## Learning Outcomes

*The mission of Chestnut Hill College is to provide students with holistic education in an inclusive Catholic community marked by academic excellence, shared responsibility, personal and professional growth, service to one another and to the global community, and concern for the earth.*

*Chestnut Hill College, founded by the Sisters of Saint Joseph in 1924, is an independent, Catholic institution that fosters equality through education. Faithful to its strong liberal arts tradition, Chestnut Hill College offers academic programs of excellence in the areas of undergraduate, graduate, and continuing studies.*

*True to its Catholic heritage, Chestnut Hill College espouses the beliefs and values inherent in the Judeo-Christian tradition while it respects the contributions made by other faith traditions in the development of the whole person. The College nurtures a sense of integrity, spirituality, and social justice in all (The Mission of Chestnut Hill College).*

In this spirit, and with a commitment to life-long learning, the Chestnut Hill College community has adopted these learning outcomes to promote, guide and assess learning in all the College's programs. While addressing students, the college's founder, Sister Maria Kostka Logue, once famously remarked that "Chestnut Hill will prepare you to learn how to earn a living because you must. But you are here to learn how to live." Embracing this belief, we set forth these outcomes as standards in all academic and co-curricular areas.
