of 3.50 or higher) may be invited by their major department to stand for Honors in their Junior and Senior years. The Departmental Honors program provides an opportunity for independent study and research culminating in an Honors thesis submitted in the spring of Senior year. (The beginning and completion dates of the Honors thesis for part-time students are determined on an individual basis.) All
students who have successfully completed the Honors Program will be recognized with Honors in their major field at
the annual Honors Convocation and on their academic transcripts. In addition, the title of the completed Honors
Thesis appears on the academic transcript.

**Latin Honors**

Students graduate with distinction if their final Career GPA is: 3.60, *cum laude*; 3.75, *magna cum laude*; 3.90, *summa
cum laude*. Latin Honors are indicated on diplomas in addition to the official transcript.

**Honor Societies**

**Alpha Lambda Delta** is the national society that honors high scholastic achievement during the first year in college.
The Chestnut Hill College chapter of this society received national affiliation in 1993. Students with a Career GPA of
3.50 at the end of their first or second semester are eligible for election to the Chestnut Hill College chapter of Alpha
Lambda Delta. Students inducted into the chapter who maintain a GPA of 3.50 are honored by membership into the
*Alpha Lambda Delta Circle of Excellence* during their graduation year.

**Delta Epsilon Sigma**, the national scholastic honor society for students of Catholic colleges and universities,
established its Alpha Upsilon Chapter at Chestnut Hill College in 1941. Eligibility for election to membership is
limited to Juniors and Seniors with a Career GPA of 3.50 or above who have earned 50% of the credits necessary for
graduation. Nomination is limited to the top 20% of the class. Once designated as eligible, the student must submit
an application to the Honors Committee.

**Kappa Gamma Pi** is the national Catholic college graduate honor society. Membership is based on scholarship,
leadership, and service. To be eligible for baccalaureate membership an individual must graduate from a regionally
accredited four year college which has established an affiliation with Kappa Gamma Pi, and must meet the following
requirements. In addition, no more than 10% of the graduating class may be elected to membership.

- By the end of seven semesters or equivalent, they have attained a point-standing sufficient for graduation with
  honors (3.60)
- They have demonstrated a good record of service activities
- They have shown outstanding leadership in extracurricular activities
- They are currently matriculated students of the college
- They desire to be members of the Society
- They willingly accept the responsibility for individual leadership in church, civic and/or Kappa activities

Members are selected in recognition of past accomplishments and also in anticipation of future service. Once
designated as eligible, the student must submit an application to the Honors Committee.

**Alpha Lambda Adult Education Foundation**, created in 1983, is devoted to the advancement of scholarship.
Applicants must be at least 24 years of age, be matriculated in a degree program, and must have at least a 3.60 GPA
with 30 or more semester hours completed.

**Alpha Sigma Lambda – National Honor Society** recognizes adult students in higher education who have achieved
academic excellence and leadership while fulfilling the many responsibilities of family, work, and community
services. In 1987, the College received approval to establish a chapter (Epsilon Sigma). Potential inductees must be
matriculated in the School of Continuing Studies ACCELERATED Program or as Kirby students in the School of
Undergraduate Studies and have a earned a minimum of 30 semester hours. Members shall be selected only from the
highest 10% of the population and have a minimum Career GPA of 3.60.

**Epsilon Pi Tau** is the International Honor Society for Technology. The Society recognizes academic excellence of
students in fields devoted to the study of technology and the preparation of practitioners for the technology
professions. Students need to complete at least 18 credits in computer science and/or computer technology (CMTC-190
and above), maintain a Career GPA of 3.00 , and a GPA of 3.25 in the major. Eligible students must also be
ranked in the top 35% of their class and must be approved by department faculty.

**Kappa Delta Epsilon** is an honorary professional society, the purpose of which is to promote the cause of Education
by fostering a spirit of fellowship, high standards of scholastic attainment, and professional ideals among its members.

**Lambda Pi Eta** is the official communication studies honor society of the National Communication Association
(NCA). The national requirements for student membership include a 3.00 Career GPA with 60 credit hours
completed and a 3.25 GPA for communication studies courses with 12 credit hours completed. Undergraduates who are elected to Lambda Pi Eta shall rank not lower than the highest 35% percent of their class in general scholarship. All elected members shall exhibit high standards of personal and professional character.

**Phi Alpha Theta**, the History Honor Society, requires a Career GPA of 3.00 and a 3.10 average in History courses. Eligible candidates must have completed a minimum of 12 semester hours of coursework in History and must be in the top 35% of their class.

**Phi Sigma Iota** is the International Foreign Language Honor Society and it recognizes outstanding accomplishment in the study or teaching of any of the academic fields related to foreign language, literature, or culture. Undergraduate students shall be enrolled in the institution represented by the chapter, have completed at least one course in a foreign language at the third-year level or its equivalent (fifth semester or seventh quarter), have completed 45 semester hours or its equivalent, have a minimum grade point average of 3.0 on a 4.0 scale, and rank in the top 35% of their class.

**Psi Chi**, the national honor society in Psychology, is an affiliate of both the American Psychological Association and the American Psychological Society. Membership in the local chapter requires a major or minor in Psychology; a ranking in the top 35% of the class; a Career GPA of 3.20; a Psychology GPA of 3.50; Junior standing; and the completion of 4 or more Psychology courses.

**Psi Beta Delta** is the International Honor Society for Business, Management, and Administration that encourages and recognizes scholarship and accomplishment among students of business, management and administration, established its Chapter at the College in 2006. Eligibility for election to membership is limited to those students that rank in the upper 20 percent of their class and have achieved a Career GPA of 3.50 at the time of invitation to membership following completion of at least one-half of the degree program in which they are enrolled. Transfer students who meet the qualifications for membership may be inducted after they have completed a minimum of one term of academic work in the department of business or college.

**Sigma Tau Delta** is the international honor society for students of English language and literature. Membership in the local chapter requires a major or minor in English Literature or English Literature and Communications, a ranking in the top 35% of the class, a GPA of 3.00 in the major or minor, completion of three semesters of coursework at the College, and completion of two courses in English (not including ENGL-101: College Writing).

**Sigma Zeta** is the National Science and Mathematics Honor Society to encourage and foster the attainment of knowledge in the natural and computer sciences and mathematics and to recognize the attainment of high scholarship among society members. Any college student whose major is in any of the Natural Sciences, computer science, or Mathematics, who has completed the equivalent of 25 semester hours toward the degree, including 15 semester hours in the Natural Sciences or Mathematics, and a grade point average of 3.00 in the Sciences and Mathematics plus a GPA of 3.00 in all subjects including the Sciences and Mathematics, shall be eligible for election to active membership.

**Theta Alpha Kappa**, the National Honor Society for Religious Studies and Theology, was established in 1976 for the purpose of recognizing the academic achievements of religion and theology students, and the academic excellence of scholars in these fields. Induction into TAK requires nomination by the local chapter, a 3.50 GPA in Religious Studies courses, and a 3.00 Career GPA.

**Additional Awards and Honors**

**The Saint Catherine Medal**, sponsored by Kappa Gamma Pi, is presented annually to one Sophomore or Junior School of Undergraduate Studies student who represents the high ideals of a Catholic college education. Faculty, staff, and students submit names of nominees. The Honors Committee determines the recipient based on evidence of leadership and service to the College.

**The Dorothea E. Fenton, Class of 1928, Memorial Medal** is presented annually to a Senior nominated by faculty, staff and students “in recognition of eager pursuit of all that pertains to the higher life of the spirit and gracious courtesy in the contacts of life.” The medal bears the inscription, “The fruit of the Spirit is charity.” The Honors Committee determines the recipient.
The Lynnette S. Bishop Medal of Valor, presented to the late Lynnette S. Bishop in 2010 and named in her honor, is presented to a member of Chestnut Hill College who has demonstrated extraordinary valor in the pursuit of the goals of a Higher Education.

Special Programs and Services

Academic Advising
St. Joseph Hall, 3\textsuperscript{rd} floor
Telephone: 215.248.7199. Fax: 215/753.3661. Email: advising@chc.edu

The Office of Academic Advising provides students with help in subject areas, study abroad, credit overload, and other advising and course registration questions.

Study Abroad

Chestnut Hill College has a Study Abroad Affiliation Agreement with Regent’s College that provides students an opportunity to study for a semester in London. To be eligible for an Affiliation Agreement program students must be a currently enrolled full-time student with at least Sophomore status (24 academic credits or more) and hold a Career GPA of 3.0 or above. Courses taken at an Affiliation Agreement school are applied to the Chestnut Hill College transcript with the grades and applicable credits earned calculated into the Career GPA. Students must speak with the Office of Academic Advising before registering for courses.

Additional Study Abroad Affiliation Agreements exist with the following:
- The American Business School, Paris (IGS International)
- Centre d’études Franco-Américain de Management: International School of Business and Management (CEFAM), Lyon, France
- Cours de Civilisation Française de la Sorbonne, Paris, France
- Seisen University, Tokyo
- Saint Louis University in Madrid, Spain
- Universidad Internacional, Cuernavaca, Mexico

Chestnut Hill College students may also pursue organized study in a foreign country with another accredited institution. In recent years students have studied in London, Paris, Lyon, Rome, Bologna, Madrid, Vienna, Salzburg, Dublin, Argentina, Costa Rica, Guatemala, Nicaragua, Mexico, Turkey and New Zealand. To be eligible for study abroad students must be a currently enrolled full-time student with at least Sophomore status (24 academic credits or more), and hold a Career GPA of 3.0 or above. Students should be aware that a semester abroad may affect their conferral date. For programs not under an Affiliation Agreement, students register for courses at the Institution sponsoring the program and credits are brought in as transferred credits upon receipt of the final, official transcript. Students must speak with the Office of Academic Advising before registering for course abroad.

The Foreign Language and Literature, English, History, Education and Art Departments routinely sponsor Inter-sessions abroad during semester breaks. Students earn academic credit through these Inter-sessions however an additional fee is charged.

Cooperative Education
St. Joseph Hall, 3\textsuperscript{rd} floor
Telephone: 215.248.7032. Email: murphyr@chc.edu

The School of Undergraduate Studies’ Cooperative Education Program enables students to explore the practical applications of their major areas of study by working in salaried jobs in business, industry, or government. It is a full-time paid work experience, usually for 35-40 hours per week over a four to six month period. Usually no more than one additional 3 credit course is taken while participating in Cooperative Education.

Internships
St. Joseph Hall, 3\textsuperscript{rd} floor
Telephone: 215.248.7032. Email: murphyr@chc.edu

An internship is a supervised work learning experience that takes place outside the classroom and preferably at an off-campus site. The intern commits to a minimum of 96 hours per semester. The internship may be a part of a full- or part-time course load. It may be paid or volunteer. Internships are offered in both major and minor fields of study and
are graded on a Pass/Fail basis only. Students in the School of Undergraduate Studies who engage in a summer internship:

∼ May receive academic credit for the internship in the fall semester immediately following the summer internship, but must have the experience approved by his/her advisor and the Career Services office before beginning the internship.
∼ Must register for and fulfill all the requirements for an internship according to policy.
∼ Must pay for any credits exceeding 36 in the academic year following the internship.
∼ Must report to the faculty member charged with internships in the department during the fall semester to earn credit.

Kirby Program
Named for Mary Xavier Kirby, SSJ, the fourth president of Chestnut Hill College, the program is specifically designed to assist women and men of non-traditional age who are returning to college or who are just beginning their degree programs.

Additional Policies
Academic Integrity Policy
Academic integrity, which is essential to the mission of Chestnut Hill College, consists in responsibility and honesty in the fulfillment of academic duties and is vital to the Chestnut Hill College community of scholars. Academic Integrity promotes trust, mutual respect, cooperation, and the advancement of learning. Academic Integrity requires:

∼ Careful and thorough preparation for classes, including reading, completion of assignments, finding required background material, and reflecting on relevant issues.
∼ Regular and prompt attendance for the entire class session unless there is a serious reason for absence.
∼ Effort to maintain careful and focused attention during class.
∼ Participation in class discussion by both speaking and listening.
∼ Consistent attendance at lectures, events, study groups, and/or conferences with the instructor, as required or suggested by the instructor.
∼ Asking questions and seeking appropriate assistance from peers, academic support staff, and instructors, as needed.
∼ Respect for instructors and students.
∼ Careful and thorough preparation for and complete honesty in fulfilling assignments, writing papers, citing sources, and taking tests and examinations.
∼ Speaking to any student observed in violation of academic integrity, to discourage such violation. If this is not successful, reporting the violation to the instructor.

Cheating and Plagiarism Policy
Cheating and plagiarism destroy the trust and mutual respect that are essential to a community of learning. These behaviors violate the deepest convictions of the College community and are infractions of Academic Integrity. Plagiarism is defined as the submission of work (written work, art work, musical composition, oral presentation, software program, experimental design, etc.) that incorporates ideas from another individual (student, teacher, author, etc.) and presents these ideas as one’s own without adequate acknowledgement of the source.

The following acts are examples of cheating, though the list is not exhaustive:

∼ Using materials not specifically allowed by the instructor during the taking of an examination, test or quiz, such as:
  ~ material written by another student during the taking of an examination, test or quiz, either with or without his or her knowledge
  ~ crib notes
  ~ texts and/or supplementary marginal notations in texts
  ~ notes written on any object in the room in which examination is being taken
  ~ unauthorized calculators or any other unauthorized aids.
∼ Collaborating during an in-class examination, test or quiz, either in the giving or receiving of information or improper collaboration on a take-home examination or laboratory report.
∼ Stealing, using or transmitting verbally or otherwise, actual examinations, tests, quizzes or portions thereof, or other likewise confidential information before or during the time of the exam. Once an exam has been given it becomes part of the public domain.
~ Submitting for a grade in one class any material previously or simultaneously submitted for a grade in another class without documented authorization from both instructors.
~ Taking an examination by proxy.
~ Falsifying of laboratory or research data or results; or falsifying or inventing bibliographical entries for research papers.
~ Withholding knowledge of an incident of cheating or plagiarism from the individual instructor to whom the work is submitted.
~ Knowingly participating in another student’s act of cheating or plagiarism.

The following acts will be deemed acts of plagiarism, though the list is not exhaustive:
~ Presenting published or unpublished work prepared by others, or dictated by others, as one’s own, including papers purchased or borrowed from any person or organization.
~ Presenting, as one’s own, reports or exercises copied from or dictated by others.
~ Incorporating formal lecture notes or information from textbooks into as one’s own work without acknowledgement and thus presenting them as your own.
~ Presenting, as one’s own, a computer solution developed by someone else.
~ Copying the ideas, and/or speculations, and/or language of any other person or persons, without acknowledgement, and presenting this as one’s own original work.

**Penalties**

Faculty members are responsible for determining when a violation of academic integrity has occurred, as well as for reporting and providing penalties for this violation. Because consequences may differ when multiple infractions have occurred, all violations must be reported to the Dean of the School of Undergraduate Studies. The Dean’s Office is responsible for keeping track of the number of times a student is reported.

Penalty levels:
A. Remediation/written warning
B. Assignment of additional work
C. No credit for the test or assignment
D. Failure of the course
E. Suspension from participating in optional College activities such as SGA, athletics, honor societies and programs, etc.
F. Dismissal from the College

A faculty member may impose any of the penalties A through D at his/her discretion; however, the faculty member should first check with the Dean to determine whether the student has previous infractions of Academic Integrity. When imposing a penalty, a faculty member must send a report to the Dean’s Office, including the name of the student and a description of the violation and the penalty imposed. Penalty E is enacted by the Dean of the School of Undergraduate Studies when the violation is severe or when the student has multiple infractions. Penalty F can only be enacted by the President in consultation with the Dean. Even a first offense, if severe, may incur these penalties. Forms are available in the Office of the Dean of the School of Undergraduate Studies and in the Faculty Manual.

**Appeals**

A student reported to the Dean of Undergraduate Studies for a violation of Academic Integrity may appeal the charge according to the following procedure:

1) Academic Integrity cases should first be addressed between the faculty member and the student in an effort to reconcile their differences. If the faculty member determines that a violation of Academic Integrity has occurred, he or she will complete the appropriate form and submit the form to the Dean.
2) If the student disagrees with the charge, he or she will have three weeks from receipt of notification to present an appeal in a signed letter to the Dean. It is the charge that is in question, not the penalty. All participants in the hearing must have three working days notice of the hearing.
3) The Appeals Board for the School of Undergraduate Studies will be composed of four members: the Chair of the Academic Standards Committee, the SGA Vice-President for Academic Affairs or another student appointed by the Dean, one other faculty member appointed ad hoc by the Dean, and the Dean of the School of Undergraduate Studies. If either the Chair of the Academic Standards Committee or the student representative has a conflict of interest, the Dean will appoint a replacement. The first three members are voting members. The Dean will moderate the discussion but will not vote.
4) If the case is brought to the Appeals Board, both student and faculty member will submit relevant evidence (including a list of witnesses) to the office of the Dean three working days before the hearing. If more than one student is involved, each will have a separate hearing. No attorneys or parents/guardians are to be present at this hearing. Only individuals approved by the Dean may be present at the hearing.

5) The Appeals Board will pronounce on the charge, not the penalty. If the student is found innocent, the sanction is lifted. Otherwise it remains as imposed. The decision of the Board is final. The Dean will communicate the decision to the student within ten working days of the hearing.

Class Attendance Policy
There is a relationship between the academic success of the student and his/her class attendance. The School of Undergraduate Studies expects its students to accept their responsibility to attend class regularly and promptly. An instructor may lower a student’s grade because of absences from class. It is the responsibility of the instructor to set forth in writing at the beginning of a course any special conditions regarding absence in the course. A student who finds it necessary to be absent from class should, if possible, inform the instructor in advance of the absence. If absences occur, it is the student’s responsibility to make up whatever work has been missed. Permission to make up laboratory assignments, studios, quizzes, and examinations may be granted at the discretion of the instructor. When an instructor determines that a student’s progress is being seriously impeded by excessive absences from class or by other difficulties, the instructor will refer the student to the Office of Academic Advising.

First-Year Students
To reinforce the importance of regular class attendance, and in the interest of maximizing success for students as they begin their college experience, First-year students are limited to as many absences as the class meets per week (one 3 hour class, two 75 minute classes, or three 50 minute classes). A first-year student who does not adhere to this policy will be reported to the Office of Academic Advising. Faculty members have the right to reduce the number of excused absences at their discretion and this will be written into their syllabi. Excessive absences may result in a reduced grade or failure in the course.

Athletes
Recognizing the importance of regular class attendance and the contribution made by the student athletes, a special attendance policy has been established for student athletes. The Athletic Department will do everything possible to minimize a conflict with scheduled games and class times and the student should seek to schedule classes so there is minimal overlap with practice and scheduled games. When conflicts occur despite these efforts, the student who officially represents Chestnut Hill College in intercollegiate athletics may be excused from class for participation in athletic contests. A student athlete, in making the decision to miss class for a scheduled game, does so knowing that what is lost from the classroom experience cannot be retrieved, nor is it the responsibility of the Instructor to inform the student concerning what transpired. The student, however, should not be penalized for the absence beyond the lost classroom experience. These excused absences apply only to officially scheduled games and not to practice sessions. A student athlete may be excused from classes that conflict with scheduled contests under the following conditions:

- The student is currently maintaining a Career GPA of 2.00 or above.
- The student has demonstrated regular attendance outside of athletic events.
- The student is accountable for all work missed and is responsible for obtaining all lecture notes, handouts, and assignments from another student in the class.
- The student is also responsible to make arrangements with faculty regarding missed tests, exams, presentations, etc.
- If the student needs additional help with the work, she/he must obtain a tutor and be willing to commit a certain number of hours to tutoring. Tutors can be paid for their services by informing the Director of Student Learning Services and by abiding by the stipulations set forth in the Tutoring Handbook.
- The student submits to each Instructor, during the first two weeks of classes, an Intercollegiate Athletic Release Form which informs his/her Instructor when she/he expects to be absent, arrive late or leave early for each class for each semester.
- If a game is canceled or rescheduled during the semester the Instructor must be informed, in writing, immediately if the scheduled game conflicts with class time. A student athlete may miss a maximum of 2 weeks of classes according to the following schedule:
  - Evening Classes (meeting once a week) - 2 classes
  - 75 Minute Day Classes (meeting twice a week) - 4 classes
50 Minute Day Classes (meeting three times a week) - 6 classes

This agreement can be revoked under the following conditions:
~ In the judgment of the Instructor the student’s class performance and academic progress is being seriously jeopardized.
~ If a student receives a grade of F in any course or is placed on Academic Probation, the excused attendance policy is forfeited for the following semester.
~ Exceptions to the above policy may have to be made during tournament games.

**Athletic Participation Policy**

Any athlete who falls below the required Term GPA or 2.00 in a given semester may request being put on provisional status. This appeal is made only under extenuating circumstances that do not include needs of the team. The athlete’s appeal must be accompanied by statements of support from the director of Athletics and/or the appropriate coach, the student’s advisor and all Instructors in whose classes she/he earned a grade of C- or lower in the previous semester.

The appeal letters will be reviewed by a committee consisting of the Director of Athletics, the Dean of the School of Undergraduate Studies, the Dean for Student Affairs and the Faculty Athletic Representative. In general, provisional status is not granted for consecutive semesters; this decision will rest with the committee who will consider the student’s situation and calculate the GPA required for achieving the 2.00.

**Final Exam Policy**

Final exams are scheduled by the Office of the Registrar according to a matrix based on the day/time of the first class meeting. For classes beginning after 5:15pm, exams begin at the regular time on the first scheduled class day during Exam Week. Final exam information is published on the Course Listing and on the syllabus for every course; exams take place in the regularly scheduled classroom unless other arrangements are made in advance.

With few exceptions*, all courses must meet at the designated exam time even if an actual exam is not being given. Unless excused in advance by the Dean of the School of Undergraduate Studies, a student not reporting for a scheduled exam will receive an automatic failure for the exam missed.

* Certain types of courses do not have a final exam scheduled – these include FYIN-100; FYIN-101; PHED or VARS courses; private music lessons and performance ensembles; lab experiences connected to a lecture; internships; fieldwork; practicum; and student teaching courses. Check with the Instructor if there are any questions.

**Sexual Harassment Policy**

It is the policy of Chestnut Hill College that no administrator, faculty member, staff member or student shall be subject to sexual harassment by another.

**Rationale**

Chestnut Hill College values right relationships, respect for all and shared responsibility. Therefore, the College is committed to fostering an educational and working environment that is free from sexual harassment. In recognition of and respect for the dignity of all at the College, sexual harassment in any form cannot be tolerated. This policy directly supports our mission in the areas of shared responsibility, social justice, and communal respect. The last decade has witnessed a heightened awareness in our society of the various forms of sexual misconduct; and a deep and sincere concern for the entire College community prompts us to form a policy on Sexual Harassment.

Chestnut Hill College is dedicated to compliance and cooperation with applicable laws and programs of the United States of America. The following policy has been adopted to carry out the intent of laws, to inculcate the College values into daily professional lives and to integrate the College Mission Statement into College policy. The purpose of this policy is:
~ to educate the community on the definition of sexual harassment,
~ to outline the steps necessary to deal most effectively with cases involving allegations of sexual harassment, and
~ to define the rights and responsibilities for members of the Chestnut Hill College community.
Legal Definition
Harassment on the basis of gender is a violation of Section 703 of Title VII of the 1964 Civil Rights Act and Title IX of the Educational Amendments of 1972. Unwelcome sexual advancements, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when:

- Submission to such conduct is made either explicitly or implicitly a term or a condition of an individual’s employment or academic advancement;
- Submission to or rejection of such conduct by an individual is used as a basis for employment or academic decisions affecting that individual; or
- Such conduct has the purpose or effect of unreasonably interfering with an individual’s academic or work performance or creating an intimidating, hostile, or offensive educational, living or working environment.

Scope
The policy and the procedures set forth herein apply to and cover all members of the College community without exception. The College community includes all administrators, faculty, staff, and students. Members of the College community who are traveling abroad on College business or due to a College course are expected to comply with this policy regardless of local laws and/or customs.

Reporting a Complaint
All members of the College community, as defined above under Scope of Policy, who believe they may have been subject to sexual harassment, herein Complainants, shall submit their complaint to a Designated Complaint Recipient. Designated Complaint Recipients, herein Recipient(s), are:

- The Assistant to the President for Administration and Special Projects,
- The Vice President for Financial Affairs, and
- The Vice President for Academic Affairs

The recipient will notify the President of all complaints. The President will confidentially contact the College’s attorney and, with the Recipient, determine the appropriate procedure to follow to ensure timely and confidential resolution to the complaint.

Responsibilities
All members of the College community are responsible for ensuring that their conduct does not sexually harass any other member of the College community. This same responsibility extends to employees of third parties who are either doing business with the College or are on the College campus and to other campus visitors. Further, all members of the College have the responsibility of preventing and eliminating sexual harassment.

If administrators and supervisors know sexual harassment is occurring, receive a complaint of sexual harassment or obtain other information indicating possible sexual harassment, they must take immediate steps to inform a Designated Complaint Recipient to ensure the matter is addressed even if the problem or alleged problem is not within their area of oversight. Faculty, staff, and students likewise must inform a Designated Complaint Recipient if they have reason to believe sexual harassment, as defined above, is occurring. Individuals who believe that they have been subject to sexual harassment are responsible for informing a Designated Complaint Recipient in a prompt and timely manner.

The investigation of possible incidents and early resolution of complaints cannot be effectively accomplished when individuals fail to come forward with their complaint within a reasonable time period. It is the responsibility of each member of the campus community to ensure that such incidents do not go unreported. In internal proceedings, the College in general will not be sympathetic to a defense based on consent when the situation is such that the Accused had the power to affect the Complainant’s employment status or future prospects.

Confidentiality
Chestnut Hill College requires that, in all cases, claims of harassment be kept confidential by the person bringing the claim, by a witness interviewed, as well as the person alleged to be the harasser. In all cases, we will advise the complaining employee or student and the accused of the outcome of the investigation.

Cancellation of Scheduled Classes Policy
The School of Undergraduate Studies reserves the right to cancel a class with insufficient enrollment and to restrict certain courses to special populations. The Office of the Registrar will do its best to notify students of the cancellation so that an alternative choice can be made.

**Participation in Assessment Research Policy**
Ongoing assessment of student learning is expected of all colleges and universities. Assessment projects search for evidence of the effectiveness of various instructional techniques and educational experiences by using such tools as surveys, interviews, focus groups, and/or samples of student work. Student participation in assessment surveys, interviews, and/or focus groups is voluntary. All work submitted by a student in fulfillment of course and/or program requirements is considered available for assessment research purposes, unless the student specifically requests otherwise. Written notice of this request must be submitted to the course instructor along with the work. Students will never be individually identifiable in any assessment report.

**Syllabi Policy**
Every Instructor will provide syllabi for each course he/she teaches. These may be printed or provided electronically. It is in the student’s best interest to retain the syllabus for each course as it contains information that may be needed in the future - Chestnut Hill College does not release syllabi for courses. Syllabi are not retained for public request. Keep all course syllabi in a safe place for future reference.

Art History and Art Studio

Art History and Art Studio courses offer students opportunities to minor in Art History or Art Studio as well as offering courses that fulfill the Artistic Ways of Knowing requirement and elective courses of special interest to students. Students who study Art History, Art Studio, and Music deepen their understanding of human nature and of themselves. Through a variety of approaches to creative expression, students develop observation and/or listening skills as they engage in analysis, criticism, response, and performance experiences. Students must earn a grade of C- (1.70) or better in courses required to successfully complete the requirements for the minors.

Students interested in an Art History minor should speak with Suzanne Conway, Room 209, St. Joseph Hall. Telephone: 215.248.7183. Email: conways@chc.edu.

Students interested in an Art Studio minor should speak with Margaret Thompson, SSJ, Room 500, St. Joseph Hall. Telephone: 215.248-7042. Email: mthompson@chc.edu.

Music Performance and Music Education
Chestnut Hill College offers a Bachelor of Music (BM) in Music Performance with a choice of concentration, and a Bachelor of Science (BS) in Music Education leading to Pennsylvania Department of Education certification. Students may also minor in Music Performance or Jazz Performance, and/or take lessons in a variety of instruments for either academic credit or personal enjoyment. In addition, music courses for the core curriculum give students the opportunity to study a wide variety of styles and eras of music.

A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation (a 3.00 GPA is required for Music Education Student Teaching). Courses Required in the Major comprise the Major GPA. Unless
indicated, students must earn a grade of C- (1.70) or better in courses both Required in the Major and Also Required in order to successfully complete the requirements for either of the Majors. Students must earn a grade of C- (1.70) or better in courses required to successfully complete the requirements for the minors.

Majors in Music and Music Education pursue careers as performers, teachers at the elementary, middle and secondary level, music librarians, administrators, music critics, liturgical music ministers, and sales associates/managers in the music industry. Major study is available in piano, voice, violin, organ, harp, guitar, tenor horn, clarinet, flute, trumpet, saxophone, percussion, and string bass, as well as an individualized program designed in consultation with the Music Department. Music Education Majors are encouraged to take courses during the summer sessions to complete core requirements for the Music Education program. All prospective Music and Music Education majors complete a Theory Placement Test at the time of their auditions. This test determines the beginning theory class for the first semester. Interested students should contact Kathleen McCloskey, SSJ, Room M27, St. Joseph Hall. Telephone: 215.248.7194. Email: kmcclosk@chc.edu.

**Music Performance Major Concentrations**

Major study (concentration) is available in the following instruments and placement in lessons will be at the discretion of the department:

- ~ Clarinet
- ~ Percussion
- ~ Trumpet
- ~ Flute
- ~ Piano
- ~ Tuba
- ~ Guitar
- ~ Saxophone
- ~ Violin
- ~ Harp
- ~ String Bass
- ~ Voice
- ~ Organ
- ~ Tenor Horn

**Honors**

Outstanding students may be invited to participate in the Departmental Honors program. Sophomores of high scholastic standing (a Career GPA of 3.50 or higher) may be invited by their Major department to stand for Honors in their Junior and Senior years. The Departmental Honors program provides an opportunity for independent study and research culminating in an Honors thesis submitted in the spring of Senior year. All students who have successfully completed the Honors Program will be recognized with Honors in their Major field at the annual Honors Convocation and on their academic transcripts. In addition, the title of the completed Honors Thesis will appear on the academic transcript.

**Advanced Placement**

The College does not accept scores from the Advanced Placement Music Theory examination as an equivalent to any Music courses.

**Music Lessons**

The department offers music instruction to students on various levels: to the Major; to the advanced student who desires elective credit; and to the beginner or intermediate student who is learning elementary skills. Students majoring in music are required to demonstrate proficiency in piano before graduation. All Music and Music Education Majors are assigned to an instructor for weekly lessons in piano and another instrument if piano is not their major instrument. One private lesson weekly in any instrument of their choice is required to participate in recitals for this instrument. Please note that there is an additional fee of $465 per semester for Non-Music Majors taking MUSL-Music Lesson courses.

**Music Performance Opportunities**

Participation in a performance ensemble is required for Music and Music Education Majors. Music Education Majors must enroll in MUSP-355: Chamber Ensemble every semester they are part of the Music program; additional performance opportunities are also available. Music Performance – Voice Majors who are not Music Education Majors must enroll in MUSP-357: The Hill Singers each semester they are part of the Music program; additional performance opportunities are also available. Music Performance courses are also open to students in any Major and members of the Chestnut Hill College community and beyond.

- ~ MUSP-351: Gospel Choir Performance
- ~ MUSP-353: Chorus Performance
- ~ MUSP-355: Chamber Ensemble Performance
- ~ MUSP-357: The Hill Singers Performance

Chestnut Hill College offers a Bachelor of Science (BS) in Accounting; a Bachelor of Science (BS) in Management (as of July 1st, 2010); a Bachelor of Science (BS) in Marketing; and an interdisciplinary Bachelor of Science (BS) in International Business, Language, and Culture. Minors are available in Management (as of July 1st, 2010); and in International Business. Interested students should contact Garry Flower, Room 312, Martino Hall. Telephone: 215.248-7180. Email: flowerg@chc.edu.

Advanced Placement
Students who receive a score of 3, 4, or 5 in Microeconomics will receive 3 credits equivalent to ECON-102: Principles of Microeconomics. Students who receive a score of 3, 4, or 5 in Macroeconomics will receive 3 credits equivalent to ECON-101: Principles of Macroeconomics.

Honors and Honor Societies
Established at the College in 2006, Sigma Beta Delta, the International Honor Society for Business, Management, and Administration, encourages and recognizes scholarship and accomplishment among students of business, management, and administration. Eligibility for election to membership is limited to those students that rank in the upper 20 percent of their class and have achieved a Career GPA of 3.50 at the time of invitation to membership following completion of at least one-half of the degree program in which they are enrolled. Transfer students who meet the qualifications for membership may be inducted after they have completed a minimum of one term of academic work in the Business Department.

Phi Beta Lambda is part of the oldest and largest national student business organization in the United States where a quarter of a million students develop their skills for successfully competing in the business world and in the global economy. It is student-run organization in which career development, ethical leadership, and collaborative teamwork skills are the main focus.

Outstanding students may be invited to participate in the Departmental Honors program. Sophomores of high scholastic standing (a Career GPA of 3.50 or higher) may be invited by their Major department to stand for Honors in their Junior and Senior years. The Departmental Honors program provides an opportunity for independent study and research culminating in an Honors thesis submitted in the spring of Senior year. All students who have successfully completed the Honors Program will be recognized with Honors in their Major field at the annual Honors Convocation and on their academic transcripts. In addition, the title of the completed Honors Thesis will appear on the academic transcript.

