### ***The Star Spangled Banner***

Oh, say, can you see, by the  
dawn's early light,

What so proudly we hail'd  
at the twilight's last gleaming?

Whose broad stripes and bright stars,  
thro' the perilous fight,

O'er the ramparts we watch'd,  
were so gallantly streaming?

And the rockets' red glare,  
the bombs bursting in air,

Gave proof thro' the night  
that our flag was still there.

O say, does that star-spangled  
banner yet wave

O'er the land of the free and  
the home of the brave?

***Please note: the students' names that appear in this program are  
those received by program print date.***

***Thank you for joining us in honoring our  
gifted students.***

***A reception will follow the convocation in the  
Rotunda of Saint Joseph Hall***

## Mission Statement

*The mission of Chestnut Hill College is to provide students with holistic education in an inclusive Catholic community marked by academic excellence, shared responsibility, personal and professional growth, service to one another and to the global community, and concern for the earth.*

Chestnut Hill College, founded by the Sisters of Saint Joseph in 1924, is an independent, Catholic institution that fosters equality through education. Faithful to its strong liberal arts tradition, Chestnut Hill College offers academic programs of excellence in the areas of undergraduate, graduate, and continuing studies.

True to its Catholic heritage, Chestnut Hill College espouses the beliefs and values inherent in the Judeo-Christian tradition while it respects the contributions made by other faith traditions in the development of the whole person. The College nurtures a sense of integrity, spirituality, and social justice in all.

The College community dedicates itself to four purposes in fulfilling this mission. It seeks:

- to provide avenues for students to achieve academic excellence and to pursue research in their major field or in interdisciplinary studies. The College encourages students to explore and experience diverse curricula and to participate in exchange programs with other institutions of higher education.
- to initiate links between the world of learning and the world of work through curricular planning, technological opportunities, and career preparation. The College guides students in applying theoretical learning through experiential education designed collaboratively by faculty and students.
- to uphold an atmosphere of communal respect in which all may clarify and articulate personal values and beliefs while exploring the ethical and moral dimensions underlying all relationships. The College encourages inter-faith opportunities by acquainting all students with Catholicism, its theology and its Judeo-Christian roots, and by engaging in dialogue with women and men of other beliefs.
- to create local and global connections that enable students to respond to the needs of others through service-oriented enterprises. The College educates students to identify and to address issues of social justice and to work toward systemic change.

*Approved by the Chestnut Hill College Board of Directors October 7, 2002.*

## ***HONOR SOCIETIES\****

*An Honor Society is a rank organization that recognizes excellence among peers. The first Greek Honor Society was founded at the College of William and Mary in 1776. Each Greek letter represents the first letter of the word which depicts the name of the society. Greek was chosen as the language for the motto due to the classical liberal arts education at the time.*