Course Options
There are several Business courses available to undergraduate students looking to fulfill a Ways of Knowing requirement or expand on interests without pursuing a minor. The following courses are open to students in any Major; however, they may not be offered every semester and may have a Pre-Requisite. Check the Course Descriptions for information on the following courses:
- ACCT-103: Financial Accounting (WOK: Behavioral)
- BUSN-101: International Business
- BUSN-102: Business Ethics (WOK: Behavioral)
- BUSN-104: Introduction to Business (WOK: Behavioral)

- BUSN-490: Independent Study in Business (Repeatable for credit)
- MKTG-203: Marketing Principles (WOK: Behavioral)

Accounting
Chestnut Hill College offers a Bachelor of Science (BS) in Accounting. The Accounting Major provides students with both the theoretical background and application of the concepts, technology and procedures of accounting. Students also study the basic areas of economics, finance, marketing, and management. The study of accounting prepares the student for graduate or professional school, or for careers in public, private or non-profit accounting. Students planning to sit for the Uniform Certified Public Accounting (CPA) examination are advised to contact the State Board
of Accountancy in the state in which they plan to qualify for specific educational and experience requirements mandated by that state.

A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Courses Required in the Major comprise the Major GPA. Unless indicated, students must earn a grade of C- (1.70) or better in courses both Required in the Major and Also Required in order to successfully complete the requirements for the Major. All students majoring in Accounting are required to complete computer proficiencies by the end of the Sophomore year.

International Business, Language and Culture
Chestnut Hill College offers a Bachelor of Science (BS) in International Business, Language, and Culture (IBLC). IBLC is an interdisciplinary, globally oriented program that includes a strong language component. It will provide solid preparation for a career in international business, in profit and not-for-profit organizations, competence in French, Spanish, or another language and culture, and a foundation for graduate study. Other language options are possible with the permission of the department. This may require additional study at other institutions at home or abroad. Native speakers of French or Spanish may take up to 12 credits of the required 21 in another language. Supporting courses in other departments complement the Major requirements. Students should discuss any plans for a second Major or minor with an advisor as soon as possible.

Outstanding students may be invited to participate in the Departmental Honors program. Sophomores of high scholastic standing (a Career GPA of 3.50 or higher) may be invited by their Major department to stand for Honors in their Junior and Senior years. The Departmental Honors program provides an opportunity for independent study and research culminating in an Honors thesis submitted in the spring of Senior year. All students who have successfully completed the Honors Program will be recognized with Honors in their Major field at the annual Honors Convocation and on their academic transcripts. In addition, the title of the completed Honors Thesis will appear on the academic transcript.
For assistance with this Major, please contact Sr. Mary Helen Kashuba, Room 25B, Fournier Hall. Telephone: 215.248-7124. Email: kashubam@chc.edu. A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Courses Required in the Major comprise the Major GPA. Unless indicated, students must earn a grade of C- (1.70) or better in courses both Required in the Major and Also Required in order to successfully complete the requirements for the Major. Students are required to complete all computer proficiencies by the end of the Sophomore year.

Students majoring in IBLC must satisfy an International Experience Abroad requirement in a country where the major language is spoken. A second international experience is also recommended by working abroad or in an international division or department of a U.S. organization. The International Experience Abroad may be met by one of the following ways:

International Internship Experience: An approved internship in an organization located in a country where the major language is spoken. The experience must receive prior approval of the Chair of the Business Department and the Chair of the Language Department and must consist of meaningful work activities that will contribute to a student’s understanding of and provide practical experience in international business and provide an opportunity to expand the student’s cultural knowledge and use of the foreign language studied.

If the organization is in the U.S. the student’s work must deal directly with the organization’s international operations and require some use of the foreign language the student has studied. Although this is strongly recommended, it does not fulfill the International Experience Abroad Requirement.

If the internship occurs during the summer, it must be full-time for at least 6 weeks. If the internship takes place during the regular academic year and is a part-time position, it must last at least one full semester or approximately 12 weeks. Prior to starting, the student should provide internship details (organization, country, job description, duration of internship, name of supervisor, etc.) to the Chairs of the Business and Foreign Language Departments to ensure that it will meet the IBLC program requirements.

Upon completion of the International Internship Experience, it will be the student’s responsibility to complete and provide all the necessary Experiential Education documentation to the Career Services Department for review prior to the granting of credit.

Study Abroad: A study-abroad program at an approved international college or university for credit. The student may choose to enroll in a minimum of one course; however, the course must have an international focus that will increase the student’s understanding of international business, language or culture. A full semester program is highly recommended, although a summer program is acceptable. The program must include courses taught in the major language.

Work Study Tour: An international Work Study Tour of three to five firms for a sufficient amount of time at each firm to conduct interviews, surveys of management practices. The student must complete a report in the target language. The student must receive approval from the Chair of the Business Department and the Chair of the Department of Foreign Language prior to the start of the Tour.

Major in International Business, Language and Culture – 79 credits

Courses are 3 credits unless indicated.

One semester abroad is highly recommended. Students work with their academic advisor to determine which semester is the most appropriate for that experience. Enrollment in Summer Session courses may be necessary to complete the program in four years.

Sample Bachelor of Science: IBLC Major/selected minor (declaration of minor not required for graduation): Please note that this is a suggested academic plan only; it is not meant to address each student’s individual requirements or interests. Students will develop a personalized academic plan with a faculty advisor; however, it is the student’s responsibility to be aware of, register for, and successfully complete all of the requirements for graduation in the Major.

Minor in International Business – 18 credits

The International Business minor is designed to provide students with an understanding of the theory, structure and process of international economics, business practices, and cultures. Students will gain a working knowledge of the analytical aspects of the international economic system, global economic theory, an understanding of international politics and economic effects of international economic policies on culture. Cultural differences that underlie today’s global structure of production and overall business environment will also be explored. Students must earn a grade of C- (1.70) or better in courses required to successfully complete the requirements for the minor. Requirements:

- ACCT-103: Financial Accounting (WOK: Behavioral)
- ECON-101: Principles of Macroeconomics (WOK: Behavioral)
- ECON-211: Introduction to Global Economics
- MGMT-304: Culture in International Business Decision-Making
- PSCI-341: International Political Economy
- Plus one language course (3 credits) at the 200-Level or above.
Chestnut Hill College offers a Bachelor of Science (BS) in Computer and Information Sciences, and a Bachelor of Science (BS) in Computer and Information Technology with a choice of one of four concentrations: Digital Forensics; Management Information Systems; Programming; or Web/Multimedia Development. The courses required for the Digital Forensics in the Computer and Information Technology Major prepare students for the ACE certification in Digital Forensics.

A Five-Year Master’s degree in Instructional Technology is offered in conjunction with the graduate Instructional Technology program. Interested students should contact Lisa Olivieri, SSJ, Room 201, St. Joseph Hall. Telephone: 215.248.7092. Email: loliviери@chc.edu.

The Department offers six minors that draw from both the Computer Science and Computer Technology curriculums: Computer Science; Digital Forensics; Information Management; Programming; Management Information Systems; and Web/Multimedia Design. A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation.

Courses Required in the Major comprise the Major GPA. Unless indicated, students must earn a grade of C- (1.70) or better in courses both Required in the Major and Also Required in order to successfully complete the requirements for any of the Majors. Students must earn a grade of C- (1.70) or better in courses required to successfully complete the requirements for a minor.

**Departmental Mission**

The mission of the Computer Science and Information Technology department is to provide its students with a value-oriented technologically-rich education, enabling them to become reflective self-learners, equipped with the expertise necessary to be of service to one another and to the world. While coursework within the department ranges from theoretical to applied, courses are designed to allow students to grow in knowledge and respect of the world of technology, but most importantly to grow in knowledge and respect of themselves and of the world through the lens of technology.

**Internship Opportunities**

All students in the department participate in an internship that enables them to apply their academic knowledge and gain experience in the workplace. Students work closely with the Director of Experiential Learning in Career Services and the department internship advisor to complete the internship process. All students also participate in a capstone course, Senior Seminar, which provides students with the opportunity to develop a project that reflects their expertise in their chosen discipline.

**Advanced Placement**

Students who receive a score of 3, 4, or 5 on the Advanced Placement Computer Science A test will receive 4 credits in Computer Science equivalent to CMSC-210: Programming in Java. Students who receive a score of 3, 4, or 5 in Advanced Placement Computer Science AB test will receive 4 credits equivalent to CMSC-251: Data Structures in Java and will be exempt from taking CMSC-210: Programming in Java.

**Certifications**

Several courses offered in the department prepare students for the following certifications: A+ certification, Adobe Certified Associate for Web Communication using Dreamweaver, Adobe Certified Associate for Rich Media Communication using Adobe Flash, and Adobe Certified Associate for Visual Communication using Photoshop.
**Honors and Honor Societies**
Qualified students may be invited to join Epsilon Pi Tau, the International Honor Society for Technology. Students need to complete at least 16 credits of computer science and/or technology courses and maintain a Career GPA of 3.00 and a GPA of 3.25 in the Major. Eligible students are also required to be in the top 35% of their class.

Sigma Zeta is a national science and mathematics honor society founded in 1925. The society is dedicated to encouraging and fostering the attainment of knowledge in mathematics, computer science, and the natural sciences. Criteria for eligibility for membership include a minimum of 15 credits in the Major field, a grade point average of 3.00 in the Major field, and a 3.00 grade point average overall. Students majoring in Computer Science may be invited by the department to join Sigma Zeta.

Outstanding students in either Major may be invited to participate in the Departmental Honors program. Sophomores of high scholastic standing (a Career GPA of 3.50 or higher) may be invited by their Major department to stand for Honors in their Junior and Senior years. The Departmental Honors program provides an opportunity for independent study and research culminating in an Honors thesis submitted in the spring of Senior year. All students who have successfully completed the Honors Program will be recognized with Honors in their Major field at the annual Honors Convocation and on their academic transcripts. In addition, the title of the completed Honors Thesis will appear on the academic transcript.

**Clubs**
Chestnut Hill College students from all Majors who are interested in technology are welcome to participate in the Computer Club. The mission of the Computer Club is to help others through technology. The club’s activities consist of service projects, member gatherings, fund raising, and information sessions. The club emphasizes teamwork and support.

**Proficiency Requirements for All Students**
All students must demonstrate proficiency in the following areas:
- Microsoft Excel – Introductory level (CMTC-103: Introduction to Microsoft Excel)
- Microsoft PowerPoint – Intermediate level (CMTC-185: Intermediate PowerPoint)
- Researching and Formatting Academic Papers (CMTC-120: Research/Formatting Academic Papers)
If students have sufficient background in any of these areas, they should take the Proficiency Test administered by the Computer Sciences department; if the results are not successful, they register for the 1-credit course indicated above. Courses taken to fulfill a Computer Proficiency must be passed with a grade of C or better to satisfy the proficiency requirement.

**Course Options**
In addition to courses for Majors and minors, the department offers several courses for students of any Major interested in fulfilling a Problem Solving Ways of Knowing or Writing Intensive requirement, or pursuing an interest without completing a minor. Check the Course Description section for any Pre-Requisites. Courses are three credits unless indicated. Courses open to students of any Major meeting the indicated Pre-Requisites include the following, which may not be offered each semester:

**Computer and Information Sciences:**
- CMSC-190: Introduction to Programming Logic (WOK: Problem Solving)
- CMSC-205: Systems Analysis and Design (WOK: Problem Solving)
- CMSC-210: Programming in Java (4 credits) (WOK: Problem Solving)
- CMSC-280: Computer Science: History, Trends and Ethical Issues (Writing Intensive)
- CMSC-490: Independent Study in Computer Science (Repeatable for credit)

**Computer and Information Technology:**
- CMTC-190: Introduction to Computer Hardware and Peripherals
- CMTC-200: Introduction to Web Development and Design
- CMTC-201: Designing Websites
- CMTC-205: Computer Graphics Design
- CMTC-210: Computer Graphics with Photoshop
- CMTC-490: Independent Study in Information Technology (Repeatable for credit)
Computer and Information Sciences

The Major in Computer and Information Sciences is designed to prepare students for graduate study and/or careers in computer science and related fields. Students take a variety of courses that introduce them to programming concepts, data structures, computer algorithms, computer architecture and networking. Students participate in an internship that enables them to apply their academic knowledge and gain experience in the workplace. A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Courses Required in the Major comprise the Major GPA. Unless indicated, students must earn a grade of C- (1.70) or better in courses both Required in the Major and Also Required in order to successfully complete the requirements for the Major. Students must earn a grade of C- (1.70) or better in courses required to successfully complete the requirements for the Minor.

Students declaring a Major in Computer and Information Sciences should schedule an initial placement interview with a member of the faculty either at the formal orientation or at another convenient time. Based on the student’s prior experience, CMSC-190: Introduction to Programming Logic and CMTC-190: Introduction to Computer Hardware and Peripherals may not be required; students will be advised to register for the next level of appropriate coursework.

Major in Computer and Information Sciences – 63 credits
Courses are 3-credits unless indicated.
Required in the Major:
- CMSC-190: Introduction to Programming Logic *
- CMSC-205: Systems Analysis and Design (WOK: Problem Solving)

  - CMDF-200: Introduction to Computer Forensics
  - CMSC-281: Special Topics in Computer Science/Topics vary by semester (Repeatable for credit)
  - CMSC-481: Advanced Special Topics in Computer Science/Topics vary by semester (Repeatable for credit)

Also required:
- CMTC-190: Introduction to Computer Hardware and Peripherals *
- CMTC-230: Introduction to Data Communications
- CMTC-280: Database Programming
- Choice of:
  OR
  - MATH-203: Analytic Geometry and Calculus I (WOK: Problem Solving)
- MATH-225: Introduction to Statistics I
- MATH-261: Discrete Methods in Mathematics

Recommended, but not required:
- MATH-204: Analytic Geometry and Calculus II
- PHYS-121: Principles of Physics I (4 credits) (WOK: Scientific)
- PHYS-122: Principles of Physics II (4 credits)

* May not be required based on interview. Students who do not need to take this course will choose an elective (3 credits.)
** Student must earn a grade of C or better.

Sample Bachelor of Science: Computer and Information Science Major/selected minor (declaration of minor not required for graduation): Please note that this is a suggested academic plan only, it is not meant to address each student’s individual requirements or
interests. Students will develop a personalized academic plan with a faculty advisor; however, it is the student’s responsibility to be aware of, register for, and successfully complete all of the requirements for graduation in the Major.

**Computer and Information Technology**

Chestnut Hill College offers the Bachelor of Science (BS) in Computer and Information Technology. The Major prepares students for the world of technology by introducing them to a variety of current hardware and software technologies. This Major presents sufficient background and experience in problem solving to enable students to learn and adapt to new technologies they will meet in the workplace. These programs provide a solid preparation for students interested in pursuing graduate study in areas of instructional technology. A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Courses Required in the Major comprise the Major GPA. Unless indicated, students must earn a grade of C- (1.70) or better in courses both Required in the Major and Also Required in order to successfully complete the requirements for the Major. Students majoring in Computer and Information Technology select a concentration in one of four areas:

~ Management Information Systems
~ Programming
~ Web/Multimedia Development
~ Digital Forensics (prepares students for the ACE certification in Digital Forensics)

Students declaring a Major in Computer and Information Technology should schedule an initial placement interview with a member of the faculty either at the formal orientation or at another convenient time. Based on the student’s prior experience, **CMSC-190: Introduction to Programming Logic** and **CMTC-190: Introduction to Computer Hardware and Peripherals** may not be required; students will be advised to register for the next level of appropriate coursework.

- CMTC-330: Introduction to Visual Basic Programming (4 credits) *(WOK: Problem Solving)*
- CMTC-401: Internship in Computer and Information Technology
- CMTC-498: Senior Seminar: Computer and Information Technology

**Also required:**
- CMSC-190: Introduction to Programming Logic ) *
- CMSC-210: Programming in Java (4 credits) *(WOK: Problem Solving)*
- CMSC-251: Data Structures in Java (4 credits)
- CMSC-280: Computer Science: History, Trends and Ethical Issues (Writing Intensive)
- CMSC-285: Algorithms in AI and Robotics
- CMSC-300: Application Development
- CMSC-405: Programming Languages
- Choice of any MATH course above MATH-100 (placement contingent upon Math Proficiency Test Score)
- One course chosen from the following, which may not be offered every semester:
  - CMSC-281: Special Topics in CMSC/Topics vary by semester (Repeatable for credit)
  - CMSC-350: Computer Architecture and Logic Design (4 credits)
  - CMSC-481: Advanced Special Topics in CMSC/Topics vary by semester (Repeatable for credit)

* May not be required based on interview. Students who do not need to take this course will choose an elective (3 credits.)
** Must earn a grade of C or better.

Courses are 3 credits unless indicated. New minor – Fall 2011. Requirements:

- CMDF-200: Introduction to Digital Forensics (See Pre-Requisites.)
Combined BS/MS in Instructional Technology

The five-year program in Instructional Technology enables students majoring in Computer and Information Science or Computer and Information Technology to begin a master’s degree in Instructional Technology before completing their undergraduate studies. Educational institutions and businesses need developers for online courses and designers for online training. This program will prepare students to fill those roles.

Beginning the summer before the student’s Junior year, the student takes at least one graduate course in Instructional Technology most semesters. During the summer following the Senior year, the student will take two graduate courses and complete the remaining required graduate courses and thesis during the fifth year of study. Because of the intense nature of this program, students should discuss any plans for a minor with an academic advisor.

Sample Bachelor of Science in either Major and Master of Science in Instructional Technology:

Please note that this is a suggested academic plan only, it is not meant to address each student’s individual requirements or interests. Students will develop a personalized academic plan with a faculty advisor; however, it is the student’s responsibility to be aware of, register for, and successfully complete all of the requirements for graduation in the Major.

Chestnut Hill College offers a Bachelor of Science (BS) in Early Education and a Bachelor of Science (BS) in Middle-Level Education, both leading to Pennsylvania Department of Education Certification. The BS in Middle-Level Education offers concentrations in English/Language Arts/Reading; English/Language Arts/Reading and Math; English/Language Arts/Reading and Science; Social Studies; or Science and Math. In addition, the Secondary Education Certification Program awards students a minor in Secondary Education. For information on any of the programs, please contact Carol Pate, 4th Floor, St. Joseph Hall. Telephone: 215.248-7127. Email: cmate@chc.edu.

A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation from the College; however, a Major and Career GPA of 2.80 or above is required for Certification (Praxis II scores must be one standard deviation above qualifying score for GPS 2.80-2.99). Courses Required in the Major comprise the Major GPA. Unless indicated, students must earn a grade of C- (1.70) or better in courses both Required in the Major and Also Required in order to successfully complete the College requirements for either of the Majors. Majors may need to re-take courses with C- grades if their Career GPA is less than what is required by the Pennsylvania Department of Education (PDE) for Certification or if a higher grade is required to demonstrate competency as identified by the department.

Although a student will be classified as an Early Education/Pre-K to 4 Candidate or a Middle-Level (4-8) Education Candidate on the virtue of acceptance into the College, formal acceptance into either major occurs prior to the Junior year. Requirements for formal acceptance appear in this catalog. Being classified as an Early Education or Middle-Level Education Candidate does not infer nor guarantee formal acceptance into either program.

Student Teaching courses cannot be repeated at the undergraduate level, and a “passing” grade does not guarantee recommendation for Certification. Check with an Academic Advisor in the Education Department before registering for a Student Teaching course to discuss the unique requirements.

The Secondary Education Certification Program/Secondary Education minor integrates educational theory and practice with field experiences that include practicum and student teaching, as well as opportunities to develop teaching competence through innovative and effective approaches to the educational process with focus on students at the Secondary Level. The Program is available as a minor in Secondary Education accompanied by majors in the following content areas:

~ Secondary Education, Grades K through 12
  ~ Latin (Foreign Language Certification)
  ~ French (Foreign Language Certification)
  ~ Spanish (Foreign Language Certification)
~ Secondary Education, Grades 7 through 12
  ~ Biology, Biochemistry; Forensic Sciences; Environmental Sciences; Molecular Biology (Biology, or General Science Certification)
  ~ Chemistry (Chemistry Certification)
  ~ English Literature; Communications (English Certification)
  ~ Mathematics; Math and Computer Science (Mathematics Certification)
  ~ History; Political Science (Social Studies Certification)

Montessori Education
Chestnut Hill College also offers Montessori Education for Preschool (3- to 6-years-old) through the American Montessori Society. Students interested in becoming a Montessori teacher may take coursework in the College’s Montessori Pre-primary Teacher Preparation Program. Successful completion of this program leads to a Pre-primary
Credential from the American Montessori Society, usually in conjunction with the state certification program in Early Education. Students enrolled in other majors may also take additional course work in Montessori Education.

**Departmental Mission**
The Department of Education’s Programs combine a sound liberal arts education with specific training in educational and child/adolescent development, in curriculum methods and materials, and in extensive fieldwork. The mission of the Education Department is to build on the intellectual and holistic foundation of the mission of Chestnut Hill College by helping students develop the professional skills and attitudes to educate a diverse community of learners and to foster a deep commitment to teaching and lifelong learning.

**Honors, Honor Societies and Memberships**
Kappa Delta Epsilon is an honorary professional society, the purpose of which is to promote the cause of Education by fostering a spirit of fellowship, high standards of scholastic attainment, and professional ideals among its members. Members are invited and expected to maintain a Career GPA of 3.00 or higher.

Membership in the Council for Exceptional Children is open to all education majors and minors. The purpose is to provide opportunities to discuss the latest research on the educational needs of children with disabilities, to foster a spirit of educational fellowship and to provide service to students, schools and organizations working in the areas of special education.

Outstanding students may be invited to participate in the Departmental Honors program. Sophomores of high scholastic standing (a Career GPA of 3.50 or higher) may be invited by their major department to stand for Honors in their Junior and Senior years. The Departmental Honors program provides an opportunity for independent study and research culminating in an Honors thesis submitted in the spring of Senior year. All students who have successfully completed the Honors Program will be recognized with Honors in their major field at the annual Honors Convocation and on their academic transcripts. In addition, the title of the completed Honors Thesis will appear on the academic transcript.

**General Requirements for Admission to the Majors**
The Chapter 354 rules and regulations from the Pennsylvania Department of Education determine the requirements for admissions to an approved certification program. First-year students declaring an Early Education or Middle-Level Education program must take the Reading and Writing Praxis tests before their Sophomore year. Students who do not pass one or both of the tests will be advised about the assistance that is available, including the writing center, PLATO Praxis series practice tests and other available supports. Candidates for Early Education should apply to the Education Department for formal acceptance to the certification program after completion of 48 credits. Students majoring in Middle-Level Education should apply to the Education Department after completion of 60 credits to ensure that at least four Education courses are completed and a GPA of 2.80 or higher is obtained. Students who apply at a later time may need to take courses in summer sessions and/or take courses for an additional semester in order to complete the program within a four-year schedule.

The formal application process (also included in the Education Department’s Handbook available in the Education Department) includes submission of the following items: two letters of recommendation attesting to the student’s cognitive, physical and social capabilities in preparation for teaching; documentation of a minimum Career GPA of 2.80 and a major GPA of 3.00 at the time of application; documentation of six credits of English (one writing course, one literature- a grade of C or better required in ENGL-101: College Writing) and six credits of Math (MATH-231: Basic Mathematical Theory and Applications I and MATH-232: Basic Mathematical Theory and Applications II with a grade of C or better); documentation of 40 hours of observation; and participation in educationally related settings (can be accomplished through required field experiences in education courses); Stage One Portfolio; documentation of passing the three PPST tests (Reading, Writing and Math) at time of application to the certification program; and successful completion of designated course.

Special note for transfer students: Requirements for transfer students seeking admission to the certification program will be determined on an individual basis by an academic advisor and the Education Department.

An Admissions and Review Committee from the Education Department, consisting of three Education Department faculty members, will review all applications that are deficient in one or more areas (for example, students who have less than a 3.00 GPA in the major at the time of application). Depending on the information submitted as part of the
admissions process, the following might occur: a student would be advised to choose another major so that the student has time to fulfill the requirements for the new major or a student may receive conditional approval to continue one additional semester of coursework in order to meet admissions requirements. After examining the information, the Admissions and Review Committee will notify the student’s advisor of the decision. A student will receive a letter from the department indicating the decision to include further steps necessary either to continue in the process of acceptance or to work with the advisor for other options. A student whose application for admission to the certification program is denied may appeal to a faculty panel made up of a minimum of three Education Department faculty members, inclusive of the Chair of the department. The faculty panel will review the information and make a final decision.

Students accepted into the program will begin their practicum and student teaching experiences in the beginning of their Junior year. In addition, specific physical, social, professional, and cognitive capabilities are continually assessed through the monitoring of coursework and evaluations during the practicum and student teaching experiences through specific key assessments. The results of the key assessments are crucial to determining a final recommendation for certification.

The Education Department uses criteria outlined in the practicum and student teaching handbooks to continually evaluate a candidate’s performance. If any concern about the candidate’s performance is raised during the practicum and/or student teaching experiences, the concern will be brought to the Admissions and Review Committee. Information and documentation will be gathered from faculty members as well as practicum and/or student teaching supervisors who have had the student in class. In addition, completed evaluations and other relevant information will be obtained in order to make a determination of the candidate’s continuation in the certification program.

Following the successful completion of coursework; Stage I, II, III and IV (student teaching) field experiences; and receipt of passing scores on the required Praxis II tests for the certification area, a student may be eligible to apply for Pennsylvania Instructional I Certification. PDE certification requirements must be completed at the time of application; however, students who graduate with a GPA of 2.80-2.99 will not be eligible to be recommended for Early Education or Middle-Level Certification unless they pass the requisite Praxis II examinations by a 1.0 or higher standard deviation above the qualifying score. For students who graduate with a 3.00 GPA or higher, the qualifying Praxis II score may be lower. Please contact an advisor for specifics.

Program Competencies
All students in the Early Education (PreK-4), Middle Level Education (Grades 4-8) majors and Secondary Education (K-12; 7-12 content areas) minor certification programs must be physically, socially, cognitively, and professionally able to meet specific competencies as part of the admissions process through the completion of approved coursework and fieldwork experiences, and when exiting the program.

- Evidence of physical capabilities is the demonstration of an ability to fully maintain a safe and supportive learning environment for children as demonstrated through field experiences in specific courses, approved practicum placements and student teaching.
- Evidence of social capabilities is the demonstration of a student’s ability to teach with poise, confidence and control in a classroom environment, as well as to develop and maintain professional relationships as demonstrated in coursework, practicum and student teaching experiences.
- Evidence of cognitive abilities includes a Career GPA of 2.80 with a GPA of 3.00 in the major and successful completion of all coursework and fieldwork experiences.
- Evidence of professional abilities.

Exit Competencies
Students are required to complete a student teaching portfolio that provides documentation of the following competencies:

- The teacher understands the central concepts, tools of inquiry, and structures of the discipline the teacher teaches and can create learning experiences that make these aspects of subject matter meaningful for all students.
- The teacher understands how all children learn and develop, and can provide learning opportunities that support their intellectual, social, career and personal development.
- The teacher understands how students differ in their ability and approaches to learning and creates opportunities that foster achievement of diverse learners in the inclusive classroom.
- The teacher understands and uses a variety of instructional strategies, including interdisciplinary learning experiences, to encourage students’ development of critical thinking, problem-solving and performance skills.
The teacher cognitively, physically and socially demonstrates the ability to provide for the safety and well-being of all students. The teacher will utilize individual and group behavior strategies that create a learning environment supporting positive social interaction, active engagement in learning and self-discipline.

The teacher uses knowledge of effective verbal, nonverbal, and media communication techniques, supported by appropriate technology to foster active inquiry, collaboration, and supportive interaction in the classroom.

The teacher plans instruction based on knowledge of subject matter, students, and the community and curriculum goals. The teacher understands and uses formal and informal assessment strategies to evaluate and ensure the continuous intellectual, social and physical development of the learner.

The teacher thinks systematically about practice, learns from experience, seeks the advice of others, draws upon educational research and scholarship and actively seeks out opportunities to grow professionally.

The teacher contributes to school effectiveness by collaborating with other professionals and parents by using community resources, and by working as an advocate to improve opportunities for student learning.

Portfolio Requirements
Beginning in the Sophomore year students will begin gathering evidence (including coursework papers, observations, and education course class presentations) for review by their advisors and also, in subsequent years, by their practicum supervisors and their student teacher advisors. The Sophomore and Junior year portfolio criteria have been configured to meet the PDE’s specific program content, performance and professionalism guidelines for Early, Middle-Level or Secondary Education. The student teaching portfolio has been configured to demonstrate the exit competencies that reflect an integration of the pre-services experiences. This final portfolio also serves as part of the professional application process when seeking a teaching position.

Exit Criteria
Included in the student teaching portfolio must be documentation indicating the following criteria have been met:

- Successful completion of all program coursework, field experiences and student teaching in the certification program:
  - Career GPA of 2.80 or higher and a 3.00 or higher GPA in the major;*
  - Successful completion of exit competencies evaluated by the PDE 430 form and student teaching (Stage IV);
  - Stage IV portfolio; and
  - Passing scores in all appropriate Praxis II Series exams required by PDE, with the approved score based on GPA.

* Students who graduate with a Career GPA of 2.80-2.99 will not be eligible to be recommended for Early, Middle-Level or Secondary Education Certification unless they pass the requisite Praxis II examinations by 1.0 or higher standard deviation above the qualifying score. For students who graduate with a 3.00 GPA or higher, the qualifying Praxis II score may be lower.

Early Education (PreK – 4)
Students majoring in Early Education (PreK-4) will complete courses within the Education Department, including student teaching and the student teaching seminar in addition to meeting all Core Requirements. Students also qualify for a minor in Special Education, and an academic advisor will assist with this aspect of course planning.

Major in Early Education (PreK-4) - 89 credits
Courses are 3 credits unless indicated.

Required in the Major:
- EDP4-201: Development/Early Years
- EDP4-202: Educational Psychology/Early Years (WOK: Behavioral)
- EDP4-203: ECE Foundations
- EDP4-204: ECE Methods
- EDP4-207: Early Literacy
- EDP4-210: Reading with Trade Books
- EDP4-301: Health and Safety Methods

- EDP4-321: Classroom Management and Applied Instruction
- EDP4-420: Professionalism in Student Teaching (6 credits) *
- EDP4-421: Professional Student Teaching Seminar
- EDP4-498: Senior Seminar in Education
Also required:
- MATH-231: Basic Mathematical Theory and Applications I (WOK: Problem Solving)**
- EDSP-312: Reading Intervention for Diverse Learners
- EDSP-340: Introduction to Special Education
- EDSP-345: Assessments and Adaptations
- EDSP-355: Instruction in Inclusive Environment
- EDSP-390: ESL Foundations and Methods
- HSVC-105: Introduction to Human Services
- PHED-107: Movement for Children (2 credits)
- Foreign Language at the 103-level or higher (SPAN-107 and/or SPAN-108 recommended)
- One ENGL-200-level Writing Intensive Literature course (3 credits) ** chosen from the following, which may not be offered every semester:
  - ENGL-203: Approaches to Literature (WOK: Literary and Writing Intensive)
  - ENGL-241: Gender and Literature (WOK: Literary and Writing Intensive)
  - ENGL-280: American Literature of the 1920s: The Lost Generation (WOK: Literary and Writing Intensive)
  - ENGL-301: American Novel (WOK: Literary and Writing Intensive)
  - ENGL-308: British Novel (WOK: Literary and Writing Intensive)

* Student Teaching courses cannot be repeated; a “passing” grade does not guarantee recommendation. Check with an Academic Advisor in the Education Department before registering for a Student Teaching course to discuss the unique requirements.

** Grade of C or better is required.

Secondary Education Certification Program
The Secondary Education Certification Program/Secondary Education minor integrates educational theory and practice with field experiences that include practicum and student teaching, as well as opportunities to develop teaching competence through innovative and effective approaches to the educational process with focus on students at the Secondary Level.
The Program is available as a minor in Secondary Education accompanied by majors in the following content areas:

- Secondary Education, Grades K through 12
  - Latin (Foreign Language Certification)
  - French (Foreign Language Certification)
  - Spanish (Foreign Language Certification)
- Secondary Education, Grades 7 through 12
  - Biology, Biochemistry; Forensic Sciences; Environmental Sciences; Molecular Biology (Biology, or General Science Certification)
  - Chemistry (Chemistry Certification)
  - English Literature; Communications (English Certification)
  - Mathematics; Math and Computer Science (Mathematics Certification)
  - History; Political Science (Social Studies Certification)

The Pennsylvania Department of Education (PDE) now requires that all Secondary Education Certification Program participants have 9 credits of Special Education coursework and 3 credits of Teaching English as a Second Language coursework. In addition, participants will need to meet field experience competencies that will either require two separate practicum experiences, or one practicum and one extended student teaching experience. The PDE has not identified the field experience competencies as of July 1, 2011. The Education Department will determine the best options for students on an individual basis.

Students in the minor are expected to complete all courses for Secondary Certification including student teaching. Students may complete student teaching after graduation but the minor will not be included on the transcript. Students must earn a grade of C- (1.70) or better in courses required to successfully complete the requirements for the minor. Please see each major’s section for additional information.

Rita Michael Scully, SSJ, MA, Associate Professor of English

Chestnut Hill College offers a Bachelor of Arts (BA) in English Literature; a Bachelor of Arts (BA) in Communications; a Bachelor of Arts (BA) in English Literature and Communications; and a Bachelor of Science (BS) in Communications and Technology (new program, Fall 2010). Minors in English Literature; Communications; and Creative Writing (new program, Fall 2010) are also offered. A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Courses Required in the Major comprise the Major GPA. Unless indicated, students must earn a grade of C- (1.70) or better in courses both Required in the Major and Also Required in order to successfully complete the requirements for the Majors. Students must earn a grade of C- (1.70) or better in courses required to successfully complete the requirements for the minors.

Departmental Mission
The English and Communications Department offers a flexible program that develops students’ literacy in numerous genres to prepare them for a variety of fields after graduation. Students may choose from several majors in the department, as listed above. The overall goals are to offer knowledge in diverse forms of written, oral and visual expression; to train students in critical thinking and effective written and oral communication; and to help students integrate their own intellectual development with critical theory in their particular field of study. Each of the majors culminates in the production of a senior thesis, in which students demonstrate their ability to present and synthesize critical analysis and research in their field.

Placement Testing
All incoming first-year students must take a writing placement test administered by the English and Communications Department. Registration in ENGL-100: Essay Writing may be required based on the results of the test. ENGL-100 does NOT satisfy the general education requirement in college writing; however, the 3 credits earned may be used as elective credits towards graduation. Students successfully completing ENGL-100 will register for ENGL-101: College Writing the following semester.

Advanced Placement
For a score of 4 or 5 on the English Language and Composition Exam the student will receive 3 credits equivalent to ENGL-101: College Writing. The student may be invited to enroll in ENGL-105: Advanced College Writing based on the results of the English Placement Exam. A score of 4 or 5 on the English Literature Exam will be accepted as three elective credits in English at the discretion of the department.

Honors and Honor Societies
Students who meet the requisite GPA of 3.00 and receive departmental approval are eligible for membership in the national honor societies of their respective disciplines: Sigma Tau Delta, the International English Honor Society and Lambda Pi Eta, the National Communication Honor Society.

Qualified Communications and Technology majors may be invited to join Epsilon Pi Tau, the International Honor Society for Technology. Students need to complete at least 16 credits of computer science and/or technology courses and maintain a Career GPA of 3.00 and a GPA of 3.25 in the major. Eligible students are also required to be in the top 35% of their class.

Outstanding students may be invited to participate in the Departmental Honors program. Sophomores of high scholastic standing (a Career GPA of 3.50 or higher) may be invited by their major department to stand for Honors in their Junior and Senior years. The Departmental Honors program provides an opportunity for independent study and research culminating in an Honors thesis submitted in the spring of Senior year. All students who have successfully
completed the Honors Program will be recognized with Honors in their major field at the annual Honors Convocation and on their academic transcripts. In addition, the title of the completed Honors Thesis will appear on the academic transcript.

Extra-Curricular Activities and Clubs
A yearbook, newspaper, campus magazines, a literary and a scholarly journal offer English and Communications majors opportunities to develop their writing interests and skills.

The TV and Radio Clubs offer opportunities for all students to participate in, prepare and edit campus media programs.

Secondary Education Certification Program/Secondary Education Minor
Secondary Education Certification in English (Grades 7 -12) is available to English Literature and Communications majors. The Program integrates educational theory and practice with field experiences that include practicum and student teaching, as well as opportunities to develop teaching competence through innovative and effective approaches to the educational process with focus on students at the Secondary Level. Contact the Education Department section for information on applying for the Secondary Education minor.

The Pennsylvania Department of Education (PDE) now requires that all Secondary Education Certification Program participants have 9 credits of Special Education coursework and 3 credits of Teaching English as a Second Language coursework. In addition, participants will need to meet field experience competencies that will either require two separate practicum experiences, or one practicum and one extended student teaching experience. The PDE has not identified the field experience competencies as of July 1, 2011. The Education Department will determine the best options for students on an individual basis.

Students in the minor are expected to complete all courses listed below including student teaching. Students may complete student teaching after graduation but the minor will not be included on the transcript. Students must earn a grade of C- (1.70) or better in courses required to successfully complete the requirements for the minor.

**English Literature**

English Literature majors develop knowledge of literary genres, traditions, and historical periods and of the critical reception of literature. A variety of course approaches (genre, period or thematic perspective) allows students to engage textual material with sensitivity to the richness and complexities of language and culture and also to integrate critical thinking, writing, and research skills in the production of literary analysis.

A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Courses *Required in the Major* comprise the Major GPA. Unless indicated, students must earn a grade of C- (1.70) or better in courses both *Required in the Major* and *Also Required* in order to successfully complete the requirements for the Major. For information, please contact Barbara Lonnquist, Room 203, St. Joseph Hall. Telephone: 215.248-7178. Email: lonnquistb@chc.edu.

The Department also offers courses in Chinese, Classical Civilization (in English), German, Italian, Latin, language and emphasize a communicative approach. Interested students should contact Mary Helen Kashuba, SSJ, Russian and English for Speakers of Other Languages (ESOL.) All courses except Classics are conducted in the target A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Courses the Major Room 25B, Fournier Hall. Telephone: 215.248-7124. Email: kashubam@chc.edu.

A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Courses Required in the Major comprise the Major GPA. Unless indicated, students must earn a grade of C- (1.70) or better in courses both Required in the Major and Also Required in order to successfully complete the requirements for the Major. Students must earn a grade of C- (1.70) or better in courses required to successfully complete the requirements for the minor.

Advanced Placement
A score of 3 in Language or Literature is equivalent to the 103 course in the respective language, worth 3 credits. This satisfies the Core Foreign Language requirement. A score of 4 or 5 in Language is equivalent to any Language-221: Advanced Grammar and Composition, which also satisfies the requirement. A score of 4 or 5 in Literature is equivalent to an introductory course in literature, assigned at the discretion of the Department, and is worth 3 credits. This also satisfies the requirement.

Honors and Honor Societies
The Foreign Language Department invites outstanding majors and minors to join The International Foreign Language Honor Society, Phi Sigma Iota. These majors or minors must have a minimum overall GPA of 3.00, with a 3.50 GPA or higher in their language courses with at least one 200-level or above course completed. They must also rank in the top 35% of their class and have achieved Junior class status (54 earned academic credits).

Outstanding students may be invited to participate in the Departmental Honors program. Sophomores of high scholastic standing (a Career GPA of 3.50 or higher) may be invited by their major department to stand for Honors in their Junior and Senior years. The Departmental Honors program provides an opportunity for independent study and research culminating in an Honors thesis submitted in the spring of Senior year. All students who have successfully completed the Honors Program will be recognized with Honors in their major field at the annual Honors Convocation and on their academic transcripts. In addition, the title of the completed Honors Thesis will appear on the academic transcript.

Core Foreign Language Requirement
Students are required to take one Foreign Language course at 103 or above, according to their placement by the Department.

Proficiencies
Students completing a major in French or Spanish should demonstrate oral and written proficiency at the level of intermediate high or above, through the Oral Proficiency Interview according to the ACTFL Proficiency Guidelines. Language majors are also required to study a second language for at least two semesters and should be able to demonstrate knowledge of that language at the intermediate level or above, according to the ACTFL Proficiency Guidelines. Exceptions to the second language requirement may be made for students pursuing a double major.

Secondary Education Certification Program/Secondary Education Minor
The Secondary Education Certification Program in Foreign Language (Grades K through 12) is available to students studying French, Spanish and/or Latin. The Program integrates educational theory and practice with field
experiences that include practicum and student teaching, as well as opportunities to develop teaching competence through innovative and effective approaches to the educational process with focus on students at the Secondary Level. Contact the Education Department for information on applying for the Secondary Education minor.

The Pennsylvania Department of Education (PDE) now requires that all Secondary Education Certification Program participants have 9 credits of Special Education coursework, and 3 credits of Teaching English as a Second Language coursework. In addition, participants will need to meet field experience competencies that will either require two separate practicum experiences, or one practicum and one extended student teaching experience. The PDE has not identified the field experience competencies as of July 1, 2011. The Education Department will determine the best options for students on an individual basis.

Students seeking certification are expected to demonstrate oral (except Latin — see below) and written proficiency in the language at the level of intermediate high or above, through the Oral Proficiency Interview according to the ACTFL Proficiency Guidelines. Students in the minor are expected to complete all courses listed below including student teaching. Students may complete student teaching after graduation but the minor will not be included on the transcript unless student teaching is successfully completed. Students must earn a grade of C- (1.70) or better in courses required to successfully complete the requirements for the minor. Following formal acceptance into the minor, students need to complete the following courses in addition to all major requirements:

**Minor in Secondary Education (French or Spanish) — 36 credits minimum**

Courses are 3 credits unless indicated. **Requirements:**
- EDSC-201: Adolescent Psychology and Development
- EDSC-202: Educational Psychology *(WOK: Behavioral)*

- EDSP-390: ESL Foundations and Methods
- FLED-352: Special Methods in Foreign Language Teaching

*May be required; discuss options with a Faculty Advisor:*
- EDSP-355: Instruction in Inclusive Environment

First language certification in French or Spanish requires a major or its equivalent in the language. Second language certification requires the candidate to pass the PRAXIS or ACTFL Oral Proficiency Interview in French or Spanish. Further study may be recommended, depending on the level of the candidate.

The candidate for certification in Latin must demonstrate proficiency in written Latin. Please note that this program may require course work at other institutions. Following formal acceptance into the minor, students need to complete the following courses (36 credits minimum) in Education as well as the indicated courses in Latin and Classical Civilization:

**Minor in Secondary Education (Latin) — 60 credits minimum**

Courses are 3 credits unless indicated. **Requirements:**

**Consortium Agreements/Study Abroad**

The Department provides opportunities for internships and study abroad and strongly recommends an immersion experience (state-side or abroad) in the major language. Students who wish to study abroad must have a GPA of 3.00. Students who wish to study in Paris, France may enroll in the Cours de Civilisation Française de la Sorbonne. This program is designed especially for non-Francophone students with courses given in French. Similar programs exist in conjunction with the Universidad Internacional in Cuernavaca, Mexico, St. Louis University in Madrid, Spain, and the University of Salamanca in Spain. Students pursuing a business degree can attend the American Business School in Paris or CEFAM (Centre d’études franco-américain de management) in Lyon, France. These institutions offer business courses in English. Most financial aid is applicable to all study abroad.

**French**

The major in French aims to provide students with knowledge and appreciation of the French language and French and Francophone culture and literature. Students learn to understand, speak, read and write the language and to acquire practical skills that will equip them for careers in business, government, communications, education and other areas in which language skills and cultural background are assets. Students learn to analyze through studying the structure of the language. They also develop an ability to interpret literature and thus bring a humanizing dimension to their own lives and to modern society.

A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Courses *Required in the Major* comprise the Major GPA. Unless indicated, students must earn a grade of C- (1.70) or better in courses both *Required in the Major* and *Also Required* in order to successfully complete the requirements for the Major.

**Major in French** – 42 credits (fourteen courses total)

Spanish

The Spanish major offers opportunities to develop an appreciation and understanding of the literature and culture of Spain and Latin America, as well as to develop fluency in oral and written Spanish. Students learn to understand, speak, read and write the language and to acquire practical skills that will equip them for careers in business, government, communications, education and other areas in which language skills and cultural background are assets. Students learn to analyze through studying the structure of the language. They also develop an ability to interpret literature and thus bring a humanizing dimension to their own lives and to modern society.

A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Courses Required in the Major comprise the Major GPA. Unless indicated, students must earn a grade of C- (1.70) or better in courses both Required in the Major and Also Required in order to successfully complete the requirements for the Major.

International Studies
Certificate in International Studies – 24 credits
The International Studies Certificate program enables students, in any major, to become more aware of the growing interdependence of nations. Courses with a multi-cultural dimension and an international focus, as well as the study of languages, broaden horizons and prepare participants to be agents in solving problems in a positive and peaceful way. An internship with an international dimension provides realistic experience and enhances career opportunities in the United States and abroad. Although the course plan and focus should be finalized by the first semester of Junior year, it is recommended that students begin their program in their first year. Interested students should contact Mary Helen Kashuba, SSJ, Room 25B Fournier Hall. Telephone: 215.248-7124. Email: kashubam@chc.edu. The choice of courses should be interdisciplinary in nature and may be used to fulfill Major and Ways of Knowing requirements.
Requirements:
- GLST-201: Global Studies Seminar/Any Topic
- Four courses focusing on a specific topic chosen in consultation with an international studies advisor. Examples of topics: Ecology and Environment in an International context; Multinational Corporations and International Business; Children and the Family in an International context; Multiculturalism in the Arts, etc.
- Foreign Language Competency: Two courses in a Foreign Language at the Intermediate level or above. The student must reach a minimum of intermediate (mid) on the ACTFL oral proficiency scale. The ACTFL oral proficiency interview or an equivalent will assess the student’s level.
- IBLC-401: Internship in IBLC/ an internship with an international dimension, related if possible to the focus and the language. Internships abroad are encouraged.

HISTORY and POLITICAL SCIENCE
Lorraine Coons, PhD, Professor of History
~ Chair of the History and Political Science Department
History

Chestnut Hill College offers a Bachelor of Arts (BA) in History as well as a minor in History. Also offered is the interdisciplinary minor in Women’s Studies. Interested students should contact Lorraine Coons, Room 377, Fournier Hall. Telephone: 215.248-7184. Email: lcoons@chc.edu.

A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Courses **Required in the Major** comprise the Major GPA. Unless indicated, students must earn a grade of C- (1.70) or better in courses both **Required in the Major** and **Also Required** in order to successfully complete the requirements for the Major. Students must earn a grade of C- (1.70) or better in courses required to successfully complete the requirements for a minor.

**Departmental Mission**

The objective of the program is to give the History Major or minor a deep awareness of the importance of the historical perspective through courses ranging from ancient times until the present. The student has the opportunity to learn about the self and to analyze historical consciousness. History students are prepared for a wide variety of careers: law, paralegal work, public service, diplomatic service, communications, secondary school teaching, college/university teaching, museums, archives and historical societies, and graduate school.

**Honor Societies and Honors**

Phi Alpha Theta, the national honor society in History, requires a minimum Career GPA of 3.00 and a 3.10 GPA in History. Eligible candidates must also rank in the top 35% of their class. Both majors and minors are eligible for nominations into the society upon completion of 12 semester hours of coursework in History.

Outstanding students may be invited to participate in the Departmental Honors program. Sophomores of high scholastic standing (a Career GPA of 3.50 or higher) may be invited by their major department to stand for Honors in their Junior and Senior years. The Departmental Honors program provides an opportunity for independent study and research culminating in an Honors thesis submitted in the spring of Senior year. All students who have successfully completed the Honors Program will be recognized with Honors in their major field at the annual Honors Convocation and on their academic transcripts. In addition, the title of the completed Honors Thesis will appear on the academic transcript.

**Advanced Placement**

HISTORY (American/European/World): 3 credits are given to those students who have attained a score of 3 or better on the test(s). Each test is equivalent to 3 credits; a total of 9 credits may be awarded. The credits are counted as electives; they do not replace courses required for graduation in the History major nor do they fulfill the Historical Ways of Knowing.

**Secondary Education Certification Program/Secondary Education Minor**

The Secondary Education Certification Program in Social Studies (Grades 7-12) is available to History majors. The Program integrates educational theory and practice with field experiences that include practicum and student teaching, as well as opportunities to develop teaching competence through innovative and effective approaches to the educational process with focus on students at the Secondary Level. Contact the Education Department for information on applying for the Secondary Education minor.

The Pennsylvania Department of Education (PDE) now requires that all Secondary Education Certification Program participants have 9 credits of Special Education coursework and 3 credits of Teaching English as a Second Language coursework. In addition, participants will need to meet field experience competencies that will either require two separate practicum experiences, or one practicum and one extended student teaching experience. The PDE has not identified the field experience competencies as of July 1, 2011. The Education Department will determine the best options for students on an individual basis.
Students may complete student teaching after graduation but the minor will not be included on the transcript unless student teaching is successfully completed. Students must earn a grade of C- (1.70) or better in courses required to successfully complete the requirements for the minor. Following formal acceptance into the minor, students need to complete the following courses in addition to all major requirements:

**Minor in Secondary Education (History) – 69 credits minimum**

A minor in History is developed in consultation with a member of the History faculty. Students must earn a grade of C- (1.70) or better in courses required to successfully complete the requirements for a minor.

**Requirements:**
- HIST-101: Western Civilization: Antiquity-Renaissance (*WOK: Historical*)
- HIST-102: Western Civilization: Protestant Reformation – Present (*WOK: Historical*)
- Four courses (12 credits) in History chosen from the listing above of courses available to any student with the addition of HIST-403: Fieldwork in History.

**Women’s Studies**

**Minor in Women’s Studies** – 18 credits
Chestnut Hill College offers a number of courses that focus on women in a variety of disciplines including Art History, English, Foreign Language, History, Music, Psychology, Religious Studies and Sociology. Students must earn a grade of C- (1.70) or better in courses required to successfully complete the requirements for the minor. Contact Lorraine Coons, Room 377, Fournier Hall, or Nancy Porter, Room 14, St. Joseph Hall for assistance with this minor. **Requirements:**

~ Six courses (18 credits) chosen in conjunction with an academic advisor from the following, which may not be offered every semester and may have Pre-Requisites:

  ~ ARTH-201: Historical Survey of Women Artists *(WOK: Artistic)*
  ~ CRJU-210/ SOCI-210: Gender and the Law *(WOK: Behavioral)*
  ~ GLST-201: Global Awareness Seminar *
  ~ HIST-106: Survey of Women’s History *(WOK: Historical)*
  ~ HIST-228: Women in Modern European Society *(WOK: Historical)*
  ~ HIST-330: Revolution/War/Peace: Women’s Activism in the Modern World *(WOK: Historical and Writing Intensive)*
  ~ ILAR-101: Introduction to the Liberal Arts *
  ~ ENGL-241: Gender and Literature *(WOK: Literary and Writing Intensive)*
  ~ PSYC-109: Psychology of Women *(WOK: Behavioral)*
  ~ RLST-211: Women in the Bible
  ~ RLST-222: Marriage and Family
  ~ RLST-241: Models/Mentors in Christian Traditions
  ~ RLST-242: Women in Society and Religion
  ~ SPAN-362: Hispanic Women Writers *(WOK: Literary)*
  ~ SOCI-126: Gender and Society *(WOK: Behavioral)*
  ~ SOCI-201: Social Inequality *(WOK: Behavioral)*

* May be acceptable for the minor depending on the topic. Permission of the minor advisor is required for this course to count for the minor.
Political Science
Chestnut Hill College offers a Bachelor of Arts (BA) in Political Science as well as a minor in Political Science. Interested students should contact Jacqueline Reich, Room 375 Fournier Hall. Telephone: 215/753-3630. Email: reichj@chc.edu.

A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Courses Required in the Major comprise the Major GPA. Unless indicated, students must earn a grade of C- (1.70) or better in courses both Required in the Major and Also Required in order to successfully complete the requirements for the Major. Students must earn a grade of C- (1.70) or better in courses required to successfully complete the requirements for the minor.

Advanced Placement
POLITICAL SCIENCE/GOVERNMENT: For a grade of 4 or 5 on the American Government the student will be awarded 3 credits equivalent to PSCI 113: American Political Process, which fulfills the Behavioral Ways of Knowing. For a grade of 4 or 5 on the American Government the student will be awarded 3 credits equivalent to PSCI-230: Introduction to Comparative Politics, which also fulfills the Behavioral Ways of Knowing. A student who has earned a score of 3 on the American Government test and/or the Comparative Government test will be awarded 3 elective credits for each. Electives do not fulfill Ways of Knowing or major requirements.

Honors
Outstanding students may be invited to participate in the Departmental Honors program. Sophomores of high scholastic standing (a Career GPA of 3.50 or higher) may be invited by their major department to stand for Honors in their Junior and Senior years. The Departmental Honors program provides an opportunity for independent study and research culminating in an Honors thesis submitted in the spring of Senior year. All students who have successfully completed the Honors Program will be recognized with Honors in their major field at the annual Honors Convocation and on their academic transcripts. In addition, the title of the completed Honors Thesis will appear on the academic transcript.

Associations
Any student, irrespective of major, who is interested in politics, national affairs and global controversies is invited to join the Students’ Political Science Association (SPSA). This very active campus organization sponsors movies, fieldtrips to places like the Daily Show in New York City and the Constitution Center here in Philadelphia, speakers in current events such as nuclear proliferation and women’s development in Afghanistan, and the campus mock Presidential election.

Course Options
A variety of Political Science courses are open to students in any major wishing to fulfill a Behavioral Ways of Knowing or pursue interests without committing to a minor. Please check the course descriptions for any Pre-Requisites:

~ PSCI-101: Introduction to Political Science (WOK: Behavioral)
~ PSCI-112: State and Local Government (WOK: Behavioral)
~ PSCI-113: American Political Process (WOK: Behavioral)
~ PSCI-114: American Political Parties (WOK: Behavioral)
~ PSCI-117: Business Law (WOK: Behavioral)
~ PSCI-118: Mass Media and Politics (WOK: Behavioral)
~ PSCI-130: The Rule of Law (WOK: Behavioral)
~ PSCI-140: Introduction to World Politics (WOK: Behavioral)
~ PSCI-214: Constitutional Law: Civil Liberties (WOK: Behavioral)
~ PSCI-230: Introduction to Comparative Politics/Governmental Systems (WOK: Behavioral)
~ PSCI-231: Introduction to Comparative Politics/Cross-National Themes (WOK: Behavioral)
~ PSCI-232: Comparative Democracy (WOK: Behavioral)
~ PSCI-240: Theories of International Relations (WOK: Behavioral)
~ PSCI-241: American Foreign Policy (WOK: Behavioral)
~ PSCI-242: International Organization (WOK: Behavioral)
~ PSCI-281: Special Topics in Political Science/Topics vary by semester (Repeatable for credit)
~ PSCI-330: Government and Politics of the Middle East (WOK: Behavioral) (Writing Intensive)
~ PSCI-490: Independent Study in Political Science (Repeatable for credit)

Major in Political Science – 36 credits
Required in the Major:

~ PSCI-101: Introduction to Political Science (WOK: Behavioral)
- PSCI-330: Government and Politics of the Middle East (Writing Intensive)
- PSCI-498: Senior Seminar in Political Science
- At least one course in each of the following areas (12 credits total), which may not be offered every semester:
  - American Politics (one course, 3 credits):
    - PSCI-112: State and Local Government
    - PSCI-113: American Political Process
    - PSCI-114: American Political Parties
    - PSCI-117: Principles of Business Law
    - PSCI-118: Mass Media and Politics
    - PSCI-214: Constitutional Law: Civil Liberties
  - Political Theory (one course, 3 credits):
    - PSCI-321: Political Theories: Ancient and Medieval
    - PSCI-322: Political Theories: 17th To 20th Century
  - Comparative Politics (one course, 3 credits):
    - PSCI-130: The Rule of Law
    - PSCI-230: Introduction to Comparative Politics/Governmental Systems
    - PSCI-231: Introduction to Comparative Politics/Cross-National Themes
    - PSCI-232: Comparative Democracy
  - International Relations (one course, 3 credits):
    - PSCI-140: Introduction to World Politics
    - PSCI-240: Theories of International Relations
    - PSCI-241: American Foreign Policy
    - PSCI-242: International Organization
    - PSCI-341: International Political Economy
  - Five additional courses (15 credits) in Political Science courses at the election of the student, chosen from the areas above, once the minimum requirement of one course (3 credits) has been met, or from the following, which may not be offered every semester:
    - PSCI-281: Special Topics in Political Science/Topics vary by semester (Repeatable for credit)
    - PSCI-481: Advanced Special Topics in Political Science/Topics vary by semester (Repeatable for credit)

Sample Bachelor of Arts: Political Science Major/selected minor (declaration of minor not required for graduation):

Please note that this is a suggested academic plan only; it is not meant to address each student’s individual requirements or interests. Students will develop a personalized academic plan with a faculty advisor; however, it is the student’s responsibility to be aware of, register for, and successfully complete all of the requirements for graduation in the Major.

Chestnut Hill College offers a Bachelor of Science (BS) in Biology; a Bachelor of Science (BS) in Forensic Biology (new major – Fall 2011); a Bachelor of Science (BS) in Molecular Biology; and a Bachelor of Science (BS) in Environmental Sciences. In addition, the Biology Department offers minors in Biology, Molecular Biology, and Environmental Sciences. Interested students should contact Joseph Kulkosky, Room 522, St. Joseph Hall. Telephone: 215.248-7157. Email: kulkoskyj@chc.edu.

A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Courses Required in the Major comprise the Major GPA. Unless indicated, students must earn a grade of C- (1.70) or better in courses both Required in the Major and Also Required in order to successfully complete the requirements for the Major. Students must earn a grade of C- (1.70) or better in courses required to successfully complete the requirements for the minor.

Departmental Mission
The Biology Department supports the liberal arts tradition of Chestnut Hill College by providing fundamental knowledge in all areas of Biology. The Biology major provides students with a sound and comprehensive understanding of information and issues in several sub-disciplines of the biological and biomedical sciences as well as a strong foundation in Chemistry, Mathematics, and Physics. The curriculum develops communication skills, problem solving abilities, analytical reasoning and critical thinking. The goal is to meet the specific needs of individual students and to prepare them to be competitive when moving on to post-graduate education, other professional specialization or careers in the life sciences.

All students receive a core of courses that provides a common broad base of sound scientific knowledge to provide students with a well-rounded, solid education. Elective courses then complete the curriculum to further develop the student’s expertise in a sub-discipline of Biology. Students exposed to such a multidisciplinary program should be better prepared to think in more global terms in their approach to the diversity of problems in the life sciences.

The curriculum leading to a major in Biology is designed to help the student understand the unifying concepts of the nature of life and to develop the laboratory skills needed for the study of organisms and the pursuit of sound scientific methodology. The major in Molecular Biology places a strong emphasis on the study of life processes at the molecular and biochemical level. The major in Environmental Sciences provides an in-depth foundation in environmental concepts as well as an appreciation of the interdisciplinary nature of the field.

Seminar Series
The Biology Department sponsors two annual seminar series events:
~ The Biomedical Seminar Series, initiated in 1994, sponsors prominent speakers in the biomedical field and in basic research.
~ The Environmental Sciences Seminar Series, started in 2000, provides opportunity to learn about the unique activities in environmental research, issues and policies.

These seminars provide a forum for learning about recent advances in basic research, biomedicine and environmental science and expose students and faculty to prominent scientific and medical professionals. The meetings foster
collaboration, interaction and career contacts for students pursuing careers in basic research, health, medicine, as well as environmental issues and policy.

**Post-Graduate Study**
Most medical schools require the MCAT exam. Non-science majors are advised to consider taking another year of Biology to be well prepared for the MCAT. Most veterinary schools require the GRE general exam, as well as one semester each of Biochemistry and Microbiology. Most graduate schools in Biological/Biomedical areas require the GRE general exam. Some require the writing test and/or one of two subject tests (Biochemistry, Cell and Molecular Biology, or Biology). Graduate programs of all three types can vary in their requirements. Students should consult the catalogs of the schools of their choice early in their undergraduate years in order to plan an appropriate course of study.

For students interested in post-graduate study please note that most graduate programs of the types listed require:
- Two semesters of Biology
- Two semesters of General Chemistry
- Two semesters of Organic Chemistry
- Two semesters of Physics
- Two semesters of English Composition

**Articulation Agreements**
Students interested in any of the following programs should contact Lisa McKernan, Room 521, St. Joseph Hall. Telephone: 215.248-7106. Email: mckernanl@chc.edu

**Physician’s Assistant Program**
Chestnut Hill College and Arcadia University have entered into an articulation agreement concerning the early consideration for acceptance of Chestnut Hill College graduates into the Physician’s Assistant Program at Arcadia University with early consideration for financial aid. Certain requirements must be met by the Chestnut Hill College graduate including but not limited to: certain course requirements; GPA of 3.30 in Pre-Requisite courses; a GRE combined total score on verbal and quantitative area of 1100 and a 4.0 or higher on the analytical portion; and 500 hours of patient care and/or research experience. Please note that the course requirements of this articulation agreement will be met by students majoring in Biology or Molecular Biology.

**Bioscience Technologies (Biotechnology, Cytotechnology, Medical Technology) Program**
Students can earn both a Bachelor of Science in Biology and a Master of Science in Biotechnology, Cytotechnology, or Medical Laboratory Science degrees as part of this cooperative agreement between Chestnut Hill College and Jefferson School of Health Professions of Thomas Jefferson University (TJU). Students will spend the first three years at Chestnut Hill College and then proceed to TJU for the final two years of coursework. A Bachelor of Science in Biology with a concentration in Healthcare/Biomedical Sciences will be awarded by the College after successful completion of the first year at TJU. A Master of Science in one of the Bioscience Technologies disciplines will be awarded by Thomas Jefferson University after successful completion of the second year at TJU.

**Radiologic Sciences Program**
Students can earn both a Bachelor of Science in Biology and a Bachelor of Science in Radiologic Sciences as part of this cooperative agreement between Chestnut Hill College and Jefferson School of Health Professions of Thomas Jefferson University (TJU). Students will spend the first three years at Chestnut Hill College and then proceed to TJU for the final two years of coursework. A Bachelor of Science in Biology with a concentration in Healthcare/Biomedical Sciences will be awarded by the College after successful completion of the first year at TJU. A Bachelor of Science in Radiologic Sciences will be awarded by Thomas Jefferson University after successful completion of the second year at TJU.

**Awards and Scholarships**
The Biology Department offers major 50% reimbursement for expenses relating to courses taken in advance of, and in preparation for, standardized professional school entry exams if the student has a GPA of 3.40 at the time of course enrollment. These preparatory courses methodically prepare students for the Medical College Admissions Test (MCAT), the Graduate Record Exam (GRE) and the Dental School Admissions Test (DAT), but the award is not necessarily limited to these specific testing areas. For information, please contact Joseph Kulkosky, Room 522, St. Joseph Hall, Telephone: 215.248-7157. Email: kulkoskyj@chc.edu.
The endowed Amelia Kulkosky Scholarship Award in the Biological Sciences at Chestnut Hill College funds an exceptional student who has dual interests in the biological sciences and music. The award is granted to an incoming First-year in the Department of Biology major’s program. Only candidates declaring a major in Biology, Forensic Biology, Molecular Biology, or Environmental Sciences are eligible to apply. The candidate is to have a SAT score of 1150 for better (1600 scale) or 1725 or better (2400 scale). The candidate is expected to pursue either a Major or minor in Music, or participate in the College’s Ensemble programs to the satisfaction of the scholarship committee, concurrently with a Major in the biological sciences. The award total over four years is $2500. For information, please contact Joseph Kulkosky, Room 522, St. Joseph Hall, Telephone: 215.248-7157. Email: kulkoskyj@chc.edu.

Honors and Honor Societies
Outstanding students may be invited to participate in the Departmental Honors program. Sophomores of high scholastic standing (a Career GPA of 3.50 or higher) may be invited by their major department to stand for Honors in their Junior and Senior years. The Departmental Honors program provides an opportunity for independent study and research culminating in an Honors thesis submitted in the spring of Senior year. All students who have successfully completed the Honors Program will be recognized with Honors in their major field at the annual Honors Convocation and on their academic transcripts. In addition, the title of the completed Honors Thesis will appear on the academic transcript.

Sigma Zeta is a national science and mathematics honor society founded in 1925. The society is dedicated to encouraging and fostering the attainment of knowledge in Mathematics, Computer Science, and the Natural Sciences. Membership in the society recognizes and honors scholarly achievement in the major field. Criteria for eligibility for membership include a minimum of 15 credits the major field, a grade point average of 3.00 in the major field, and a 3.00 grade point average overall. Students majoring in Biology, Forensic Biology, Molecular Biology, or Environmental Sciences may be invited by the department to join Sigma Zeta.

Advanced Placement
BIOLOGY: Students that have attained a score of 3 on the Biology exam will receive 4 credits equivalent to BIOL-111: Principles of Biology I, which fulfills the Scientific Ways of Knowing. Students with a score of 4 or 5 will receive 4 credits equivalent to BIOL-112: Principles of Biology II, which also fulfills the Scientific Ways of Knowing. A maximum of 4 credits may be applied based on the qualifying Biology test score.

ENVIRONMENTAL SCIENCE: A score of 3, 4 or 5 will be considered equivalent to completion of BIOL-106: Ecology and Environmental Issues. 4 credits, which fulfill the Scientific Ways of Knowing requirement, are applied.

Secondary Education Certification Program/Secondary Education Minor
The Secondary Education Certification Program in Biology or General Science (Grades 7 -12) is available to all Biology Department majors. The Program integrates educational theory and practice with field experiences that include practicum and student teaching, as well as opportunities to develop teaching competence through innovative and effective approaches to the educational process with focus on students at the Secondary Level. Contact the Education Department for information on applying for the Secondary Education minor.

The Pennsylvania Department of Education (PDE) now requires that all Secondary Education Certification Program participants have 9 credits of Special Education coursework, and 3 credits of Teaching English as a Second Language coursework. In addition, participants will need to meet field experience competencies that will either require two separate practicum experiences, or one practicum and one extended student teaching experience. The PDE has not identified the field experience competencies as of July 1, 2011. The Education Department will determine the best options for students on an individual basis.

Students may complete student teaching after graduation but the minor will not be included on the transcript unless student teaching is successfully completed. Students must earn a grade of C- (1.70) or better in courses required to successfully complete the requirements for the minor. Following formal acceptance into the minor, students need to complete the following courses in addition to all major requirements:

Minor in Secondary Education (All Biology Programs) – 36 credits minimum
Courses are 3 credits unless indicated. Requirements:
- EDSC-201: Adolescent Psychology and Development
- EDSC-202: Educational Psychology (WOK: Behavioral)
Course Options

In addition to courses for majors, there are many Biology courses that are open to students of any major wishing to fulfill the Scientific Ways of Knowing or are interested in exploring personal interests without committing to a minor. The following are open to any undergraduate student meeting the Pre-Requisites—check the Course Descriptions for additional information:

- BIOL-101: General Biology I (WOK: Scientific)
- BIOL-102: General Biology II (WOK: Scientific)
- BIOL-106: Ecology and Environmental Issues (WOK: Scientific)
- BIOL-125: Ponds and Streams (WOK: Scientific)
- BIOL-126: The Biology of Cancer (WOK: Scientific)
- BIOL-145: Forests and Fields (WOK: Scientific)
- BIOL-206: General Zoology (WOK: Scientific)
- BIOL-210: Nutrition (WOK: Scientific)
- BIOL-490: Independent Study in Biology (Repeatable for credit)

Biology

Chestnut Hill College students participate in various intercollegiate scientific seminars and often earn distinction. The Internship Program provides Biology majors with the opportunity to integrate academic learning with practical experience. Major students who meet academic qualifications are encouraged to participate in the Biology Honors program, which provides greater levels of challenge. Students can perform independent study during their Junior and Senior year under the direction of a department member, established scientist, or a physician at a graduate school or major research center.

A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Courses Required in the Major comprise the Major GPA. Unless indicated, students must earn a grade of C- (1.70) or better in courses both Required in the Major and Also Required in order to successfully complete the requirements for the Major. Students must earn a grade of C- (1.70) or better in courses required to successfully complete the requirements for the minors.

Major in Biology – 65 credits minimum

Courses are 3 credits unless indicated.

Required in the Major:
- BIOL-111: Principles of Biology I (4 credits) (WOK: Scientific)
- BIOL-112: Principles of Biology II (4 credits)
- BIOL-201: Cell Biology (4 credits)
- BIOL-217: Genetics (4 credits)
- BIOL-233: Ecology and Evolutionary Biology (4 credits)
- BIOL-498: Senior Seminar in Biology
- One Biology 200-level course chosen from the following, which may not be offered every semester:
  - BIOL-203: Human Anatomy and Physiology I (4 credits)
  - BIOL-206: General Zoology (4 credits)
  - BIOL-210: Nutrition (4 credits)
  - BIOL-281: Special Topics in Biology/Topics vary by semester (Repeatable for credit)
- Two Biology 300-level courses chosen from the following, which may not be offered every semester:
  - BIOL-300: Experimental Methods and Design (4 credits) (Writing Intensive)
  - BIOL-303: Human Anatomy and Physiology II (4 credits)
- BIOL-312: Watersheds and Freshwater Ecology (4 credits)
- BIOL-322: Terrestrial Ecology (4 credits)
- BIOL-324: Microbiology (4 credits)
- BIOL-325: Marine Biology (4 credits)
- BIOL-333: Evolution
- BIOL-351: Molecular Biology
- BIOL-360: Biotechnology

- Two Biology 400-level courses chosen from the following, which may not be offered every semester:
  - BIOL-401: Internship in Biology (Repeatable for credit)
  - BIOL-405: Environmental Study Tour (4 credits)
  - BIOL-410: Immunology (4 credits)
  - BIOL-411: Developmental Biology (4 credits)
  - BIOL-412: Endocrinology
  - BIOL-413: Conservation and Restoration Biology
  - BIOL-481: Advanced Special Topics in Biology/Topics vary by semester (Repeatable for credit)

Also required:
- CHEM-131: Principles of Chemistry I (4 credits) (WOK: Scientific)
- CHEM-132: Principles of Chemistry II (4 credits)
- PHYS-121: Principles of Physics I (4 credits)
- Choice of:
  - CHEM-215: Organic Chemistry I (4 credits)
    OR
  - CHEM-202 Introduction to Organic Chemistry

    OR
  - MATH-211: Calculus and Modern Analysis I (WOK: Problem Solving)
- Choice of:
  - MATH-262: Probability and Statistics
    OR
  - MATH-227: Introduction to Probability and Statistics
    OR
  - PSYC-216: Quantitative Methods in Psychology
- Choice of at least one course from two or more* of the following areas:
  - Chemistry
    - CHEM-216: Organic Chemistry II (4 credits)
    - CHEM-250: Introduction to Biochemistry
  - Math
    - MATH-202: Mathematics for Management and the Social Sciences II
    - MATH-204: Analytic Geometry and Calculus II
    - MATH-212: Calculus and Modern Analysis II
  - Physics
    - PHYS-122: Principles of Physics II (4 credits)

* A course from each of the areas (CHEM, MATH, PHYS) is highly recommended.

Sample Bachelor of Science: Biology Major/selected minor (declaration of minor not required for graduation):

Please note that this is a suggested academic plan only, it is not meant to address each student’s individual requirements or interests. Students will develop a personalized academic plan with a faculty advisor; however, it is the student’s responsibility to be aware of, register for, and successfully complete all of the requirements for graduation in the Major.

Minimum Academic Credits required for graduation: 120

Minor in Biology – 18 credits minimum
The minor in Biology is designed for students interested in Biology in general or in preparation for health/medical areas. Because some courses have Pre-Requisites and some are not given every year, a student interested in this minor must be advised by the Biology Department. Students must earn a grade of C- (1.70) or better in courses required to successfully complete the requirements for the minor. Note: Molecular Biology and Environmental Sciences majors may not obtain a minor in Biology. Requirements:
- Six Biology courses, including at least two above the 100-level.

Forensic Biology
Major in Forensic Biology – 73 credits minimum
New major Fall 2011. Courses are 3 credits unless indicated.

Required in the Major:
- BIOL-111: Principles of Biology I (4 credits) *(WOK: Scientific)*
- BIOL-112: Principles of Biology II (4 credits) *(WOK: Scientific)*
- BIOL-201: Cell Biology (4 credits)
- BIOL-203: Human Anatomy and Physiology I (4 credits)
- BIOL-217: Genetics (4 credits)
- BIOL-300: Experimental Methods and Design (4 credits) *(Writing Intensive)*
- BIOL-303: Human Anatomy and Physiology II (4 credits)
- Choice of:
  - BIOL-324: Microbiology (4 credits)
  OR
  - BIOL-410: Immunology (4 credits)
- Choice of:
  - BIOL-351: Molecular Biology
  OR
  - BIOL-360: Biotechnology *(approval pending)*
- BIOL-430: Forensic Pathology
- BIOL-498: Senior Seminar in Biology

Also required:
- CHEM-106: Introduction to Forensic Science (4 credits) *(WOK: Scientific)*
- CHEM-131: Principles of Chemistry I (4 credits)
- CHEM-132: Principles of Chemistry II (4 credits)
- CHEM-215: Organic Chemistry I (4 credits)
- CHEM-322: Toxicology
- CRJU-122: Introduction to Criminal Justice *(WOK: Behavioral)*
- MATH-202: Mathematics for Management and the Social Sciences II *(WOK: Problem Solving)*
- PHYS-121: Principles of Physics I (4 credits)
- Choice of:
  - MATH-227: Introduction to Probability and Statistics
  OR
  - MATH-262: Probability and Statistics
  OR
  - PSYC-216: Quantitative Methods in Psychology

Recommended but not required:
- PHYS-122: Principles of Physics II (4 credits)

Sample Bachelor of Science: Forensic Biology Major/selected minor (declaration of minor not required for graduation):
Please note that this is a suggested academic plan only, it is not meant to address each student’s individual requirements or interests. Students will develop a personalized academic plan with a faculty advisor; however, it is the student’s responsibility to be aware of, register for, and successfully complete all of the requirements for graduation in the Major.
Molecular Biology

Major in Molecular Biology – 65 credits minimum

Courses are 3 credits unless indicated.

Required in the Major:

- BIOL-111: Principles of Biology I (4 credits) *(WOK: Scientific)*
- BIOL-112: Principles of Biology II (4 credits)
- BIOL-201: Cell Biology (4 credits)
- BIOL-217: Genetics (4 credits)
- BIOL-351: Molecular Biology
- BIOL-360: Biotechnology *(approval pending)*
- Choice of:
  - BIOL-410: Immunology (4 credits)
  OR
  - BIOL-411: Developmental Biology (4 credits)
- BIOL-498: Senior Seminar in Biology
- One Biology 200-level course chosen from the following, which may not be offered every semester:
  - BIOL-203: Human Anatomy and Physiology I (4 credits)
  - BIOL-206: General Zoology (4 credits)
  - BIOL-210: Nutrition (4 credits)
  - BIOL-233: Ecology and Evolutionary Biology
  - BIOL-281: Special Topics in Biology/Topics vary by semester *(Repeatable for credit)*
- One Biology 300-level course chosen from the following, which may not be offered every semester:
  - BIOL-300: Experimental Methods and Design (4 credits) *(Writing Intensive)*
  - BIOL-303: Human Anatomy and Physiology II (4 credits)
  - BIOL-312: Watersheds and Freshwater Ecology (4 credits)
  - BIOL-322: Terrestrial Ecology (4 credits)
  - BIOL-324: Microbiology (4 credits)
  - BIOL-325: Marine Biology (4 credits)
  - BIOL-333: Evolution
- One Biology 400-level course chosen from the following, which may not be offered every semester:
  - BIOL-401: Internship in Biology *(Repeatable for credit)*
  - BIOL-405: Environmental Study Tour (4 credits)
  - BIOL-410: Immunology (4 credits)
  - BIOL-411: Developmental Biology (4 credits)
  - BIOL-412: Endocrinology
  - BIOL-413: Conservation and Restoration Biology
  - BIOL-481: Advanced Special Topics in Biology/Topics vary by semester *(Repeatable for credit)*

Also required:

- CHEM-131: Principles of Chemistry I (4 credits) *(WOK: Scientific)*
- CHEM-132: Principles of Chemistry II (4 credits)
- PHYS-121: Principles of Physics I (4 credits)
- Choice of:
  - CHEM-215: Organic Chemistry I (4 credits)
  OR
  - CHEM-202: Introduction to Organic Chemistry
- Choice of:
- MATH-201: Mathematics for Management and the Social Sciences I (WOK: Problem Solving)
  OR
- MATH-203: Analytic Geometry and Calculus I (WOK: Problem Solving)
  OR
- MATH-211: Calculus and Modern Analysis I (WOK: Problem Solving)
- Choice of:
  - MATH-227: Introduction to Probability and Statistics
  OR
  - MATH-262: Probability and Statistics
  OR
  - PSYC-216: Quantitative Methods in Psychology
- Choice of *:

**Minor in Environmental Sciences** – 18 credits minimum

The minor in Environmental Sciences is designed for the non-major who has an interest in the more scientific aspects of Environmental Sciences. Biology majors may minor in Environmental Sciences only if at least two of the Environmental courses for the minor do not count towards their requirements for the major. Students must earn a grade of C- (1.70) or better in courses required to successfully complete the requirements for the minor. Courses are 3 credits unless indicated. **Requirements:**

- BIOL-111: Principles of Biology I (4 credits) *(WOK: Scientific)*
- BIOL-112: Principles of Biology II (4 credits) *(WOK: Scientific)*
- Choice of any four of the following:
  - BIOL-106: Ecology and Environmental Issues (4 credits)
  - BIOL-125: Ponds and Streams (4 credits)
  - BIOL-145: Forests and Fields

Karen Wendling, PhD, Assistant Professor of Chemistry

Chestnut Hill College offers a Bachelor of Science (BS) in Chemistry; a Bachelor of Science (BS) in Biochemistry; and a Bachelor of Science (BS) in Forensic Chemistry (new major, Fall 2011). The Department also offers minors in Chemistry and Biochemistry. Interested students should contact Kelly Butler, Room 540, St. Joseph Hall. Telephone: 215.242-7988. Email: butler@chc.edu.

A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Courses Required in the Major comprise the Major GPA. Unless indicated, students must earn a grade of C- (1.70) or better in courses both Required in the Major and Also Required in order to successfully complete the requirements for the Majors. Students must earn a grade of C- (1.70) or better in courses required to successfully complete the requirements for the minors.

Departmental Mission
The mission of the Chemistry and Physics Department is to engage students in critical and creative inquiry related to the concepts and practice of the Chemistry discipline. Chemistry students develop strong critical thinking and problem solving skills both in the classroom and the laboratory setting, particularly through the use of the scientific method. The Department also fosters creative inquiry: students are encouraged to design their own experiments and synthesize their understanding of Chemistry with other fields to develop unique approaches to solving scientific problems. The Department offers majors in Chemistry, Biochemistry, and Forensic Chemistry, as well as minors in Chemistry and Biochemistry. The flexibility in these majors and minors prepares students for graduate study, health professional programs, and research careers in industry, government and law enforcement laboratories.

Advanced Placement
CHEMISTRY: A grade of 5 will be considered equivalent to completion of CHEM-132: Principles of Chemistry II and the student will receive 4 credits. A grade of 4 will be considered equivalent to completion of CHEM-131: Principles of Chemistry I and the student will receive 4 credits. For a grade of 3 the student will be awarded 4 credits that will fulfill the Scientific Ways of Knowing requirement. A maximum of 4 credits may be applied based on the qualifying Chemistry test score.

PHYSICS: A grade of 4 or higher in Physics B: Mechanics will be considered equivalent to PHYS-121: Principles of Physics I and the student will be awarded 4 credits. A grade of 4 or higher in Physics B: Electricity and Magnetism will be considered equivalent to PHYS-122: Principles of Physics II will be awarded 4 credits. A student with a grade of 3 or higher in Physics B: Mechanics and/or Physics B: Electricity and Magnetism awarded either 3 or 4 credits (depending on whether the course had a laboratory component) that will count towards fulfilling the Scientific Ways of Knowing requirement. For a grade of 3 or higher on the Physics C exam the student will be awarded either 3 or 4 credits (depending on whether the course had a laboratory component) that will count towards fulfilling the Scientific Ways of Knowing requirement. Evidence of a lab component may consist of a detailed description, signed by the instructor, of the laboratory exercises performed or a detailed laboratory notebook.

Honors and Honor Societies
Outstanding students may be invited to participate in the Departmental Honors program. Sophomores of high scholastic standing (a Career GPA of 3.50 or higher) may be invited by their major department to stand for Honors in their Junior and Senior years. The Departmental Honors program provides an opportunity for independent study and research culminating in an Honors thesis submitted in the spring of Senior year. All students who have successfully completed the Honors Program will be recognized with Honors in their major field at the annual Honors Convocation and on their academic transcripts. In addition, the title of the completed Honors Thesis will appear on the academic transcript.

Sigma Zeta is a national science and mathematics honor society founded in 1925. The society is dedicated to encouraging and fostering the attainment of knowledge in Mathematics, Computer Science, and the Natural Sciences.
Membership in the society recognizes and honors scholarly achievement in the major field. Criteria for eligibility for membership include a minimum of 15 credits in the major field, a grade point average of 3.00 in the major field, and a 3.00 grade point average overall. Students majoring in Chemistry, Biochemistry, or Forensic Chemistry may be invited by the department to join Sigma Kappa.

Articulation Agreements
Chestnut Hill College and Arcadia University have entered into an articulation agreement concerning the early consideration for acceptance of Chestnut Hill College graduates into Arcadia’s Master’s program in Forensic Science and early consideration for financial aid in this program. Certain requirements must be met by the Chestnut Hill College graduate including, but not limited to: certain course requirements; GPA of 3.30 in Pre-Requisite courses; and a GRE combined total score on verbal and quantitative area of 1,050 and a 4.0 or higher on the analytic portion. Please note that the course requirements of this articulation agreement are met by successful graduation majoring in the Forensic Chemistry program at Chestnut Hill College. Further details of this agreement can be obtained from the Chemistry Department.

Secondary Education Certification Program/Secondary Education Minor
The Secondary Education Certification Program in Chemistry (Grades 7-12) is available to all Chemistry Department majors. The Program integrates educational theory and practice with field experiences that include practicum and student teaching, as well as opportunities to develop teaching competence through innovative and effective approaches to the educational process with focus on students at the Secondary Level. Contact the Education Department for information on applying for the Secondary Education minor.

Students may complete student teaching after graduation but the minor will not be included on the transcript unless student teaching is successfully completed. Students must earn a grade of C- (1.70) or better in courses required to successfully complete the requirements for the minor.

The Pennsylvania Department of Education (PDE) now requires that all Secondary Education Certification Program participants have 9 credits of Special Education coursework and 3 credits of Teaching English as a Second Language coursework. In addition, participants will need to meet field experience competencies that will either require two separate practicum experiences, or one practicum and one extended student teaching experience. The PDE has not identified the field experience competencies as of July 1, 2011. The Education Department will determine the best options for students on an individual basis. Following formal acceptance into the minor, students need to complete the following courses in addition to all major requirements:

Minor in Secondary Education (All Chemistry Programs) – 36 credits minimum
Courses are 3 credits unless indicated. Requirements:
- EDSC-201: Adolescent Psychology and Development
- EDSC-202: Educational Psychology (WOK: Behavioral)
- EDSC-203: The Foundations of High School
- EDSC-315: General Methods & Assessment
- EDSC-420: Student Teaching in Secondary School (6 credits)
- EDSC-421: Student Teaching Seminar/Secondary School
- EDSP-312: Reading Interventions for Diverse Learners
- EDSP-340: Introduction to Special Education
- EDSP-345: Assessments and Adaptations
- EDSP-390: ESL Foundations and Methods
- CHEM-317: Special Methods in Chemistry/General Science

May be required; discuss options with a Faculty Advisor:
- EDSP-355: Instruction in Inclusive Environment

Course Options
Chemistry and Physics courses are available to students in any major either looking to fulfill a Scientific Ways of Knowing or expand on interests without pursuing a minor. The following courses are open to students in any major; however, they may not be offered every semester and may have a Pre-Requisite. Courses are 3 credits unless indicated and a grade of C- or better is required in all Pre-Requisites. Check the Course Description section for information on the following courses, which may not be offered every semester:
- CHEM-103: Chemistry and Public Policy (4 credits) (WOK: Scientific)
CHEM-106: Introduction to Forensic Science (4 credits) (WOK: Scientific)
CHEM-131: Principles of Chemistry I (4 credits) (WOK: Scientific)
CHEM-132: Principles of Chemistry II (4 credits) (WOK: Scientific)
CHEM-490: Independent Study in Chemistry (Repeatable for credit)
PHYS-104: Astronomy (WOK: Scientific)
PHYS-107: The Science of Music (WOK: Scientific)
PHYS-121: Principles of Physics I (4 credits) (WOK: Scientific)
PHYS-122: Principles of Physics II (4 credits) (WOK: Scientific)

Chemistry
Major in Chemistry – 56 credits minimum
Courses are 3 credits unless indicated and a grade of C- or better is required in all Pre-Requisites.
Required in the Major:
- CHEM-131: Principles of Chemistry I (4 credits) (WOK: Scientific)
- CHEM-132: Principles of Chemistry II (4 credits)
- CHEM-215: Organic Chemistry I (4 credits)
- CHEM-216: Organic Chemistry II (4 credits)

  - CHEM-303: Instrumental Analysis (5 credits)
  - CHEM-307: Biochemistry I (5 credits)
  - CHEM-308: Biochemistry II
  - CHEM-405: Advanced Organic Chemistry
  - CHEM-481: Advanced Special Topics in Chemistry/Topics vary by semester (3-4 credits) (Repeatable for credit)
Also required:
- PHYS-121: Principles of Physics I (4 credits)
- PHYS-122: Principles of Physics II (4 credits)
- Choice of:
  - MATH-203: Analytic Geometry and Calculus I (WOK: Problem Solving)
    AND
  - MATH-204: Analytic Geometry and Calculus II (WOK: Problem Solving)
    OR
  - MATH-211: Calculus and Modern Analysis I (WOK: Problem Solving)

Minimum Academic Credits required for graduation: 120

Minor in Chemistry – 22 credits minimum (six courses)
Biology, Molecular Biology, and Environmental Science majors may minor in Chemistry only if at least two of the courses for the minor do not count towards their requirements for the major. **Requirements:**

- CHEM-131: Principles of Chemistry I (4 credits) *(WOK: Scientific)*
- CHEM-132: Principles of Chemistry II (4 credits) *(WOK: Scientific)*
- CHEM-215: Organic Chemistry I (4 credits) *(WOK: Scientific)*
- CHEM-216: Organic Chemistry II (4 credits) *(WOK: Scientific)*
- Remaining courses chosen in consultation with the Departmental advisor.

### Biochemistry

**Major in Biochemistry – 69 credits**

Courses are 3 credits unless indicated and a grade of C- or better is required in all Pre-Requisites.

**Required in the Major:**

- CHEM-131: Principles of Chemistry I (4 credits) *(WOK: Scientific)*
- CHEM-132: Principles of Chemistry II (4 credits)
- CHEM-215: Organic Chemistry I (4 credits)
- CHEM-216: Organic Chemistry II (4 credits)
- CHEM-301: Analytical Chemistry (5 credits)
- CHEM-307: Biochemistry I (5 credits)
- CHEM-308: Biochemistry II (3 credits)
- CHEM-313: Physical Chemistry I (4 credits)
- CHEM-314: Physical Chemistry II (4 credits)
- CHEM-498: Senior Seminar in Biochemistry

**Also required:**

- BIOL-111: Principles of Biology I (4 credits)
- BIOL-201: Cell Biology (4 credits)
- BIOL-217: Genetics (4 credits)
- Choice of:
  - MATH-203: Analytic Geometry and Calculus I *(WOK: Problem Solving)*
  AND
  - MATH-204: Analytic Geometry and Calculus II *(WOK: Problem Solving)*
  OR
  - MATH-211: Calculus and Modern Analysis I *(WOK: Problem Solving)*
  AND
  - MATH-212: Calculus and Modern Analysis II *(WOK: Problem Solving)*
- MATH-262: Probability and Statistics
- PHYS-121: Principles of Physics I (4 credits)
- PHYS-122: Principles of Physics II (4 credits)

**Sample Bachelor of Science: Biochemistry Major/selected minor (declaration of minor not required for graduation):**

Please note that this is a suggested academic plan only; it is not meant to address each student’s individual requirements or interests. Students will develop a personalized academic plan with a faculty advisor; however, it is the student’s responsibility to be aware of, register for, and successfully complete all of the requirements for graduation in the major.

Minimum Academic Credits required for graduation: 120
Chestnut Hill College offers a Bachelor of Science (BS) in Mathematics, and a Bachelor of Science (BS) in Mathematical and Computer Sciences. A minor in Mathematics is also available. Interested students should contact Merilyn Ryan, SSJ, Room 174, St. Joseph Hall. Telephone: 215/753-3620. Email: ryanm@chc.edu.

A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Courses Required in the Major comprise the Major GPA. Unless indicated, students must earn a grade of C- (1.70) or better in courses both Required in the Major and Also Required in order to successfully complete the requirements for the Majors. Students must earn a grade of C- (1.70) or better in courses required to successfully complete the requirements for the minor.

Departmental Mission
The Mathematical Sciences curriculum focuses on the analytical skills required for an understanding and efficient use of mathematics. The study of Mathematics develops the ability to reason logically, to analyze and solve problems, to think abstractly and to express thoughts clearly and precisely, valuable skills for meeting the demands of today’s world. Through their coursework, students acquire an appreciation for the power and beauty of mathematics that are revealed in its structure and methods.

Both programs provide students with a thorough grounding in theoretical and applied mathematics, while providing enough flexibility for the student to decide on the amount of emphasis to be given to computer science. By selecting appropriate electives, students in both majors may prepare for graduate study in mathematics and related disciplines, as well as for positions in business, industry, and education. (See Education for Secondary Education requirements.)

Honors and Honor Societies
Sigma Zeta is a national science and mathematics honor society founded in 1925. The society is dedicated to encouraging and fostering the attainment of knowledge in Mathematics, Computer Science, and the Natural Sciences. Membership in the society recognizes and honors scholarly achievement in the major field. Criteria for eligibility for membership include a minimum of 15 credits the major field, a grade point average of 3.00 in the major field, and a 3.00 grade point average overall. Students majoring in Mathematics or in Mathematics and Computer Sciences may be invited by the department to join Sigma Zeta.

Outstanding students who major in Mathematics or Mathematical and Computer Sciences may be invited to participate in the Departmental Honors program. Sophomores of high scholastic standing (a Career GPA of 3.50 or higher) may be invited by their major department to stand for Honors in their Junior and Senior years. The Departmental Honors program provides an opportunity for independent study and research culminating in an Honors thesis submitted in the spring of Senior year. All students who have successfully completed the Honors Program will be recognized with Honors in their major field at the annual Honors Convocation and on their academic transcripts. In addition, the title of the completed Honors Thesis will appear on the academic transcript.

Advanced Placement
Students who earn a score of 3 in Calculus AB will receive 3 credits for MATH-203: Analytic Geometry and Calculus I. Students who earn a score of 4 or 5 in Calculus AB or a score of 3 in Calculus BC will receive 3 credits for MATH-204: Analytic Geometry and Calculus II. Students who earn a score of 4 or 5 in Calculus BC will receive 3 credits for MATH-212: Calculus and Modern Analysis II. Students who earn a 3 in Statistics will receive 3 credits for MATH-227: Introduction to Statistics. Students who earn a score of 4 or 5 in Statistics will receive 3 credits for MATH-262: Probability and Statistics. A maximum of 6 credits may be applied based on the qualifying Mathematics test score. Any of the above fulfills the Problem Solving Ways of Knowing requirement.

Math Proficiency
Every student at Chestnut Hill College must demonstrate the attainment of reasonable proficiency in Mathematics. Incoming students take a proficiency exam, and the results help determine whether the student has attained the
required level or will enter a developmental program. Fulfillment of the Mathematics proficiency requirement is necessary for graduation.

The Mathematical Sciences Department offers courses designed to equip students in other majors with the mathematical knowledge necessary for their chosen fields of study; courses for liberal arts students who wish to develop their understanding and appreciation of Mathematics; and a developmental program for students who have not attained mathematical proficiency.

Depending upon Mathematics Proficiency test results, entering students may be required to take MATH-100: Developmental Mathematics: Basic Skills and Principles, which is not applicable towards graduation; MATH-121: Precalculus; or will be placed in a Mathematics course suited to the chosen major.

Secondary Education Certification Program/Secondary Education Minor
Secondary Education Certification Program in Mathematics (Grades 7 - 12) is available to all Mathematical Sciences Department majors. The Program integrates educational theory and practice with field experiences that include practicum and student teaching, as well as opportunities to develop teaching competence through innovative and effective approaches to the educational process with focus on students at the Secondary Level. Contact the Education Department for information on applying for the Secondary Education minor.

The Pennsylvania Department of Education (PDE) now requires that all Secondary Education Certification Program participants have 9 credits of Special Education coursework and 3 credits of Teaching English as a Second Language coursework. In addition, participants will need to meet field experience competencies that will either require two separate practicum experiences, or one practicum and one extended student teaching experience. The PDE has not identified the field experience competencies as of July 1, 2011. The Education Department will determine the best options for students on an individual basis.

Students may complete student teaching after graduation but the minor will not be included on the transcript unless student teaching is successfully completed. Students must earn a grade of C- (1.70) or better in courses required to successfully complete the requirements for the minor.

Following formal acceptance into the minor, students need to complete the following courses in addition to all major requirements:

Minor in Secondary Education (All Mathematical Sciences Programs) – 36 credits minimum
Courses are 3 credits unless indicated. Requirements:

- EDSC-201: Adolescent Psychology and Development
- EDSC-202: Educational Psychology (WOK: Behavioral)
- EDSC-203: The Foundations of High School
- EDSC-315: General Methods & Assessment
- EDSC-420: Student Teaching in Secondary School (6 credits)
- EDSC-421: Student Teaching Seminar/Secondary School
- EDSP-312: Reading Interventions for Diverse Learners
- EDSP-340: Introduction to Special Education
- EDSP-345: Assessments and Adaptations
- EDSP-390: ESL Foundations and Methods
- MATH-317: Special Methods in Mathematics

May be required; discuss options with a Faculty Advisor:
- EDSP-355: Instruction in Inclusive Environment

Course Options
Courses open to students of any major to fulfill a Problem Solving Ways of Knowing, to meet a requirement in another major, or to pursue an interest in Mathematics without declaring a minor include the following, which may not be offered every semester. See the Course Descriptions for information and any Pre-Requisites:

- MATH-115: Understanding Our Quantitative World (WOK: Problem Solving)
- MATH-121: Precalculus I (WOK: Problem Solving)
- MATH-122: Precalculus II (WOK: Problem Solving)
- MATH-123: Precalculus - A Condensed Approach (WOK: Problem Solving)
- MATH-201: Mathematics for Management and the Social Sciences I (WOK: Problem Solving)
Mathematics

Major in Mathematics – 43 credits minimum

Courses are 3 credits unless indicated.

Required in the Major:

- MATH-251: Calculus and Linear Algebra (WOK: Problem Solving)
- MATH-252: Calculus and Modern Analysis III
- MATH-261: Discrete Methods in Mathematics
- MATH-262: Probability and Statistics
- MATH-305: Abstract Algebra I
- MATH-306: Abstract Algebra II
- MATH-497: Modern Mathematical Theory I (Writing Intensive)
- MATH-498: Senior Seminar/Modern Mathematical Theory II
- Four courses (12 credits) in Mathematics chosen from the following, which may not be offered every semester:
  - MATH-281: Special Topics in Mathematics/Topics vary by semester (Repeatable for credit)
  - MATH-307: Differential Equations
  - MATH-321: Advanced Calculus
  - MATH-331: Mathematical Modeling
  - MATH-341: Introduction to Operations Research
  - MATH-342: Fundamentals of Geometry
  - MATH-481: Advanced Special Topics in Mathematics/Topics vary by semester (Repeatable for credit)

Also required:

- CMSC-210: Programming in Java (4 credits) (WOK: Problem Solving)
- Choice of:
  - CMSC-190: Introduction to Programming Logic
  OR
  - CMSC-251: Data Structures in Java (4 credits)

Recommended, but not required:

- PHYS-121: Principles of Physics I (4 credits) (WOK: Scientific)
- PHYS-122: Principles of Physics II (4 credits)

*Students with previous programming experience take CMSC-251 instead of CMSC-190.

Sample Bachelor of Science: Mathematics Major/selected minor (declaration of minor not required for graduation):

Please note that this is a suggested academic plan only, it is not meant to address each student’s individual requirements or interests. Students will develop a personalized academic plan with a faculty advisor; however, it is the student’s responsibility to be aware of, register for, and successfully complete all of the requirements for graduation in the Major.

A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Courses Required in the Major comprise the Major GPA. Unless indicated, students must earn a grade of C- (1.70) or better in courses both Required in the Major and Also Required in order to successfully complete the requirements for the Major. Students must earn a grade of C- (1.70) or better in courses required to successfully complete the requirements for the minor.

Departmental Mission
The Psychology Department offers courses that encompass the broad range of factors that shape human behavior. The influences related to Biology, particularly the workings of the brain, from individual psychological processes such as cognitions and emotions, and the effects of sociocultural surroundings are all considered as students are exposed to the great breadth of the field.

In addition, rigorous training in research methods prepares the students well for individual investigation and graduate study. Students can also receive course credit for supervised field experiences through internships in their Junior and Senior years.

Advanced Placement
An Advanced Placement test scores of 3 or higher will be accepted as 3 credits equivalent to PSYC-101: General Psychology.

Honors and Honor Societies
The Psychology Department sponsors Psi Chi, the Psychology Honors Society and the Psychology Club. Members of both organizations jointly sponsor and partake in activities such as guest speakers, demonstrations and academic events.

Outstanding students may be invited to participate in the Departmental Honors program. Sophomores of high scholastic standing (a Career GPA of 3.50 or higher) may be invited by their major department to stand for Honors in their Junior and Senior years. The Departmental Honors program provides an opportunity for independent study and research culminating in an Honors Thesis submitted in the spring of Senior year. All students who have successfully completed the Honors Program will be recognized with Honors in their major field at the annual Honors Convocation and on their academic transcripts. In addition, the title of the completed Honors Thesis will appear on the academic transcript.

Minor in Psychology – 18 credits
The minor in Psychology is designed for students interested in becoming aware of issues in Psychology or in preparing for careers in human services or other mental health-related fields while pursuing another major. There is considerable flexibility in designing a minor that fits the student’s needs and desires. Because some courses have Pre-Requisites, are open to majors only, or are not offered every year, a student interested in a Psychology minor must be advised by the Psychology Department. Requirements:

~ PSYC-101: General Psychology (WOK: Behavioral)
~ One course (3 credits) chosen from each of the following Content Areas. Courses may not be offered every semester:
  ~ Applied Psychology (one course, 3 credits):
    ~ PSYC-109: Psychology of Women
    ~ PSYC-111: Industrial/Organizational Psychology
    ~ PSYC-202: Educational Psychology
    ~ PSYC-212: Social Psychology
    ~ PSYC-225: Psychology and the Law
    ~ PSYC-235: Forensic Psychology
    ~ PSYC-281: Special Topics in Psychology/Topics vary by semester (Repeatable for credit)
    ~ PSYC-314: Undergraduate Research
    ~ PSYC-481: Advanced Special Topics in Psychology/Topics vary by semester (Repeatable for credit)
  ~ Clinical Psychology (one course, 3 credits):
    ~ PSYC-206: Theories of Personality
    ~ PSYC-217: Abnormal Psychology
    ~ PSYC-223: Theory and Practice of Psychological Counseling
    ~ PSYC-301: Group Process and Leadership
  ~ Developmental Psychology (one course, 3 credits):
    ~ PSYC-103: Psychology of Child Development
    ~ PSYC-250: Adolescence/Adulthood and Aging
  ~ Experimental Psychology (one course, 3 credits):
    ~ PSYC-207: Introduction to Cognitive Psychology
    ~ PSYC-210: Physiology of Behavior
    ~ PSYC-211: Sensation and Perception
    ~ PSYC-230: Drugs and Behavior
    ~ PSYC-240: Psychology of Health, Stress and Coping
    ~ PSYC-260: Theories of Learning
  ~ One additional course (3 credits) chosen by the student from any of the above Content Areas.

Combined BA/MS in Psychology/MS in Counseling Psychology
The BA in Psychology/MS Program in Counseling Psychology provides the opportunity for exceptionally qualified students to work on a bachelor’s degree and a master’s degree simultaneously. This program allows study at undergraduate and graduate levels in a parallel format, creating a rewarding and challenging program to focused, qualified students. Students accepted into the program may take graduate courses after completing 90 academic credits on the undergraduate level. In order to earn the 90 credits, students will most likely need to take summer courses and/or an overload of credits during the academic year. Psychology majors interested in the program should set up an appointment with the Coordinator no later than the end of their second semester of enrollment at the College to discuss their interest in pursuing the BA/MS program. Coordinator: Dr. Lynn Brandsma, Room 3, St. Joseph Hall. Telephone: 215.248.7049. Email: brandsmal@chc.edu.

Students meeting the following criteria may be formally admitted to the program:
~ Completion of a minimum of 90 undergraduate credits (a minimum of 30 academic credits completed at Chestnut Hill College)
~ A Career GPA of 3.20 or above
~ Completion of at least 24 credits in Psychology courses including PSYC-101, PSYC-206, and PSYC-217
~ A minimum GPA of 3.50 in Psychology classes with no Psychology course grade lower than B-
Formal acceptance into the School of Graduate Studies.

Due to the nature of the program, a specialized course plan will be developed with each student on an individual basis. Students who appear to be qualified to pursue application to the program will be advised of appropriate course scheduling and admission requirements by the Coordinator. Students who do not appear to be on track to meet the admission requirements will be so advised.

Minimum Academic Credits required for the BA: 120
Minimum Academic Credits required for the MS: 48
An undergraduate student fulfills the Religious Studies requirement of the Core by successfully completing two
Religious Studies courses at the 200-level. Students of all religious traditions and those who are unaffiliated with a particular
Religious Studies course. The first is

- RLST-104: The Religious Imagination,
- RLST-206: World Religions
- RLST-207: Contemporary Christian Living
- RLST-208: What Catholics Believe

Scripture Studies:
- RLST-209: Old Testament Studies
- RLST-211: Women in the Bible

Religious Studies
Chestnut Hill College offers minors in Religious Studies with a Certificate in Religious Education; Religious Studies
and Philosophy; and Peace and Justice Studies, an interdisciplinary minor. A Certificate in Religious Education
for teachers and religious educators in parishes or parochial schools is also available as a standalone
program; students who complete a Religious Studies minor earn the certificate automatically. Students who choose to
pursue a minor in Religious Studies; Religious Studies and Philosophy; or Philosophy must complete an application
form and confer with a faculty advisor. These forms may be obtained from Dr. Patrick McCauley, Room 370,
Fournier Hall. Those who choose to pursue the interdisciplinary minor in Peace and Justice Studies may obtain the
form from Dr. Marie Conn, Room 206, St. Joseph Hall. Students must earn a grade of C- (1.70) or better in courses
required to successfully complete the requirements for the minors and Certificate.

Department Mission
The Department of Religious Studies and Philosophy embraces the Mission and Core Values of the College.
Courses foster an attitude of concern for all people, which, in turn, encourages students to become involved with
service-oriented initiatives; to address issues of social justice; and to work towards systemic change.

Religious Studies courses provide an opportunity for students to examine the nature of religious experience and
belief. This exploration occurs within a theological framework designed to enable students to understand and
articulate the central elements of the Judeo-Christian faith tradition. At the same time, department members
promote serious and critical conversation with students between this faith tradition and the questions and concerns arising from their lived experience and the needs of the world today. Students are also encouraged to investigate other religious traditions that provide a spiritual depth to the reality of the human experience.

Theta Alpha Kappa, the National Honor Society for Religious Studies and Theology, was established in 1976 for the
purpose of recognizing the academic achievements of religion and theology students and the academic excellence of
scholars in these fields. Induction into Theta Alpha Kappa requires nomination by the local Alpha Nu chapter; a GPA
of at least 3.50 in RLST-Religious Studies courses; and a Career GPA of at least 3.00.

Course Options/Core Requirements for All Students
An undergraduate student fulfills the Religious Studies requirement of the Core by successfully completing two
Religious Studies courses. The first is RLST-104: The Religious Imagination, and the second course is any Religious
Studies course at the 200-level. Students of all religious traditions and those who are unaffiliated with a particular
tradition are welcome in any class. All courses seek to give students the opportunity to explore the nature of belief as
they seek to find meaning in their lives. Students explore human history in its unfolding; the needs of the world’s peoples; the tenets of Catholic Social Tradition; and the demands of moral decision-making. A welcoming environment is created where students feel safe to explore their own questions; admit to doubts; and develop the spiritual dimension of life.

Students must earn a grade of C- (1.70) or better in courses required to successfully complete the requirements for the minor.

Departmental Mission

The goal of the Department of Sociology, Criminal Justice, and Human Services is to provide students a distinctive academic program that prepares them for immediate employment in related fields and/or admission to graduate programs or professional schools.

Through active, reflective learning, including opportunities for internships and other forms of experiential education, coursework empowers students to connect theory and practice, and to value the diversity of persons, perspectives, and cultures encountered in workplaces and communities. Courses are designed to prepare students to think critically and creatively about issues of social justice and social change, and to appreciate each person’s potential to contribute to a more just and humane world in the midst of profound societal changes.

Honors

Outstanding students may be invited to participate in the Departmental Honors program. Sophomores of high scholastic standing (a Career GPA of 3.50 or higher) may be invited by their major department to stand for Honors in their Junior and Senior years. The Departmental Honors program provides an opportunity for independent study and research culminating in an Honors thesis submitted in the spring of Senior year. Combined BS in Human Services / MS in Administration of Human Services Program
The combined BS/MS program provides an excellent opportunity for qualified Human Services majors in the School of Undergraduate Studies to complete a Master of Science (MS) in Administration of Human Services in the School of Graduate Studies.

A minimum Career GPA of 2.00 and a minimum Major GPA of 2.00 are required for graduation. Courses Required in the Major comprise the Major GPA. Unless indicated, students must earn a grade of C- (1.70) or better in courses both Required in the Major and Also Required in order to successfully complete the requirements for the Major.

Students majoring in Human Services are eligible to apply to the combined degree program once they have successfully completed 90 credits. Students who transferred to the College must take a minimum of 15 credits in residence and earn a Career 3.00 GPA to be eligible to apply.

Each student will be expected to meet the admissions requirements of the School of Graduate Studies. Students will be provisionally accepted into the program with formal acceptance granted upon verification of successful completion of the undergraduate degree program.

Gerontology

Minor in Gerontology – 18 credits

The interdisciplinary minor in Gerontology is open to students of any major and is designed to prepare individuals for positions in agencies and institutions that administer health and community-based services for older persons, such as nursing homes, hospitals, senior citizen centers, hospice care, recreation, and counseling services. The program serves to enhance the knowledge base and skills of persons currently engaged in the provision of such services or those who are preparing to work in these areas. The internship experience is developed for each student according to his/her specific interests and career goals. Students must earn a grade of C- (1.70) or better in courses required to successfully complete the requirements for the minor. Interested students should contact Nancy DeCesare, SSJ, Room 202, St. Joseph Hall. Telephone: 215.248-7028. Email: decesaren@chc.edu for information and registration guidance. Requirements:

- PSYC-107: Psychology of Adulthood and Aging (WOK: Behavioral)
- SOCI-114: Social Gerontology (WOK: Behavioral)
- GERO-401: Gerontology Internship
- GERO-498: Gerontology Seminar
- Two additional courses (6 credits) chosen with assistance from the assigned minor advisor.

Women’s Studies

Minor in Women’s Studies – 18 credits

  - RLST-222: Marriage and Family
  - RLST-241: Models/Mentors in Christian Traditions
  - RLST-242: Women in Society and Religion
  - SPAN-362: Hispanic Women Writers (WOK: Literary)
  - SOCI-126: Gender and Society (WOK: Behavioral)
  - SOCI-201: Social Inequality (WOK: Behavioral)

* May be acceptable for the minor depending on the topic. Permission of the minor advisor is required for this course to count for the minor.

**Intercultural Foundations**

**Certificate in Intercultural Foundations** – 18 credits (plus non-academic requirements)
The Certificate in Intercultural Foundations is available to students in any major. This program fosters an understanding and appreciation of cultural difference in both domestic and international contexts. The Certificate in Intercultural Foundations responds to the growing need to prepare our students to live and work in an increasingly diverse and globally interconnected world. The program is designed to challenge students at Chestnut Hill College to engage in significant educational and service activities that invite students to immerse themselves in cultural realities that, and interact with people who, are significantly “other” in relation to them. Culture consists of sets of relationships that construct identity (who I/we are in the world), epistemological systems (how I/we know our various world(s) and peoples) and meaning (how I/we are to be in the world and what various world(s) mean to me/us). Students skilled at reading, understanding, responding to and reveling in the cultural flux and mix of our contemporary times will be sought out by institutions and enterprises striving to serve the peoples of the twenty-first century.

Students must earn a grade of C- (1.70) or better in courses required to successfully complete the requirements for the Certificate. Interested students should contact Tia Pratt, Adjunct Coordinator of the Certificate in Intercultural Foundations. Email: prattt@chc.edu. To earn the Certificate a student must complete the six courses that form the program; attend two of three workshops; engage in five fieldwork experiences; and complete a self-assessment project charting one’s progress and growth in intercultural awareness through the program, while demonstrating the integration of fieldwork experiences into his/her development as a person able to deal creatively, compassionately and competently in our evermore multi-cultural world.

After completing the course work, workshops and fieldwork experiences, students will be required to submit a five to seven page reflection paper demonstrating their growth in intercultural awareness and appreciation. Special attention will be paid to cultural anthropology’s prime methodological procedure, i.e., participant observation, calling on the students to explicate the ways in which personal experience and interactions with persons considered culturally “other” in relation to themselves impacted their experience of the program. The Association of American Colleges and Universities Intercultural Knowledge and Competence VALUE Rubric will guide the students in writing the reflection paper. **Academic Requirements:**

- RLST-101: The Religious Imagination
- GLST-201: Global Studies/any topic
- SOCI-255: Culture and Society
- Three courses (9 credits) selected from the following, which may not be offered every semester:
  - COMM-210: Interpersonal Communication

The Interdisciplinary Honors Program (IDHP) challenges highly qualified students to pursue a creatively different approach to the liberal arts. The program offers seminars that promote liberal education by stressing interconnections among different fields of study and by challenging students and faculty alike to learn and to teach. These seminars are reading- and writing-intensive and emphasize discussion, intellectual independence, and integration of knowledge. Interested students should contact Kathleen Duffy, SSJ, Room 4, St. Joseph Hall. Telephone: 215.248.7197. Email: kduffy@chc.edu.

All Honors seminars are co-taught by faculty members from different disciplines and are conducted primarily by group discussion. To insure fresh and appealing choices for all students in the Program, seminars are rotated on a regular basis, and each Honors seminar is offered for a maximum of three years.

The Interdisciplinary Honors Program consists of 21 credits: A 3 credit introductory course fulfills the Writing requirement (IDHP-200: Writing in the Disciplines) and three team-taught interdisciplinary year-long seminars fulfill the Writing Intensive, Ways of Knowing Perspective (except Scientific) and the Core Seminar requirements. Students must complete all other Core Requirements (Religious Studies – unless the seminar has a religion component, Ethics, and Foreign Language; Computer, Mathematics, and Swim Proficiencies; and Physical Education.) The IDHP and Faculty Advisors will assist students with registration to ensure that requirements are met.

Students not in the Honors Program who would like to take a specific seminar may contact the Director; however, preference is given to students pursuing the complete program.

Interested students may apply for the complete Interdisciplinary Honors Program, or for a single Honors seminar (please note that registration is limited and preference is given to students pursuing the complete program.) For more information, please contact Kathleen Duffy, SSJ, Room 4 St. Joseph Hall. Telephone: 215.248.7197. Email: kduffy@chc.edu.

Students in the IDHP are expected to maintain good academic standing and may be dismissed from the program if expectations are not met. Students dismissed, and those who elect to discontinue participation, from IDHP must follow the Core Curriculum. To that end, IDHP-200 will be considered equivalent to ENGL-101 and students must then enroll in ILAR-101 before taking GLST-201. IDHP seminars may meet Ways of Knowing Perspectives. The Office of the Registrar will be able to assist with the appropriate equivalencies.

Q: How do I schedule my Swim Test?
A: If you need to take a Swim Test and you are not enrolled in a PHED-Physical Education or VARS-Varsity Sports course, please contact Janice Kuklick at jkuklick@chc.edu.

Q: How many foreign language classes must I take?
A: It depends on where you placed during orientation or if you decided to start over with a new language. Students typically need one foreign language course at the 103-level or above to meet the Core Requirement (major requirements vary). If you placed in/decided to take a 101- or 102-level course, you will need to take at least one more language course to fulfill the 103-or above requirement.

Q: What computer courses must I take to fulfill the proficiency requirements?
A: You do not have to take any computer courses if you pass the Proficiency test in each area. Proficiency tests are scheduled routinely throughout the year; however, if you have any questions, please contact Eileen Lynch, SSJ, at lynche@chc.edu. The scheduled testing dates are posted on the Computer Proficiency Blackboard site and announcements about testing are made via your @chc email address. All tests are in Rooms 249 and 250 in St. Joseph Hall and are from 2:00-3:15 pm. You can take one or two tests per session, but you may take each test only once. If you start a test at the session, you must complete it at that session. (Freshmen entering Fall 2010 need only four proficiencies; all other students will need to complete six proficiencies before graduation. Details are available in respective catalogs.)

If you are a Freshman entering in Fall 2012 and would like to take the course required for proficiency, please register for one of the following – please note that you must pass the course with a grade of C or better to have it count as having met the proficiency requirement:

- CMTC-103: Microsoft Excel (1 credit)
- CMTC-120: Researching and Formatting Academic Papers (1 credit)
- CMTC-185: Intermediate Microsoft PowerPoint (1 credit)

Q: Who is my Academic Advisor?
A: An Academic Advisor is a departmental faculty member that is assigned to you based on your major and you can view the name of your assigned Advisor on the My CHC Portal. If your assigned Advisor is not available, you are welcome to visit the Academic Advising Center, 3rd Floor St. Joseph Hall for assistance. Telephone: 215.248-7199. Email: advising@chc.edu

Q: How do I drop or add a course?
A: As long as Registration is open for the semester you may drop and add courses on the My CHC Portal; however, it is recommended that you speak with your advisor before making any changes to your roster. If you encounter any issues when attempting to drop or add, please send an email to registrar@chc.edu indicating the error message and what you were trying to change.

Q: How do I withdraw from a course?
A: You MUST speak with your academic advisor before you stop attending a course. It may not be in your best interest to withdraw; and only your advisor will be able to approve a withdrawal after ensuring that you understand any academic and financial aid consequences.

Q: How do I get my grades? How do I get my grades mailed to me?
A: Grades are viewable on the My CHC Portal at http://my.chc.edu. Grades are not sent to students unless requested in writing within two weeks of the end of the semester. Please see the section on Grade Reports for information on how you or your parents may request a grade mailer.
Q: How can my parents see my grades?
A: First you must designate them on your account by filling out the FERPA Waiver, which is available online at www.chc.edu/registrar. Then they must make a request in writing. Please see the section on Grade Reports for information on how your parents may request your grades. Grade mailers will not be emailed or faxed, and must be requested in writing.

Q: I filled out the FERPA waiver, does this mean my parents get my online passwords?
A: No. The FERPA waiver designates someone that the College may share information with as if it were you, the student, in our offices. It does not mean that your parents get passwords to the Portal, Blackboard, or email. Nor does it mean that a FERPA contact can call or email the College to get information protected by FERPA, such as grades or classes registered. No one – not even you, the student – can call or email and request grades be provided. If you’d like your parents to have access, please complete the FERPA Waiver as described above.

Q: How do I get my roster?
A: Your roster is available to you on the My CHC Portal. Rosters are not mailed to students; please log on to the Portal and view your courses at least the day before each course begins to see if there have been any last minute room changes.

Q: What is a non-academic credit?
A: Non-academic credits are earned for courses that are often required for graduation, but the credits earned for them are not included in the 120 Academic Credit minimum required for graduation. The following non-academic courses are required for graduation of all students in the School of Undergraduate Studies:

~ FYIN-100: First-Year Initiative
~ FYIN-101: Career Connections
~ PHED: Physical Education: Each student must successfully complete two credits of Physical Education (PHED) courses or participate in a Varsity sport (VARS) for two semesters.

Other non-academic course include:
~ LSTR-100: Creating Success: Skills for Success in College and Life
~ LSTR-102: Creating Success: Reading and Writing Across the College Curriculum
~ MATH-100: Developmental Mathematics: Basic Skills and Principles

Certain music courses are also non-academic credit. You can identify these courses on your academic record as those with a “Grade+N.” That means the course is counted in the Term Credits but NOT in the Career Credits. Please check with your advisor if you have any questions.

Q: I want to sing with one of the Music Performance groups. What do I do?
A: Just register for the course and go to rehearsal! As long as there is no audition required, any student can participate in the performance groups. Performance groups all begin with the course prefix MUSP-Music Performance. Sister Kathleen McCloskey would be happy to talk to you about joining one of the groups. Her office is located in St. Joseph Hall, Room M-27, 1st floor Music Corridor.

Q: I want to play a Varsity sport. What do I do?
A: Students may use participation in a Varsity sport to fulfill the two PHED-Physical Education requirements for graduation. All team members register for a non-academic course for their sport; all sports team courses begin with the prefix VARS-Varsity Sport. Contact Denise Wisniewski at wisniewskid@chc.edu.

Q: How do I get notices from the Office of the Registrar?
A: A majority of communication from the Office of the Registrar is done via your @chc email. It is your responsibility to get your @chc email on a regular basis; no exceptions will be made to policies/deadlines for students who simply do not check their email accounts. Contact helpdesk@chc.edu if you have any questions about your email account. And please remember to check it every day. You could be anyone@yahoo.com but we would rather you be someone@chc.edu!

Q: What courses are designated Writing Intensive?
A: The Pre-Requisite for all Writing Intensive courses is ILAR-101 or IDHP-200 in addition to any departmental requirements. Check the Course Descriptions for details on Pre-Requisites and any Ways of Knowing requirements that
may also be fulfilled. Here is a partial listing of Writing Intensive courses, which is subject to change at any time. Please contact your advisor if you have any questions.

Topics include the unity among living things, human systems, development and heredity. Students are expected to take both BIOL-101 and BIOL-102. Co-Requisite: BIOL-101L. WOK: Scientific. (Formerly BIOL-101: GENERAL BIOLOGY.) Grading: Letter Grade

BIOL-101L Inquiry into Life I Lab Credits: 0 Taken in the same semester as BIOL-101. Lab is graded as part of the lecture. Co-Requisite: BIOL-101. (Formerly BIOL-101L: GENERAL BIOLOGY LAB.) Grading: Letter Grade

BIOL-102C Inquiry Into Life II Lab Credits: 1 Permission of instructor required. Credit course for transfer students needing a lab experience. Graded Pass/Fail only. Grading: Pass/Fail Only

BIOL-102L Inquiry Into Life II Lab Credits: 0 Taken in the same semester as BIOL-102. Lab is graded as part of the lecture. Co-Requisite: BIOL-102. (Formerly BIOL-102L: GENERAL BIOLOGY LAB.) Grading: Letter Grade

BIOL-106 Ecology and Environmental Issues Credits: 4 WOK: 5 Specifically designed for the non-science major. Emphasizes the interdisciplinary nature of environmental issues. Basic scientific concepts of ecological theory are related to economic, political, and philosophical factors that influence environmental problems and their solutions. WOK: Scientific. Co-Requisite: BIOL-106. (Formerly BIOL-106.) Grading: Letter Grade

BIOL-106C Ecology/Environmental Issues Lab Credits: 1 Transfer students needing a credit-bearing lab experience, this lab concentrates on the interconnectedness of biotic and abiotic influences on ecosystem health using basic sampling and analytical techniques in local environments. Permission from the Department is required prior to registration. Lab is graded Pass/Fail only. Grading: Pass/Fail Only

BIOL-106L Ecology/Environmental Issues Lab Credits: 0 Concentrates on the interconnectedness of biotic and abiotic influences on ecosystem health using basic sampling and analytical techniques in local environments. Taken in the same semester as BIOL-106. Lab is graded as part of the lecture. Co-Requisite: BIOL-106. (Formerly BIOU-106L.) Grading: Letter Grade

BIOL-111 Principles of Biology I Credits: 4 WOK: A two-semester foundation course of the biological sciences. Introduces students to the process of science and addresses the major disciplines of Biology: cell and molecular biology, genetics, evolution, ecology, comparative anatomy and physiology, zoology, and botany. Open only to students in one of these Science majors: Biology, Forensic Biology, Forensic Chemistry, Biochemistry, Environmental Sciences, Molecular Biology or with permission of the Chairperson. Co-Requisite: BIOL-111 Lab. WOK: Scientific. (Formerly BIOL-101M: GENERAL BIOLOGY for majors.) Grading: Letter Grade

BIOL-111L Principles of Biology I Lab Credits: 0 Taken in the same semester as BIOL-111. Lab is graded as part of the lecture. Co-Requisite: BIOL-111. (Formerly BIOL-101M: GENERAL BIOLOGY LAB [for majors].) Grading: Letter Grade

BIOL-112 Principles of Biology II Credits: 4 WOK: A continuation of topics in BIOL-111. Open only to students in one of these Science majors: Biology, Forensic Biology, Forensic Chemistry, Biochemistry, Environmental Sciences, Molecular Biology or with permission of the Biology Department Chairperson. Co-Requisite: BIOL-112L. WOK: Scientific. Pre-Requisite: BIOL-111 with a grade of C- or better. (Formerly BIOL-102M: GENERAL BIOLOGY for majors.) Grading: Letter Grade

BIOL-112L Principles of Biology II Lab Credits: 0 Taken in the same semester as BIOL-112. Lab is graded as part of the lecture. Co-Requisite: BIOL-112. (Formerly BIOL-102M: GENERAL BIOLOGY LAB.) Grading: Letter Grade

BIOL-125 Ponds and Streams Credits: 4 WOK: Specifically designed for the non-science major. Introduces students to freshwater habitats of the mid-Atlantic region. Focuses on familiarity with the ecology and inhabitants of the different habitats. Considers environmental problems and solutions for freshwater habitats. Field trips required. WOK: Scientific. Co-Requisite: BIOL-125L. (Formerly BIOL-125.) Grading: Letter Grade

BIOL-125L Ponds and Streams Lab Credits: 0 Taken in the same semester as BIOL-125. Lab is graded as part of the lecture. Co-Requisite:
BIO-125. (Formerly BIOU-125 L) Grading: Letter Grade

BIO-126 The Biology of Cancer Credits: 4
WOK: S An overview and perspective of both the scientific and clinical aspects of cancer. Emphasizes cellular and molecular/genetic models of cancer development in humans. Topics include: cancer epidemiology, basic concepts of malignant process, TNM classification, modern advances in tumor biology and molecular biology including the effects of a variety of agents (chemical, radiation, viruses, oncogenes) that cause human cancer. Examines major types of cancer as well as present methods of cancer prevention and treatment. WOK: Scientific. Co-Requisite: BIO-126L. (Formerly BIOU-126.) Grading: Letter Grade

BIO-126L The Biology of Cancer Lab Credits: 0 Taken in the same semester as BIO-126. Lab is graded as part of the lecture. Co-Requisite: BIO-126. (Formerly BIOU-126 L) Grading: Letter Grade

BIO-131 Environmental Seminar Series Credits: 1 A series of environmental topics designed to provide science and non-science students with an introduction to different environmental concerns or techniques. One hour lecture or two hours laboratory depending on topic. Repeatable for credit. (Formerly BIOU-131.) Grading: Letter Grade

BIO-145 Forests and Fields Credits: 3 WOK: S Specifically designed for the non-Science major. Serves as a field introduction to the ecology of the natural terrestrial habitats of the Northeast. Features an interdisciplinary focus on environmental pressures on different forest types and “old fields.” Stresses familiarity with plants and animals from these habitats. Two hours lecture and three hours lab. Field trips required. WOK: Scientific. Co-Requisite: BIO-145L. (Formerly BIOU-145.) Grading: Letter Grade

BIO-145L Forests and Fields Lab Credits: 0 Taken in the same semester as BIO-145. Lab is graded as part of the lecture. Co-Requisite: BIO-145. (Formerly BIOU-145 L) Grading: Letter Grade

BIO-201 Cell Biology Credits: 4 Examines cellular structure, function, and metabolism. Topics include biogenetics, protein structure and function, enzymes, cellular organelles and metabolism, nucleic acids, chromosomes, cellular communication and transport. Laboratory techniques microscopic methods, electrophoresis of proteins and DNA, spectrophotometric assays and cell culture techniques. Co-Requisite: BIO-201L. Pre-Requisite: BIO-112, or permission of the Instructor. (Formerly BIOU-201.) Grading: Letter Grade

BIO-201L Cell Biology Lab Credits: 0 Taken in the same semester as BIO-201. Lab is graded as part of the lecture. Co-Requisite: BIO-201. (Formerly BIOU-201 L) Grading: Letter Grade

BIO-203 Human Anatomy/Physiology I Credits: 4 The course covers the cardiovascular, lymphatic, respiratory, digestive, urinary, reproductive and endocrine systems. In considering each system, structure and function are studied concurrently. It is essential that as study of the human body progresses, parts will be integrated into the whole. Clinical considerations and unifying themes, such as homeostasis will be emphasized throughout in both semesters. Co-Requisite: BIO-203L. Pre-Requisite: BIO-112. (Formerly BIOU-203.) Grading: Letter Grade

BIO-206 General Zoology Credits: 4 WOK: S An introduction to the processes of life, the concepts of biological study, the relationships of the physical/chemical/biological world, and an overview of the anatomy and physiology of representatives of the zoological groups. Co-Requisite: BIO-206L. WOK: Scientific. Pre-Requisite: BIO-101 or BIO-106, or BIO-112; or permission of the Department/Instructor. (Formerly BIOU-206.) Grading: Letter Grade

BIO-206L General Zoology Lab Credits: 0 Taken in the same semester as BIO-206. Fields trip may be required. Lab is graded as part of the lecture. Co-Requisite: BIO-206. (Formerly BIOU-206 L) Grading: Letter Grade

BIO-210 Nutrition Credits: 4 WOK: S An overview of the science of nutrition and its relationship to health will be taught with an emphasis on the functions of nutrients in the human organism, nutrient needs at various stages of life, and the effect nutrient inadequacies and excesses on health. Other related issues such as contemporary controversies in diet plans, American trends in food consumption, the effects of famine physically, economically and socially; developing self sustaining agricultural programs to feed people in underdeveloped countries; meal programs, and providing meals to low income families in the US will also be addressed. WOK: Scientific. Co-Requisite: BIO-210L. (Formerly BIOU-210.) Grading: Letter Grade

BIO-210L Nutrition Lab Credits: 0 Laboratory experimentation that demonstrates or tests the nutrition principles presented in the BIO-210 lecture taken in the same semester. Lab is graded as part of the lecture. Co-Requisite: BIO-210L. (Formerly BIOU-210 L) Grading: Letter Grade

BIO-217 Genetics Credits: 4 Introduces genetics at classical, molecular, and population levels. Topics include Mendelian genetics, linkage analysis, mutation, dominance relationships, quantitative genetics, the structure and properties of DNA, transcription, translation, recombination, DNA synthesis, and population genetics models. Co-Requisite: BIO-217L. Pre-Requisite: BIO-111, or permission of the Instructor. (Formerly BIOU-217.) Grading: Letter Grade

BIO-217L Genetics Lab Credits: 0 Laboratory exercises illustrate principles discussed in the BIO-217 lecture, which is taken in the same semester. Lab is graded as part of the lecture. Co-Requisite: BIO-217. (Formerly BIOU-217 L) Grading: Letter Grade

BIO-233 Ecology and Evolutionary Biology Credits: 4 Weaves together the broader disciplines of ecology and evolution by introducing the student to a spectrum of sub-disciplines including population genetics, population ecology, community ecology, physiological ecology, macroevolution, systematics and functional morphology. The general theme is the interconnectedness of organism, environment and evolution and the mutual dependence of the two disciplines. The interrelationships of organisms with their environment (ecology) are the very basis for the selection pressure of evolution that leads to adaptation to that same environment. Field trips required. Co-Requisite: BIO-233L. Pre-Requisite: BIO-112, or permission of the Instructor. (Formerly BIOU-233.) Grading: Letter Grade

BIO-233L Ecology and Evolutionary Biology Lab Credits: 0 The laboratory is oriented to field research and is taken in the same semester as BIO-233. Field trips required. Lab is graded as part of the lecture. Co-Requisite: BIO-233. (Formerly BIOU-233 L) Grading: Letter Grade

BIO-281 Special Topics in Biology Credits: 3 Topics vary by semester. Repeatable for credit. Grading: Letter Grade

BIO-300 Experimental Methods and Design Credits: 4 Considers the philosophy and sociology of science, their interaction and impact on the methodology of experimental design, implementation, data analysis and ethical issues in Biological research. Student teams design and implement small experiments, statistically analyze their data, perform peer reviews, write short research papers, give in-class presentations, keep lab notebooks, and prepare an end-of-semester research proposal. WOK: Writing Intensive. Co-Requisite: BIO-300L. Pre-Requisite: MATH-262, MATH-227, or PSYC-216; and ILAR-101 or IDHP-200. (Formerly BIOU-300.) Grading: Letter Grade/Writing Intensive

BIO-300L Experimental Methods and Design Lab Credits: 0 Taken in the same semester as BIO-300. Lab is graded as part of the lecture. Co-Requisite: BIO-300. (Formerly BIOU-300 L) Grading: Letter Grade

BIO-303 Human Anatomy and Physiology II Credits: 4 Covers the cardiovascular, lymphatic, respiratory, digestive, urinary, reproductive and endocrine systems. In considering each system, structure and function are studied concurrently. It is essential that as study of the human body progresses, parts will be integrated into the whole. Clinical considerations and unifying themes, such as homeostasis will be emphasized throughout. Co-Requisite: BIO-303L. Pre-Requisite: BIO-203. (Formerly BIOU-318.) Grading: Letter Grade
BIOL-303L Human Anatomy and Physiology II Lab Credits: 0 Taken in the same semester as BIOL-303. Lab is graded as part of the lecture. Co-Requisite: BIOL-303. (Formerly BIOU-318 L) Grading: Letter Grade

BIOL-312 Watersheds/Freshwater Ecology Lab Credits: 0 Taken in the same semester as BIOL-312. Field trips required. Lab is graded as part of the lecture. Co-Requisite: BIOL-312. (Formerly BIOU-312 L) Grading: Letter Grade

BIOL-312L Watersheds/Freshwater Ecology Lab Credits: 0 Taken in the same semester as BIOL-312. Field trips required. Lab is graded as part of the lecture. Co-Requisite: BIOL-312. (Formerly BIOU-312 L) Grading: Letter Grade

BIOL-317 Special Methods in Biology Credits: 3 (Formerly BIOU-317.) Grading: Letter Grade

BIOL-322 Terrestrial Ecology Credits: 4 Considers the interactive nature of the terrestrial habitats, as they affect the chemical, physical and biological properties of the land. Scope includes urban and natural systems, and explores the open fields and their transition to forested land. A research approach is used with active participation on a stream research or monitoring project. Co-Requisite: BIOL-322L. Pre-Requisites: CHEM-132 and BIOL-233, or with permission of Instructor. CHEM-242 is recommended but not required. (Formerly BIOU-322.) Grading: Letter Grade

BIOL-322L Terrestrial Ecology Lab Credits: 0 Taken in the same semester as BIOL-322. Field trips required. Lab is graded as part of the lecture. Co-Requisite: BIOL-322. (Formerly BIOU-322 L) Grading: Letter Grade

BIOL-324 Microbiology Credits: 4 Stresses the fundamentals of the discipline in this laboratory-oriented course. Studies the structure and function of prokaryotic and eukaryotic microorganisms with respect to metabolism, growth and development, and genetics. Co-Requisite: BIOL-324L. Pre-Requisite: BIOL-111. (Formerly BIOU-324.) Grading: Letter Grade

BIOL-324L Microbiology Lab Credits: 0 Taken in the same semester as BIOL-324. Lab is graded as part of the lecture. Co-Requisite: BIOL-324. (Formerly BIOU-324 L) Grading: Letter Grade

BIOL-325 Marine Biology Credits: 4 Surveys different marine ecosystems with their biotic and abiotic factors. Concentrates on near-shore habitats. Emphasizes community interactions and current or projected environmental pressures. Co-Requisite: BIOL-325 L. Pre-Requisite: BIOL-233, or permission of the Instructor. (Formerly BIOU-325.) Grading: Letter Grade

BIOL-325L Marine Biology Lab Credits: 0 Taken in the same semester as BIOL-325. Field trips required. Lab is graded as part of the lecture. Co-Requisite: BIOL-325. (Formerly BIOU-325 L) Grading: Letter Grade

BIOL-332 Medical Terminology Credits: 3 This course is designed to develop medical vocabulary associated with body systems and diseases, lab safety and infection control. This course will also provide students with the basic principles of medical word building including medical prefixes, suffixes and word roots used in medical nomenclature. Spelling, medical definitions and abbreviations will also be emphasized. No lab experience is associated with this course. Grading: Letter Grade

BIOL-333 Evolution Credits: 3 An introductory course on the theories and mechanisms of evolution — evolution of the universe, solar system, planets, geology of Earth, Biochemical and molecular evolution, and the evolutionary history of life on Earth. Examines the evolution of cells, differentiation, developmental processes, the evolutionary relationships among organisms, speciation and the diversity of life. Pre-Requisites: BIOL-201 and BIOL-217. (Formerly BIOU-333.) Grading: Letter Grade

BIOL-335 Molecular Biology Credits: 3 An introduction to Molecular Biology. Topics include DNA replication, transcription, translation, regulation of gene expression, molecular evolution and recombinant DNA technology. Interspersed laboratory sessions include isolation and characterization of DNA and RNA, cDNA cloning, gene expression and bioinformatics. This course does NOT have a lab experience. Pre-Requisites: BIOL-201 and BIOL-217, or permission of the Instructor. (Formerly BIOU-351.) Grading: Letter Grade

BIOL-340 Internship in Biology Credits: 3 Provides the Biology major the opportunity to integrate academic learning with practical experience. Students should begin to explore their internship prospects by the end of their sophomore year. Internship credit can be obtained for any Department approved research experience. Graded Pass/Fail only. Repeatable for credit. Includes Career Connections requirement for graduation. Co-Requisite: FYIN-101. (Formerly BIOU-401.) Grading: Pass/Fail Only

BIOL-410 Immunology Credits: 4 An introduction to immunology. Topics include humoral and cellular immunology, immunogenetics, immune regulation, hypersensitivity, autoimmune disease, and immune diseases. Laboratory techniques include, cellular assays, immunodiffusion assays, ELISA, and antibody isolation. Co-Requisite: BIOL-410L Pre-Requisite: BIOL-201, or permission of the Instructor. (Formerly BIOU-410.) Grading: Letter Grade

BIOL-410L Immunology Lab Credits: 0 Taken in the same semester as BIOL-410. Lab is graded as part of the lecture. Co-Requisite: BIOL-410. (Formerly BIOU-410 L) Grading: Letter Grade

BIOL-411 Developmental Biology Credits: 4 Classical embryology and biochemical, molecular biology and evolution of animal development. Topics include fertilization, cleavage, gastrulation, cell differentiation, induction, positional information, organ and pattern formation. Co-Requisite: BIOL-411L. Pre-Requisites: BIOL-201; BIOL-203; and BIOL-217. (Formerly BIOU-411.) Grading: Letter Grade

BIOL-411L Developmental Biology Lab Credits: 0 Laboratory includes microscopic examination of animal development and biochemical analysis of molecular mechanisms of development taken in the same semester as BIOL-411. Lab is graded as part of the lecture. Co-Requisite: BIOL-411. (Formerly BIOU-411 L) Grading: Letter Grade

BIOL-412 Endocrinology Credits: 3 Covers endocrine systems, a short chronology and historical aspects of endocrine research and endocrine glands, with emphasis on mammalian systems, particularly that of humans. The concept of homeostasis with special reference to the roles of chemical messengers in the control of homeostatic systems. Topics include endocrine function, hormone-receptor mechanisms, sites of hormone action, structure of endocrine glands, mechanisms of hormone secretion and transport, factors which control hormone action, and hormonal interaction as well as endocrine malfunctions leading to clinical disorders. (No lab is associated with this lecture.) Pre-Requisite: BIOU-318. (Formerly BIOU-412.) Grading: Letter Grade

BIOL-413 Conservation/Restoration Biology Credits: 3 Teaches the concept of conservation as applied to ecosystems such as forests, watersheds, and estuaries relative to all the wildlife as well as the threatened plants and animals. Introduces the ideas of sustained use, limited use, and protected use. Incorporates the emerging field of restoration. Teaches the ideals behind cleanup up spills, rebuilding eroded banks, and recreating an environment where the natural and native plants and animals can flourish again. Co-Requisite: BIOL-413L Pre-Requisite: BIOL-233, or permission of Instructor. (Formerly BIOU-413.) Grading: Letter Grade

BIOL-413L Conservation/Restoration Bio Lab Credits: 0 Taken in the same semester as BIOL-413. Field trips required. Lab is graded as part of the lecture. Co-Requisite: BIOL-413. (Formerly BIOU-413 L) Grading: Letter Grade

BIOL-481 Advanced Special Topics in Biology Credits: 3 An in-depth study of selected topic areas in biology. Course is 3 or 4 credits depending upon the topic; a lab may also be required. Past topics have included human disease, human nutrition, cell and cancer medicine, animal nutrition, and biochemistry of inherited diseases. May include a laboratory depending on the area covered. Pre-Requisite: BIOL-112 or with permission of the Instructor. (Formerly BIOU-481.) Grading: Letter Grade

BIOL-481L Advanced Special Topics in Bio Lab Credits: 0 Weekly three-hour lab taken in the same semester as BIOL-481, if required.
Lab is graded as part of the lecture. (Formerly BIOU-481 L.) Grading: Letter Grade

BIOI-490 Independent Study in Biology
Credits: 0.5 Variable credit - 0.5 to 4.0. Repeatable for credit. Pre-Requisite: Permission of the Instructor required. Grading: Letter Grade

BIOI-498 Senior Seminar in Biology Credits: 3 Study and discussion of topics relating to an independent laboratory or field research project in the area of biomedical and/or biological sciences. Course includes oral and written presentation of student research projects as the major criteria. Students are expected to participate in a research project appropriate for their major. Emphasis is placed on participation in classroom discussions on various research projects. Students with double majors, especially Biology and Chemistry, are required to conduct two independent research projects, each appropriate for the major. The Senior Seminar is usually taken in either the Fall or Spring of the student's Senior year. Students register for this course upon approval of the academic advisor. Pre-Requisite: A Writing Intensive course, which is usually BIOI-300; or IDHP-200. (Formerly BIOI-498.) Grading: Letter Grade

BUSN-101 International Business Credits: 3 An overview of international business and the globalization process. Topics covered include national differences in political economy, differences in national cultures, international trade theories; the political economy of international trade, foreign direct investment; regional economic integration, the foreign exchange market, the international monetary system; the global capital market, and the strategy and structure of international business. (Formerly BADMU-101.) Grading: Letter Grade

BUSN-102 Business Ethics Credits: 3 WOK: B An in-depth analysis of complex ethical dilemmas in business organizations, focusing on managing ethical decisions, establishing an ethical culture, and whistle blowing. Evaluates a firm’s fiscal and social obligations to its employees, stockholders, customers, creditors, suppliers, and neighbors. Employs role playing and case analysis. WOK: Behavioral. (Formerly BADMU-102 and BADM-102.) Grading: Letter Grade

BUSN-104 Introduction to Business Credits: 3 WOK: B An overview of the domestic and global business environment and economies. Exposure to the theoretical framework and structure of the business environment, including accounting, economics, ethics, finance, management, and marketing. Case studies will provide illustrations of real life examples of business organizations, activities and the people who operate them. WOK: Behavioral. (Formerly BADMU-104 and BADM-104.) Grading: Letter Grade

BUSN-120 Law and the Business Enterprise Credits: 3 WOK: B Geared primarily for business majors. Focuses on the law of contracts, product liability, landlord/tenant law, negligence, torts, trademarks and other topics relevant to the business world. WOK: Behavioral. (Formerly BADMU-120 and BADM-120.) Grading: Letter Grade

BUSN-252 Business of Music Credits: 3 An introductory course in the business fundamentals of the music entertainment industry. The following topics are addressed: music as a profession, agents, personal managers and publishers, performing rights, contracts, music copyrights, record companies/recording industry, music licensing, promotion and publicity, music for film and video production, radio and TV advertising and career options. Cross-listed: MUSC-252. (Formerly BADMU-252.) Grading: Letter Grade

BUSN-280 Information Mgmt/SQL Programming Credits: 3 Introduces students to the fundamentals of information management using Microsoft Access, Microsoft SQL Server, from simple applications through database programming and Structured Query Language. This course includes an analysis and evaluation of social and ethical issues stemming from the proliferation of databases. This course is recommended for students planning a career in business and information sciences. Cross-listed: CMTC-280. Pre-Requisite: CMTC-180 (Formerly BADMU-280) Grading: Letter Grade

BUSN-401 Internship in Business Credits: 3 A program designed to provide qualified Junior or Senior Business Majors with an opportunity for direct experience in a profit or non-profit business activity. Student writes a short paper integrating their academic and internship experience. Graded Pass/Fail only. Repeatable for credit. Includes Career Connections requirement for graduation. Co-Requisite: FYIN-101. (Formerly BADMU-401 and BADMU-402.) Grading: Pass/Fail Only

BUSN-490 Independent Study in Business Credits: 0 Variable credit - 1.0 to 3.0.Repeatable for credit. Pre-Requisite: Permission of the Instructor required. Grading: Letter Grade

BUSN-498 Senior Seminar in Business Credits: 3 Capstone course designed to engage the student in a research project culminating in an oral and written presentation. The Senior Seminar is usually taken in either the Fall or Spring of the student’s Senior year. Students register for this course upon approval of the academic advisor. Pre-Requisite: A Writing Intensive course; or IDHP-200. (Formerly BADMU-498 and BADM-498.) Grading: Letter Grade

CHEM-103 Chemistry and Public Policy Credits: 4 WOK: S An introductory course for non-science majors who have little or no background in chemistry and minimal mathematical background. The chemical basis of environmental issues, nutrition, and genetic engineering will be discussed in their socioeconomic and political context. Laboratory exercises are designed to give students knowledge of scientific measurements and the reasoning required for interpreting experimental data. Emphasis will be on applying knowledge of chemistry to current public policy issues. Three hours per week. WOK: Scientific. Co-Requisite: CHEM-103L. (Formerly CHEMU-103.) Grading: Letter Grade

CHEM-103L Chemistry and Public Policy Lab Credits: 0 Laboratory exercises are designed to give students knowledge of scientific measurements and the reasoning required for interpreting experimental data. Lab is graded as part of CHEM-103. Two hours per week. Co-Requisite: CHEM-103. (Formerly CHEMU-103 L.) Grading: Letter Grade

CHEM-106L Intro to Forensic Science Lab Credits: 0 Laboratory activities will focus on techniques of analysis of evidence and on critical thinking. Lab is graded as part of CHEM-106. Two hours per week. Co-Requisite: CHEM-106. (Formerly CHEMU-106L.) Grading: Letter Grade

CHEM-121 Chemistry Study Group Credits: 0 Required of students designated by the Department. Grading: Letter Grade

CHEM-131 Principles of Chemistry I Credits: 4 WOK: S Examines the principles and concepts underlying chemical behavior. Topics covered include the periodic table of the elements, the gas laws, chemical reactions, molecular structure, acids and bases, kinetics, and thermodynamics. 4 hours per week. WOK: Scientific. Co-Requisite: CHEM-131L. Pre-Requisite: Score of 1, 2, or 3 on the Math Proficiency Test. (Formerly CHEMU-131.) Grading: Letter Grade

CHEM-131L Principles of Chemistry I Lab Credits: 0 Lab work includes qualitative and quantitative analysis as well as validation of lecture principles. Problem solving skills are emphasized throughout. Lab is graded as part of CHEM-131. Three hours per week. Co-Requisite: CHEM-131. (Formerly CHEMU-131L.) Grading: Letter Grade

CHEM-132 Principles of Chemistry II Credits: 4 WOK: S Examines the principles and concepts underlying chemical behavior. Topics covered include the periodic table of the elements, the gas laws, chemical reactions, molecular structure, acids and bases, kinetics, and thermodynamics. Four hours per week. WOK: Scientific. Co-Requisite: CHEM 132L. Pre-Requisite: CHEM-131. (Formerly CHEMU-132.) Grading: Letter Grade

CHEM-132L Principles of Chemistry II Lab Credits: 0 Lab work includes qualitative and quantitative analysis as well as validation of lecture principles. Problem solving skills are emphasized throughout. Lab is graded as part of CHEM-132. Three hours per week. Co-
CHEM-340 Inorganic Chemistry Credits: 4
Topics include: structure and bonding, solid-state Chemistry, spectroscopy, and catalysis.
Three hours per week. Co-Requisite: CHEM-340L. Pre-Requisite: CHEM-216. (Formerly CHEMU-340.) Grading: Letter Grade

CHEM-340L Inorganic Chemistry Lab Credits: 0
Lab is graded as part of CHEM-340. Three hours per week. Co-Requisite: CHEM-340L. (Formerly CHEMU-340.) Grading: Letter Grade

CHEM-401 Internship in Chemistry Credits: 3
A research experience to help the student to relate theories and skills to the practical aspects of a laboratory. Repeatable for up to 6 credits. Graded Pass/Fail only. Includes Career Connections requirement for graduation. Co-Requisite: FYIN-101. Pre-Requisite: Permission of the Department. (Formerly CHEMU-401 and CHEMU-402.) Grading: Pass/Fail Only

CHEM-405 Advanced Organic Chemistry Credits: 3
An introduction to the field of Physical Organic Chemistry with an emphasis on qualitative molecular orbital theory, pericyclic reactions, stereochemistry, and linear free energy relationships. Three hours per week. Pre-Requisite: CHEM-216. (Formerly CHEMU-405.) Grading: Letter Grade

CHEM-481 Special Topics in Chemistry Credits: 3
An in-depth study of selected topic areas in Chemistry. Topics vary from year to year. May include a laboratory depending on the topic chosen. Repeatable for credit. Three hours per week. Pre-Requisite: Permission of the Instructor. (Formerly CHEM-481 and CHEM-482.) Grading: Letter Grade

CHEM-490 Independent Study in Chemistry Credits: 3
Repeatable for credit. Pre-Requisite: Permission of the Instructor required. Grading: Letter Grade

CHEM-498 Senior Seminar/Chem-Biochem-For Sci Credits: 3
Capsstone course of the Chemistry, Biochemistry, and Forensic Chemistry majors. The emphasis of this course is three-fold: areas of significant research in the field of Chemistry through reading of the current literature; ethics in scientific research; and a research paper, poster, and oral presentation of previously completed research. This research will have been done on or off campus, during summer internships or during the academic year, in an advisor-approved area of Chemistry. Three hours per week. The Senior Seminar is usually taken in either the Fall or Spring of the student’s Senior year. Students register for this course upon approval of the academic advisor. Pre-Requisite: A Writing Intensive course; or IDHP-200. (Formerly CHEMU-498.) Grading: Letter Grade

CHIN-101 Elementary Chinese I Credits: 3
Beginning-level course designed for students who have no previous knowledge of spoken or written Chinese. The course is an introduction to basic language skills in speaking, reading and writing modern Chinese. (Formerly CHINU-101.) Grading: Letter Grade

CHIN-102 Elementary Chinese II Credits: 3
Continues an introduction to basic language skills in speaking, reading and writing modern Chinese from CHIN-101. (Formerly CHINU-102.) Grading: Letter Grade

CHIN-103 Intermediate Chinese I Credits: 3
Further development of skills in Elementary Chinese I and II including grammar, listening comprehension, and vocabulary usage in the context of useful daily conversation. (Formerly CHINU-103.) Grading: Letter Grade

CHIN-104 Intermediate Chinese II Credits: 3
Continued development of skills including grammar, listening comprehension, and vocabulary usage in the context of useful daily conversation. (Formerly CHINU-104.) Grading: Letter Grade

CLCV-151 Enter the Hero and the Heroine Credits: 3 WOK: L
The Iliad, Odyssey, and Aeneid are read in English. Attention to epic poetry, the changing ideal of heroism, the influence of epic on Greek and Roman civilization and on European literature. WOK: Literary. (Formerly CLCVU-151.) Grading: Letter Grade

CLCV-153 Mythology as Living Tradition Credits: 3 WOK: L
A study of the great myths of the ancient world in connection with the religious and literary tradition and the evidence of ancient art. Persistent mythological themes, such as that of Oedipus, seen in a modern context. WOK: Literary. (Formerly CLCVU-153.) Grading: Letter Grade

CLCV-281 Sp Topics/Classical Civilization Credits: 3
Repeatable for credit. Topics vary by semester. Grading: Letter Grade

CMDF-200 Introduction to Digital Forensics Credits: 3
Provides an introduction to Digital Forensics from a theoretical and practical perspective and an introduction to investigative tools and techniques used in the field. Personal computer operating system architectures and disk structures are reviewed and the proper use of available computer forensic hardware and software tools are examined. Other topics include the importance of digital evidence controls, the method of processing crime and incident scenes, the details of data acquisition, and the requirements of an expert witness. The course provides a range of laboratory and hands-on activities and assignments that emphasize both the theory and the practical application of computer forensic investigations. Pre-Requisite: CMTC-190. CMTC-260 is recommended, but not required. Grading: Letter Grade

CMDF-220 Legal Issues/Digital Forensics I Credits: 3
Provides students with an introduction to the laws of search and seizure and the civil and criminal laws pertaining to computers and the seizure of computer evidence. Students will examine cases and statutes from appropriate sources including the United States Constitution and Federal and State laws pertaining to Internet and email records, ECPA, search warrants and probable cause. Pre-Requisite: CMDF-200, or permission of the Instructor. Grading: Letter Grade

CMDF-240 Legal Issues/Digital Forensics II Credits: 3
Provides further understanding of the laws of search and seizure and the civil and criminal laws pertaining to computers and the seizure of computer evidence. In particular, students will examine federal and state law regarding privacy in and search and seizure of electronic information, Pennsylvania’s Computer Crime Section as well as those of other states, the steps of e-discovery production, an introduction to the federal rules governing e-discovery documents and a discussion on EDD best practices and an examination of case law. Pre-Requisite: CMDF-220, or permission of the Instructor. Grading: Letter Grade

CMDF-300 Advanced Digital Forensics Credits: 3
Provides a more in-depth understanding of Digital Forensics and the investigative tools and techniques used in the field. The course provides a range of laboratory and hands on assignments that teach about theory as well as the practical application of computer forensics investigations. Topics covered in this course include: Case Reporting & Working with PRKT, Windows Registry and Registry Viewer, Link and Spoon Files, Encrypted File System, Forensic Analysis, Forensic Duplication, File System Analysis, Internet and E-mail Usage Analysis, and ID Theft. The proper use of automated digital forensics tools will also be discussed. Cell phone forensics will also be explored, providing the proper software can be obtained. Pre-Requisite: CMDF-200. Grading: Letter Grade

CMDF-320 Legal and Technical Writing in DF Credits: 3
Provides practical applications in legal and technical report writing in the area of Digital Forensics. In particular, students will examine what is involved in drafting complaint evaluations, witness statements, ECPA orders, search warrants and affidavits. Students will also examine data mapping in civil discovery, the use of reports in evaluating an investigation, the importance of e-discovery rules and the process of conducting a search. Pre-Requisite: CMDF-240. Grading: Letter Grade

CMSC-190 Introduction to Programming Logic Credits: 3 WOK: P
Introduces students to the logic required for computer programming. Students will initially learn the concepts related to most languages including variables, assignment statements, branches, loops and subprograms. Students will also concentrate on the logic required to design a program before it is coded. During the second half of the semester, students will be introduced to the basic syntax of the programming language “Python.” WOK: Problem Solving. (Formerly CMSCU-190.) Grading: Letter Grade

CMSC-205 Systems Analysis and Design Credits: 3 WOK: P
Provides a study of the information system life cycle and the use of systems design methodologies to develop a single and multi-user systems. Topics include project management techniques, security
CMSC-321 Communications and Networks

Credits: 3

Students examine current methods and practices in the use of computer networks. Topics include network architecture and communication protocols, network elements, datalink, switching and routing, end-to-end protocols, LANs, and data security. Pre-Requisites: CMSC-210 and CMTC-230. (Formerly CMSC-321.) Grading: Letter Grade

CMSC-350 Computer Architecture/Logic Design

Credits: 4

Students examine the organization and architecture of computer systems through study of the logical and engineering principles governing the internal operations of the computer. Topics include gates, circuits, combinational logic, sequential logic, computer arithmetic, control unit and arithmetic logic unit, CPU performance, and an introduction to assembly language. Pre-Requisites: CMSC-210 and CMTC-190. CMSC-251 is recommended, but not required. (Formerly CMSC-350.) Grading: Letter Grade

CMSC-401 Internship in Comp and Info Sci

Credits: 3

An internship provides the computer and information sciences major with the opportunity to experience the role of an information resource person in a business or other organization. Open to students with Junior or Senior status. Graded Pass/Fail only. Repeatable for credit. Includes Career Connections requirement for graduation. Co-Requisite: FYIN-101. (Formerly CMSC-401 and CMSC-402.) Grading: Pass/Fail Only

CMSC-405 Programming Languages

Credits: 3

This course examines the practical and theoretical aspects of programming languages. Topics include representation of data types, sequence control, and run-time storage and management. Pre-Requisite: CMSC-251. (Formerly CMSC-405.) Grading: Letter Grade

CMSC-481 Adv Special Topics in Comp/Info Sci

Credits: 3

Covers current topics in computer science, such as graphics animation or security. Repeatable for credit. (Formerly CMSC-481 and CMSC-482.) Grading: Letter Grade

CMSC-490 Independent Study in Comp Science

Credits: 3

Repeatable for credit. Pre-Requisite: Permission of the Instructor required. Grading: Letter Grade

CMSC-498 Senior Seminar: Comp and Info Sci

Credits: 3

Students further develop the area of research that was begun in CMSC-310 to design and implement a research project and presentation. Students also discuss current topics in Computer Science which were not covered in structured courses. The Senior Seminar is usually taken in either the Fall or Spring of the student’s Senior year. Students register for this course upon approval of the academic advisor. Pre-Requisites: CMSC-310 with a grade of C or better, and CMSC-280. (Formerly CMSC-498.) Grading: Letter Grade

CMTC-101 Intro to Computer Organization

Credits: 1

This five-week course introduces the student to Microsoft Windows. Students learn many of the fundamental concepts of managing files, using Windows Explorer, and customizing and navigating the desktop environment. Fulfills the Computer Organization module of the computer proficiency. (Formerly CITU-101.) Grading: Letter Grade

CMTC-102 Introduction to Microsoft Word

Credits: 1

This five-week course introduces the student to Microsoft Word. The student learns the basic components of word processing as well as some advanced features including creating tables and inserting graphics. Fulfills the Word Processing module of the computer proficiency. Suggested Pre-Requisite: CMTC-101. (Formerly CITU-102.) Grading: Letter Grade

CMTC-103 Introduction to Microsoft Excel

Credits: 1

This five-week course introduces the student to Microsoft Excel. The student learns the basic components of creating a spreadsheet as well as some advanced features. Fulfills the spreadsheet module of the computer proficiency. Suggested Pre-Requisites: fulfillment of Math Proficiency, CMTC-101, and CMTC-102. (Formerly CITU-103.) Grading: Letter Grade

CMTC-120 Research/Formatting Academic Papers

Credits: 1

Builds on introductory word processing skills most students learn before college. It focuses on word processing features students need for formatting academic research papers and concentrates on how to use the Internet for academic research. Students apply the word processing skills learned in this course by formatting a paper developed from the Internet research skills they are presented. Fulfills the Researching and Formatting Academic Papers module of the computer proficiency for first year students beginning Fall 2010. Grading: Letter Grade

CMTC-142 Introduction to Internet Research

Credits: 1

During this five-week course students learn how to perform searches on the Internet using various databases and search engines. Students also learn advanced e-mail features, including how to create an address book and how to send an attachment. Fulfills the Internet module of the computer proficiency. Suggested Pre-Requisites: CMTC-101, and CMTC-102. (Formerly CITU-142.) Grading: Letter Grade

CMTC-160 Intro to Microsoft PowerPoint

Credits: 1

During this five-week course students gain proficiency in developing computer-based presentations using Microsoft PowerPoint. Fulfills the Presentation module of the computer proficiency. Suggested Pre-Requisites: CMTC-101 and CMTC-102. (Formerly CITU-160.) Grading: Letter Grade

CMTC-180 Intro to Microsoft Access

Credits: 1

This five-week course introduces students to the development of a database using Microsoft Access. Students learn how to create and modify database tables, reports and queries. Students learn how to use the features of a database to
analyze information. Suggested Pre-Requisites: CMTC-101 and CMTC-102. (Formerly CITU-180.) Grading: Letter Grade

CMTC-185 Intermediate PowerPoint Credits: 1 Builds on introductory PowerPoint skills. Focuses on creating charts, tables, custom shows and SmartArt; using the Slide Master; inserting action buttons; adding custom animation; working with bulleted lists; importing from/exporting to Word; linking and embedding objects; packaging a presentation for a CD; and incorporating design elements and public speaking. Fulfills the PowerPoint module of the computer proficiency for all students. Recommended Pre-Requisite: student should have introductory knowledge of PowerPoint. Grading: Letter Grade

CMTC-190 Intro to Comp Hardware/Peripherals Credits: 3 Provides a challenging introduction to technology for students interested in a major or minor in computer and information technology or related fields. Topics include elements of computer architecture and peripherals. Upon the completion of this course students should be prepared to take the A+ Certification Examination. (Formerly CITU-190.) Grading: Letter Grade

CMTC-200 Intro to Web Development and Design Credits: 3 Students examine current web design techniques and learn how to create effective web pages using a web-authoring suite, such as Adobe Dreamweaver. The course also includes an on-going discussion regarding site composition, acceptable color use, font use and viewer friendly graphics. Upon the completion of this course students should be prepared to take the Adobe ACA examination for Dreamweaver. (Formerly CITU-200.) Grading: Letter Grade

CMTC-201 Designing Websites Credits: 3 Focuses on the design of websites rather than on web development. In particular, the course examines the importance of layout and composition, color, typography, imagery, and texture. A portion of this course also focuses on the use of Adobe Acrobat Professional. Pre-Requisite: CMTC-200. (Formerly CITU-201.) Grading: Letter Grade

CMTC-205 Computer Graphics Design Credits: 3 Through the use of computer graphics technology, students learn how to use Adobe Illustrator to create original artwork, edit clipart, and generate unusual and stylized text. Emphasis is placed on the use of vector/object-oriented software as a design tool in the fields of graphic and fine art. The course also includes a discussion regarding the considerations necessary for final output including color correction, photo retouching, compositing (photo montages), photographic manipulation, and the preparation of images for use on the World Wide Web. Image resolution, color models and printing issues are also covered. Upon the completion of this course students should be prepared to take the Adobe ACA examination for Photoshop. (Formerly CITU-210.) Grading: Letter Grade

CMTC-215 Desktop Publishing Credits: 3 Students learn the theory and techniques of desktop publishing. The software program used for this course is Adobe InDesign, a leading layout and design software program for print media. The course also includes appropriate discussions on the properties of good page design. An introduction to thematic approaches to books, magazines, brochures, letterheads, etc. is also discussed. CMTC-205 and CMTC-210 are recommended, but not required. (Formerly CITU-215.) Grading: Letter Grade

CMTC-230 Introduction to Data Communications Credits: 3 Provides an introduction to computer networks and data communications, data and signals, using conducted and wireless signals. Students consider local information exchanged through global networking. Additional topics incorporate the study of communications hardware and software and the ethical and moral issues emanating from the communications explosion. Pre-Requisite: CMTC-190. (Formerly CITU-230.) Grading: Letter Grade

CMTC-260 Applied Operating Systems Credits: 3 Provides a hands-on introduction to various operating systems such as Windows, Linux, and Macintosh. Students are introduced to the fundamental concepts underlying all operating systems and learn how to implement these concepts on each system. An emphasis is placed on overall ethical and legal issues regarding ownership and use of operating systems. Pre-Requisite: CMTC-190. (Formerly CITU-260.) Grading: Letter Grade

CMTC-280 Database Programming Credits: 3 Introduces students to the fundamentals of database programming using Microsoft SQL Server, from simple applications through database programming and Structured Query Language. This course is recommended for students planning a career in business and information sciences. WOK: Writing Intensive. Cross-listed: BUSN-280. Pre-Requisites: CMTC-190, and CMTC-180. (Formerly CITU-340.) Grading: Letter Grade/ Writing Intensive

CMTC-281 Special Topics in Comp/Info Tech Credits: 3 Covers current topics in computer technology, such as graphics animation or server-side web programming. Repeatable for credit. Grading: Letter Grade

CMTC-285 Management Information Systems Credits: 3 Introduces students to the use of information technology in the business environment. The language, concepts, structures, and challenges involved in the management of information systems are discussed. The course is intended to help students focus on technological issues in implementing MIS strategies and to provide an overview of methodologies for design and development of information systems. Suggested Pre-Requisites: CMTC-103, CMTC-180, BUSN-104; CMTC-190. (New course Spring 2012.) Grading: Letter Grade

CMTC-300 Web Design Credits: 3 Introduces students to creating interactive web pages using xHTML and JavaScript. Students will incorporate design techniques developed in CMTC-200. Pre-Requisite: CMTC-200. (Formerly CITU-300.) Grading: Letter Grade

CMTC-310 Research Meth in Comp and Info Tech Credits: 3 Provides an examination of research methods in computer technology. Students select a possible seminar topic and complete a literature search and review. Usually completed first semester of senior year. A grade of C or better is required to successfully complete this course. (Formerly CITU-310.) Grading: Letter Grade

CMTC-320 Presentations in Multimedia Credits: 3 Students develop a multimedia production in which text, graphics, audio and video are combined in an original creation. Students acquire skill in the analysis and application of presentation software using Adobe Flash. This course enables students to develop modes of communication and presentation that utilize the potential of developing technologies. Upon the completion of this course students should be prepared to take the Adobe ACA examination for Flash. Pre-Requisite: CMTC-200, recommended but not required: CMTC-205, CMTC-210 and COMM-221. (Formerly CITU-320.) Grading: Letter Grade

CMTC-330 Intro/Programming in Visual Basic Credits: 4 WOK: P Introduces students to the Visual Basic programming language. Students attend class four hours per week, including a significant amount of laboratory time. Some previous programming knowledge is required. WOK: Problem Solving. Pre-Requisite: CMSC-190, or permission of the Chairperson. (Formerly CITU-330.) Grading: Letter Grade

CMTC-390 Independent Study in Info Tech Credits: 3 Students experience fieldwork in the area of information management, webmaster assistant, web development, computer hardware, computer software, technology troubleshooter, or another technology-related area. Open to students with Junior or Senior status only. Graded Pass/Fail only. Repeatable for credit. Includes Career Connections requirement for graduation. Co-Requisite: FYIN-101. (Formerly CITU-401 and CITU-402.) Grading: Pass/Fail Only

CMTC-481 Adv Spec Topics in Comp/Info Tech Credits: 3 Covers current topics in computer technology, such as web technology or digital forensics. Repeatable for credit. (Formerly CITU-481.) Grading: Letter Grade

CMTC-490 Independent Study in Info Tech Credits: 3 Repeatable for credit. Pre-
COMM-110 Introduction to Communications
Credits: 3
Students further develop the area of research that was begun in COMM-310 to design and implement a research project and presentation. Students also discuss current topics in Computer Technology which were not covered in structured courses. The Senior Seminar is usually taken in either the Fall or Spring of the student's senior year. Students register for this course upon approval of the academic advisor. Pre-Requisites: CMSC-310 with a grade of C or better, and CMSC-280. (Formerly CITU-498.) Grading: Letter Grade

COMM-112 Television Workshop
Credits: 1
Students in any major learn how to write and edit AP style news and feature articles, produce writing samples for their portfolios, and/or utilize their graphic design skills, while earning applied credits. Students receive some professional training on how to conduct interviews, quote sources, and write and edit AP style articles. Graded Pass/Fail only. Repeatable for up to three credits. (Formerly COMU-102.) Grading: Pass/Fail Only

COMM-110 Introduction to Communications
Credits: 3
WOK: B
An examination of the factors that enhance or inhibit effective communication in a variety of settings including interpersonal, intercultural, group, organizational and mass communication settings. WOK: Behavioral. (Formerly COMU-110.) Grading: Letter Grade

COMM-112 Television Workshop
Credits: 1
Teaches students how to gather and disseminate the campus television news. Provides hands-on opportunities to write, shoot, narrate and edit a complete story, anchor the news and work with a crew. Repeatable for up to three credits. (Formerly COMU-112.) Grading: Letter Grade

COMM-141 Introduction to Journalism
Credits: 3
Introduces students to the principles and methods of journalistic writing. Students learn how to write for major types of news media: newspaper, in both print and online versions, radio and television. (New course Fall 2011.) Grading: Letter Grade

COMM-201 Introduction to Film Analysis
Credits: 3
Traces the historical foundations of film production and progresses to current trends. An overview of film history, narrative, genre, aesthetics and production guidelines will be covered. Students will learn to analyze and write critically about film. (Formerly COMU-201.) Grading: Letter Grade

COMM-203 Visual Literacy
Credits: 3
Introduces students to the principles of visual design and composition used in media products. Students analyze the creative techniques used in photography and film. This course serves as a foundation for video production courses. (Formerly COMU-203.) Grading: Letter Grade

COMM-210 Interpersonal Communication
Credits: 3
WOK: B
A study of the ways in which people generate meaning in interpersonal transactions through the use of language, space, gesture, sexuality, and time. Analyzes dynamics of communication processes within the contexts of organizations including topics such as motivation, leadership, and decision-making. WOK: Behavioral. (Formerly COMU-210.) Grading: Letter Grade

COMM-221 Video Design and Production I
Credits: 3
A basic "hands on" introduction to video production, with emphasis on learning how to use the camera and related equipment, developing visual stories, writing a treatment and pre-production organizing and planning. Students will focus on understanding light, becoming familiar with production terms and equipment, improving shot design, planning for camera movement and placement, "shooting to edit", and harnessing the power of sound. Various aesthetic as well as ethical concerns are covered. Pre-Requisite: COMM-203. (Formerly COMU-221.) Grading: Letter Grade

COMM-230 Audio Production
Credits: 3
Today's world, the role of audio production has expanded tremendously as technology continues to broaden the communication horizon. The skills and techniques you will learn in this course will have direct application to audio needs in many industries: radio/television broadcasting, movies, music, and the worldwide web. This extremely "hands on" course will teach you about the production process; how to prepare and write a script for recording, how to record sounds correctly, how to edit digital audio information, and how to create exciting, almost three dimensional, audio environments. In short, you will learn how to "manipulate" sounds - narration, music, and sound effects - to create dynamic productions that will absorb your audiences. In so doing, you will then experience the great reward of taking a concept from thought to something that can be heard by an audience who will then create ideas of their own which you intended to produce. As an additional benefit, you will learn how to more successfully incorporate sound into your production arsenal of techniques and tools. This is great for video, film, and even business presentations. Evoking human emotion through the power of sound is what this course is all about. Grading: Letter Grade

COMM-251 Mass Media and Society
Credits: 3
WOK: B
Investigates books, newspapers, magazines, radio, television and film as mass media. CRITICALLY analyzes mass media as a reflection of and an influence on society. Examination of social, political, economic, and technological aspects. WOK: Behavioral. (Formerly COMU-251.) Grading: Letter Grade

COMM-252 Writing for Electronic Media
Credits: 3
Explores persuasive techniques for Web writing including online journalism, public relations, corporate communication, and other online media. WOK: Writing Intensive. Pre-Requisite: ILAR-101 or IDHP-200. (Formerly COMU-252.) Grading: Letter Grade//Writing Intensive

COMM-253 Mass Media and Society
Credits: 3
Practice in writing and presenting speeches of information and other forms of public speaking. Explores the psychology of audience response and appeal. Students develop skill in using PowerPoint presentations. (Formerly COMU-253: Public Speaking.) Grading: Letter Grade

COMM-254 Advertising
Credits: 3
WOK: B
Covers advertising objectives, research, creative execution, media selection, legal and ethical requirements and budgeting. Students design and present an advertising campaign. WOK: Behavioral. (Formerly COMU-254.) Grading: Letter Grade

COMM-255 Public Relations
Credits: 3
WOK: B
Study of principles and techniques used in communication between an organization and any individual or audience. Examines media and press releases, promotions and trade shows, community and customer relations. Students plan and present a public relations campaign. WOK: Behavioral. Cross-Listed: MKTG-255. (Formerly COMU-255.) Grading: Letter Grade

COMM-258 Scriptwriting
Credits: 3
Focuses upon the essential elements of writing clear, concise, and dynamic short scripts for film and video productions. Through writing exercises, students will learn how to write realistic dialogue, visually compelling scenes, and precise technical instructions for crew. Both documentary and narrative formats will be explored. WOK: Writing Intensive. Pre-Requisites: ILAR-101 or IDHP-200. (Formerly COMU-258.) Grading: Letter Grade//Writing Intensive

COMM-260 Public Relations Writing
Credits: 3
Focuses on how public relations materials are created and used to communicate key themes to various audiences. Using journalistic techniques, students will write press releases and newspaper and/or magazine articles designed to generate media attention for an organization or product. Students will create a portfolio of public relations writing, which may also include a newsletter, brochure, speech, pitch letter, and additional collateral public relations materials. WOK: Writing Intensive. Pre-Requisite: ILAR-101 or IDHP-200. (Formerly COMU-260.) Grading: Letter Grade//Writing Intensive

COMM-265 Writing and Editing for Magazines
Credits: 3
The workshop approach provides experience in the basics of magazine writing, and editing. Students will analyze a publication, and translate an idea into a magazine article. Students develop a portfolio and learn strategies needed for publication. WOK: Writing Intensive. Pre-Requisites: COMM-241; and ILAR-101 or IDHP-200. (Formerly COMU-265.) Grading: Letter Grade//Writing Intensive

COMM-275 Persuasive Methods
Credits: 3
Addresses the theories and applications specific to persuasive communication methods in social, political, and mass media contexts. Course material will be based on persuasive messages in commercial advertising, print media, political rhetoric,
electronic communities, propaganda campaigns, and public service messages. (Formerly COMU-275. Grading: Letter Grade)

COMM-281 Special Topics in Communication Credits: 3 | Topics vary by semester. Repeatable for credit. Grading: Letter Grade

COMM-310 Theories and Research Methods Credits: 3 | An examination of communication theories and research methods. Students learn how to interpret, analyze, and integrate significant data through a literature review. Open only to students with Junior and Senior status. (Formerly COMU-310.) Grading: Letter Grade

COMM-325 Video Design and Production II Credits: 3 | Students increase their mastery of planning and production, develop treatments, write a script, develop shot lists, write location reports, and learn to organize and create production books. Students shoot and edit to increase their use of sophisticated non-linear digital editing techniques. Pre-Requisite: COMM-221. (Formerly COMU-221.) Grading: Letter Grade

COMM-401 Internship in Communications Credits: 3 | Field work for the qualified student in the areas of broadcasting, print journalism, advertising or public relations at sites approved by the Department Chair or Program Coordinator. Graded Pass/Fail only. Repeatable for credit. Includes Career Connections requirement for graduation. Co-Requisite: FYIN-101. Pre-Requisite: permission of the Chairperson. (Formerly COMU-401.) Grading: Pass/Fail Only

COMM-481 Advanced Special Topics in Comm Credits: 3 | Addresses the theories and applications specific to persuasive communication methods in social, political, and mass media contexts. Course material will focus on persuasive messages in commercial advertising, print media, political rhetoric, electronic communities, propaganda campaigns, and public service messages. (Formerly COMU-482.) Grading: Letter Grade

COMM-490 Independent Study in Communications Credits: 3 | Variable credit: 1.0 - 3.0. Repeatable for credit. Pre-Requisite: Permission of the Instructor required. (Formerly COMU-480.) Grading: Letter Grade

COMM-498 Senior Seminar in Communications Credits: 3 | Students integrate research, questionnaire development, a literature review and the writing of a comprehensive paper with state-of-the-art technologies for presentation. The Senior Seminar is usually taken in either the Fall or Spring of the student’s Senior year. Students register for this course upon approval of the academic advisor. Pre-Requisites: COMM-310; and a Writing Intensive course or IDHP-200. (Formerly COMU-498.) Grading: Letter Grade

CRJU-122 Introduction to Criminal Justice Credits: 3 | WOK: B | An examination of law enforcement, the administration of justice and the correctional system in the United States. Includes some international comparison. WOK: Behavioral. (Formerly CJU-122.) Grading: Letter Grade

CRJU-200 World Justice and Care for Children Credits: 3 | WOK: B | A global study of human rights for children including an examination of historical and contemporary conditions, international development programs, and current social and moral issues. Cross-listed: SOCI-200. WOK: Behavioral. (Formerly CRJU-200.) Grading: Letter Grade

CRJU-201 Crime and Punishment Through Film Credits: 3 | Makes use of classic films as well as contemporary writings to explore the deeper functions and meaning of crime and punishment in our society. Topics include examination of the failure of our prison system to deter crime, exploration of the root causes of different types of crimes, and consideration of questions of fairness and social justice as they relate to punishment. Supervision by a field supervisor employed by the agency is a hallmark of the course. Repeatable for credit. Includes Career...
Connections requirement for graduation. Co-Requisite: FYIN-101. (Formerly CJU-401 and CJU-402.) Grading: Pass/Fail Only

CRU-481 Adv Special Topics/Criminal Justice Credits: 3 An in-depth investigation of a topic chosen by the instructor. Repeatable for credit. (Formerly CJU-481.) Grading: Letter Grade

CRU-490 Independent Study in Criminology Credits: 3 Variable credit: 1.0 - 3.0. Repeatable for credit. Pre-Requisite: Permission of the Instructor required. Grading: Letter Grade

CRU-498 Senior Seminar in Criminal Justice Credits: 3 An in-depth exploration and social analysis of an approved issue in contemporary criminal justice. Each student will engage in independent research, write a scholarly paper, and give a professional presentation to the department and the college community. The Senior Seminar is usually taken in either the Fall or Spring of the student’s Senior year. Students register for this course upon approval of the academic advisor. Pre-Requisite: A Writing Intensive course; or IDHP-200. (Formerly CJU-498.) Grading: Letter Grade

ECON-101 Macroeconomic Principles Credits: 3 WOK: B A study of the fundamental determinants of economic activity, measurement and determination of national output and income, employment, inflation, interest rates, money supply, and growth of output and income. Monetary, banking and fiscal institutions are considered in relation to their role in contemporary public policies designed to cope with problems on a macroeconomic level. WOK: Behavioral. Pre-Requisites: MATH-122 or Level 1 on the Math Proficiency test and either BADM-104 or ACCT-103. (Formerly ECONU-101.) Grading: Letter Grade

ECON-102 Microeconomic Principles Credits: 3 WOK: C A study of the principles underlying the functioning of individual economic units such as consumers, households, firms and industries. Focuses on the determination of the price of products and productive inputs in the framework of a capitalist economy. WOK: Behavioral. Pre-Requisites: MATH-122 or Level 1 on the Math Proficiency test; and ECON-101. MATH-201 is recommended, but not required. (Formerly ECONU-102.) Grading: Letter Grade

ECON-109 Environmental Economics Credits: 3 WOK: A A study of the application of economic principles to the development and management of environmental resources. The course will begin with an examination of the methods of economic analysis. Environmental economic policies and its national and global applications will be discussed in detail. WOK: Behavioral. Pre-requisite: ECON-102. MATH-201 is recommended, but not required. (Formerly ECONU-109.) Grading: Letter Grade

ECON-201 Principles of FINA Credits: 3 WOK: B An investigation of the role played by money and financial institutions, such as the Federal Reserve System, in the functioning of the US economy. Emphasizes the implementation of monetary policy via the financial system to achieve economic stabilization. WOK: Behavioral. Pre-Requisite: ECON-101. (Formerly ECONU-201.) Grading: Letter Grade

ECON-203 Principles of Economics Credits: 3 (New course Fall 2011.) Grading: Letter Grade

ECON-211 Introduction to Global Economics Credits: 3 WOK: B An introduction to the international economy. Topics include international trade theories, trade policies and their effects, globalization and multilateralism, an introduction to international finance, balance of payments and foreign exchange markets, exchange-rate systems, arbitrage, purchasing power and interest rate parities, international financial institutions, and contemporary global economic issues. WOK: Behavioral. Pre-Requisite: BUSN-101 and ECON-101. MATH-201 is recommended, but not required. (Formerly ECONU-211.) Grading: Letter Grade

ECON-312 History of Economic Thought Credits: 3 A historical and analytical study of major developments in economics through the contribution of major schools and economists. Topics include: mercantilism, classical economics, Marxian economics, marginalism, neoclassical economics, Keynesian and post-Keynesian economics. Pre-Requisite: ECON-102. (Formerly ECONU-312.) Grading: Letter Grade

EDM-201 Development/Middle Years Credits: 3 Presents future teachers (Grades 4-8) with the study of child development from age eight to adolescence. It is designed for the students to learn about all aspects of human development: physical, emotional, social, cultural and cognitive. The course aims to introduce a holistic view of human development as integrated into particular social and cultural context by presenting contemporary theories of child development, research methods in the study of development and in particular aspects of healthy human psychological development that are relevant in learning and education. Grading: Letter Grade

EDM-202 Educational Psychology/Middle Years Credits: 3 WOK: B Introduces future teachers (Grades 4 - 8) to the area of psychology of education of middle childhood and gives them an opportunity to explore teaching and learning issues of their own concern. The course introduces a culturally sensitive and holistic view of learning, teaching and creating educational practices. The course is designed to introduce main psychological views of middle childhood development and learning, as well as theories of instructional design. The course introduces discussions of real life and imaginary educational situations and engages students to discuss the ways these situations can be explained and dealt with from different points of view and in terms of psychological and social processes. Relationships and representational contexts of educational practice are addressed: learner’s cognitive, emotional, linguistic and social development; different educational models approaches and practices; and social and cultural influences and conditions of education. WOK: Behavioral. Grading: Letter Grade

EDM-222 The Emerging Middle School Credits: 3 Students examine the history of the middle school movement and its evolving philosophy. Implications for teacher professionalism, school design, organization, and curricula are also studied. Teaching methodology in the middle school will be explored. Field experiences will be part of the course. Grading: Letter Grade

EDM-310 Reading Methods I Credits: 3 Presents research, methods, and materials in the design and implementation of reading instruction and assessment for students in grades 5 through 8. Research-based pedagogy appropriate to the middle level child will be utilized. This course does not contain a field component; however students who choose ERLA as one of their concentrations will apply what they have learned when completing the writing methods/practicum first semester junior year. Any education methods course requires knowledge and application of assessment principles, types and uses. All lesson plans developed as part of this course are required to include assessments of how teacher is to know that students understand/meet the goals of the lesson. In addition, all lesson plans are to identify specific PA Academic Standards/Anchors appropriate for the age level and content. Grading: Letter Grade

EDM-311 Writing Methods/Assessment Credits: 3 Investigates the theories and practices of writing as a modality of learning. Students will be writing and learning how to teach writing in the genres of narrative, informational/expository, persuasive, and poetry. Through the use of writing rubrics and the subsequent diagnostic evaluation of student writing, students will learn how to help students become quality writers in regard to the PA writing domains of focus, content, organization, style, and conventions. Although writing is the subject of study, it cannot be separated from the language arts context of reading, thinking, speaking and listening. Therefore, connections with all the language arts will be consistent. Grading: Letter Grade

EDM-312 Reading Methods II Credits: 3 Presents research, methods, and materials in the design and implementation of a developmental, literature-based reading program for students in the middle grades. In addition, research-based pedagogy appropriate to the middle level child will be utilized to assist students in becoming familiar with diagnostic reading assessment; prescriptive reading instruction and to foster a lifelong love of reading. Grading: Letter Grade

EDM-315 Math Methods/Assessment Credits: 3 Addresses the needs of Grade 4 through 8 Mathematics Educators in conjunction with the NCTM and Pennsylvania State Standards. Course topics include an...
examination of educational trends and the impact of technology upon mathematics instruction. This course will focus upon the mathematical content taught in fourth grade through eighth grade and will include an analysis of teaching strategies and methodologies. This course will cover assessment techniques, communication and math, relating math to the real world while using a variety of math skills and tools to solve problems. Students will discuss key mathematical concepts as well as evaluate textbooks, materials, and relevant documents. Utilizing an inquiry-based child-centered focus, students will be actively involved in utilizing a wide variety of manipulative materials and representations that they will be able to apply to their teaching of mathematics while developing an appreciation of the diversity of school populations in the state of Pennsylvania. In addition, the course identifies the need for assessment in a data-based, standards aligned system and requires students to complete lesson plans and a math unit inclusive of appropriate assessments. Grading: Letter Grade

EDML-316 Social Studies Methods/Assessment Credits: 3 Presents an analysis of content-specific pedagogy for middle school social studies teaching. The course focuses on curriculum, instruction, assessment, teacher resources, and technology as applied to social studies teaching in the middle school. Teacher candidates will become familiar with the characteristics of middle school learners. Teacher candidates will work with middle school social studies students and teachers through field experiences. Grading: Letter Grade

EDML-317 Science Methods/Assessment Credits: 3 An introduction to teaching science designed to present educators with the fundamentals of modern science instruction. Discussions and activities are developed to relate concepts and theory to learning experiences that emphasize the significance of involvement. This course provides an overview of the teaching techniques and materials used in contemporary elementary school science programs with focus on skills of inquiry and inductive and deductive reasoning through hands-on and minds-on investigations. Central are the integrated process skills of formulating hypotheses, naming and controlling variables, making operational definitions, experimenting, interpreting data, investigating, and the problem-solving process. This course includes the major strands of science including life science, physical science, earth and space science, and crosses curricula to integrate reading, language skills, social sciences, and the arts. Grading: Letter Grade

EDML-320 Assessing Student Learning Credits: 3 Provides teacher candidates with explicit instruction and practice in assessment of student learning in middle level grades. Students will use assessment data to guide instruction, monitor the results of interventions and alter instruction accordingly, use multiple assessments (authentic, screening, diagnostic, formative benchmark and summative) that are developmentally appropriate for middle level learners and implement technology. Grading: Letter Grade

EDML-321 Classroom Mgmt/Applied Instruction Credits: 3 Classroom management strategies will be examined including motivation, grouping, physical layout, climate and discipline. This course consists of a study of techniques, procedures and discipline models that teachers can use to manage the task of managing classrooms and disciplining students easier and more effective. The course will cover classroom and lesson management, i.e., establishing an environment that minimizes disruptions and maximizes learning, and student discipline. This course examines the opportunities to extend learning through homework, utilizing community resources, parental involvement and support personnel. Creating a multicultural classroom, understanding gender differences and celebrating diversity will be included. Grading: Letter Grade

EDML-420 Student Teaching Middle Level Credits: 6 Student teaching provides qualified students with a semester of practical teaching experience in a real-life classroom environment. It is expected students will integrate the knowledge gained in education courses. Students will spend each day of the fourteen weeks in the semester at a school site. Co-Requisite: EDML-421. Pre-Requisites: completion of coursework in Education; approval of the Department; an overall GPA of 2.8 and a GPA of 3.0 or higher in the major. Grading: Letter Grade

EDML-421 Student Teaching Seminar Middle Lvl Credits: 3 The Seminar experience affords students the opportunity to share teaching insights and concerns with peers and supervisors. Students should be able to synthesize theories learned with what is occurring in actual practice. Students should be able to make critical judgments about theory application into practice as well. Co-Requisite: EDPA-420. Pre-Requisites: completion of coursework in Education; approval of the Department; an overall GPA of 2.8 and a GPA of 3.0 or higher in the major. Grading: Letter Grade

EDML-498 Senior Seminar in Middle Level Edu Credits: 3 The seminar format, students explore areas of current interest and research not included in structured courses. The course is structured to include group discussions, independent study and research. Students present their research in an oral presentation and a written paper. The Senior Seminar is usually taken in either the Fall or Spring of the student’s Senior year. Students register for this course upon approval of the academic advisor. Pre-Requisite: A Writing Intensive course; or IDHP-200. Grading: Letter Grade

EDMNN-220 Montessori Philosophy/Edu Theory Credits: 3 Students explore the educational philosophy that influenced Maria Montessori. A second trend, emanating from science and the scientific method, forms a comparative study of her predecessors in the fields of child development, medicine, anthropology and pedagogy. Background relates the pedagogical principles of the Montessori method to today’s educational philosophies and methods. Cross-Listed: GRMON-520. (Formerly EMONU-225.) Grading: Letter Grade

EDMNN-221 Montessori Everyday Living/Art Credits: 3 A study of the child’s environment and culture dictates the exercises that aid inner discipline, self-esteem, a sense of order, and muscular control. Montessori pedagogical principles provide the rationale for demonstration of techniques appropriate for the very young child. Pre-Requisite: EDMNN-220 or permission from the Montessori Program Director. Cross-Listed: GRMON-521. (Formerly EMONU-226.) Grading: Letter Grade

EDMNN-222 Montessori Sensorial/Music Credits: 3 Provides the rationale and technique undergirding the refinement of sense perceptions as a means of acquiring classified, detailed and accurate knowledge from the environment. Students receive practical insight into the role of movement. Pre-Requisite: EDMNN-220. Cross-listed: GRMON-522. (Formerly EMONU-227.) Grading: Letter Grade

EDMNN-223 Montessori Mathematics Credits: 3 Enables the student to assess a child’s mathematical readiness, to introduce number with its properties of cardinality and ordinality, to develop the mathematical experience to include the basic operations with the didactic apparatus. This course provides preparation for the intern experience. Pre-Requisite: EDMNN-220. Cross-listed: GRMON-523. (Formerly EMONU-228.) Grading: Letter Grade

EDMNN-224 Montessori Language Credits: 3 Students learn how to design language programs within the prepared Montessori environment. Discussion includes the responsibility of the teacher in the different levels of development that lead to writing and reading, in the sequencing of materials, and in adaptations to specific language needs of children with special emphasis on the urban minority child. Pre-Requisite: EDMNN-220. Cross-Listed: GRMON-524. (Formerly EMONU-229.) Grading: Letter Grade

EDMNN-225 Montessori Natural/Social Sciences Credits: 3 Provides the student with material for the study of natural and social sciences used in the Montessori classroom appropriate to the age and development of the young child. Students explore the wonders of nature, and the interaction of human beings and nature. Suggestions are included for developing parent/teacher partnerships and mutual responsibilities. Pre-Requisite: EDMNN-220. Cross-listed: GRMON-525. (Formerly EMONU-230.) Grading: Letter Grade

EDMNN-430 Montessori Fall Internship Credits: 3 A year’s internship taken in the student’s senior year which brings together
EDMN-431 Montessori Fall Seminar Credits: 2 Regularly scheduled biweekly seminars to correlate methods and student teaching run concurrently with the Internship for both fall and spring semesters. Seminar consists of bi-weekly meetings that discuss and evaluate observation and participation experiences of seminar students working in Montessori classrooms. Problems and challenges facing student teachers and administrators are addressed. Co-Requisite: EDMN-430. Cross-Listed: GRMON-631. (Formerly EMONU-407.) Grading: Letter Grade

EDMN-432 Montessori Spring Internship Credits: 3 A year’s internship taken in the student’s senior year which brings together the theory, practice and curriculum of Montessori Education. Co-Requisite: EDMN-433. Cross-Listed: GRMON-632. (Formerly EMONU-408.) Grading: Letter Grade

EDMN-433 Montessori Spring Seminar Credits: 2 Regularly scheduled biweekly seminars to correlate methods and student teaching run concurrently with the Internship for both fall and spring semesters. Seminar consists of bi-weekly meetings that discuss and evaluate observation and participation experiences of seminar students working in Montessori classrooms. Co-Requisite: EDMN-432. Cross-Listed: GRMON-633. (Formerly EMONU-408.) Grading: Letter Grade

EDP4-201 Development/Early Years Credits: 3 Presents future teachers with the study of child development from conception to pre-adolescence. It is designed for the students to learn about all aspects of human development: physical, emotional, social, cultural and cognitive. The course aims to introduce a holistic view of human development as integrated into particular social and cultural context by presenting contemporary theories of child development, research methods in the study of development and in particular aspects of healthy human psychological development that are relevant in learning and education. Grading: Letter Grade

EDP4-202 Educational Psychology/Early Years Credits: 3 WOK: B Presents comprehensive multidisciplinary array of theories, facts and practical knowledge in early child development through a variety of materials and media designed to create an Early Childhood Education curriculum in line with the Pennsylvania Department of Education PreK-4 guidelines and NAECY standards. The course goals, components, and field assignments in planning locally and culturally sensitive curricula and environments will promote opportunities for healthy development in young children relative to their individual needs in the content areas of math, science, social studies and early literacy. This course contains a field component. Students enrolled in this course will spend 20 hours observing young children in early childhood settings. Grading: Letter Grade

EDP4-203 Early Edu Foundations/Observations Credits: 3 Presents an analysis of the content, methods, and materials in the design and implementation of PreK-curricula in line with the Pennsylvania Department of Education PreK-4 guidelines and NAECY standards. All program goals, program components, and field assignments in planning locally and culturally sensitive curricula and environments will promote opportunities for healthy development in young children relative to their individual needs. This course contains a field component. Students enrolled in this course will spend 20 hours observing young children in early childhood settings. Grading: Letter Grade

EDP4-204 Early Education Methods/Experience Credits: 3 Presents an analysis of the content, methods, and materials in the design and implementation of PreK-curricula in line with the Pennsylvania Department of Education PreK-4 guidelines and NAECY standards. All program goals, program components, and field assignments in planning locally and culturally sensitive curricula and environments will promote opportunities for healthy development in young children relative to their individual needs in the content areas of math, science, social studies and early literacy. This course contains a field component. Students enrolled in this course will spend 20 hours observing young children in early childhood settings.

EDP4-207 Early Literacy Credits: 3 Designed to establish the foundations of early literacy development of children in Pre-K, Kindergarten, and First Grade, with respect to reading, writing, speaking and listening and is based on the premise that language development is the basis of all literacy learning. This course outlines a Balanced Literacy Framework that scaffolds instruction through teacher read aloud, shared, guided and independent reading and writing with time set aside for word study. An Explicit Instructional Model is used as the basis of all instruction. Students will demonstrate and apply their understanding of content knowledge, child development and research-based practices as they develop and implement micro teaching lessons. They will further develop their teaching styles and build confidence through practice presenting these lessons. Grading: Letter Grade

EDP4-210 Teaching Reading With Trade Books Credits: 3 Designed to address the following essential questions: How is print different from spoken language? What is reading for? How do children make meaning from print? What must be balanced in balanced literacy instruction? How do we organize classrooms for literacy development? When, why and how do we assess children’s reading skills? In answering these questions students will acquire the knowledge base identified by the Pennsylvania State Standards for certification in Early Education. Specifically, students shall learn to assess students’ literacy instructional needs, and address those needs, using a variety of methods and texts. Grading: Letter Grade

EDP4-301 Health and Safety Methods Credits: 3 Presents an analysis of the content, methods, and materials in the design and implementation of health and safety standards in early education programs. A short list of topics to be covered in this course are as follows: Child care health advocacy, quality in early care and education, preventive health care, cultural competence and health, preventing and managing infectious diseases in early learning and school age children, communication, problem solving and professional development. Grading: Letter Grade

EDP4-311 Writing Methods Credits: 3 Presents an analysis of the content, methods, and materials in the design and implementation of PreK to K early literacy curricula in line with the Pennsylvania Department of Education PreK-4 guidelines and NAECY standards. All program goals, program components, and field assignments in planning locally and culturally sensitive curricula and environments will promote opportunities for healthy development in young children relative to their individual needs in the content areas of math, science, social studies and early literacy. This course will present research, methods, and materials in the design and implementation of writing instruction and assessment for students in grades PreK-4. Research-based pedagogy appropriate to children in Pre-K will be utilized. Grading: Letter Grade

EDP4-314 Creative Arts Methods Credits: 3 Designed to increase knowledge of the research that supports teaching using integrated strategies, particularly those that promote teaching through the arts. The course will increase pre-service teachers’ ability to plan and implement lessons that integrate content area and arts area standards. It will increase their understanding of critical and creative thinking as primary ways to achieve real-world problem solving across the disciplines. The course is supported with state and national standards, Pennsylvania Department of Education PreK-4 guidelines, NAECY and applicable ACEI program standards. Candidates will apply the national standards developed by the Consortium of National Arts Education Associations to articulate priorities for high quality, meaningful arts experiences in PreK-4 across a developmental continuum. Grading: Letter Grade

EDP4-315 Math Methods/Assessment Credits: 3 Addresses the needs of Kindergarten and Elementary School Mathematics Educators in conjunction with the NCTM and Pennsylvania State Standards. Course topics include an examination of educational trends and the impact of technology upon mathematics instruction. This course will focus upon the mathematical content taught in K through fourth grade and will include an analysis of teaching strategies and methodologies. This course will cover communication and math, relating math to the real world while using a variety of math
EDP4-316 Social Studies Methods/Assessment Credits: 3 Presents an analysis of the content, methods, and materials in the design and implementation of social studies methods for students in grades K-4. Research-based pedagogy appropriate to the young elementary-level child will be utilized. Students will experience a range of hands-on, inquiry-based lessons implementing the PA social studies standards, which will have direct application for teaching social studies in a K-4 classroom. Grading: Letter Grade

EDP4-317 Science Methods/Assessment Credits: 3 Addresses an analysis and application of methodology and instructional techniques in the content area of science. Developmental, constructive, and process skills approaches will be emphasized. Students will experience a hands-on, inquiry-based format with direct application for teaching science. (New course Spring 2011.) Grading: Letter Grade

EDP4-318 Family and Community Partners Credits: 3 Presents an analysis and practice of the need for a comprehensive approach to increasing engagement of parents and the community in the education and development of young children. The course will be in line with the Pennsylvania Department of Education PreK-4 guidelines and NAEYC standards. All program goals, program components, and field assignments in planning locally and culturally sensitive curricula and environments will promote opportunities for healthy development in young children relative to their individual needs. (New course Spring 2011.) Grading: Letter Grade

EDP4-320 PreK-4 Assessment Credits: 3 Designed to prepare teacher candidates with the knowledge and skills, practice, and the application of assessments to design effective planning and teaching for student learning and differentiated instruction, essential PreK-4 teaching skills. Teacher candidates will learn how to develop, administer, and interpret assessments and data with informal and formal measurements. They will learn how to use systematic observation and documentation to monitor student learning and to practice communicating the integrated assessment results in a mock parent/teacher conference. The teacher candidate will distinguish among the types of assessments and its purpose, develop evaluation reporting skills, and demonstrate the use of ethical practices. (New course Spring 2011.) Grading: Letter Grade

EDP4-321 Classroom Mgmt/Applied Instruction Credits: 3 Seminar portion of the first Stage II Pre-Student Teaching for PreK-4 candidates. During the seminar, students will apply the theories and practices learned in earlier subject matter and assessment courses in a 75 hour K-1 or 2-4 classroom setting. (New course Spring 2011.) Grading: Letter Grade

EDP4-420 Student Teaching PreK-4 Credits: 6 Student teaching provides qualified students with a semester of practical teaching experience in a real-life classroom environment. It is expected students will integrate the knowledge gained in education courses. Students will spend each day of the fourteen weeks in the semester at a school site. Co-Require: EDP4-421. Pre-Requisites: completion of coursework in Education; approval of the Department; an overall GPA of 2.8 and a GPA of 3.0 or higher in the major. (New course Spring 2011.) Grading: Letter Grade

EDP4-421 Student Teaching Seminar PreK-4 Credits: 3 The Seminar experience affords students the opportunity to share teaching insights, concerns and research with peers and supervisors. Students should be able to synthesize theories learned with what is occurring in actual practice. Students should be able to make critical judgments about theory application into practice as well. Co-Require: EDP4-420. Pre-Requisites: completion of coursework in Education; approval of the Department; an overall GPA of 2.8 and a GPA of 3.0 or higher in the major. (New course Spring 2011.) Grading: Letter Grade

EDP4-490 Independent Study in Education Credits: 3 Research project jointly designed by student and faculty advisor; topic area to be determined. Repeatable for credit. Pre-Require: Permission of the Instructor required. Grading: Letter Grade

EDP4-498 Senior Seminar in Early Education Credits: 3 In seminar format, students explore areas of current interest and research not included in structured courses. The course is structured to include group discussions, independent study and research. Students present their research in an oral presentation and a written paper. The Senior Seminar is usually taken in either the Fall or Spring of the student’s Senior year. Students register for this course upon approval of the academic advisor. Pre-Require: A Writing Intensive course; or IDHP-200. Grading: Letter Grade

EDSC-315 General Methods in Secondary Ed Credits: 3 Provides preparation of students in all major departments for general knowledge applicable to secondary school curricula. Pedagogical issues addressed in the course include lesson plan creation, unit preparation, grading, tracking, inclusion and physical and mental health issues. (Formerly ESECU-315.) Grading: Letter Grade

EDSC-316 Reading in the Content Areas Credits: 1 Focuses on metacognitive processes in reading for all disciplines in the junior and senior high school curriculum. Strategies for teaching vocabulary acquisition, comprehension, reasoning and problem solving, and study techniques are presented. (Formerly ESECU-316.) Grading: Letter Grade

EDSC-317 Special Methods-English/Soc Studies Credits: 3 Fieldwork includes observation and participation in secondary classrooms in both public and private settings. Students participate in a middle school, junior high school, or senior high school setting for at least one half-day per week. Field experience is combined with on-campus coursework focused on classroom and instructional management. (Formerly ESECU-317.) Grading: Letter Grade

EDSC-420 Student Teaching in Secondary Sch Credits: 6 Culminating field experience, consisting of observation, participation and actual teaching. Assigned to an elementary school, either public or private, student teacher is supervised and rated by a cooperating teacher within the school as well as by the college supervisor. Pre-Requisites: completion of education coursework; overall GPA and a major GPA of 3.0 plus have passed the Praxis I test. Co-Require: EDSC-421. (Formerly ESECU-420.) Grading: Letter Grade

EDSC-421 Student Teaching Seminar/Sec Sch Credits: 3 This seminar, in support of the field experience, includes weekly conferences to correlate general skills and principles of teaching and learning with the student teaching experience. This course addresses the identification and analysis of problems facing student teachers. The students will compile their final portfolio according to the exit competencies. Pre-Requisites: completion of education coursework; overall GPA and a major GPA of 3.0 plus have passed the Praxis I test. Co-Require: EDSC-420. (Formerly ESECU-421.) Grading: Letter Grade

EDSP-390 ESL Foundations and Methods Credits: 3 The primary goal of this course is to prepare students to teach English Language Learners (ELLs) in a mainstream classroom setting. The course will examine the English language learner through children’s literature and authentic student voices. Participants will also be provided a wealth of research-based teaching strategies that will promote oral language, reading, and writing development in English for this student group. In addition, there will be an emphasis on content area instruction and ways to differentiate lessons to make the content comprehensible to ensure student success. Course materials have been carefully developed to take theory into action through a series of hands-on and meaningful activities presented by the instructor. Ownership of the content will then be demonstrated by students through authentic products. (New course Spring 2011.) Grading: Letter Grade

EDUC-202 Educational Psychology Credits: 3 WOK: B Involves the application of Psychological principles concerned with the processes of growth and development, thinking, learning and motivation to the problems of education. Prerequisites: Principles of Social Psychology and mental hygiene are applied to educational problems in the home, school and

EDUC-210 Teaching Reading with Trade Books Credits: 3 Presents the theoretical base for how children acquire literacy and develops skills in reading, writing, speaking, and listening, as processes for constructing meaning. A primary focus of the course is to present instructional planning and teaching strategies best designed to accomplish this goal. A second emphasis is an exploration and appreciation of the varied methods of children’s literacy development. These two strands of the course are interwoven as students apply their growing knowledge of methodology to the use of literature in the development of instructional units. (Formerly EDUCU-210.) Grading: Letter Grade

EDUC-211 Writing Rubrics Credits: 3 Students develop instructional strategies in process writing and writing-to-learn, as integral parts of the language arts curriculum in the elementary classroom. The use of literacy portfolios as tools for documenting literacy development is explored from the perspective of current research. (Formerly EDUCU-211.) Grading: Letter Grade

EDUC-222 Foundations of Education Credits: 3 Students explore the historical, philosophical, and social foundations of education and their relationship to the present day. Additionally, the course provides a framework and tools to analyze, synthesize, and evaluate current issues, practices and procedures related to teachers and the factors that influence their teaching. (Formerly EDUCU-222.) Grading: Letter Grade

EDUC-307 Fieldwork in Education: Pre-K Credits: 3 Fieldwork experience where students will observe and participate in educational activities in a K-3 classroom. Students participate in school settings for at least two half-days per week. Co-Requisite: EDUC-316. (Formerly EDUCU-307.) Grading: Letter Grade

EDUC-308 Fieldwork in Education: Grade K - 3 Credits: 3 Fieldwork experience where students will observe and participate in educational activities in a K-3 classroom. Students participate in school settings for at least two half-days per week. Co-Requisite: EDUC-316. (Formerly EDUCU-308.) Grading: Letter Grade

EDUC-309 Fieldwork in Education: Grades 4 - 6 Credits: 3 Fieldwork experience where students will observe and participate in educational activities in a grade four through six classrooms. Students will explore multicultural implications of the setting and will design a plan to accommodate various learning styles. Participation in school settings for at least two half-days a week is required. Co-Requisite: EDUC-317. (Formerly EDUCU-309.) Grading: Letter Grade

EDUC-316 Elementary Methodology I Credits: 3 Examines all aspects of planning for instruction including materials, curricular organization, and textbook utilization. A thematic approach to unit planning will be emphasized which emphasizes the integration of all subjects with emphasis on Art and Music strategies. Classroom management strategies will be discussed including motivation, grouping, physical layout, climate and discipline. This course examines the opportunities to extend learning through homework, utilizing community resources, parental involvement and the library. Emphasizes effective student assessment through the use of standardized test interpretation, formative and summative evaluations, portfolios and anecdotal records. Creating a multicultural classroom, understanding gender differences and celebrating diversity will be included. Effective utilization of school support staff will be explored. Multiple Intelligence Theory will be correlated to lesson planning and activities. Co-Requisite: EDUC-307 or EDUC-308. (Formerly EDUCU-316.) Grading: Letter Grade

EDUC-317 Elementary Methodology II Credits: 3 Emphasis on two strands: the first will emphasize social studies education; the second will emphasize science education in the elementary classroom. Students will incorporate a thematic approach when planning a unit or lesson as well as integrating Art and Music teaching strategies throughout. It is expected that students will utilize the objectives presented in EDUC-316 in all activities and assessments in this course. Co-Requisite: EDUC-309. Pre-Requisite: EDUC-316. (Formerly EDUCU-317.) Grading: Letter Grade

EDUC-326 Strategies for Teaching Mathematics Credits: 3 Students explore the structure of mathematics, sets and numbers, systems of numeration, problem-solving and skill development. The content of elementary school mathematics and the development of strategies for effective teaching of mathematics concepts in K-6 classrooms are emphasized. Students will examine the NCTM Curriculum and Evaluation Standards and Professional Teaching Standards to evaluate curriculum requirements, manipulatives, activities and computer software designed for the elementary school classroom. (Formerly EDUCU-326.) Grading: Letter Grade

EDUC-339 Curriculum in Early Childhood Edu I Credits: 3 This two-part, year-long course focuses on the content, methods, and materials involved in programming for young children. Instructional strategies, teacher behaviors, and curriculum trends and their effects on children are presented, as well as programming for infants and toddlers with major emphasis on ages 3-8 years. All pedagogical methodology is related to children’s social, emotional, intellectual and physical development. (Formerly EDUCU-149 and EDUCU-339.) Grading: Letter Grade

EDUC-340 Curriculum in Early Childhood Ed II Credits: 3 This two-part, year-long course focuses on the content, methods, and materials involved in programming for young children. Instructional strategies, teacher behaviors, and curriculum trends and their effects on children are presented, as well as programming for infants and toddlers with major emphasis on ages 3-8 years. All pedagogical methodology is related to children’s social, emotional, intellectual and physical development. (Formerly EDUCU-150 and EDUCU-240.) Grading: Letter Grade

EDUC-341 Admin/Supv of Early Childhood Progr Credits: 3 The administration of the programs in early childhood education is the focus of this course which deals with: methods of parent orientation and participation, staff recruitment, relevant legal issues for administrators of early childhood programs, techniques of supervision, observation of staff and evaluation of children's programs. Student will examine, analyze and develop general operating and personnel procedures. (Formerly EDUCU-341.) Grading: Letter Grade

EDUC-346 Technology In Education Credits: 3 Introduces students to applications, games, simulations and resource software to enrich and enhance the curriculum including the arts. Students develop their own criteria and strategies for the selection and uses of technology across the curriculum and across grade levels. (Formerly EDUCU-346.) Grading: Letter Grade

EDUC-350 Introduction to Special Education Credits: 3 Designed to provide a complete overview of Special Education and the children who receive special education services. IDHP-340 One World: Reweaving Wholeness I Credits: 3 This course is guided by a vision of original and ultimate oneness/wholeness, challenged by our personal and communal experience of its historical demise, and
committed to our human task of helping to reweave it. The primary texts will invite us into the world of literature and our own lives, allowing each to infom, critique and interpret the other. Course content and methodology will engage students in the history of ideas, which will unfold through the literature of the Romanic, Baroque, Modern and Post-Modern periods, where we will discover more about the beliefs and perceptions that shaped human understanding of the (natural/supernatural) world and our relationship to it. The trajectory of studies will lead to the contemporary situation and its evolutionary worldview. From such a vantage point, we will conclude the course in poetic appreciation of mystery and uncertainty, affect and intellect, the spiritual and the material—all vital threads in weaving the tapestry of human and planetary wholeness. (New course Fall 2011.) Grading: Letter Grade

Focuses on the five National Standards for language learning and incorporates the ACTFL proficiency guidelines. Includes audio-visual materials and Internet resources. (Formerly ITALU-103.) Grading: Letter Grade

ITAL-104 Intermediate Italian II Credits: 3 This course completes the basic structures of the Italian language. It prepares the student to enter more advanced courses, and aims for proficiency at the intermediate mid level. It incorporates the National Standards for language learning, the ACTFL proficiency guidelines, and includes audio-visual materials and internet resources. (Formerly ITALU-104.) Grading: Letter Grade

LATN-101 Elementary Latin I Credits: 3 Students master Latin vocabulary and the fundamentals of grammar and syntax. They become aware of the impact of Roman heritage in literature, art, architecture, and law. (Formerly LATU-101.) Grading: Letter Grade

LATN-102 Elementary Latin II Credits: 3 Students continue to expand mastery of Latin vocabulary and grammar and the comprehension of the language by listening, speaking, reading, and writing. Excerpts from the works of Roman authors acquaint students with the life and customs of the Roman people. (Formerly LATU-102.) Grading: Letter Grade

LATN-103 Intermediate Latin I Credits: 3 After a brief review of the basics, students pursue advanced Latin grammar, syntax, and etymology. Students expand their knowledge of Roman literature, history, and culture through the writings of Roman authors. Completion of Latin 103 fulfills the foreign language requirement. (Formerly LATU-103.) Grading: Letter Grade

LATN-104 Intermediate Latin II Credits: 3 Students become familiar with a wide variety of Latin literature via original works and adaptations of the writings of famous Roman authors. Topics regarding Roman civilization and culture and their influence on Western civilization are discussed. (Formerly LATU-104.) Grading: Letter Grade

LATN-240 The Gift of Virgil Credits: 3 WOK: Literary. (Formerly LATU-240.) Grading: Letter Grade

LATN-241 Early Christian and Medieval Latin Credits: 3 WOK: Literary. (Formerly LATU-241.) Grading: Letter Grade

LATN-261 Survey of Latin Poetry Credits: 3 WOK: Literary. (Formerly LATU-261.) Grading: Letter Grade

LATN-262 Survey of Latin Prose Credits: 3 WOK: Literary. (Formerly LATU-262.) Grading: Letter Grade

LATN-281 Special Topics in Latin Credits: 3 Repeatable for credit. Topic varies by semester. (New course Fall 2011.) Grading: Letter Grade

LATN-321 Stylistics and Prose Literature Credits: 3 WOK: Literary. (Formerly LATU-321.) Grading: Letter Grade

LATN-481 Advanced Special Topics in Latin Credits: 3 An intensive study of a specific period or topic in Latin literature arranged with a view to student interest. Repeatable for credit. (Formerly LATU-481.) Grading: Letter Grade

LSTR-100 Creating Success/College and Life Credits: 3 Designed to help students create greater success in college and in life. The student will learn many proven strategies for creating greater academic, professional, and personal success. We will use experiential classroom activities, guided journal writings, and discussion to help you gain insight into topics that promote student success. These topics include: personal responsibility, self-motivation, time (self) management, interdependence, self-awareness and emotional intelligence. Any student may take this class, but it is required of students who enter CCH at academic risk as determined by SAT scores, placement scores, and/or GPA.
MATH-100 Develop Math: Basic Skill/Principle Credits: 3  A fundamental course in basic mathematical skills, designed for students who are, for any reason, inadequately prepared for college level mathematics. MATH-100 includes a study of the real number system and basic concepts of algebra. MATH-100 may be required as a result of the Mathematics Proficiency Exam. Credits not applicable towards graduation. (Formerly MATHU-100.) Grading: Non-Academic Letter Grade

MATH-115 Understanding/Quantitative World Credits: 3  WOK: P  An approach to quantitative literacy in the 21st century. Intended to help students become comfortable using and interpreting mathematics outside the classroom. Topics drawn from function theory and statistics, both from the perspective of mathematical modeling. Students who earn a grade of C or better fulfill the Mathematics Proficiency requirement for graduation. Not intended for students whose major requires additional mathematics, since it does not fulfill the Pre-Requisite for MATH-201, 203, 211, or 231. WOK: Problem Solving. Pre-Requisite: Math Proficiency Level 1 or 2. (Formerly MATHU-115.) Grading: Letter Grade

MATH-121 Precalculus I Credits: 3  WOK: P  First course in a two-course review and development of topics needed for the further study of mathematics, including calculus and mathematics for management. Includes: algebraic operations, equations and inequalities, functions, analytic geometry and graphing. MATH-121 is not open to students who have successfully completed a mathematics course beyond the 100 level or whose mathematics proficiency level is 1. Students who earn a grade of C or better in MATH-121 fulfill the mathematics proficiency requirement for graduation. Students who successfully complete MATH-121 and who are planning a major in business or science are strongly advised to take MATH-122 before enrolling in mathematics courses required for their major. WOK: Problem Solving. Pre-Requisite: MATH-100 or Math Proficiency Level 3. (Formerly MATHU-121.) Grading: Letter Grade

MATH-122 Precalculus II Credits: 3  WOK: P  Second course in a two-course review and development of topics needed for the further study of mathematics, including calculus and mathematics for management. Includes: functions and inverse functions, exponential, logarithmic and trigonometric functions, analytic geometry and graphing. MATH-122 is not open to students whose mathematics proficiency level is 1. Students who earn a grade of C or better in MATH-122 fulfill the mathematics proficiency requirement (at level 2) for graduation. Students who successfully complete MATH-122 and who are planning a major in business or science are strongly advised to take MATH-122 before enrolling in mathematics courses required for their major. WOK: Problem Solving. Pre-Requisite: MATH-121 or permission of the Chairperson. (Formerly MATHU-122.) Grading: Letter Grade

MATH-123 Precalculus: A Condensed Approach Credits: 4  WOK: P  Covers topics from precalculus that are important for success in finite math and applied calculus (MATH-201 and 202). These include equations and inequalities, polynomial, exponential and logarithmic functions, analytic geometry and graphing. Fulfills the prerequisite for MATH-201-202; not recommended for students who will study calculus (MATH-203 or 211). Passing MATH-123 with a grade of C or better will fulfill the Mathematics Proficiency requirement (at level 2) for graduation. WOK: Problem Solving. Pre-Requisite: Math Proficiency Level 3. Grading: Letter Grade

MATH-201 Math for Management/Social Sci I Credits: 3  WOK: P  A study of functions and modeling, including polynomial, rational, exponential and logarithmic functions; mathematics of finance; linear systems and matrices, linear programming. Emphasis on applications to business, management, and the life sciences. WOK: Problem Solving. Pre-Requisite: MATH-122, or Math Proficiency Level 1 or 2. (Formerly MATHU-201.) Grading: Letter Grade

MATH-202 Math for Management/Social Sci II Credits: 3  WOK: P  Differential and integral calculus with applications to business, management, and the life sciences. WOK: Problem Solving. Pre-Requisite: MATH-201; or Math Proficiency Level 1 or 2 and permission of the Chairperson. (Formerly MATHU-202.) Grading: Letter Grade

MATH-203 Analytic Geometry and Calculus I Credits: 3  WOK: P  Elements of analytic geometry, functions, limits, differentiation, applications of the derivative. WOK: Problem Solving. Pre-Requisite: MATH-122, or Math Proficiency Level 1 or 2. (Formerly MATHU-203.) Grading: Letter Grade

MATH-204 Analytic Geometry and Calculus II Credits: 3  WOK: P  Integration, applications of the integral, integration of exponential, logarithmic, trigonometric and inverse trigonometric functions, methods of integration. Usually offered in the Spring semester. WOK: Problem Solving. Pre-Requisite: MATH-211 or MATH-203. (Formerly MATHU-204.) Grading: Letter Grade

MATH-211 Calculus and Modern Analysis I Credits: 3  WOK: P  Functions, differentiation, applications of the derivative, Fundamental Theorem of the Calculus, integration. Uses technology to reinforce the basic concepts of calculus. Usually offered in the Fall semester. WOK: Problem Solving. Pre-Requisite: Math Proficiency of level 3, or permission of the Chairperson. (Formerly MATHU-211.) Grading: Letter Grade

MATH-212 Calculus and Modern Analysis II Credits: 3  WOK: P  Applications of the integral, integration of transcendental functions, methods of integration, improper integrals, indeterminate forms, Taylor's Formula. Uses technology to reinforce the basic concepts of calculus. Usually offered in the Spring semester. WOK: Problem Solving. Pre-Requisite: MATH-211 or permission of the Chairperson. (Formerly MATHU-212.) Grading: Letter Grade

MATH-215 Mathematics for Liberal Arts Credits: 3  WOK: P  An enrichment course designed to emphasize the interrelationships between mathematics and other fields of human endeavor. Topics selected from a broad spectrum are covered in sufficient depth to convey to the non-specialist an appreciation of the power of mathematics and its contribution to the history of civilization. WOK: Problem Solving. Pre-Requisite: Permission of the Instructor. (Formerly MATHU-215.) Grading: Letter Grade

MATH-227 Intro to Probability and Statistics Credits: 3  WOK: P  Provides an overview of descriptive and inferential statistics with applications to business and other areas of study. Topics include summarizing data, elements of probability, discrete and continuous distributions, sampling, linear regression, confidence intervals, hypothesis testing, analysis of variance. MATH-227 serves as the required statistics course for business majors, and may also be taken by other students who need or are interested in an introductory statistics course. WOK: Problem Solving. Pre-Requisite: Math Proficiency Level 1 or 2. Grading: Letter Grade

MATH-231 Basic Math Theory/Applications I Credits: 3  WOK: P  A development of basic mathematical concepts and skills needed by students in education and related fields. Emphasis on mathematical reasoning, problem solving, and connecting mathematics, its ideas, and its applications. Topics include sets, number system; sets and logic; patterns, relations and functions; elementary number theory. Emphasis on communicating mathematics effectively. WOK: Problem Solving. Pre-Requisite: Math Proficiency Level 1 or 2. (Formerly MATHU-231.) Grading: Letter Grade

MATH-232 Basic Math Theory/Applications II Credits: 3  WOK: P  A second course in the development of basic mathematical concepts and skills needed by students in education and related fields. Emphasis on mathematical reasoning, problem solving, and connecting mathematics, its ideas, and its applications. Topics include: field properties of the real numbers; patterns, relations and functions;
MATH-233 Basic Math Theory/Applications III Credits: 3 Third course in the development of basic mathematical concepts and skills needed by students in education and related fields. Emphasis on mathematical reasoning, problem solving, and connecting mathematics, its ideas, and its applications. Topics taken from geometry, algebra, trigonometry, and discrete mathematics. Includes use of technology where appropriate. Pre-Requisite: grade of C or better in MATH-232, or permission of the Chairperson. (New course Fall 2011.) Grading: Letter Grade

MATH-251 Calculus and Linear Algebra Credits: 3 WOK: P Systems of linear equations, matrices and determinants, vectors in 2-space and 3-space, vector spaces, linear transformations, eigenvalues and eigenvectors. WOK: Problem Solving. Pre-Requisite: MATH-204, or MATH-212, or permission of the Chairperson. (Formerly MATHU-251.) Grading: Letter Grade

MATH-252 Calculus and Modern Analysis III Credits: 3 WOK: P Infinite series, plane curves, parametric equations, vectors and the geometry of space, differential calculus of functions of several variables and applications, multiple integration with applications. WOK: Problem Solving. Pre-Requisite: MATH-204 or MATH-212. (Formerly MATHU-252.) Grading: Letter Grade

MATH-261 Discrete Methods in Mathematics Credits: 3 WOK: P Introduction to basic techniques and modes of reasoning of combinatorial problem solving. Topics chosen from logic, graph theory and combinatorics: graphs as models, trees, graph coloring, Eulerian and Hamiltonian circuits, elementary counting principles, permutations and combinations, inclusion/exclusion principle, recurrence relations. Required for Secondary Certification. WOK: Problem Solving. Pre-Requisite: MATH-212, 204, or 202 or permission of the Chairperson. (Formerly MATHU-261.) Grading: Letter Grade

MATH-262 Probability and Statistics Credits: 3 WOK: P Organizing and describing data, general probability theory, standard distributions, significance tests, confidence intervals, correlation and regression. WOK: Problem Solving. Pre-Requisite: MATH-203 or MATH-211, or permission of the Chairperson. (Formerly MATHU-262.) Grading: Letter Grade

MATH-281 Special Topics in Mathematics Credits: 3 An in-depth investigation of a particular area of mathematics. Requires permission of the Chairperson since the topic and its Pre-Requisites may vary. Repeatable for credit. (New course Fall 2010.) Grading: Letter Grade

MATH-305 Abstract Algebra I Credits: 3 Introduction to an axiomatic treatment of mathematics, including proofs, and to algebraic structures. Topics include sets and mappings; binary operations; congruence classes and equivalence relations. Group Theory topics include permutation groups; normal subgroups; quotient groups; homomorphisms. Ring Theory is introduced. Pre-Requisite: MATH-251, or permission of the Chairperson. (Formerly MATHU-305.) Grading: Letter Grade

MATH-306 Abstract Algebra II Credits: 3 A continuation of the study of algebraic structures. Ring Theory topics include: ideals, homomorphisms, integral domains, polynomial rings; fields, vector spaces, linear transformations, and selected applications. Pre-Requisite: MATH-305. (Formerly MATHU-306.) Grading: Letter Grade

MATH-307 Differential Equations Credits: 3 Theory and methods of solving first order, first degree differential equations, linear differential equations, equations of higher degree; selection from Laplace transformations, systems of equations, series solutions. Applications of differential equations. Pre-Requisite: MATH-204 or MATH-212. (Formerly MATHU-307.) Grading: Letter Grade

MATH-317 Special Methods in Mathematics Credits: 3 Covers topics considered essential for successful teaching of mathematics at the secondary level, including careful analysis of the standards and goals established by the National Council of Teachers of Mathematics. Students observe classes and meet for discussion on content, methods, lesson planning, test construction, and other items related to secondary teaching. Pre-Requisite: Permission of the Instructor. (Formerly MATHU-317.) Grading: Letter Grade

MATH-321 Advanced Calculus Credits: 3 Sets and functions, topological terminology, sequences, continuity and its implications, differentiation, integration, series and uniform convergence, selected topics. Pre-Requisite: MATH-252, or permission of the Chairperson. (Formerly MATHU-321.) Grading: Letter Grade

MATH-331 Mathematical Modeling Credits: 3 Major techniques in developing basic models. Creative and empirical model construction, model analysis, and model research. These are studied by examples as well as by experiential projects incorporating the modeling process. Pre-Requisites: MATH-202, MATH-204 or MATH-212. (Formerly MATHU-331.) Grading: Letter Grade

MATH-341 Introduction to Operations Research Credits: 3 Basics of operations research: applied linear programming, the simplex method, the dual problem and postoptimality analysis, the transportation and assignment problems. Pre-Requisite: MATH-251. (Formerly MATHU-341.) Grading: Letter Grade

MATH-342 Fundamentals of Geometry Credits: 3 The study of axiomatic systems, Euclidean, non-Euclidean and transformation geometries. Required for Secondary Certification. Pre-Requisite: MATH-251, or permission of the Chairperson. (Formerly MATHU-342.) Grading: Letter Grade

MATH-481 Adv Special Topics in Mathematics Credits: 3 An in-depth investigation of a particular area of mathematics. Requires permission of the Chairperson, since the topic and its prerequisites may vary. Repeatable for credit. (Formerly MATHU-481.) Grading: Letter Grade

MATH-490 Independent Study in Mathematics Credits: 3 Repeatable for credit. Pre-Requisite: Permission of the Instructor required. Grading: Letter Grade

MATH-497 Modern Mathematical Theory Credits: 3 A seminar designed to help students gain a broad context for understanding mathematics through the study of its history and selected topics, e.g., cryptography, coding theory, fractals, and famous problems. Focus on writing includes the solution of problems and proofs as well as descriptive writing. WOK: Writing Intensive. Pre-Requisite: ILAR-101 or IDPH-200. (Formerly MATHU-497.) Grading: Letter Grade/Writing Intensive

MATH-498 Senior Seminar in Mathematics Credits: 3 The capstone course for the major, a seminar in selected topics such as cardinal numbers and ordering of infinite sets, axiomatic systems, symbolic logic, number theory, others according to interests of students. Mathematics majors complete and present a research project in mathematics. Mathematical and computer science majors complete and present a research project that incorporates mathematics and computer science. The Senior Seminar is usually taken in either the Fall or Spring of the student’s Senior year. Students register for this course upon approval of the academic advisor. Pre-Requisite: MATH-497. (Formerly MATHU-498.) Grading: Letter Grade

MGMT-105 Principles of Management Credits: 3 Focuses on the modern views of management theory and skills necessary to be an effective manager and competent leader in a changing environment. Areas covered, include strategic and operational planning, decision-making, organizing, successful delegation, controlling, human resources, communication, leadership and motivation. Additional areas covered include corporate social responsibility, ethics, managing diversity, building work teams, and the possibilities opened up for managers by new technology. Pre-Requisite: BUSN-104. (Formerly BMGTU-105.) Grading: Letter Grade

MGMT-204 Organization/Management of HR Credits: 3 Provides an in-depth examination of the functions performed by the human resources department in an organization. It will also examine organizational behavior as it relates to the management of people at work. Topics include: human resources planning, recruitment and selection, training and development, compensation and benefits, equal employment opportunity, and the fair and ethical treatment of employees. It will also examine the various theories relating to motivation, leadership and culture. WOK:
Writing Intensive as of Spring 2011. Pre-Requisite: ILAR-101 or IDHP-200; plus Pre-Requisite for all non-Accounting Majors: BUSN-101 or BUSN-104. (Formerly BMGTU-204.) Grading: Letter Grade/Writing Intensive

MGMT-205 Project Management Credits: 3 Provides an introduction to the systems approach to the management of complex tasks or projects whose objectives are explicitly stated in terms of time, cost and performance parameters. The key elements addressed include: scope, schedule, budget, cost, quality, human resources, communications, risk, and quality management. The course will review how these elements fit into a project management plan, as well as how they are executed and controlled. Pre-Requisites: BUSN-104; and MATH-122, or Level 1 Math Proficiency. (Formerly BMGTU-205.) Grading: Letter Grade

MGMT-206 Purchasing/Supply Chain Management Credits: 3 Explores the traditional purchasing function as it has evolved from a narrowly defined activity into a professional supply management function driven by technology and people. The student will be expected to apply theory to solving problems relating to the basic concepts of purchasing, materials and supply management, cost analysis and negotiation strategies, capital acquisition process, and professional services procurement. Other areas to be covered include: legal aspects of purchasing, materials management, inventory management, Just-in-Time Purchasing, E-purchasing, supplier selection and evaluation, global sourcing, supply chain power, Total Quality Management (TQM), price determination, equipment acquisition and disposal, and procuring professional services. Pre-Requisites: BUSN-101 or BUSN-104; ECON-102; and ACCT-104. (Formerly BMGTU-206.) Grading: Letter Grade

MGMT-281 Special Topics in Management Credits: 3 Repeatable for credit. Topics vary by semester. (New course Fall 2011.) Grading: Letter Grade

MGMT-300 Operations Management Credits: 3 Through lectures and case studies the student will learn how the following key elements fit into operation management plans: work-force management and productivity, project management, forecasting, product design, quality assurance, process strategy, capacity determination, plant location/layout strategies, inventory control, quantitative models used in solving management problems will also be examined. Pre-Requisite: MATH-201 and ECON-102. MATH-227 is recommended but not required. (Formerly BMGTU-300.) Grading: Letter Grade

MGMT-302 Entrepreneurship Credits: 3 Designed to introduce the student to the entrepreneurial process. Changes in technology and consumer behavior have generated numerous small business opportunities. Services cannot be mass-produced, and entrepreneurs have established business to serve the consumer on an individual basis. The course combines traditional classroom activities with hands-on activities in order to provide the student with a foundation that is both conceptual and practical. This foundation can facilitate the practice of entrepreneurship in new ventures. Open to Juniors or Seniors only. Pre-Requisites: ACCT-104 and MATH-201. MATH-227 is recommended but not required. (Formerly BMGTU-302.) Grading: Letter Grade

MGMT-303 Strategic Management Credits: 3 Designed to give the student a basic understanding of the planning, organization and management of an enterprise. This will be achieved through the course of case studies and insights into operational functions and decisions of management. The course includes a study of the characteristics of strategic decision-making, as applied to the basic organizational functions of operations, marketing and finance. Open to Juniors and Seniors only. Pre-Requisites: ACCT-104 and MATH-201. MATH-227 is recommended, but not required. (Formerly BMGTU-303.) Grading: Letter Grade

MGMT-304 Culture in Intern'l Decision-Making Credits: 3 Management theory and practice are used to develop the skills necessary to design and implement global strategies, to conduct effective cross-national interactions and to manage daily global operations. The student is placed in the role of a manager of any nationality, and is expected to take a global perspective in dealing with dynamic management issues in both foreign and diverse host environments. Cross-cultural management and competitive strategy are evaluated in the context of global changes. The course will emphasize how the variable of culture interacts with other national and international factors to affect managerial processes and behaviors. Case studies and term project report will be assigned. Pre-Requisite: BUSN-101. (Formerly BMGTU-304.) Grading: Letter Grade

MKTG-203 Marketing Principles Credits: 3 WOK: B Examines environmental variables marketing managers should consider before designing strategy with emphasis on buyer characteristics and competitive activity. Marketing strategies and actions are considered for product, distribution, pricing, and promotion. WOK: Behavioral. (Formerly BMKTU-203.) Grading: Letter Grade

MKTG-205 Consumer Behavior Credits: 3 WOK: B Explores psychological and sociological variables marketing managers should examine in order to understand the needs of potential buyers including motivation for purchase, attitudes and values, cultural background, and social class. Analyzes the adjustment of marketing strategy to satisfy needs of different market segments. WOK: Behavioral. Pre-Requisite: MKTG-203. (Formerly BMKTU-205.) Grading: Letter Grade

MKTG-206 International Marketing Credits: 3 WOK: B Studies foreign economic, political and social environments to understand potential modifications to domestic product, price, promotion and distribution strategy in foreign markets. Selected cases emphasize international marketing successes and failures. WOK: Behavioral. Pre-Requisite: MKTG-203. (Formerly BMKTU-206.) Grading: Letter Grade

MKTG-253 Retailing Credits: 3 Critical analysis of retailing strategy and management with extensive examination of selected and current problems unique to the retailing sector of the economy. Pre-Requisite: MKTG-203. (Formerly BMKTU-253.) Grading: Letter Grade

MKTG-254 Advertising Credits: 3 WOK: B Study of principles and techniques used in communication between an organization and any individual or audience. Examines media and press releases, promotions and trade shows, community and customer relations. Students plan and present a public relations campaign. WOK: Behavioral. Cross-Listed: COMM-255. Pre-Requisite: MKTG-203. (Formerly BMKTU-255.) Grading: Letter Grade

MKTG-255 Public Relations Credits: 3 WOK: B An analysis of the components of an effective sales presentation and strategy decisions faced by sales managers including recruiting, training, motivating, supervising, and evaluating sales personnel. (Formerly BMKTU-256.) Grading: Letter Grade

MKTG-310 Marketing Research Credits: 3 Applies the scientific method, (i.e., problem definition, hypothesis formation, data collection and analysis), to marketing decision making. Students conduct a marketing research study and present their findings. Pre-Requisites: MKTG-203 and MATH-227. (Formerly BMKTU-310.) Grading: Letter Grade

MKTG-356 Marketing Management Credits: 3 Options in product, distribution, pricing, and promotion strategy are considered in response to the needs of different market segments and competitive conditions. Sales and cost data are evaluated using case analysis. Pre-Requisite: MKTG-203. (Formerly BMKTU-356.) Grading: Letter Grade

MKTG-401 Internship in Marketing Credits: 3 Graded Pass/Fail only. Repeatable for credit. Includes Career Connections requirement for graduation. Co-Requisite: FYIN-101. (Formerly BMKTU-401.) Grading: Pass/Fail Only

MUSA-131 Beginning French Horn I Credits: 0.5 For Music and Music Education majors only. (New course Fall 2011.) Grading: Letter Grade
MUSA-132 Beginning French Horn II Credits: 0.5 For Music and Music Education majors only. (New course Fall 2011.) Grading: Letter Grade

MUSA-133 Beginning Tuba I Credits: 0.5 For Music and Music Education majors only. (New course Fall 2011.) Grading: Letter Grade

MUSA-134 Beginning Tuba II Credits: 0.5 For Music and Music Education majors only. (New course Fall 2011.) Grading: Letter Grade

MUSA-135 Beginning Electric Bass I Credits: 0.5 For Music and Music Education majors only. (New course Fall 2011.) Grading: Letter Grade

MUSA-136 Beginning Electric Bass II Credits: 0.5 For Music and Music Education majors only. (New course Fall 2011.) Grading: Letter Grade

MUSA-141 Beginning Piano I Credits: 0.5 For Music and Music Education majors only. (Formerly ZMUSU-141.) Grading: Letter Grade

MUSA-142 Beginning Piano II Credits: 0.5 For Music and Music Education majors only. (Formerly ZMUSU-142.) Grading: Letter Grade

MUSA-143 Beginning Voice I Credits: 0.5 For Music and Music Education majors only. (Formerly ZMUSU-143.) Grading: Letter Grade

MUSA-144 Beginning Voice II Credits: 0.5 For Music and Music Education majors only. (Formerly ZMUSU-144.) Grading: Letter Grade

MUSA-145 Beginning Violin I Credits: 0.5 For Music and Music Education majors only. (Formerly ZMUSU-145.) Grading: Letter Grade

MUSA-146 Beginning Violin II Credits: 0.5 For Music and Music Education majors only. (Formerly ZMUSU-146.) Grading: Letter Grade

MUSA-149 Beginning Harp I Credits: 0.5 For Music and Music Education majors only. (Formerly ZMUSU-149.) Grading: Letter Grade

MUSA-150 Beginning Harp II Credits: 0.5 For Music and Music Education majors only. (Formerly ZMUSU-149.) Grading: Letter Grade

MUSA-153 Beginning Tenor Horn I Credits: 0.5 For Music and Music Education majors only. (New course Fall 2010.) Grading: Letter Grade

MUSA-154 Beginning Tenor Horn II Credits: 0.5 For Music and Music Education majors only. (New course Fall 2010.) Grading: Letter Grade

MUSA-157 Beginning Trumpet I Credits: 0.5 For Music and Music Education majors only. (Formerly ZMUSU-157.) Grading: Letter Grade

MUSA-158 Beginning Trumpet II Credits: 0.5 For Music and Music Education majors only. (Formerly ZMUSU-158.) Grading: Letter Grade

MUSA-163 Beginning Clarinet I Credits: 0.5 For Music and Music Education majors only. (Formerly ZMUSU-163.) Grading: Letter Grade

MUSA-164 Beginning Clarinet II Credits: 0.5 For Music and Music Education majors only. (Formerly ZMUSU-164.) Grading: Letter Grade

MUSA-165 Beginning Saxophone I Credits: 0.5 For Music and Music Education majors only. (Formerly ZMUSU-165.) Grading: Letter Grade

MUSA-166 Beginning Saxophone II Credits: 0.5 For Music and Music Education majors only. (Formerly ZMUSU-166.) Grading: Letter Grade

MUSA-169 Beginning Percussion I Credits: 0.5 For Music and Music Education majors only. (Formerly ZMUSU-169.) Grading: Letter Grade

MUSA-170 Beginning Percussion II Credits: 0.5 For Music and Music Education majors only. (Formerly ZMUSU-170.) Grading: Letter Grade

MUSA-171 Beginning Guitar I Credits: 0.5 For Music and Music Education majors only. (Formerly ZMUSU-171.) Grading: Letter Grade

MUSA-172 Beginning Guitar II Credits: 0.5 For Music and Music Education majors only. (Formerly ZMUSU-172.) Grading: Letter Grade

MUSA-173 Beginning Flute I Credits: 0.5 For Music and Music Education majors only. (Formerly ZMUSU-173.) Grading: Letter Grade

MUSA-174 Beginning Flute II Credits: 0.5 For Music and Music Education majors only. (Formerly ZMUSU-174.) Grading: Letter Grade

MUSA-180 Beginning String Bass I Credits: 0.5 For Music and Music Education majors only. (Formerly ZMUSU-181.) Grading: Letter Grade

MUSA-182 Beginning String Bass II Credits: 0.5 For Music and Music Education majors only. (Formerly ZMUSU-182.) Grading: Letter Grade

MUSA-213 Intermediate French Horn I Credits: 0.5 For Music and Music Education majors only. (New course Fall 2011.) Grading: Letter Grade

MUSA-214 Intermediate French Horn II Credits: 0.5 For Music and Music Education majors only. (New course Fall 2011.) Grading: Letter Grade

MUSA-215 Intermediate Tuba I Credits: 0.5 For Music and Music Education majors only. (New course Fall 2011.) Grading: Letter Grade

MUSA-216 Intermediate Tuba II Credits: 0.5 For Music and Music Education majors only. (New course Fall 2011.) Grading: Letter Grade

MUSA-217 Intermediate Electric Bass I Credits: 0.5 For Music and Music Education majors only. (Formerly ZMUSU-217.) Grading: Letter Grade

MUSA-218 Intermediate Electric Bass II Credits: 0.5 For Music and Music Education majors only. (Formerly ZMUSU-218.) Grading: Letter Grade

MUSA-241 Intermediate Piano I Credits: 0.5 For Music and Music Education majors only. (Formerly ZMUSU-241.) Grading: Letter Grade

MUSA-242 Intermediate Piano II Credits: 0.5 For Music and Music Education majors only. (Formerly ZMUSU-242.) Grading: Letter Grade

MUSA-243 Intermediate Voice I Credits: 0.5 For Music and Music Education majors only. (Formerly ZMUSU-243.) Grading: Letter Grade

MUSA-244 Intermediate Voice II Credits: 0.5 For Music and Music Education majors only. (Formerly ZMUSU-244.) Grading: Letter Grade

MUSA-245 Intermediate Violin I Credits: 0.5 For Music and Music Education majors only. (Formerly ZMUSU-245.) Grading: Letter Grade

MUSA-246 Intermediate Violin II Credits: 0.5 For Music and Music Education majors only. (Formerly ZMUSU-246.) Grading: Letter Grade

MUSA-249 Intermediate Harp I Credits: 0.5 For Music and Music Education majors only. (Formerly ZMUSU-249.) Grading: Letter Grade

MUSA-250 Intermediate Harp II Credits: 0.5 For Music and Music Education majors only. (Formerly ZMUSU-250.) Grading: Letter Grade

MUSA-253 Intermediate Tenor Horn I Credits: 0.5 For Music and Music Education majors only. (New course Fall 2010.) Grading: Letter Grade

MUSA-254 Intermediate Tenor Horn II Credits: 0.5 For Music and Music Education majors only. (New course Fall 2010.) Grading: Letter Grade

MUSA-255 Intermediate Trumpet I Credits: 0.5 For Music and Music Education majors only. (Formerly ZMUSU-255.) Grading: Letter Grade

MUSA-256 Intermediate Trumpet II Credits: 0.5 For Music and Music Education majors only. (Formerly ZMUSU-256.) Grading: Letter Grade
